Findings of fact, conclusions of law, memorandum opinion and order in the matter of the petition of Bituminous Coal Producers Board for District No. 18 for additions in minimum prices for certain size groups of coals produced in District No. 18 for rail shipment into Market Area No. 241, for which coals prices for shipment by rail have not heretofore been established.

This is a proceeding instituted upon an original petition dated May 27, 1942, filed May 29, 1942, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 by the Bituminous Coal Producers Board No. 18 (hereinafter referred to as District Board No. 18). In its petition, District Board No. 18 requests the establishment of minimum prices for certain size groups of coals, produced in District No. 18 for rail shipment into Market Area 241, for which prices for shipment by rail have not heretofore been established.

Pursuant to the Order of the Acting Director dated June 24, 1942, a hearing in the matter was to be held on June 28, 1942.

Pursuant to the Order of the Acting Director dated July 15, 1942, granting a motion by counsel for the petitioner that the hearing be advanced, and after notice to all interested parties, a hearing in the matter was held on July 20, 1942, before Floyd McGown, a duly designated Examiner of the Division, at a hearing room in Washington, D. C. Appearances were entered by District Board No. 18 and the Bituminous Coal Consumers' Counsel.

The preparation and filing of a report by the Examiner were waived by all interested parties and the record was thereupon submitted to the Acting Director.

The matter concerned herewith involves the petition of District Board No. 18 for the establishment of the following minimum prices, in cents per net ton, for the coals in the size groups specified, produced in subdistricts Nos. 1 and 2 of District No. 18 for shipment by rail into Market Area 241.

	Size group No.	
	11	12	13
SUBDISTRICT NO. 1			
Requested minimum prices	190	170	(†)
SUBDISTRICT NO. 2			
Requested minimum prices	225	200	165

† No request for the establishment of a minimum price for Size Group No. 13 coals produced in Subdistrict No. 1 was made, as a minimum price was established therefor by Order No. 107, Acting Director dated September 29, 1941, 6 F. R. 5005, Docket No. A-264.

Minimum prices for the slack sizes set forth in the petition have not been heretofore proposed for Subdistrict Nos. 1 and 2 for the reason that the potential market did not exist. It appears from the record that the districts normally supplying coals to Market Area 241 in the hereinabove specified sizes, would not be able to do so under present demands of defense and army projects in that area, resulting in the necessity for producers from other districts entering into competition in that market area.

From the record it further appears that the coals of Subdistrict 1 are free burning and will proximate 11,000 B. t. u.'s with approximately 11 percent ash and 10 percent moisture, whereas the coals of Subdistrict 2 will proximate 13,000 B. t. u.'s with 15 to 17 percent ash and 5 percent moisture. On this basis, it appears that the coals of Subdistrict 2 are more valuable than the coals of Subdistrict 1.

Upon the basis of the uncontroverted evidence, I find that the proposed minimum prices for rail shipment for coal in the size groups set forth in the petition from Subdistricts 1 and 2 of District 18, to various points of delivery in Market Area 241, properly reflect the relative values of the coals produced in said Subdistricts with relation to their use in the consuming plants in Market Area 241; further that the minimum prices requested as set forth in the original petition are just and equitable as between code member producers in District No. 18 as well as code member producers in other districts with whom the producers in District 18 would compete in Market Area 241, and that said proposed minimum prices will preserve the existing opportunities of those producers to compete fairly in that market area.

For the foregoing reasons and based upon the above Findings of Fact, I conclude that:

1. The Schedule of Effective Minimum Prices for District 18 for All Shipments should be amended as follows:

§ 338.5—By inserting the following prices for Subdistrict No. 1 (Gallup) for shipment into Market Area 241:

Size groups	11	12
	190	170

§ 338.5—By inserting the following prices for Subdistrict No. 2 (Cerrillos) for shipment into Market Area 241:

Size groups	11	12	13
	225	200	165

2. Such change in the Schedule of Effective Minimum Prices for District 18 for All Shipments will properly effectuate the purposes of section 4 II (a) and (b) of the Act and comply with all the standards thereof.

No. 162——2

Now, therefore, it is ordered, That effective fifteen (15) days from the date hereof § 338.5 (*General prices; minimum prices for shipment via rail transportation*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

Dated: August 6, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

DISTRICT NO. 18

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 338, Minimum Price Schedule 1 for District No. 18 and Supplements thereto.

§ 338.5 *General prices; minimum prices for shipment via rail transportation*—Supplement R. Insert the following additional minimum f. o. b. mine prices in cents per net ton for shipment via rail transportation into Market Area 241:

SUBDISTRICT NO. 1—GALLUP

	Size groups	
	11	12
Market Area 241	190	170

SUBDISTRICT NO. 2—CERRILLOS

	Size groups		
	11	12	13
Market Area 241	225	200	165

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices

PART 133—REGULATIONS OF THE GOVERNOR OF HAWAII

REGULATIONS RELATING TO SECURITIES

[Amendment 1]

AUGUST 4, 1942.

The Regulations Relating to Securities, issued July 3, 1942 (§ 133.2),[1] are hereby amended as follows:

1. By inserting after § 133.2 (b) (1) the letter (i), and adding the following new subdivision to said paragraph (b) (1):

(ii) Subject to the provisions of subparagraph (3) of this paragraph, all securities physically within the Territory of Hawaii issued by private corporations organized under the laws of, and having their principal place of business in the Territory of Hawaii, whether held in safe deposit boxes or otherwise, are hereby required to be placed, on or before September 1, 1942, in a securities custody account with a domestic bank in the Territory, and after September 1, 1942, no person other than a domestic bank shall have physical possession or custody of any such security within the Territory. In lieu of deposit in a securities custody account any security may, on or before September 1, 1942, be deposited in the mails for transmittal, or otherwise exported, to the continental United States. Except as otherwise provided, the provisions of paragraph (a) (3) of this section shall be complied with in the case of any such export or shipment.

2. By deleting § 133.2 (b) (4) and substituting therefor the following:

(4) (i) Unless otherwise exempted by special license, each domestic bank in the Territory of Hawaii, the Treasurer of the Territory of Hawaii, and such other persons as may be specified, shall file a report in triplicate on Form TFR–H400 with the Office of the Governor of Hawaii with respect to all securities held pursuant to subparagraph (1) (i) of this paragraph at the close of business on August 1, 1942. Such report shall be filed as soon as practicable, and in no event later than August 15, 1942. Unless otherwise exempted by special license, weekly supplemental reports on Form TFR–H401 shall be filed in triplicate with the Office of the Governor of Hawaii with respect to changes in such security holdings after August 1, 1942.

(ii) Unless otherwise exempted by special license, each domestic bank in the Territory of Hawaii, the Treasurer of the Territory of Hawaii, and such other persons as may be specified, shall file a report in triplicate on Form TFR–H400 with the Office of the Governor of Hawaii with respect to all securities held pursuant to subparagraph (1) (ii) of this paragraph at the close of business on September 1, 1942. Such report shall be filed as soon as practicable and in no event later than September 15, 1942. Unless otherwise exempted by special license, weekly supplemental reports on Form TFR–H401 shall be filed in triplicate with the Office of the Governor of Hawaii with respect to changes in such security holdings after September 1, 1942.

(iii) Persons required to file reports on Form TFR–H400 and Form TFR–H401 shall maintain a record in triplicate on Form TFR–H402 in a manner which will facilitate the completion of such form in a brief period of time. Reports on Form TFR–H402 shall be filed in triplicate in accordance with the instructions contained on such form.

(iv) Unless otherwise exempted by special license based upon satisfactory evidence that adequate records are maintained in the continental United States, every private corporation organized under the laws of the Territory of Hawaii shall file, on or before September 15, 1942, a report under oath, in triplicate, with the Office of the Governor of Hawaii setting forth a list of all of its security

[1] 7 F.R. 5808.

holders of record as of September 1, 1942. Weekly supplemental reports under oath, in triplicate, shall be filed with the Office of the Governor of Hawaii with respect to any changes in such holdings of record after September 1, 1942.

3. By deleting the text of § 133.2 (d) (1) and substituting therefor the following:

(d) *General provisions.* (1) Any person whose total holdings of securities of any kind physically within the Territory of Hawaii, had, on July 15, 1942, an aggregate market value, or, in the absence thereof, an estimated value, of less than $100.00, may continue to hold such securities without regard to paragraphs (a) and (b) of this section, and any person whose total holdings of securities physically within the Territory of Hawaii, issued by private corporations organized under the laws of, and having their principal place of business in the Territory of Hawaii, had, on July 15, 1942 an aggregate market value, or, in the absence thereof, an estimated value, of less than $300.00, may continue to hold such securities without regard to Title II of these regulations: *Provided, however,* That securities held pursuant to this section may not be purchased, sold, traded, pledged, hypothecated, or otherwise dealt in, unless the provisions of Titles I and II are fully complied with immediately upon the completion of any such transaction.

[SEAL] CHAS. M. HITE,
Acting Governor of Hawaii.

[F. R. Doc. 42-7983; Filed, August 15, 1942; 10:18 a. m.]

PART 133—REGULATIONS OF THE GOVERNOR OF HAWAII; APPENDIX

[Public Circular No. HS-2]

CERTIFICATION OF SECURITIES WHICH MAY BE SENT TO CONTINENTAL UNITED STATES

AUGUST 5, 1942.

The Office of the Governor of Hawaii, Foreign Funds Control, is prepared to certify as to securties which may be sent to the continental United States pursuant to § 133.2 (b) (1) of the Regulations Relating to Securities, as amended.[1] Persons desiring to obtain the certification of the Foreign Funds Control with respect to securities to be sent to the continental United States by registered mail will be required to observe the following procedure:

(a) Securities to be shipped to the continental United States will be described on Form TFR-H31, which is to be executed in quadruplicate and filed with a representative of the Office of the Governor of Hawaii, Foreign Funds Control, at the time the package or envelope containing the securities is presented to such office. Persons who wish to avail themselves of these facilities may bring the securities to be shipped together with a description thereof on Form TFR-H31 to a representative of the Office of the Governor of Hawaii, Foreign Funds Control, stationed in the registry lobby of the Honolulu Post Office, in the Federal Building, Honolulu, T. H.

(b) A representative of the Office of the Governor of Hawaii will check such securities against the description thereof on Form TFR-H31 and, if it appears that the securities to be forwarded to the continental United States are the securities described in said report and that the description thereof on Form TFR-H31 is adequate, such representative will sign the certification on Form TFR-H31, and will attach clearance certificate TFEL-2 to such securities as have been perforated. One copy of such certification will be returned to the person submitting the securities for identification, two copies thereof will be forwarded by the Office of the Governor of Hawaii, Foreign Funds Control, to the United States Treasury Department, Washington, D. C., and one copy will be retained by the Office of the Governor of Hawaii, Foreign Funds Control.

(c) The securities will be placed in the package or envelope by the person submitting the same for verification, and the package or envelope will be sealed in the presence of a representative of the Office of the Governor of Hawaii, Foreign Funds Control.

(d) Such package or envelope will be returned to the person submitting the same, who will at the time deliver it, under the observation of a representative of the Office of the Governor of Hawaii, Foreign Funds Control, to the post office for transmission by registered mail to the continental United States.

Neither the Office of the Governor of Hawaii, Foreign Funds Control, nor the United States Treasury Department assumes any responsibility whatsoever for the mailing of such securities, and such mailing will be effected by the person shipping such securities to the continental United States. The certification contained on Form TFR-H31, signed by a representative of the Office of the Governor of Hawaii, is not in any way to be regarded as a guaranty, either by the Office of the Governor of Hawaii or the United States Treasury Department, of the genuineness of the securities described or of their subsequent reissuance in the event of loss or destruction. However, in the event of loss or destruction of any such security, copies of the certification on Form TFR-H31 with respect thereto will be available at the United States Treasury Department, Washington, D. C.

After a package or envelope has been sealed in the presence of a representative of the Office of the Governor of Hawaii, Foreign Funds Control, the contents of such package must not in any way be changed or altered.

CHAS. M. HITE,
Acting Governor of Hawaii.

[F. R. Doc. 42-7984; Filed, August 15, 1942; 10:19 a. m.]

PART 135 — GENERAL LICENSES ISSUED UNDER SECURITIES REGULATIONS OF THE GOVERNOR OF HAWAII

[General License HS-1]

SECURITIES NOT PRESENTED WITHIN PRESCRIBED TIME LIMITS; AFFIDAVIT REQUIREMENT

AUGUST 5, 1942.

§ 135.1 *General license HS-1.* A general license is hereby granted authorizing any domestic bank, the Treasurer of the Territory of Hawaii, or any other person authorized to perforate and/or accept securities for deposit in securities custody accounts, pursuant to the Regulations Relating to Securities (§ 133.2),[1] to continue to perforate securities, and, in the case of securities of the type referred to in § 133.2 (b) (1) (i), to continue to accept such securities for deposit in securities custody accounts: *Provided,* That an affidavit in triplicate shall be obtained from any person presenting securities for perforation or deposit pursuant to this general license, stating in detail why such securities were not presented within the time limits fixed by § 133.2. Such affidavits shall be filed promptly by persons receiving them with the Office of the Governor of Hawaii.

This license shall expire at the close of business on August 15, 1942.

CHAS. M. HITE,
Acting Governor of Hawaii.

[F. R. Doc. 42-7985; Filed, August 15, 1942; 10:18 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1052—KITCHEN, HOUSEHOLD AND OTHER MISCELLANEOUS ARTICLES

[Amendment 6 to Limitation Order L-30[2]]

Paragraph (b) (9) of § 1052.1 *General Limitation Order L-30* is hereby amended to read as follows:

(9) During the period of two months beginning August 1, 1942, no manufacturer shall use more iron and steel in his total production of:

(i) Group I products than two times 70% of his average monthly use of scarce materials in the production of such products in the base period, or

(ii) Group II products than two times 50% of his average monthly use of scarce materials in the production of such products in the base period,

except that a manufacturer may use in the production of Group I products any part of his quota of iron and steel for Group II products: *Provided,* That he reduces his quota of iron and steel for Group II products by an equivalen amount.

[1] 7 F.R. 5808, and *supra*.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 15th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F.R. Doc. 42-7986; Filed, August 15, 1942; 11:45 a. m.]

PART 940—RUBBER AND BALATA AND PRODUCTS AND MATERIALS OF WHICH RUBBER OR BALATA IS A COMPONENT

[Amendment 15 to Supplementary Order M-15-b-1]

Section 940.5 *Supplementary Order M-15-b-1*[1] is amended as follows:

1. By inserting immediately after paragraph (b) (18) thereof the following new paragraph designated (b) (19):

(19) Rubber covered rolls (except washing machine wringers, printer, finger print and business machines), List 19.

2. By attaching thereto the attached list designated List 19. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 15th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

LIST 19

Specifications for the manufacture of rubber covered rolls

(Except washing machine wringers, printer, finger print and business machines)

No person shall consume crude rubber, latex, reclaimed rubber, scrap rubber or synthetic rubber in the manufacture of rubber covered rolls enumerated below in subdivision (b) of this List 19 except in accordance with the specifications herein prescribed.

(a) *Compounds*

(1) RUBBER COMPOUNDS

Grade	Maximum percent by volume	
	Crude rubber	Total RHC
M-C	55	55
M-D	80	80
M-E	75	75
M-F	70	70
M-G-1	65	65
M-H-2	60	80

(2) SYNTHETIC RUBBER COMPOUNDS

Grades			Total SRV
Butadiene	Chloroprene	Polysulfid	
M-SB-5	M-SN-5	M-ST-2	85
			70

NOTE 1: The total rubber hydrocarbon (RHC) is the sum total of crude rubber and the average rubber value of reclaimed rubber expressed on a volume basis.
NOTE 2: The total synthetic rubber value (SRV) is the total synthetic rubber expressed on a volume basis.

NOTE 3: Where crude rubber or reclaimed rubber is mixed with synthetic compounds or where a mixture of synthetics is used, the R. H. C. volume plus the S. R. V. volume shall not exceed the maximum S. R. V. by volume of the grade specified.
NOTE 4: Compounds of lower rubber and rubber hydrocarbon (RHC) content may be used in manufacturing rubber covered rolls listed in this List 19, provided the physical and service requirements, where specified, are met.

(b) *Rubber covered rolls*

(1) Roll covering compounds for each of the types of rolls listed in Table A below shall be made from the grade of compounds (as listed in subdivision (a) (1) and (a) (2) of this List 19) specified for such type in Table A.

Table A

	Grade of compound
Pusey & Jones Plastometer (hardness—⅛" ball):	
Above 220	M-C, M-SB-5, M-SN-5 or M-ST-2.
180-220	M-D, M-SB-5, M-SN-5 or M-ST-2.
90-180	M-E, M-SB-5, M-SN-5 or M-ST-2.
60- 90	M-F, M-SB-5, M-SN-5 or M-ST-2.
0- 60	M-G-1, M-SB-5, M-SN-5 or M-ST-2.
Base rubber for rolls of all hardnesses	M-H-2.

(2) The cover thickness of each of the types of rolls listed in table B below shall not exceed that specified for such type in table B.

Table B

Industry	Type of roll	Maximum cover thickness
Paper		
Group I	Press, smoothing, sizing, lump breaker, breast pad.	¾" on rolls up to and including 24" core diameter. ⅞" on rolls of larger core diameter.
	Waxing—all types	½".
	Baby, monkey and primary press.	When used as top roll ¾"; when used as bottom roll ½".
Group II	Suction press	7/16".
	Couch, including cylinder wet machine and extractor.	1¼".
	Couch, for deckers, thickeners, save-alls, and washers.	½".
	Felt, table, wire carrier, guide.	¼".
	Worm felt	¼" over-all.
	Draw cutters (wormed).	½" over-all.
	Coating	1".

NOTE 1: Coverings for the classes of rolls described in Group II above may be applied only to cores already in use as a component part of the machine. No new cores for existing or new machines may be covered with rubber.
NOTE 2: Embossing rolls shall not be rubber covered.

[Textile industry for dyeing, bleaching and finishing industry]

Type of roll	*Maximum cover thickness, inch*
For flat goods service:	
Top rolls—all types	5/8
Bottom rolls	3/8
For rope form and warp yarn service:	
Top rolls—all types	¾
Bottom	3/8
For other services, including jig, beam, immersion guide, and where protective covering against corrosive chemicals is required	¼

NOTE: Wool scouring rolls may be made to existing dimensions.

[Tanning Industry]

Type of roll	*Maximum cover thickness, inches*
Splitting machines	1
Setting-out, buffing, fleshing, putting-out, unhairing	¾
Wringer, shaving, breast and staking	½
Steel mills	
Electrolytic and tinning	⅝
Scrubber	1½
Carrier and support	1
Dancer and immersion	¾
Acid	¾
Pinch	1½
Polishing	1¼
Bonderizing	¾

NOTE: On all rolls where ends, shafts or shoulders are protected from corrosion with coverings, the thickness shall not exceed ¼". For all other industrial rolls (except those excluded in the caption of this List 19) a thickness of covering in excess of ¾" maximum is prohibited.

[F. R. Doc. 42-7990; Filed, August 15, 1942; 11:46 a. m.]

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Regulation 12 as Amended August 10, 1942]

ESTABLISHING REBATING PROCEDURES

Corrections

In paragraph (d) (2) (i) of § 944.33, appearing on page 6257 of the issue of Wednesday, August 12, 1942, the first sentence should read as follows:

(i) The PRP Unit shall first determine, as of the latest practicable date, (*a*) the total dollar amount of all unfilled orders placed with it which are scheduled for production (though subject to postponement or cancellation in case of receipt of higher rated orders), and (*b*) the percentage of such dollar amount covered by each grade of preference rating, taking into account all changes of ratings as of said date.

[1] 7 F.R. 967, 2344, 2346, 2449, 2595, 2782, 4480, 4448, 5019, 5296, 5592, 5603, 5748, 5984, 6071, 6211.

In paragraph (d) (2) (ii) the last sentence should read as follows:

However, in cases where detailed examination of outstanding purchase orders would be impracticable, reasonable estimates may be made, and physical segregation of material obtained under different ratings is not required: *Provided*, That the amounts of each kind of material used to fill orders bearing different ratings do not exceed the amounts permitted by compliance with said limitations.

Paragraph (e) (2), appearing on page 6258, should read as follows:

(2) Each person rerating any delivery to be made to him shall maintain at his regular place of business for not less than two years copies of all rerating certificates issued by him, records of the basis of each determination of a new rating pattern made by him pursuant to paragraph (d) (2) of this regulation, and all rerating directions or certificates received by him, upon which he relies as entitling him to rerate such deliveries. In the case of a PRP Unit applying ratings pursuant to paragraph (d) (2) of this regulation, such records must clearly indicate which rating pattern has been used with respect to each order rated or rerated by the Unit. All such records shall be kept segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection. Notices to suppliers shall be signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Extension 1 of Supplemental General Imports Order M-63-b]

Supplemental General Imports Order M-63-b[1] (§ 1042.3) is hereby extended, to expire at 12:00 midnight September 30, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 15th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-7987; Filed, August 15, 1942; 11:45 a. m.]

PART 1076—PLUMBING AND HEATING SIMPLIFICATION

[Amendment 3 to Schedule II to Limitation Order L-42]

The following fittings are added to Table 2 of the Appendix to § 1076.3 (Schedule II[1] to Limitation Order No. L-42):

Reducing Tees

1 x 1 x ¼"	4 x 2½ x 3"
1 x ¼ x 1"	4 x 2 x 3½"
1¼ x 1 x 2"	3½ x 3½ x 4"
1½ x 1 x ½"	3½ x 3 x 4"
1½ x ½ x 1¼"	3½ x 2½ x 4"
1¼ x 1 x 1½"	3½ x 2 x 4"
2 x 1¼ x 1"	3 x 2½ x 4"
2 x 1 x 1½"	5 x 5 x 3½"
2 x 1 x 1¼"	5 x 4 x 3½"
2 x ½ x 1½"	5 x 4 x 3"
1½ x 1¼ x 2"	5 x 4 x 2½"
1½ x 1 x 2"	5 x 4 x 2"
1¼ x 1 x 2"	5 x 4 x 1½"
2½ x 1¼ x 2"	5 x 4 x 1¼"
2½ x 1¼ x 1½"	5 x 3½ x 3"
2½ x 1 x 2"	5 x 3½ x 4"
2½ x 1½ x 2"	5 x 3½ x 3"
2 x 1½ x 2½"	5 x 3 x 4"
2 x 1¼ x 2½"	5 x 3 x 3½"
3 x 2½ x 1½"	5 x 3 x 3"
3 x 1½ x 2½"	5 x 2½ x 3"
3 x 1¼ x 2½"	5 x 2½ x 4"
3 x 1 x 2½"	5 x 1½ x 5"
2½ x 2 x 3"	5 x 1¼ x 5"
2½ x 1½ x 3"	4 x 3½ x 5"
2½ x 1¼ x 3"	4 x 3 x 5"
2½ x 1 x 3"	4 x 2½ x 5"
3½ x 3 x 3½"	3½ x 3½ x 5"
3½ x 3 x 3"	3½ x 3 x 5"
3½ x 3 x 2½"	3 x 3 x 5"
3½ x 3 x 2"	6 x 6 x 3½"
3½ x 3 x 1½"	6 x 5 x 6"
3½ x 3 x 1¼"	6 x 5 x 3½"
3½ x 3 x 1"	6 x 5 x 1½"
3½ x 2½ x 3½"	6 x 5 x 1¼"
3½ x 2½ x 3"	6 x 3½ x 6"

PART 1167—LIQUEFIED PETROLEUM GAS EQUIPMENT

[Amendment 1 to General Limitation Order L-86]

Section 1167.1 *General Limitation Order L-86*[1] is amended in the following respects:

1. Paragraph (d) (5) is amended to read as follows:

(5) To any case where the Director General for Operations, War Production Board, has determined that the use of liquefied petroleum gas equipment is necessary and appropriate in the public interest and to promote the war effort (including any such determination made under Conservation Order M-68-c[2]). Application for such a determination shall be made on Form PD-397 (Revised) and filed with the Director General for Operations, Washington, D. C.

PART 1096—WOOD PULP

[Amendment 2 to General Preference Order M-93]

Paragraph (e) of § 1096.1 *General Preference Order M-93*,[1] as amended, is hereby amended to read as follows:

(e) *Special provisions as to deliveries*—(1) *Small quantities.* Notwithstanding the provisions of paragraphs (c) and (d) of this order, any person may deliver wood pulp to any other person or persons in an amount not exceeding five tons of any one grade to each such person during any calendar month, and any person may accept deliveries of wood pulp from any other person or persons in an amount not exceeding five tons of any one grade from each such person during any calendar month.

(2) *Intra-company deliveries.* The prohibitions and restrictions contained in this order shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single business enterprise to another branch, division, or section of the same or any other business enterprise to another branch, division, or section of the same or any other business enterprise under common ownership or control; and each such affiliate, subsidiary, branch, division or section shall for the purposes of this order be deemed a separate person.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8020; filed, August 17, 1942; 11:17 a. m.]

PART 1108—REPAIR, MAINTENANCE, AND OPERATION OF PLANTS PROCESSING OR PRODUCING DAIRY PRODUCTS

[Interpretation 1 of Preference Rating Order P-118]

The following interpretation is hereby issued by the Director General for Operations with respect to § 1108.1 *Preference Rating Order P-118*.[1]

Order P-118, as amended, assigns high preference ratings to milk and cream "processors" to enable them to obtain deliveries of repair, maintenance, operating and replacement materials in sufficient time to avoid spoilage of milk or cream.

The order defines a "processor" as a person engaged in certain dairy businesses, to the extent that he is so engaged. Question has arisen as to what phases of such a processor's business may be supplied under the order. The order is interpreted as applying to only the primary processing operations and not to secondary processing or distribution operations. The line of demarcation between primary processing and secondary processing is at the point at which milk, cream, or dairy products have been made ready for delivery from the processor's original processing plant. Ratings under the order may be applied to materials related to any operations up to that point, subject to the restrictions in the order. Ratings under the order may not be applied to materials related to the operations beyond that point, such as delivery from the original plant, reprocessing or repackaging ice cream mix, cheese, butter or other dairy products in a plant other than the original plant, distribution of the finished product, or refrigeration maintained in customers' establishments.

Question has also arisen as to whether the ratings under the order may be applied to obtain automotive replacement parts. The War Production Board program for automotive replacement parts, as provided for in Limitation Order No. L-158[2] (Part 1297), is devised to develop a sufficient supply of such parts to meet reasonable needs without the use of preference ratings for their acquisition. Order P-118, in paragraph (d) (1) (iii) as amended, prohibits the use of its ratings to obtain material which can be secured without the use of those ratings. Therefore, such ratings may not be used to obtain automotive replacement parts.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

Chapter XI—Office of Price Administration

PART 1302—ALUMINUM

[Revised Price Schedule 2,[1] as Amended]

ALUMINUM SCRAP AND SECONDARY ALUMINUM INGOT

A statement of the considerations involved in the issuance of this Revised Price Schedule No. 2, as amended, has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The title, preamble, and §§ 1302.1 to 1302.11, inclusive, of Revised Price Schedule No. 2 are renumbered and amended to read as set forth herein:

In the judgment of the Price Administrator the prices of aluminum scrap and secondary aluminum ingot have risen to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of aluminum scrap and secondary aluminum ingot prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industries which will be affected by the Price Schedule.

In the judgment of the Price Administrator the maximum prices established by this Revised Price Schedule No. 2, as amended, are, and will be, generally fair and equitable and will effectuate the purposes of the Act.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, Revised Price Schedule No. 2, as amended, is hereby issued.

Sec.

1302.1 Prohibition against dealing in aluminum scrap at prices above the maximum.
1302.2 Prohibition against dealing in secondary aluminum ingot at prices above the maximum.
1302.3 Less than maximum prices.
1302.4 Sales for export.
1302.5 Adjustable pricing.
1302.6 Evasion.
1302.7 Records.
1302.8 Reports.
1302.9 Enforcement.
1302.10 Petitions for amendment.
1302.11 Applicability of General Maximum Price Regulation.
1302.12 Definitions.
1302.13 Effective date of Revised Price Schedule No. 2, as amended.
1302.14 Appendix A: Maximum prices for aluminum scrap.
1302.15 Appendix B: Maximum prices for secondary aluminum ingot.

AUTHORITY: §§ 1302.1 to 1302.15, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1302.1 *Prohibition against dealing in aluminum scrap at prices above the maximum.* (a) On and after August 20, 1942, regardless of any contract, agreement, lease or other obligation, and except as provided in paragraph (b) of this section, no person shall sell or deliver aluminum scrap, and no person in the course of trade or business shall buy or receive aluminum scrap, at a price higher than the maximum prices established for such scrap by Appendix A (§ 1302.14); and no person shall agree, offer, solicit or attempt to do any of the foregoing: *Provided*, That contracts entered into prior to August 20, 1942, under the terms of, and at prices in conformance with, Revised Price Schedule No. 2, may be carried out at contract prices until September 20, 1942.

(b) Any person may sell, offer to sell, deliver or transfer aluminum scrap to the Metals Reserve Company, or its duly authorized agent or agents, pursuant to the program with respect to idle or excessive inventories of aluminum materials adopted and announced by the War Production Board, Division of Industry Operations, on February 24, 1942; and the Metals Reserve Company, or its duly authorized agent or agents, may buy, offer to buy, or accept delivery of, aluminum scrap, pursuant to such program, without regard to the provisions of Revised Price Schedule No. 2, as amended: *Provided, however*, That the provisions of Revised Price Schedule No. 2, as amended, shall apply to all sales, deliveries, or transfers of such aluminum scrap by the Metals Reserve Company or its duly authorized agent or agents.

§ 1302.2 *Prohibition against dealing in secondary aluminum ingot at prices above the maximum.* (a) On and after August 20, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver secondary aluminum ingot, and no person in the course of trade or business shall buy or receive secondary aluminum ingot, at a price higher than the maximum prices established for such ingot by Appendix B (§ 1302.15); and no person shall agree, offer, solicit or attempt to do any of the foregoing: *Provided*, That contracts entered into prior to August 20, 1942, under the terms of, and at prices in conformance with Revised Price Schedule No. 2, may be carried out at contract prices until September 20, 1942.

(b) The provisions of this § 1302.2 shall apply only to the 48 States of the United States and the District of Columbia.

§ 1302.3 *Less than maximum prices.* Lower prices than the maximum prices established by this Revised Price Schedule No. 2, as amended, may be charged, demanded, paid or offered.

§ 1302.4 *Sales for export.* The maximum price at which any person may export aluminum scrap or secondary aluminum ingot shall be determined in accordance with the provisions of the Maximum Export Price Regulation,[3] issued by the Office of Price Administration.

§ 1302.5 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In any appropriate situation where a petition for an adjustment or exception requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1302.6 *Evasion.* The price limitations set forth in this Revised Price Schedule No. 2, as amended, shall not be evaded whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to aluminum scrap or secondary aluminum ingot, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1302.7 *Records.* (a) On and after August 20, 1942, every person making sales and every person in the course of trade or business making purchases of aluminum scrap shall keep for inspection by the Office of Price Administration, for not less than two years, complete and accurate records of each such sale or purchase, showing: (1) the date thereof, (2) the name and address of the buyer or seller, (3) the quantity in pounds of each kind or grade of aluminum scrap purchased or sold, (4) the price paid or received, (5) the method of delivery and delivery charges paid or received, (6) the dates of settlement and method of payment, and (7) other terms of sale and shipment.

(b) On and after August 20, 1942, every sale of secondary aluminum ingot shall be invoiced by the seller. The original invoice shall be delivered to the buyer and shall state: (1) the date of delivery, (2) the names and addresses of the buyer and seller, (3) the quantity in pounds ordered and delivered, (4) the price per pound, and the total amount payable by the buyer, showing separately the transportation costs, if such costs exceed 75 cents per hundredweight and if the excess is payable by the buyer, (5) the alloy number or other identification, and (6) whether or not such ingot was produced in melts or heats of 250 pounds or less.

(c) Every buyer of secondary aluminum ingot shall preserve for inspection by the Office of Price Administration, for a period of at least two years, the original, and every seller of secondary aluminum ingot shall so preserve a copy, of each invoice required to be furnished by paragraph (b) of this section.

§ 1302.8 *Reports.* (a) On or before the first day of the second calendar month following the close of each quarter of his fiscal year, beginning with the first quarter following August 20, 1942, each producer of secondary aluminum ingot who has not filed OPA Form B—Interim Financial Report, covering such accounting period shall furnish to the Office of Price Administration his balance sheet and profit and loss statement covering such accounting period as normally prepared for his own use, except that such profit and loss statement shall show the profit of such producer before Federal income and excess profits taxes.

(b) Persons affected by this Revised Price Schedule No. 2, as amended, shall also submit such other reports to the Office of Price Administration as the Administrator may from time to time require.

§ 1302.9. *Enforcement.* (a) Persons violating any provision of this Revised Price Schedule No. 2, as amended, are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Revised Price Schedule No. 2, as amended, or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest District, State or Regional Office of the Office of Price Administration or its principal office in Washington, D. C.

(c) The provisions of Supplementary Order No 5[4]—Licensing, are applicable to every dealer subject to this Revised Price Schedule No. 2, as amended, selling aluminum scrap to a consumer. "Dealer" shall have the meaning given to it by Supplementary Order No. 5.

§ 1302.10 *Petitions for amendment.* Persons seeking any modification of this Revised Price Schedule No. 2, as amended, or an adjustment or exception not provided for therein, may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1302.11 *Applicability of General Maximum Price Regulation.*[5] The provisions of this Revised Price Schedule No. 2, as amended, supersede the provisions of the General Maximum Price Regulation with respect to the sales and deliveries for which maximum prices are established by this Revised Price Schedule No. 2, as amended.

§ 1302.12 *Definitions.* (a) When used in this Revised Price Schedule No. 2, as amended, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Aluminum scrap" means the grades of aluminum scrap set forth in § 1302.14, Appendix A. These grades include all aluminum materials which are the waste or by-product of any kind of metal working, as well as materials which have been discarded from inventory or use because of obsolescence, failure or other reason, and which are to be remelted for further use.

(3) "Secondary aluminum ingot" includes the grades of secondary aluminum ingot set forth in § 1302.15, Appendix B, and all other kinds and grades of secondary ingot containing 50% or more aluminum by weight.

(4) "Consumer" includes any person whose business consists, in whole or in part, of smelting, refining, melting, or otherwise processing scrap into a form other than scrap or of having such scrap so processed for his account by another person under a toll or conversion agreement. Any parent or subsidiary of a consumer and any person owned, operated, affiliated with, under common control with, or otherwise controlled by, a consumer, and any person owned, operated or otherwise controlled by an officer, director, partner, or proprietor of a consumer shall also be considered to be a consumer for the purposes of this Revised Price Schedule No. 2, as amended.

(5) "Point of shipment" means the point at which aluminum scrap is first loaded on a conveyance for transportation directly to the buyer's receiving point. This is usually the seller's plant, warehouse, or yard, but if the scrap is shipped directly to the buyer's receiving point from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment. In the case of scrap shipped by water from outside the limits of the continental United States, the point of shipment means the place within the limits of the continental United States where the material is loaded on a conveyance for transportation directly to the buyer's receiving point. If such scrap is brought into the continental United States by overland shipment from Mexico or Canada, the point of shipment means the freight station in the continental United States at or nearest the point on the boundary between the United States and Mexico or Canada, as the case may be, at which the scrap first enters the United States.

(6) "At the buyer's receiving point" means that aluminum scrap or secondary aluminum ingot has arrived at the buyer's plant, warehouse or yard and is ready for unloading.

(7) "Shipment at one time" includes all aluminum scrap which, under a single contract of purchase or other agreement and within any three consecutive calendar days, excluding Saturdays, Sundays and legal holidays is (i) received at one or more points of shipment by the public carrier transporting such scrap to the buyer's receiving point, or (ii) loaded on the buyer's conveyance at one or more points of shipment, or (iii) received at the buyer's receiving point from one or more points of shipment when delivery is made otherwise than by a public carrier or the buyer's conveyance.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Revised Price Schedule No. 2, as amended.

§ 1302.13 *Effective date of Revised Price Schedule No. 2, as amended.* This Revised Price Schedule No. 2, as amended, (§§ 1302.1 to 1302.15, inclusive) shall become effective August 20, 1942.

§ 1302.14 *Appendix A: Maximum prices for aluminum scrap.*—(a) *Schedule of prices.* (The maximum prices for aluminum scrap established in this § 1302.14, with the exception of those established for drosses, skimmings, grindings, sweepings, sawings and spatters, are f. o. b. point of shipment. In the case of drosses, skimmings, grindings, sweepings, sawings and spatters the maximum prices herein established are for such scrap delivered to the buyer's receiving point.)

Grade of aluminum scrap	Column I: Maximum price (cents per pound) for shipment at one time of less than 1,000 pounds	Column II: Maximum price (cents per pound) for shipment at one time of 1,000 to 20,000 pounds (if shipped by truck) or 1,000 pounds to minimum carload (if shipped by rail)	Column III: Maximum price (cents per pound) for shipment at one time of 20,000 pounds or more (if shipped by truck) or minimum carload or more if shipped by rail)
(1) *Plant scrap, segregated:*			
2S solids	10	11	11½
17S, 24S, and 52S solids briquetted, or in large pieces too heavy to briquette	10½	11½	12
Baled or packaged, suitable for briquetting	10	11	11½
Loose, suitable for briquetting	9½	10½	11
All other solids	9½	10½	11
Borings and turnings	7½	8½	9
(2) *Plant scrap, mixed:*			
All solids	8½	9½	10
Borings and turnings	6½	7½	8
(3) *Obsolete scrap:*			
Pure cable	10	11	11½
Old sheet and utensils	8½	9½	10
Old castings and forgings	9	9½	10
Pistons free of struts	9	9½	10
Pistons with struts	7	7½	8
(4) *Drosses, skimmings, grindings, sweepings, sawings, and spatters.*	8 cents per pound of metal contained, as determined by fire assay, irrespective of quantity.		

*Copies may be obtained from the Office of Price Administration.

[4] 7 F.R. 3403.

[5] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4467, 4659, 4738, 5027, 5192, 5276, 5365, 5445.

NOTE 1. *Meaning of terms.* "Plant scrap" means scrap which is generated in the course of fabrication or manufacture and includes new material or parts rejected or discarded because defective, damaged in processing, or otherwise unfit for use. The terms "solids" and "solid plant scrap" mean plant scrap generated by shearing, clipping, cutting, blanking, or similar process, also defective or rejected wrought aluminum parts, defective or rejected castings, and gates, sprues, risers or similar foundry scrap. Scrap shall not be deemed "segregated", whether in the form of solids or in the form of borings, turnings or other machinings, unless it consists of one alloy only and is so identified and handled as to be accepted for reprocessing into aluminum of the original alloy specifications without the necessity for other than routine examination by the processor.

NOTE 2. *Low-grade or contaminated scrap.* Maximum prices may be charged and paid only for scrap which is clean and dry and which otherwise meets generally accepted maximum standards of the trade. Low-grade scrap, scrap which is not clean and dry or which is otherwise contaminated, and scrap which for any other reason fails to meet such maximum standards, must be sold at prices below the established maximum prices. It is particularly important that proper deductions from the established maximum prices be made for oil, water and other forms of contamination contained in borings, turnings and similar machinings.

NOTE 3. *Quantity differentials.* The requisite quantities for which premiums are provided in Columns II and III, above, may consist of various grades of aluminum scrap, but other metals may not be included for the purpose of making up such quantities. A minimum carload is the minimum quantity, as set forth in the tariffs of the railroads, upon which the lowest carload rate from the point of shipment to the buyer's receiving point is based. In computing the weight necessary to obtain a quantity differential the actual weight of the material at the point of shipment, as determined by the public carrier, or as certified to and accepted by the public carrier, or as certified by a public weigher, is to be used. If the weight of the material at the point of shipment is not determined by any of the methods herein specified the actual weight of the material at the buyer's receiving point shall be used.

NOTE 4. *Aluminum foil.* Aluminum foil and light gauge aluminum sheet which does not exceed 0.006 of an inch in thickness is not considered within this Price Schedule, but the provisions of the General Maximum Price Regulation shall apply to such scrap.

(b) *Delivery charges.* (1) If aluminum scrap is delivered to the buyer's receiving point by a pubic (common or contract) carrier, the maximum delivery charge which may be added to the established maximum price, f. o. b. point of shipment shall be the actual transportation charge made by such carrier.

(2) If aluminum scrap is delivered to the buyer's receiving point by vehicle owned or controlled by the seller or by private carrier not owned or controlled by the buyer, the maximum delivery charge which may be added to the established maximum price f. o. b. point of shipment shall be an amount not in excess of the following:

Distance in miles		Dollars per ton of gross weight
Over—	But not over—	
0	10	1.60
10	15	1.80
15	20	1.95
20	25	2.10
25	30	2.25
30	35	2.40
35	40	2.55
40	50	2.80
50	60	3.00
60	70	3.20
70	80	3.40
80	90	3.60
90	100	3.80
100	110	3.95
110	120	4.10
120	130	4.25
130	140	4.40
140	150	4.55
150	160	4.70
160	170	4.85
170	180	5.00
180	190	5.15
190	200	5.30
200	210	5.45
210	220	5.60
220	230	5.75
230	240	5.90
240	250	6.05
250	260	6.20
260	270	6.35
270	280	6.50
280	290	6.65
290	300	6.80
300		(1)

[1] An amount not in excess of the charge computed at the lowest railroad carload rate applicable to shipments of aluminum scrap from the railroad siding nearest the point of shipment to the railroad siding nearest the point of delivery.

(i) For distances of 300 miles or less, all bridge, tunnel and ferry tolls actually incurred may be added to the amount set forth in the table above.

(ii) The distance in miles shall be computed on the basis of the shortest public highway route available for the transportation of the shipment in question from the point of shipment to the buyer's receiving point.

(3) The seller shall furnish to the buyer on the invoice or on a separate statement the point or points of shipment, the mileage upon which the delivery charge is based, and the total delivery charge.

(4) If aluminum scrap is shipped from more than one point of shipment by any of the following means of transportation, the maximum delivery charge which may be added to the established maximum price f. o. b. point of shipment shall be an amount not in excess of the applicable one of the following limitations:

(i) Entirely by railroad: the rate from that one of the several points of shipment which has the lowest rate to the buyer's receiving point.

(ii) Entirely by public carrier truck: the established rate from that one of the several points of shipment which has the lowest rate to the buyer's receiving point.

(iii) Entirely by vehicle owned or controlled by the seller or private carrier not owned or controlled by the buyer: the rate set forth in subparagraph (2) of this paragraph (b) from that one of the several points of shipment which has the lowest rate to the buyer's receiving point.

(iv) Partly by railroad, partly by public carrier truck, partly by vehicle owned or controlled by the seller, or a private carrier not owned or controlled by the buyer, or any combination of the foregoing—the lowest of the rates set forth in the preceding subdivisions of this subparagraph (4): *Provided*, That the rate governing any method of shipment not actually employed may be disregarded.

§ 1302.15 *Appendix B: Maximum prices for secondary aluminum ingot*—(a) *Delivery charges.* The maximum prices herein established for secondary aluminum ingot include transportation costs to any destination within the continental United States, not exceeding the lowest carload rate of rail freight, but in no event to exceed 75 cents per hundredweight. Actual transportation costs in excess of those so included may be charged to, and paid by, the buyer.

(b) *Certain common alloys.*

Grades:	Maximum price (cents per pound)
98 percent pure aluminum ingot	15
Silicon alloys	15
Piston alloys	14½
No. 12 aluminum	14½
Deoxidizing aluminum, notch-bar, granulated or shot	[1] 13½

[1] Plus 2 cents for special shapes.

Quantity Differentials

The maximum prices established above are applicable if secondary aluminum ingot is either sold or delivered in quantities of 30,000 pounds or more. The following premiums may be charged, in addition to the maximum prices set forth above, for the quantities specified;

Quantity:	Premium (cents per pound)
10,000 to 30,000 pounds	¼
1,000 to 10,000 pounds	½
Less than 1,000 pounds	1

In determining whether the quantity differentials herein provided are applicable, the quantity sold or the quantity delivered to one buyer at one time, whichever is larger, shall be used in all cases, and regardless of the fact that such sale or shipment may be composed of different alloys.

(c) *Other alloys.* (1) Except as provided in paragraphs (d) and (e) of this section, the maximum price for any grade of secondary aluminum ingot other than a grade for which a maximum price is established in paragraph (b) of this section, shall be a price approved by the Administrator. Pending such approval by the Administrator, any person may sell or deliver, and any person may buy or receive, any such ingot at the price submitted for approval. If, however, the Administrator disapproves the price submitted, the contract price shall be revised downward to the maximum price which the Administrator shall approve, and if any payment has been made at a price higher than that so approved the seller shall refund the excess: *Provided*, however, that the price submitted by the seller for approval shall be deemed to be approved unless the Administrator specifically disapproves such price and establishes an approved maximum price within 15 days from the date on which the report required in paragraph (c) (2) (i) of this section is received by the Office of Price Administration, or, if further information is requested from the seller within such 15-day period, then within 15 days from the date on which all such information is received by the Office of Price Administration.

(2) On and after August 20, 1942, except as hereinafter specifically provided, the seller of any such ingot shall:

(i) report every such sale to the Office of Price Administration, Washington, D. C., within five days from the date thereof, stating:

(*a*) The name and address of the buyer;

(*b*) The quantity sold;

(*c*) The proposed price;

(*d*) The alloy content of such ingot, including specific mention of any impurity limitations;

(*e*) The cost breakdown, including the type of metals used and the cost thereof, the smelting cost, and the allowance for overhead; and

(ii) Provide such other information concerning the manufacture and sale of such ingot as may be required by the Administrator in order to determine the proper maximum price for such ingot.

(3) The foregoing provisions of this paragraph (c) shall not apply to sales of any ingot at a price previously reported to and approved by the Administrator in accordance with the provisions of this paragraph (c). Whenever the price proposed by any person for a particular grade of secondary aluminum ingot has been so reported, the price so approved by the Administrator shall be the maximum price at which such person may thereafter sell such ingot; but each subsequent sale thereof shall be reported in accordance with the provisions of subparagraph (2) of this paragraph (c), except that the cost breakdown required by paragraph (c) (2) (i) (*e*) need not be furnished. Nothing herein contained, however, shall be construed to prevent the Administrator from adjusting any price so approved when in his judgment such adjustment is warranted.

(d) *Other alloys produced in small quantities.* The maximum price for any grade of secondary aluminum ingot, other than a grade for which a maximum price is established in paragraph (b) of this section, which is produced in melts or heats of 250 pounds or less, shall be:

(1) The highest price which the seller charged for such grade of ingot delivered by him to a purchaser of the same class during March 1942; or

(2) If the seller did not deliver such grade of ingot to a purchaser of the same class during March 1942, the highest price quoted in the seller's price list, or, if he had no price list, the highest price which the seller regularly quoted in any other manner, for delivery of such grade of ingot to a purchaser of the same class during March 1942; or

(3) If the maximum price for such grade of ingot cannot be determined under the foregoing provisions of this paragraph (d), a price approved by the Administrator. On and after August 20, 1942, the seller of any such grade of ingot shall report every such sale to the Office of Price Administration and obtain approval of a maximum price for such grade as prescribed in paragraph (c) of this section. The provisions of paragraph (c) shall apply in all respects to sales of such grade of ingot, except that the cost breakdown required by paragraph (c) (2) (i) (*e*) need not be furnished.

(e) *Other alloys sold for 15 cents or less during March 1942.* The maximum price for any grade of secondary aluminum ingot, other than a grade for which a maximum price is established in paragraphs (b) and (d) of this section, shall be:

(1) The highest price which the seller charged for that grade of ingot delivered by him to a purchaser of the same class during March 1942: *Provided*, That the highest price so charged was 15 cents per pound or less; or,

(2) If the seller did not deliver that grade of ingot to a purchaser of the same class during March 1942 as prescribed in subparagraph (e) (1) of this section, the highest price quoted in the seller's price list, or, if he had no price list, the highest price which the seller regularly quoted in any other manner, for delivery of that grade of ingot to a purchaser of the same class during March 1942: *Provided*, That the highest price so quoted was 15 cents per pound or less; or

(3) If the maximum price for such grade of ingot cannot be determined under the foregoing provisions of this paragraph (e), a price approved by the Administrator. On and after August 20, 1942, the seller of any such grade of ingot shall report every such sale to the Office of Price Administration and obtain approval of a maximum price for such grade as prescribed in paragraph (c) of this section. The provisions of paragraph (c) shall apply in all respects to sales of such grades of ingot.

(*f*) *Meaning of terms.* For the purposes of paragraphs (d) and (e) of this section:

(1) In determining the highest price charged or quoted by him during March 1942, the seller shall, if such price was not quoted f. o. b. point of shipment, adjust such price so that it shall reflect the actual price charged by him f. o. b. point of shipment; and the price so determined shall be his maximum price, and shall include transportation costs to the extent specified in paragraph (a) of this section.

(2) Secondary aluminum ingot shall be deemed to have been "delivered," during March 1942, if during such month it was received by the purchaser or by any carrier, including a carrier owned or controlled by the seller, for shipment to the purchaser.

(3) "Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for secondary aluminum ingot for sales to different purchasers or kinds of purchasers or for purchasers located in different areas or for different quantities or under different conditions of sale.

Issued this 14th day of August, 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-7974; Filed, August 14, 1942; 4:54 p. m.]

PART 1340—FUEL

[Amendment 29 to Revised Price Schedule 88 [1]]

PETROLEUM AND PETROLEUM PRODUCTS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In § 1340.159 (c) (5) the headnotes *Maximum prices for roofing flux f. o. b. refinery, roofing asphalt,* and *paving asphalt, cut-back asphalt, asphalt emulsions and road oils* are designated (i), (ii) and (iii), respectively, and a new subdivision (iv) is added as set forth below:

§ 1340.159. *Appendix A: Maximum prices for petroleum and petroleum products.* * * *

(c) *Specific prices.* * * *

(5) *Paving and cut-back asphalts, asphalt emulsions, road oils, roofing asphalt and roofing flux.* * * *

(iv) *Maximum prices exclusive of taxes for paving asphalt, cut-back asphalt and road oils, f. o. b. refinery and ocean terminals in California, Washington and Oregon.* Notwithstanding the provisions of (iii) above, maximum prices for the grades of paving asphalt, cut-back asphalt and road oils specified below, f. o. b. refineries and terminals in the areas specified below shall be as follows:

(*a*) *Paving asphalt*

Location	Grade	Price per ton
Refineries within 50 miles of San Francisco, California.	11-40 Penetration	$12.00
	41-200 Penetration	9.50
Refineries within 100 rail miles of Bakersfield, California.	41-200 Penetration	9.50
Refineries within 50 miles of Los Angeles, California.	11-40 Penetration	12.00
	41-200 Penetration	9.00
Refineries in the Santa Maria Valley of California.	11-40 Penetration	10.00
	41-200 Penetration	7.50

* Copies may be obtained from the Office of Price Administration.

(b) *Cut-back asphalt*

Location	Grade	Price per ton
Refineries within 50 miles of San Francisco, California.	RC-0 and RC-1	$11.50
	RC-2, RC-3, RC-4 and RC-5.	10.00
	MC-0 and MC-1	11.50
	MC-2, MC-3, MC-4 and MC-5.	10.00
Refineries within 100 rail miles of Bakersfield, California.	RC-0 and RC-1	11.50
	RC-2, RC-3, RC-4 and RC-5.	10.00
	MC-0 and MC-1	11.50
	MC-2, MC-3, MC-4 MC-5.	10.00
Refineries within 50 miles of Los Angeles, California.	RC-0 and RC-1	11.00
	RC-2, RC-3, RC-4 and RC-5.	9.50
	MC-0 and MC-1	11.00
	MC-2, MC-3, MC-4 and MC-5.	9.50
Refineries in the Santa Maria Valley of California.	RC-0 and RC-1	9.50
	RC-2, RC-3, RC-4 and RC-5.	8.00
	MC-0 and MC-1	9.50
	MC-2, MC-3, MC-4 and MC-5.	8.00
Terminals within 100 miles of Portland, Oregon, for water-borne cut-back asphalt only.	RC-3	12.50
	RC-4	12.50
	MC-2	12.50
Terminals within 150 miles of Seattle, Washington for water-borne cut-back asphalt only.	RC-3	12.50
	RC-4	12.50
	MC-2	12.50

(c) *Road oils*

Location	Grade	Price per ton
Refineries within 50 miles of San Francisco, California.	ROMC-0 and ROMC-1, ROMC-2 ROMC-3, ROMC-4, ROMC-5, and ROMC-6.	$11.50 10.00
	SC-0	10.00
	SC-1	7.60
	SC-1A	5.40
	SC-2, SC-3, SC-4, SC-5 and SC-6.	9.50
Refineries located within 100 rail miles of Bakersfield, California.	ROMC-0 and ROMC-1	$11.50
	ROMC-2, ROMC-3, ROMC-4, ROMC-5, and ROMC-6.	10.00
	SC-0	9.75
	SC-1	6.60
	SC-1A	5.10
	SC-2	7.50
	SC-3	8.00
	SC-4	8.00
	SC-5	9.00
	SC-6	9.00
Refineries within 50 miles of Los Angeles, California.	ROMC-0 and ROMC-1, ROMC-2 and ROMC-3, ROMC-4 and ROMC-5.	11.00 9.50
	SC-0	9.75
	SC-1	6.60
	SC-1A	5.10
	SC-2	7.00
	SC-3	7.50
	SC-4	7.50
	SC-5	8.50
	SC-6	8.50
Refineries located in the Santa Maria Valley of California.	ROMC-0 and ROMC-1 ROMC-2 and ROMC-3, ROMC-4 and ROMC-5, ROMC-6.	9.50 8.00
	SC-0	8.00
	SC-1	5.60
	SC-2	7.50
	SC-3	7.50
	SC-4	7.50
	SC-5	7.50
	SC-6	7.50
Terminals within 100 miles of Portland, Oregon for water-borne road-oils only.	SC-0	12.50
	SC-1A	6.30
	SC-2	12.00
Terminals within 100 miles of Seattle, Washington for water-borne road-oils only.	SC-0	12.50
	SC-1A	6.30
	SC-2	12.00

(*d*) The following charges may be added to the maximum f. o. b. refinery prices specified in (*a*), (*b*) and (*c*) above:

$6.00 a ton for paving asphalt sold in open head wooden barrels;

$7.25 a ton for paving asphalt sold in double head wooden barrels;

$7.50 a ton for paving asphalt sold in six hoop double head barrels; and

Other customary charges which were in effect between October 1 and 15, 1941 for handling, packaging and loading services;

Provided, however, That such charges may not be added unless they are separately itemized on the bills or invoices rendered to the buyer.

(*e*) Notwithstanding the provisions of (*a*), (*b*) and (*c*) above, refiners in the Santa Maria Valley of California may charge a price delivered to the buyer on the sale of any asphaltic product for which a maximum f. o. b. refinery price is established in (*a*), (*b*) or (*c*) not in excess of the sum of the maximum f. o. b. refinery or terminal price for the same product established for the refinery or terminal nearest to the particular destination and the rail freight tariff from such nearest refinery or terminal to destination.

(*f*) In any case where the maximum price for a particular grade of paving asphalt, cut-back asphalt or road oil f. o. b. refinery or terminal in the area specified in (*a*), (*b*) and (*c*) above is not provided for in (*a*), (*b*) or (*c*) the seller may set a tentative maximum price f. o. b. the particular refinery or terminal, in line with the maximum prices established by this § 1340.159 (c) (5) (iv) for refineries or terminals in the area in which the particular refinery or terminal is located. The seller shall request approval by the Office of Price Administration for such tentative maximum price within fifteen days after it has been set by him. In connection with such request, the seller shall file with the Office of Price Administration at its principal Office in Washington, D. C. a statement setting forth (*1*) such tentative price, (2) a description in detail of the grade to which such tentative price applies including its composition, specifications and quality, (3) the facts which differentiate such grade from the grades for which a maximum price is specified in (*a*), (*b*) or (*c*) above f. o. b. the particular refinery or terminal, and (*4*) the maximum prices established by this § 1340.159 (c) (5) (iv), for the most closely similar grade for which a maximum price is so specified which customarily sold for a price lower than the grade to which the tentative price applies and the most closely similar grade for which a maximum price is so specified which customarily sold at a price higher than the grade to which the tentative price applies. Such tentative price shall be the seller's maximum price f. o. b. the particular terminal or refinery for such grade unless it is disapproved in writing by the Office of Price Administration within 15 days from the date it is filed as above provided.

§ 1340.158a *Effective dates of amendments.* • • •

(cc) Amendment No. 29 (§ 1340.159 (c) (5)) to Revised Price Schedule No. 88 shall become effective August 20, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 14th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc 42-7973; Filed, August 14, 1942; 4:53 p. m.]

PART 1340—FUEL

[Amendment 15 to Maximum Price Regulation 120]

BITUMINOUS COAL DELIVERED FROM MINE OR PREPARATION PLANT

Corrections

In the table appearing in § 1340.214 (b) (2) [page 6265 of the issue for Wednesday, August 12, 1942] the following changes should be made in the column for Size Group No. 10: opposite "D", "225" should read "220"; opposite "H", "290" should read "200"; opposite "J", "150" should read "195".

PART 1341—CANNED AND PRESERVED FOODS

[Amendment 6 to Maximum Price Regulation 152[1]]

CANNED VEGETABLES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new paragraph (e) is added to § 1341.22 and the last sentence of paragraph (g) is revoked.

§ 1341.22 *Canner's maximum prices for canned vegetables.* • • •

(e) If the maximum prices for the canner of No. 2 U. S. Grade C or better canned tomatoes and No. 2 U. S. Grade C or better canned peas, as determined under this section, are lower than the support prices for canned tomatoes and canned peas announced by the Secretary of Agriculture on December 19, 1941, the support prices so announced shall be the maximum prices for such canner.

• • • • • •

§ 1341.32 *Effective dates of amendments.* • • •

(f) Amendment No. 6 (§ 1341.22 (e), (g)) shall become effective August 14, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 14th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Amendment 21 to Supplementary Regulation 1[2] to General Maximum Price Regulation[3]]

EXCLUDING CERTAIN SALES AND DELIVERIES OF VOLATILE ("ESSENTIAL") OILS BY DOMESTIC GROWERS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 1499.26 is amended by adding a new subparagraph (4) to paragraph (b), as set forth below:

§ 1499.26 *Exceptions for certain commodities, certain sales, and deliveries.* • • •

(b) The General Maximum Price Regulation shall not apply to the following sales or deliveries: • • •

(4) Sales or deliveries of volatile ("essential") oils by the growers in any of the forty-eight states and the District of Columbia of the plants from which these oils were distilled.

• • • • • •

(e) *Effective dates.* • • •

(22) This Amendment 21 (§ 1499.26 (b) (4)) to Supplementary Regulation No. 1 shall become effective May 11, 1942.

(Public Law 421, 77th Cong.)

Issued this 14th day of August 1942.

[Amendment 8 to Supplementary Regulation 14[2] to General Maximum Price Regulation[4]]

FIREWOOD IN OREGON AND WASHINGTON

A new subparagraph (8) is added to § 1499.73 (a) as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

• • • • • •

(8) *Firewood in the States of Oregon and Washington.* In the States of Oregon and Washington, the maximum prices for the sale or delivery of firewood (e. g. cordwood, sawdust, mill ends and shavings and slabwood) may be modified as indicated below:

(i) Wherever the State Office of the Office of Price Administration for the State of Washington or for the State of Oregon determines, either upon application or its own motion, that the maximum prices established in section 2 of the General Maximum Price Regulation for the sale or delivery of firewood are inadequate to insure a sufficient supply of firewood to meet heating requirements in any locality or localities within its jurisdiction, it may by order adjust such maximum prices to the minimum extent necessary to insure a sufficient supply of firewood therein. Such adjustments shall be made in relation (*a*) to the increased production costs which sellers of firewood in the locality or localities affected must incur in order to produce such firewood, compared with the costs of production in March 1942 (or the nearest earlier month in which firewood was generally produced in such locality or localities), and/or (*b*) the extent of increased transportation costs which must be incurred by sellers of firewood in order to move sufficient supplies thereof to meet the requirements of the locality or localities affected and (*c*) such other circumstances as may be pertinent to the procurement of sufficient supplies of firewood to meet the requirements of the locality or localities affected.

(ii) (*a*) Every order issued pursuant to the provisions of subdivision (i) above shall be accompanied by a statement of the reasons for the action taken therein.

(*b*) Whenever a State Office issues such an order, it shall promptly take steps to insure that the order is duly publicized in the locality or localities affected, and shall transmit a copy thereof, together with the accompanying statement, to the Regional Office of the Office of Price Administration in San Francisco, California, and to the National Office of the Office of Price Administration in Washington, D. C.

(b) *Effective dates of amendments.* • • •

(9) Amendment No. 8 (§ 1499.73 (a) (8)) to Supplementary Regulation No. 14 to General Maximum Price Regulation shall become effective August 14, 1942. (Pub. Law 421, 77th Cong.)

Issued this 14th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1306—IRON AND STEEL

[Amendment 2 to Revised Price Schedule 10 [1]]

PIG IRON

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new paragraph, (d), is added to § 1306.52, as set forth below:

§ 1306.52 *Maximum ("ceiling") prices on sales of pig iron.* • • •

(d) Notwithstanding the provisions of paragraphs (a) and (c) of this section, in any case in which the Price Administrator shall find that by reason of priority or preference ratings, allocation orders, or similar orders or requests of the War Production Board or other authorized Government agency, a shipment of pig iron is made from the Buffalo, New York, area to a place within the usual market area of the plant from which shipment is made and to which the customary method of shipment before the emergency conditions arising from the present war was by barge or by barge and rail, the Price Administrator may authorize the person selling such pig iron to charge, if barge transportation is not used for such shipment, a price therefor not to exceed the aggregate of: (1) the Basing Point Base Price at the Governing Basing Point; (2) differentials; (3) transportation charges from the Governing Basing Point to the place of delivery as customarily computed; (4) the difference between the charges for all-rail transportation and the charges for barge or barge and rail transportation from Buffalo to the place of delivery, calculated at the established rates in effect during the barge shipping season of 1941.

§ 1306.59 *Effective dates of amendments.* • • •

(b) Amendment No. 2 (§§ 1306.52 (d), 1306.59) to Revised Price Schedule No. 10 shall become effective August 21, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-7996; Filed, August 15, 1942; 12:24 p. m.]

PART 1335—CHEMICALS

[Amendment 5 to Revised Price Schedule 68 [2]]

HIDE GLUE STOCK

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Paragraph (a) of § 1335.510 is amended to read as set forth below:

§ 1335.510 *Appendix A: Maximum prices for hide glue stock.* (a) The following maximum prices are established for hide glue stock, f. o. b. seller's shipping point:

	Per cwt.
(1) Green salted hide trimmings—including green salted pates, green salted tips, cattle tail pieces.	$1.05
(2) Limed cattle trimmings—including limed hide trimmings, limed cattle pieces.	.87
(3) Goat trimmings and pieces—including long haired, short haired, de-haired.	.45
(4) Limed calf trimmings—including calf trimmings, green limed calf.	1.00
(5) Limed calf cheekings	2.25
(6) Chrome stock—including chrome splits, chrome shavings, chrome trimmings.	.50
(7) Coney stock	3.50
(8) Goat and sheep fleshings	.125
(9) Packers trimmings—including green salted ears, lips, snouts and tails, green salted sinews and pizzles.	.95
(10) Sheep trimmings—including limed sheep trimmings, limed sheep tails, pickled sheep.	.60
(11) Horse fleshings	.225
(12) Calf fleshings	.325
(13) Horse and Beam trimmings—including green salted horse trimmings, limed horse trimmings, beam trimmings, horse tail pieces.	.425
(14) Sole leather fleshings	.85
(15) Common and #2 fleshings	.66
(16) Other cattle fleshings—including sulfide fleshings, kip fleshings.	.575

§ 1335.509a *Effective dates of amendments.* • • •

(e) Amendment No. 5 (Paragraph (a) of § 1335.510) shall be effective August 20, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

PART 1362—CERAMIC PRODUCTS, STRUCTURAL CLAY PRODUCTS AND OTHER MASON MATERIALS

[Amendment 2 to Maximum Price Regulation 116 [1]]

CHINA AND POTTERY

A statement of considerations involved in the issuance of this amendment issued simultaneously herewith, has been filed with the Division of the Federal Register.*

A new subdivision (iii) is added to § 1362.61 (b) (1) as set forth below:

§ 1362.61 *Appendix A: Maximum prices for sales of china and pottery by manufacturers.* • • •

(b) *Sales to purchasers other than departments or agencies of the United States Goverment*—(1) *Articles first offered for sale during the period October 1–October 15, 1941.* • • •

(iii) *Provided,* That, the maximum price for sales by Universal Potteries, Inc. of Cambridge, Ohio to Sears, Roebuck, & Company, Chicago, Illinois, of articles of the Empress pattern, decoration number C92–1 SAN, in sets and in open stock, shall be 110% of the prices at which such articles were offered for sale to Sears, Roebuck & Company, during the period October 1–October 15, 1941.

• • • • •

§ 1362.63 *Effective dates of amendments.* • • •

(b) Amendment No. 2 (§ 1362.61 (b) (1) (iii) to Maximum Price Regulation No. 116 shall become effective August 20, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

PART 1388—DEFENSE-RENTAL AREAS

[Amendment 3 to Maximum Rent Regulation 28]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

The first sentence of § 1388.1807 of Maximum Rent Regulation No. 28 is hereby amended to read as follows:

§ 1388.1807 *Registration.* Within 45 days after the effective date of this Maximum Rent Regulation (or, as to housing accommodations within the Chicago Defense-Rental Area and the Pittsburgh Defense-Rental Area, on or before August 31, 1942), or within 30 days after the property is first rented, whichever date is the later, every landlord of housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor to be known as a registration statement. • • •

§ 1388.1814a. *Effective dates of amendments.* • • •

(c) Amendment No. 3 (§ 1388.1807) to Maximum Rent Regulation No. 28 shall become effective August 15, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-7991; Filed, August 15, 1942; 12:27 p. m.]

PART 1389—APPAREL

[Correction to Maximum Price Regulation 177 [1]]

MEN'S AND BOYS' TAILORED CLOTHING

A statement of the considerations involved in the issuance of this correction has been issued simultaneously herewith and filed with the Division of the Federal Register.*

The *Exception* in § 1389.105 (a) (2), and § 1389.119 (a) (3), are corrected as set forth below, and in § 1389.116 (d) the phrase "On and after 1942" is corrected to read "On and after July 11, 1942." A new § 1389.120a is added:

§ 1389.105 *Maximum prices for all sales of men's and boys' tailored clothing "made to measure" and "tailored to the trade."* • • •

(a) For garments other than outer coats. • • •

(2) • • • *Except:* That no maximum price determined pursuant to paragraph (a) of this section shall exceed the highest price at which the seller during January or February 1942 offered a garment of the same classification, plus the amount indicated by the table in Appendix C (§ 1389.123).

§ 1389.119 Definitions. (a) • • • • • • • • • •

(3) "Booking" means accepting orders for delivery immediately or at any later time.

§ 1389.120a *Effective dates of corrections and amendments.* (a) Correction (§§ 1389.105 (a) (2), 1389.116 (d) and 1389.119 (a) (3)) to Maximum Price Regulation No. 177 is effective as of July 11, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-7999; Filed, August 15, 1942; 12:23 p. m.]

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 5182.

PART 1396—FINE CHEMICALS AND DRUGS

[Maximum Price Regulation 203]

VITAMIN A NATURAL OILS AND CONCENTRATES

In the judgment of the Price Administrator the prices of Vitamin A natural oils and concentrates have risen to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of Vitamin A natural oils and concentrates prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Maximum Price Regulation No. 203 is hereby issued.

Sec.

1396.201 Maximum prices for Vitamin A natural oils and concentrates.
1396.202 Pre-existing contracts.
1396.203 Less than maximum prices.
1396.204 Adjustable pricing.
1396.205 Export sales.
1396.206 Evasion
1396.207 Enforcement.
1396.208 Licensing.
1396.209 Records and reports.
1396.210 Applicability of other regulations.
1396.211 Petitions for amendment.
1396.212 Definitions.
1396.213 Effective date.
1396.214 Appendix A: Maximum prices for Vitamin A natural oils and concentrates.

AUTHORITY: §§ 1396.201 to 1396.214, inclusive, issued pursuant to authority contained in Pub. Law 421, 77th Cong.

§ 1396.201 *Maximum prices for Vitamin A natural oils and concentrates.* (a) On and after August 20, 1942, regardless of any contract, agreement, lease, or other obligation, except as provided in § 1396.202 hereof, no person shall sell or deliver Vitamin A natural oils or concentrates, and no person shall buy or receive Vitamin A natural oils or concentrates in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1396.214; and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of Vitamin A natural oils or concentrates to a purchaser if, prior to August 20, 1942, such Vitamin A natural oils or concentrates had been received by a carrier other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) This Maximum Price Regulation No. 203 shall not apply to sales or deliveries of the following:

(1) Vitamin A natural oils or concentrates destined for human consumption without further processing or packing by the buyer.

(2) Capsules or tablets containing Vitamin A.

(3) Crystalline vitamin A.

(4) A water or milk miscible product containing Vitamin A, or a Vitamin A concentrate in alcohol, at least 90 percent of which is nonoleaginous material.

§ 1396.202 *Pre-existing contracts.* Any person who prior to August 20, 1942 had purchased natural vitamin A oil and had it in his possession or in the custody of a carrier or warehouse, other than a carrier or warehouse owned or controlled by the person from whom such oil was acquired, in order to fulfill a contract entered into prior to March 31, 1942 for the sale of such oil or for the sale of a concentrate to be produced from such oil, may deliver such oil or concentrate in accordance with such contract: *Provided*, That no deliveries shall be made under this section after December 31, 1942. Deliveries made in accordance with this section shall, however, continue to be subject to the provisions of Revised Price Schedule No. 53—Fats and Oils.[2]

§ 1396.203 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1396.214) may be charged, demanded, paid or offered.

§ 1396.204 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In an appropriate situation where a petition for amendment or for adjustment or exception requires extended consideration, the Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1396.205 *Export sales.* The maximum prices at which a person may export Vitamin A natural oils or concentrates shall be determined in accordance with the provisions of the Maximum Export Price Regulation* issued by the Office of Price Administration.

§ 1396.206 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 203 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to Vitamin A natural oils or concentrates, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1396.207 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 203, are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided by the Emergency Price Control Act of 1942.

(b) Persons who have any evidence of any violation of this Maximum Price Regulation No. 203, or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1396.208 *Licensing.* The provisions of Supplementary Order No. 11 [4] (§ 1305.15) licensing distributors of chemicals and drugs, shall be applicable to every distributer of Vitamin A natural oils and concentrates covered by this Maximum Price Regulation No. 203 who is subject to Supplementary Order No. 11. The term "distributor" shall have the meaning given to it by Supplementary Order No. 11.

§ 1396.209 *Records and reports.* (a) Every person making a sale or purchase of Vitamin A natural oils or concentrates after August 20, 1942 for which, upon sale or purchase by that person, maximum prices are established by this Maximum Price Regulation No 203, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of each such purchase or sale showing the date thereof, the name and address of the buyer and the seller, the price paid or received, the quantity bought or sold in millions of U. S. P. units of Vitamin A, and the Vitamin A and Vitamin D potency per gram of each grade of such oil or concentrate purchased or sold.

(b) Persons affected by this Maximum Price Regulation No. 203 shall submit such reports to the Office of Price Administration as it may from time to time require.

§ 1396.210 *Applicability of other regulations.* The provisions of this Maximum Price Regulation No. 203 supersede the provisions of the General Maximum Price Regulation* and Revised Price Schedule No. 53—Fats and Oils, with respect to sales and deliveries for which maximum prices are established by this Regulation.

§ 1396.211 *Petitions for amendment.* Any person seeking a modification of any provision of this Maximum Price Regulation No. 203 may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1396.212. *Definitions.* (a) When used in this Maximum Price Regulation No. 203, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Vitamin A natural oil" means any unconcentrated fish or marine animal oil or fish or marine animal liver oil containing more than 6,000 and less than 200,000 USP units of Vitamin A per gram, with the exception of cod liver oil.

(3) "Vitamin A concentrate" means any product containing Vitamin A which is derived from Vitamin A natural oil by distillation, solvent extraction, use of digestants, extraction of unsaponifiable matter, adsorption on earths or other agents, crystallization, or fortification with another concentrate, provided that the Vitamin A potency per gram of such product is at least four times that of the original natural oil. A Vitamin A concentrate may be prepared by the direct processing of fish or marine animal livers by one of the methods listed herein, provided the concentrate has at least four times the Vitamin A potency that the natural oil derived from such livers would have had. Vitamin A natural oils containing 200,000 or more U. S. P. units of Vitamin A per gram, and blends of a concentrate and an edible vegetable oil, shall be considered concentrates.

(4) "Seller's shipping point" means a point of distribution maintained by a seller from which actual shipment is made.

(5) "Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for sales to different purchasers or kinds of purchasers (for example, manufacturer, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Maximum Price Regulation No. 203.

§ 1396.213 *Effective date.* This Maximum Price Regulation No. 203 (§§ 1396.201 to 1396.214, inclusive) shall become effective August 20, 1942.

§ 1396.214 *Appendix A: Maximum prices for Vitamin A natural oils and concentrates.* (a) The following maximum prices are established for Vitamin A natural oils and concentrates, f. o. b. seller's shipping point:

VITAMIN A NATURAL OIL

Potency in U. S. P. units of Vitamin A per gram:	*Maximum price per million U. S. P. units of Vitamin A*
More than 6,000 and less than 60,000	$0.14
60,000 and more, but less than 200,000	.20

VITAMIN A CONCENTRATE

Any	$0.30

(b) (1) The maximum prices set forth in paragraph (a) of this section shall not apply to any Vitamin A natural oil or concentrate in which the ratio of the USP units of Vitamin A per gram to the USP units of Vitamin D per gram is less than 1 to 1.

(2) No charge may be added to the maximum prices set forth in paragraph (a) of this section for the Vitamin D content of any oil or concentrate in which the ratio of the USP units of Vitamin A per gram to the USP units of Vitamin D per gram is more than 75 to 1.

(3) In cases not covered by subparagraphs (1) and (2) of this paragraph, there may be added to the maximum prices set forth in paragraph (a) of this section, an amount not exceeding the highest charge to purchasers of the same class during March 1942 for the Vitamin D content in comparable Vitamin A and Vitamin D oils or concentrates.

(c) The maximum prices set forth in this section shall not be increased by any charges for the extension of credit.

(d) No charge may be added to the maximum prices set forth in this section for containers, but the buyer may be required to make a reasonable deposit for the return of containers. The deposit must be refunded to the buyer by the seller when the containers are returned in good condition, and transportation expenses in connection with the return of containers must be paid by the seller.

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1400—TEXTILE FABRICS: COTTON, WOOL SILK, SYNTHETICS AND ADMIXTURES

[Amendment 2 to Maximum Price Regulation 123 [1]]

RAW AND PROCESSED WOOL WASTE MATERIALS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

In § 1410.78, subparagraph (4) of paragraph (a) is amended as set forth below:

§ 1410.78 *Definitions.* (a) When used in this Maximum Price Regulation No. 123, the term:

* * * * *

(4) "Processed wool waste materials" means raw wool waste materials, whether or not in combination with wool or other fibers, which have been subjected to any one or a combination of more than one of the processes enumerated in subparagraph (3). Without limiting the generality of the above definition, processed wool waste materials include both "reused wool" and "reprocessed wool" as those terms are defined in the Wool Products Labeling Act of 1939.

* * * * * *

§ 1410.79a *Effective dates of amendments.* * * *

(b) Amendment No. 2 (§ 1410.78 (a) (4)) to Maximum Price Regulation No. 123 shall become effective August 20, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Amendment 7 to Supplementary Regulation 14 to General Maximum Price Regulation]

FOOD PRODUCTS SOLD IN NEW CONTAINERS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new subparagraph (7) is added to paragraph (a) of § 1499.73 as set forth below.

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services, and transactions listed below are modified as hereinafter provided:

* * * * * *

(7) *Food products sold in new containers.* The seller's maximum price for a food product which is of the same kind and quality as a food product delivered or offered for delivery by the same manufacturer during March 1942 only in a tin container but differs from such product in that it is sold in a container made of different materials, the content of which by weight or volume does not vary from the content of the tin container by more than twenty percent, shall be determined in accordance with the provisions of this subparagraph.

The container made of different materials is referred to in this subparagraph as the "new container". The tin container in which the food product was delivered or offered for delivery during March 1942 by the same manufacturer and which is nearest in size to the new

[2] 7 F.R. 1309, 1836, 2132, 3430, 3821, 4229, 4294, 4484, 5605.

[3] 7 F.R. 5059.

[4] 7 F.R. 6167.

[1] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4330, 4487, 4659, 4738, 5027, 5192, 5276, 5365, 5445, 5565, 5484, 5775, 5784, 5783, 6058, 6081, 6007, 6216.

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3088, 3330, 3829.

*Copies may be obtained from the Office of Price Administration.

container is referred to as the "tin container".

"Maximum price", as used in this subparagraph, means the maximum price to a purchaser of the same class for the seller's customary unit of sale, whether per case, per dozen or per can, jar or the like.

"Net cost" of a container, as used in this subparagraph, means the delivered price paid by the manufacturer for the container, cap (if any) and shipping carton, less any discounts allowed to him.

(i) *Sales by manufacturers.* (*a*) If the contents of the new container are the same by weight or volume as the contents of the tin container:

The manufacturer shall, (*1*) subtract from his maximum price for the food product in the tin container the current net cost of the tin container and, (*2*) add to this figure the current net cost of the new container. The resulting figure shall be his maximum price for the food product in the new container. Such maximum price shall be computed by each manufacturer before the first delivery of such food product after the effective date hereof and shall be his maximum price from that time forward.

(*b*) If the contents of the new container vary by weight or volume from the contents of the tin container by no more than twenty percent:

The manufacturer shall, (*1*) divide his maximum price for the food product in the tin container by the number of units of contents packed therein (ounces, pounds, or quarts or the like); (*2*) multiply the figure so obtained by the number of units in the new container; (*3*) subtract from this figure the current net cost of the tin container; and (*4*) add the current net cost of the new container. The resulting figure shall be his maximum price for the food product in the new container. Such maximum price shall be computed by each manufacturer before the first delivery of such food product after the effective date hereof and shall be his maximum price from that time forward.

(ii) *Sales by wholesalers or retailers.* If the contents of the new container are the same by weight or volume as the contents of the tin container, or do not vary therefrom by more than twenty percent:

A seller at wholesale or retail of the food product in the new container shall add to (if the difference is an increase) or subtract from (if the difference is a decrease) his maximum price for the food product in the tin container, the exact amount of the difference between his supplier's maximum price to him for the product in the tin container and the product in the new container. The resulting figure shall be his maximum price for the food product in the new container.

(iii) *Fractions of a cent.* (*a*) In determining the sales price for one or more units of a food product under the provisions of this subparagraph, sellers, other than sellers at retail, shall adjust fractions of one-half cent or more to the next higher cent and fractions of less than a half-cent to the next lower cent.

(*b*) Sellers at retail, in determining maximum prices for a food product under the provisions of this subparagraph, shall adjust increases or decreases of less than one-half cent from their maximum prices of the food product in the tin container to the next higher half-cent. After this adjustment, sellers at retail, in determining the sales price for one or more units, may adjust half-cents to the next higher cent.

(iv) *Report of prices*—(*a*) *Manufacturers.* Within ten days after determining a maximum price under the provisions of this subparagraph, the manufacturer shall report such price to the Office of Price Administration, Washington, D. C. in a statement which shall set forth:

(*1*) The kind, brand and grade of the food product for which a maximum price is determined;

(*2*) The size of the new container and the content thereof by weight or volume;

(*3*) The size of the tin container and the content thereof by weight or volume;

(*4*) The maximum price or prices determined for each class of purchaser to which the manufacturer sells;

(*5*) Each of the figures from which such maximum price was calculated and the actual calculation of such maximum price.

(*b*) *Sellers at retail.* Prior to the tenth day of the month after first offering any cost-of-living commodity for sale the maximum price of which is determined in accordance with the provisions of this subparagraph, a seller at retail shall file with the appropriate War Price and Rationing Board of the Office of Price Administration, in accordance with § 1499.13 (b) of the General Maximum Price Regulation, as amended, a statement showing his maximum price for such commodity.

(v) *Notification of new maximum price*—(*a*) *Deliveries after the effective date hereof.* Any seller, other than a seller at retail, who determines the maximum price for a food product in accordance with the provisions of this subparagraph shall accompany the first delivery of each such food product to each purchaser with a statement in writing in which he shall set forth:

(*1*) That the maximum price of such purchaser is to be determined in accordance with § 1499.73 (a) (7) (ii) of Supplementary Regulation No. 14;

(*2*) The exact amount of the difference between the supplier's maximum price to such purchaser for the food product in the new container and the food product in the tin container, specifically indicating whether such difference is an increase or a decrease from the supplier's maximum price to such purchaser for the food product in the tin container;

(*3*) That such purchaser shall determine his maximum resale price for the food product in the new container by adding such increase to or subtracting such decrease from his maximum price for the food product in the tin container;

(*4*) That, in determining his maximum price, a seller at retail shall adjust increases or decreases of less than one-half cent from his maximum price of the food product in the tin container to the next higher half-cent.

(*5*) Whether such food product is a cost-of-living commodity, and if so, that a seller at retail shall report, to his appropriate War Price and Rationing Board, his new maximum price for such product in accordance with § 1499.13 (b) of the General Maximum Price Regulation, as amended.

(*b*) *Deliveries before the effective date hereof.* Any seller, other than a seller at retail, of food products, the maximum prices of which are determinable in accordance with the provisions of this subparagraph but which were delivered after March 31, 1942 and before the effective date hereof, shall, prior to September 15, 1942 send to each purchaser a statement in writing which shall set forth for such food products the information prescribed in subdivision (v) (*a*), hereof. Such purchaser shall after the receipt of such information determine his maximum prices in accordance with subdivision (ii) hereof. Until such information has been received from his supplier or until September 15, 1942, whichever is earlier, a seller at wholesale or retail may continue to charge for such food products any maximum price which has been lawfully determined, prior to the effective date hereof, under the provisions of the General Maximum Price Regulation.

(vi) *Adjustment of maximum prices.* Any price determined pursuant to this subparagraph shall be subject to adjustment at any time by the Office of Price Administration.

(vii) *Applicability.* This subparagraph shall apply only to sales or deliveries which are, at the time of such sales or deliveries, subject to the general provisions of § 1499.2 of the General Maximum Price Regulation. It shall not apply to any sale or delivery for which a maximum price is in effect, at the time of such sale or delivery, under the provisions of any other price regulation issued or which may be issued by the Office of Price Administration or under the provisions of any supplementary regulation, amendment or order issued under the General Maximum Price Regulation, unless otherwise provided in any such price regulation, supplementary regulation, amendment or order.

(b) *Effective dates.* • • •

(8) Amendment No. 7 (§ 1499.73 (a) (7)) to Supplementary Regulation No. 14 shall become effective August 21, 1942. (Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 18 Under § 1499.18 (b) of General Maximum Price Regulation—Docket GF3-1107]

SEEMAN BROTHERS, INC.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.318 *Adjustment of maximum prices for sales of canned tuna fish sold by Seeman Brothers, Inc.* (a) Seeman Brothers, Inc., of New York, New York, may sell and deliver, and any purchaser may buy and receive from Seeman Brothers, Inc. canned tuna fish at prices not higher than those set forth below:

(1) White meat tuna fish—No. ½ size cans @ $4.85 per dozen;

(2) Light meat tuna fish—No ½ size cans @ $4.00 per dozen.

(b) The adjustments granted in paragraph (a) are subject to the condition that Seeman Brothers, Inc. shall not change its customary allowances, discounts or other price differentials, unless such change results in a lower price.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 18 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 18 (§ 1499.318) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 18 (§ 1499.318) shall become effective August 17, 1942. (Pub. Law No. 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 23 Under § 1499.18 (b) of General Maximum Price Regulation—Docket No. GF3-1043]

SALE KNITTING CO., INC.—MONTGOMERY WARD

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.323 *Adjustment of maximum prices for sweat shirts manufactured by Sale Knitting Company, Inc., for Montgomery Ward.* (a) Sale Knitting Company, Inc., of Martinsville, Virginia, may sell and deliver, and Montgomery Ward may buy and receive from Sale Knitting Company, Inc., the following commodities at prices not higher than those set forth below:

Sweat shirts manufactured for Montgomery Ward under Montgomery Ward catalog Nos. 5807-5808-5811 at $8.62½ per dozen.

(b) The adjustment granted to Sale Knitting Company, Inc., in paragraph (a) is subject to the following conditions:

(1) This adjustment shall apply only to sales by Sale Knitting Company, Inc., to Montgomery Ward.

(2) All discounts, trade practices, and all practices relating to shipping and shipping charges in effect in March 1942 shall be applicable to the maximum prices set forth in paragraph (a) hereof.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 23 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 23 (§ 1499.323) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 23 (§ 1499.323) shall become effective August 15, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Maximum Price Regulation 204]

IDLE OR FROZEN MATERIALS SOLD UNDER PRIORITIES REGULATION NO. 13 [1]

In the judgment of the Price Administrator it is necessary and proper to establish in a separate regulation maximum prices for sales of idle or frozen inventories which, because of their occasional and nonrepetitive character, in many cases cannot be satisfactorily priced under the provisions of specific maximum price regulations or under the General Maximum Price Regulation.[2]

In the judgment of the Price Administrator the maximum prices established by this Maximum Price Regulation No. 204 are, and will be, generally fair and equitable and in conformity with the level of prices established by the General Maximum Price Regulation, and will effectuate the purposes of the Act.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 204 has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 204 is hereby issued.

AUTHORITY: §§ 1499.501 to 1499.515, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1499.501 *Prohibition against dealing in idle or frozen materials above maximum prices.*[4] On and after the effective date of this Maximum Price Regulation No. 204, regardless of any contract or other obligation:

(a) No "person" shall sell or deliver any "idle" or "frozen" material at a price higher than the maximum price permitted by this Maximum Price Regulation No. 204;

(b) No person in the course of trade or business shall buy or receive any idle or frozen material at a price higher than the maximum price permitted by this Maximum Price Regulation No. 204: *Provided*, That if, upon the purchase of any idle or frozen material, the purchaser shall receive from the seller a written affirmation that, to the best of his knowledge, information, and belief, the prices charged do not exceed the maximum price established by this Maximum Price Regulation No. 204, and if in such case the purchaser shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, the purchaser shall be deemed to have complied with this paragraph; and

(c) No person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1499.502 *Maximum prices for idle or frozen materials.*—(a) *Idle or frozen material which is in the form in which originally purchased by the seller.* (1) Where a "dollar and cents maximum price" established by any "maximum price regulation"[5] is applicable to the sale by the seller the maximum price shall be the maximum price established by such regulation.

(2) Where no dollar and cents maximum price established by any maximum price regulation is applicable to the sale by the seller and the material is sold to:

(i) A producer of this, or similar, material, there shall be no maximum price applicable to such sale.

(ii) Any other authorized buyer.

(*a*) The maximum price shall be that maximum price which the original supplier would be permitted to charge for the same or similar materials under the applicable maximum price regulation, including the same discounts, allowances, or premiums for quantity, quality, shape, form, class of purchaser, or promptness of payment. In computing what delivery charges, if any, the seller may add to the maximum price thus established, the provisions of the applicable maximum price regulation shall be followed and for the purpose of the computation the material shall be considered as if it were located at the original supplier's plant, warehouse or place of business, irrespective of the present location of the material.

(*b*) If the original supplier has no maximum price for the same or similar material, the maximum price f. o. b. the present location of the material shall be the "actual delivered cost" of the material to the seller.

(b) *Idle or frozen materials which have been fabricated, processed, or otherwise altered or alloyed, assembled, mixed, or otherwise combined so that they are no longer in the form in which originally purchased by the seller.* (1) If sold to a person who regularly purchases materials in substantially the same fabricated, processed, altered, alloyed, assembled,

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 5167, 5604.

[2] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5192, 5276, 5192, 5365, 5445, 5563, 5484, 5775, 5784, 5783, 6058, 6081, 6007, 6216.

[3] 7 FR. 971, 3663.

[4] The meaning of certain terms used in this and subsequent sections is explained in § 1499.511. The terms so explained are italicized the first time they appear in the text.

[5] Any district, state or regional office of the Office of Price Administration can supply a list of the materials covered by maximum price regulations.

mixed, or otherwise combined form either for his own use in further manufacturing or processing operations or for resale in such form, or to a person who would otherwise himself alter or combine the materials into substantially the same form in the course of his operations and

(i) If a dollar and cents maximum price established by any maximum price regulation is applicable to the sale by the seller, the maximum price shall be the maximum price established by such regulation;

(ii) If no dollar and cents maximum price established by any maximum price regulation is applicable to the sale by the seller, the maximum price f. o. b. the present location of the materials shall be the actual delivered cost of the materials to the seller, plus actual direct labor costs of fabricating, processing, alloying, assembling, mixing or combining the materials into their present form, plus the same percentage markup over cost of materials and direct labor costs which was obtained by the seller during the last previous month's production of the completed product or products into which the materials would normally have gone. If the seller is unable to determine the allowable percentage markup because the materials were fabricated, processed, alloyed, assembled, mixed or combined into their present form for inclusion in a product intended for use by the seller and not for sale, he may use a percentage markup of not more than 10 percent.

(2) If sold to any other authorized buyer and

(i) If a dollar and cents maximum price established by a maximum price regulation is applicable to the sale of such materials as scrap, waste or salvage, the maximum price shall be the maximum price established by such regulation; or

(ii) If there is no dollar and cents maximum price established by a maximum price regulation and applicable to the sale of such material as scrap, waste or salvage and the materials are sold to a person other than an industrial consumer of such materials, or a Government department or agency, there shall be no maximum price applicable to such sale; or

(iii) If no dollar and cents maximum price is established by a maximum price regulation applicable to the sale of such materials as scrap, waste or salvage, and if the materials are sold as scrap, waste or salvage to an industrial consumer of such materials or to a Government department or agency except as hereafter provided, the maximum price f. o. b. the present location of the materials shall be 80% of the actual delivered cost of the materials to the seller.

§ 1499.503 *Sales for export.* The maximum price at which a person may export idle or frozen material shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation [6] issued by the Office of Price Administration.

[6] 7 F.R. 5059.

§ 1499.504 *Federal and State taxes.* Any tax upon, or incident to, the sale or delivery of idle or frozen material imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price for idle or frozen material and in preparing the records of such seller with respect thereto:

(a) If, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 204.

(b) In all other cases the seller may not collect the amount of such tax in addition to the maximum price.

§ 1499.505 *Less than maximum prices.* Lower prices than the maximum prices established by this Maximum Price Regulation No. 204 may be charged, demanded, paid or offered.

§ 1499.506 *Sales excepted from this Maximum Price Regulation No. 204 and other maximum price regulations.* Nothing in this Maximum Price Regulation No. 204 or in any other maximum price regulation issued prior to the effective date of this Maximum Price Regulation No. 204, or in any maximum price regulation issued on or after the effective date of this Maximum Price Regulation No. 204, unless otherwise hereafter specifically provided in such maximum price regulation, shall apply to any sale or delivery of any material to the War Department, Department of the Navy, Maritime Commission, Lend-Lease Section of the Procurement Division of the Treasury Department, Board of Economic Warfare, Commodity Credit Corporation, Reconstruction Finance Corporation or any subsidiary or agent thereof, pursuant to any program for the purchase of surplus inventories, announced by the War Production Board or any other Government department or agency, specified in an order hereafter issued

§ 1499.507 *Records and reports.* (a) On and after the effective date of this Maximum Price Regulation No. 204 every person making sales of idle or frozen materials shall make and keep for inspection by the Office of Price Administration for a period of not less than two years complete and accurate records of each such sale showing (1) a description of the material, (2) the quantity sold, (3) when, at what price and from whom the material was purchased, (4) when, at what price and to whom the material was sold, and (5) how the selling price was arrived at.

(b) Every person making purchases or sales of idle or frozen materials shall under this section identifying such program and establishing maximum prices for such purchases.
submit such reports to the Office of Price Administration and keep such records in addition to, or in place of, the records required by paragraph (a) of this section as the Office of Price Administration may, from time to time, require.

§ 1499.508 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 204 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 204 or any price schedule, regulation, or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest district, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1499.509 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 204 shall not be evaded whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to, idle or frozen material, alone or in conjunction with any other material, or by use of any commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement, trade understanding or otherwise.

§ 1499.510 *Applications for adjustment and petitions for amendment*—(a) *Applications for adjustment.* Any person seeking relief from a maximum price established by this Maximum Price Regulation No. 204 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1, shall set forth the facts relating to the hardship to which such maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 204 to eliminate the danger of inflation, shall establish that the prospective purchaser is able and willing to absorb such increase in price, and shall include the information required by Appendix A, incorporated herein as § 1499.515.

(b) *Petitions for amendment.* Any person seeking a modification of any provision of this Maximum Price Regulation No. 204 (other than an adjustment provided by paragraph (a) of this section) may file a petition for amendment in accordance with the provisions of

Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1499.511 *Definitions.* (a) When used in this regulation, the term:

(1) "Person" includes an individual, corporation, partnership, association or other organized group of persons or legal successor or representative of any of the foregoing and includes the United States or any agency thereof or any other government or any of its political subdivisions or any agency of the foregoing.

(2) "Idle or frozen materials" means any commodity, accessory, part, assembly or product not in a form normally sold by the seller in the ordinary course of his business and sold or delivered pursuant to Priorities Regulation No. 13 issued by the Division of Industry Operations of the War Production Board on July 7, 1942. It does not include any raw or unprocessed agricultural commodity.

(3) "Dollar and cents maximum price" means any price fixed by or determinable under a maximum price regulation, except (i) a maximum price which is arrived at by the use of a formula which requires the seller to take into account certain or all of his production costs and markups, or (ii) which is determined by reference to the price at which the seller or some other person sold or offered the material for sale during a given period of time. It includes all discounts, allowances, or premiums for quantity, quality, shape, form, class of purchaser, or promptness of payment required or permitted by such maximum price regulation. In computing what delivery charges, if any, the seller may add to the maximum price thus established, the provisions required or permitted by such regulation shall be followed.

(4) "Maximum price regulation" means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942 or a maximum price regulation issued by the Office of Price Administration, or any order issued pursuant to such schedule or regulation.

(5) "Authorized buyer" means any person authorized to purchase idle or frozen materials under the provisions of Priorities Regulation No. 13 or any order of the Director of Industry Operations issued under paragraph (c) (2) (ii) thereof.

(6) "Original supplier" means the person from whom the seller originally purchased the material, except that if the material was originally purchased from more than one supplier, and if the seller cannot identify the material purchased from each supplier, the last person from whom any portion of the material was purchased shall be considered as the original supplier.

(7) "Actual delivered cost" means the net price per unit actually paid by the seller for the material after deducting all discounts allowed to the seller and adding all transportation and delivery charges actually paid by the seller. It does not include any storage, handling, or other charges paid or received after the material was received at the seller's plant or warehouse. If the material was originally purchased at more than one price, and if the seller cannot identify the material purchased at each price, the actual delivered cost shall be the delivered cost paid for the last portion of the material delivered, unless the seller maintains an average delivered cost valuation upon his inventory of such material, in which case it shall be that average delivered cost.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Maximum Price Regulation No. 204.

§ 1499.512 *Effect of other regulations.* The provisions of this Maximum Price Regulation No. 204 supersede the provisions of the General Maximum Price Regulation and any other maximum price regulation, except Maximum Price Regulation No. 174—Freight Car Materials Sold By Car Builders,[7] issued prior to the effective date of this Maximum Price Regulation No. 204 with respect to sales and deliveries for which maximum prices are established by this Maximum Price Regulation No. 204. To the extent provided in § 1499.506, this Maximum Price Regulation No. 204 shall supersede the provisions of any maximum price regulation issued on or after the effective date of this Maximum Price Regulation No. 204 unless otherwise hereafter specifically provided in such maximum price regulation.

§ 1499.513 *Geographical applicability.* The provisions of this Maximum Price Regulation No. 204 shall apply to the forty-eight states of the United States and to the District of Columbia.

§ 1499.514 *Effective date.* Maximum Price Regulation No. 204 (§§ 1499.501 to 1499.515) shall become effective August 20, 1942.

§ 1499.515 *Appendix A: Information required in a petition for adjustment pursuant to § 1499.510(a) in addition to the information required by Procedural Regulation No. 1.*—(a) *Material in the form in which originally purchased.*

(1) Complete description of material, including all specifications and all other factors affecting price.

(2) The product or products for use in which material was originally purchased, together with a description of the manner in which the material was to have been used.

(3) Amount of material for sale (specify in physical units).

(4) Actual delivered cost of material including names and addresses of suppliers, dates of purchase and delivery, unit price paid, and transportation charges actually paid, if any, shown separately. (If purchased at more than one delivered cost and portions of material are identifiable, show amount bought at each delivered cost; otherwise, show highest and lowest delivered cost, delivered cost of last purchase, and average inventory delivered cost, if such a record is regularly maintained.)

(5) The present ceiling price of each original supplier. If original supplier has no present ceiling price, explain why.

(6) Name and address of prospective purchaser or purchasers.

(7) The proposed price.

(8) Detailed explanation of the reasons justifying an exception for this material from the provisions of Maximum Price Regulation No. 204, including wherever possible a written statement from each prospective purchaser that the proposed price will not be used by him as the basis for any application for adjustment, exception or amendment to any maximum price regulation.

(9) The seller shall also furnish his last available balance sheet and profit and loss statement as normally prepared for his own use, except that the profit and loss statement shall show as a separate item the profit before Federal income and excess profits taxes.

(b) *Material not in the form in which originally purchased.* (1) Complete description of present form of material, including specifications, operations performed, amounts of component elements, and any or all other factors affecting price.

(2) Description of component materials in form in which originally purchased.

(3) Product or products for use in which material was originally purchased and fabricated, processed or altered, together with a description of the further fabrication or processing which would normally have taken place.

(4) Amount of material for sale (specify in physical units).

(5) Actual delivered costs of component materials, including names and addresses of suppliers, dates of purchase and delivery, unit prices paid, and transportation charges actually paid, if any, shown separately. (If some or all of the materials were purchased at more than one delivered cost and portions of the materials are identifiable, show amounts bought at each price; otherwise, show highest and lowest delivered costs, delivered costs of last purchases, and average delivered costs of inventories, if such records are regularly maintained.)

(6) Direct labor costs of fabrication, explaining in detail how those costs were measured or estimated.

(7) Last full month in which product or products referred to in (3) were sold.

(i) Total net sales of those products for that month

(ii) Cost of materials used in the production of those products sold during that month

(iii) Direct labor costs incurred in the production of those products sold during that month, explaining how those costs were measured or estimated.

[7] F.R. 5061.

(8) Names and addresses of prospective purchasers.

(i) Nature of each of their businesses.

(ii) Purpose for which each of them proposes to acquire the material.

(9) The proposed price.

(10) Detailed explanation of reasons justifying an exception for this material from the provisions of Maximum Price Regulation No. 204, including wherever possible a written statement from each prospective purchaser that he will not use the proposed price as the basis for any application for adjustment, exception or amendment to any maximum price regulation.

(11) The seller shall also furnish his last available balance sheet and profit and loss statement as normally prepared for his own use except that the profit and loss statement shall show as a separate item the profit before Federal income and excess profits taxes.

Issued this 15th day of August, 1942.

PART 1367—FERTILIZERS

[Maximum Price Regulation 205]

SULPHATE OF AMMONIA PRODUCERS, IMPORTERS AND PRIMARY JOBBERS

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for the sale of sulphate of ammonia by producers, importers or primary jobbers. The maximum prices established by this regulation are, in the judgment of the Price Administrator, generally fair and equitable and in conformity with the general level of the prices established by the General Maximum Price Regulation.[1] So far as practicable the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with the Procedural Regulation No. 1,[2] issued by the Office of Price Administration, Maximum Price Regulation No. 205 is hereby issued.

AUTHORITY: §§ 1367.51 to 1367.63 inclusive, issued under Pub. Law 421, 77th Cong.

§ 1367.51 *Maximum prices for sulphate of ammonia.* On and after August 22, 1942 regardless of any contract, agreement or other obligation, no producer, importer or primary jobber shall sell or deliver sulphate of ammonia, and no person in the course of business shall buy or receive sulphate of ammonia from a producer, importer or primary jobber at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1367.63; and no such person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of sulphate of ammonia to a purchaser if prior to August 22, 1942 such sulphate of ammonia had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

§ 1367.52 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1367.63) may be charged, demanded, paid or offered.

§ 1367.53 *Conditional agreements.* No producer, importer or primary jobber of sulphate of ammonia shall enter into an agreement permitting the adjustment of the prices to prices which may be higher than the maximum prices provided by § 1367.63, in the event that this Maximum Price Regulation No. 205 is amended or determined by a court to be invalid or upon any other contingency: *Provided*, That if a petition for amendment (or for adjustment or for exception) has been duly filed, and such petition requires extensive consideration, and the Administrator determines that an exception would be in the public interest pending such consideration, the Administrator may grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of this petition for amendment (or for adjustment or exception, as the case may be). Requests for such an exception may be included in the aforesaid petition for amendment (or for adjustment or for exception).

§ 1367.54 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 205 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to sulphate of ammonia, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) Specifically, but not exclusively, the following practice is prohibited: Selling sulphate of ammonia f. o. b. the point of production in order to avoid the payment of all or part of the cost of transportation to buyer's true destination point, as required by § 1367.54. The seller is required to make every reasonable effort to determine the buyer's true destination point.

§ 1367.55 *Records and reports.* (a) On and after August 22, 1942 every producer, importer or primary jobber who offers, agrees to sell, sells, or delivers sulphate of ammonia shall keep for inspection by the Office of Price Administration for a period of not less than two years, a complete and accurate record of every such offer, agreement, purchase, sale or delivery, showing the date thereof, the name and address of the buyer, the destination point, the price charged or received, the total transportation charges, the amount of the transportation charges paid by the producer, importer, or primary jobber and the quantity sold.

(b) Persons affected by this Maximum Price Regulation No. 205 shall submit such reports to the Office of Price Administration as it may from time to time require.

§ 1367.56 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 205 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 205 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute a violation, are urged to communicate with the nearest District, State or Regional Office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1367.57 *Petition for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 205 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1367.58 *Licensing.* The provisions of Supplementary Order No. 11[3] "Licensing distributors of chemicals and drugs" shall be applicable to every distributor subject to that Order selling any sulphate of ammonia for which maximum prices are fixed by this Maximum Price Regulation No. 205. When used in this section the term distributor shall have the meaning given to it by Supplementary Order No. 11.[4]

§ 1367.59 *Applicability of the General Maximum Price Regulation.* Except as provided in §§ 1367.58 and 1367.61 (b), this Maximum Price Regulation No. 205 supersedes the provisions of the General Maximum Price Regulation[4] with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1367.60 *Exempt sales.* (a) The provisions of this Maximum Price Regulation No. 205 shall not apply (1) to sales of sulphate of ammonia for shipment to a destination point in any of the states of Washington, Oregon, California, Montana, Wyoming, Idaho, Nevada, Utah, Arizona or in the territories of Alaska or Hawaii, (2) to sales of sulphate of ammonia for industrial uses.

§ 1367.61 *Definitions.* (a) When used in this Maximum Price Regulation No. 205 the term:

(1) "Person" includes an individual, corporation, partnership, association, or other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political sub-divisions, or any agency of any of the foregoing.

(2) "Producer" means a person who manufactures sulphate of ammonia and includes any agent or affiliate of a producer.

(3) "Importer" means a person who imports sulphate of ammonia from a foreign country for resale in this country.

(4) "Primary jobber" means a person such as The Barrett Division of Allied Chemical and Dye Corporation who purchases sulphate of ammonia from a producer for resale to others than consumers.

(5) "Sulphate of Ammonia" means the various grades of ammonium sulphate, containing not less than 20.5% of nitrogen, when sold or marketed as an aid to the growth of plants or crops.

(6) "Inland oven" means the following:

Alabama:
- Alabama City.
- Fairfield.
- North Birmingham.
- Tarrant.
- Thomas.
- Woodward.

Colorado:
- Pueblo.

Illinois:
- Chicago.
- Joliet.
- Rockford.
- South Chicago.
- Waukegan.

Indiana:
- Gary.
- Indiana Harbor.
- Indianapolis.

Michigan:
- Detroit.
- Flint.

Minnesota:
- Duluth.
- St. Paul.

Missouri:
- St. Louis.

New York:
- Buffalo.
- Lackawanna.
- Troy.

Ohio:
- Canton.
- Cleveland.
- Hamilton.
- Lorain.
- Massilon.
- Toledo.
- Warren.
- Youngstown.

Pennsylvania:
- Aliquippa.
- Bethlehem.
- Clairton.
- Erie.
- Johnstown.
- Midland.
- Neville Island.
- Pittsburgh.
- Steelton.
- Swedeland.

Tennessee:
- Chattanooga.

West Virginia:
- Fairmont.
- Follansbee.
- Weirton.

(7) "Port" means the following:

Maine:
- Searsport.

Massachusetts:
- Everett.
- Boston.

Connecticut:
- New Haven.

New York:
- Hunts Point.
- Brooklyn.
- New York.

New Jersey:
- Kearny.
- Carteret.
- Camden.

Pennsylvania:
- Philadelphia.

Mississippi:
- Gulfport.

Maryland:
- Baltimore.

Virginia:
- Norfolk.

North Carolina:
- Wilmington.

South Carolina:
- Charleston.

Georgia:
- Savannah.

Florida:
- Jacksonville.
- Tampa.
- Panama City.
- Pensacola.

Alabama:
- Mobile.

Louisiana:
- New Orleans.
- Lake Charles.

(8) "Port nearest to such destination" means the port from which the lowest railroad rate from such port applies to the buyer's destination.

(9) "Inland oven nearest to such destination" means the inland oven from which the lowest railroad rate from such oven applies to the buyer's destination.

(b) Unless the context otherwise requires, the definitions set forth in § 1499.20 of the General Maximum Price Regulation[5] and the definitions set forth in § 302 of the Emergency Price Control Act of 1942 shall apply to the terms used herein.

§ 1367.62 *Effective date.* This Maximum Price Regulation No. 205 (§§ 1367.51 to 1367.63 inclusive) shall become effective August 22, 1942.

§ 1367.63 *Appendix A: Maximum Prices for sulphate of ammonia.* (a) Except as provided in paragraphs (b), (c), (d), (e) and (f) of this section, the maximum price a producer, importer or primary jobber may charge for sulphate of ammonia shall be the lower of the following prices:

(1) The base price of $28.20 per ton at inland oven, plus the transportation charges to buyer's destination from the inland oven nearest to such destination; or

(2) The base price of $29.20 per ton at port, plus the transportation charges to buyer's destination from the port nearest to such destination.

(b) *Sales to destination points in certain mid-western states.* The maximum price a producer, importer or primary jobber may charge for sulphate of ammonia, where buyer's destination is in any of the states of Ohio, Indiana, Michigan, Illinois, Kentucky, Wisconsin or in the Ohio River section of West Virginia, shall be the lower of the following prices:

(1) The base price of $29.20 per ton, delivered to buyer's destination, or

(2) The base price of $28.20 per ton at inland oven, plus the transportation charges to buyer's destination from the inland oven nearest to such destination.

(c) *Diverted shipments of sulphate of ammonia.* In the event that a purchaser of sulphate of ammonia directs a producer, importer or primary jobber to make shipments of sulphate of ammonia to a destination point other than the destination point specified in the contract for the sale of such material, the buyer may be required to pay any increase in freight charges arising from such change in destination point, except in a case within the prohibition contained in § 1367.54 (b). This paragraph shall have no application to diverted shipments of sulphate of ammonia due to orders, instructions or requests of War Production Board or any other government agency.

(d) *Sales to Office of Lend-Lease Administration.* The maximum price a producer, importer or primary jobber of sulphate of ammonia may charge the Office of Lend-Lease Administration shall be $28.20 per ton f. o. b. inland oven, or $29.20 per ton f. o. b. port oven.

(e) *Export sales.* The maximum price at which a producer, importer or primary jobber may export sulphate of ammonia shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[6] issued by the Office of Price Administration. For the purposes of §§ 1375.1 (a) and 1375.1 (b) of that regulation, the maximum domestic price of sulphate of ammonia shall be $28.20 per ton f. o. b. inland oven or $29.20 per ton f. o. b. port oven, except in the case of exports to Puerto Rico or the Virgin Islands of the United States, in which case the maximum domestic price shall be $29.20 per ton f. o. b. the port of normal exportation of such material.

(f) *Bags and bagging.* Whenever the producer, importer or primary jobber sells sulphate of ammonia in bags, there may be added to the maximum prices permitted by paragraphs (a), (b), (c), (d) and (e) above, the sum of $1.00, together with the cost of the bags.

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1400—TEXTILE FABRICS; COTTON, WOOL, SILK, SYNTHETICS AND ADMIXTURES

[Amendment 10 to Maximum Price Regulation 118[1]]

COTTON PRODUCTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Added: § 1400.115 (a) (5) (ii) (*n*), (a) (6), (a) (7); § 1400.118 (a) (8), (d) (2) (vii), (d) (18) reference numbers 7 through 18h, (d) (22) (ii) (c), (d) (25) (iii) reference number 5, footnote 1, (d) (26) (v) (*h*), (d) (26) (v) (*i*).

Amended: § 1400.115 (a) (1), (a) (5) (ii) (*l*); § 1400.118 (d) (8) (i), (d) (18) reference number 6, (d) (24) (v) the words "Concord Fabrics" and "Toggeroy" are amended to read "Concord Textile Co." and "Togeroy", respectively; (d) (26) (i), (d) (26) (ii), (d) (26) (v) (*f*), (d) (29).

Redesignated and amended: § 1400.118 (vii) to (viii).

Revoked: § 1400.118 (d) (28).

§ 1400.115 *Definitions.* (a) • • •

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing;

• • • • • • •

(5) "Cotton products". • • •

(ii) The term does not include • • • (*l*) products of the following persons:

• • • • • • •

Granite Textile Mills, Inc., Midland Park, N. J.

• • • • • • •

(*n*) Any product of non-profit-making agency for the blind on which 75 percent of the direct labor in man-hours has been performed by blind persons;

• • • • • • •

(6) "Non-profit-making agency for the blind" means any institution operated in the interest of blind persons, the net income of which institution does not inure in whole or in part to the benefit of shareholders or individuals;

(7) "Blind persons" means persons whose visual acuity does not exceed 20/200 in the better eye with correcting lenses or whose visual acuity is greater than 20/200 but who have a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

• • • • • •

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3038, 3211, 3522, 3578, 3824, 3905, 4405, 5524, 5405, 5567, 5836.

§ 1400.118 *Specific and formula maximum prices for certain cotton products: construction reports.* (a) The effective dates of the maximum prices set forth in paragraph (d) of this section are as follows:

• • • • • •

(8) For printed flannels, miscellaneous special products, reference numbers 7 through 18h inclusive, terry products of Blair Mills and Muscogee Manufacturing Company, and for huck and crash towels and corded napkins (other than those described in subparagraph (5) above): August 22, 1942.

(d) • • •

(2) *Flannels.* • • •

(vii) *Printed flannels.* (*a*) The base maximum prices for printed flannels containing substantially the same coverage and amount of color as the fabrics in each seller's line delivered during the base period shall be:

Width (inches)	Finished weight (yds. per lb., market designation)	Women's wear patterns	Heavy celers—men's wear patterns
		Cents per yd.	
35-36	4.31-4.50	18¾	19¼
35-36	4.30 and heavier	19¼	19¾
27	Approx. 6.50	15	15½

(*b*) In addition to the base maximum price the seller may charge for sanforizing an amount no exceeding his charge therefor during March, 1942.

(*c*) For irregulars the base maximum prices shall be decreased as follows:

	Cents per yard
Seconds	½
10–20 yd. lengths	½
2–10 yd. lengths	1¾

(viii) *Other flannels.* For flannels of any type, construction, or grade not covered by the maximum prices in (i) to (vii), inclusive, above, the maximum price shall be a price in line with [12] said maximum prices. • • •

(8) *Ducks (in the grey)*—(i) *Put up; irregulars.* (*a*) The maximum prices established in subdivisions (ii), (vi), (ix), (xi) and (xii) for numbered duck (wide sail, narrow, and harvester), wagon-cover duck (double-filling flat duck), laundry roll cover duck (plied warp and plied filling), oil press duck (naught duck), and filter twills are for continuous rolls of 85 yards or more. For irregulars of these fabrics the maximum prices there established shall be decreased as follows:

	Percent
Seconds	5
Two-piece rolls, firsts or seconds	5
Lengths 2.01 to 10 yds	25

(*b*) The maximum prices established in subdivisions (iii), (iv), (v), and (viii) below for single-filling ounce duck (flat duck), double filling ounce duck (flat duck), army duck (including shoe duck) and enameling duck are for cuts of 40 yards or more where bale packing is customary and for cuts of 85 yards or more where roll packing is customary. For irregulars of these goods the maximum prices shall be decreased as follows:

	Goods of types customarily bale-packed	Goods of types customarily roll-packed
	Percent	Percent
Seconds	5	5
Two-piece rolls, firsts or seconds		5
Short lengths:		
20.01 to 39.99 yds	10	
10.01 to 20 yds	15	
2.01 to 10 yds	25	25

(*c*) The maximum prices established in (vii) and (x) below for hose and belting duck and chafer fabrics are for continuous length pieces as specified by the buyer. For irreguiars, the maximum prices there established shall be decreased as follows:

	Percent
Seconds	5
Lengths over 10 yards but shorter than specified by the buyer	5
Lengths 2.01 to 10 yds	25

(*d*) For pieces of any duck less than 2 yards in length the maximum price shall be 20.37 cents per pound.

• • • • • •

(18) *Miscellaneous special products.* • • •

[12] For definition of the term "in line with", see footnote 5, § 1400.101.

Reference No.	Description	Producer	Maximum price
6	Luggage cloth: Type A: 37" 54 x 36 3.70 yds. Type B: 37" 76 x 34 3.10 yds.	Stonewall Cotton Mills, Inc.	18.1 cents per yd. 22.6 cents per yd.

TABLE II—*Name-Woven Institutional Merchandise Towels—Bath Mats*

For name woven in color, the seller may add 15 cents per dozen to the prices set forth below.

For name woven in white across both ends, the seller may add 20 cents per dozen to the prices set forth below.

For turned selvages, the seller may add 15 cents per dozen to the prices set forth below.

For purchases in quantities of 25 dozen or less of a name, the seller may add 10 cents per dozen to the 50-dozen-lot prices set forth below.

The maximum prices set forth in this Table II are to be discounted as follows, for purchases in larger quantities:

Dozen of a name	Cents per dozen less than	Dozen lots
250	5	100
500	10	100
1,000	15	100

Type of merchandise	Reference No.	Style No.	Size (inches)	Maximum price (dollars per dozen) 50 dozen lots	Maximum price (dollars per dozen) 100 dozen lots

(29) *Huck and crash towels and corded napkins.* (i) The following maximum prices for huck and crash towels and corded napkins shall be subject to the terms shown in (v) of this subparagraph.

(ii) The maximum prices for seconds of huck and crash towels and corded nap-

kins set forth in (v) of this subparagraph are to be discounted as follows:

Type of merchandise:	*Discount*
Face and hand towels, dish towels and corded napkins (plain)	10 percent.
Toweling (plain)	½ cent per yd.
Name-woven dobby face and hand towels, dish towels, corded napkins and towelings	10 percent.
Jacquard face and hand towels, dish towels, corded napkins and towelings	15 percent.

(iii) For products of any style for which a maximum price is not listed in (v) of this subparagraph, the maximum price shall be a price in line with [21] the maximum price set forth in this subparagraph for the most nearly comparable product of the same manufacturer.

(iv) In addition to the base maximum prices, a seller may charge:

(*a*) For special services a premium not in excess of such extra charge as he made for the same special services during the base period;

(*b*) For cutting and hemming toweling, a premium not in excess of 10 cents per dozen;

(v) The following are maximum prices for the styles of huck and crash towels and corded napkins listed in this subdivision:

(*a*) Cannon Mills Company, Kannapolis, N. C. Terms: 3 per cent 30 days, f. o. b. Kannapolis, N. C.

[21] See footnote 5, § 1400.101, for definition of "in line with".

TABLE II—*Name-woven Merchandise*

On all orders for jacquard-name towels, towelings, and corded napkins, the seller may require that the purchaser will accept 10 percent more or less than the quantity specified at the contract price, and that the purchaser will accept seconds not exceeding 10 percent of this total quantity ordered, at a discount of 15 percent.

On all orders for dobby-name towels, towelings and corded napkins, the seller may require that the purchaser will accept 10 percent more or less than the quantity specified at the contract price, and that the purchaser will accept seconds not exceeding 10 percent of this total quantity ordered, at a discount of 10 percent.

The maximum prices for jacquard-name huck towels set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Dozen of a name	Cents per dozen less than	Dozen lots
298	250	7½	50
	500	10	50
	1,000	12½	50
578, 588 and 898	250	7½	100
	500	10	100
	1,000	12½	100
566	250	10	100
	500	12½	100
	1,000	15	100
590 and 591	250	10	100
	500	12½	100
	1,000	15	100

The maximum prices for jacquard-name huck towelings set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Yards	Cents per yard less than—	Yard price
578, 588 and 898—17" and 18"	3,000	½	1,500

The maximum prices for dobby-name towelings set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Yards	Cents per yard less than base price
S–14, 249, 544, 546, 548, 661–17", 661–18", Wearmore–16", Winmore–16", Worthmore–16"	6,000	¼
	10,000	½
	25,000	¾

The maximum prices for jacquard or dobby corded napkins set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Dozen of a name	Cents per dozen less than	Dozen lots
464 and 466	500	2½	250
	1,000	5	250

For name-woven jacquard huck towels the seller may add to the maximum prices set forth in this Table II the following amounts for purchases in the style and weave listed below:

Style No.	Weave	Cents per dozen
578, 588 and 898.	Name woven across ends in white.	0.05
	Name woven in color through center.	.10
566	Name woven across ends in color.	.15
	Name woven across ends in white.	.05
	Name woven in color through center.	.10
590 and 591	Name woven across ends in color.	.15
	Name woven in color either through center or across border.	.10

For name-woven jacquard huck towelings the seller may add to the maximum prices set forth in this Table II the following amounts for purchases in the style and weave listed below:

Style No.	Weave	Cents per yard
578, 588, and 898—17" and 18".	Name woven in color through center.	01
	Name woven across ends in white.	½
	Name woven across ends in color.	1½

For jacquard corded napkins with name woven in white the seller shall deduct 5 cents per dozen from the maximum prices set forth in this Table II.

Reference No.	Type of merchandise	Style No.	Size or width (inches)	Base maximum price (dollars per dozen)	Basis quantity of

TABLE II—*Name-woven Merchandise*

The seller may require on all orders for jacquard-name towels and toweling that the purchaser will accept 10 percent more or less than the quantity specified and will accept seconds not exceeding 10 percent of this total quantity ordered, at a discount of 15 percent.

The seller may require on all orders for dobby-name towels and dobby-toweling that the purchaser may accept 10 percent more or less than the quantity specified and will accept seconds not exceeding 10 percent of this total quantity ordered, at a discount of 10 percent.

The maximum prices for jacquard-name huck towels set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Dozen of a name	Cents per dozen less than	Dozen lots
852, 864 and 876	250	7½	100
	500	10	100
	1,000	12½	100
724, 725 and 726	250	7½	100
	500	10	100
	1,000	12½	100

The maximum prices for jacquard-name huck toweling set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Yards	Cents per yard less than	Yard price
852, 864 and 876	3,000	½	1,500

The maximum prices for dobby-name crashes set forth in this Table II are to be discounted as follows for purchases in larger quantities of the style numbers listed below:

Style No.	Yards	Cents per yard less than	Yard price
16" Fairfax, 16" Arbutus, Styles 315, 430, 469, 306 and 170	10,000	¼	6,000
	25,000	½	6,000

For name-woven jacquard huck towels the maximum prices set forth in this Table II for the style and weave listed below, shall be increased or decreased by the following differentials:

Style No.	Weave	Differential
852, 864 and 876	Name woven in white.	Deduct 10 cents per dozen.
	Name woven across ends.	Add 5 cents per dozen.
724, 725 and 726	Name woven in color.	Add 10 cents per dozen.
	Name woven across ends.	Add 5 cents per dozen.

For name-woven jacquard huck towelings the maximum prices set forth in this Table II for the style and weave listed below, shall be increased or decreased by the following differentials:

Style No.	Weave	Differential
852, 864 and 876	Names woven across ends.	Add ½ cent per yard.
	Names woven in white.	Deduct 1 cent per yard.

PART 1410—WOOL

[Amendment 7 to Revised Price Schedule 58,[1] as amended]

WOOL AND WOOL TOPS AND YARNS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 2397, 2543, 2580, 3088, 3271, 4117, 4296, 4299, 4428.

In § 1410.51 (e) (3) the reference to paragraph "(c)" or "(d)" is amended to read "(b)" or "(c)"; in § 1410.63 (h) the reference in the last line to "this paragraph" is amended to read "this appendix"; in § 1410.65 (a) the reference to subparagraphs "(4)" and "(5)" is amended to read "(3)" and "(4)"; in § 1410.65 (c) (6) the reference to paragraph "(b)" is amended to read "(c)".

In § 1410.57 subparagraph (4) of paragraph (a) is amended; in § 1410.64 a new unnumbered paragraph is added to paragraph (e) and a new subparagraph (5) is added to paragraph (f); in § 1410.65 subparagraph (6) of paragraph (c) is amended and a new subparagraph (6) is added to paragraph (d); in § 1410.66 the text preceding (a) is amended and a new paragraph (f) is added as set forth below:

§ 1410.57 *Definitions.* (a) When used in Revised Price Schedule No. 58, as amended, the term:

• • • • •

(4) "Yarns" means yarns containing 10% or more wool by fiber weight except (i) imported yarns and (ii) yarns dyed and converted for the handknitting trade.

§ 1410.64 *Appendix D: Maximum prices for wool yarns.* • • •

(e) *Yarns spun from blended wool and other fibers.* • • •

Where yarns are spun from blended wool and mohair the maximum price shall be a price reduced from the applicable maximum price for yarn spun from wool by the amount thereby saved in raw material cost. The amount saved in raw material cost shall be the difference between the actual price paid for the mohair top used and the maximum price for that portion of wool top for which the mohair is substituted.

(f) *Woolen sales yarns.* • • •

(5) *Woolen sales yarns sold in the scoured state.* For woolen sales yarns sold in the scoured state there shall be added to the applicable maximum price set forth in subparagraphs (1), (2) or (3) of this paragraph an amount equal to the loss due to shrinkage of the yarn and the actual cost for scouring and for packing: *Provided*, That the amount of each such charge shall be separately set forth in an invoice or similar document delivered to the purchaser.

§ 1410.65 *Appendix E: Maximum prices for foreign wools.* • • •

(c) *South American shorn wools scoured in the United States.* • • •

(6) *Invoices.* After June 9, 1942, every person making a sale of South American shorn wools scoured in the United States covered by this paragraph shall deliver to the purchaser an invoice or similar document which shall show: (i) the class, kind, type, condition and grade of wool sold; and (ii) the price contracted, received or paid therefor, indicating separately any adjustments made for processing, for choice or inferior wools or for marine and war risk insurance in conformity with the provisions of this paragraph.

(d) *Australian, New Zealand, South African and other British Wool Control shorn wool.* • • •

(6) *Carbonized, neutralized and dusted wools.* The maximum prices for carbonized, neutralized and dusted wools shall be determined by adding 5 cents to the applicable maximum price set forth in this paragraph (d). The maximum price for wool carbonized only, carbonized and neutralized, or carbonized and dusted shall be reduced to a price in line with the maximum price for the same class, kind, type, condition and grade of wool carbonized, dusted and neutralized.

§ 1410.66 *Appendix F: Maximum for foreign pulled wools.* The prices set forth in paragraphs (a) to (e), inclusive, are maximum prices per pound for foreign pulled wools, other than British Wool Control pulled wools pulled abroad, of average to good character, duty paid, f. o. b. wool pullery or scouring plant. Such prices do not include marine and war risk charges which may be added as set forth in paragraph (e) below. Terms of sale shall be cash less 1% up to 10 days, or 60 days net cash.

• • • • •

(f) *Maximum prices for British Wool Control pulled wools, pulled abroad.* The maximum prices for British Wool Control pulled wools, pulled abroad, shall be determined in accordance with the provisions of paragraph (d) of § 1410.65.

§ 1410.60 *Effective dates of amendments.* • • •

(i) Amendment No. 7 (§§ 1410.51 (e) (3), 1410.57 (a) (4), 1410.63 (h), 1410.64 (e) and (f) (5), 1410.65 (a), (a) (6), (c) (6) and (d) (6), 1410.66 and (f)) to Revised Price Schedule No. 58, as amended, shall become effective August 22, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 17th day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 57 Under § 1499.3 (b) Of General Maximum Price Regulation]

SALES OF WELTING CONTAINING COMPOUNDED SYNTHETIC RESINS

For the reasons set forth in an Opinion issued simultaneously herewith and filed with the Division of the Federal Register* and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and § 1499.3 (b) of the General Maximum Price Regulation, it is hereby ordered that:

§ 1499.271 *Maximum prices for sales of welting containing compounded synthetic resins.* (a) On and after August 18, 1942, Dewey and Almy Chemical Company, incorporated under the laws of the State of Massachusetts, may sell and deliver and offer, agree, solicit and attempt to sell and deliver either directly or through an agent, consignee, or factor that particular type of welting developed by such company, which is made from a fibrous material bound by compounded synthetic resins, and any person may buy said welting, either directly or through an agent, consignee or factor, at prices no higher than those hereinafter set forth:

	Maximum prices $/M yards
Stitchdown welting (used in stitchdown shoes):	
6/32" x 2/32"	$7.00
7/32" x 2/32"	8.00
PM Welting (used on Goodyear welts and pre-welt shoes):	
10/32" x 1/12"	19.00
12/32" x 1/12"	22.95
13/22" x 1/12"	23.75
14/32" x 1/12"	24.75

(b) All discounts, trade practices, and practices relating to the payment of shipping charges in effect in March, 1942, on the sale by this company of comparable products shall apply to the maximum price set forth in paragraph (a).

(c) This Order No. 57 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 57 (§ 1499.271) shall become effective August 18, 1942. (Pub. Law 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 58 Under § 1499.3 (b) of General Maximum Price Regulation[1]]

LARUS & BROTHER COMPANY, INC.

Larus & Brother Company, Inc. of Richmond, Virginia, has made application under § 1499.3 (b) of the General Maximum Price Regulation for determination of a maximum price for a Christmas package of smoking tobacco which it proposes to manufacture for Cambridge Tobacco Company, Inc., of New York, New York. Due consideration has been given to the application and an opinion in support of this order issued simultaneously herewith has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with § 1499.3 (b) of the General Maximum Price Regulation, it is hereby ordered that:

§ 1499.272 *Authorization of a maximum price for a certain Christmas package of smoking tobacco for Larus & Brother Company, Inc.* (a) On and after August 18, 1942, Larus & Brother, Inc., may sell and deliver to Cambridge Tobacco Company, Inc., and Cambridge Tobacco Company, Inc., may buy and receive from Larus & Brother Inc. a Christmas package of smoking tobacco (consisting of 1⅛ ounces each of Bowl of Roses, Cambridge Arms, Jameson's Irish Mixture, Patterson's Rum and Maple, and Patterson's Honey and Rum packed in individual cardboard containers assembled on a circular tray) at a price no higher than that hereinafter set forth:

$7.40 per dozen Christmas packages less 2% cash discount for payment within 10 days.

(b) This Order No. 58 may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 58 (§ 1499.272) shall become effective August 18, 1942. (Pub. Law 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–8039; Filed, August 17, 1942; 11:55 a. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 19 Under § 1499.18 (b) of General Maximum Price Regulation, Docket GF3–25]

PILSER BREWING COMPANY

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.319 *Adjustment of maximum prices for fermented malt beverages manufactured by Pilser Brewing Co. Inc.* (a) Pilser Brewing Co. Inc., of 586 East 161st Street, New York, New York, wholesalers and retailers may sell and deliver and any person may buy and receive from Pilser Brewing Co. Inc., wholesalers and retailers fermented malt beverages manufactured by Pilser Brewing Co. Inc. at prices not higher than those set forth below:

(1) *Pilser Brewing Co. Inc.* The maximum prices established for Pilser Brewing Co. Inc., under § 1499.2 of the General Maximum Price Regulation plus the following amounts:

4 cents per case of 24 twelve ounce bottles.
5 cents per case of 12 quart bottles.
5 cents per case of 6 half gallon bottles.
10 cents per one-eighth barrel.
15 cents per one-quarter barrel.
25 cents per one-half barrel.

Provided, That the adjustments granted with respect to ⅛, ¼ and ½ barrels shall not be applicable to sales to retailers.

(2) *Wholesalers.* The maximum prices established for the particular wholesaler under § 1499.2 of the General Maximum Price Regulation plus the following amounts:

4 cents per case of 24 twelve ounce bottles.
5 cents per case of 12 quart bottles.
5 cents per case of 6 half gallon bottles.
10 cents per one-eighth barrel.
15 cents per one-quarter barrel.
25 cents per one-half barrel.

Provided, That if the particular wholesaler raised his prices during March, 1942, he may add only the excess, if any, of the adjustments permitted hereunder over his March price increases.

(3) *Retailers.* The maximum prices established for the particular retailer under § 1499.2 of the General Maximum Price Regulation plus one cent for 3 twelve ounce bottles, one cent for each quart bottle, and 2 cents for each half gallon bottle; *Provided*, That such prices as increased shall not exceed 27 cents for 3 twelve ounce bottles, 22 cents for each quart bottle, and 39 cents for each half gallon bottle.

(b) The adjustment granted to Pilser Brewing Co. Inc., wholesalers and retailers in paragraph (a) is subject to the following conditions:

(1) The adjustments permitted under paragraph (a) shall only be made in the counties of Bronx, Kings, Nassau, New York, Queens, Richmond, Suffolk and Westchester, State of New York.

(2) Pilser Brewing Co., Inc., shall forthwith, by circular or other appropriate means, notify all wholesalers and retailers selling its fermented malt beverages that they may increase their prices as provided in paragraph (a).

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 19 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 19 (§ 1499.319) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 19 (§ 1499.319) shall become effective August 18, 1942. (Pub. Law No. 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–8029; Filed, August 17, 1942; 11:53 a. m.]

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4738, 5027, 5192, 5276, 4659, 5365, 5445, 5484, 5565, 5575, 5783, 5784, 6058, 6081, 6007, 6216.

*Copies may be obtained from the Office of Price Administration.

PART 1499—COMMODITIES AND SERVICES

[Order 20 Under § 1499.18 (b) of the General Maximum Price Regulation—Docket GF3–24]

OLD DUTCH BREWERS INC.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.320 *Adjustment of maximum prices for fermented malt beverages manufactured by Old Dutch Brewers Inc.* (a) Old Dutch Brewers Inc., of 761 East 42d Street, Brooklyn, New York, wholesalers and retailers may sell and deliver and any person may buy and receive from Old Dutch Brewers Inc., wholesalers and retailers fermented malt beverages manufactured by Old Dutch Brewers Inc., at prices not higher than those set forth below:

(1) *Old Dutch Brewers Inc.* The maximum prices established for Old Dutch Brewers Inc., under § 1499.2 of the General Maximum Price Regulation plus the following amounts:

2½ cents per case of 24 twelve ounce bottles.
5 cents per case of 12 quart bottles.
5 cents per case of 6 half gallon bottles.
10 cents per one-eighth barrel.
15 cents per one-quarter barrel.
25 cents per one-half barrel.

(2) *Wholesalers:* The maximum prices established for the particular wholesaler under § 1499.2 of the General Maximum Price Regulation plus the following amounts:

2½ cents per case of 24 twelve ounce bottles.
5 cents per case of 12 quart bottles.
5 cents per case of 6 half gallon bottles.
10 cents per one-eighth barrel.
15 cents per one-quarter barrel.
25 cents per one-half barrel.

Provided, That if the particular wholesaler raised his prices during March 1942, he may add the excess, if any, of the adjustments permitted hereunder over his March price increases.

(3) *Retailers.* The maximum prices established for the particular retailer under § 1499.2 of the General Maximum Price Regulation plus one cent for four twelve ounce bottles, one cent for each quart bottle, and 2 cents for each half gallon bottle: *Provided*, That such prices as increased shall not exceed 27 cents for four twelve ounce bottles, 17 cents for each quart bottle, and 39 cents for each half gallon bottle.

(b) The adjustment granted to Old Dutch Brewers Inc., wholesalers and retailers in paragraph (a) is subject to the following conditions:

(1) The adjustments permitted under paragraph (a) shall only be made in the counties of Bronx, Kings, Nassau, New York, Queens, Richmond, Suffolk and Westchester, State of New York.

(2) Old Dutch Brewers Inc., shall forthwith, by circular or other appropriate means, notify all wholesalers and retailers selling its fermented malt beverages that they may increase their prices as provided in paragraph (a).

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 20 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 20 (§ 1499.320) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 20 (§ 1499.320) shall become effective August 18, 1942. (Pub. Law No. 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–8040; Filed, August 17, 1942; 11:55 a. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 21 Under § 1499.18 (b) of the General Maximum Regulation—Docket GF1–498–P]

JAMES HANLEY CO.

For the reasons set forth in an opinion issued simultaneously herewith it is ordered:

§ 1499.321 *Adjustment of maximum prices for fermented malt beverages manufactured by James Hanley Company.* (a) James Hanley of 35 Jackson Street, Providence, Rhode Island, wholesalers and retailers, may sell and deliver and any person may buy and receive from James Hanley Company, wholesalers and retailers fermented malt beverages manufactured by James Hanley Company at prices not higher than those set forth below:

(1) *James Hanley Company and wholesalers.* The maximum prices established under § 1499.2 of the General Maximum Price Regulation for James Hanley Company and the particular wholesaler respectively plus the following amounts:

4 cents per case of 24 twelve ounce bottles.
10 cents per case of 12 quart bottles.

Provided, That if the particular wholesaler raised his prices during March 1942, he may add only the excess, if any, of the adjustment permitted hereunder over his March price increases.

(2) *Retailers.* The maximum prices established under § 1499.2 of the General Maximum Price Regulation for the particular retailer plus 1¢ for 3 twelve ounce bottles and 1¢ for each quart bottle: *Provided*, That such prices as increased shall not exceed 27¢ for 3 twelve ounce bottles and 22¢ for each quart bottle.

(b) The adjustment granted to James Hanley Company, wholesalers and retailers in paragraph (a) is subject to the following conditions:

(1) The adjustments permitted under paragraph (a) shall only be made in the State of Connecticut.

(2) James Hanley Company shall forthwith, by circular or other appropriate means, notify all wholesalers and retailers selling its fermented malt beverages that they may increase their prices as provided in paragraph (a).

(c) This Order No. 21 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 21 (§ 1499.321) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 21, (§ 1499.321) shall become effective August 18, 1942. (Pub. Law No. 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Correction of General Permit O.D.T. 17–4][1]

PART 521—CONSERVATION OF MOTOR EQUIPMENT—PERMITS

SUBPART K—MOTOR CARRIERS OF PROPERTY

DELIVERIES TO VESSELS

In General Permit O.D.T. No. 17–4 the reference "§ 501.2878" should read "§ 521.2878" and the reference "§ 501.2879" should read "§ 521.2879". General Permit O.D.T. No. 17–4 is corrected accordingly.

Issued at Washington, D. C., this 14th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

[F. R. Doc. 42–7966; Filed, August 14, 1942; 4:46 p. m.]

[General Order O.D.T. No. 18]

PART 500—CONSERVATION OF RAIL EQUIPMENT

SUBPART C—MAXIMUM LOADING OF FREIGHT CARS

By virtue of the authority vested in me by Executive Order No. 8989, issued December 18, 1941, and in order to make available railway cars and other transportation facilities and equipment for the preferential transportation of material of war, as contemplated by section 6 (8) of the Interstate Commerce Act, as amended; to prevent shortages of equipment necessary for such transportation; to conserve and providently utilize motive power, other transportation facilities and service; and to expedite the movement of freight traffic, the attainment of which purposes is essential to the successful prosecution of the war:

[1] 7 F.R. 5887.

It is hereby ordered, That:

Sec.
500.20 Definitions.
500.21 Maximum loading required.
500.22 Bulk freight loading.
500.23 Non-bulk freight loading.
500.24 Specific commodity loading exceptions; non-bulk freight.
500.25 Specific commodity loading exceptions; bulk freight.
500.26 Miscellaneous loading exceptions.
500.27 General exceptions.
500.28 Maximum loading; consignor's certificate.
500.29 Stop-offs to complete loading and for partial unloading.
500.30 Consolidation of shipments in a single car.
500.31 Filing rate publications; rates not to be increased.

AUTHORITY: §§ 500.20 to 500.31, inclusive, issued under E.O. 8989, 6 F.R. 6725.

§ 500.20 *Definitions.* As used in this subpart:

(a) The term "person" means any individual, firm, copartnership, corporation, association, municipal corporation, or other type of legal entity, or any trustee, receiver, assignee or personal representative thereof.

(b) The term "rail carrier" means any person engaged in transportation as a common carrier by railroad in any of the several States or the District of Columbia.

(c) The term "closed freight car" means any box car, refrigerator car, stock car, or any other closed railway car, except a tank car, used by a rail carrier for the transportation of freight by rail.

(d) The term "open freight car" means any gondola car or hopper car used by a rail carrier for the transportation of freight by rail.

(e) The terms "freight car" and "car" mean any open or closed freight car.

(f) The term "marked load limit" as applied to a freight car means the maximum carrying capacity of said car by weight as ascertained and marked upon said car according to the rules of the Mechanical Division of the Association of American Railroads.

(g) The term "bulk freight" means any non-liquid, non-gaseous commodity shipped loose or in mass and which in the loading or unloading thereof must be shoveled, scooped, forked, or mechanically conveyed or which is not in containers or in units of sufficient size to permit piece by piece loading or unloading.

(h) The term "non-bulk freight" means any liquid or gaseous commodity enclosed in containers and capable of being loaded or unloaded piece by piece or any other commodity not included within the term "bulk freight."

(i) The term "required capacity" as applied to a freight car means the extent to which such car must be loaded in order to comply with the provisions of this subpart.

§ 500.21 *Maximum loading required.* (a) No rail carrier shall accept for transportation or forwarding or forward, any freight car containing freight which is not loaded to required capacity.

(b) Except as otherwise provided in this subpart, a freight car shall be deemed loaded to required capacity if it is loaded either to its marked load limit or to its full visible capacity, whichever is the lesser.

(c) Notwithstanding any provision of this subpart, no car shall be loaded to such an extent or in such manner as to create a transportation hazard or as to cause damage to the lading. Any freight car subject to the provisions of this subpart shall, however, be deemed loaded to required capacity if in the loading thereof efficient stowage practices are followed and it is loaded to the utmost extent without creating a transportation hazard or causing damage to lading.

(d) Notwithstanding any provision of this subpart, no car, the lading in which is to be refrigerated, heated, or ventilated in such car, shall be loaded to such an extent beyond the refrigerating, heating, or ventilating capacity thereof as to cause abnormal deterioration of the lading. Any such car shall, however, be deemed loaded to required capacity if it is loaded to its full refrigerating, heating, or ventilating capacity.

§ 500.22 *Bulk freight loading.* A closed freight car containing bulk freight shall not be deemed loaded to full visible capacity unless it is loaded up to an elevation 18 inches below the roof of the car measured at its side walls or if the interior walls of such car are partially sheathed or lined but not to said elevation, then to the utmost elevation practicable without overrunning the sheathing or lining.

§ 500.23 *Non-bulk freight loading.* A freight car containing non-bulk freight shall not be deemed loaded to required capacity unless all of the practical stowage space within the limits of its marked load limit or full visible capacity, whichever is the lesser, has been filled with containers, bales, bundles, rolls, reels or pieces of commodities constituting the cargo.

§ 500.24 *Specific commodity loading exceptions; non-bulk freight.* Any car subject to the provisions of this subpart shall be deemed loaded to required capacity:

(a) If such car is loaded with non-bulk freight consisting of any one or more of the following commodities: grain products, grain byproducts, cereal food preparations, vegetable oil meal, all in containers, and vegetable oil cake, to a minimum weight of 60,000 pounds or to full visible capacity;

(b) If such car is a closed freight car and is loaded with non-bulk freight consisting of any one or more of the following wood products: lumber, shingles, lath, box and crate material and other kindred wood products, up to an elevation 12 inches below the roof of the car measured at its side walls.

§ 500.25 *Specific commodity loading exceptions; bulk freight.* Any car subject to the provisions of this subpart shall be deemed loaded to required capacity:

(a) If such car is loaded with bulk freight consisting of any one or more of the following commodities: corn or maize (not popcorn) in the ear (shucked or not shucked), oats, unground screenings, sorghum grains in the heads and unthreshed, to 80 per cent of the marked load limit of the car or up to an elevation 24 inches below the roof of the car measured at its side walls or to its full practicable space capacity;

(b) If such car is loaded with bulk freight consisting of shelled corn or maize, threshed sorghum grains or grains other than those mentioned in the next preceding paragraph, to the car's marked load limit or up to an elevation 24 inches below the roof of the car measured at its side walls or up to the lawfully marked grain line of a car so marked or when loaded to full practicable space capacity;

(c) If such car is a closed freight car and is loaded with bulk freight consisting of coal to 80 per cent of the car's marked load limit or if the interior walls of such car are partially sheathed or lined to an elevation insufficient to permit such loading without overrunning the sheathing or lining, then to the utmost elevation practicable without causing such overrunning.

§ 500.26 *Miscellaneous loading exceptions.* Any car subject to the provisions of this subpart shall be deemed loaded to required capacity if it contains freight loaded and moving under and in accordance with "clean-out" or "remnant" rules or "gathering rates and rules" established in applicable tariffs.

§ 500.27 *General exceptions.* This subpart shall not apply:

(a) to cars containing shipments of merchandise as defined in, and loaded in accordance with, General Order O.D.T. No. 1[1] or any amendments or revisions thereof or supplements thereto issued by the Office of Defense Transportation;

(b) to shipments in cars which because of construction or design cannot be interchanged with other carriers under MCB rules;

(c) to shipments in cars containing principally airplanes, marine equipment, armament, artillery, munitions, parts thereof, tools and machinery therefor, or materials used in the production thereof shipped by or consigned to any military, naval or lend lease agency of the United States;

(d) to shipments of cotton and cotton linters, in bales.

(e) to a shipment of any commodity which has been allocated or limited by an order of an agency of the United States Government in such quantity as to preclude shipment of an amount sufficient to meet the maximum loading requirements of this subpart;

(f) to shipments shipped by or consigned to any establishment of the United States Army, Coast Guard, Marine Corps or Navy;

(g) to shipments by any rail carrier of its own material or equipment over its own lines;

[1] 7 F.R. 3046, 3213, 3753.

(h) to shipments of explosives and other dangerous articles as defined and listed in Part 2 of "Regulations for Transportation of Explosives and Other Dangerous Articles"[1] adopted by the Interstate Commerce Commission by order of August 16, 1940, effective January 7, 1941, in Docket No. 3666, pursuant to the provisions of Title 18, Sec. 383, U. S. Code, or on pages 42 to 57, inclusive, of Agent W. S. Topping's Freight Tariff No. 4, I. C. C. No. 4, and amendments thereof or supplements thereto, if the provisions thereof coincide with the provisions of said Part 2.

(i) to any shipment accepted for transportation or forwarding or forwarded as authorized by, and in accordance with, any general or special permit issued by the Office of Defense Transportation in its discretion to meet or overcome an unusual condition or situation in which compliance with this subpart is impractical or impossible without materially hampering the production or distribution of essential war materials, or without loss of transportation efficiency, or would impose undue hardship upon an industry or community;

(j) to shipments as authorized by and in accordance with any special permit issued without unreasonable or undue discrimination or preference by the general manager or division superintendent of the initial rail carrier in a specific case where, in his sound judgment, because of the unusual character of the lading or of unusual circumstances or of undue car detention, he believes compliance with the maximum loading provisions of this subpart would result in the inefficient use, or unduly retard the efficient use, of cars or locomotives. Recurrence of like or similar cases must be covered by special or general permit issued by the Office of Defense Transportation. Weekly reports of all special permits issued by general managers or division superintendents of each rail carrier shall be made to the Office of Defense Transportation by the vice-president in charge of operations of each such rail carrier upon forms prescribed by the Office of Defense Transportation.

§ 500.28 *Maximum loading; consignor's certificate.* (a) When a freight car is loaded by a consignor or on his behalf by any agent other than a rail carrier, such consignor or his authorized agent shall certify on the bill of lading and shipping instructions that such car has been loaded in accordance with the requirements of this subpart, or if the shipment contained in such car falls within any of the general exceptions mentioned in § 500.27 of this subpart he shall specify the governing exception, and if the shipment is authorized under the terms of a special or general permit issued in accordance with paragraphs (i) and (j) of § 500.27 of this subpart he shall refer upon the bill of lading and shipping instructions to such permit by number or other identification. The form of certificate hereby required shall be as prescribed by the Office of Defense Transportation.

(b) When more than one carload consignment is loaded in a single car as contemplated by the provisions of § 500.30, the consignor, or any agent other than a rail carrier in his behalf, who completes loading of the car, shall comply with the requirements of paragraph (a) of this § 500.28.

§ 500.29 *Stop-offs to complete loading and for partial unloading.* (a) Every rail carrier upon reasonable demand by a shipper or consignor of a car and upon reasonable terms, conditions, and charges, shall permit a single stop of such car in transit to complete loading in accordance with § 500.21 of this subpart, and permit an additional stop in transit for partial unloading: *Provided*, That no such carrier is required to permit such stops in connection with shipments of:

(1) Bulk freight;

(2) Livestock or other live animals or live poultry;

(3) Freight consigned to order, or to order notify or otherwise so consigned as to require surrender of bill of lading, written order, or any other document in advance of delivery;

(4) Freight moving without recourse on the consignor or under instructions against its delivery without collection of freight and other lawful charges as provided in the uniform bill of lading;

And, provided further, That no such carrier is required to permit such stops at any prepay or non-agency station.

(b) Any such car while in movement from point of initial loading to stop-off point for additional loading and from stop-off point for partial unloading to final destination shall be exempt from the loading requirements of this subpart.

(c) Nothing in this § 500.29 shall be deemed or construed to limit or restrict any stop-off privileges presently authorized and provided for in rail carrier tariffs on file but, subject to the exceptions contained in § 500.27 of this subpart, such privileges shall be accorded only when the freight car employed is loaded to capacity while in movement from the point of loading or completion of loading to the point of unloading or of first partial unloading.

§ 500.30 *Consolidation of shipments in a single car.* (a) Notwithstanding the provisions of § 500.21 of this subpart, any carrier, or any consignor or consignors, not exceeding three, may consolidate and ship in a single car from one or more points of origin, but not exceeding three such points, two or more carload consignments of the same or different commodities moving at the same or different rates or ratings to one or more, but not exceeding three, consignees at one or more, but not exceeding three, destination points, each of which consignments shall be considered and treated for the purpose of applying rates and charges and rendering transportation service as if shipped in a single car: *Provided*, That:

(1) Between the point of completion of loading of such car and the point of initial unloading, the car is loaded to required capacity,

(2) The character of any portion of the cargo is not of such nature as to contaminate or damage other lading in the car,

(3) Each intermediate point at which a consignment is loaded or unloaded is directly intermediate by way of the direct route of movement of the car from the origin point of the initial consignment to the final destination of such car: *And provided further*, That none of the consolidation services above provided for need be extended or rendered at any prepay or non-agency station.

(b) In computing the rates and charges upon such consignments, each consignment shipped in the car shall be considered, treated as, and the charges computed as for, a separate carload shipment subject to the applicable carload minimum weight on each shipment from the point of origin of such consignment to its destination.

(c) Nothing in this § 500.30 shall be deemed or construed to require the extension or rendering of the consolidation services above provided for in connection with shipments of:

(1) Bulk freight;

(2) Livestock or other live animals or live poultry;

(3) Freight consigned to order, or to order notify, or otherwise so consigned as to require surrender of bill of lading, written order, or any other document in advance of delivery;

(4) Freight moving without recourse on the consignor or under instructions against its delivery without collection of freight and other lawful charges as provided in the uniform bill of lading.

§ 500.31 *Filing rate publications, rates not to be increased.* Every rail carrier required by law to file tariffs of rates, charges, rules or practices shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce and with each appropriate State regulatory body in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect only for the duration of the present emergency unless otherwise ordered, tariffs or appropriate supplements to filed tariffs setting forth any changes in the rates and charges, rules, regulations, or practices of such rail carrier which may be necessary to enable such carrier, consistently with appropriate statutes, to comply with the provisions of this subpart, together with a copy of this subpart; and shall apply to said Commission and each such regulatory body for special permission for such tariffs or supplements to become effective on one-day's, or the absolute minimum period of, notice. Nothing in this subpart shall be deemed or construed as requiring or sanctioning the revision, amendment, change, or alteration of established carload minima or as requiring or approving increases in transportation rates.

Paragraph (i) of § 500.27 and § 500.31, hereof shall become effective upon the date of issuance of this subpart and shall remain in full force and effect until the further order of this Office.

All other sections and provisions hereof shall become effective on the 15th day of September, 1942, and shall remain in full force and effect until the further order of this Office.

Issued at Washington, D. C. this 15th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

[General Order O.D.T. 19]

PART 502—DIRECTION OF TRAFFIC MOVEMENT

SUBPART G—MOVEMENT OF LIQUID CARGO IN BULK IN GREAT LAKES, INLAND WATERWAY, COASTWISE AND INTERCOASTAL SHIPPING

By virtue of the authority vested in me by Executive Order No. 8989, dated December 18, 1941, and in order to assure maximum utilization of the facilities, services, and equipment of carriers of liquid cargo in bulk by water craft for the preferential transportation of materials of war and to prevent shortages of equipment necessary for such transportation, as contemplated by section 6 (8) of the Interstate Commerce Act; to expedite the movement and provide for the maximum flow of such traffic; and to conserve and providently utilize the transportation facilities and services of carriers by water craft, the attainment of which purposes is essential to the successful prosecution of the war:

It is hereby ordered, That:

Sec.
502.60 Definitions.
502.61 Permit required.
502.62 Application for permit.
502.63 Vessels subject to control.
502.64 Records and reports.
502.65 Suspension of provisions.
502.66 Exemptions.
502.67 Effective date.

AUTHORITY: §§ 502.60 to 502.67, inclusive, issued under E.O. 8989, 6 F.R. 6725.

§ 502.60 *Definitions.* As used in this subpart:

(a) The term "person" means any individual, firm, copartnership, corporation, association, governmental corporation, or other type of legal entity or any trustee, receiver, assignee, or personal representative thereof.

(b) The term "vessel" means any water craft or other artificial contrivance of whatever description which is designed or converted for use, and which is used, or is capable of being, or is intended to be used, as a means of transportation by water of liquid cargo in bulk.

(c) The term "domestic transportation" means transportation by water of property between points and places in the United States.

§ 502.61 *Permit required.* No person shall operate any vessel in domestic transportation except in the transportation of such property, from and to such points and places, as may be authorized by general or special permit issued by the Office of Defense Transportation.

§ 502.62 *Application for permit.* Application for permit shall be made in writing to the Office of Defense Transportation and shall be in such form and contain such information as the Office of Defense Transportation shall require.

§ 502.63 *Vessels subject to control.* Every person, upon direction of the Office of Defense Transportation, shall cause any and all vessels operated in domestic transportation, of which such person may have possession or control, to be moved to such loading points, for transportation of such commodity or commodities, to be assigned for loading, to be loaded, unloaded or used in such service, at such times, between such ports, as the Office of Defense Transportation may direct, from time to time, notwithstanding any existing contract, charter, lease, or other commitment, express or implied, for use or service other than that directed: *Provided, however*, That, except as required by a direction or order of the Office of Defense Transportation, this subpart shall not be construed to cancel or modify any contract, charter, lease, or other agreement with respect to vessels or rights arising out of vessel ownership.

§ 502.64 *Records and reports.* Every person owning, chartering, subchartering, leasing, subleasing, loading, unloading, or operating a vessel shall keep such records and make such reports as the Office of Defense Transportation shall require.

§ 502.65 *Suspension of provisions.* The provisions of this subpart or any part thereof may be suspended, from time to time, by order of the Office of Defense Transportation.

§ 502.66 *Exemptions.* The provisions of this subpart shall not apply:

(a) To nationals of a friendly nation with respect to vessels not documented under the laws of the United States;

(b) To the transportation by vessel of property consigned by or to the United States or any department or agency thereof;

(c) To any vessel owned, controlled, or operated by the United States or any department or agency thereof except governmental corporations.

§ 502.67 *Effective date.* This subpart shall become effective on the 10th day of September 1942, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 17th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

[Suspension Order O.D.T. 19-1]

PART 522—DIRECTION OF TRAFFIC MOVEMENT—EXCEPTIONS, SUSPENSIONS, AND PERMITS

SUBPART G—MOVEMENT OF LIQUID CARGO IN BULK IN GREAT LAKES, INLAND WATERWAY, COASTWISE AND INTERCOASTAL SHIPPING

Pursuant to the authority conferred by General Order O.D.T. No. 19,[1] Title 49, Chapter II, Section 502.65.

It is hereby ordered, That:

§ 522.700 *Suspension Order 19-1.* The provisions of § 502.61 of General Order O.D.T. No. 19 shall be and are hereby suspended until further order with respect to the transportation of:

(a) Crude petroleum and petroleum products from any port or shipping point via the Gulf of Mexico or the Gulf Intracoastal Waterway to a destination east or north of the shipping point;

(b) Crude petroleum from points and places west of milepost 200 on the Gulf Intracoastal Waterway to points west of shipping point and east of milepost 300 on the Gulf Intracoastal Waterway;

(c) Crude petroleum from producing oil fields to refining centers located within 60 miles from point of origin;

(d) Crude petroleum and petroleum products northward and eastward along the Atlantic coast, by sea or by the Atlantic Intracoastal Waterway and adjacent and tributary waters, for delivery to any destination in the Atlantic seaboard area of the United States, except northward on the Hudson river above Peekskill;

(e) Petroleum products from Baton Rouge, Louisiana, to New Orleans, Louisiana, for export or for shipment eastward and northward pursuant to the provisions of paragraphs (a) and (d);

(f) Crude petroleum and petroleum products northward on the Mississippi river as far as its junction with the Ohio river and eastward and northward on the Ohio river and its tributaries;

(g) Crude petroleum and petroleum products from the confluence of the New York State barge canal system with the Hudson river generally northward on the Hudson river to the head of navigation and generally southward on the Hudson river to New York harbor points;

(h) Crude petroleum and petroleum products from any point or place on the Great Lakes to Buffalo or Oswego, New York, or to points on the New York State barge canal system including points on the Hudson river;

(i) Crude petroleum and petroleum products eastward on the New York State barge canal system;

(j) Crude petroleum and petroleum products on the Pacific ocean and waters adjacent and tributary thereto;

(k) Crude petroleum and petroleum products between points in the same harbor when the point of destination is not more than 35 miles distant by water from the point of origin. (E.O. 8989, 6

CONSOLIDATED OIL CORPORATION, ET AL.

NOTICE OF AND ORDER FOR HEARING

The Secretary of the Interior having heretofore on April 16, 1942, issued an order to the Consolidated Oil Corporation, Standard Oil Company (Indiana) and various subsidiary and affiliated companies thereof to show cause:

(1) Why the present rate of 70½ cents per barrel charged for transporting oil from the Salt Creek area (by way of Ft. Laramie, Wyoming) to the vicinity of Salt Lake City, Utah, via Stanolind-Utah pipe line, as compared to the proportionately lower rates charged by Stanolind Pipe Line Company from Welch, Wyoming, to Sugar Creek, Missouri, Whiting, Indiana, and Wood River, Illinois, as well as from and to other points, should not be considered as unreasonable and discriminatory;

(2) Why the refusal of the Sinclair Refining Company, a common carrier by pipe line, to accept and convey oil at a reasonable rate from the Salt Creek area, Wyoming, to Parco, Wyoming, for transfer at the latter point to the pipe line of the Utah Oil Refining Company, should not be considered as discriminatory and in violation of the terms of the respective rights of way granting acts;

(3) Why the Sinclair Refining Company and the Utah Oil Refining Company should not be required to establish and maintain appropriate facilities at Parco, Wyoming, for the transfer or transportation of oil at that point between their respective pipe lines and to establish a reasonable and nondiscriminatory joint rate for the transportation of oil from the Salt Creek field, Wyoming, to the vicinity of Salt Lake City, Utah; and

The several companies to whom the order to show cause was addressed having filed responses thereto in which they challenge the jurisdiction of the Department of the Interior over them in any of the matters set out in the show cause order and having requested that a hearing be granted to them;

It is ordered that an oral hearing on the question of the jurisdiction of the Department of the Interior in the matters set out in the order to show cause be held on September 3, 1942, at 10 a. m. in Room 5160, Interior Building, Washington, D. C.

OSCAR L. CHAPMAN,
Assistant Secretary of the Interior.

DEPARTMENT OF LABOR.

Children's Bureau.

LOGGING AND SAWMILL, ETC., OPERATIONS

NOTICE OF PROPOSED AMENDMENT OF HAZARDOUS-OCCUPATIONS ORDER

AUGUST 17, 1942.

Whereas the Chief of the Children's Bureau, United States Department of Labor, issued Hazardous-Occupations Order No. 4 (6 F.R. 3148, June 28, 1941), effective August 1, 1941, providing that all occupations in logging and in the operation of any sawmill, lath mill, shingle mill, or cooperage-stock mill, excepting certain specified occupations, are particularly hazardous for the employment of minors between 16 and 18 years of age, and

Whereas a supplementary investigation has been made which reveals that shortages of labor are limiting production of lumber needed for war purposes, and

Whereas such supplementary investigation also reveals that certain of the above occupations are not as highly hazardous as other occupations covered by such order, and

Whereas it appears that the production of lumber needed for war purposes will be aided by the employment of minors between 16 and 18 years of age in such occupations, and

Whereas, the Chief of the Children's Bureau proposes to issue an order in the form set forth below amending Hazardous Occupations Order No. 4 by adding paragraph (e) to § 422.4 of such order,

Now, therefore, notice is hereby given that any interested person may, within twenty days from the date of publication of this proposed order in the FEDERAL REGISTER, file with the chief of the Children's Bureau, United States Department of Labor, Washington, D. C., written objections thereto. Any person filing such objections may, within ten days from the date of such filing, file a memorandum or brief in support thereof. Any interested person may secure a copy of the report of the Children's Bureau entitled "Occupational Hazards to Young Workers: Supplementary Investigation of the Sawmilling Industry" upon request made to the Chief of the Children's Bureau, United States Department of Labor, Washington, D. C.

Proposed Order

It is ordered that § 422.4 of Part 422 of Chapter IV, Title 29, Code of Federal Regulations, is hereby amended so as to include the following paragraph, to be designated as paragraph (e):

(e) Notwithstanding the provisions of paragraph (a) of this section, during the continuance of the present war and for six months after the termination thereof this order shall not apply to saw filing, except in connection with logging operations; packing shingles; straightening, marking, tallying, or pulling lumber from the dry chain, the drop sorter, or the green chain (other than the pulling of lumber larger than 1 inch by 6 inches in size from the green chain); unstacking from the dry kiln; clean-up in the lumber yard; or the handling or shipping of dry lumber or of lumber products in yards or sheds of sawmills, lath mills, shingle mills, or cooperage-stock mills excepting the operation of cranes, lumber carriers, and other power-driven equipment, and the occupation of crane hooker.

This amendment shall become effective upon publication in the FEDERAL REGISTER and shall remain in force during the continuance of the present war and for six months after the termination thereof, or until amended or repealed by order hereafter made and published by the Chief of the Children's Bureau, whichever is earlier.

[SEAL] KATHARINE F. LENROOT,
Chief of the Children's Bureau.

Wage and Hour Division.

[Administrative Order No. 150]

CANDY AND RELATED PRODUCTS MANUFACTURING INDUSTRY

APPOINTMENT OF INDUSTRY COMMITTEE NO. 47

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, L. Metcalfe Walling, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the Candy and Related Products Manufacturing Industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the Public: Paul F. Brissenden, Chairman, New York, New York; Mrs. Glen E. Plumb, Chicago, Illinois; Leland J. Gordon, Granville, Ohio; Robert P. Brooks, Athens, Georgia; E. B. Alderfer, Drexel Hill, Pennsylvania.

For the employees: Martin Kyne, New York, New York; A. A. Myrup, Washington, D. C.; William Schnitzler, Newark, New Jersey; James Cross, Chicago, Illinois; Barney Henley, Charleston, South Carolina.

For the Employers: Amelio Obici, Wilkes-Barre, Pennsylvania; A. F. Dirksen, Chicago, Illinois; Herman L. Heide, New York, New York; Theodore White, San Francisco, California; Carl E. Gill, Dorchester, Massachusetts;

2. For the purpose of this order the term "candy and related products manufacturing industry" means:

The production of candies and related products, including, but without limitation, stuffed fruits; candied, crystallized or glace fruits and fruit peels; candied popcorn; salted, sugared or roasted nuts; chocolate and cocoa products; marshmallow crème; and chewing gum: *Provided*, That the shelling and cleaning of nuts are excluded except where the operations are performed in plants also engaged in the further processing of nuts.

3. The definition of the candy and related products manufacturing industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however*, That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet at 10:00 a. m. on September 3, 1942 in the College Room of the Hotel Astor, New York City, and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at New York, New York, this 14th day of August 1942.

L. METCALFE WALLING,
Administrator.

LEARNER EMPLOYMENT CERTIFICATES

NOTICE OF ISSUANCE

Notice of issuance of Special Certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum wage rate applicable under section 6 of the Act are issued under section 14 thereof, Part 522 of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862, and as amended June 25, 1942, 7 F.R. 4723), and the determination and order or regulation listed below and published in the FEDERAL REGISTER as here stated.

Apparel Learner Regulations, September 7, 1940 (5 F.R. 3591).

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear, Rainwear, Robes, and Leather and Sheep-Lined Garments Divisions of the Apparel Industry, Learner Regulations, July 20, 1942 (7 F.R. 4724).

Artificial Flowers and Feathers Learner Regulations, October 24, 1940 (5 F.R. 4203).

Glove Findings and Determination of February 20, 1940, as amended by Administrative Order of September 20, 1940 (5 F.R. 3748).

Hosiery Learner Regulations, September 4, 1940 (5 F.R. 3530).

Independent Telephone Learner Regulations, September 27, 1940 (5 F.R. 3829).

Knitted Wear Learner Regulations, October 10, 1940 (5 F.R. 3982).

Millinery Learner Regulations, Custom Made and Popular Priced, August 29, 1940 (5 F.R. 3392, 3393).

Textile Learner Regulations, May 16, 1941 (6 F.R. 2446)

Woolen Learner Regulations, October 30, 1940 (5 F.R. 4302).

Notice of Amended Order for the Employment of Learners in the Cigar Manufacturing Industry, July 29, 1941 (6 F.R. 3753).

The employment of learners under these certificates is limited to the terms and conditions as to the occupations, learning periods, minimum wage rates, et cetera, specified in the Determination and Order or Regulation for the industry designated above and indicated opposite the employer's name. These certificates become effective August 17, 1942. The certificates may be cancelled in the manner provided in the Regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof.

[Administrative Order No. 151]

ORDER DESIGNATING CORNELIUS J. DANAHER AS REPRESENTATIVE

Designating Cornelius J. Danaher, Commissioner, Connecticut Department of Labor and Factory Inspection, as authorized representative to grant or deny applications for special certificates for the employment of handicapped workers, and to cancel such special certificates.

By virtue of, and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, William B. Grogan, Acting Administrator of the Wage and Hour Division, Department of Labor, hereby designate Cornelius J. Danaher, Commissioner, Connecticut Department of Labor and Factory Inspection, as my authorized representative, with full power and authority to grant or deny applications for special certificates for the employment of handicapped workers, and to sign, issue and cancel special certificates authorizing the employment of handicapped workers pursuant to the provisions of section 14 of the Fair Labor Standards Act of 1938 and Regulations, Title 29—Labor, Chapter V—Wage and Hour Division, Part 524.

Signed at New York, New York, this 7th day of August, 1942.

WILLIAM B. GROGAN,
Acting Administrator.

OFFICE OF THE ALIEN PROPERTY CUSTODIAN.

[Vesting Order No. 51]

VESTING INTEREST OF UBERSEE FINANZ-KORPORATION, A. G., ET AL., IN CONTRACT WITH AMERLAGENE, INC.

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

All right, title and interest of Ubersee Finanz-Korporation, A. G., (Overseas Finance Corporation, Limited) and/or Arnhold and S. Bleichroeder, Inc., a New York corporation, in and to that certain contract executed under date of October 18, 1940 by and between said Arnhold and S. Bleichroeder, Inc., and Amerlagene, Inc., a Delaware corporation,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany); and

(b) That the property described as follows:

All income, profits and other property heretofore accrued or which may hereafter accrue to Ubersee Finanz-Korporation, A. G., (Overseas Finance Corporation, Limited) and Arnhold and S. Bleichroeder, Inc., a New York corporation, or either of them, by virtue of the aforesaid contract dated October 18, 1940,

is part and parcel of the property hereinbefore described in subparagraph (a), but determining that to the extent, if any, that it is not, it is necessary for the maintenance or safeguarding of other property [namely, that hereinbefore described in subparagraph (a)] belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive Order;

and determining that to the extent that either or both of such nationals are persons not within a designated enemy country the national interest of the United States requires that they be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national

[1] 7 F.R. 5205.

interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such returns should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on July 10, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

[F. R. Doc. 42–7887; Filed, August 13, 1942; 10:00 a. m.]

[Vesting Order No. 70]

997 SHARES OF THE CAPITAL STOCK OF MIDLAND INVESTMENT COMPANY

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

997 shares of $100 par value common capital stock of Midland Investment Company, an Illinois corporation, registered in the name of and owned by L. Zulelkha von Vietinghoff, whose last known address was represented to the undersigned as being 10a Corneliustrasse, Berlin, Germany; and

All right, title and interest of the aforesaid L. Zulelkha von Vietinghoff in and to three additional shares of such stock, one such share being registered in the name of Edwin H. Cassels, a second in the name of Edward H. Carus, and the third in the name of Karl Gruenwald;

is property of, and represents control of a business enterprise within the United States which is, a national of a designated enemy country (Germany), and determining that to the extent that either or both of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Germany) or a person within such country, and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on July 30, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

[Vesting Order No. 72]

98 SHARES OF THE CAPITAL STOCK OF JOHANN MARIA FARINA, INC.

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

98 shares of no par value common capital stock of Johann Maria Farina, Inc., a New York corporation, owned by Franz Karl von Bock, whose last known address was represented to the undersigned as being Cologne, Germany,

is property of, and represents control of a business enterprise within the United States which is, a national of a designated enemy country (Germany), and determining that to the extent that either or both of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6074]

PORT ARTHUR COLLEGE

ORDER DENYING PETITION, ETC.

In re application of Port Arthur College (KPAC) Port Arthur, Texas for modification of license.

At a general session of the Federal Communications Commission held at its offices in Washington, D. C., on the 11th day of August, 1942;

Upon consideration of the petition filed May 19, 1942, by Port Arthur College (KPAC), Port Arthur, Texas, for grant without hearing of the above-described application;

It is ordered, That said petition be, and the same is hereby, denied;

It is further ordered, That the issues heretofore released on the application be, and the same are hereby, amended to read as follows:

1. To determine whether the granting of the application would be consistent with the Standards of Good Engineering Practice, particularly as to transmitter location.

2. To determine the nature, extent and character of the interference which the operation of station KPAC as proposed herein would cause to Mexican Stations XESJ, at Saltillo, Coah.; XEDL, at Hermosillo; XEDK, at Guadalajara; and XETF, at Vera Cruz.

3. To determine whether the operation of KPAC, as proposed, would be consistent with the provisions of the North American Regional Broadcasting Agreement.

4. To determine the areas and populations served by KPAC as now operated and the areas and populations which would be served by the operation of Station KPAC, as proposed, as well as the broadcast service available thereto.

5. To determine whether in view of the foregoing, public interest, convenience or necessity would be served by granting the application.

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

[R. F. Doc. 42–8007; Filed, August 17, 1942; 10:07 a. m.]

[Docket No. 5972]

JOE L. SMITH, JR. (WJLS)

NOTICE OF HEARING

In re application of Joe L. Smith, Jr., (WJLS), dated February 8, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, Beckley, West Virginia; operating assignment specified: frequency 560 kc., power 100 w. night, 250 w. day; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine whether granting of this application would be consistent with the Standards of Good Engineering Practice, particularly in view of the expected nighttime interference limitation to the service of the proposed station.

2. To determine the extent of any interefence which would result from the simultaneous operation of Station WJLS as proposed herein and Station WCHS.

3. To determine the areas and populations which may be expected to lose primary service particularly from Station WCHS, should Station WJLS operate as proposed herein and what other broadcast service is available to these areas and populations.

4. To determine whether the radiating system complies with the Standards of Good Engineering Practice particularly with reference to the minimum height requirements for 560 kc.

5. To determine the areas and populations which may be expected to gain primary service from the operation of Station WJLS as proposed and what other broadcast service is available to these areas and populations.

6. To determine the areas and populations which would lose primary service from Station WJLS if this application is granted, and what other broadcast service is available to these areas and populations.

7. To determine whether Station WJLS operating as proposed herein would provide a minimum field intensity of 25 to 50 mv/m over the business district of Beckley, West Virginia.

8. To determine whether the granting of this application would be consistent with the Standards of Good Engineering Practice and proper allocation of broadcast facilities (Footnote 4, Page 3, Standards of Good Engineering Practice).

9. To determine whether the granting of this application would be consistent with the policy set forth in the Commission's Memorandum Opinion of April 27, 1942.

10. To determine whether, in view of the foregoing, the granting of this application would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows: Mr. Joe L. Smith, Jr., Radio Station WJLS, 608 Woodlawn Avenue, Beckley, West Virginia.

Dated at Washington, D. C., August 13, 1942.

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 6384]

METRO-GOLDWYN-MAYER STUDIOS, INC. (K 61 LA)

NOTICE OF HEARING

In re application of Metro-Goldwyn-Mayer Studios, Inc. (K 61 LA), dated February 10, 1942, for modification of construction permit; class of service, high frequency broadcast; class of station, high frequency broadcast; location, Los Angeles, California; Operating assignment specified: Frequency, 46,100 kcs.; coverage: 7,000 square miles; power, hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the cost of completing the construction authorized in permit No. B5–PH–90, and the financial outlay, if any, incurred in connection therewith by the applicant, prior to April 27, 1942.

2. To determine when the construction heretofore authorized in permit No. B5–PH–90, was actually commenced.

3. To determine what materials and equipment the applicant has on hand or available for the construction authorized by permit No. B5–PH–90 and the additional materials and equipment, if any, necessary for the completion thereof.

4. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its Memorandum Opinion dated April 27, 1942.

5. To determine whether, in view of the foregoing, public interest, convenience and necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows: Metro-Goldwyn-Mayer Studios, Inc., 1540 Broadway, New York, New York.

Dated at Washington, D. C., August 13, 1942.

BOSTON, MASS.—ST. STEPHEN, N. B.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Eastern Greyhound Lines of New England (Division of The Greyhound Corporation), Cleveland, Ohio, Boston & Maine Transportation Company, Boston, Massachusetts, and Maine Central Transportation Company, Portland, Maine, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

1. Eastern Greyhound Lines of New England, Boston & Maine Transportation Company and Maine Central Transportation Company (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between Boston, Massachuetts, and St. Stephen, New Brunswick, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment in extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service, travel information, and ticket sales shall be impartial, without preference or discrimination for or against any of such carriers.

2. Eastern Greyhound Lines of New England shall suspend service on its routes between Boston, Massachusetts, and Concord, New Hampshire, and between Portland, Maine, and Belfast, Maine, and forthwith, shall file with the Interstate Commerce Commission and the appropriate state regulatory bodies a notice describing the routes to be suspended in compliance herewith. It shall operate no service between Belfast, Maine, and Bangor, Maine.

3. Boston & Maine Transportation Company shall operate a through service of not to exceed nine round trips daily between Boston, Massachusetts, and Portland, Maine. Eastern Greyhound Lines of New England shall operate a through service of not to exceed seven round trips daily between such points.

4. Maine Central Trahsportation Company shall operate a through service of not to exceed three round trips daily between Portland, Maine, and Bangor, Maine, via Augusta, Maine. Eastern Greyhound Lines of New England shall operate a through service of not to exceed two round trips daily between such points.

5. Maine Central Transportation Company and Eastern Greyhound Lines of New England shall each operate a through service of not to exceed one round trip daily between Bangor, Maine, and St. Stephen, New Brunswick.

6. The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce and with each appropriate State regulatory body in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order, together with a copy of this order; and forthwith shall apply to said Commission and each such regulatory body for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective August 25, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 17th day of August 1942.

JOSEPH B. EASTMAN, *Director of Defense Transportation.*

[F. R. Doc. 42-8032; Filed, August 17, 1942; 11:48 a. m.]

[Special Order O.D.T. No. B-14]

FORT WAYNE, IND.—TERRE HAUTE, IND.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Indiana Railroad Company, Indianapolis, Indiana, A. B. C. Coach Lines, Inc., Fort Wayne, Indiana, and Pennsylvania Greyhound Lines, Inc., Cleveland, Ohio, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

1. Indiana Railroad Company, A. B. C. Coach Lines, Inc., and Pennsylvania Greyhound Lines, Inc. (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between Fort Wayne, Indianapolis, and Terre Haute, Indiana, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment in extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service, travel information, and ticket sales shall be impartial,

without preference or discrimination for or against any of such carriers.

2. Pennsylvania Greyhound Lines, Inc. shall restrict its operations between Indianapolis, Indiana, and Terre Haute, Indiana to through schedules extending beyond Terre Haute. Local schedules between such points shall be operated by Indiana Railroad Company.

3. The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce, and with each appropriate State regulatory body in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order together with a copy of this order; and forthwith shall apply to said Commission and each such regulatory body for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective August 25, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 17th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

OFFICE OF PRICE ADMINISTRATION.

[Order No. 6—Maximum Price Regulation No. 148 [1]—Dressed Hogs and Wholesale Pork Cuts, Docket No. 3148-9]

HUMPHREY SUPPLY COMPANY

PETITION FOR ADJUSTMENT GRANTED

On April 30, 1942, the Humphrey Supply Company, Reno, Nevada, filed a protest to Temporary Maximum Price Regulation No. 8 which was denied as a protest and refiled on June 17, 1942, as a petition for an adjustment pursuant to § 1364.29 (a) of Maximum Price Regulation No. 148. Due consideration has been given to the petition, and an opinion in support of this Order No. 6 has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, it is hereby ordered:

(a) The Humphrey Supply Company may sell and deliver, and agree, offer, solicit, and attempt to sell and deliver, the kinds of wholesale pork cuts set forth in paragraph (b), at prices not in excess of those stated therein. Any person may buy and receive such kinds of wholesale pork cuts at such prices from the Humphrey Supply Company.

	Cents per pound
(b) Regular hams smoked	35
Skinned hams smoked	36
Picnics fresh or frozen	26
Picnics smoked	29½
Smoked bacon	31½

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 6 may be revoked or amended by the Price Administrator at any time.

(e) Unless the context otherwise requires, the definitions set forth in § 1364.32 of Maximum Price Regulation No. 148 shall apply to terms used herein.

This Order No. 6 shall become effective August 17, 1942.

Issued this 15th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8004; Filed, August 15, 1942; 12:25 p. m.]

[Order 14 Under Supplementary Regulation 1[1] To General Maximum Price Regulation]

TOPLIS AND HARDING, INC.

ORDER APPROVING REGISTRATION

An opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The following company has registered with and been approved by the Office of Price Administration as principally and primarily engaged in the business of reconditioning and selling damaged commodities received in direct connection with the adjustment of losses from insurance companies, transportation companies or agents of the United States Government, and whose other activities do not include selling new or second-hand commodities for its own account: Toplis and Harding, Inc., 116 John Street, New York, New York.

Pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 it is hereby ordered:

(a) That sales or deliveries by Toplis and Harding, Inc., New York, New York, be, and the same hereby are, excepted from the General Maximum Price Regulation in accordance with § 1499.26 (b) (1) of Supplemetary Regulation No. 1.

(b) This Order No. 14 shall become effective August 18, 1942.

Issued this 17th day of August, 1942.

LEON HENDERSON,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 60-19, 37-28]

TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORP. ET AL.

ORDER DISMISSING PROCEEDINGS; ORDER OF SEVERANCE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 13th day of August, A. D. 1942.

In the Matter of Denis J. Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corporation, Gilbert Associates, Inc., File No. 60-19, and Atlantic Utility Service Corporation, File No. 37-28.

The Commission, on July 15, 1942, having instituted proceedings, *In the Matter of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation and Gilbert Associates, Inc.*, pursuant to sections 2 (a) (8) (B), 2 (a) (11) (D), 12 (f), 13 (b), 13 (e), 13 (f), and 18 of the Public Utility Holding Company Act of 1935, and having consolidated the same with proceedings on the application of Atlantic Utility Service Corporation for approval as a mutual service company; and

Due notice having been given, hearings having been held in these matters and the Commission having entered its opinion in regard thereto;

It is hereby ordered, That the proceedings in these matters heretofore consolidated be and hereby are severed.

It is further ordered, That the proceedings instituted by the Commission, *In the Matter of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation* and *Gilbert Associates, Inc.*, (File 60-19) be and hereby are dismissed, without prejudice to the institution of further or new proceedings in such matter, as may be warranted in the public interest and in the interest of investors and consumers.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-576]

NEW ENGLAND POWER SERVICE CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 8th day of August 1942.

New England Power Service Company, a subsidiary service company of New England Power Association, a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 7 thereof, concerning the following transaction:

The borrowing from banks from time to time of sums not exceeding in the aggregate more than $500,000 at one time and the issuing therefor a note or notes to mature in not more than six months, the funds so to be borrowed to be used solely to finance work under war contracts. Said notes will be either unsecured or secured by an assignment of claims for money due under any or all of said war contracts, and will be issued upon such reasonable terms and conditions as will enable New England Power Service Company to obtain the necessary funds economically and expeditiously.

Said declaration having been filed on July 12, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period prescribed in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and for the protection of investors and consumers to permit said declaration to become effective and finding with respect to said declaration under section 7 of said Act that the requirements of section 7 (c) of said Act are satisfied and that no adverse findings are necessary under section 7 (d) of said Act:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act, that the aforesaid declaration be and hereby is permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24, and to the further condition set forth by declarant in the amendment of its declaration filed August 6, 1942, that any net profits resulting from work under the war contracts shall inure to the benefit of the operating subsidiaries of the holding-company system serviced by declarant, such profits to be disposed of only after prior approval of this Commission, jurisdiction being reserved herein and pursuant to sections 13 and 15 of said Act, to insure the carrying out of this condition in an appropriate manner.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-573]

BROCKTON EDISON CO., ET AL

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 14th day of August 1942.

In the Matter of Brockton Edison Company, Montaup Electric Company, Blackstone Valley Gas and Electric Company, and Fall River Electric Light Company.

Brockton Edison Company (hereinafter called Brockton), Montaup Electric Company (hereinafter called Montaup) and Blackstone Valley Gas and Electric Company (hereinafter called Blackstone), all subsidiaries of Eastern Utilities Associates, a registered holding company, and Fall River Electric Light Company (hereinafter called Fall River), a subsidiary of New England Power Association, a registered holding company, having filed applications and declarations pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b), 10 and 12 (d) thereof, concerning the following transactions:

(1) The issue and sale by Brockton of $1,900,000 of 10-year 3% notes to the New England Mutual Life Insurance Company and John Hancock Mutual Life Insurance Company under a trust indenture between Brockton and Old Colony Trust Company, Boston, Massachusetts, as Trustee.

(2) The issue and sale by Montaup to Brockton of 12,750 shares of its common stock at par ($100 per share). Montaup will use the proceeds thereof to reimburse itself for expenditures heretofore made for capital additions and to provide a portion of funds required to complete such additions. Inasmuch as the rights to subscribe to these 12,750 shares will in the first instance accrue to Blackstone, Brockton and Fall River pursuant to an agreement among them, Montaup will issue warrants entitling these companies to subscribe to the 12,750 shares as follows:

	Shares
Blackstone	4,347,170
Brockton	2,306,608
Fall River	6,096,222

Blackstone and Fall River will thereupon assign their subscription warrants to Brockton without consideration, and Brockton will acquire and exercise such subscription rights, in addition to its own.

(3) Of the $1,900,000 to be received by Brockton from the sale of the said notes, $1,275,000 will be invested in common stock of Montaup as above indicated. Of the remaining $625,000, $460,000 will be applied by Brockton to the payment of short-term bank loans incurred providing funds for capital additions, and $165,000 will be used to reimburse Brockton for funds previously used for capital additions and now needed to maintain a minimum cash position.

(4) The issuance and sale by Montaup to Blackstone of 30,000 shares of its common stock in payment of a $3,000,000 note of Montaup now held by Blackstone. This is being done pursuant to a provision in said note whereunder said note is convertible at the option of either Montaup or Blackstone into common stock of Montaup at the rate of one share of such common stock for each $100 principal amount of such note.

Said applications and declarations having been filed on July 8, 1942, and the last amendment thereto having been filed on August 11, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for hearing with respect to said declarations within the period prescribed in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and for the protection of investors and consumers to grant said applications and to permit said declarations to become effective, and finding with respect to said applications and declarations under section 10 of said Act that no adverse findings are necessary under sections 10 (b) and 10 (c) (1) and that the transactions involved have the tendency required by section 10 (c) (2);

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid applications as amended be and hereby are granted and the aforesaid declarations as amended be and hereby are permitted to become effective forthwith.

By the Commission, Commissioner Healy dissenting for the reason set forth in his memorandum of April 1, 1940.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-546]

MISSOURI EDISON CO. AND EAST MISSOURI POWER CO.

ORDER APPROVING APPLICATIONS SUBJECT TO CERTAIN CONDITIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 13th day of August, A. D., 1942.

Missouri Edison Company and East Missouri Power Company having filed a joint application and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, for an exemption from the provisions of section 6 (a) of the Act with respect to the following transactions:

a. Missouri Edison Company proposes (1) to issue and sell privately to The Connecticut Mutual Life Insurance Company $550,000 principal amount of its 3¾% first mortgage bonds to be dated January 1, 1942 and due January 1, 1967 at an approximate price of 101.52% of their principal amount ($558,378.87) plus accrued interest to date of delivery, and (2) to issue and sell privately to American National Bank and Trust Company of Chicago $70,000 principal amount of its 3% Serial Unsecured Notes payable over a six and one-half year period in twenty-five quarterly payments of $2,250 each and a final payment of $13,750. The company proposes to apply the proceeds of such sales, together with other of its moneys to the extent required, to the redemption at par plus accrued interest of its total outstanding 5½% First Mortgage Gold Bonds, 1927 Series, in the principal amount of $636,700, due December 1, 1947.

b. East Missouri Power Company proposes to issue and sell privately to The Connecticut Mutual Life Insurance Com-

pany $218,000 principal amount of its 3¾% first mortgage bonds to be dated January 1, 1942, and due January 1, 1967, at an approximate price of 105.02% of their principal amount ($228,951.13) plus accrued interest to date of delivery. The company proposes to apply the proceeds of such sale, together with other of its moneys to the extent required, to the redemption at 104 plus accrued interest, of its total outstanding 5% first mortgage bonds, Series A, due March 1, 1956 in the principal amount of $218,000.

A public hearing having been held after appropriate notice, and the Commission having considered the record and having made and filed its findings and opinion herein;

It is ordered, That said applications as amended be, and the same hereby are, approved, subject, however, to the conditions prescribed in Rule U-24 and to the following further conditions:

1. Missouri Edison Company shall not declare or pay any dividend on any shares of its common stock (other than dividends payable solely in shares of its common stock) or make any distribution upon any shares of its common stock or purchase or otherwise retire any shares of its common stock, except out of earned surplus earned subsequent to December 31, 1941; and until all of the serial unsecured notes in the aggregate principal amount of $70,000 proposed to be issued by Missouri Edison Company shall be fully paid (without replacement in whole or in part by any debt security), no such dividend, payment, distribution, purchase or retirement shall be made unless the earned surplus earned subsequent to December 31, 1941 remaining after such payment, distribution, purchase or retirement, shall be equal to the greater of (a) the aggregate principal amount of serial unsecured notes of the company which shall have matured, or (b) fifty per cent of the aggregate net income earned subsequent to December 31, 1941, available (except for this restriction) for the payment of common dividends.

2. Missouri Edison Company shall, within 30 days from the date of the issuance and sale of its mortgage bonds and serial notes, eliminate the $120,000 of write-up presently reflected in its utility plant and common stock accounts by (a) a charge to common stock account and a credit to capital surplus account of $120,000, respectively, and (b) concurrently therewith a charge to capital surplus account and a credit to utility plant account of $120,000.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 42-7977; Filed, August 15, 1942; 9:22 a. m.]

[File No. 70-568]

THE NORTH AMERICAN COMPANY

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 14th day of August, A. D. 1942.

Notice is hereby given that an application or declaration (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The North American Company; and

Notice is hereby given that any interested party may, not later than August 27, 1942 at 5:30 p. m., E. W. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested parties are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transaction therein proposed, which is summarized below:

The declarant, The North American Company, a registered holding company, proposes to pay on October 1, 1942, a dividend to its holders of common stock of record on September 5, 1942. Such dividend will be payable in the capital stock of The Detroit Edison Company, owned by declarant at the rate of one share of capital stock of The Detroit Edison Company on each fifty shares of common stock of the declarant outstanding. No certificates will be issued for fractions of shares of stock of The Detroit Edison Company, but, in lieu thereof, cash will be paid at the rate of 31 cents for each 1/50th of a share of stock of The Detroit Edison Company. The declarant estimates that to pay the above mentioned dividend it will have to distribute not more than 155,000 shares of the 452,298 shares of the capital stock of The Detroit Edison Company owned by it; that the amount of cash to be distributed in lieu of fractional shares of such capital stock will not exceed $325,000; and the payment of this dividend will result in a charge to earned surplus of approximately $4,100,000.

By the Commission.

Washington, Wednesday, August 19, 1942

The President

EXECUTIVE ORDER 9222

AUTHORIZING THE PAYMENT OF MONETARY ALLOWANCES IN LIEU OF TRANSPORTATION IN KIND FOR DEPENDENTS OF OFFICERS, WARRANT OFFICERS, AND ENLISTED MEN ABOVE THE FOURTH GRADE OF THE ARMY, NAVY, MARINE CORPS, COAST GUARD, COAST AND GEODETIC SURVEY, AND THE PUBLIC HEALTH SERVICE UPON PERMANENT CHANGE OF STATION

By virtue of the authority vested in me by section 12 of the Pay Readjustment Act of 1942, approved June 16, 1942 (Public Law 607, 77th Congress), and as President of the United States, it is hereby ordered as follows:

1. The heads of the respective departments and establishments concerned are hereby authorized, in lieu of transportation in kind for travel of dependents of officers, warrant officers, and enlisted men above the fourth grade of the Army, Navy, Marine Corps, Coast Guard, Coast and Geodetic Survey, and Public Health Service authorized by the fifth paragraph of the said section 12 upon permanent change of station, to make payment in money of amounts equal to commercial transportation costs for the whole or such part of the travel of such dependents for which transportation in kind is not furnished when such travel shall have been completed.

2. The heads of the respective departments and establishments concerned may prescribe additional regulations not inconsistent herewith or with the terms of the said section 12 as may be necessary for carrying out the provisions of this order.

3. This order shall supersede Executive Order No. 3726, dated August 25, 1922, and shall become effective as of June 1, 1942.

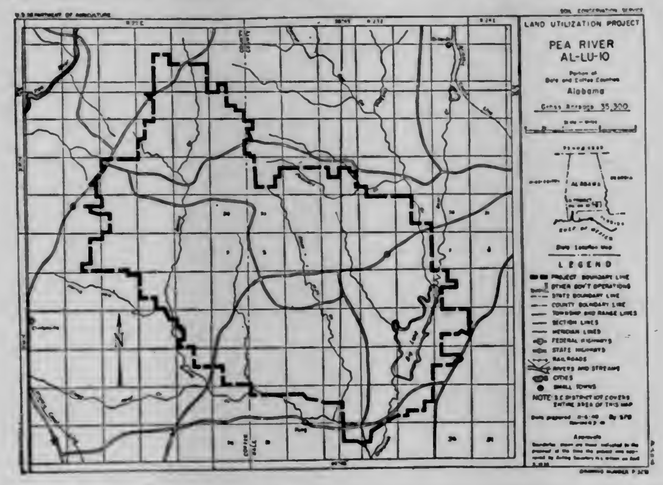
priation Act of 1935, approved April 8, 1935 (49 Stat. 115), and Title III of the Bankhead-Jones Farm Tenant Act, approved July 22, 1937 (50 Stat. 522, 525), in connection with the Pea River Land Utilization Project of the Department of Agriculture; and



WHEREAS by Executive Order No. 7908 of June 9, 1938,[1] all the right, title, and interest of the United States in those lands acquired, or in the process of acquisition, under the authority of the aforesaid National Industrial Recovery Act and the Emergency Relief Appropriation Act of 1935 were transferred to the Secretary of Agriculture for use, administration, and disposition in accordance with the provisions of Title III of the aforesaid Bankhead-Jones Farm Tenant Act, and the related provisions of Title IV *however*, that the Secretary of Agriculture shall retain such jurisdiction over the lands now in process of acquisition by the United States as may be necessary to enable him to complete their acquisition.

It is intended that the lands transferred by this order shall be returned to the Secretary of Agriculture, for use, administration, and disposition pursuant to Title III of the said Bankhead-Jones Farm Tenant Act, when they are no longer needed for military purposes.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
August 15, 1942.

[F. R. Doc. 42–8044; Filed, August 17, 1942; 3:05 p. m.]

thereof; and immediately upon the acquisition of legal title to those lands now in process of acquisition under the authority of said acts, said order, under the terms thereof, will become applicable to all the additional right, title, and interest thereby acquired by the United States; and

WHEREAS it appears that the use of such lands by the Secretary of War for military purposes would best carry out the land-conservation and land-utilization program for which such lands were acquired, and would be in the public interest:

NOW, THEREFORE, by virtue of the authority vested in me by section 32 of Title III of the aforesaid Bankhead-Jones Farm Tenant Act, and upon recommendation of the Secretary of Agriculture, it is ordered that all lands acquired, or in process of acquisition, by the United States within the area delineated on the diagram attached hereto and made a part hereof, together with the improvements thereon, be, and they are hereby, transferred to the Secretary of War for military purposes: *Provided,*

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 4528]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

LOUIS A. WALTON CO., ET AL.

§ 3.6 (c) *Advertising falsely or misleadingly—Composition of goods:* § 3.66 (a 7) *Misbranding or mislabeling—Composition:* § 3.96 (a) *Using misleading name — Goods.— Composition.* In connection with offer, etc., in commerce, of fabrics or articles of clothing, and among other things, as in order set forth, (1) using the word "Alpaca", or any simulation thereof, either alone or in connection or conjunction with any other word or words to designate, describe, or refer to any product which is not composed entirely of the hair of the alpaca; (2) using the term "Camel Hair", or any other word or words of similar import and meaning, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of the hair of the camel; (3) using the word "Wool", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of wool; (4) using the word "Mohair", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of hair of the Angora goat; and (5) using the word "Silk," or any simulation thereof, either alone or in connection or conjunction with any other word or words to designate, describe, or refer to any material which is not composed entirely of silk, the product of the cocoon of the silkworm; prohibited, subject to the respective provisions, however, as respects aforesaid prohibitions, (1) that in the case of a product composed in part of the hair of the alpaca and in part of other fibers or materials, word "Alpaca" may be used as descriptive of the alpaca hair content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials; (2) that in the case of a product composed in part of the hair of the camel and in part of other fibers or materials, term "Camel" may be used as descriptive of the camel hair content, subject to the qualification hereinbefore set forth; (3) that in the case of a product composed in part of wool and in part of other fibers or materials, word "Wool" may be used as descriptive of the wool content, subject to the aforesaid qualification; (4) that in the case of a product composed in part of the hair of the Angora goat and in part of other fibers or materials, word "Mohair" may be used as descriptive of the Angora content, subject to the aforesaid qualification; and (5) as respects use of word "Silk", that in the case of a product composed in part of silk, the product of the cocoon of the silkworm, and in part of other fibers or materials, word "Silk" may be used as descriptive of the silk content, subject to the aforesaid qualification; and subject to the further proviso that no provision of order in question shall be construed as relieving respondents in any respect of the necessity of complying with the requirements of the Wool Products Labeling Act of 1939 and the rules and regulations promulgated thereunder. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Louis A. Walton Co., et al., Docket 4528, August 14, 1942].

§ 3.6 (a) *Advertising falsely or misleadingly—Business status, advantages or connections of advertiser—Stock:* § 3.6 (c) *Advertising falsely or misleadingly—Composition of goods:* § 3.66 (a 7) *Misbranding or mislabeling—Composition:* § 3.66 (k) *Misbranding or mislabeling—Source or origin—Place—Domestic product as imported:* § 3.71 (a) *Neglecting, unfairly or deceptively, to make material disclosure—Composition.* In connection with offer, etc., in commerce, of fabrics or articles of clothing, and among other things, as in order set forth, (1) representing by the use of the word "Imported", or in any manner whatsoever, that fabrics or garments of domestic manufacture are imported from any foreign country; (2) using the term "The House of Wool Fabrics", or any other words or terms of similar import or meaning, to designate, describe, or refer to any business which includes the offering for sale and sale of fabrics which are not composed entirely of wool or garments made from such fabrics; and (3) advertising, offering for sale, or selling products composed in whole or in part of rayon without clearly disclosing such rayon content; prohibited, subject to provision as respects said last prohibition, that when such products are composed in part of rayon and in part of other fibers or materials, all such fibers or materials, including the rayon, shall be clearly and accurately disclosed; and subject to further proviso that no provision of order in question shall be construed as relieving respondents in any respect of the necessity of complying with the requirements of the Wool Products Labeling Act of 1939 and the rules and regulations promulgated thereunder. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Louis A. Walton Co. et al., Docket 4528, August 14, 1942]

In the Matter of Louis A. Walton Co., Kling Bros. & Co., Inc., a Corporation, and Leopold Kling and Samuel Kling, Individually and as Officers of Louis A. Walton Co., and Kling Bros. & Co., Inc.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of certain of respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner and exceptions thereto, and briefs filed in support of and in opposition to said complaint, and the Commission having made its findings as to the facts and its conclusion that respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondents Louis A. Walton Company, a corporation, and Kling Brothers & Company, Inc., a corporation, their officers, representatives, agents, and employees, and respondents Leopold Kling and Samuel Kling, individually and as officers of respondents Louis A. Walton Company and Kling Brothers & Company, Inc., their representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of fabrics or articles of clothing in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the word "Alpaca", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of the hair of the alpaca: *Provided, however*, That in the case of a product composed in part of the hair of the alpaca and in part of other fibers or materials, such word may be used as descriptive of the alpaca hair content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

2. Using the term "Camel Hair," or any other word or words of similar import and meaning, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of the hair of the camel: *Provided, however*, That in the case of a product composed in part of the hair of the camel and in part of other fibers or materials, such term may be used as descriptive of the camel hair content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully designating such other constituent fibers or materials;

3. Using the word "Wool," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of wool: *Provided, however*, That in the case of a product composed in part of wool and in part of other fibers or materials, such word may be used as descriptive of the wool content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing the constituent fibers or materials of such product;

4. Using the word "Mohair", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of hair of the Angora goat: *Provided, however*, That in the case of a product composed in part of the hair of the Angora goat and in part of other fibers or materials, such word may be used as descriptive of the angora content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

5. Using the word "Silk", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any material which is not

composed entirely of silk, the product of the cocoon of the silkworm: *Provided, however,* That in the case of material composed in part of silk, the product of the cocoon of the silkworm, and in part of other fibers or materials, such word may be used as descriptive of the silk content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials:

6. Representing by the use of the word "Imported," or in any manner whatsoever, that fabrics or garments of domestic manufacture are imported from any foreign country;

7. Using the term "The House of Wool Fabrics," or any other words or terms of similar import or meaning, to designate, describe, or refer to any business which includes the offering for sale and sale of fabrics which are not composed entirely of wool or garments made from such fabrics;

8. Advertising, offering for sale, or selling products composed in whole or in part of rayon without clearly disclosing such rayon content; and when such products are composed in part of rayon and in part of other fibers or materials, all such fibers or materials, including the rayon, shall be clearly and accurately disclosed.

It is further ordered, That respondents shall, within sixty (60) days after the service upon them of this order, filed with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That no provision of this order to cease and desist shall be construed as relieving respondents in any respect of the necessity of complying with the requirements of the Wool Products Labeling Act of 1939 and the rules and regulations promulgated thereunder.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

[F. R. Doc. 42-8074; Filed, August 18, 1942; 11:33 a. m.]

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1558]

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 4 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 4.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I; § 324.8 (*Numerical list of mines*) is amended by adding thereto Supplement R-II, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R-III; § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement IV; § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practices and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 11, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 4

NOTE: The material in these supplements is to be read in the light of the classifications, price instructions, exceptions and other provisions contained in Part 324, Minimum Price Schedule for District No. 4 and supplements thereto.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

[Order No. 51]

FORT STEILACOOM HOSPITAL PROJECT

ESTABLISHMENT FOR CONSCIENTIOUS OBJECTORS

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 (54 Stat. 885) and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Western State Hospital Project to be work of national importance, to be known as Civilian Public Service Camp No. 51. Said project, located at Fort Steilacoom, Pierce County, Washington, will be the base of operations for work at the Western State Hospital, and registrants under the Selective Training and Service Act of 1940, who have been classified by their local boards as conscientious objectors to both combatant and noncombatant military service and have been placed in Class IV–E, may be assigned to said project in lieu of their induction for military service.

Men assigned to said Western State Hospital Project will be engaged in clerical work, as attendants, waiters, farm hands, etc., and shall be under the direction of the Supervisor of Public Institutions of the State of Washington, as well as will be the project management. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Training and Service Act of 1940 and regulations and orders promulgated thereunder, as well as the regulations of the Washington State Hospitals. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

LEWIS B. HERSHEY,
Director.

AUGUST 14, 1942.

[F. R. Doc. 42-8042; Filed, August 17, 1942; 2:11 p. m.]

[Amendment No. 72, 2d Ed.]

PART 632—INDUCTION CALLS

INDUCTION CALLS BY STATE DIRECTOR

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive; E.O. No. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 632.2 *Induction calls by the State Director of Selective Service*[1] by deleting paragraph (c) thereof in its entirety.

[1] 6 F.R. 6849.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

(54 Stat. 885; 50 U.S.C. 301–318, incl.; E.O. 8545, 5 F.R. 3779)

LEWIS B. HERSHEY,
Director.

AUGUST 15, 1942.

[F. R. Doc. 42-8043; Filed, August 17, 1942; 2:57 p. m.]

PART 622—CLASSIFICATION

[Amendment 73, 2d Ed.]

MISCELLANEOUS AMENDMENTS

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respects:

1. Amend § 622.1[1] by deleting it in its entirety.

2. Amend § 622.11[2] to read as follows:

§ 622.11. *Class I–A; Available for military service.* In Class I–A shall be placed every registrant who, upon classification, has not been placed in Class I–C, Class IV–E, Class I–A–O, or in a deferred class.

3. Amend § 622.12[3] to read as follows:

§ 622.12 *Class I–A–O; Available for noncombatant military service; conscientious objector.* In Class I–A–O shall be placed every registrant who would have been classified in Class I–A but for the fact that he has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to combatant military service in which he might be ordered to take human life, but not conscientiously opposed to noncombatant military service in which he could contribute to the health, comfort, and preservation of others.

4. Amend § 622.13[4] to read as follows:

§ 622.13 *Class I–B; Formerly available for limited military service.* No registrant shall hereafter be placed in Class I–B, and all registrants now in Class I–B shall be reclassified at the time and in the manner specified by the Director of Selective Service.

5. Amend § 622.14[5] to read as follows:

§ 622.14 *Class I–B–O; Formerly available for noncombatant limited military service.* No registrant shall hereafter be placed in Class I–B–O, and all registrants now in Class I–B–O shall be reclassified at the time and in the manner specified by the Director of Selective Service.

6. Amend § 622.51[6] to read as follows:

§ 622.51 *Class IV–E; Available for work of national importance; conscientious objector.* (a) In Class IV–E shall be placed every registrant who would have been classified in Class I–A but for the fact that he has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to both combatant and noncombatant military service.

(b) Upon being advised by the Director of Selective Service that a registrant who was inducted into the land or naval forces for military service will be discharged because of conscientious objections which make him unadaptable to military service, the local board shall change such registrant's classification and place him in Class IV–E. The Director of Selective Service shall assign such registrant to work of national importance under civilian direction.

7. Amend § 622.52[7] to read as follows:

§ 622.52 *Class IV–E–LS; Formerly available for limited service in work of national importance; conscientious objector.* No registrant shall hereafter be placed in Class IV–E–LS, and all registrants now in class IV–E–LS shall be reclassified at the time and in the manner specified by the Director of Selective Service.

8. Amend § 622.53[8] to read as follows:

§ 622.53 *Class IV–E–H; Man formerly classified in Class IV–E, since deferred by reason of age.* In Class IV–E–H shall be placed every registrant theretofore classified in Class IV–E who, prior to being assigned to and accepted for work of national importance under civilian direction, may be deferred by reason of age. Unless and until it is determined that a particular age group should be deferred, no registrant shall be classified in Class IV–E–H.

9. Amend § 622.62[9] to read as follows:

§ 622.62 *Class IV–F; Physically or mentally unfit.* In Class IV–F shall be placed any registrant who:

(a) After physical examination by the examining physician is found to have a defect set forth in the List of Defects (Form 220);

(b) After physical examination by the armed forces is found to be physically or mentally unfit for any military service; or

(c) Is a conscientious objector to both combatant and noncombatant military service found, after physical examination (final type), to be physically or mentally unfit for work of national importance under civilian direction.

10. The foregoing amendments to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

PART 623—CLASSIFICATION PROCEDURE

[Amendment 74, 2d Ed.]

MISCELLANEOUS AMENDMENTS

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respects:

1. Amend paragraphs (a), (e), and (h) of § 623.33[1] to read as follows:

§ 623.33 *Physical examination by examining physician.* (a) The Director of Selective Service, from time to time, will issue a List of Defects (Form 220), which will set forth defects, not remediable, which manifestly disqualify the registrant for military service.

* * * * *

(e) The examining physician may report upon a registrant as having a condition listed in the List of Defects (Form 220) when he has professional knowledge to the effect that the registrant is suffering from diabetes mellitus, necessitating the constant administration of insulin; pernicious anemia, necessitating the constant parenteral administration of liver extract; sex perversion; active peptic ulcer with positive X-ray findings; alcoholism, chronic, in such a degree that it interferes with earning a living in civil life; or hypoglycemia, chronic, persistent, in such a degree that it interferes with earning a living in civil life. The examining physician may also report to the local board on the case of a registrant who does not personally appear before him when the report is based upon his professional knowledge that a registrant has a history of commitment for mental disease, is actually confined in a mental institution with a diagnosis of psychosis, is an idiot or imbecile, or is confined as an invalid to his home or in an institution and such condition is of a character which makes it inadvisable for the registrant to personally appear before the examining physician at the place fixed for his physical examination. If the examining physician does not have professional knowledge of such condition of the registrant, he may accept an affidavit from a reputable physician or an official statement from the government agency concerned as to such condition, and such affidavit or official statement shall be attached to the Report of Physical Examination and Induction (Form 221). In all other cases, the registrant shall personally appear before the examining physician and be examined in the manner provided in paragraph (c) of this section.

* * * * *

(h) The examining physician, in Item 26 on the Report of Physical Examination and Induction (Form 221), shall complete the answer to the following question: Do you find that the above-named registrant has any of the defects set forth in the List of Defects (Form 220)? If the examining physician's answer is "Yes," he shall describe the de-

[1] 6 F.R. 6612, 6613.

fects in order of their significance. If the examining physician enterthins a doubt as to whether he should answer "Yes" or "No," his answer shall be "No."

2. Amend § 623.51 [1] by deleting paragraph (d) and amending paragraphs (b), (e), (f), and (g) to read as follows:

§ 623.51 *Procedure for classification after physical examination.* • • •

(b) If the registrant is found to have a defect set forth in the List of Defects (Form 220) as manifestly disqualifying him for military service, he shall be classified in Class IV–F.

• • • • •

(d) (Deleted)

(e) If the registrant has not been classified in Class IV–F in the manner provided in paragraph (b) of this section, he shall be classified in Class I–A; provided that: (1) If such registrant has been found to be a conscientious objector to combatant military service but not a conscientious objector to noncombatant military service, he shall be classified in Class I–A–O; or (2) if such registrant has been found to be a conscientious objector to both combatant and noncombatant military service, he shall be classified in Class IV–E.

(f) If the requirement that the registrant be physically examined by the examining physician has been waived by the Director of Selective Service under the provisions of § 623.55, the classification of the registrant shall be completed in the manner set forth in this section with the exception that the local board shall make its determination without the assistance of a report of the examining physician and shall not consider whether the registrant has a physical or mental defect which would require that he be classified in Class IV–F. Such registrant shall, therefore, be classified in either Class I–A, Class I–A–O, or Class IV–E. The classification thus made by the local board shall have the same effect as a classification made following physical examination by an examining physician. The rights and obligations of each such registrant following classification under such circumstances are exactly the same as if he had been classified following a physical examination by the examining physician.

(g) As soon as the time in which the registrant may take an appeal has expired or, if an appeal is taken, as soon as the registrant's classification has been determined on appeal, the original and copies of the Report of Physical Examination and Induction (Form 221) of registrants classified under this section shall be distributed as follows:

(1) If the registrant has been classified in Class I–A, Class I–A–O, or Class IV–E, the original and all copies shall be placed in the registrant's Cover Sheet (Form 53).

(2) If the registrant is classified in Class IV–F, the National Headquarters' Copy and the Surgeon General's Copy shall be transmitted to the State Director of Selective Service, who shall forward such copies to the Director of Selective Service, and the Armed Forces' Original and the Local Board's Copy shall be filed in the registrant's Cover Sheet (Form 53).

3. Amend paragraphs (a) and (b) of § 623.61 to read as follows:

§ 623.61 [2] *Classification and change of classification.* (a) As soon as practicable after the local board has classified or changed the classification of a registrant, it shall:

(1) Mail a notice thereof on a Notice of Classification (Form 57) to the registrant. (The date on which the deferment of the registrant terminates will be shown if he is classified in Class II–A or Class II–B);

(2) Mail a copy of the Notice of Classification (Form 57) to every person whose signed Affidavit to Support Claim for Occupational Deferment (Form 42A) is on file in the registrant's Cover Sheet (Form 53) when the registrant is classified in Class II–A or Class II–B;

(3) Mail a Notice to Employer of Right to Appeal (Form 59) to every person whose signed Affidavit to Support Claim for Occupational Deferment (Form 42A) is on file in the registrant's Cover Sheet (Form 53) when the registrant is classified in Class I–A, Class I–A–O, or Class IV–E;

(4) Mail a copy of the Notice of Classification (Form 57) to every person whose signed Affidavit of Dependent Over 18 Years of Age (Form 40A) is on file in the registrant's Cover Sheet (Form 53);

(5) Mail a copy of the Notice of Classification (Form 57) to every person whose Claim for Deferred Classification by Person Other Than Registrant (Form 42) is on file in the registrant's Cover Sheet (Form 53); and

(6) Mail a copy of the Notice of Classification (Form 57) to any other person authorized to request the reopening of the registrant's classification under the provisions of § 626.2 whose request is on file in the registrant's Cover Sheet (Form 53).

(b) After each local board meeting, a copy of the Local Board Action Report (Form 110), listing the registrants who have been classified or whose classification has been changed, shall be posted in the office of the local board. A copy shall also be sent to the government appeal agent.

• • • • •

4. Amend § 623.62 [3] to read as follows:

§ 623.62 *Register of conscientious objectors.* The local board shall list on a register of conscientious objectors each registrant whose claim for special classification as a conscientious objector has been sustained, either by the local board or upon appeal. The register of conscientious objectors shall show separately those registrants who have been classified as available for noncombatant military service (Class I–A–O) and those who have been classified as available for work of national importance under civilian direction only (Class IV–E). No special form is provided for this register.

5. Amend paragraph (a) of § 623.71 [4] to read as follows:

§ 623.71 *Steps to be taken by registrant and local board.* (a) When the local board, under the provisions of § 623.51, classifies a registrant who is not a national of the United States, as defined in § 601.2, in Class I–A or Class I–A–O, the local board, without waiting to determine whether such registrant wishes to or does request a personal appearance or take an appeal, shall mail such registrant an Alien's Personal History and Statement (Form 304).

• • • • •

6. The foregoing amendments to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

AUGUST 17, 1942.

[F. R. Doc. 42–8054; Filed, August 18, 1942; 10:04 a. m.]

PART 903—DELEGATIONS OF AUTHORITY

[Directive No. 7]

COMMODITY CREDIT CORPORATION

AUTHORITY OVER VEGETABLE OIL SEEDS

§ 903.12 *Delegation of allocation authority over vegetable oil seeds to Commodity Credit Corporation.* Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, Executive Order No. 9040 of January 24, 1942, and Executive Order 9125 of April 7, 1942, and in order to delegate to Commodity Credit Corporation authority to provide for the increased production of oil and linters from vegetable oil seeds, it is hereby ordered that:

(a) Commodity Credit Corporation is authorized, from and after the effective date of this Directive, to perform the functions and exercise the power, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940 (Pub. No. 671, 76th Cong., 54 Stat. 676) as amended by the Act of May 31, 1941 (Pub. No. 89, 77th Cong., 55 Stat. 236), with respect to the allocation of vegetable oil seeds and oilseed products, and more particularly, without limiting the generality of the foregoing, (1) to direct the kinds, quantities and conditions of purchase and sale of any vegetable oil seeds to be received or crushed by any crusher, and the kinds, quantities and conditions of purchase and sale of oilseed products to be received or first processed by any refiner or bleacher, (2) to direct the kinds and quantities of vegetable oil seeds and oilseed products to be stored, (3) to direct the type and method of operation of crushing facilities suitable for the crushing of vegetable oil seeds, (4) to direct the area within which vegetable oil seeds and oilseed products may be purchased or not purchased, all in such manner and to such extent as it may deem necessary, in the public interest and to promote the National Defense, for assuring the production of sufficient oil and linters from vegetable oil seeds and the efficient use of processing facilities. The authority of Commodity Credit Corporation under this Directive shall include the power to regulate or prohibit the processing, sale, transfer or other disposition of vegetable oil seeds and any oil, meal, cake or linters derived therefrom by any person who has acted in violation of any regulation or order prescribed by Commodity Credit Corporation hereunder, and the power to allocate to itself the entire production, or any portion thereof, of any vegetable oil seeds or oilseed products for resale by it on such terms as it deems appropriate. Commodity Credit Corporation is likewise authorized to require such reports and the keeping of such records, and to make such investigations as it may deem necessary or appropriate for the administration of the allocation powers conferred herein; and it may take such measures as it may deem necessary or appropriate for the enforcement of any direction or order prescribed pursuant to this Directive.

(b) The Commodity Credit Corporation may exercise the power, authority and discretion conferred upon it by this Directive through such officials, including part time and uncompensated special agents, and in such manner as it may determine.

(c) The Chairman of the War Production Board may from time to time delegate to Commodity Credit Corporation such additional powers with respect to the exercise of control over vegetable oil seeds and oilseed products, or amend the delegation herein in such manner and to such extent as he may determine to be necessary or appropriate.

(d) Nothing herein shall be construed to limit or modify any order heretofore issued by the Director of Priorities of the Office of Production Management, or the Director of Industry Operations of the War Production Board, or the Director General for Operations of the War Production Board, nor to delegate to Commodity Credit Corporation the power to extend, amend or modify any such order, nor to terminate or limit the power of the Director General for Operations to issue future orders regulating transactions in vegetable oil seeds and oilseed products. The authority hereby delegated shall be exercised in conformity with any such order heretofore or hereafter issued.

(e) For the purposes of this Directive:

(1) "Vegetable oil seeds" means cottonseed, flaxseed, peanuts and soybeans.

(2) To "crush" means to press, expel or extract oils from vegetable oil seeds.

(3) "Crusher" means a person who crushes vegetable oil seeds.

(4) "Oilseed products" means crude oil, oil meal and linters derived from vegetable oil seeds.

This Directive shall take effect with respect to cottonseed, flaxseed, and peanuts and products made therefrom, on September 1, 1942, and with respect to soybeans and products made therefrom on October 1, 1942, and in each case shall continue in effect for one year from the applicable effective date unless sooner revoked by the Chairman of the War Production Board. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 15th day of August 1942.

W. L. BATT,
Acting Chairman.

[F. R. Doc. 42–8065; Filed, August 18, 1942; 10:32 a. m.]

PART 921—ALUMINUM

[Revocation of Supplementary Order M–1–e]

Section 921.7 *Supplementary Order M–1–e* [1] is hereby revoked, the subject matter of said Order now being covered by § 921.11 *Supplementary Order M–1–i.* [2] This action shall not be construed to affect in any way any liabilities or penalties accrued or incurred under said Order M–1–e. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8059; Filed, August 18, 1942; 10:29 a. m.]

PART 921—ALUMINUM

[Revocation of Supplementary Order M–1–f]

Section 921.8 *Supplementary Order M–1–f* [3] is hereby revoked, the subject matter of said order now being covered by § 921.11 *Supplementary Order M–1–i.* [3] This action shall not be construed to affect in any way any liabilities or penalties accrued or incurred under said Order M–1–f. (P.D. Reg. 1, as amended, 6. F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8060; Filed, August 18, 1942; 10:29 a. m.]

PART 921—ALUMINUM

[Supplementary Order M–1–i]

TO CONSERVE THE SUPPLY AND DIRECT THE DISTRIBUTION OF ALUMINUM

Whereas, national defense requirements have created a shortage of aluminum; and

Whereas, the restrictions and requirements relating to the use of aluminum hereinafter set forth are necessary to conserve the supply and direct the distribution thereof in the interest of national defense;

Now, therefore, it is ordered, That:

§ 921.11 *Supplementary Order M–1–i*—(a) *Certain orders superseded.* This supplementary order supersedes § 921.7 *Supplementary Order M–1–e* [1] and § 921.8 *Supplementary Order M–1–f* [1] and all amendments to said sections.

(b) *Definitions.* For the purposes of this order:

(1) "Aluminum" means any material the principal individual ingredient of which by either weight or volume is metallic aluminum, in ingot or similar raw form or drosses or in the form of finished or semifinished parts, assemblies, or products of any kind; but not including aluminum scrap as defined in Supplementary Order M–1–d, [2] or aluminum pigment or aluminum paint as defined in Supplementary Order M–1–g. [3]

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(3) "Producer" means the Aluminum Company of America, the Reynolds Metal Company, the Olin Corporation, and any other person who may be so designated by the Director.

(4) "Fabricator" means any person who manufactures basic aluminum products, such as, but not limited to, sheet, plate, wire, rod, bar, rolled shapes, extruded shapes, tubing, tube blooms, redraw tubing, pipe, rivets, forgings, castings, impact extrusions, foil or powder.

(5) "Use aluminum in manufacture" means to melt, roll, forge, cast, extrude, draw, turn spin, fabricate, produce or process in any other way to assemble, to incorporate in assemblies, or to consume or otherwise use in the course of manufacture, any aluminum; but does not include the installation of a finished prod-

[1] *Supra.*

[2] 7 F.R. 160, 3324.

[3] 7 F.R. 1834.

uct or repair part for the ultimate consumer.

(6) "Low grade aluminum" means aluminum which contains copper in excess of 4% by weight, and either iron or zinc in excess of 1% by weight.

(7) "Implements of war" means combat end-products, complete for tactical operations (including, but not limited to, aircraft, ammunition, armament and weapons, ships, tanks, and vehicles), and prescribed for field or combat use by the Army or Navy of the United States; also parts, assemblies, and materials to be physically incorporated in any of the foregoing items. This term does not include facilities or equipment used to manufacture the foregoing items, nor does it include any other equipment required by the armed forces, whether or not used in combat and field operations, which is not declared to be essential to the successful prosecution of the war, by the Army and Navy Munitions Board.

(8) "Director" means Director General for Operations.

(c) *Allocation of aluminum.* Allocation of aluminum will be made by the Director in the interest of war production by approval of an application on the applicable Form of the PD–26 Series (hereinafter referred to as Form PD–26).

(d) *Delivery and use.* Except as authorized, subsequent to October 31, 1941, pursuant to an allocation on Form PD–26 or other specific authorization of the Director, (1) no producer, smelter or fabricator shall deliver any aluminum, and (2) no person shall accept the delivery of any aluminum from any producer, smelter or fabricator or use any aluminum in manufacture.

(e) *Application for allocation of aluminum.* Each producer, smelter, fabricator, or such other person as the Director may designate, seeking an authorization required by this order for any month shall file a Form PD–26 for such month, on or before the 15th day of the second preceding month. Except where the customer is required to file an application on Form PD–26, no item shall be included unless the customer, on or before the 5th day of the second preceding month (1) shall have definitely requested the delivery thereof in such month, and (2) shall have filed with his purchase order, information as to the exact part to be made from the aluminum, the product in which such part is to be incorporated or assembled, and the end use to be made of such product, also, any further information which may be necessary to enable the supplier to fill out his Form PD–26. Where the customer is a fabricator or producer or smelter, he need only indicate to the supplier that he has filed such information on his own Form PD–26. The Director will issue specific allocations authorizing the deliveries which may be made, or the aluminum which may be used in manufacture during that month. A supplementary schedule permitting delivery for emergency items may be filed at any date, on Form PD–26.

(f) *Requirements relating to placement of orders with, and acceptance of orders by, producers, smelters, and fabricators.* Only eligible items (as set forth in paragraph (g) below) shall be included on a Form PD–26 except when specific written approval has been secured from the Director for inclusion of certain other items. Request for inclusion of other than eligible items shall be made to the Aluminum and Magnesium Branch, War Production Board, giving the information specified in paragraph (e) (2) above. In the event such an application is denied, appeal for relief may be made to the War Production Board, Washington, D. C., on Form PD–500.

(g) *Eligible items.* Within the limits of available aluminum and fabricating facilities, the Director will authorize the essential requirements for the manufacture of the following eligible items:

(1) Implements of war as defined above which are being produced for any foreign country pursuant to the Act of March 11, 1941, "An Act to Promote the Defense of the United States" (Lease-Lend Act), or for the Army or Navy of the United States, the United States Maritime Commission, War Shipping Administration, or the Coast Guard, where the use of aluminum in the grade and to the extent employed is required by the latest issue of specifications of the respective government agencies applicable to the contract.

(2) Alloys, other than zinc base alloys. The amount permitted in any month will not exceed 12% by weight of the amount of such alloys produced during such month, and the aluminum content of any alloy produced will not be permitted to exceed 15% by weight.

(3) Carbometer wire.

(4) Cathodes for the electrolytic refining of zinc.

(5) Chemical processing equipment for use in manufacturing plants: *Provided*, That the customer certifies in writing to the manufacturers at the time of placing his order that the use of alternate material is impracticable, indicating reasons therefor, and the manufacturer causes a copy of such certification to be submitted to the War Production Board with the PD–26 Application.

(6) Commercial aircraft.

(7) Containers for intravenous solutions.

(8) Fixed electrolytic and paper condensers: *Provided*, That the person using the aluminum has filed required report with War Production Board for the preceding month, on Form PD–97.

(9) Orthopedic equipment: *Provided*, That lightweight is vital to the operation of the equipment.

(10) Repair and maintenance parts for mechanical or electrical equipment used domestically or in industry: *Provided*, That the manufacturer certifies in writing to the War Production Board that the use of other material is impracticable, stating the specific reasons therefor, and that an equivalent weight of similar defective aluminum parts has been returned by the manufacturer or his customers as evidenced by certificates obtained from waste material dealers or smelters. In the event that the manufacturer operates his own foundry, the certificates of scrap parts disposed of should be attached to his PD–26 Proposed Shipping Schedule. In all other cases, the scrap certificates should support the manufacturer's application.

(11) Thermit reaction. For use in the manufacture of thermit powders and ferroalloys where and to the extent that the use of any other material is not possible.

(12) Welding rod and metallizing wire.

(13) X-ray tube housings.

Only low-grade aluminum will be allocated for the following items:

(14) Anhydrous aluminum chloride: *Provided*, That the customer certifies in writing to the manufacturer at the time of placing his order that such chloride will be used in the production of dyes for textiles, or in the production of synthetic rubber, high-octane gasoline, tear gas, nylon, or pharmaceuticals. Drosses or grindings may be authorized for this purpose.

(15) Match plates, patterns, core boxes, core dryers, and snap flasks; *Provided*, That the customer certifies in writing to the manufacturer that their use is essential to the fulfillment of quantity production orders bearing priority ratings higher than A–2. However, a manufacturer may use aluminum to make new pattern equipment, provided that the customer certifies that the new equipment will be used to fulfill quantity production orders bearing A–10 or higher priority ratings, and that he will supply an equivalent weight of defective or obsolete aluminum equipment, and upon approval on Form PD–26 the manufacturer may melt such scrap notwithstanding the provisions of Supplementary Order M–1–d.

(16) Pistons for engines of trucks (1½ tons or over), heavy duty tractors, Diesel engines, and engines in portable firefighting equipment.

(17) Steel deoxidizer. The total amount permitted for deoxidizing during any month will not average more than 0.6 pound per ton of carbon steel, and 2.0 pounds per ton of alloy steel, produced during such month. Steel foundries may be authorized to use during any month an average of not over 2.5 pounds per ton of steel castings produced during such month.

(18) Tools. Portable electric and pneumatic:

(i) In pneumatic and high cycle electric tools, except grinders: (a) net weight—eight pounds or under—any parts; (b) net weight over eight pounds and up to and including twenty-three pounds—motor housings and gear housings only; (c) net weight over twenty-three pounds—motor housings only.

(ii) In universal electric drills, screw drivers, nut runners, and tappers: (a) net weight ten pounds or under—any parts; (b) net weight over ten pounds and up to and including twenty-three pounds—motor housings and gear housings only; (c) net weight over twenty-three pounds—motor housings only.

Net weight shall be the net weight specified in each producer's latest catalog issued prior to April 18, 1942.

(iii) In all other universal electric tools and in pneumatic and high cycle electric grinders—any parts.

(iv) In handles cast integrally with motor housings.

(19) Zinc base alloy. Not in excess of 2% by weight of the amount of zinc base alloy produced during any month.

(h) *Temporary exception for military orders.* For a period of ninety days after the date of the issuance of this order, the prohibitions and restrictions contained in paragraph (f) of this order shall not apply to any application filed on Form PD–26, insofar as such application relates to the use of aluminum, or to the delivery of aluminum for use, in the manufacture of any item (or the necessary material therefor) which is being produced under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, Coast Guard, Civil Aeronautics Authority, National Advisory Committee for Aeronautics, the Office for Scientific Research and Development, or any foreign country pursuant to the Act of March 11, 1941, "An Act to Promote the Defense of the United States" (Lease-Lend Act), if, but only if, in any such case, the use of aluminum to the extent employed is required by the specifications of the prime contract.

(i) *Report of inventory.* Any person who, in any calendar quarter has had any ingot, similar raw forms of aluminum, or aluminum basic products as defined in paragraph (b) (4) or has used aluminum in manufacture shall, on or before the 20th of the month succeeding the end of the quarter, file an inventory report on Form PD–40A or such other form as may be prescribed for this purpose.

(j) *Dead stock.* Notwithstanding paragraph (d) above, all aluminum, which is not being used in, or which is in excess of reasonable needs for the manufacture of items approved on Form PD–26, shall be promptly disposed of pursuant either to Priorities Regulation No. 13, or where such Regulation does not apply, pursuant to Supplementary Order M–1–d.

(k) *Tolling.* Except as the Director may specifically authorize on Form PD–114, no aluminum shall be delivered or received for melting under any toll, repurchase or similar arrangement.

(l) *Operations of same person in different capacities.* Any person who, in the use of aluminum in manufacture, operates in more than one capacity, (for example, both as a producer and fabricator) shall, in each such capacity, be subject to the applicable obligations and restrictions imposed by this order. The initial putting into fabrication or other use of raw aluminum by a producer or smelter who produced the same shall be deemed a delivery thereof hereunder.

(m) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries or from processing or using material under priority control and may be deprived of priorities assistance.

(n) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of Priorities Regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 923—TUNGSTEN

[Amendment 1 to General Preference Order M–29, as Amended June 30, 1942]

Section 923.3 *General Preference Order M–29*,[1] as amended June 30, 1942 is hereby amended as follows:

1. By changing the words "Director of Industry Operations" wherever they appear in the body of said section so as to read "Director General for Operations".

2. By amending paragraph (c) (2) of said section to read as follows:

(2) *Permissible deliveries.* Until further order or in the absence of a contrary direction by the Director General for Operations, the following transactions are permitted without specific authorization by the Director General for Operations;

(i) Tungsten in any form may be delivered by any person;

(*a*) To the Metals Reserve Company or to any other corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended (15 U.S.C., section 606 (b)), or to any duly authorized agent of any such corporation, or

(*b*) To any person in quantities of 25 pounds or less of contained tungsten, provided that the total quantity in terms of tungsten content which any person may receive pursuant to the provisions of this subparagraph during any one calendar month, beginning with the month of July, 1942, from all sources of supply shall be limited to 25 pounds.

(ii) Tungsten ores or concentrates may be delivered by any producer, dealer, or processor:

(*a*) To any processor for the purpose of being concentrated, further concentrated or beneficiated by the processor receiving such delivery, or

(*b*) To any dealer, provided that no dealer shall store or otherwise hold for more than 120 days any material acquired by him under the provisions of this subparagraph.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Amendment 3 of General Imports Order M–63, as Amended June 2, 1942]

1. Section 1042.1 *General Imports Order M–63*,[1] as amended June 2, 1942 is hereby amended by making the following changes in List I, List II, and List III:

Change	Material	Commerce Import Class Number
Add to List I	Muru muru nut oil	*N. S. C.
	Oleo oil	0036.2
	Tucum oil	*N. S. C.
Move from List I to List II.	Oiticica oil	2936.6
	Ouricury (uricury) nuts and kernels	2239.61 2239.62
	Ouricury (uricury) oil	*N. S. C.
	Sperm oil, crude, refined, or otherwise processed.	0803.0 0803.1
Remove from List I.	Wool (apparel finer than 44's).	3525.0 3527.0 3529.0
Add to List II	Cotton yarns and fabrics as follows:	
	Combed SAK cotton yarns, single or plied, in counts of 60's and finer.	*N. S. C.
	Tracing cloth	3970.0.
	Typewriter ribbon fabric.	*N. S. C.
	Type III balloon fabric.	*N. S. C.
	Type SS balloon fabric.	*N. S. C.
	Type MM airplane cloth.	*N. S. C.
	Loofa (Luffa) sponges	*N. S. C.
Add to List III	China clay or Kaolin	5300.0
Remove from List III.	Wool (apparel, finer than 44's).	3521.0

*N. S. C.=No Separate Class. Commodity number has not yet been assigned by the Department of Commerce. Statistical Classification of Imports.

2. This amendment shall take effect on August 21, 1942.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8062; Filed, August 18, 1942; 10:32 a. m.]

[1] 7 F.R. 4199, 4404, 4878, 5638.

PART 1112—OFFICE MACHINERY

[Interpretation 1 of General Limitation Order L-54-c]

The following interpretation is hereby issued by the Director General for Operations with respect to § 1112.4, *General Limitation Order L-54-c:*[1]

Under paragraph (e) (1) (iii) (a) of Order L-54-c, the Director General for Operations notifies manufacturers and dealers on Form PD-423 of quantities of new office machinery which "shall be delivered to the Army, the Navy, or the Maritime Commission, without further authorization." Under paragraph (e) (1) (iii) (b) of the same order, manufacturers and dealers may not deliver new office machinery except pursuant to an order "(other than an order for the Army, the Navy or the Maritime Commission)" accompanied by a preference rating on Form PD-1A.

Whether a delivery is "to" the Army, Navy or Maritime Commission within the meaning of paragraph (e) (1) (iii) (a) and whether an order is "for" the Army, Navy or Maritime Commission within the meaning of paragraph (e) (1) (iii) (b) are determined by the use to be made of the machinery. Delivery is considered as being made "to" the person for whose use the machinery is intended, whether delivery is made directly to such person or through an intermediary. An order is considered to be "for" the person for whose use the machinery is intended, whether the order is placed directly by such person or through an intermediary.

The terms "Army of the United States," "Navy of the United States" and "Maritime Commission" are defined in paragraph (a) (6) to exclude certain cost-plus-fixed-fee contractors. Accordingly, if an order is placed for machinery to be installed by such a contractor but intended for use by the Army, Navy or Maritime Commission, authorization should be secured on Form PD-423. On the other hand, if an order is placed for machinery to be used by such a contractor during the performance of his contract, it must be accompanied by a preference rating on Form PD-1A. These rules apply irrespective of the person or agency which places the order.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8058; Filed, August 18, 1942; 10:29 a. m.]

[1] 7 F.R. 4202, 5479.

PART 3042—PILCHARD

[Conservation Order M-206]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of pilchard for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3042.1 *General Preference Order M-206*—(a) *Definitions.* For the purposes of this order:

(1) "Delivery" means the transfer of pilchard to a processing plant, for canning or reduction, or to a place of storage, whether or not the same person owns or controls the vessel from which it is transferred, the plant, or the fish.

(2) "Pilchard" means raw, unprocessed pilchard (Sardinia caerulea), by whatever name known, including sardines.

(b) *Restrictions on delivery.* Unless authorized by the Director General for Operations, on and after September 1, 1942:

(1) No contract or agreement shall be entered into or carried out which directly or indirectly operates to place "limits" on the amount of pilchard which may be caught by any fishing vessel nor the frequency with which any pilchard fishing vessel shall leave port for or return from the fishing grounds.

(2) No fishing vessel with a cargo of pilchard aboard shall remain, or be required to remain, for more than twelve hours at a processing plant for unloading.

(3) No processing plant shall accept delivery of more pilchard than can be processed, by canning or reduction, in such plant within 48 hours after receipt of such pilchard.

(c) *Applications and reports.* (1) On and after September 1, 1942, no person owning or operating a fishing vessel shall make delivery of any pilchard to any person unless on or before the date of first delivery he files with the War Production Board a statement substantially in the form of Exhibit A attached hereto, certifying that he has not entered into any contract or agreement placing "limits" on his catch of pilchard, or if he has done so, that such "limits" are not now effective. Failure on the part of any person owning or operating a fishing vessel to file such statement may be construed as notice to the Director General for Operations that such person does not desire to make delivery of pilchard to any person.

(2) On and after September 1, 1942, no person shall accept delivery of pilchard unless on or before the date on which delivery is desired, he shall have filed with the War Production Board a statement substantially in the form of Exhibit B, attached hereto, certifying that he has not directly or indirectly caused "limits" to be placed upon the catch of any vessel fishing for pilchard, or if he has done so, that such "limits" are not now effective. Failure by any person to file such statement may be construed as notice to the Director General for Operations that such person does not desire to accept delivery of pilchard.

(d) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship upon him may appeal to the War Production Board, by letter, setting forth the pertinent facts and reasons such person considers that he is entitled to relief. The Director General for Operations may take such action as he deems appropriate.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(f) *Audit and inspection.* All records required to be kept by this order or by any rule, regulation or order of the Director General for Operations, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Communications to War Production Board.* All reports and certifications required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Food Branch, San Francisco, California. Ref.: M-206.

(h) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Supplementary Order 13]

RETAIL SELLERS OPERATING MORE THAN ONE ESTABLISHMENT

A statement of the considerations involved in the issuance of this order, issued simultaneously herewith, has been filed with the Division of the Federal Register.* For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, it is hereby ordered:

§ 1305.17 *Determination of maximum prices by sellers at retail operating more than one retail establishment.* (a) A seller who owns more than one establishment selling commodities or services at retail and who has had a fixed practice of selling commodities or services at retail at uniform or at substantially uniform prices in all or certain of such establishments may make written application to the Office of Price Administration, Retail Trade and Services Division, Washington, D. C., for authorization to determine and use uniform maximum prices under any price regulation issued or which may be issued by the Office of Price Administration in all of such establishments in which it has been the practice to charge uniform or substantially uniform prices. Such application shall state (1) the name and address of the principal office of the seller; (2) the number of separate retail establishments owned by the seller and the address of each such establishment; (3) the kind of merchandise or services dealt in by such retail establishments; (4) if the application relates to the sale of commodities, whether commodities are purchased centrally by the seller and distributed by the seller to such retail establishments or are purchased separately by such establishments; (5) a description of the fixed practice of the seller of selling commodities or services at uniform or substantially uniform prices in all or certain of such retail establishments, indicating the length of time during which such practice has been in effect and whether uniform selling prices are determined in a central office; (6) the names and addresses of the seller's most closely competitive sellers of the same class on a national or regional basis; and (7) any other facts which the seller wishes to submit in support of the application. If such authorization is given, it will be accompanied by instructions as to the method by which the seller may determine and use uniform maximum prices under the applicable maximum price regulations.

(b) *Definitions.* (1) "Price regulation", as used in this supplementary order, means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation heretofore or hereafter issued by the Office of Price Administration, or any amendment or supplement thereto or order heretofore or hereafter issued thereunder.

(c) *Effective dates.* (1) This Supplementary Order No. 13 (§ 1305.17) shall become effective August 17, 1942. (Pub. Law 421, 77th Cong.)

Issued this 17th day of August, 1942.

LEON HENDERSON,
Administrator.

PART 1340—FUEL

[Amendment 17 to Maximum Price Regulation 120[1]]

BITUMINOUS COAL DELIVERED FROM MINE OR PREPARATION PLANT

A statement of the considerations involved in the issuance of this Amendment No. 17, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1340.207 of Maximum Price Regulation No. 120 is amended to read as follows:

§ 1340.207 *Petitions for amendment and adjustment or exception.* (a) The Administrator may by order grant an adjustment of or exception from the maximum prices to any producer who shows to the satisfaction of the Administrator that (1) its cost of production is above its mine realization at maximum prices, and (2) its maximum prices do not permit it to obtain its average October 1941 realization.

(b) The Administrator may by order grant an adjustment of or exception from the maximum prices to any producer who shows to the satisfaction of the Administrator that (1) the sale of its mine's entire production at the maximum prices would not return a realization equal to its representative cost of production prior

[1] 7 F.R. 3168, 3447, 3901, 4336, 4342, 4404, 4540, 4541, 4700, 5059, 5560, 5607.

to May 1942, and (2) such costs of production are of a continuing nature.

(c) The Administrator may by order grant an adjustment of or exception from the maximum prices to any producer who shows to the satisfaction of the Administrator that (1) its mine is unable to obtain October 1941 realization if all the coal produced at the mine were sold at the maximum prices and (2) the producer is thereby subjected to undue hardship, or the production or distribution of bituminous coal needed for war industries or industries directly connected with war industries is thereby impeded.

(d) Any person seeking relief, for which no provision is made in the foregoing paragraphs of this section, from a maximum price established under this Maximum Price Regulation No. 120 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 as amended, and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 120 to eliminate the danger of inflation.

(e) (1) In petitions filed pursuant to the provisions of this §1340.207, the petitioner should submit and the Office of Price Administration will consider all relevant cost and realization data and the necessity, in terms of the war effort for the granting of such adjustment or exception. Where cost of production varies from month to month and does not conform to average cost as indicated by monthly reports filed with the Bituminous Coal Division, petitioner must indicate which cost is regarded as representative and the reasons therefor, and also the reasons for the fluctuations.

(2) In connection with any requested increase or modification of the maximum prices, petitioner must indicate in detail whether, and if so, to what extent, such relief would cause or threaten to cause an increase in the level of retail prices, specifying for each size in which a change is requested the percentage of his distribution thereof which normally moves to retail dealers and the prices at which such coals were sold to retail dealers in each month during the last quarter of 1941 and the first quarter of 1942. Where petitioner claims that the maximum price cannot be obtained on certain sizes, the petition shall indicate the maximum amount which can be obtained in each such size and a historical comparison, since October 1940, of the price relationship in the market between petitioner's coals in such sizes and other similarly classified coals.

(3) The Office of Price Administration may require in connection with any such petition, filed under the provisions of this section, full data on costs, profits and other relevant factors. Petitions for adjustment or exception pursuant to this § 1340.207 shall be filed in accordance with Procedural Regulation No. 1 as amended, issued by the Office of Price Administration.

(f) Persons seeking any modification of this Maximum Price Regulation No. 120 or any adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 as amended, issued by the Office of Price Administration.

§ 1340.211a *Effective dates of amendments.* * * *

(r) Amendment No. 17 (§ 1340.207) to Maximum Price Regulation No. 120 shall become effective August 22, 1942.

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1340—FUEL

[Amendment 18 to Maximum Price Regulation 120 [1]]

BITUMINOUS COAL DELIVERED FROM MINE OR PREPARATION PLANT

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new subdivision (i) is added to paragraph (b) (4) of § 1340.219, as set forth below.

§ 1340.219 *Appendix H. Maximum Price for Bituminous Coal Produced in District No. 8.* * * *

(b) * * *

(4) *Maximum prices in cents per net ton for railroad fuel.* * * *

(i) *Special price instructions.* (a) Maximum prices for run of mine and resultant run of mine (larger than 2½" x 0, but not exceeding 6" x 0) coals for sales to the Georgia Railroad for locomotive fuel shall not exceed $2.50 and $2.30 per net ton, respectively.

§ 1340.211a *Effective dates of amendments.* * * *

(s) Amendment No. 18 (§ 1340.219 (b) (4) (i)) to Maximum Price Regulation No. 120 shall become effective August 22, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1362—CERAMIC PRODUCTS, STRUCTURAL CLAY PRODUCTS AND OTHER MASON MATERIALS

[Maximum Price Regulation 206]

VITRIFIED CLAY SEWER PIPE AND ALLIED PRODUCTS

In the judgment of the Price Administrator it is necessary and proper in order to effectuate the purposes of the Emergency Price Control Act of 1942 to establish as the maximum prices for vitrified clay sewer pipe and allied products the prices prevailing with respect thereto during the period October 1 to 15, 1941.

The maximum prices established by this regulation are, in the judgment of the Price Administrator generally fair and equitable and in conformity with the general level of prices established by the General Maximum Price Regulation.[1] A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

* Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3168, 3447, 3901, 4336, 4342, 4404, 4540, 4541, 4700, 5059, 5560, 5607, 5827, 5835.

[1] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5276, 5192, 5365, 5445, 5565, 5484, 5775, 5783, 5784, 6058, 6081, 6007, 6216.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,* issued by the Office of Price Administration, Maximum Price Regulation No. 206 is hereby issued:

AUTHORITY: §§ 1362.101 to 1362.115 inclusive, issued under Public Law 421, 77th Cong.

§ 1362.101 *Maximum prices for vitrified clay sewer pipe and allied products.* On and after August 22, 1942, regardless of any contract, agreement, lease, or other obligation, no person shall sell or deliver any vitrified clay sewer pipe or allied products, where shipment originates at the factory where the products are made rather than at a distribution yard, and no person shall buy or receive any of the foregoing products in the course of trade or business, where shipment originates at a factory, at prices higher than the maximum prices set forth in Appendices A, B, and C hereof, incorporated herein as §§ 1362.113, 1362.114, and 1362.115, and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of vitrified clay sewer pipe and allied products to a purchaser if prior to August 22, 1942 such vitrified clay sewer pipe and allied products had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

§ 1362.102 *Less than maximum prices.* Lower prices than those set forth in Appendices A (§ 1362.113), B (§ 1362.114), and C (§ 1362.115) may be charged, demanded, paid, or offered.

§ 1362.103 *Conditional agreements.* No seller of vitrified clay sewer pipe or allied products shall enter into an agreement permitting the adjustment of the price to prices which may be higher than maximum prices provided by §§ 1362.113, 1362.114, and 1362.115 in the event that this Maximum Price Regulation No. 206 is amended or is determined by a court to be invalid or upon any other contingency: *Provided,* That if a petition for amendment (or for adjustment or for exception) has been duly filed, and such petition requires extensive consideration, and the Price Administrator determines that an exception should be made in the public interest pending such consideration, the Price Administrator may grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of the petition for amendment (or for adjustment or exception, as the case may be). Requests for such an exception may be included in the aforesaid petition for amendment (or for adjustment or for exception).

§ 1362.104 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 206 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to vitrified clay sewer pipe and allied products, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying agreement or other trade understanding, or by unnecessarily routing vitrified clay sewer pipe and allied products through a distribution yard or otherwise.

§ 1362.105 *Records and reports.* (a) Every person making purchases or sales subject to this Maximum Price Regulation No. 206 of vitrified clay sewer pipe and allied products in the amount of $200.00 or more in any one month, after August 21, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years, a complete and accurate record of each purchase, sale, or delivery showing the date thereof, the name and address of the buyer or the seller, the point of origin and the point of delivery of the shipment, the price paid or received, and the quantity of each grade and classification of the product purchased, sold, or delivered.

(b) Every person making a purchase or sale subject to this Maximum Price Regulation No. 206 of vitrified clay sewer pipe and allied products shall submit such reports to the Office of Price Administration as it may from time to time require.

§ 1362.106. *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 206 are subject to the criminal penalties, and civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 206 or any Price Schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1362.107 *Applications for adjustment.* The Office of Price Administration may by order adjust any maximum price established under this Maximum Price Regulation No. 206 in any case in which the seller shows that such maximum price causes him substantial hardship. Any person seeking relief from a maximum price established under this Maximum Price Regulation No. 206 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which the maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 or of this Maximum Price Regulation No. 206 to eliminate the danger of inflation.

§ 1362.108 *Petitions for amendment.* Persons seeking any modification to this Maximum Price Regulation No. 206 or any adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1362.109 *Definitions.* (a) When used in the Maximum Price Regulation No. 206, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Vitrified clay sewer pipe and allied products" means any sewer pipe, pipe fittings, flue linings, and wall copings, of the types listed in Appendices A (§ 1362.113), B (§ 1362.114), and C (§ 1362.115) made from surface clay, fire clay, or shale, or combinations of these materials,

(3) "Carload shipment" means a shipment or quantity of vitrified clay sewer pipe and allied products which totals at least the minimum weight, as set forth in the tariffs of railroad carriers, upon which the railroad carload rate from the point of shipment to the point of destination is based, *Provided, however,* That where a smaller quantity is shipped which would move at the railroad carload rate rather than at the railroad less-than-carload rate because a lower transportation charge is produced thereby, such smaller quantity shall be considered a carload shipment.

(4) "Pick up basis" when used in reference to a sale means a transaction in which a purchaser takes delivery of products at the factory and removes the products from the factory in a conveyance provided by the purchaser.

(5) "Distribution yard" means a place of business at which vitrified clay sewer pipe and allied products are received for purposes of storing and resale.

(6) "Factory" means a place where vitrified clay sewer pipe and allied products are made.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1362.110 *General Maximum Price Regulation superseded.*[2] The provisions of this Maximum Price Regulation No. 206 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which

---

[1] 7 F.R. 971, 3663.

* *Supra,* note 1.

maximum prices are established by this regulation.

§ 1362.111 *Export sales.* The maximum price at which a person may export vitrified clay sewer pipe and allied products shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[1] issued by the Office of Price Administration.

§ 1362.112 *Effective date.* This Maximum Price Regulation No. 206 (§§ 1362.101 to 1362.115, inclusive), shall become effective August 22, 1942.

§ 1362.113 *Appendix A: Maximum prices for vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Eastern Area*—(a) *Application.* The provisions of Appendix A shall apply to sales of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Eastern Area which is hereby defined as the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia, West Virginia, Ohio, lower peninsula of Michigan, and that part of Kentucky described as follows: All points in Campbell and Kenton Counties and points located on the Chesapeake and Ohio Railway from Covington to Catlettsburg, inclusive, and all points on the Big Sandy Division of the Chesapeake and Ohio Railway.

(b) *List prices.* The list prices of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Eastern Area shall be as shown in the following tables numbered 1 to 19, inclusive. Each item shown in the tables of List Prices carries a discount number which is shown opposite such item in the right-hand column and/or columns of each table.

Single or Double Openings supplied with or without closed ends.
Single or Double Openings, with closed end, take 50% additional to list price.

(c) *Percentage discounts.* The percentage discounts set forth in the table below are so arranged that the applicable percentage discount for any item for delivery in any freight zone in the Eastern Area can be determined by the following procedure: select the discount number shown on the list price tables for the desired item. An identical number appears in the left-hand column of the table below. The horizontal line of figures at the top of the table indicates various rail freight rate zones per cwt. from Akron, Ohio, to points of destination. After determining the proper freight zone within which the destination point falls, the applicable percentage discount will be found at the junction of the vertical freight zone column and the horizontal line at which the predetermined discount number appears.

[Percentage discounts]

[1] Freight rates in excess of the highest rate in one zone fall within the next highest zone.

(d) *Maximum prices.* Maximum prices shall be determined by applying to the list prices in Tables 1–19 inclusive the discount as determined in paragraph (c) hereof in accordance with the rules set forth in the following paragraph hereof:

(1) The maximum delivered prices, full freight allowed, for straight and mixed carload shipments by rail shall be determined by applying the appropriate discounts to the list prices contained in paragraph (b) of Appendix A.

(2) The maximum f. o. b. factory prices for less than carload shipments by rail shall be determined by applying to the list prices contained in paragraph (b) hereof the discounts (established in paragraph (c)) applicable to a carload shipment by rail to a point where the railroad carload rate per hundredweight from Akron, Ohio, does not exceed 10 cents. Delivered prices may be charged which do not exceed such maximum prices plus the less than carload rail charges from the factory to the point of delivery designated by the purchaser.

(3) The maximum delivered prices, full freight allowed, for all shipments by motor carrier shall be determined by applying to the list prices contained in paragraph (b) hereof discounts two points shorter than the discounts (established in paragraph (c)) which would be applicable had the shipment been a carload shipment by rail.

(4) The maximum price f. o. b. factory for sales on a "pick-up" basis shall be the maximum f. o. b. factory prices for less than carload shipments by rail.

(e) *Delivery obligations.* For purposes of this section the delivery obligation on all sales (except those on a "pick-up basis") shall be considered as completed when, in the case of rail shipment, the shipment arrives at the rail siding nearest the location designated by the purchase; or when, in the case of shipment by motor carrier, the shipment arrives at the site designated by the purchaser.

(f) *Taxes.* There may be added to the maximum price established by this Maximum Price Regulation No. 206 the amount of tax levied by any Federal excise tax statute or any State or municipal sales, gross receipts, gross proceeds, or compensating use tax statute or ordinance, under which the tax is measured by gross proceeds or units of sale, if, but only if, (1) such statute or ordinance requires the vender to state the tax, separately from the purchase price paid by the purchaser, consumer, or user, on the bill, sales check, or evidence of sale, at the time of the transaction; or (2) such statute or ordinance requires such tax to be separately paid by the purchaser, consumer or user with tokens or other media of State or municipal tax payment; or (3) such a statute or ordinance permits the vendor to state such tax separately, and such tax is in fact stated separately by the vendor. The amount of tax permitted to be added by this paragraph shall in no event exceed that paid by the purchaser, consumer, or user.

(g) *Credit terms.* The maximum prices established in this appendix shall not be increased by any charges for the extension of credit and shall be reduced for prompt payment of invoices to the extent that they were or would have been reduced on October 1, 1941, for such payment in the case of sales to a purchaser recognized by the trade as in the same class as the person purchasing under this Maximum Price Regulation No. 206.

(h) *Other factors.* The maximum prices established in this appendix include all commissions. The seller may not add to the maximum prices a charge for performing services that are not specified in this Maximum Price Regulation No. 206.

§ 1362.114 *Appendix B: Maximum prices for vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Southern Area.*—(a) *Application.* The provision of Appendix B shall apply to all sales of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Southern Area which is hereby defined as the States of North Carolina, South Carolina, Georgia, Alabama, Florida,[1] Tennessee, Mississippi, and Louisiana east of the Mississippi River.

(b) *List prices.* The list prices of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the Southern Area shall be as shown in the following tables numbered 1 to 10, inclusive. Each item shown in the tables of List Prices carries a discount number which is shown opposite such items in the right-hand column and/or columns of each table.

(c) *Percentage discounts.* The percentage discounts set forth in the table below are so arranged that the applicable discount for any item for delivery in any geographical zone in the Southern Area can be determined by the following procedure: select the discount number shown on the list price tables for the desired item. An identical number appears in the left-hand column of the table below. After determining the proper geographical zone within which the destination point falls, the applicable percentage discount will be found at the junction of the vertical geographical zone column and the horizontal line at which the predetermined discount number appears.

Discount No.	North Carolina	South Carolina, Georgia, Alabama, Mississippi, Louisiana, (East Mississippi River)	Tennessee	North Florida	South Florida
1	47	45	46	45	40
2	40	40	40	35	25
3	49	47	48	47	42
4	42	42	42	37	27
5	47	45	45	45	40
6	47	45	45	45	40
7	32	30	30	30	25

(d) *Maximum prices.* Maximum prices shall be determined by applying to the list prices in Tables 1–10 inclusive the discount as determined in Paragraph (c) hereof in accordance with the rules set forth in the following paragraphs hereof:

(1) The maximum f. o. b. factory prices, full freight allowed to points located on standard gauge railroads, for straight or mixed carload shipment by rail shall be determined by applying the appropriate discounts to the list prices contained in paragraph (b) of Appendix B.

(2) The maximum f. o. b. factory prices for less than carload shipments by rail shall be determined by applying to the list prices contained in paragraph (b) hereof the discounts (established in paragraph (c)) applicable to a carload shipment by rail to points within the state or zone in which the factory from which the shipment originates is located. Delivered prices may be charged which do not exceed such maximum prices plus the less than carload rail charges from the factory to the point of delivery designated by the purchaser.

(3) The maximum delivered prices, full freight allowed, for all shipments by motor carrier shall be determined by applying to the list prices contained in paragraph (g) hereof discounts two points shorter than the discounts (established in paragraph (c)) which would be applicable had the shipment been a carload by rail.

(4) The maximum price f. o. b. factory for sales on a "pick-up" basis shall be the maximum f. o. b. factory prices for less than carload shipments by rail.

(e) *Delivery obligations.* For purposes of this section the delivery obligation on all sales (except those on a "pick-up" basis") shall be considered as completed when, in the case of rail shipment, the shipment arrives at the rail siding nearest the location designated by the purchaser; or when, in the case of shipment by motor carrier the shipment arrives at the site designated by the purchaser.

(f) *Taxes.* There may be added to the maximum price established by this Maximum Price Regulation No. 206 the amount of tax levied by any Federal excise tax statute or any State or municipal sales, gross receipts, gross proceeds, or compensating use tax statute or ordinance, under which the tax is measured by gross proceeds or units of sale, if, but only if, (1) such statute or ordinance requires the vendor to state the tax, separately from the purchase price paid by the purchaser, consumer, or user, on the bill, sales check, or evidence of sale, at the time of the transaction; or (2) such statute or ordinance requires such tax to be separately paid by the purchaser, consumer or user with tokens or other media of State or municipal tax payment; or (3) such a statute or ordinance permits the vendor to state such tax separately, and such tax is in fact stated separately by the vendor. The amount of tax permitted to be added by this paragraph shall in no event exceed that paid by the purchaser, consumer, or user.

(g) *Credit terms.* The maximum prices established in this Appendix shall not be increased by any charges for the extension of credit and shall be reduced for prompt payment of invoices to the extent that they were or would have been reduced on October 1, 1941, for such payment in the case of sales to a purchaser recognized by the trade as in the same class as the person purchasing under this Maximum Price Regulation No. 206.

(h) *Other factors.* The maximum prices established in this appendix include all commissions. The seller may not add to the maximum prices a charge for performing services that are not specified in this Maximum Price Regulation No. 206.

§ 1362.115 *Appendix C: Maximum prices for vitrified clay sewer pipe and allied products when delivery to the purchaser is within the East Central area.*—(a) *Application.* The provisions of Appendix C shall apply to sales of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the East Central area which is hereby defined as zones 1, 2, and 5 in the state of Illinois. Zone 1 comprises all points on and east of Third Principal Meridian south of B & O RR. (C. I. & W. RR.) extending through Decatur and Tuscola to the Indiana State Line; zone No. 2 covers all points on and north of the B & O RR. (C. I. & W. RR.) extending through Decatur and Tuscola, to the Indiana State Line, and east of Third Principal Meridian from point of intersection with the B & O RR. west of Decatur north to point of intersection with the Illinois Central RR. near Mendota, on and east of the I. C. RR. through Dixon and Freeport to the Wisconsin State Line, excepting all of Lake, Cook, Kane, Du Page and Will counties; zone No. 5 includes all of Lake, Cook, Kane, Du Page and Will Counties. The East Central area shall also consist of zones 1, 2, and 5 in the State of Wisconsin, zone 1 commencing south of a line drawn from Foscoro on Lake Michigan west along the northern boundary of Kewaunee, Brown, Waupaca, Portage and Wood counties, including the southeast corner of Shawano County, and east of a line running north and south along the western boundary of Green, Dane, Sauk, Janeau, and Wood counties, excepting the counties of Kenosha, Racine, and Milwaukee; zone No. 2 starting north of a line drawn from Foscoro on Lake Michigan along the northern boundary of Kewaunee, Brown, Waupaca, Portage and Wood counties, and through the southeast corner of Shawano County and east of a line drawn north and south along the western boundary of Marathon, Lincoln, Oneida, and Iron counties; zone No. 5 consisting of Kenosha, Racine and Milwaukee Counties; Upper Peninsula of Michigan, the entire State of Indiana, all of the State of Kentucky, except places in Campbell and Kenton counties and points located on the Chesapeake and Ohio Railway from Covington to Catlettsburg, inclusive, and all points on the Big Sandy Division of the Chesapeake and Ohio Railroad.

(b) *List prices.* The list prices of vitrified clay sewer pipe and allied products when delivery to the purchaser is within the East Central Area shall be as shown in the following tables numbered 1 to 19, inclusive. Each item shown in the tables of List Prices carries a discount number which is shown opposite such item in the right-hand column and/or columns of each table.

[1] Single or Double Openings supplied with or without closed end; Single or Double Openings, with closed end, take 50% additional to list price.

(c) *Percentage discounts.* The percentage discounts set forth in the table below are so arranged that the applicable percentage discount for any item for delivery in any geographical zone in the East Central Area can be determined by the following procedure: select the discount number shown on the list price tables for the desired item. An identical number appears in the left-hand column of the table below. After determining the proper geographical zone within which the destination point falls, the applicable percentage discount will be found at the junction of the vertical geographical zone column and the horizontal line at which the predetermined discount number appears.

Discount No.	Illinois zones 1, 2, and 5	Wisconsin zones 1 and 5	Wisconsin zone 2	Michigan Upper Peninsula	Indiana	Kentucky
1	64	62	60	67	67	67

11	64	62	60	60	67	------
12	51	49	47	47	------	------
13	46	44	42	42	------	------

(d) *Maximum prices.* Maximum prices shall be determined by applying to the list prices in Tables 1-19 inclusive the discount as determined in paragraph (c) hereof in accordance with the rules set forth in the following paragraphs hereof:

(1) The maximum f. o. b. factory prices, full freight allowed, for straight and mixed carload shipments by rail shall be determined by applying the appropriate discounts to the list prices contained in paragraph (b) of Appendix C.

(2) The maximum f. o. b. factory prices for less than carload shipments by rail shall be determined by applying to the list prices contained in paragraph (b) hereof the discounts (established in paragraph (c)) applicable to a carload shipment by rail to points within the state or zone in which the factory from which the shipment originates is located. Delivered prices may be charged which do not exceed such maximum prices plus the less than carload rail charges from the factory to the point of delivery designated by the purchaser.

(3) The maximum delivered prices, full freight allowed, for all shipments by motor carrier shall be determined by applying to the list prices contained in paragraph (b) hereof discounts two points shorter than the discounts (established in paragraph (c)) which would be applicable had the shipment been a carload by rail.

(4) (i) The following maximum f. o. b. factory prices per foot, full freight allowed, for straight and mixed carload shipments by rail to points designated by the purchaser, for Nos. 1 and 2 single or double strength sewer pipe 27 to 36 inches inclusive are hereby established when the product is delivered to a point within:

Large sewer pipe (inside diameter, inches)	Illinois zones 1 2, and 5		Wisconsin zones 1, 2, and 5		Upper Peninsula of Michigan		Indiana		Kentucky	
	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength

33" #2, per foot	------	4.40	------	4.35	------	4.25	3.69	3.69	------	------
36" #2, per foot	4.60	5.05	4.80	5.25	4.80	5.25	4.20	4.20	------	------

(ii) The maximum f. o. b. factory prices per foot for less than carload shipments by rail shall be those established in paragraph (4) (i), hereof, for No. 1 and No. 2, single or double strength sewer pipe 27 to 36 inches inclusive. Delivered prices may be charged which do not exceed such maximum prices plus the less than carload rail charges from the factory to the point of delivery designated by the purchaser.

(5) The following maximum delivered prices per foot, for all shipments by motor carrier to points designated by the purchaser, for Nos. 1 and 2 single or double strength sewer pipe 27 to 36 inches inclusive are hereby established when the product is delivered to a point within:

Large sewer pipe (inside diameter, inches)	Illinois zones 1 2, and 5		Wisconsin zones 1, 2, and 5		Upper Peninsula of Michigan		Indiana		Kentucky	
	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength	Single strength	Double strength
27" #1, per foot	$2.95	$3.30	$3.15	$3.40	$3.15	$3.40	------	$3.25	------	------
30" #1, per foot	3.25	3.65	3.40	3.75	3.40	3.75	------	3.60	------	------
33" #1, per foot	------	5.00	------	5.15	------	5.15	------	4.95	------	------
36" #1, per foot	5.12	5.65	5.32	5.85	5.32	5.85	------	5.64	------	------
27" #2, per foot	2.75	3.00	2.90	3.10	2.90	3.10	$2.47	2.47	------	------
30" #2, per foot	3.05	3.35	3.15	3.45	3.15	3.45	2.74	2.74	------	------
33" #2, per foot	------	4.60	------	4.75	------	4.75	3.87	3.87	------	------
36" #2, per foot	4.80	5.25	5.00	5.45	5.00	5.45	4.41	4.41	------	------

(6) The maximum price f. o. b. factory for sales on a "pick-up" basis shall be the maximum f. o. b. factory prices established in this paragraph for less than carload shipments by rail.

(e) *Delivery obligations.* For purposes of this section the delivery obligations on all sales (except those on a "pick-up basis") shall be considered as completed when, in the case of rail shipment, the shipment arrives at the rail siding nearest the location designated by the purchaser; or when, in the case of shipment by motor carrier, the shipment arrives at the site designated by the purchaser.

(f) *Taxes.* There may be added to the maximum price established by this Maximum Price Regulation No. 206 the amount of tax levied by any Federal excise tax statute or any State or municipal sales, gross receipts, gross proceeds, or compensating use tax statute or ordinance under which the tax is measured by gross proceeds or units of sale, if, but only if, (1) such statute or ordinance requires the vendor to state the tax, separately from the purchase price paid by the purchaser, consumer, or user, on the bill, sales check, or evidence of sale, at the time of the transaction; or (2) such statute or ordinance required such tax to be separately paid by the purchaser, consumer, or user with tokens or other media of State or municipal tax payment; or (3) such a statute or ordinance permits the vendor to state such tax separately, and such tax is in fact stated separately by the vendor. The amount of tax permitted to be added by this paragraph shall in no event exceed that paid by the purchaser, consumer, or user.

(g) *Credit terms.* The maximum prices established in this appendix shall not be increased by any charges for the extension of credit and shall be reduced for prompt payment of invoice to the extent that they were or would have been reduced on October 1, 1941, for such payment in the case of sales to a purchaser recognized by the trade as in the same class as the person purchasing under this Maximum Price Regulation No. 206.

(h) *Other factors.* The maximum prices established in this appendix include all commissions. The seller may not add to the maximum prices a charge for performing services that are not specified in this Maximum Price Regulation No. 206.

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1388—DEFENSE-RENTAL AREAS

[Amendment 1 to Maximum Rent Regulation 25 [1]]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

Section 1388.1656 (a) of Maximum Rent Regulation No. 25 is hereby amended to read as follows:

§ 1388.1656 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, unless:

* * * * *

§ 1388.1664a *Effective dates of amendments.* (a) Amendment No. 1 to Maximum Rent Regulation No. 25, (§ 1388.1656 (a)) shall become effective August 17, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 17th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1300—PROCEDURE

[Amendment 2 to Temporary Procedural Regulation 5]

TEMPORARY PROCEDURAL REGULATION NO. 5 [2]

Section 1300.311, effective date of amendments, is redesignated § 1300.310a and § 1300.311, Appendix A, is amended to read as set forth below.

§ 1300.310a *Effective dates of amendments.* * * *

(b) Amendment No. 2 (§§ 1300.310a, 1300.311) to Temporary Procedural Regulation No. 5 shall become effective August 24, 1942.

§ 1300.311 *Appendix A.*

APPLICATION FOR ADJUSTMENT

Two copies of this form must be filed with the Regional Office of the Office of Price Administration in your area.

[1] 7 F.R. 4902, 5045, 5912.
[2] 7 F.R. 4730, 5987.

UNITED STATES OF AMERICA

Office of Price Administration

Form OPA 5PR1 (revised)

This form may be used for an Application for Adjustment in prices established under Maximum Price Regulation No. 165, as amended, Services. A separate application should be used to cover the price of each service, such as a single item, like the relining of brakes, or a series of items, like the laundering of shirts, sheets, collars, socks, etc.

NOTE.—If there are two or more classes of service, each with a different price list, such as "Home" and "De Luxe" laundry service, a separate Application for Adjustments must be filed for each.

---------- hereby applies to the Office of Price Administration for an adjustment in the maximum price for
(Name of Applicant)

---------- from $---------- per---------- as established in accordance with Maximum Price Regulation No. 165, as amended, Services, to $---------- per---------- Applicant's relation to the business is:
(Service) (Unit) (Unit)

(Owner, Manager, Partner, Officer, etc.)

This application is made under § 1499.114 ----(a), ----(b) (indicate which) of Maximum Price Regulation No. 165, as amended, Services.

The following facts are furnished to the Office of Price Administration in support of this application:

SECTION I.—This section must be filled in completely on every application.

1. Name of store or business:----------
(Fill in exact form used, like The Fixit Shop, Acme Shoe Repair, etc.)
2. Address of store or business: Number---- Street---------- Phone Number------- City---------- State----------
3. Type of business: ----------
(Fill in exact and complete description. For example, indicate whether a laundry is a hand or a power laundry; whether an auto shop does general repairs or just body and fender repairs, etc.)
4. Type of operation: Retail only ☐ Both wholesale and retail ☐ (Check one) Wholesale only ☐ Other (give details) ☐----------
5. Ownership: Individual ownership ☐ Partnership ☐ Corporation ☐ (Check one) Other (give details) ☐----------
6. Is your store or business a unit in any sort of chain? Yes ☐ No ☐ If "Yes" give details including address of main office: ----------
7. The service for which a price adjustment is asked is performed at----------
(Your own shop, customer's home, wholesale establishment, etc.) and is paid for by the customer (in cash, by charge account, when bill is rendered, etc.)----------
Does the service include delivery? Yes ☐ No ☐.
8. The prices charged for this service have been:

	During month of—											
	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.
1941												
1942												

List all rebates, discounts, and special offers, customarily given or given in March 1942: ----------

(If you have printed price lists, catalogs, etc., attach copies to this form. If the prices cannot be listed in the space above attach a separate sheet giving them in detail.)

9. Were your March 1942 prices for this service lower than the prices you had charged for the same service at any time between October 1, 1941 and February 28, 1942?
Yes ☐ No ☐
If "Yes"—Explain why----------

10. List below the names, addresses, and prices for this service, or the similar service most nearly like it, of your five closest competitors of the same class.

(This means competitors located nearest to you who have the same sort of business, customers, store, etc. Cash and carry dry cleaners should list only other cash and carry dry cleaners, because pick-up and delivery dry cleaners are not competitors of the same class. If you do not have five such competitors, list as many as you can.)

Name and address of competitor	Pricing unit	Highest price charged during March 1942	Highest price charged during October 1941

(If you do not have enough space above to list competitor's prices, attach a separate sheet showing them.)

11. The principal items of cost in performing or supplying this service are: (List your costs of materials and supplies in terms of units regularly purchased wherever possible, for example: a photo finishing shop might list, 5 x 7 Glossy Paper Single Weight, per gross, $1.45 in October 1941, $1.80 on Feb. 1, 1942, etc.: a general automotive repair shop might list, Cylinder Head Gaskets, each 68¢ in October 1941, 76¢ on Feb. 1, 1942, etc. If wages are included in your costs, they should be shown in detail, as: Pressers, on a piece work basis, 3-piece men's suits, 10¢ in October 1941, 13¢ on Feb. 1, 1942: or, Delivery Truck Drivers (3 employed) per week, $22.50 in October 1941, $26.50 on Feb. 1, 1942, etc.)

Materials, supplies, labor, or wholesale services paid for or received	Pricing unit	Cost in October 1941	Cost on Feb. 1, 1942	Cost on Apr. 27, 1942	Total amount spent on this item in 1941. If you do not have exact figures give the best estimate you can

(If your costs changed between Feb. 1, 1942, and Apr. 27, 1942, or if you contracted prior to Apr. 27, 1942, to pay a higher labor cost thereafter, give details including dates of all changes or contracts on an attached sheet.)

12. Names and addresses of firms supplying your materials, supplies or wholesale services:

Firm Name and Address	Supplier of	From	To

13. Your Total Gross Income or Total Receipts for the service for which you are applying for adjustment of the maximum price:

(Gross Income or Total Receipts means the total amount of money which you received from customers for the service for which you are applying for adjustment and which you sold or supplied to them. If you perform or render several different kinds of service and are applying for adjustment on only one of them, list only the income from that one service. If you perform only the one service, it is not necessary to answer this question.)

If you have monthly figures give them as indicated below:

	During the month of											
	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.
1941												
1942												

If you have no monthly figures give the following totals:

Total for 1941 $----------

Total for 1942 to date (Jan. 1 to end of last calendar month) $----------

14. Your Total Gross Income or Total Receipts for your store or business:

(Gross Income or Total Receipts means the total amount of money which you received from customers for the services which you sold or supplied to them. If your store or business sells both commodities and services, the figures required in this question are to be for the Services Part of the business only, and on a separate attached sheet you are to list the corresponding figures for the entire business, the totals for commodity sales and service sales.)

	During the month of											
	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.
1941												
1942												

If you have no monthly figures give the following totals:

Total for 1941 $----------

Total for 1942 to date (Jan. 1 to end of last calendar month) $----------

15. Your Total Expenses or Total Cost of Operating your Store or Business:

(Expenses or Cost of Doing Business includes Rent, Light, Taxes (except income taxes) Labor, Materials, Supplies, Repair and Maintenance of Equipment, etc. It does not include the salary or wages of the owner, or the amount that he had taken out of the business if he did not take any regular salary or wages.)

	During the month of—											
	January	February	March	April	May	June	July	August	September	October	November	December
1941												
1942												

If you have no monthly figures give the following totals:

Total for 1941 $_____

Total for 1942 to date (January 1 to end of last calendar month) $_____

16. List below, with a brief description of each, the principal services which you perform or supply (Use additional attached sheets, if necessary):

---

17. Indicate here the manner in which the cost increases outlined in this application may interfere with the continuance of this service.

(If additional space is needed, use extra sheets and attach them to this form)

18. General Comments (It is the purpose and intention of the Office of Price Administration to act on all applications for Adjustment as quickly as possible. The more information, the quicker the decision. If there is any further information or detail which you feel would be valuable and helpful in aiding a quick decision, use the space below, and if necessary, additional attached sheets)

SECTION II. For use by wholesale suppliers only.

This section is to be filled in only on applications filed by wholesale suppliers. It must be filled in completely on every application filed by a wholesale supplier.

1. If your business operation is both wholesale and retail, what percentage of your total dollar volume is Wholesale ____ percent? What percentage is Retail ____ percent?

2. List the average number of retail outlets for which you were the wholesale supplier of the service for which this application is made, during each of the last 12 months.

Month of	Average number of outlets	Month of	Average number of outlets

3. What percentage of your total wholesale business is represented by the particular wholesale service for which this application is filed? ____ percent.

4. If you are engaged in both wholesale and retail business what was the highest March 1942 price which you charged for this service at retail? _____

5. List so far as you can, ceiling retail prices charged for this service during March 1942 by the retail outlets which you serve as a wholesale supplier and give the approximate percentage of the total of such retail outlets charging each retail price.

Retail price	Percent of outlets served charging this price	Retail price	Percent of outlets served charging this price

6. Indicate below your opinion regarding the effect, if any, which this increased wholesale price, if granted, would have on the retail price level of the particular service. Give all facts and data supporting this opinion, and if necessary use additional sheets attaching them to this form.

SECTION III. Signature.

(This section must be filled in completely on every application.)

PART 1499—COMMODITIES AND SERVICES

[Order 22 Under § 1499.18 (b) of the General Maximum Price Regulation]

CENTRAL VIRGINIA STAVE COMPANY

For the reasons set forth in an opinion[1] issued simultaneously herewith, it is ordered:

§ 1499.322 *Adjustment of maximum prices for 18 inch pine keg staves sold by the Central Virginia Stave Company.* (a) The maximum price f. o. b. Clayville, Virginia, for 18 inch pine keg staves with 7/16 inch bilge, crozed chamfered, sold by the Central Virginia Stave Company, Clayville, Virginia, shall be $.90 per bundle.

(b) All prayers of the application not granted herein are denied.

(c) This Order No. 22 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 22 (§ 1499.322) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 22 (§ 1499.322) shall become effective August 19, 1942.

(Pub. Law No. 421, 77th Cong.)

Issued this 18th day of August 1942.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

GENERAL ORDERS AND SUPPLEMENTS

Part
300 General Provisions.
301 General Regulations.
302 Contracts With Vessel Owners and Rates of Compensation Relating Thereto.
303 Contracts For Carriage on Vessels Owned or Chartered by the War Shipping Administration.
304 Labor.
305 War Risk Insurance.
306 General Agents and Agents.
341 Ship Warrant Regulations.

Because of the rapidly expanding functions of the War Shipping Administration, it has been found necessary to revise the method of codifying general orders and suplements, without changing the general order and supplement numbers or the context thereof all of which shall remain in full force and effect as of the date approved.

The general orders and supplements have been classified under the following parts and the sections renumbered, as follows:

General Order No.	*Federal Register* Sec.
1	302.1
1, Supp. 1	302.2
1, Supp. 2	302.3
1, Supp. 3	302.4
1, Supp. 4	303.1
1, Supp. 4A	Amendt. to 303.1
1, Supp. 4B	Amendt. to 303.1
1, Supp. 5	302.5
2	301.1
2, Supp. 1	303.2
2, Supp. 2	Not Published in Federal Register
2, Supp 3	303.3

PART 300 GENERAL PROVISIONS

Sec.
300.1 Transfer of property, records, etc., from the Maritime Commission to the War Shipping Administration.
300.2 Transfer of property from Maritime Commission to the War Shipping Administration.
300.9 Procurement of articles, materials and supplies for the War Shipping Administration during the unlimited national emergency without regard to the provisions of the "Buy American Act."

AUTHORITY: §§ 300.1, 300.2 and 300.9, issued under E.O. 9054, 7 F.R. 837.

§ 300.1 *Records and property transferred to Administrator.* The Administrator of the War Shipping Administration deems presently necessary to the full exercise of his functions and duties prescribed by Executive Order No. 9054, dated February 7, 1942, the following records and public property:

(a) All vessels now owned by the United States of America, represented by the United States Maritime Commission. and all records concerning the same or pertaining thereto.

(b) All vessels the ownership of which may be hereafter acquired by the United States of America, represented by the United States Maritime Commission, and all records concerning the same or pertaining thereto, except (1) any vessel constructed pursuant to Title V or Title VII of the Merchant Marine Act, 1936, as amended, which the United States Maritime Commission will have contracted to sell to an applicant upon its completion, and (2) any vessel constructed with funds made available to carry out the purposes of Public Law Number 11—77th Congress, for disposition to the Government of any country whose defense the President deems vital to the defense of the United States. [General Order No. 7, approved April 21, 1942; 7 F.R. 3673]

§ 300.2 *Transfer of property from Maritime Commission to W.S.A.* The Administrator of the War Shipping Administration deems presently necessary to the full exercise of his functions and duties prescribed by said Executive Order the custody, use of, and obligations to maintain, the following public property now vested in the United States Maritime Commission and records pertaining thereto, subject to existing permits, rights and privileges:

(a) The property located in Hoboken, New Jersey, and commonly known as the Hobcken Terminal.

(b) The property located in Norfolk, Virginia and commonly known as the Norfolk Army Base Terminal.

(c) The property located in Philadelphia, Pennsylvania and commonly known as the Philadelphia Army Base Terminal. [General Order 7, Supp. 1, approved July 28, 1942; 7 F.R. 5880]

§ 300.9 *Procurement of articles, materials and supplies for the War Shipping Administration during the unlimited national emergency without regard to the provisions of the "Buy American Act."* (a) For the duration of the unlimited national emergency proclaimed by the President of the United States on May 27, 1941, the provisions of Title III of the Act of March 3, 1933 (Public No. 428, Seventy-Second Congress, 47 Stat. 1520, 41 U.S.C. Secs. 10a, 10b, and 10c) shall not be applicable to the purchase of articles, materials, and supplies, manufactured or unmanufactured, for the account of, or under contracts with, the War Shipping Administration.

(b) Preference shall be given to articles, materials, and supplies, manufactured, produced or mined in the United States, purchased for the account of the War Shipping Administration, whenever convenient in the judgment of the purchasing officer, employee, and agent or general agent conducting the business of vessels under service agreements.

(c) Proper officials of the War Shipping Administration are hereby authorized to enter into contracts, and into amendments or modifications of existing contracts, without regard to the provisions of Title III of the Act of March 3, 1933 (Public No. 428, Seventy-Second Congress, 47 Stat. 1520, 41 U.S.C. Secs. 10a, 10b, and 10c), and in accordance with the provisions of this General Order. [General Order 18, approved July 27, 1942; 7 F.R. 5880]

PART 301—GENERAL REGULATIONS

Sec.
301.1 Information required from steamship operators offered charter.
301.2 Report to Port Director before sailing required.

AUTHORITY: §§ 301.1 and 301.2 issued under E.O. 9054, 7 F.R. 837.

§ 301.1 *Information required from steamship operators offered charter.* All owners who are American citizens, within the meaning of section 2 of the Shipping Act, 1916, as amended, of ocean-going passenger and dry cargo vessels of one thousand gross register tons or more shall, and all such ship-owners of other nationalities (except of nations with which the United States of America is at war) may, file with the War Shipping Administrator within ten days after the effective date hereof with respect to each of such vessels owned by them the following information as set forth in the following form:

WAR SHIPPING ADMINISTRATION,
Washington, D.C.
Attention: Charter Section.

302.62 Uniform bareboat terms and conditions for dry cargo and tank vessels.

AUTHORITY: §§ 302.1 to 302.3, inclusive, and §§ 302.44 to 302.62, inclusive, issued under E.O. 9054. §§ 302.4 to 302.36, inclusive, issued under sec. 902, 49 Stat. 2015, 53 Stat. 1255; 46 U.S.C. 1242.

§ 302.1 *Uniform time charter for all dry cargo vessels.* The attached form of Time Charter consisting of Part I and Part II is hereby adopted as the uniform time charter for all dry cargo vessels.[1] Appropriate special provisions shall be inserted as the owner and the War Shipping Administration shall agree. [General Order 1, approved February 20, 1942; 7 F.R. 1505]

§ 302.2 *Uniform time charter for all tank vessels.* The attached form of Time Charter consisting of Part I and Part II is hereby adopted as the uniform time charter for all tank vessels.[2] Appropriate special provisions shall be inserted as the owner and the War Shipping Administration shall agree. [General Order 1, Supp. 1, approved February 24, 1942; 7 F.R. 1548]

§ 302.3 *Uniform bareboat charter for all passenger vessels.* (a) The following form of bareboat charter is hereby adopted as the uniform bareboat charter for all passenger vessels.

(b) Appropriate special provisions shall be inserted, either by addendum or by insertion, as the owner and the War Shipping Administration shall agree.

Passenger
3/11/42

Contract No. WSA–

This bareboat charter made as of _____, between the United States of America, acting by and through the Administrator, War Shipping Administration (herein called the "Charterer") and _____, a _____ corporation (herein called the "Owner")

Witnesseth:

Whereas:

I. The Charterer has determined, pursuant to an Act of Congress approved June 6, 1941 (Public, No. 101, 77th Cong., Ch. 174) that vessels in addition to those otherwise available are necessary for the transportation of commodities essential to the national defense;

II. The Charter deems the Owner's S. S. _____ (Official Number_____) (herein called the "Vessel") suitable for such transportation and the terms and conditions hereof and the period of this Charter and the restrictions herein contained to be necessary or desirable for the protection of the public interest and the rate of hire herein provided to be fair and reasonable; and

III. It is the intention of the Charterer to subcharter or otherwise make Vessel available to the Navy Department or War Department for military use as a public vessel;

Now, therefore, the parties hereto agree as follows:

ARTICLE 1. *Vessel Chartered.* The Owner agrees to let and the Charterer agrees to hire the vessel for lawful purposes for a period of twelve month (subject to earlier termination either by mutual agreement at any time or by either party upon thirty days' written notice to the other) beginning with the time of the Vessel's delivery hereunder and such additional time needed (a) for the Vessel to complete her current voyage at the expiration of said twelve months' period or of the said 30 day notice period, as the case may be, and (b) for the Charterer to place the Vessel in the condition required on redelivery under the terms of this Charter.

ART. 2. *Delivery and Redelivery of Vessel.* The vessel shall be delivered as of -- o'clock ____, ____ Time, on _____, at the port of _____, as evidenced by the delivery receipt, and redelivered at the port of _____, after being restored to her condition on delivery as provided in Article 4 hereof, unless actually or constructively lost, at such safe place or pier

[1] Form superseded by General Order 11.

[2] Form superseded by General Order 11, Supplement 1.

to be designated by the Owner, unless otherwise mutually arranged.

ART. 3. *Charter Hire.* The Charterer shall pay the Owner hire in the amount of $_____ for each day of twenty-four hours, and pro rata for any part of a day, from the time of the Vessel's delivery, until the time of her redelivery, or, if the Vessel is sooner lost, to and including the time of its loss (if the time of such loss is uncertain, then to and including the time the Vessel is last heard from), or if the Vessel is a declared constructive total loss as provided in Article 14 hereof, to the time of the declaration of such constructive total loss by the Charterer.

Such hire shall be due and payable on the first day of each calendar month during the period of this Charter, for the preceding month or portion thereof.

ART. 4. *Condition of Vessel on Delivery and Redelivery.* The Charterer shall accept the Vessel "as is", in whatever condition it may be at the time of delivery thereof, without any agreement, representation or warranty, expressed or implied, by the Owner as to its physical condition, equipment, seaworthiness, or fitness for any purposes whatsoever. The Vessel, unless lost, shall be redelivered by the Charterer to the Owner after she has been restored by the Charterer to the same condition as a commercial passenger liner as that in which delivered, ordinary wear and tear in commercial operation excepted.

The Charterer shall be at liberty to install any equipment and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading or discharging cargo beyond that on board at the beginning of this Charter. Such work shall be done at the Charterer's expense and on its time, and shall not be such as to affect the seaworthiness of the Vessel. Such equipment, materials, and gear so fitted are to be considered Charterer's property; and the Charterer shall remove the same at its expense before redelivery, and shall restore the Vessel to her condition prior to such changes (ordinary wear and tear in commercial operation excepted).

No structural changes shall be made in the Vessel, her boilers, machinery or appurtenances without the prior written consent of the Owner. If any such structural changes are made, or any changes are made in her boilers, machinery, appurtenances or spare parts, the Vessel upon redelivery shall, if the Owner so requests, be restored to her original condition, ordinary wear and tear in commercial operation excepted.

ART. 5. *Maintenance.* The Charterer shall, at its own expense, maintain the Vessel, so far as possible, in at least as good condition, working order and repair as said Vessel was in at the time of her delivery to the Charterer hereunder, ordinary wear and tear in commercial operation excepted.

The Charterer shall drydock the Vessel as may be necessary at least once in every six months from the date of this Charter for the purpose of cleaning and painting her bottom.

The Vessel shall be drydocked and surveyed jointly by representatives of the Charterer and the Owner before delivery at the expense of the Charterer. Should the Charterer elect to waive drydocking before delivery, any damage to the Vessel's bottom found on redelivery shall be presumed in the absence of proof to the contrary to have occurred subsequent to the date of delivery, and all expenses in repairing such damages shall be for the account of the Charterer.

The Vessel shall be surveyed jointly by representatives of the Charterer and the Owner on redelivery, to determine its condition. Such survey shall include drydocking to determine the condition of the underwater parts which shall be at the expense of the Owner, unless drydocking for cleaning and painting bottom is past due, or unless underwater damage is found or unless there is evidence that since the last drydocking the Vessel has been involved in a grounding and underwater contact, or a collision, in any of which events it shall be at the expense of the Charterer. If on the redelivery survey it shall appear that the Vessel is not in as good condition as on delivery, ordinary wear and tear in commercial operation excepted, then the Charterer before redelivery shall make at its own expense all repairs, renewals, and replacements necessary to put the Vessel in at least as good condition as on delivery, ordinary wear and tear in commercial operation excepted.

ART. 6. *Fuel and stores on board vessel at delivery and redelivery.* The Charterer shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board at the time of delivery, and the Owner shall accept and pay for all unbroached consumable stores, fuel oil and fresh water (acceptable by the Owner) on board on redelivery at the current market prices at the ports of delivery and of redelivery, respectively, on the respective dates of the inventories thereof. "Consumable stores" within the meaning of this paragraph are all consumable and subsistence stores (but not radio supplies, expendable equipment, scrap and junk) listed in United States Maritime Commission Voyage Stores Reports, Forms 7915A, 7916A, 7918A, and 7919A (Revised Forms 1939).

ART. 7. *Inventories.* A complete inventory of the Vessel's entire outfit, equipment, hotel equipment, furniture, furnishings, appliances, spare and replacement parts and of all consumable stores, fuel oil and fresh water on board as of the time of the Vessel's delivery shall be jointly taken by representatives of the Charterer and the Owner, and mutually agreed upon by them as to items and as to price with respect to all consumable stores, fuel oil and fresh water (but if it is impracticable to make such inventory, then the Charterer will accept the Owner's inventory or reasonable estimates as to items and as to reasonable prices where pricing is required) at the time of delivery, or as soon thereafter as may be possible, and a similar inventory shall be so jointly taken and mutually agreed upon immediately after redelivery.

ART. 8. *Use of equipment.* The Charterer shall have the use of all outfit, equipment, hotel equipment, furniture, furnishings, appliances, spare and replacement parts on board the Vessel from the time of delivery without extra cost with the exception of the leased equipment), and the same or their substantial equivalent shall be returned to the Owner on redelivery in the same good order and condition as when received, any such items lost, destroyed, damaged, or so worn in service as to be unfit for use in the Owner's regular passenger service, to be replaced or made good by the Charterer in kind before redelivery or in value at the time of redelivery.

ART. 9. *Removal of equipment.* The Owner may, prior to the first departure of the Vessel from its port of delivery, and thereafter at any reasonable time, remove such equipment on board as is not required for the intended employment of the Vessel, but the Charterer shall reimburse the Owner for the expense of such removal, of the transportation and storage of and insurance on the removed equipment during the term of this Charter, unless sooner removed from storage, and of replacing or reinstalling such equipment on the Vessel at the termination of this Charter. If such property is stored on the premises of the Owner or any subsidiary or affiliate or holding company, then the amount allowed for such storage will be that determined to be fair and reasonable by the Charterer, but in no event more than the cost of storage in comparable facilities or in a public warehouse, whichever is the lesser. However, the Charterer, at its option, may purchase such equipment at any time during the currency of this Charter at its fair and reasonable value if such storage charges exceed such value.

ART. 10. *Leased equipment.* The Charterer shall assume the obligations of the Owner under any contracts in connection with leased equipment on board and all expenses connected therewith after delivery, either by direct payment to the lessor thereof or by reimbursing the Owner for the rental and any other expenses under the Owner's contracts for such equipment during the period of this Charter, at the Owner's option, except that the Charterer, at the beginning of the charter period may substitute any other form of agreement as to such services mutually satisfactory to the Charterer and these contractors.

ART. 11. *Charterer to man, victual, and navigate.* During the period hereof, the Charterer shall at its own expense, or by its own procurement, man, victual, navigate, operate, supply, fuel, and repair the Vessel and pay all charges and expenses of every kind and nature whatsoever incident thereto, it being understood that the Owner retains no control, possession or command whatsoever during the period of the Charter, but that the Charterer shall have exclusive possession, control and command of said Vessel during the period of this Charter.

ART. 12. *Marine and war risks.* The Charterer shall, effective with the time of delivery of the Vessel under this Charter, assume war, marine and all other risks or liabilities of whatsoever nature or kind, including, without limitation, all risks or liabilities for breach of statute or for damage to property including cargo and other vessels, or for the personal injuries or death of any persons whatsoever, and shall indemnify and save harmless the Owner and the Vessel against and from any and all loss, liability, damage and expense (including costs of court and reasonable attorneys' fees) on account of such risks or liabilities arising out of any matter occurring during the currency of this Charter. The Charterer will insure in its Insurance Fund that portion of the value of the Vessel which relates to the interest of the United States of America as mortgagee to the extent that the risks assumed by the Charterer hereunder are of such a nature that they can be insured in such fund.

ART. 13. *Actual total loss liability.* In the event of total loss of the Vessel, the Charterer shall reimburse the Owner therefor in the amount of $_____ together with interest at the rate of 3½ per cent per annum beginning one hundred twenty days from the date of the Vessel's loss, if known, otherwise beginning one hundred twenty days from the date she was last heard from. The said sum of $_____ shall be paid as follows: (1) The Charterer shall pay the Owner $_____ in cash forthwith. (2) The Charterer shall pay the balance of said sum (i. e., $_____) into a joint account in the names of the Owner and Charterer with a depository satisfactory to both parties, to be held in escrow for use for the replacement of the Vessel by new construction approved by the United States Maritime Commission to be completed within three years after peace between the United States and the nations with which it is now at war is proclaimed. In the event that the Owner does not elect to replace such Vessel and such funds in such account are not so used within such prescribed period, they shall be returned to the Charterer. The

creation of the joint escrow account and withdrawals therefrom shall be governed by and be in accordance with the applicable rules and regulations and orders of the United States Maritime Commission and the Treasury Department under the provisions of section 112 (f) of the Internal Revenue Code, or section 511 of the Merchant Marine Act of 1936, as amended, as the Owner may elect.

ART. 14. *Constructive total loss liability.* In case of damage to the Vessel (not amounting to total loss but amounting to more than 50 per cent of the total loss valuation in the opinion of the principal surveyor of the American Bureau of Shipping) during the period of this Charter, the Charterer shall have the option of declaring the Vessel a constructive total loss by so notifying the Owner in writing or of restoring the Vessel before redelivery to the Owner to a condition at least as good as its condition on delivery, ordinary wear and tear in commercial operation excepted, as required under this Charter. In the event of the declaration by the Charterer of the constructive total loss of the Vessel, the Charterer shall forthwith reimburse the Owner in the amounts and in the manner indicated in Article 13 above in the case of actual total loss. Against such payment the Owner will give the Charterer such releases and instruments granting the Vessel or the property of her remaining as the Charterer may require.

ART. 15. *Insurance.*

(a) On and after the date of delivery of the Vessel under this Charter, the Owner shall not be required to carry any insurance whatsoever, but the Owner shall, as promptly as may be practicable, effect the cancellation of existing policies of insurance, and the pro rata premium payable with respect to the period between the date of delivery under this Charter and the effective date of such cancellation, shall be payable by the Charterer. The Charterer shall reimburse the Owner for any loss occasioned to it by the operation of any "short term cancellation rate" applicable to premiums paid for insurance with respect to the Vessel.

(b) If the Charterer shall insure the Vessel, in its own Insurance Fund, the Charterer shall not, either as Charterer or insurer, have any right of subrogation against the Owner on account of loss or damage to the Vessel or its machinery or appurtenances, or on account of payments made to discharge claims against or liabilities of the Vessel or the Owner covered by insurance underwritten by the Charterer. Such insurance shall not in any way affect the Charterer's obligation to the Owner under this Charter.

ART. 16. *Indemnification.* The Owner shall forever indemnify and hold harmless the Charterer against any item of whatsoever nature upon the vessel at the time of its delivery hereunder. The Charterer shall forever indemnify, hold harmless and defend the Owner against any liens of whatsoever nature by whomsoever asserted and against any claim of lien (including costs and reasonable attorneys' fees paid or incurred in defending any such claim, whether or not the claim be found to be valid) whenever and by whomsoever asserted, upon the Vessel at the time of its redelivery hereunder. The Charterer shall also indemnify, hold harmless and defend the Owner and the Vessel against any claims, demands, or liabilities against them or either of them (including costs and reasonable attorneys' fees in defending such claim or demand, whether or not the claim or demand be found to be valid) arising out of the use or operation of the Vessel by the Charterer or any subcharterer, or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel, or out of any obligation or liability incurred by the Charterer or any subcharterer. The Charterer in its use and operation of the Vessel, shall abide by, and comply with, all applicable laws and governmental rules and regulations and the terms of any Governmental preferred mortgage on said Vessel and shall not use or operate the Vessel, or permit use or operation of the Vessel except in full compliance with all such laws, rules and regulations, and shall indemnify the Vessel and the Owner against any loss, claim, liability, damage or expense on account of any such violation of law, rule, or regulation.

ART. 17. *Subcharter.* The Charterer shall at all times have the right to subcharter the Vessel bareboat to any other department or agency of the Government of the United States of America without prejudice to this Charter, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions. When any such subcharter is made the Charterer will forthwith notify Owner of the name of the subcharterer and the terms thereof.

ART. 18. *Officials not to benefit.* No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909 (35 Stat. 1109). No member of or Delegate to Congress, nor Resident Commissioner, shall be employed by the Owner either with or without compensation as an attorney, agent, officer or director.

In witness whereof, the parties hereto have executed this Charter in triplicate as of the day and year first above written.

UNITED STATES OF AMERICA,

UNITED STATES OF AMERICA

SMALL CRAFT BAREBOAT REQUISITION CHARTER

This charter, made and concluded upon in the District of Columbia the ____day of ____, 19__, between the United States of America, acting through the War Shipping Administrator (hereinafter called the "Charterer"), and

----
(hereinafter called the "Owner"), owner of the

Vessel ---------- (hereinafter called the "Vessel"), of ----------, Official No. ---------- of ---------- tons gross register and ---------- tons net register, witnesseth, that

Whereas, by Proclamation of May 27, 1941, the President declared an unlimited national emergency, and the security of the national defense made it advisable for the Charterer to requisition and charter the use of vessels and other water craft owned by citizens of the United States; and

Whereas, pursuant to the aforesaid Proclamation of the President and the provisions of Section 902, Merchant Marine Act, 1936, as amended, the Charterer has requisitioned the use of the Vessel by Small Craft Requisition No. ---------- approved on ----------, 19__; and

Whereas, this Charter sets forth the terms which, in the Charterer's judgment, should govern the relations between the United States and the Owner and a statement of the rate of hire which, in the Charterer's judgment, will be just compensation for the use of the Vessel and for the services required under the terms of this Charter;

Now, therefore, it is agreed as follows:

ART. 1. *Charter period.* The Owner agrees to let and the Charterer agrees to hire the Vessel for a period (subject to sooner termination by the Charterer upon fifteen days' written notice to the Owner) beginning with the time of the Vessel's delivery hereunder until the termination of the emergency proclaimed by the President on May 27, 1941, and such additional time needed for (a) the Vessel to complete here current voyage at either the end of said emergency period or at the end of said fifteen days' notice period, as the case may be, and (b) the Charterer to place the Vessel in the condition required on redelivery under the terms of this Charter.

ART. 2. *Delivery and redelivery of vessel.* The Vessel shall be delivered as of ---------- o'clock ---------- Time, on ---------- ---------- 19__, at the Port of----------, as evidenced by the delivery receipt, and there redelivered after being restored to her condition on delivery as hereinafter provided, unless actually or constructively lost, at such safe place or pier to be designated by the Owner, unless otherwise mutually arranged.

ART. 3. *Charter hire.* The Charterer shall pay the Owner hire in the amount of $----------, for each day of twenty-four hours, and pro rata for any part of a day, from the time of delivery, until the time of redelivery, or, if the Vessel is sooner lost, until the time of her loss (if the time of such loss is uncertain, then until the time last heard from), or if the Vessel is a declared constructive total loss as hereinafter provided, to the time of such declaration by the Charterer.

Such hire shall be due and payable on the first day of each calendar month during the period of this Charter, for the preceding month or portion thereof.

ART. 4. *Condition of vessel on delivery and redelivery.* Subject to the provisions of the second paragraph of Article 5, the Charterer shall accept the Vessel "as is", in whatever condition it may be at the time of delivery thereof, without any agreement, representation or warranty, expressed or implied, by the Owner as to its physical condition, equipment, seaworthiness, or fitness for any purposes whatsoever, or against any defects, except as to latent defects, against all of which the Owner warrants the Vessel.

The Charterer shall be at liberty to install any equipment and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading or discharging cargo beyond that on board at the beginning of this Charter. Such equipment, materials, and gear so fitted are to be considered Charterer's property; and the Charterer shall remove the same at its expense before redelivery, and shall restore the Vessel to her condition prior to such changes (ordinary wear and tear excepted).

Unless actually or constructively lost, the Vessel on redelivery shall, at the cost of the Charterer, be restored to the Owner in a condition at least as good as when delivered hereunder, less ordinary wear and tear, or in lieu of making such repairs, the Charterer (at its option) shall pay the Owner an amount to place the Vessel in such condition, which payment shall include (a) an amount (payable month by month) equal to the hire herein fixed for use of the Vessel for the period of time necessary, the utmost diligence and despatch being used, for such repairing; and (b) any such further amount necessarily expended or to be expended by the Owner for insurance, wages and subsistence of master and members of the crew and other vessel expenses incurred during the period of time necessary, such diligence and despatch being used, for repairing the damage.

ART. 5. *Maintenance.* The Charterer shall, at its own expense, maintain the Vessel, so far as possible, in at least as good condition, working order and repair as said Vessel was in at the time of her delivery to the Charterer hereunder, ordinary wear and tear excepted.

The Vessel shall be drydocked and surveyed before delivery and on redelivery to determine her condition under the terms of this Charter. The cost of drydocking on delivery shall be paid for by the Charterer, and the cost of drydocking on redelivery shall be paid for by the Owner. Should the Charterer elect to waive drydocking on delivery, any damage to the Vessel's bottom found on redelivery shall be presumed, in the absence of proof to the contrary, to have occurred subsequent to the date of delivery, and all expenses in repairing such damage shall be for account of the Charterer.

ART. 6. *Fuel and stores on board vessel at delivery and redelivery.* The Charterer shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board at the time of delivery, in good order and condition and not in excess of vessel's normal requirements, and the Owner shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board on redelivery, in good order and condition and not in excess of vessel's normal requirements, at the current market prices at the port of delivery and of redelivery, respectively, on the respective dates of the inventories thereof. "Consumable stores" within the meaning of this paragraph are all consumable and subsistence stores (but not radio supplies, expendable equipment, scrap and junk) listed in United States Maritime Commission Voyage Stores Reports, Forms 7915A, 7916A, 7918A, and 7919A (Revised Forms 1939).

ART. 7. *Inventories* A complete inventory of the Vessel's entire outfit, equipment, furniture, furnishings, appliances, spare and replacement parts and of all consumable stores, fuel oil and fresh water on board as of the time of the Vessel's delivery shall be jointly taken by representatives of the Charterer and the Owner, and mutually agreed upon by them both as to items and price at such time or as soon thereafter as may be possible, and a similar inventory shall be so jointly taken and mutually agreed upon immediately after redelivery. Items other than fuel, water and consumable stores included in the redelivery inventory, however, shall not be repriced on redelivery.

ART. 8. *Use of equipment.* The Charterer shall have the use of all outfit, equipment, furniture, furnishings, appliances, spare and replacement parts on board the Vessel from the time of delivery without extra cost (with the exception of the leased equipment), and the same or their substantial equivalent shall be returned to the Owner on redelivery in the same good order and condition as when received, any such items lost, destroyed, damaged, or so worn in service as to be unfit for use to be replaced or made good by the Charterer in kind before redelivery or in value at the time of redelivery. The Charterer shall also have the benefit of all apparatus and appliances and spare repair replacement parts on shore, at prices to be mutually agreed upon between the parties, and the Owner shall furnish the Charterer forthwith a list of such parts and equipments.

ART. 9. *Leased equipment.* The Charterer may assume the obligations of the Owner under any contracts in connection with leased equipment on board and all expenses connected therewith after delivery, either by direct payment of the lessor thereof or by reimbursing the Owner for the rental and any other expenses under the Owner's contracts for such equipment during the period of this Charter, at the Owner's option, except that the Charterer, at the beginning of the charter period may substitute any other form of agreement as to such services mutually satisfactory to the Charterer and these contractors.

ART. 10. *Charterer to man, victual and navigate.* During the period hereof, the Charterer shall at its own expense, or by its own procurement, man, victual, navigate, operate, supply, fuel, and repair the Vessel and pay all charges and expenses of every kind and nature whatsoever incident thereto.

ART. 11. *Marine and war risk.* The Charterer shall, effective with the time of delivery of the Vessel under this Charter, assume war, marine and all other risks or liabilities of whatsoever nature or kind, against the Owner or Vessel including all risks or liabilities for breach of statute or for damage caused to other vessels, persons or property, and shall indemnify and save harmless the Owner and the Vessel against and from any and all loss, liability, damage, injury (including death claims), and expense (including costs of court and reasonable attorneys' fees) on account of such risks or liabilities arising out of any matter occurring during the currency of this Charter.

ART. 12. *Loss of vessel.* In the event the Vessel is actually lost or is declared to be a constructive total loss or is an arranged total loss, the Charterer shall pay to the Owner as soon as practicable $------ for the Vessel, including interest at the rate of three per centum (3%) per annum calculated in the case of actual total loss beginning 90 days from the date of loss, if known, otherwise beginning 90 days from the date the Vessel was last heard from; in the case of declared constructive total loss beginning on the date such declaration is made; and in the case of an arranged total loss beginning on the date the loss is agreed upon.

If the Vessel sustains serious damage or injury arising during the period of this Charter, to such extent that the Charterer shall consider her to be a constructive total loss, the Charterer shall have the option (to be exercised as promptly as possible, but in no event later than 90 days from the date of the casualty), of declaring the Vessel to be a constructive total loss as of the date of such declaration and of taking over or selling her, and the Owner shall be paid the amount provided above.

ART. 13. *Indemnification.* The Owner shall forever indemnify and hold harmless the Charterer against any liens of whatsoever nature upon the Vessel at the time of its delivery hereunder and the Charterer shall forever indemnify, hold harmless, and defend the Owner against any liens of whatsoever nature upon the Vessel at the time of its redelivery hereunder, by whomsoever asserted, and against any claim of lien (including costs and reasonable attorneys' fees paid or incurred in defending any such claim, whether or not the claim be found to be valid) whenever and by whomsoever asserted, arising out of any matter occurring during the period of this Charter or out of the use or operation of the Vessel by the Charterer or any subcharterer or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel or out of any obligation or liability incurred by the Charterer or any subcharterer. The Charterer shall also indemnify, hold harmless and defend the Owner against any claims, demands, or liabilities against the Owner (including costs and reasonable attorneys' fees in defending such claims or demand, whether or not the claim or demand be found to be valid) arising out of the use or operation of the Vessel by the Charterer or any subcharterer, or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel, or out of any obligation or liability incurred by the Charterer or any subcharterer.

ART. 14. *Subcharter.* The Charterer shall at at all times have the right to subcharter the Vessel bareboat to any other department or agency of the Government of the United States of America without prejudice to this Charter, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

ART. 15 *Payments.* All payments to be made by the Charterer to the Owner and all payments to be made by the Owner to the Charterer, under the terms of this Charter, shall be made in the District of Columbia by or to the Charterer.

In consideration of the compensation provided and the other obligations assumed by the Charterer hereunder, the Owner accepts this Charter in full satisfaction of any and all claims he has or may have against the United States of America arising out of the requisition of the Vessel and accepts the compensation herein provided for as the compensation required by law.

ART. 16. *Officials not to benefit.* No member of or Delegate to Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act, approved March 4, 1909 (35 Stats. 1109). No member of or Delegate to Congress, nor Resident Commissioner, shall be employed by the Owner either with or without compensation as an attorney, agent, officer or director.

In witness whereof, the parties hereto have executed this Charter Party Agreement in triplicate as of the day and year first above written.

War Shipping Administration

[General Order 1, Supplementary 3, approved April 20, 1942; 7 F.R. 4588]

§ 302.5 *Smallcraft bareboat requisition charter "Warshiptow".* (a) The

following form of bareboat charter, identified as form No. 109, "Warshiptow", 8/1/42, to be entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, is approved and adopted for the requisitioned use on a bareboat basis of tugs, barges, and other vessels whether or not self-propelled used in or in conjunction with barges services in or between such port or ports as the Administrator may from time to time determine.

ARTICLE 1. *Charter period.* The Owner agrees to let and the Charterer agrees to hire the Vessel for a period (subject to sooner termination by the Charterer upon fifteen days' written notice to the Owner) beginning with the time of the Vessel's delivery hereunder until the termination of the emergency proclaimed by the President on May 27, 1941, and such additional time needed for (a) the Vessel to complete her current voyage at either the end of said emergency period or at the end of said fifteen days' notice period, as the case may be, and, (b) the Charterer to place the Vessel in the condition required on redelivery under the terms of this Charter.

ART. 2. *Delivery and Redelivery of Vessel.* The Vessel shall be delivered as of ------- o'clock ---------- Time, on -------- 19--, at the Port of ----------, as evidenced by the delivery receipt, and there redelivered after being restored to her condition on delivery as hereinafter provided, unless actually or constructively lost, at such safe place or pier to be designated by the Owner, unless otherwise mutually arranged.

ART. 3. *Charter hire.* The Charterer shall pay the Owner hire in the amount of $--------, for each day of twenty-four hours, and pro rata for any part of a day, from the time of acceptance, until the time of redelivery, or, if the Vessel is sooner lost, until the time of her loss (if the time of such loss is uncertain, then until the time last heard from), or if the Vessel is a declared constructive total loss as hereinafter provided, to the time of such declaration by the Charterer.

Such hire shall be due and payable on the first day of each calendar month during the period of this Charter, for the preceding month or portion thereof.

ART. 4. *Condition of vessel on delivery and redelivery.* Subject to the provisions of the second and third paragraphs of Article 5, the Charterer shall accept the Vessel "as is", in whatever condition it may be at the time of acceptance thereof, without any agreement, representation or warranty, expressed or implied, by the Owner as to its physical condition, equipment, seaworthiness, or fitness for any purposes whatsoever, or against any defects, except as to latent defects, against all of which the Owner warrants the Vessel.

The Charterer shall be at liberty to install any equipment and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading, carrying or discharging cargo or for towing or other services beyond that on board at the beginning of this Charter. Such equipment, materials, and gear so fitted are to be considered Charterer's property; and the Charter shall remove the same at its expense before redelivery, and shall restore the Vessel to her condition prior to such changes (ordinary wear and tear excepted).

Unless actually or constructively lost, the Vessel on redelivery shall, at the cost of the Charterer, be restored to the Owner in a condition at least as good as when accepted hereunder, less ordinary wear and tear, or in lieu of making such repairs, the Charterer (at its option) shall pay the Owner an amount to place the Vessel in such condition, which payment shall include: (a) an amount (payable month by month) equal to the hire herein fixed for use of the Vessel for the period of time necessary, the utmost diligence and despatch being used, for such repairing; and (b) any such further amount necessarily expended or to be expended by the Owner for insurance, wages and subsistence of master and members of the crew and other vessel expenses incurred during the period of time necessary, such diligence and despatch being used, for repairing the damage.

ART. 5. *Maintenance.* The Charterer shall, at its own expense, maintain the Vessel, so far as possible, in at least as good condition, working order and repair as said Vessel was in at the time of her acceptance to the Charterer hereunder, ordinary wear and tear excepted.

The Vessel shall be drydocked and surveyed before acceptance and on redelivery to determine her condition under the terms of this Charter. The cost of drydocking on acceptance shall be paid for by the Charterer, and the cost of drydocking on redelivery shall be paid for by the Owner. Should the Charterer elect to waive drydocking on acceptance, any damage to the Vessel's bottom found on redelivery shall be presumed, in the absence of proof to the contrary, to have occurred subsequent to the date of acceptance, and all expenses in repairing such damage shall be for account of the Charterer.

If, at the time of delivery hereunder, the Vessel has outstanding classification requirements or has sustained unrepaired damage of an insurable nature, the cost of repairing such unrepaired damage or of satisfying the outstanding classification requirements shall be for the Owner's account and, if the Charterer is not reimbursed for such cost by the Owner, such cost shall be deducted by the Charterer from the charter hire due hereunder and, in either event, during the time required for such repairs, the Vessel shall be off-hire.

Decay or corrosion from natural causes which require the entire replacement of frame, deck beams, deck housing, planking and side or bottom plates other than that caused by collision or other accidents shall be for the Owner's account as will natural deterioration of boilers, pump condensers and main engines. If, during the term of this Charter excessive repairs are necessary in the way of replacement of machinery or to hull and such repairs shall be considered as renewing or adding to the value of the Vessel, such repairs may be made by the Charterer and shall be for the Owner's account provided, however, that if caused by collision or other accident it shall be for the Charterer's account.

ART. 6. *Fuel and stores on board vessel at delivery and redelivery.* The Charterer shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board at the time of delivery, in good order and condition and not in excess of vessel's normal requirements, and the Owner shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board on redelivery, in good order and condition and not in excess of vessel's normal requirements, at the current market prices at the port of delivery and of redelivery, respectively, on the respective dates of the inventories thereof. "Consumable stores" within the meaning of this paragraph are all consumable and subsistence stores (but not radio supplies, expendable equipment, scrap and junk) listed in United States Maritime Commission Voyage Stores Reports, Forms 7915A, 7916A, 7918A, and 7919 A (Revised Forms 1939).

ART. 7. *Inventories.* A complete inventory of the Vessel's entire outfit, equipment, furniture, furnishings, appliances, spare and replacement parts and of all consumable stores, fuel oil, and fresh water on board as of the time of the Vessel's delivery shall be jointly taken by representatives of the Charterer and the Owner, and mutually agreed upon by them both as to items and price at such time or as soon thereafter as may be possible, and a similar inventory shall be so jointly taken and mutually agreed upon immediately after redelivery. Items other than fuel, water and consumable stores included in the redelivery inventory, however, shall not be repriced on redelivery.

ART. 8. *Use of equipment.* The Charterer shall have the use of all outfit, equipment, furniture, furnishings, appliances, spare and replacement parts on board the Vessel from the time of delivery without extra cost (with the exception of the leased equipment), and the same or their substantial equivalent shall be returned to the Owner on redelivery in the same good order and condition as when received, and any such items lost, destroyed, damaged, or so worn in service as to be unfit for use to be replaced or made good by the Charterer in kind before redelivery or in value at the time of redelivery. The Charterer shall also have the benefit of all apparatus and appliances and spare repair replacement parts on shore, at prices to be mutually agreed upon between the parties, and the Owner shall furnish the Charterer forthwith a list of such parts and equipments.

ART. 9. *Leased equipment.* The Charterer may assume the obligations of the Owner under any contracts in connection with leased equipment on board and all expenses connected therewith after delivery, either by direct payment to the lessor thereof or by reimbursing the Owner for the rental and any other expenses under the Owner's contracts for such equipment during the period of this Charter, at the Owner's option, except that the Charterer, at the beginning of the charter period may substitute any other form of agreement as to such services mutually satisfactory to the Charterer and these contractors.

ART 10. *Charterer to man, victual, and navigate.* During the period hereof, the Charterer shall at its own expense, or by its own procurement, man, victual, navigate, operate, supply, fuel, and repair the Vessel and pay all charges and expenses of every kind and nature whatsoever incident thereto.

ART. 11. *Marine and war risk.* The Charterer shall, effective with the time of delivery of the Vessel under this Charter, assume war, marine and all other risks or liabilities of whatsoever nature or kind, against the Owner or Vessel including all risks or liabilities for breach of statute or for damage caused to other vessels, persons or property, and shall indemnify and save harmless the Owner and the Vessel against and from any and all loss, liability, damage, injury (including death claims), and expense (including costs of court and reasonable attorneys' fees) on account of such risks or liabilities arising out of any matter occurring during the currency of this Charter.

ART. 12. *Loss of vessel.* In the event the Vessel is actually lost or is declared to be a constructive total loss or is an arranged total loss, the Charterer shall pay to the Owner as soon as practicable $-------- for the Vessel, including interest at the rate of three per centum (3%) per annum calculated in the case of actual total loss beginning 90 days from the date of loss, if known, otherwise beginning 90 days from the date the Vessel was last heard from; in the case of declared constructive total loss beginning on the date such declaration is made; and in the case of an arranged total loss beginning on the date the loss is agreed upon.

If the Vessel sustains serious damage or injury arising during the period of this Charter, to such extent that the Charterer shall consider her to be a constructive total loss, the Charterer shall have the option (to be exercised as promptly as possible, but in no event later than 90 days from the date of the casualty), of declaring the Vessel to be a constructive total loss as of the date of such declaration and of taking over or selling her, and the Owner shall be paid the amount provided above.

If the Vessel is a total loss (actual or constructive) or is purchased or title thereto is requisitioned by the Charterer, the Owner agrees to allow the Charterer a deduction of one-third of the total hire paid or accrued hereunder to the time of such loss or the date of delivery under such purchase or requisition, from the sum stipulated as payable by the Charterer to the Owner under the provisions of this Article in the event of total loss, and the payment of such stipulated sum, less such deduction, shall constitute just compensation and full satisfaction for such loss, purchase or taking.

ART. 13. *Indemnification.* The Owner shall forever indemnify and hold harmless the Charterer against any liens of whatsoever nature upon the Vessel at the time of its delivery hereunder and the Charterer shall forever indemnify, hold harmless, and defend the Owner against any liens of whatsoever nature upon the Vessel at the time of its redelivery hereunder, by whomsoever asserted, and against any claim of lien (including costs and reasonable attorneys' fees paid or incurred in defending any such claim, whether or not the claim be found to be valid) whenever and by whomsoever asserted, arising out of any matter occurring during the period of this Charter or out of the use or operation of the Vessel by the Charterer or any subcharterer or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel or out of any obligation or liability incurred by the Charterer or any subcharterer. The Charterer shall also indemnify, hold harmless and defend the Owner against any claims, demands, or liabilities against the Owner (including costs and reasonable attorneys' fees in defending such claims or demand, whether or not the claim or demand be found to be valid) arising out of the use or operation of the Vessel by the Charterer or any subcharterer, or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel, or out of any obligation or liability incurred by the Charterer or any subcharterer.

ART. 14. *Subcharter.* The Charterer shall at all times have the right to subcharter the Vessel, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

ART. 15. *Payments.* All payments to be made by the Charterer to the Owner and all payments to be made by the Owner to the Charterer, under the terms of this Charter, shall be made in the District of Columbia by or to the Charterer.

In consideration of the compensation provided and the other obligations assumed by the Charterer hereunder, the Owner accepts this Charter in full satisfaction of any and all claims he has or may have against the United States of America arising out of the requisition of the Vessel and accepts the compensation herein provided for as the compensation required by law.

ART. 16. *Officials not to Benefit.* No member of or delegate to Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act, approved March 4, 1909 (35 Stats. 1109). No member of or Delegate to Congress, nor Resident Commissioner, shall be employed by the Owner either with or without compensation as an attorney, agent, officer or director.

In witness whereof the parties hereto have executed this Charter Party Agreement in triplicate as of the day and year first above written.

Secretary

Form No. 109
"Warshiptow"
8/1/42

[General Order No. 1, Supplement 5, approved July 27, 1942; 7 F.R. 6012]

§ 302.12 *Vessels included.*[1] Time charter rates herein prescribed are applicable to all American-flag self-propelled ocean-going iron and steel dry cargo vessels chartered under terms and conditions of charter parties tendered by the War Shipping Administration to owners of such vessels pursuant to the provisions of sec. 902 of the Merchant Marine Act, 1936, as amended, *except:*

(a) Vessels with refrigerated capacity in excess of 50% of total capacity.

(b) Combination passenger and freight vessels.

(c) Car ferries.

(d) Seatrains.

(e) Vessels which are not classed A–1 American Bureau of Shipping, or equivalent.

(f) Vessels of less than 8 knots of speed determined in accordance with General Order No. 10.

(g) Vessels of less than 1,000 tons deadweight.

(h) Tankers.

(i) Other vessels excepted from this order by the Administrator from time to time.

[1] Basis for the determination of time charter hire under charter parties tendered by the War Shipping Administration to owners of American-flag vessels chartered or requisitioned for use pursuant to the provisions of sec. 902 of the Merchant Marine Act, 1936, as amended. [General Order No. 8, Revised]

§ 302.13 *Basic rates—(a) Charter rates on all vessels covered by this general order.* Effective January 20, 1942, the charter rate on all vessels covered by this general order shall be as follows:

[Per DWT per month]

	On sailings prior to May 16, 1942	On sailings on and after May 16, 1942
10,000 DWT and up	$3.75	$4.00
9,000 to 9,999	3.90	4.15
8,000 to 8,999	4.10	4.35
7,000 to 7,999	4.35	4.60
6,000 to 6,999	4.65	4.90
5,000 to 5,999	5.00	5.25
4,000 to 4,999	5.40	5.65
3,500 to 3,999	5.60	5.85
3,000 to 3,499	5.85	6.10
2,500 to 2,999	6.15	6.40
2,000 to 2,499	6.50	6.75
1,500 to 1,999	6.90	7.15
1,000 to 1,499	7.35	7.60

NOTE: The sailing date shall be the date when the vessel commences to load outbound from a United States Continental port, excluding Alaska.

Provided, That no vessel shall receive more aggregate charter hire (including adjustments) than a vessel of the same kind of the lowest tonnage in the next higher class can receive at the rate (with corresponding adjustments) shown for its class.

(b) *Adjustments for speed.* Vessels with a speed in excess of 10½ knots, as determined pursuant to General Order No. 10, shall receive an additional sum of 10¢ per dwt per month for each knot or major fraction (including one-half) thereof over 10½ knots. Speed added to the vessel at the cost of the United States shall be ignored for the purpose of this determination; subject to this, a certificate of speed, as computed in accordance with General Order No. 10, given by the American Bureau of Shipping in satisfactory form shall constiute sufficient proof of the vessel's speed.

(c) *Adjustment for refrigerated capacity.* Where vessels have refrigerated space available for cargo in excess of 6,000 cu. ft., 2¢ per cubic foot per month will be added with respect to such excess refrigerated space, except to the extent that the cost of such space has been paid or subsidized by the United States.

(d) *Adjustments for arming and degaussing.* Time lost in partially or entirely arming, degaussing or demagnetizing any vessel at any time prior to delivery to the Government and not previously compensated for by the Government shall be compensated for under the charter tendered pursuant to this order. Such compensation shall be computed on the basis of the applicable time charter rate established by this order and shall constitute additional charter hire earned upon delivery and acceptance of the vessel under any charter tendered hereunder. Time lost shall be determined in accordance with regulations hereinafter determined by the Administrator.

(e) *Adjustments for war risk insurance and bonuses.* War risk insurance on vessels and crew war risk bonuses as well as marine insurance occasioned by trading beyond the Institute Warranties shall

be for the account of the charter in accordance with the provisions of standard form of time charter agreement designated Warshiptime Form No. 101 and approved by General Order No. 11.

(f) *Adjustments for motorships.* Vessels with Diesel engine propulsion shall receive an additional sum of 35¢ per dwt per month.

(g) *Adjustments for age of vessels not built under construction-differential subsidy agreements.* Vessels constructed in the United States subsequent to 1928 shall receive an additional sum per dwt per month computed in accordance with the following schedule:

Year of construction:	*Additional premium per dwt. per month*
1929	$0.05
1930	.10
1931	.15
1932	.20
1933	.25
1934	.30
1935	.35
1936	.40
1937	.45
1938	.50
1939	.55
1940	.60
1941 and subsequent years (minimum)	.65

The date of delivery by the shipbuilder shall constitute the date of construction hereunder. Upon application, consideration will be given to the allowance of a greater adjustment under this subsection for vessels delivered in 1941 and thereafter.

(h) *Adjustments for age of vessels built with construction-differential subsidy.* Vessels constructed pursuant to the Merchant Marine Act, 1936, as amended, with a construction-differential subsidy shall receive an additional sum per dwt per month as follows:

C–1 Class 10¢ per dwt per month.
C–2 Class 20¢ per dwt per month.
C–3 Class 30¢ per dwt per month.

Other subsidized vessels shall receive additional compensation to correspond with the foregoing amounts in accordance with the relation of the particular vessel's horsepower to that of the most comparable vessels of the three enumerated types. The adjustment under paragraph (g) of this section shall not apply to vessels covered by the adjustments under this paragraph.

§ 302.14 *Deadweight determination.* Deadweight capacity is to be established in accordance with normal summer freeboard as assigned pursuant to the International Load Line Convention, 1930. Deadweight shall be calculated exclusive of weight added by installation of refrigerated cargo capacity, arming, degaussing, demagnetizing, or the installation of splinter-protection equipment or because of ice-strengthening, or other installation or equipment required by the Administrator, the United States Maritime Commission, the Army, or the Navy. Certificate of deadweight, in satisfactory form, by American Bureau of Shipping shall constitute sufficient proof of deadweight capacity.

§ 302.15 *Excluded vessels.* Time charter rates for vessels excluded under the terms of this order shall be established from time to time by supplements hereto and such rates shall become effective as of the dates stipulated in such supplements. With respect to any existing charter covering vessels excluded from the operation of this order where the charter provides that rates may be readjusted in accordance with rate determinations made prior to May 15, the time for such rate determinations is extended to June 30, 1942.

§ 302.16 *Basic terms and conditions.* The rates and adjustments herein prescribed are based upon standard form of time charter agreement approved by the War Shipping Administrator and designated Warshiptime Form No. 101 in General Order No. 11. The reference in Part I of said charter to General Order No. 8 shall refer to and mean this General Order No. 8 as hereby revised. This Revised General Order No. 8 supersedes General Order No. 8 approved May 14, 1942, and the right is reserved to further revise or amend this General Order No. 8 (§§ 302.12 to 302.16): *Provided, however,* That any basic rates or adjustments set forth in any such revision or amendment shall not apply to any charters tendered before the date of such revision or amendment. [General Order 8, Revised, approved June 15, 1942; 7 F.R. 4592]

§ 302.17 *Vessels included.*[1] Time charter rates herein prescribed are applicable to all American-flag self-propelled ocean-going iron and steel tank vessels chartered under terms and conditions of charter parties tendered by the War Shipping Administration to owners of such vessels pursuant to the provisions of sec. 902 of the Merchant Marine Act, 1936, as amended, *except:*

(a) Vessels which are not classed A–1 American Bureau of Shipping, or equivalent;

(b) Vessels of less than 8 knots of speed determined in accordance with General Order No. 10;

(c) Vessels of less than 3,000 tons deadweight; and

(d) Other vessels excepted from this order by the Administrator from time to time.

§ 302.18 *Basic rates.* Effective noon, April 20, 1942, the charter rate on all vessels covered by this general order shall be as follows:

(a) Charter rates on all vessels covered by this general order.

	Per DWT per month
18,000 DWT and up	$3.25
16,000 to 18,000	3.35
14,000 to 16,000	3.45
12,000 to 14,000	3.60
10,000 to 12,000	3.75
9,000 to 10,000	3.90
8,000 to 9,000	4.10
7,000 to 8,000	4.35
Under 7,000	4.65

[1] Basis for the determination of time charter hire under charter parties tendered by the War Shipping Administration to owners of American-flag tankers chartered or requisitioned for use pursuant to the provisions of sec. 902 of the Merchant Marine Act, 1936, as amended.

Provided, That no vessel shall receive more aggregate charter hire (including adjustments) than a vessel of the same kind of the lowest tonnage in the next higher class can receive at the rate (with corresponding adjustments) shown for its class.

(b) *Adjustments for speed.* Vessels with a speed in excess of 10½ knots, as determined pursuant to General Order No. 10, shall receive an additional sum of 10¢ per dwt per month for each knot or major fraction (including one-half) thereof over 10½ knots. Speed added to the vessel at the cost of the United States shall be ignored for the purpose of this determination; subject to this, a certificate of speed, as computed in accordance with General Order No. 10, given by the American Bureau of Shipping in satisfactory form shall constitute sufficient proof of the vessel's speed.

(c) *Adjustments for arming and degaussing.* Time lost in partially or entirely arming, degaussing or demagnetizing any vessel at any time prior to delivery to the Government and not previously compensated for by the Government shall be compensated for under the charter tendered pursuant to this order. Such compensation shall be computed on the basis of the applicable time charter rate established by this order and shall constitute additional charter hire earned upon delivery and acceptance of the vessel under any charter tendered hereunder. Time lost shall be determined in accordance with regulations hereinafter determined by the Administrator.

(d) *Adjustments for war risk insurance and bonuses.* War risk insurance on vessels and crew war risk bonuses as well as marine insurance occasioned by trading beyond the Institute Warranties shall be for the account of the charterer in accordance with the provisions of standard form of time charter agreement designated Warshipoiltime Form No. 102 and approved by General Order No. 11, Supplement No. 1.

(e) *Adjustments for age of vessels.* Vessels constructed in the United States subsequent to 1928 shall receive an additional sum per dwt per month computed in accordance with the following schedule:

Year of Construction:	*Additional Premium Per DWT Per Month*
1929	$.05
1930	.10
1931	.15
1932	.20
1933	.25
1934	.30
1935	.35
1936	.40
1937	.45
1938	.50
1939	.55
1940	.60
1941 and subsequent years	.65

The date of delivery by the shipbuilder shall constitute the date of construction hereunder.

(f) *Adjustments for motorships.* Vessels with Diesel engine propulsion shall receive an additional sum of 35¢ per dwt per month.

§302.19 *Deadweight determination.* Deadweight capacity is to be established

in accordance with normal Summer Freeboard as assigned pursuant to the International Load Line Convention, 1930. Deadweight shall be calculated exclusive of weight added by installation of refrigerated cargo capacity, arming, degaussing, demagnetizing, or the installation of splinter-protection equipment or because of ice-strengthening, or other installation or equipment required by the Administrator, the United States Maritime Commission, the Army, or the Navy. Certificate of deadweight, in satisfactory form, by American Bureau of Shipping shall constitute sufficient proof of deadweight capacity.

§ 302.20 *Basic terms and conditions.* The charter rates and adjustments herein prescribed are based upon standard form of time charter agreement approved by the War Shipping Administrator and designated Warshipoiltime Form No. 102 in General Order No. 11, Supplement No. 1.

§ 302.21 *Not a revision of General Order No. 8 as revised.* This order is not a revision or amendment of General Order No. 8 (Revised) but is an order of independent operation designated as a supplement to General Order No. 8 for convenience of reference. [General Order 8, Supplement 1, approved June 15, 1942; 7 F.R. 4594]

§ 302.22 *Rates affecting Central American and South American Flag Vessels having stipulated characteristics.* The applicability of General Order No. 8 (Revised) and Supplement No. 1 thereto, prescribing rates for American flag vessels having stipulated characteristics (§§ 302.12 and 302.17) is hereby extended to cover vessels having such characteristics registered under the flags of Central American and South American countries, which are owned by nationals of the United States or by foreign corporations ninety-five per cent of whose stock is owned by nationals of the United States. [General Order 8, Supplement 2, approved June 15, 1942; 7 F.R. 4594]

§ 302.23 *Rates of time charter hire on unclassed vessels.* The rates of time charter hire on vessels (both tankers and dry cargo vessels) not classed A–1 American Bureau or equivalent shall be $.25 per deadweight ton per month less in each instance than the appropriate rate applicable to a comparable vessel which is so classed. [General Order 8, Supplement 3, approved June 29, 1942; 7 F.R. 5677]

§ 302.24 *Rates of time charter hire on vessels operating outside of Continental United States.* With respect to vessels which on May 16th were operating indefinitely in services not requiring ports of call at ports in the Continental United States excluding Alaska, the rate applicable under General Order No. 8 (Revised) for sailings on and after May 16, 1942, will be applied effective with the first sailing from the first port of call on and after July 1, 1942. [General Order 8, Supplement 4, approved July 17, 1942; 7 F.R. 5677]

§ 302.28 *Applicability of insurance valuation provisions.*[1] Insurance valuations prescribed in §§ 302.28 to 302.35, inclusive, of this chapter are applicable to all American-flag self-propelled ocean-going iron and steel dry cargo vessels chartered under terms and conditions of charter parties tendered by the War Shipping Administration to owners of such vessels pursuant to the provisions of sec. 902 of the Merchant Marine Act, 1936, as amended, except:

(a) Vessels with refrigerated capacity in excess of 50% of total capacity.

(b) Combination passenger and freight vessels.

(c) Car ferries.

(d) Seatrains.

(e) Vessels which are not classed A–1 American Bureau of Shipping, or equivalent.

(f) Vessels of less than 8 knots of speed determined in accordance with §§ 301.16 to 301.18, inclusive, of this chapter.

(g) Vessels of less than 1,000 tons deadweight.

(h) Vessels constructed pursuant to construction contracts made and entered into subsequent to January 1, 1935.

(i) Other vessels excepted from §§ 301.8 to 301.13, inclusive, of this chapter by the Administrator from time to time.

§ 302.29 *Basic valuation for insurance valuation purposes.* The basic valuation shall be $65 per deadweight ton.

§ 302.30 *Speed bonus for insurance valuation purposes.* Vessels with a speed in excess of 8½ knots determined in accordance with §§ 301.16 to 301.18, inclusive, of this chapter shall be allowed an additional valuation of $5 per deadweight ton for each knot or major fraction thereof over 8½ knots.

§ 302.31 *Adjustments for refrigerated capacity for insurance valuation purposes.* Vessels with refrigerated space available for cargo in excess of 6,000 cu. ft., shall be allowed an additional valuation of $1.25 per cubic foot for such excess space.

§ 302.32 *Adjustments for general average and salvage charges for insurance valuation purposes.* If, by reason of the limitations on valuation contained in §§ 301.8 to 301.13, inclusive, of this chapter, the owner of a vessel becomes a coinsurer for a portion of general average or salvage charges, insurance policies issued by the War Shipping Administration will provide for payment in full of such charges, up to the face amount of the policy, or if such policies do not constitute the total amount of insurance placed upon the vessel, they will provide for payment, up to the face amount of the policy, of that portion of such charges which the amount of the insurance underwritten by the War Shipping Administration bears to the total amount of insurance placed upon the vessel.

§ 302.33 *Deadweight determination for insurance valuation purposes.* Deadweight capacity is to be established in accordance with normal Summer Freeboard as assigned pursuant to the International Load Line Convention, 1930. Deadweight shall be calculated exclusive of weight added by installation of refrigerated capacity, arming, degaussing, demagnetizing, or the installation of splinter-protection equipment or because of ice-strengthening, or other installation or equipment required by the Administrator, the United States Maritime Commission, the Army, or the Navy. Certificate of deadweight, in satisfactory form, by American Bureau of Shipping shall constitute sufficient proof of deadweight capacity.

§ 302.34 *Excluded vessels.* Insurance valuations for vessels excluded under the terms of §§ 301.8 to 301.15, inclusive, of this chapter shall be established from time to time by supplements hereto and such valuations shall become effective as of the dates stipulated in such supplements with respect to any existing charter covering vessels excluded. With respect to any existing charter covering vessels excluded from the operation of §§ 301.8 to 301.13, inclusive, of this chapter, where the charter provides that valuations may be re-adjusted in accordance with rate determinations made prior to May 15, the time for such determinations is extended to June 30, 1942.

§ 302.35 *Additional insurances.* Owners may place additional insurance at their own expense in commercial or other markets beyond the amount of the valuations provided for in §§ 302.28 to 302.35, inclusive, of this chapter. However, the cost of such insurance shall not be the basis of any claim against the Administrator nor shall the existence of such additional coverage be construed as evidence as to the value of the additional insurance therein. All such additional coverage shall be reported promptly to the Administrator. The Administrator reserves the right to revoke this permission in whole or in part from time to time. [General Order No. 9, approved May 14, 1942, 7 F.R. 3679]

§ 302.36 *Insurance valuations* — (a) *Central American and South American Flag Vessels.* The applicability of General Order No. 9 prescribing insurance valuations for American-flag vessels having stipulated characteristics (as set forth in § 302.28 thereof) is hereby extended to cover vessels having such characteristics registered under the flags of Central American and South American countries, which are owned by nationals of the United States or by foreign corporations ninety-five percent of whose stock is owned by nationals of the United States. [General Order No. 9, Supplement 1, approved June 15, 1942; 7 F.R. 4594]

(b) *For tank vessels over 3,000 gross tons, owned by American nationals or corporations.* The provisions of §§ 302.28 and 302.35 (a) are hereby extended to tank vessels over 3,000 gross tons owned by American nationals or corporations, ninety-five percent of the stock of which is owned by American nationals. With

[1] Basis for valuation of vessels for insurance purposes.

respect to all such tank vessels, chartered or requisitioned on or after April 20, 1942, such rates shall become effective on the effective date of such requisitions or charters. With respect to all other charters, such rates shall become effective on safe arrival at the first port of call after June 9, 1942. [General Order No. 9, Supplement 2, approved June 18, 1942; 7 F.R. 4672]

§ 302.44 *Statement of formulae prescribed for calculating sea speed of vessels.*[1] The following formulae are hereby prescribed for the calculation of the sea speed of vessels by the War Shipping Administration:

(a) The speed of the ship, or of a sister ship, with clean bottom, at a draft corresponding to the International Summer Load Line, even keel, no current, corrected for wind, at 80% of normal power is taken as the "sea speed" of the ship. The mentioned speed is based on standardization over a measured mile in deep water.

(b) Where no standardization has been run, a self-propelled model test in the David W. Taylor Model Basin or the Washington Model Basin corrected for sea conditions as above, will be accepted. Tests that have been run in other model basins in substantial conformity with those of the David W. Taylor Model Basin will be considered.

(c) Where neither self-propelled model tests nor standardization on a measured mile are available on the ship, the sea speed for a single screw ship shall be that speed at which the effective horsepower is equal to fifty per cent of the normal shaft horsepower, and for a twin screw ship forty-five per cent of the normal shaft horsepower. The effective horsepower shall be based upon the bare hull, even keel at a draft corresponding to the Summer Load Line assigned pursuant to the International Load Line Convention, 1930. The calculation of effective horsepower shall be made by the methods given in "Speed and Power of Ships" by the late Rear Admiral David W. Taylor, published in 1933. Where this speed falls below that corresponding to a speed length ratio of .60, the power shall be that determined by extending the speed-effective horsepower curve on the basis that the ship power varies as the cube of the speed. The speed length ratio shall be defined as the quotient of the speed of the ship in knots divided by the square root of the water line length of the ship in feet.

(d) Voyage results will, in general, not be accepted.

§ 302.45 *Other provisions concerning calculation of sea speed; trial in deep water; normal shaft horsepower; normal power.* (a) At any time the charterer has the privilege to request a trial in deep water, either on a standard deep water measured mile or other course approved by the War Shipping Administration. On this trial the operator shall determine to the satisfaction of representatives of the War Shipping Administration the speed at which the vessel runs when the engines are developing 80% of their normal power. All expenses, etc., in connection with such a trial shall be borne by the operator.

(b) The normal shaft horsepower for a Diesel ship shall be based on the engine builder's guarantees. Should this information be unavailable the normal power for a Diesel ship shall be based on maximum brake mean effective pressures and piston speeds of 61 lbs. per square inch and 1100 feet per minute respectively for two-cycle engines and 75 lbs. per square inch and 1200 feet per minute, respectively, for four-cycle engines. Special consideration will be given to engines of unusual design.

(c) The normal power for an American turbine ship shall be based on manufacturer's guarantees for the unit in question. For a foreign ship the normal power shall be based upon manufacturer's guarantees when these are available. When these are not available the turbine horsepower used by the classification societies in computing line shaft diameters shall be used.

(d) The normal shaft horsepower of a steamship driven by reciprocating engines shall be the product of the indicated horsepower assigned by the engine builders for continuous service and the guaranteed mechanical efficiency.

§ 302.46 *Modification or supplementation of formulae.* The formulae set forth in §§ 301.16 and 301.17 of this chapter may be modified or supplemented by such other modifications or formula or formulae as may be adopted from time to time hereafter. [General Order No. 10, approved May 14, 1942; 7 F.R. 3679]

§ 302.50 *Uniform time charter for requisitioned and other dry cargo vessels.* (a) Time charters entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, for dry cargo vessels included in §§ 301.3 to 301.7 of this chapter, shall consist of two parts, designated, respectively, Part I and Part II.

(b) The form of Part I for dry cargo vessels requisitioned or chartered in lieu of requisition shall be as follows:

(c) The uniform terms and conditions designated Part II applicable to all dry cargo vessels time chartered by the War Shipping Administration, which shall be incorporated by reference in and need not be attached to Part I of the Charter, shall be as follows:

Form No. 101
5/16/42 Contract No. ---------

WAR SHIPPING ADMINISTRATION

Warshiptime

REQUISITION TIME CHARTER FOR DRY CARGO VESSEL

Part I

Time Charter as of ----------, 1942, between ----------

Address ----------

OWNER of the good steel SS/MS ---------- ---------- (herein called the "Vessel"), with hull, machinery and equipment in a thoroughly efficient state, as far as the exercise of due diligence can make her so, and United States of America, Charterer:

Vessel's particulars are as follows:

Deadweight capacity for cargo, fresh water and stores about ------ tons ---------- (2,240 lbs.), including Permanent Bunkers for fuel -------- tons/barrels on mean draft (---------- Normal Summer Freeboard) ---- feet ---- inches.

Classed ----------

Bale capacity in cubic feet, about ----------

Speed about ---- knots fully laden under good weather conditions ----------

Consumption best grade fuel per 24 hours about ------ tons/barrels.

Maximum lifts for all derricks ---------- tons.

Owner agrees to let and Charterer agrees to hire the Vessel, from time of delivery for trading subject to the following terms:

Part I

A. Period of charter: From the time of delivery to the time of expiration of the voyage current at the end of the emergency proclaimed by the President May 27, 1941: *Provided*, That after September 1, 1942 either party may sooner terminate this Charter (the Vessel to be redelivered as hereinafter provided) upon not less than 30 days' written or telegraphic notice.

B. Trading limits: World-wide.

C. Rate: *Option I.* A basic rate of $------- per deadweight ton per month computed in accordance with the Charterer's General Order No. 8, together with any appropriate adjustments or premiums in accordance with such General Order, which full rate shall be subject to revision not more often than once in every 120 days as in paragraph D below provided; or

Option II. 75 per centum of the full rate payable in accordance with Option I above and such further sum, if any, adjudicated to be necessary to make up just compensation for the use of the Vessel and the services required in connection therewith under the terms of this Charter, pursuant to the provisions of Section 902 of the Merchant Marine Act, 1936, as amended.

D. Rate revision (Option I only): At any time after September 1, 1942, but not more often than once every 120 days, either party may request a redetermination of the rate of charter hire upon 30 days' written or telegraphic notice to the other. If a revised rate is determined and agreed upon within such 30-day period, it shall become effective as of the date specified in the determination and shall continue for the balance of the period of this Charter subject to further redetermination in accordance with the provisions of this paragraph. If a revised rate is not determined or agreed upon within such 30-day period, then the rate of hire in effect at the time of such notice shall apply only until noon (EWT) of the day after the end of such 30-day period, and charter hire for the balance of the period of this Charter shall be just compensation within the meaning of Section 902 of the Merchant Marine Act, 1936, as amended, and shall be established and paid as therein provided. In such latter event, the use of the Vessel, if not theretofore requisitioned, shall be deemed to have been requisitioned pursuant to Section 902 as of noon (EWT) of the day after the end of such 30-day period. This paragraph shall not operate so as to terminate the period of or otherwise modify the provisions of this Charter, notwithstanding any such modifications, adjustments, or terminations of the charter hire provisions of this Charter by operation of this paragraph.

E. War Risk Insurance Valuation: *Option I.* The sum of $-------- per deadweight ton computed in accordance with General Order No. 9 of the Charterer together with any premiums or adjustments, or any assumption of war risk, general average, collision or salvage risks or liabilities as may be provided for in said General Order and which are applicable to the Vessel by the Terms of said General Order: *Provided*, That if said General Order No. 9 does not set forth a formula for ascertaining such valuation, then Option II below shall apply; or

Option II. Just compensation to be determined in accordance with Section 902 of the Merchant Marine Act, 1936, as amended, for any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

F. Port of delivery ----------

G. Port of redelivery: Not less favorable to either party than the port of delivery, unless otherwise agreed.

H. Notice of redelivery ----------

I. Uniform terms: This Charter consists of this Part I and Part II, the Uniform Time Charter Terms and Conditions for Dry Cargo Vessels, published in the FEDERAL REGISTER of ----------, 1942. Unless in this Part I otherwise expressly provided, all of the provisions of said Part II shall be part of this Charter as though fully incorporated herein.

J. Special provisions: 1. Unless the Owner otherwise indicates in the execution hereof, or unless the proviso in War Risk Insurance Valuation Option I applies to the Vessel which will be indicated if the sum in said Option I is written "$ none", Rate Option I and War Risk Insurance Valuation Option I shall apply and in such event, in consideration of the compensation provided and the other obligations assumed by the Charterer hereunder, the Owner accepts this Charter in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and accepts the compensation herein provided for as the compensation required by law. If the Owner in the execution hereof elects Rate Option I and War Risk Insurance Valuation Option II, then the Owner shall accept this Charter and such hire in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and as the compensation required by law except as to any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

2 In witness whereof, the parties hereto have executed this Agreement in triplicate the day and year first above written, and the Owner has elected Rate Option and War Risk Insurance Valuation Option.

Secretary.

3. The uniform terms and conditions designated Part II applicable to all dry cargo vessels time chartered by the War Shipping Administration, which shall be incorporated by reference in and need not be attached to Part I of the Charter, shall be as follows:

Form No. 101
Warshiptime
5/16/42

WAR SHIPPING ADMINISTRATION

Uniform Time Charter Terms and Conditions for Dry Cargo Vessels

(Part II)

CLAUSE 1. The Vessel shall be placed at the disposal of the Charterer at the port of delivery at such safe ready dock, wharf, or place as the Charterer may direct. Any time lost by the Vessel awaiting the availability of such dock, wharf, or place shall count as time on hire. The Vessel on her delivery shall be ready to receive cargo with clean-swept holds and, as far as due diligence can make her so, tight, staunch, strong, and in every way fitted for service, having water ballast, winches, and power sufficient to run all the winches at one and the same time and a Master and a full complement of officers and crew for a vessel of her tonnage, and due diligence shall be exercised by the Owner to maintain her in such state during the currency of this Charter. The Vessel shall be employed in carrying passengers (to the extent permitted by law and available accommodations) and lawful merchandise, including petroleum or its products in proper containers, in lawful trades between safe ports or places within the trading limits of this Charter, as the Charterer or its agents shall direct.

CLAUSE 2. The whole reach and burthen of the Vessel's holds, decks and usual places of loading (but not more than she can reasonably stow and carry), shall be at the Charterer's disposal, reserving only space proper and sufficient in the opinion of the Master for Vessel's officers and crew, Master's cabin, tackle, apparel, furniture, provisions, fresh water, stores, and fuel.

CLAUSE 3. The Charterer shall (except as otherwise expressly provided herein) pay hire for the use of the Vessel at the rate provided in Part I per calendar month or pro rata for any portion thereof, beginning with the time of her delivery, and continuing until the time of her redelivery in like good order and condition, ordinary wear and tear excepted, to the Owner at the port of redelivery, unless the parties hereto otherwise agree, or if the Vessel shall be lost, until the time of her loss, if known; otherwise to the time last heard from; or in the case of a constructive total loss to the time of the casualty resulting in such constructive total loss, except that where two or more successive casualties contribute to such loss, the time of the casualty last occurring shall be the time when hire ceases. Redelivery shall not be made until completion of repairs of any damage arising from causes specified in Clause 4 (i), and full hire shall continue until completion of such repairs, except to the extent that loss of time is caused by failure of the Owner to exercise due diligence to have such repairs effected promptly and to prevent loss of time. The hire provided for in this Charter and all other monies accruing in any month in favor of the Owner shall be due and payable on the first day of each calendar month for the preceding month or portion thereof. Unless otherwise provided, the Charterer shall give the Owner written or telegraphic notice of the Vessel's expected date and port of redelivery as provided in Part I.

Cash for any expenses which are for the Owner's account under this Charter may be advanced by the Charterer or its agents, and the Owner shall reimburse or secure the Charterer for such advances, or, at the Charterer's election, the equivalent thereof shall be deducted from the hire. The Charterer shall not, however, be responsible for the application of such advances.

If, pursuant to any applicable laws of the United States or any agreements entered into pursuant thereto, the Owner is required because of the operation of the Vessel as required under this Charter to make any payment to the United States by way or reimbursement of construction differential subsidy or payment of additional interest, then the Charterer shall pay to the Owner any amount so paid, in addition to the hire payable under this Charter.

CLAUSE 4. Payment of hire hereunder shall be reduced one-half to the extent that time is lost to the Charterer:

(a) If the Vessel is prevented, in whole or in part, from working because of a deficiency of men or stores while the Vessel is in the continental United States excluding Alaska, or because of breakdown of machinery, collision, stranding, or fire or other accident or damage to the Vessel; or

(b) Because of breach of orders or neglect of duty by the Master, officers or crew: *Provided, however*, That, except to the extent that loss of time is caused by the failure of the Owner to exercise due diligence to keep the Vessel working and to prevent loss of time, payment of hire shall not be reduced because of:

(i) The happening of any event listed in (a) above caused by the fault of the Charterer or caused or contributed to by war or warlike acts, sailing in convoy, operating (contrary to peacetime custom) without lights or pilots, navigating or mooring in (contrary to peacetime custom) unlighted, unbuoyed, or overcrowded waters, excessive usage (because of war or warlike conditions) of machinery or equipment, navigating (contrary to peacetime custom) under the direction of naval, military, coast guard or other governmental authorities, discharging alongside ships or into ships, or ice if loss of time due to ice damage does not result from wilful negligence or default of the Owner, Master, officers or crew; or

(ii) Time lost (when the Vessel needs repairs necessary to her working) (1) due to lack of available repair facilities in a port outside the continental United States excluding Alaska, or (2) due to the Vessel's having to leave a port outside the continental United States excluding Alaska to go to another port for such repairs when the facilities for such repairs at the port so left would not have been available in the time required to proceed to and return from such other port: *Provided*, That this clause (ii) shall not affect any other provisions in this Charter as to the reduction of hire while repairs are in progress.

The cost of fuel and water consumed while hire is reduced hereunder, as well as all port charges, pilotages, and other expenses for the Charterer's account (except those for wages and bonuses provided for in Clause 7 and the war risk and extra marine insurance provided for in Clause 20) incurred during

[1] Sea speed.

such period and consequent upon the putting into any port or place other than that to which the Vessel is bound, shall be borne by the Owner; but should the Vessel be delayed or driven into port or to anchorage by stress of weather or on account of accident to or other consideration for her cargo, such delay, departure, or loss of time, shall be for Charterer's account. Cleaning of boilers and overhauling of machinery whenever possible shall be done during service, but if impossible and without limiting other provisions of this Clause, the Charterer shall give the Owner forty-eight hours in any two months for such work, which, at Charterer's option, may be given in one period of forty-eight consecutive hours; should the Vessel be further detained by reason of such cleaning of boilers or overhauling of machinery, hire shall be reduced one-half for the time lost by such further detention. Credit shall be given to the Charterer for any expenses set forth in Clause 6 which are saved by the Owner during any loss of time for which no reduction of hire is provided.

CLAUSE 5. The deadweight capacity and the speed of the Vessel, as stipulated in this Charter, are representations by the Owner and shall not be binding upon the Charterer, and in the event that the Vessel's deadweight capacity or her speed (the speed to be determined according to the Charterer's General Order No. 10) shall not be in accord with either or both of such representations, the hire shall be equitably adjusted to be appropriate for the Vessel with her speed as thus determined and for the Vessel's actual deadweight capacity to the extent that the hire is computed on speed or deadweight capacity; this Charter otherwise to remain unaffected. This Clause shall not require a reduction of hire where the rate applicable to the Vessel is based on minimum speed standards adopted by the Charterer.

Also, if the War Risk valuation as stipulated in this Charter is based on the deadweight tonnage of the Vessel stipulated and if the Vessel's deadweight shall not be as stipulated, the War Risk valuation shall be adjusted to conform with the Vessel's actual deadweight to the extent that such valuation is computed upon the Vessel's deadweight capacity; this Charter to remain otherwise unaffected.

CLAUSE 6. The Owner shall provide and pay for: All provisions; all galley, cabin, deck and engine room stores; fuel for cooking; wages of, and consular, shipping and discharging fees and other expenses pertaining to, the Master, officers and crew (except as herein otherwise provided; 25 per cent of all fresh water used by the Vessel if a steamer, or 75 per cent if a motorship, all water ballast; and insurance (except as herein otherwise provided) on the Vessel, and maintain her class. Fumigations ordered because of illness of the crew shall be for the Owner's account.

CLAUSE 7. The Charterer shall reimburse the Owner for its actual out-of-pocket expenses, including all taxes with respect thereto for which the Owner is responsible, for (a) any war bonuses, extra wages based on the areas to be traversed during, or the ports of call of, any voyage hereunder and extra wages arising out of the nature of any cargo carried hereunder, where such bonuses and extra wages are payable by the Owner to the Master, officers or crew in accordance with ship's Articles or the Owner's collective bargaining agreements or decisions of the Maritime War Emergency Board, (b) all wages and bonuses of any extra officers and men beyond the Vessel's normal complement, who are required to be employed because of the Vessel's service under this Charter, or to provide for any persons carried at the request of the United States of America or additional watchmen or other personnel employed upon the order or request of any governmental authority, and (c) required payments for or in lieu of returning the officers and crews to nearest port of signing off under the Articles (and wages during such period) necessarily incurred to make the Vessel sooner available to the Charterer under this Charter pursuant to specific orders of the Charterer.

The Charterer shall pay the Owner at the rate of $1.50 per day per person for victualing any persons carried at the request of the United States of America and $1.00 per day per person for victualing any extra complement required, as above provided. If however, the number of persons so carried and the extra complement exceeds 20, the Charterer shall reimburse the Owner for the reasonable cost of such victualing.

CLAUSE 8. The Charterer shall (except as herein otherwise provided) provide and pay for: All fuel (except for cooking); 75 percent of all fresh water (except water ballast) if the Vessel is a steamer, or 25 percent if a motorship; all port charges, pilotages, light, dock, canal and other dues, stevedoring, agencies, commissions, reasonable ballast (except water ballast) and the cost of loading and discharging it; tug assistance and boating where incurred for the Charterer's business; taxes of foreign countries or public authorities thereof payable by the Owner to the extent levied on or measured by the freights of the Vessel; and all other charges and expenses whatsoever except those which, by the terms of this Charter, are expressly payable by the Owner. Fumigations ordered because of cargoes carried or ports visited while the Vessel is employed under this Charter shall be for the Charterer's account.

CLAUSE 9. The Charterer shall provide necessary dunnage and shifting boards, also any extra fittings requisite for a special trade or for the carriage of livestock or other unusual cargo, but the Owner shall allow the Charterer the use of any dunnage and shifting boards already aboard the Vessel. The Charterer shall have the privilege of using shifting boards for dunnage. The Charterer shall make good any damage to or shortage of shifting boards which are on board at delivery.

CLAUSE 10. The Charterer shall pay for 75 percent, if a steamer, or 25 per cent if a motorship, of all fresh water in the Vessel's service tanks, and for all fuel in the Vessel's bunkers, upon delivery, and the Owner shall pay for 75 per cent if a steamer, or 25 per cent if a motorship, of all fresh water in the Vessel's service tanks, and for all fuel in the Vessel's bunkers on redelivery, at current market prices of the ports of delivery and redelivery respectively.

CLAUSE 11. The Charterer shall be at liberty to install any equipment or defensive armament (including demagnetization by installed equipment or other process, e. g. degaussing, wiping or deperming) and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading or discharging cargo beyond that on board at the beginning of this Charter. Such work shall be done at the Charterer's expense and on its time, and shall not be such as to affect the seaworthiness of the safety of the crew, or as to be in contravention of any applicable law of the United States or regulation made pursuant thereto. Such equipment, materials, and gear so fitted are to be considered Charterer's property; and the Charterer shall remove the same at its expense before redelivery, and shall restore the Vessel to her condition prior to such changes (ordinary wear and tear excepted).

CLAUSE 12. The Owner agrees at its expense to drydock the vessel, to clean and paint her bottom, at intervals of about every eight months and not less often than once every twelve months, unless the Charterer otherwise agrees, and, when due, the Charterer agrees to send the Vessel to a port where she can so drydock and paint. In case of drydocking pursuant to this clause at a port where the Vessel is sent by the Charterer on its business, hire shall be suspended from the time the Vessel receives free pratique on arrival, if without cargo, or on completion of discharge of cargo, if she arrives loaded, until the Vessel is again ready for service. If the Owner sends the Vessel to a port (other than one designated by the Charterer) for such drydocking, hire shall be suspended from the time of the Vessel's arrival there at the sea buoy inbound until her departure from the sea buoy outbound. Hire shall not be suspended in either case for any time lost by the Vessel because of unavailability of drydock resulting from causes beyond the control of the Owner. All towage, pilotage, and other expenses incidental to the drydocking, and all port charges incurred and fuel and water consumed (to the extent such fresh water is to be provided or paid for by the Charterer) while hire is suspended as provided in this Clause, shall be for the Owner's account.

CLAUSE. 13. The Charterer shall furnish the Master from time to time with all requisite instructions and sailing directions, in writing, and the Master shall keep a full and correct log of the voyage or voyages, which shall be patent to the Charterer or its Agents, and furnish the Charterer or its Agents, when required, with a true copy of daily logs, showing the course of the Vessel, the distance run and the consumption of fuel.

CLAUSE 14. Subject always to the directions of the Charterer, the Master shall prosecute his voyages with the utmost dispatch and shall render all customary assistance with Ship's crew and boats; and shall use due diligence in caring for and ventilating the cargo. The Master (although appointed by the Owner) shall be under the orders and directions of the Charterer as regards employment, agency, and prosecution of the voyages; and the Charterer shall load, stow, trim and discharge the cargo at its expense under the supervision of the Master, who is to sign bills of lading for cargo as presented, in conformity with Mate's or Tally Clerk's receipts. Bills of Lading are to be signed at any rate of freight that Charterer or its agents may direct, without prejudice to this Charter. The Charterer hereby agrees to indemnify the Owner against all consequences or liabilities that may arise from the Charterer or its agents (including the Master) signing bills of lading or other documents inconsistent with this Charter, or from any irregularities in papers supplied by the Charterer or its agents.

CLAUSE 15. Cargo may be laden or discharged in any dock or at any wharf or place that the Charterer or its Agents may direct, provided that the Vessel can safely lie afloat at any time of tide.

CLAUSE 16. The Owner shall provide and maintain gear for all derricks, which gear shall be capable of handling lifts up to the weight set forth in Part I of this Charter, but heavier lifts shall be at the Charterer's expense and responsibility. The Owner shall maintain the gear of the ship as fitted, and shall also provide ropes, falls and blocks. The Owner shall also provide on the Vessel lanterns and oil for night work, and give the use of electric lights when the Vessel is so fitted. The Charterer shall have the use of any gear on board the Vessel, including slings.

CLAUSE 17. The Vessel shall work night and day, if required by the Charterer, and all winches to be at the Charterer's disposal during loading and discharging. Shore winchmen, where necessary, shall be provided and paid by the Charterer. In the event of a disabled winch or winches or insufficient power to operate winches unless resulting from causes specified under Clause 4 (i) hereof, the Owner shall pay for a shore engine, or engines, in lieu thereof, if required, and hire shall be reduced one-half for any resulting loss of time. Any and all overtime or additional compensation based upon the nature of the work done, whether in port or at sea, payable to the Vessel's personnel, by reason of the Charterer's orders or operations, shall be paid by the Charterer at rates stated in the Vessel's Articles or collective bargaining agreements or decisions of the Maritime War Emergency Board.

CLAUSE 18. All bills of lading issued hereunder shall contain, directly or by reference, substantially the following clauses:

(i) *Clause Paramount.* This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the Carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of this bill of lading be repugnant to said Act to any extent, such term shall be void to that extent but no further.

(ii) *Both-to-blame collision clause.* If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the carrier in the navigation or in the management of the ship, the owners of the goods carried hereunder will indemnify the carrier against all loss or liability to the other or noncarrying ship or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other or noncarrying ship or her owners to the owners of said goods and set-off, recouped or recovered by the other or noncarrying ship or her owners as part of their claim against the carrying ship or carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

(iii) *General average clause.* General average shall be adjusted, stated, and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the carrier, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the carrier, must be furnished before delivery of the goods. Such cash deposit as the carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the goods, shippers, consignees, or owners of the goods to the carrier before delivery. Such deposit shall, at the option of the carrier, be payable in United States money, and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the general average and refunds or credit balances, if any, shall be paid in United States money.

(iv) *Amended "Jason" Clause.* In the event of accident, danger, damage, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the carrier is not responsible by statute, contract, or otherwise, the goods shippers, consignees, or owners of the goods shall contribute with the carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully as if the salving ship or ships belong to strangers.

(v) *War Clauses.* In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the carrier or master is likely to give rise to risk of capture, seizure, detention, damages, delay or disadvantage to or loss of the ship or any part of her cargo, or to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the goods at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual place of discharge in such port, the carrier may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the goods at port of shipment and upon their failure to do so, may warehouse the goods at the risk and expense of the goods; or the carrier or master, whether or not proceeding toward or entering or attempting to enter the port of discharge or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the goods there, may discharge the goods into depot, lazaretto, craft or other place; or the ship may proceed or return, directly or indirectly, to or stop at any such port or place whatsoever as the master or the carrier may consider safe or advisable under the circumstances, and discharge the goods, or any part thereof, at any such port or place; or the carrier or the master may retain the cargo on board until the return trip or until such time as the carrier or the master thinks advisable and discharge the goods at any place whatsoever as herein provided; or the carrier or the master may discharge and forward the goods by any means at the risk and expense of the goods. The carrier or the master is not required to give notice of discharge of the goods or the forwarding thereof as herein provided. When the goods are discharged from the ship, as herein provided, they shall be at their own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the carrier shall be freed from any further responsibility. For any service rendered to the goods as herein provided the carrier shall be entitled to a reasonable extra compensation.

The carrier, master and ship shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions. Delivery or other disposition of the goods in accordance with such orders or directions shall be a fulfillment of the contract voyage. The ship may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

In addition to all other liberties herein the carrier shall have the right to withhold delivery of, reship to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods in accordance with any direction, condition or agreement imposed upon or executed from the carrier by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the goods shall be solely at their risk and expense and all expenses and charges as incurred shall be payable by the owner or consignee thereof and shall be a lien on the goods.

This Charter shall also be subject to the provisions of (ii), (iii) and (iv) of this Clause 18.

CLAUSE 19. The Vessel, her Master and Owner, shall not, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder, arising or resulting from: Any act, neglect, default or barratry of the Master, pilots, mariners or other servants of the Owner in the navigation or management of the Vessel; fire, unless caused by the personal design or neglect of the Owner; collision, stranding, or peril, danger or accident of the sea or other navigable waters; saving or attempting to save life or property; wastage in weight or bulk, or any other loss or damage arising from inherent defect, quality or vice of the cargo; any act or omission of the Charterer, the Owner, shipper or consignee of the cargo, their agents or representatives; insufficiency of packing, insufficiency or inadequacy of marks; explosion, bursting of boilers, breakage of shafts, or any latent defects in hull, equipment or machinery; unseaworthiness of the Vessel unless caused by want of due diligence on the part of the Owner to make the Vessel seaworthy or to have her properly manned, equipped and supplied; or from any other cause of whatsoever kind arising without the actual fault or privity of the Owner. And neither the Vessel, her Master or Owner nor the Charterer, shall, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder arising or resulting from: Act of God, act of war; act of public enemies, pirates, or assailing thieves; arrest or restraint of princes, rulers or people, or seizure under legal process; strike or lockout or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion. The Vessel shall have liberty to sail with or without pilots, to tow or to be towed, to go to the assistance of vessels in distress and to deviate for the purpose of saving life or property or of landing any ill or injured person on board. No exemption afforded to the Charterer under this clause shall diminish its obligations for hire under the other provisions of this Charter.

CLAUSE 20. Unless otherwise mutually arranged, at all times during the currency of this Charter the Charterer shall provide and pay for or assume: (i) Insurance on the Vessel, under the terms and conditions of the full form of standard hull war risk policy of the War Shipping Administration, which shall include malicious damage, sabotage, strikes, riots and civil commotion, insured for and valued at the amount set forth in Part I which insurance shall be made payable to the persons entitled thereto; (ii) all war risk insurance, as required, on the lives of or for injuries to officers and crew and loss of or damage to their personal effects, including sextants of deck officers, on leased equipment aboard for which the Owner is responsible

to the extent not otherwise covered hereunder, on slop chests, on the actual value of the Vessel's unused consumable stores and on cash carried on board but not in excess of $5,000 unless otherwise agreed; and (iii) war risk protection and indemnity insurance, for the benefit of the Owner and the Charterer as their interests may appear, including Owner's liabilities to officers and crew until repatriated.

The Charterer shall reimburse the Owner for (or, if the Owner is a self-insurer, pay the equivalent of) the actual extra cost of marine insurance occasioned by the Vessel's trading beyond the full limits of Institute Warranties in effect on the effective date of the marine insurance carried on the Vessel at the time of her delivery, or after the date of any renewal of such insurance occurring during the term or extended term of this Charter, beyond such limits, as revised, in effect on the date of any such renewal: *Provided*, That, if the Owner is a self-insurer, such limits shall be deemed to be those in effect on the date of the Vessel's delivery, and if the term or extended term of this Charter shall be for more than one year, such limits, as revised, shall be deemed to be those in effect on each anniversary date of the Vessel's delivery hereunder. Unless otherwise mutually agreed, the foregoing reference to Institute Warranties shall be deemed to mean "American Institute Trade Warranties".

In the event of loss, damage or expense to the Vessel caused by ice which would be recoverable under the terms of a full American Hull form of insurance policy but which is excluded from such policy by the provisions of American Institute Trade Warranties, such loss, damage or expense shall be made good by the Charterer, but in no event shall the Charterer's liability in this respect exceed the amount of the deductible average stated therein with respect to any one voyage.

Except as to risks or liabilities assumed, insured or indemnified against by the Charterer pursuant to this Charter, unless otherwise agreed, the Owner shall assume or insure against all other risks or liabilities of whatever nature including without limitation those of a Marine Hull and P. and I. nature and such Hull and P. and I. coverage shall also protect the interests of the Charterer to the extent of the liability it would have if it were the owner of the Vessel.

CLAUSE 21. All salvage moneys earned by the Vessel shall be divided equally between the Owner and the Charterer after deducting Master's, officers' and crew's share, legal expenses, hire of the Vessel during time lost, value of fuel consumed, repairs of damage, if any, and any other extraordinary loss or expense sustained as a result of the service, which shall always be a first charge on such moneys.

CLAUSE 22. General average adjusters shall be appointed by the Owner, from a list of adjusters satisfactory to the Charterer, and shall attend to the settlement and collection of the general average, subject to customary charges. If the Vessel should put into a port of distress or be under average, she is to be consigned to the Owner's agents who shall be satisfactory to the Charterer and shall be entitled to receive the usual charges and commissions.

CLAUSE 23. If the Charterer shall notify the Owner that the employment or the continued employment of the Master, any officer, or any member of the crew is prejudicial to the interests of the United States of America in the prosecution of the war, the Owner shall make any changes necessary in the appointments.

If the Charterer shall have reason to be dissatisfied with the conduct of the Master, officers, or any member of the crew, the Owner shall on receiving particulars of the complaint, investigate and make any changes necessary in the appointments.

CLAUSE 24. Any provisions of this Charter to the contrary notwithstanding, the Owner shall have the benefit of all limitations of, and exemptions from, liability accorded to the Owner of vessels by any statute or rule of law for the time being in force.

CLAUSE 25. Nothing herein stated is to be construed as a demise of the Vessel to the Charterer.

CLAUSE 26. Penalty for nonperformance of this contract shall be proved damages.

CLAUSE 27. The Charterer shall have the option of subletting or assigning this Charter, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

CLAUSE 28. The Charterer shall have a lien on the Vessel for all moneys paid in advance and not earned.

CLAUSE 29. The Master and the Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions, and if by reason of or in compliance with any such orders or directions anything is done or is not done, such shall not be deemed a deviation or breach of orders or neglect of duty by the Master or the Vessel: *Provided, however*, That whenever any such orders or directions given otherwise than by the Government of the United States or its representative are contrary to sailing directions or other orders of the Charterer as to the employment of the Vessel hereunder, the Master shall, if practicable, apply to the Charterer or its agents or to a representative of the Government of the United States for consent or advice and shall not comply with such orders or directions unless such consent or advice to comply is first obtained: *Provided further, however*, That if it is impracticable in any case to act in accordance with the foregoing proviso, the Master's decision as to compliance with any such orders or directions shall be made with due regard to the interests of all concerned, including the Charterer, the Owner, the Vessel, her crew and cargo.

CLAUSE 30. The Charterer shall indemnify and hold harmless the Owner, the Master and the Vessel from all consequences and liabilities whatsoever, to the extent not recoverable under the terms of customary hull and P. & I. insurance, arising from compliance with any orders or directions of the Charterer, its agents, representatives or employees, unless properly chargeable to the Owner under this Charter. The Owner shall, as far as may be practicable, keep the Charterer currently informed in writing as to any oral orders (involving substantial delay, expense or risk to the Vessel or her cargo) not promptly confirmed in writing by the person giving such orders.

CLAUSE 31. The Charterer (except as to matters affecting only the stability of the Vessel) shall be exclusively responsible for proper loading, stowage and discharge of goods of an inflammable, explosive or dangerous nature, and shall comply with all applicable regulations and furnish any necessary fittings.

CLAUSE 32. Unless otherwise provided herein or mutually agreed upon, all payments, notices and communications from the Charterer to the Owner, pursuant to the terms of or in connection with this Charter, shall be made or addressed to the Owner at the address provided in Part I and all payments, notices and communications from the Owner to the Charterer, pursuant to the terms of or in connection with this Charter, shall be made or addressed to the Charterer at its offices in Washington, District of Columbia.

CLAUSE 33. No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909.

CLAUSE 34. This Charter consists of this Part II and of Part I which incorporates this Part II therein by reference. In the event of conflict between the provisions of this Part II and those of Part I, the provisions of Part I shall govern to the extent of such conflict.

[General Order No. 11, approved May 14, 1942. 7 F.R. 3674]

§ 302.55 *Requisition time charter for tank vessels.* (a) Time charters entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, for tank vessels included in General Order No. 8, Supplement No. 1, shall consist of two parts, designated respectively, Part I and Part II.

(b) The form of Part I for tank vessels requisitioned or chartered in lieu of requisition shall be as follows:

Contract No.------

Form No. 102
Warshipoiltime
5/22/42
Part I

WAR SHIPPING ADMINISTRATION

REQUISITION TIME CHARTER FOR TANK VESSEL

Time Charter as of ---------- 194--
between ----------
Address ----------
owner of the good ---------- SS/MS
---------- (herein called the "Vessel"),
with hull, machinery and equipment in a thoroughly efficient state, as far as the exercise of due diligence can make her so, and United States of America, Charterer, particulars as follows:

Deadweight capacity for cargo, fresh water and stores about ---------- tons (2240 lbs.), including Permanent Bunkers for fuel -------- tons/barrels, on mean draft (Assigned Summer Freeboard, 1930 Convention) ---------- feet ---------- inches; classed ----------; speed about --------- knots fully laden under good weather conditions; consumption per 24 hours about ---------- tons/barrels; bulk cargo capacity (less 2% for expansion and excluding permanent bunkers) ----------; discharge capacity all pumps per hour ------ tons barrels; tanks coiled ----------; last two successive cargoes ----------; Panama Canal transit highest grade products under current regulations; constructed and equipped Suez Canal transit with crude petroleum or products in bulk.

Owner agrees to let and Charterer agrees to hire the Vessel, from time of delivery for trading subject to the following terms:

Part I

A. Period of Charter: From the time of delivery to the time of expiration of the voyage current at the end of the emergency proclaimed by the President May 27, 1941: *Provided*, That after September 1, 1942 either party may sooner terminate this Charter (the Vessel to be redelivered as hereinafter provided) upon not less than 30 days' written or telegraphic notice.

B. Trading limits: World-wide.

C. Rate: *Option I*—A basic rate of $------ per deadweight ton per month computed in accordance with the Charterer's General Order No. 8, Supplement No. 1, together with any appropriate adjustments or premiums in accordance with such Supplement No. 1 to General Order No. 8, which full rate shall be subject to revision not more often than once in every 120 days as in paragraph D below provided; or

Option II—75 per centum of the full rate payable in accordance with Option I above and such further sum, if any, adjudicated to be necessary to make up just compensation for the use of the Vessel, and the services required in connection therewith under the terms of this Charter, pursuant to the provisions of Section 902 of the Merchant Marine Act, 1936, as amended.

D. Rate revision (Option I only): At any time after September 1, 1942, but not more often than once every 120 days, either party may request a redetermination of the rate of charter hire upon 30 days' written or telegraphic notice to the other. If a revised rate is determined and agreed upon within such 30-day period, it shall become effective as of the date specified in the determination and shall continue for the balance of the period of this Charter subject to further redetermination in accordance with the provisions of this paragraph. If a revised rate is not determined or agreed upon within such 30-day period, then the rate of hire in effect at the time of such notice shall apply only until noon (EWT) of the day after the end of such 30-day period, and charter hire for the balance of the period of this Charter shall be just compensation within the meaning of section 902 of the Merchant Marine Act, 1936, as amended, and shall be established and paid as therein provided. In such latter event, the use of the Vessel, if not theretofore requisitioned, shall be deemed to have been requisitioned pursuant to Section 902 as of noon (EWT) of the day after the end of such 30-day period. This paragraph shall not operate so as to terminate the period of or otherwise modify the provisions of this Charter, notwithstanding any such modifications, adjustments, or terminations of the charter hire provisions of this Charter by operation of this paragraph.

E. War risk insurance valuation: *Option I*—The sum of $---- per deadweight ton computed in accordance with General Order No. 9 of the Charterer together with any premiums or adjustments, or any assumption of war risk, general average, collision or salvage risks or liabilities as may be provided for in said General Order and which are applicable to the Vessel by the terms of said General Order: *Provided*, That if said General Order No. 9 does not set forth a formula for ascertaining such valuation, then Option II below shall apply unless otherwise agreed in the Special Provisions hereinbelow; or

Option II—Just compensation to be determined in accordance with Section 902 of the Merchant Marine Act, 1936, as amended, for any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

F. Port of delivery:

G. Port of redelivery: Not less favorable to either party than the port of delivery, unless otherwise agreed.

H. Notice of redelivery:

I. Uniform terms: This Charter consists of this Part I and Part II, the Uniform Time Charter Terms and Conditions for Tank Vessels, published in the FEDERAL REGISTER of August 19, 1942. Unless in this Part I otherwise expressly provided, all of the provisions of said Part II shall be part of this Charter as though fully incorporated herein.

J. Special provisions: 1. Unless the Owner otherwise indicates in the execution hereof, or unless the proviso in War Risk Insurance Valuation Option I applies to the Vessel which will be indicated if the sum in said Option I is written "$none", Rate Option I and War Risk Insurance Valuation Option I shall apply and in such event, in consideration of the compensation provided and the other obligations assumed by the Charterer hereunder, the Owner accepts this Charter in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and accepts the compensation herein provided for as the compensation required by law. If the Owner in the execution hereof elects Rate Option I and War Risk Insurance Valuation Option II, then the Owner shall accept this Charter and such hire in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and as the compensation required by law except as to any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

2. (a) If at the time of requisition the vessel had cargo on board, then Charter hire for the Vessel's first voyage shall be adjusted on such fair and equitable accounting basis as the Charterer shall determine.

(b) If redelivery is made at a port that is more favorable to the Owner then the Owner shall make the Charterer a proper allowance of any savings to the Owner thereby; If the port of redelivery is less favorable to the Owner, then the Charterer shall pay the Owner a proper allowance to cover the additional cost required to put the Owner in the same position as if the Vessel had been redelivered at the port of original delivery.

In witness whereof; the parties hereto have executed this Agreement in triplicate the day and year first above written, and the Owner has elected Rate Option and War Risk Insurance Valuation Option

3. The uniform terms and conditions designated Part II Applicable to all tank vessels time chartered by the War Shipping Administration, which shall be incorporated by reference in and need not be attached to Part I of the Charter, shall be as follows:

Amendment to § 302.55 (Warshipoiltime)

The provisions of clause 4 of time charter 102 (Warshipoiltime) Sec. 302.55, 7 F.R. 4588, shall not be construed to require any reduction of hire to the extent that time lost thereunder does not exceed six (6) hours in any one period; provided that the owner shall, at all times during such period, employ the utmost dispatch and diligence to remedy the deficiency of the vessel. [General Order No. 11, Supp. 1–B, approved August 12, 1942, 7 F.R. 6394]

§ 302.56 *Uniform time charter terms and conditions for tank vessels.*

Form No. 102
Warshipoiltime
5/22/42

WAR SHIPPING ADMINISTRATION

UNIFORM TIME CHARTER TERMS AND CONDITIONS FOR TANK VESSELS (PART II)

CLAUSE 1. The Vessel shall be placed at the disposal of the Charterer at the port of delivery at such safe ready dock, wharf, or place as the Charterer may direct. Any time lost by the Vessel awaiting the availability of such dock, wharf, or place shall count as time on hire. The Vessel on her delivery shall be ready to receive cargo and, as far as due diligence can make her so, tight, staunch, strong, and with pipe lines and pumps in good working condition, and in every way fitted for service, with a Master and sufficient complement of officers and crew for a vessel of her tonnage and character, and due diligence shall be exercised by the Owner to maintain her in such state during the currency of this Charter. The Vessel shall be employed in carrying lawful merchandise, subject to the further provisions of this Charter, in lawful trades between safe ports or places within the trading limits of this Charter, as the Charterer or its agents shall direct.

CLAUSE 2. The whole reach and burthen of of the Vessel's holds, decks, and usual places of loading (but not more than she can reasonably stow and carry), shall be at the Charterer's disposal, reserving only space proper and sufficient in the opinion of the Master for the Vessel's officers and crew, Master's cabin, tackle, apparel, furniture, provisions, fresh water, stores and fuel. The Charterer shall have the option of shipping lawful merchandise in cases, cans or other packages in the Vessel's forehold, 'tween decks or other suitable space available, subject, however, to the Master's approval as to kind, character, amount and stowage, and to the extent that the Owner is not required therby to obtain a certificate of convenience and necessity therefor under the Transportation Act of 1940. All expenses for dunnage, loading, stowing and discharging so incurred shall be paid by the Charterer, but the Owner is not to provide any equipment not already on board for handling such cargo, and such merchandise shall be shipped at the shipper's risk and peril.

CLAUSE 3. The Charterer shall (except as otherwise expressly provided herein) pay hire for the use of the Vessel at the rate provided in Part I per calendar month or pro rata for any portion thereof, beginning with the time of her delivery, and continuing until the time of her redelivery in like good order and condition, ordinary wear and tear excepted, to the Owner at the port of redelivery, unless the parties hereto otherwise agree, or if the Vessel shall be lost, until the time of her loss, if known, otherwise to the time last heard from; or in the case of a constructive total loss to the time of the casualty

resulting in such constructive total loss, except that where two or more successive casualties contribute to such loss, the time of the casualty last occurring shall be the time when hire ceases. Redelivery shall not be made until completion of repairs of any damage arising from causes specified in Clause 4 (1), and full hire shall continue until completion of such repairs, except to the extent that loss of time is caused by failure of the Owner to exercise due diligence to have such repairs effected promptly and to prevent loss of time. The hire provided for in this Charter and all other monies accruing in any month in favor of the Owner shall be due and payable on the first day of each calendar month for the preceding month or portion thereof. Unless otherwise provided, the Charterer shall give the Owner written or telegraphic notice of the Vessel's expected date and port of redelivery as provided in Part I.

Cash for any expenses which are for the Owner's account under this Charter may be advanced by the Charterer or its agents, and the Owner shall reimburse or secure the Charterer for such advances, or, at the Charterer's election, the equivalent thereof shall be deducted from the hire. The Charterer shall not, however, be responsible for the application of such advances.

If, pursuant to any applicable laws of the United States or any agreements entered into pursuant thereto, the Owner is required because of the operation of the Vessel as required under this Charter to make any payment to the United States by way of reimbursement of construction differential subsidy or payment of additional interest, then the Charterer shall pay to the Owner any amount so paid, in addition to the hire payable under this Charter.

CLAUSE 4. Payment of hire hereunder shall be reduced one-half to the extent that time is lost to the Charterer:

(a) If the Vessel is prevented, in whole or in part, from working because of a deficiency of men or stores while the Vessel is in the continental United States excluding Alaska, or because of breakdown of machinery, collision, stranding, or fire or other accident or damage to the Vessel; or

(b) Because of breach of orders or neglect of duty by the Master, officers or crew;

Provided, however, That, except to the extent that loss of time is caused by the failure of the Owner to exercise due diligence to keep the Vessel working and to prevent loss of time, payment of hire shall not be reduced because of:

(i) The happening of any event listed in (a) above cause by the fault of the Charterer or caused or contributed to by war or warlike acts, sailing in convoy, operating (contrary to peacetime custom) without lights or pilots, navigating or mooring in (contrary to peacetime custom) unlighted, unbuoyed, or overcrowded waters, excessive usage (because of war or warlike conditions) of machinery or equipment, navigating (contrary to peacetime custom) under the direction of naval, military, coast guard or other governmental authorities, discharging alongside ships or into ships, or ice if loss of time due to ice damage does not result from wilful negligence or default of the Owner, Master, officers or crew; or

(ii) Time lost (when the Vessel needs repairs necessary to her working) (1) due to lack of available repair facilities in a port outside the continental United States excluding Alaska, or (2) due to the Vessel's having to leave a port outside the continental United States excluding Alaska to go to another port for such repairs when the facilities for such repairs at the port so left would not have been available in the time required to proceed to and return from such other port: *Provided,* That this clause (ii) shall not affect any other provisions in this Charter as to the reduction of hire while repairs are in progress.

The cost of fuel and water consumed while hire is reduced hereunder, as well as all port charges, pilotages, and other expenses for the Charterer's account (except those for wages and bonuses provided for in Clause 7 and the war risk and extra marine insurance provided for in Clause 20) incurred during such period and consequent upon the putting into any port or place other than that to which the Vessel is bound, shall be borne by the Owner; but should the Vessel be delayed or driven into port or to anchorage by stress of weather or on account of accident to or other consideration for her cargo, such delay, departure, or loss of time, shall be for Charterer's account. Cleaning of boilers and overhauling of machinery whenever possible shall be done during service, but if impossible and without limiting other provisions of this Clause, the Charterer shall give the Owner forty-eight hours in any two months for such work, which, at Charterer's option, may be given in one period of forty-eight consecutive hours; should the Vessel be further detained by reason of such cleaning of boilers or overhauling of machinery, hire shall be reduced one-half for the time lost by such further detention. Credit shall be given to the Charterer for any expenses set forth in Clause 6 which are saved by the Owner during any loss of time for which no reduction of hire is provided.

CLAUSE 5. The deadweight capacity and the speed of the Vessel, as stipulated in this Charter are representations by the Owner and shall not be binding upon the Charterer, and in the event that the Vessel's deadweight capacity or her speed (the speed to be determined according to the Charterer's General Order No. 10) shall not be in accord with either or both of such representations, the hire shall be equitably adjusted to be appropriate for the Vessel with her speed as thus determined and for the Vessel's actual deadweight capacity to the extent that the hire is computed on speed or deadweight capacity; this Charter otherwise to remain unaffected. This Clause shall not require a reduction of hire where the rate applicable to the Vessel is based on minimum speed standards adopted by the Charterer.

Also, if the War Risk valuation as stipulated in this Charter is based on the deadweight tonnage of the Vessel stipulated and if the Vessel's deadweight shall not be as stipulated, the War Risk valuation shall be adjusted to conform with the Vessel's actual deadweight to the extent that such valuation is computed upon the Vessel's deadweight capacity; this Charter to remain otherwise unaffected.

CLAUSE 6. The Owner shall provide and pay for: All provisions; all galley, cabin, deck and engine room stores; fuel for cooking; wages of, and consular, shipping and discharging fees and other expenses pertaining to, the Master, officers and crew (except as herein otherwise provided); 25 per cent of all fresh water used by the Vessel if a steamer, or 75 per cent if a motorship, all water ballast; and insurance (except as herein otherwise provided) on the vessel, and maintain her class. Fumigations ordered because of illness of the crew shall be for the Owner's account.

CLAUSE 7. The Charterer shall reimburse the Owner for its actual out-of-pocket expenses, including all taxes with respect thereto for which the Owner is responsible, for (a) any war bonuses, extra wages based on the areas to be traversed during, or the ports of call of, any voyage hereunder and extra wages arising out of the nature of any cargo carried hereunder, where such bonuses and extra wages are payable by the Owner to the Master, officers or crew in accordance with ship's Articles or the Owner's collective bargaining agreements or decisions of the Maritime War Emergency Board, (b) all wages and bonuses of any extra officers and men beyond the Vessel's normal complement, who are required to be employed because of the Vessel's service under this Charter, or to provide for any persons carried at the request of the United States of America or additional watchmen or other personnel employed upon the order or request of any governmental authority, and (c) required payments for or in lieu of returning the officers and crew to nearest port of signing off under the Articles (and wages during such period) necessarily incurred to make the Vessel sooner available to the Charterer under this Charter pursuant to specific orders of the Charterer.

The Charterer shall pay the Owner at the rate of $1.50 per day per person for victualing any persons carried at the request of the United States of America and $1 per day per person for victualing any extra complement required, as above provided. If, however the number of the persons so carried and the extra complement exceeds 20, the Charterer shall reimburse the Owner for the reasonable cost of such victualing.

CLAUSE 8. The Charterer shall (except as herein otherwise provided) provide and pay for: All fuel (except cooking); 75 percent of all fresh water (except water ballast) if the Vessel is a steamer, or 25 percent if a motorship; all port charges, pilotages, light, dock, canal and other dues, expenses of loading and discharging cargoes, agencies, commissions; tug assistance and boating where incurred for the Charterer's business; taxes of foreign countries or public authorities thereof payable by the Owner to the extent levied on or measured by the freights of the Vessel; and all other charges and expenses whatsoever except those which, by the terms of this Charter, are expressly payable by the Owner. Fumigations ordered because of cargoes carried or ports visited while the Vessel is employed under this Charter shall be for the Charterer's account.

CLAUSE 9. The Charterer shall provide necessary dunnage and shifting boards, also any extra fittings requisite for a special trade or for the carriage of livestock or other unusual cargo, but the Owner shall allow the Charterer the use of any dunnage and shifting boards already aboard the Vessel. The Charterer shall have the privilege of using shifting boards for dunnage. The Charterer shall make good any damage to or shortage of shifting boards which are on board at delivery.

CLAUSE 10. The Charterer shall pay for 75 percent, if a steamer, or 25 percent if a motorship, of all fresh water in the Vessel's service tanks, and for all fuel in the Vessel's bunkers, upon delivery, and the Owner shall pay for 75 percent if a steamer, or 25 percent if a motorship, of all fresh water in the Vessel's service tanks, and for all fuel in the Vessel's bunkers on redelivery, at current market prices of the ports of delivery and redelivery respectively.

CLAUSE. 11. The Charterer shall be at liberty to install any equipment or defensive armament (including demagnetization by installed equipment or other process, e. g., degaussing, wiping, or deperming) and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading or discharging cargo beyond that on board at the beginning of this Charter. Such work shall be done at Charterer's expense and on its time, and shall not be such as to affect the seaworthiness of the Vessel or the safety of the crew, or as to be in contravention of any applicable law of the United States or regulation made pursuant thereto. Such equipment, materials, and gear so fitted or previously fitted are to be considered Charterer's property; and the Charterer shall remove the same at its expense before redelivery, and shall restore the Vessel to her condition prior to such changes (ordinary wear and tear excepted); however, heater coils installed by the Charterer shall be purchased by the Owner on redelivery, if then in good working order and condition, at the cost of installation less depreciation (at the rate of 20% per annum) to the time of redelivery.

CLAUSE 12. The Owner agrees at its expense to drydock and paint the Vessel's bottom about every eight months and not less often than once every twelve months unless the Charterer otherwise agrees, and, when due, the Charterer agrees to send the Vessel to a port where she can be cleared of oil and gas, and drydock and paint. In such event the Owner shall always be solely responsible for clearing the Vessel of oil and gas, but the expense and time of such clearing shall be for the Charterer's account if drydocking the Vessel is for the purpose of cleaning and painting the bottom primarily, and for the Owner's account if drydocking is for the purpose of effecting any repairs (except repairs required by causes for which hire is not reduced by the provisions of Clause 4) as well as cleaning and painting bottom. In case of drydocking for cleaning and painting bottom only pursuant to this Clause at a port where the Vessel is sent by the Charterer on its business, hire shall be suspended from the time the Vessel receives free pratique on arrival, if without cargo, or on completion of discharge of cargo, if she arrives loaded, until the Vessel is again ready for service. If the Owner sends the Vessel to a port (other than one designated by the Charterer) for such drydocking, hire shall be suspended from the time of the Vessel's arrival there at the sea buoy inbound until her departure from the sea buoy outbound. Hire shall not be suspended in either case for any time lost by the Vessel because of unavailability of drydock resulting from causes beyond the control of the Owner. All towage, pilotage, and other expenses incidental to the drydocking, and all port charges incurred and fuel and water consumed (to the extent such water is to be provided or paid for by the Charterer) while hire is suspended as provided in this Clause, shall be for the Owner's account.

CLAUSE 13. The Charterer shall furnish the Master from time to time with all requisite instructions and sailing directions, in writing, and the Master shall keep a full and correct log of the voyage or voyages, which shall be patent to the Charterer or its Agents, and furnish the Charterer or its Agents, when required, with a true copy of daily logs, showing the course of the Vessel, the distance run and the consumption of fuel.

CLAUSE 14. Subject always to the direction of the Charterer, the Master shall prosecute his voyages with the utmost dispatch, use due diligence to care for the cargo, and shall render all reasonable assistance with the Vessel's crew and equipment. Any overtime of officers and crew as required by the Vessel's articles or collective bargaining agreements or decisions of the Maritime War Emergency Board shall be at the Charterer's expense when incurred at the request of the Charterer or its agents. Bills of lading are to be signed by the Master in the form and at any rate of freight the Charterer or its agents may direct, without prejudice to this Charter. The Charterer hereby agrees to indemnify and hold harmless the Owner, the Master, and the Vessel from all consequences or liabilities that may arise from the Charterer or its agents, or the Master, signing bills of lading or other documents inconsistent with this Charter, or from any irregularity in papers supplied by the Charterer or its agents, or from complying with its or its agents' orders.

CLAUSE 15. Cargo may be laden or discharged in any dock or at any wharf or place that the Charterer or its Agents may direct, provided that the Vessel can proceed thereto, lie at, and depart therefrom always safely afloat.

CLAUSE 16. The Owner agrees in so far as practicable (and if the construction of the Vessel permits) that the Vessel will be maintained in such manner as to carry, without admixture, two qualities or descriptions of oil, provided the cargo is properly segregated. Except for such agreement neither the Owner nor the Vessel shall be responsible for any admixture, if more than one quality of oil is shipped nor for leakage, contamination or deterioration in quality of the cargo. No injurious cargoes, including acids that are injurious to the Vessel, are to be shipped, it being understood that gasoline, Ethyl gasoline, benzol, creosote, molasses, and the various vegetable oils, customarily carried in tank vessels, are not to be considered as injurious. Charterer undertakes in case it employs the Vessel to carry any other cargo than petroleum and its products in bulk to indemnify the Owner against any damage that may arise to such cargo owing to the Vessel having previously loaded oil, or to oil after having loaded other cargo. If the Vessel's tanks at the time of delivery are gas free and clean and fit for the transportation of clean products, such as refined petroleum or naphtha, the Vessel is to be redelivered in the same condition as on delivery. Similarly, if her tanks are soiled at the time of delivery the Vessel may be redelivered with tanks in like condition.

CLAUSE 17. No product shall be shipped which fails to meet one or the other of the two following requirements: (1) The vapor pressure at one-hundred degrees Fahrenheit (100° F.) shall not exceed thirteen pounds (13 lbs.) as determined by the A. S. T. M. Method (Reid Method) identified as D-323 current at the time shipment is made. (2) The distillation loss shall not exceed four per cent (4%) and the sum of the distillation loss and the distillate collected in the receiving graduate shall not exceed ten per cent (10%) when the thermometer reads one-hundred twenty-two degrees Fahrenheit (122° F.). NOTE.—The distillation test shall be made by A. S. T. M. Method identified as D-86 current at the time shipment is made. When products other than Naphtha or Gasoline are tested, the distillation loss may be determined by distilling not less than twenty-five per cent (25%) and deducting from one-hundred per cent (100%) the sum of the volumes of the distillate and the residue in the flask (cooled to a temperature of sixty degrees Fahrenheit (60° F.).

CLAUSE 18. All bills of lading issued hereunder shall contain, directly or by reference, substantially the following clauses:

(1) *Clause paramount.* This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the Carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of this bill of lading be repugnant to said Act to any extent, such term shall be void to that extent but no further.

(ii) *Both-to-blame collision clause.* If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the carrier in the navigation or in the management of the ship, the owners of the goods carried hereunder will indemnify the carrier against all loss or liability to the other or noncarrying ship or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other or noncarrying ship or her owners to the owners of said goods and set-off, recouped or recovered by the other or noncarrying ship or her owners as part of their claim against the carrying ship or carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

(iii) *General average clause.* General average shall be adjusted, stated, and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the carrier, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the carrier, must be furnished before delivery of the goods. Such cash deposit as the carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the goods, shippers, consignees, or owners of the goods to the carrier before delivery. Such deposit shall, at the option of the carrier, be payable in United States money, and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the general average and refunds or credit balances, if any, shall be paid in United States money.

(iv) *Amended "Jason" clause.* In the event of accident, danger, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the carrier is not responsible by statute, contract, or otherwise, the goods, shippers, consignees, or owners of the goods shall contribute with the carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully as if the salving ship or ships belong to strangers.

(v) *War clauses.* In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the carrier or master is likely to give rise to risk of capture, seizure, detention, damages, delay or disadvantage to or loss of the ship or any part of her cargo, or to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the goods at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual place of discharge in such port, the carrier may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the goods at port of shipment and upon their failure to do so, may warehouse the goods at

the risk and expense of the goods; or the carrier or master, whether or not proceeding toward or entering or attempting to enter the port of discharge or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the goods there, may discharge the goods into depot, lazarette, draft or other place; or the ship may proceed or return, directly or indirectly, to or stop at any such port or place whatsoever as the master or the carrier may consider safe or advisable under the circumstances, and discharge the goods, or any part thereof at any such port or place; or the carrier or the master may retain the cargo on board until the return trip or until such time as the carrier or the master thinks advisable and discharge the goods at any place whatsoever as herein provided; or the carrier or the master may discharge and forward the goods by any means at the risk and expense of the goods. The carrier or the master is not required to give notice of discharge of the goods or the forwarding thereof as herein provided. When the goods are discharged from the ship, as herein provided, they shall be at their own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the carrier shall be freed from any further responsibility. For any service rendered to the goods as herein provided the carrier shall be entitled to a reasonable extra compensation.

The carrier, master and ship shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions. Delivery or other disposition of the goods in accordance with such orders or directions shall be a fulfillment of the contract voyage. The ship may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

In addition to all other liberties herein the carrier shall have the right to withhold delivery of, reship to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods in accordance with any direction, condition or agreement imposed upon or exacted from the carrier by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the goods shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the goods.

This Charter shall also be subject to the provisions of (ii), (iii) and (iv) of this Clause 18.

CLAUSE 19. The Vessel, her Master and owner, shall not, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder, arising or resulting from: Any act, neglect, default or barratry of the Master, pilots, mariners or other servants of the Owner in the navigation or management of the Vessel; fire, unless caused by the personal design or neglect of the Owner; collision, stranding, or peril, danger or accident of the sea or other navigable waters; saving or attempting to save life or property; wastage in weight or bulk, or any other loss or damage arising from inherent defect, quality or vice of the cargo; any act or omission of the Charterer, the owner, shipper or consignee of the cargo, their agents or representatives; insufficiency of packing, insufficiency or inadequacy of marks; explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, equipment or machinery; unseaworthiness of the Vessel unless caused by want of due diligence on the part of the Owner to make the Vessel seaworthy or to have her properly manned, equipped and supplied; or from any other cause of whatsoever kind arising without the actual fault or privity of the Owner And neither the Vessel, her Master or Owner, nor the Charterer, shall, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder arising or resulting from: Act of God, act of war; act of public enemies, pirates, or assailing thieves; arrest or restraint of princes, rulers of people, or seizure under legal process; strike or lockout or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion. The Vessel shall have liberty to sail with or without pilots, to tow or to be towed, to go to the assistance of vessels in distress and to deviate for the purpose of saving life or property or of landing any ill or injured person on board. No exemption afforded to the Charterer under this clause shall diminish its obligations for hire under the other provisions of this Charter.

CLAUSE 20. Unless otherwise mutually arranged, at all times during the currency of this Charter the Charterer shall provide and pay for or assume: (i) insurance on the Vessel, under the terms and conditions of the full form of standard hull war risk policy of the War Shipping Administration, which shall include malicious damage, sabotage, strikes, riots and civil commotion, insured for and valued at the amount set forth in Part I which insurance shall be made payable to the persons entitled thereto; (ii) all war risk insurance, as required, on the lives of or for injuries to officers and crew and loss of or damage to their personal effects, including sextants of deck officers, on leased equipment aboard for which the Owner is responsible to the extent not otherwise covered hereunder, on slop chests, on the actual value of the Vessel's unused consumable stores and on cash carried on board but not in excess of $5,000 unless otherwise agreed; and (iii) war risk protection and indemnity insurance, for the benefit of the Owner and the Charterer as their interests may appear, including Owner's liabilities to officers and crew until repatriated.

The Charterer shall reimburse the Owner for (or, if the Owner is a self-insurer, pay the equivalent of) the actual extra cost of marine insurance occasioned by the Vessel's trading beyond the full limits of Institute Warranties in effect on the effective date of the marine insurance carried on the Vessel at the time of her delivery, or after the date of any renewal of such insurance occurring during the term or extended term of this Charter, beyond such limits, as revised, in effect on the date of any such renewal: *Provided*, That, if the Owner is a self-insurer, such limits shall be deemed to be those in effect on the date of the Vessel's delivery, and if the term or extended term of this Charter shall be for more than one year, such limits, as revised, shall be deemed to be those in effect on each anniversary date of the Vessel's delivery hereunder. Unless otherwise mutually agreed, the foregoing reference to Institute Warranties shall be deemed to mean "American Institute Trade Warranties".

In the event of loss, damage or expense to the Vessel caused by ice which would be recoverable under the terms of a full American Hull form of insurance policy but which is excluded from such policy by the provisions of American Institute Trade Warranties, such loss, damage or expense shall be made good by the Charterer, but in no event shall the Charterer's liability in this respect exceed the amount of the deductible average stated therein with respect to any one voyage.

Except as to risks or liabilities assumed, insured or indemnified against by the Charterer pursuant to this Charter, unless otherwise agreed, the Owner shall assume or insure against all other risks or liabilities of whatever nature including without limitation those of a Marine Hull and P. and I. nature and such Hull and P. and I. coverage shall also protect the interests of the Charterer to the extent of the liability it would have if it were the owner of the Vessel.

CLAUSE 21. All salvage moneys earned by the Vessel shall be divided equally between the Owner and the Charterer after deducting Master's, officers' and crew's share, legal expenses, hire of the Vessel during time lost, value of fuel consumed, repairs of damage, if any, and any other extraordinary loss or expense sustained as a result of the service, which shall always be a first charge on such moneys.

CLAUSE 22. General average adjusters shall be appointed by the Owner, from a list of adjusters satisfactory to the Charterer, and shall attend to the settlement and collection of the general average, subject to customary charges. If the Vessel should put into a port of distress or be under average, she is to be consigned to the Owner's agents who shall be satisfactory to the Charterer and shall be entitled to receive the usual charges and commissions.

CLAUSE 23. If the Charterer shall notify the Owner that the employment or the continued employment of the Master, any officer, or any member of the crew is prejudicial to the interests of the United States of America in the prosecution of the war, the Owner shall make any changes necessary in the appointments.

If the Charterer shall have reason to be dissatisfied with the conduct of the Master, officers, or any member of the crew, the Owner shall on receiving particulars of the the complaint, investigate and make any changes necessary in the appointments.

CLAUSE 24. Any provisions of this Charter to the contrary notwithstanding, the Owner shall have the benefit of all limitations of, and exemptions from, liability accorded to the Owner of vessels by any statute or rule of law for the time being in force.

CLAUSE 25. Nothing herein stated is to be construed as a demise of the Vessel to the Charterer.

CLAUSE 26. Penalty for nonperformance of this contract shall be proved damages.

CLAUSE 27. The Charterer shall have the option of subletting or assigning this Charter, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

CLAUSE 28. The Charterer shall have lien on the Vessel for all moneys paid in advance and not earned.

CLAUSE 29. The Master and the Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions, and if by reason of or in compliance with any such orders or directions anything is done or is not done, such shall not be deemed a deviation or breach of orders or neglect of duty by the Master or the Vessel: *Provided, however*, That whenever any such orders or directions given otherwise than by the Government of the United States or its representative are contrary to sailing directions or other orders of the Charterer as to the employment of the Vessel hereunder, the Master shall if practicable, apply to the Charterer or its agents or to a representative of the Government of the United States for consent or advice and shall not comply with such orders or directions unless such consent or advice to comply is first obtained: *Provided further, however*, That if it is impracticable in any case to act in accordance with the foregoing proviso, the Master's decision as to compliance with any such orders or directions shall be made with due regard to the interests of all concerned, including the Charterer, the Owner, the Vessel, her crew and cargo.

CLAUSE 30. The Charterer shall indemnify and hold harmless the Owner, the Master and the Vessel from all consequences and liabilities whatsoever to the extent not recoverable under the terms of customary hull and P. & I. insurance, arising from compliance with any orders or directions of the Charterer, its agents, representatives or employees, unless properly chargeable to the Owner under this charter. The Owner shall, as far as may be practicable, keep the charterer currently informed in writing as to any oral orders (involving substantial delay, expense or risk to the Vessel or her cargo) not promptly confirmed in writing by the person giving such orders.

CLAUSE 31. The Charterer (except as to matters affecting only the stability of the Vessel) shall be exclusively responsible for proper loading, stowage and discharge of ammunition, and shall comply with all applicable regulations and furnish any necessary fittings.

CLAUSE 32. Unless otherwise provided herein or mutually agreed upon, all payments, notices and communications from the Charterer to the Owner, pursuant to the terms of or in connection with this Charter, shall be made or addressed to the Owner at the address provided in Part I and all payments, notices and communications from the Owner to the Charterer, pursuant to the terms of or in connection with this charter, shall be made or addressed to the Charterer at its office in Washington, District of Columbia.

CLAUSE 33. No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909.

CLAUSE 34. This Charter consists of this Part II and of Part I which incorporates this Part II therein by reference. In the event of conflict between the provisions of this Part II and those of Part I, the provisions of Part I shall govern to the extent of such conflict.

[General Order No. 11, Supp. 1, Approved June 15, 1942; 7 F. R. 4588.]

Amendment to Clause 3 of § 302.56 Uniform Time Charter Terms and Conditions for Tank Vessels

If at the time of requisition of any tank vessel under the uniform time charter terms and conditions for tank vessels (Warshipoiltime, Form No. 102) such vessel is equipped with heater coils in good working order and condition for the transportation of dirty products and the coils thereafter become damaged, deteriorated or perforated by reason of the employment of the vessel, pursuant to the direction of the War Shipping Administration, for the transportation of clean petroleum products, Clause 3 of Part II of the terms and conditions of said charter shall be construed to require the War Shipping Administration to restore the heater coils to good working order and condition upon redelivery of the vessel to the Owner. [General Order No. 11, Supp. 1–A, approved August 6, 1942; 7 F.R. 6227]

§ 302.61 *Requisition bareboat charter for cargo and tank vessels.*

(a) Bareboat charters entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, for cargo and tank vessels, shall consist of two parts, designated respectively, Part I and Part II.

(b) The form of Part I for cargo and tank vessels requisitioned or chartered in lieu of requisition shall be as follows:

Form No. 103
5/29/42 Contract No. ------
Warshipdemise

REQUISITION BAREBOAT CHARTER FOR CARGO AND TANK VESSELS

PART I

Bareboat charter as of ----------, 1942, between ----------
Address ----------
Owner of the SS/MS ----------, Official No. -------- (herein called the "Vessel"), and United States of America, Charterer:

• • • • •

Owner agrees to let and Charterer agrees to hire the Vessel, from time of delivery for trading subject to the following terms:

PART I

A. Period of Charter: From the time of delivery to the time of expiration of the voyage current at the end of the emergency proclaimed by the President May 27, 1941: *Provided*, That after September 1, 1942 either party may sooner terminate this Charter (the Vessel to be redelivered as hereinafter provided) upon not less than 60 days' written or telegraphic notice.

B. Trading limits: World-wide.

C. Rate: *Option I.* A basic rate of $------ per deadweight ton per month, subject to adjustment in accordance with any General Order adopted by the Charterer with respect to fair and reasonable maximum rates of charter hire for vessels chartered on a bareboat basis, said adjusted rate being subject to revision not more than once in every 120 days as in paragraph D below provided; or

Option II. 75 per centum of the rate payable in accordance with Option I above and such further sum, if any, adjudicated to be necessary to make up just compensation for the use of the Vessel and the services required in connection therewith under the terms of this Charter, pursuant to the provisions of Section 902 of the Merchant Marine Act, 1936, as amended.

D. Rate revision (Option I only): At any time after September 1, 1942, but not more often than once every 120 days, either party may request a redetermination of the rate of charter hire upon 30 days' written or telegraphic notice to the other. If a revised rate is determined and agreed upon within such 30-day period, it shall become effective as of the date specified in the determination and shall continue for the balance of the period of this Charter subject to further redetermination in accordance with the provisions of this paragraph. If a revised rate is not determined or agreed upon within such 30-day period, then the rate of hire in effect at the time of such notice shall apply only until noon (EWT) of the day after the end of such 30-day period, and charter hire for the balance of the period of this Charter shall be just compensation within the meaning of Section 902 of the Merchant Marine Act, 1936, as amended, and shall be established and paid as therein provided. In such latter event, the use of the Vessel, if not theretofore requisitioned, shall be deemed to have been requisitioned pursuant to Section 902 as of noon (EWT) of the day after the end of such 30-day period. This paragraph shall not operate so as to terminate the period of or otherwise modify the provisions of this Charter, notwithstanding any such modifications, adjustments, or terminations of the charter hire provisions of this Charter by operation of this paragraph.

E. Total loss valuation: *Option I.* The sum of $------- per deadweight ton computed in accordance with General Order No. 9 of the Charterer together with any premiums or adjustments, or any assumption of war risk, general average, collision or salvage risks or liabilities as may be provided for in said General Order and which are applicable to the Vessel by the terms of said General Order: *Provided*, That if said General Order No. 9 does not set forth a formula for ascertaining such valuation, then Option II below shall apply; or

Option II. Just compensation to be determined in accordance with Section 902 of the Merchant Marine Act, 1936, as amended, for any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

F. Port of delivery:

G. Port of redelivery: Not less favorable to either party than the port of delivery, unless otherwise agreed.

H. Notice of redelivery:

I. Uniform terms: This Charter consists of this Part I and Part II, the Uniform Bareboat Charter Terms and Conditions for Cargo and Tank Vessels, published in the Federal Register of ----------, 1942. Unless in this Part I otherwise expressly provided all of the provisions of said Part II shall be part of this Charter as though fully incorporated herein.

J. Special provisions: 1. Unless the Owner otherwise indicates in the execution hereof, Rate Option I and Total Loss Valuation Option ---- shall apply and in such event, in consideration of the compensation provided and the other obligations assumed by the Charterer hereunder, the Owner accepts this Charter in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and accepts the compensation herein provided for as the compensation required by law If the Owner in the execution hereof elects Rate Option I and Total Loss Valuation Option II, then the Owner shall accept this Charter and such hire in full satisfaction of any and all claims he has or may have against the Charterer arising out of the requisition of the Vessel and as the compensation required by law except as to any loss or damage due to the operation of a risk assumed by the Charterer under the terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

In witness whereof, the parties hereto have executed this Agreement in triplicate the day and year first above written, and the Owner has elected Rate Option ------ and Total Loss Valuation Option -------.

3. The uniform terms and conditions designated Part II applicable to all cargo and tank vessels bareboat chartered by the War Shipping Administration, which shall be incorporated by reference in and need not be attached to Part I of the Charter, shall be as follows:

Form No. 103
Warshipdemise
5/29/42

§ 302.62 *Uniform bareboat charter terms and conditions for cargo and tank vessels.*

UNIFORM BAREBOAT CHARTER TERMS AND CONDITIONS FOR CARGO AND TANK VESSELS (PART II)

1. The Vessel shall be delivered to the Charterer in the port of delivery at such safe place as the Charterer may designate. Unless otherwise noted on the delivery receipt or survey report, and subject to the provisions of this Clause 1, the Charterer shall accept the Vessel "as is", in whatever condition she may be at the time of delivery thereof, without any agreement, representation or warranty, expressed or implied, by the Owner as to its physical condition, equipment, seaworthiness, or fitness for any purposes whatsoever, except only that the Owner shall be responsible to make or pay for such repairs and renewals as may be required to remedy latent defects of hull or machinery. The Vessel, unless lost, shall be redelivered by the Charterer to the Owner after she has been restored by the Charterer to the same or equivalent condition as that in which accepted, ordinary wear and tear excepted.

If, at the time of delivery hereunder, the Vessel has outstanding classification requirements or has sustained unrepaired damage of an insurable nature, the cost of repairing such unrepaired damage or of satisfying the outstanding classification requirements shall be for the Owner's account and, if the Charterer is not reimbursed for such cost by the Owner, such cost shall be deducted by the Charterer from the charter hire due hereunder and, in either event, during the time required for such repairs, the Vessel shall be off-hire.

2. The Charterer shall be at liberty to install any equipment and make alterations and additions to quarters and equipment incident to the service in which the Vessel is to be used, and to install any additional gear or equipment for loading or discharging cargo beyond that on board at the beginning of this Charter. Such work shall be done at the Charterer's expense and on its time, and shall not be such as to affect the seaworthiness of the Vessel. Such equipment, materials, and gear so fitted are to be considered Charterer's property; and, unless otherwise agreed, the Charterer shall remove the same at its expense before redelivery, and shall restore the

3. Structural changes may be made in the Vessel, her boilers, machinery or appurtenances without the prior written consent of the Owner. However, if any such structural changes are made, or if any changes are made in her boilers, machinery, appurtenances or spare parts, the Vessel upon redelivery may, or, if the Owner so requests, shall be restored to her original condition, ordinary wear and tear excepted.

4. The Charterer shall (except as otherwise expressly provided herein) pay hire for the use of the Vessel at the rate provided in Part I per calendar month and pro rata for any portion thereof, beginning with the time of her delivery, and continuing until the time of her redelivery in like good order and condition as at the time of her acceptance, ordinary wear and tear excepted, to the Owner at the port of redelivery unless the parties hereto otherwise agree, or if the Vessel be lost, until the time of her loss, if known, otherwise to the time last heard from; or in the case of a constructive total loss, as provided in Clause 17 hereof, to the time of the casualty resulting in such constructive total loss, except that where two or more successive casualties contribute to such loss, the time of the casualty last occurring shall be the time when hire ceases. Such hire shall be due and payable on the first day of each calendar month for the preceding month or portion thereof.

5. If, pursuant to any applicable laws of the United States or any agreements entered into pursuant thereto, the Owner is required because of the operation of the Vessel as required under this Charter to make any payment to the United States by way of reimbursement of construction differential subsidy or payment of additional interest, then the Charterer shall pay to the Owner any amount so paid, in addition to the hire payable under this Charter.

6. The Charterer shall, at its own expense, maintain the Vessel, so far as possible, in at least as good condition, working order and repair as said Vessel was in at the time of her acceptance by the Charterer hereunder, ordinary wear and tear excepted. The Charterer shall drydock the Vessel and clean and paint her underwater parts every eight months, subject to postponement if such postponement is necessary in the prosecution of the war.

7. The Vessel shall be drydocked and surveyed jointly by representatives of the Charterer and the Owner before acceptance at the expense of the Charterer. Should the Charterer elect to waive drydocking before acceptance, any damage to the Vessel's bottom found on redelivery shall be presumed in the absence of proof to the contrary to have occurred subsequent to the date of delivery, and all expenses in repairing such damages shall be for the account of the Charterer.

8. The Vessel shall be surveyed jointly by representatives of the Charterer and the Owner on redelivery, to determine its condition. Such survey shall include drydocking to determine the condition of the underwater parts which shall be at the expense of the Owner, unless drydocking for cleaning and painting bottom is past due, or unless underwater damage is found or unless there is evidence that since the last drydocking the Vessel has been involved in a grounding and underwater contact, or a collision, in any of which events it shall be at the expense of the Charterer. If on the redelivery survey it shall appear that the Vessel is not in as good condition as on acceptance, ordinary wear and tear excepted, then the Charterer before redelivery shall make at its own expense all repairs, renewals, and replacements necessary to put the Vessel in at least as good

pairs, the Charterer (at its option) shall pay the Owner an amount to place the Vessel in such condition, which payment shall include: (a) an amount (payable month by month) equal to the hire herein fixed for use of the Vessel for the period of time necessary, the utmost diligence and despatch being used, for such repairing; and (b) any such further amount necessarily expended or to be expended by the Owner for insurance, wages and subsistence of master, officers and crew and other vessel expenses incurred during the period of time necessary, such diligence and despatch being used, for repairing the damage. "Ordinary wear and tear" as used in this Charter shall be deemed to mean only such ordinary wear and tear as the Vessel would be subject to in normal commercial trading.

9. The Charterer shall accept and pay for all unbroached consumable stores, fuel oil and fresh water on board at the time of delivery, in good order and condition and not in excess of the Vessel's normal requirements, and the Owner shall accept and pay for all unbroached consumable stores, fuel oil and fresh water (usable by the Owner) on board on redelivery in good order and condition and not in excess of the Vessel's normal requirements at the current market prices at the ports of delivery and of redelivery, respectively, on the respective dates of the delivery and redelivery thereof. "Consumable stores" within the meaning of this paragraph are all consumable and subsistence stores (but not radio supplies, expendable equipment, scrap and junk) listed in United States Maritime Commission Voyage Stores Reports, Forms 7915A, 7916A, 7918A and 7919A (Revised Forms 1939).

10. A complete inventory of the Vessel's entire outfit, equipment, furniture, furnishings, appliances, spare and replacement parts and of all consumable stores, fuel oil and fresh water on board as of the time of the Vessel's delivery shall be jointly taken by representatives of the Charterer and the Owner, and mutually agreed upon by them as to items and as to price with respect to all consumable stores, fuel and fresh water (but if it is impracticable to make such inventory, then the Charterer will accept the Owner's inventory or reasonable estimates as to items and as to reasonable prices where pricing is required) at the time of delivery, or as soon thereafter as may be possible, and a similar inventory shall be so jointly taken and mutually agreed upon immediately after redelivery.

11. The Charterer shall have the use of all outfit, equipment, furniture, furnishings appliances, spare and replacement parts on board the Vessel from the time of delivery without extra cost (with the exception of the leased equipment), and the same or their substantial equivalent shall be returned to the Owner on redelivery in the same good order and condition as when received, ordinary wear and tear excepted, any such items lost, destroyed, damaged, or so worn in service as to be unfit for use to be replaced or made good by the Charterer in kind or value at redelivery. The Charterer shall also have the benefit of all apparatus and appliances and spare repair replacement parts on shore, at prices to be mutually agreed upon, and the Owner shall furnish the Charterer forthwith a list of such parts and equipment.

12. The Owner may, and upon demand of the Charterer shall, prior to the first departure of the vessel from its port of delivery, and thereafter at any reasonable time, remove such equipment on board as is not required for the intended employment of the Vessel.

and all expenses connected therewith after delivery, either by direct payment to the lessor thereof or by reimbursing the Owner for the rental and any other expenses under the Owner's contracts for such equipment during the period of this Charter at the Owner's option, except that the Charterer, at the beginning of the charter period may substitute any other form of agreement as to such services mutually satisfactory to the Charterer and these contractors.

14. During the period hereof, the Charterer shall at its own expense, or by its own procurement, man, victual, navigate, operate, supply, fuel, and repair the Vessel and pay all charges and expenses of every kind and nature whatsoever incident thereto. The Charterer and not the Owner shall have exclusive possession, control and command of said Vessel during the entire period of this Charter.

15. (a) From the time of delivery of the Vessel under this Charter, the Owner shall not be required to carry any insurance whatsoever, but (unless the Charterer shall otherwise request and the Owner shall accede thereto) the Owner shall, as promptly as may be practicable, effect the cancellation of existing policies of insurance, and the pro rata premium payable with respect to the period between the time of delivery under this Charter and the effective time of such cancellation, shall be payable by the Charterer if the Charterer's interests are covered by such insurance. Except with respect to risks covered by policies of insurance which have not been cancelled as aforesaid, the Charterer shall, effective with the time of delivery of the Vessel under this Charter, assume or insure war, marine and all other risks or liabilities of whatsoever nature or kind, including without limitation, all risks or liabilities for breach of statute or contract or for damage to property including cargo and other vessels, or for personal injuries or death of any persons whatsoever, and shall indemnify and save harmless the Owner and the Vessel against and from any and all loss, liability, damage, and expense (including costs of court and reasonable attorneys' fees) on account of such risks or liabilities arising out of any matter occurring during the currency of this Charter.

(b) Subject to the foregoing provisions of this Clause with respect to the continuance of existing insurance, the Charterer will provide insurance with respect to that portion of the value of the Vessel which relates to the interest of the United States of America as mortgagee to the extent that the risks assumed by the Charterer hereunder are of such a nature that they can be insured under customary forms of marine insurance policy. If the Charterer shall insure the Vessel, in its own Insurance Fund, the Charterer shall not, either as Charterer or insurer, have any right of subrogation against the Owner on account of loss or damage to the Vessel or its machinery or appurtenances, or on account of payments made to discharge claims against or liabilities of the Vessel or the Owner covered by insurance underwritten by the Charterer. Such insurance shall not in any way limit, diminish or prejudice the Charterer's obligation to the Owner under this Charter.

16. In the event of total loss of the Vessel, the Charterer shall pay the Owner the Agreed Total Loss Valuation stated in Part I of this Charter, together with interest thereon to the date of payment at the rate of 3½ per cent per annum beginning one hundred twenty days from the date of the Vessel's loss, if known, otherwise beginning one hundred twenty days from the date she was last heard from. If such Agreed Total Loss Valuation is not applicable to this Charter, then the Charterer shall pay just compensation to be determined in accordance with Section 902 of

terms of this Charter to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

17. In case of serious damage or injury to the Vessel during the period of this Charter, to the extent that the Charterer shall consider here to be a constructive total loss, the Charterer shall have the option of declaring her a constructive total loss by so notifying the Owner in writing. In the event of such a declaration by the Charterer, the Charterer shall forthwith pay the Owner as though the Vessel were an actual total loss. Against such payment the Owner will give the Charterer such releases and instruments granting the Vessel or the property of her remaining as the Charterer may require.

18. The Owner shall forever indemnify, hold harmless, and defend the Charterer against any liens, claims, demands, or liabilities of whatsoever nature by whomsoever asserted (including costs and reasonable attorneys' fees paid or incurred in defending such line, claim or demand, whether or not it shall be found to be valid) upon the Vessel at the time of her delivery hereunder, or arising out of the use or operation of the Vessel prior to her delivery hereunder. The Charterer shall forever indemnify, hold harmless and defend the Owner against any liens of whatsoever nature by whomsoever asserted and against any claim of lien (including costs and reasonable attorneys' fees paid or incurred in defending any such claim, whether or not the claim be found to be valid) whenever and by whomsoever asserted, upon the Vessel at the time of its redelivery hereunder. The Charterer shall also indemnify, hold harmless and defend the Owner and the Vessel against any claims, demands, or liabilities against them or either of them (including costs and reasonable attorneys' fees in defending such claim or demand, whether or not the claim or demand be found to be valid) arising out of the use or operation of the Vessel by the Charterer or any subcharterer, or out of any act or neglect of the Charterer or any subcharterer in relation to the Vessel, or out of any obligation or liability incurred by the Charterer or any subcharterer. The Charterer in its use and operation of the Vessel, shall abide by, and comply with, all applicable laws and governmental rules and regulations and the terms of any governmental preferred mortgage on said Vessel and shall not use or operate the Vessel, or permit use of operation of the Vessel except in full compliance with all such laws, rules and regulations, and shall indemnify the Vessel and the Owner against any loss, claim, liability, damage, or expense on account of any such violation of law, rule, or regulation.

19. The Charterer shall at all times have the right to subcharter the Vessel as it may see fit without prejudice to this Charter, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

20. No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909 (35 Stat. 1109).

21. This Charter consists of this Part II and of Part I which incorporates this Part II therein by reference. In the event of conflict between the provisions of this Part II and those of Part I, the provisions of Part I shall govern to the extent of such conflict.

WAR SHIPPING ADMINISTRATION

SUGAR CHARTER PARTY

This charter party, made and concluded the _____ day of _____ between _____ owner/_____ chartered owner of the good _____ vessel _____ of _____ built _____ at _____ classed _____ at _____ of the measurement of _____ tons net register according to _____ now _____, and _____ charterer.

Witnesseth, That the said owner agrees on the freighting and chartering of the whole of said vessel (with the exception of the deck, cabin, and necessary room for the crew and storage of provisions, sails, cables, and fuel), or sufficient room for the cargo hereinafter mentioned to the charterer, for a voyage from _____ vessel to load at not more than two berths or loading places in any one port or its jurisdiction, same to count as one port of loading, except that if vessel loads in the Manzanillo district, only one sub-port to be used at the one port rate), or as near thereunto as she can safely proceed and always lie afloat with safety, to_____ _____ _____ to be declared upon signing of bills of lading (charter party), on the following terms and conditions:

First. The said vessel shall be tight, staunch, strong, and in every way fitted for such a voyage as far as the exercise of due diligence can make her so, and, except as hereinafter provided as to seaworthiness and latent defects, shall receive on board during the aforesaid voyage the merchandise hereinafter mentioned.

Second. The Vessel, her Master and Owner, shall not, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder, arising or resulting from: Any act, neglect, default or barratry of the Master, pilots, mariners or other servants of the Owner in the navigation or management of the Vessel; fire, unless caused by the personal design or neglect of the Owner; collision, stranding, or peril, danger or accident of the sea or other navigable waters; saving or attempting to save life or property; wastage in weight or bulk, or any other loss or damage arising from inherent defect, quality or vice of the cargo; any act or omission of the Charterer, the Owner, the shipper or consignee of the cargo, their agents or representatives, insufficiency of packing, insufficiency or inadequacy of marks; explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, equipment or machinery; unseaworthiness of the Vessel unless caused by want of due diligence on the part of the Owner to make the Vessel seaworthy or to have her properly manned, equipped and supplied; or from any other cause of whatsoever kind arising without the actual fault or privity of th Owner. And neither the Vessel, her Master or Owner, nor the Charterer, shall, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder arising or resulting from: Act of God, act of war; act of public enemies, pirates, or assailing thieves; arrest or restraint of princes, rulers or people, or seizure under legal process; strike or lock-out or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion. The Vessel shall have liberty to sail with or without pilots, to tow or to be towed, to go to the assistance of vessels in distress and to deviate for the purpose of saving life or property or of landing any ill or injured person on board. No exemption afforded to the Charterer under this clause shall diminish its obligations for hire under the other provisions of this Charter.

Third. The charterer shall provide and furnish a full and complete cargo under deck,

---

of sugar in bags of about 330 pounds each (the owner estimates but does not guarantee that the vessel will carry ____ bags of about 330 pounds each) and to pay to the owner, for the use of said vessel during the voyage aforesaid: Freight on sugar in bags, per 100 pounds, gross landed weight as determined by Public Weighers as follows: If to:

Freight shall be payable as follows: Seventy-five percent (75%) of freight payable in cash on the basis of gross bill of lading weight on arrival of vessel at discharging berth to the order of vessel, owner, operator or agent, and on final discharge of cargo any over or short payment to be adjusted on the gross landed weight as determined by Public Weighers' returns, free of discount or interest, at discharging berth. Bills for demurrage and/or despatch, discharging and wharfage to be settled at time of final settlement of freight.

If, however, cargo is discharged at a United States port for transshipment to a refinery at another United States port, eighty-five percent (85%) of the freight shall be payable in cash on the basis of gross bill of lading weight on arrival of vessel at discharging berth at the transshipment port to the order of Vessel, Owner, Operator or Agent, and on final delivery of cargo to the refinery any over or short payment shall be adjusted on the gross landed weight as determined by Public Weighers.

"If, however, cargo is discharged at a United States port for transshipment to a refinery at another United States port, eighty-five percent (85%) of the freight shall be payable in cash on the basis of gross bill of lading weight on arrival of vessel at discharging berth at the transshipment port to the order of Vessel, Owner, Operator or Agent, and on final delivery of cargo to the refinery any over or short payment shall be adjusted on the gross landed weight as determined by Public Weighers." [1]

Freight to be considered earned on completion of loading and non-returnable Vessel and/or cargo lost or not lost, and in the event of loss of Vessel freight is to be paid on gross bill of lading weight.

Fourth. Lay days at the rate of 7000 bags of about 330 pounds each or equivalent, per running day of 24 hours, weather permitting, Sundays and holidays not excepted, unless Vessel arrives after the end of the working day preceding a Sunday or holiday too late to permit shippers and Vessels' agents to make necessary arrangements for delivery of cargo alongside Vessel and stevedoring personnel for working on Sundays or holidays, shall be allowed to the said Charterer (if vessel is not soon loaded) for loading and shall be continuous; time employed in shifting ports, different anchorages or loading places within the same port or its jurisdiction to count as lay days. Lay days for loading to begin (unless loading commences sooner) at the beginning of the next working period after Captain reports Vessel ready to receive cargo, whether berthed or not. It is understood that the 7000 bags or equivalent referred to herein must be loaded into the ship by the Vessel, and any overtime (exclusive of ship's personnel overtime), incurred in order to load this quantity shall be shared equally by Vessel and cargo, but Charterer is obliged to have sufficient cargo alongside at all times to enable Vessel to load at the rate of 7000 bags or equivalent referred to herein, and should extra expenses be incurred due to failure of Charterer to have sufficient cargo alongside, all such extra expenses incurred shall be for account of Charterer.

If the Vessel arrives at loading port within cancellation period, and there is a strike of stevedores or other Vessel's servants in effect at the port, lay days for loading shall begin at first working period after settlement of strike, unless loading begins sooner.

In the event of a strike or strikes, riot or riots, or any other unavoidable hindrance which may prevent the delivery of cargo, and Charterer is unwilling to pay demurrage as provided below, Owner reserves the right to despatch the Vessel with such portion of cargo as may then be on board, or in ballast, if no cargo has been loaded. In either case Charterer not to be liable for dead freight or demurrage or both on cargo which is not loaded up to the time of commencement of such hindrance. Vessel Owner to notify Charterer prior to withdrawal of the Vessel.

Lay days for discharging to begin (unless discharging commences sooner) at the beginning of the next working period after Captain reports Vessel ready to discharge cargo, whether in berth or not, Sundays and holidays not excepted, unless Vessel arrives on the evening preceding a Sunday or holiday too late to permit receivers to make necessary arrangements for plant and stevedoring personnel for working on Sunday or holidays.

[1] This paragraph added by General Order 1, Supp. 4-A, dated June 5, 1942, 7 F.R. 4304.

The working period for Sunday or holiday work shall be considered as the same time as the working period for any other day, any custom of the port to the contrary notwithstanding, but not more than 24 hours to be allowed for this exemption.

Any time used rigging, removing hatches and preparing staging to count as lay time unless done before lay time commences. At discharging port, in the event of strike of stevedores or other ship's servants, the lay days for discharging shall begin at first working period after settlement of strike, unless discharge begins sooner.

Cargo to be received at port of discharge at the rate of not less than 10,500 bags of about 330 pounds each, or equivalent, per running day of 24 hours, weather permitting, Sundays and holidays not excepted.

Lay days are not reversible.

If Vessel is unable to load or discharge at the rates provided, lay days shall be computed on the basis of the Vessel's capacity for loading or discharging.

Stevedores at loading port to be appointed by Owner or his agent, Vessel paying rates not exceeding those in effect at loading port on March 16, 1942, including compensation insurance and other charges of any nature pertaining to loading. The rate of freight mentioned above is predicated on such stevedoring rates and any increase in same to be for account of cargo.

If cargo is discharged at a Florida or U. S. Gulf port for transshipment to a refinery at another U. S. port, Charterer will designate wharf or dock at which cargo is to be discharged and will nominate stevedores to perform the discharging operation at current rates, it being further understood that rates for stevedoring are not to exceed those in effect at New Orleans refineries on September 15, 1941. If Vessel discharges at any refinery, receivers to appoint stevedores, same to be paid for by the Owner, but it is understood and agreed that any increase in the cost of stevedoring for raw sugar at a refinery in excess of the rates current September 15, 1941, is to be for account of cargo.

It is understood that the cargo is to be received and delivered alongside the Vessel within reach of the ship's tackle, and any lighterage is to be at the risk and expense of the cargo.

Demurrage in loading and discharging, except as otherwise provided herein, shall be payable by the Charterer or his agent, day by day, on the basis of ------ cents (------¢) U. S. Currency per net registered tonnage of Vessel per day. Despatch money in loading and discharging shall be payable to the Charterer or his agent, if earned, at the rate of ------ cents (------¢) U. S. Currency per net registered tonnage of Vessel per lay day saved on cargo vessels and at the rate of ------ cents (------¢) U. S. Currency per ton of cargo carried per lay day saved on vessels definitely named at time of charter as mail vessels or vessels operating on customary scheduled sailings with general cargo.

If such Vessel operating on customary scheduled sailings elects to deliver by lighter instead of at berth designated by the Charterer or his agent, the cargo may be so discharged into lighters at the risk of the cargo but at the expense of the Vessel, and it is mutually understood and agreed that each lighter shall be discharged within five (5) days after same is loaded, and for each and every day's detention of the lighter or lighters beyond the free period, demurrage shall be paid by the cargo at the current rate of the port for each lighter so detained and shall constitute a lien on the goods, but no demurrage shall accrue to the Vessel.

On mail vessels and on vessels operating on customary scheduled sailings, no demurrage shall be charged at port of loading, but

the Owner reserves the right to sail the vessel without cargo, and the Charterer shall be liable for dead freight if cargo is not tendered in time to enable the Vessel to load and sail on schedule.

If demurrage is incurred or despatch is earned, it shall be computed on the basis of a twenty-four (24) hour day.

Demurrage at loading ports shall be endorsed upon bills of lading, but whether so endorsed or not, upon proof of its having been incurred, shall become a lien upon the cargo and shall be collectible in the same manner as the freight money.

Despatch at loading port shall be endorsed upon bills of lading, but, whether so endorsed at not, upon proof of its having been earned, shall be deducted upon settlement of freight.

In the event of any stoppage of work caused by adverse weather conditions, lay days shall be extended for a corresponding period in the determination of demurrage but not in the determination of despatch.

Shore Tally-men, if required, to be employed by the vessel at the expense of the vessel.

Fifth. Bills of lading on approved form shall be signed without prejudice to this charter, and subject to this contract as to freight, dead freight, and all other conditions, including loading, discharging, demurrage and despatch. Captain to sign bills of lading as presented for full or partial lots as soon as sugar is loaded on board, making proper notation on bills of lading of "not cargo bags." All bags are to be considered cargo bags unless otherwise specified and stowed separately.

Sixth. Public Weighers' count shall be used in determining outturn of cargo, and if there be any dispute in reference to count, an adjustment of such dispute must be arrived at immediately as the truck passes over the Public Weighers' scale, which must be located near the Government scale, and this adjustment must be made by a representative each of the Shipper, the Vessel, and the Consignee, and the decision arrived at by a majority of these three parties is to be final and binding on all parties hereto. Vessels shall be furnished with as many copies of Public Weighers' certificate as may be required, free of charge.

The Vessel is to deliver the total number of bags of sugar as shown by the bills of lading. Should the Vessel fail to deliver the number of bags specified in the bills of lading the Vessel owner or agent shall pay for such shortage to the Shipper or his agent, at the market quotation on the date of entry at the Custom House at the port of discharge, less freight. In the event of the Vessel having aboard a greater number of bags of sugar than called for by the bills of lading, such greater number of bags are to be delivered where landed to the order of the Shipper or his agent. All sugar cargo on board to be delivered.

Seventh. The Vessel shall have the liberty to tow and be towed, and to assist vessels in all situations, and to call at any port or ports for coal or other supplies or both.

Eighth Extra insurance premium, if any, above the customary minimum rates, to be paid by the Vessel, but in no case more than ——— cents (¢) per $100.00; which sum is to be deducted from the freight charges.

Ninth. The cargo or cargoes shall be delivered and received alongside the vessel, where she can load and discharge always safely afloat, and proceed and return always safely afloat, within reach of her tackles; and lighterage and also extra lighterage, if any, shall be at the risk and expense of the cargo.

Tenth. The Vessel shall be discharged at such wharf as Charterer may designate, where she shall pay not more than the established legal rate of wharfage, and where she may safely lie afloat and wholly alongside. The Vessel is to leave receiver's berth immediately upon completing delivery, weather and tide permitting. The Vessel will discharge at a second berth at the same discharging port, provided that the consignee pays for all extra expense of shifting, time for shifting to count.

Eleventh. The Vessel shall have an absolute lien on cargo, for freight, dead freight and demurrage, and any other charges due hereunder.

Twelfth. Lay days, if required by Charterer shall not commence before ———— ——. Charterer or his agent have the privilege of cancelling this charter should the Vessel not be at loading port ready for cargo by ——.

Thirteenth. Owner to appoint and pay agents at loading and discharging ports to attend to ship's business.

Fourteenth. The Vessel shall be free of all weighing expenses at port of discharge, notwithstanding any custom of the port to the contrary.

Fifteenth. Any and all differences and disputes of whatsoever nature arising out of this charter shall be put to arbitration at the final place of discharge unless the parties hereto otherwise agree pursuant to the provisions of the United States Arbitration Act (Title 9 of U.S.C., Chapter 213 of the Act of Feb. 12, 1925, 43 Stat. 833) except that the provisions of Section 8 thereof shall not apply to any arbitration hereunder. The decision of any two of the three on any point or points shall be final. Either party hereto may call for such arbitration by service upon any officer of the other, wherever he may be found, of a written notice specifying the name and address of the arbitrator chosen by the first moving party and a brief description of the disputes or differences which such party desires to put to arbitration. If the other party shall not, by notice served upon an officer of the first moving party within twenty days of the service of such first notice, appoint its arbitrator to arbitrate the dispute of differences specified, then the first moving party shall have the right without further notice to appoint a second arbitrator, who shall be a disinterested person, with precisely the same force and effect as if said second arbitrator had been appointed by the other party. In the event that the two arbitrators fail to appoint a third arbitrator within twenty days of the appointment of the second arbitrator, either arbitrator may apply to a Judge of any court of maritime jurisdiction in the city above mentioned for the appointment of a third arbitrator, and the appointment of such arbitrator by such Judge on such application shall have precisely the same force and effect as if such arbitrator had been appointed by the two arbitrators. Until such time as the arbitrators finally close the hearings either party shall have the right by written notice served on the arbitrators and on an officer of the other party to specify further disputes or differences under this Charter for hearing and determination. Awards made in pursuance to this Clause may include costs, including a reasonable allowance for attorney's fees, and judgment may be entered upon any award made hereunder in any Court having jurisdiction in the premises.

Sixteenth. Neither the carrier nor any corporation owned or employed by, subsidiary to or associated or affiliated with or furnishing wharfage to the carrier shall be liable for any loss or damage to the goods occurring at any time, and even though before loading on or after discharge from the vessel, by reason of any fire whatsoever, unless such fire shall be caused by its design or neglect.

Seventeenth. A commission of 1¼% upon the gross freight under this Charter is due and payable by the Vessel and Owner, upon payment of freight, to Charterer's Brokers.

Where appropriate but always subject to prior approval by the Administrator, a commission may be allowed. (General Order 1, Supp. 4-B, July 29, 1942; 7 F.R. 5914.)

All arrangements for weighers, samplers and other Customs formalities in connection with the cargo to be taken care of by the consignees and any delay in loading or discharging due to the failure of consignees to make such arrangements shall count as laytime.

Eighteenth. All bills of lading issued hereunder shall contain, directly or by reference, the following clauses:

(i) *Clause paramount.* This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of this bill of lading be repugnant to said Act to any extent, such term shall be void to that extent but no further.

(ii) *Both-to-blame collision clause.* If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the carrier in the navigation or in the management of the ship, the owners of the goods carried hereunder will indemnify the carrier against all loss or liability to the other or noncarrying ship or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods paid or payable by the other or noncarrying ship or her owners to the owners of said goods and set-off, recouped or recovered by the other or noncarrying ship or her owners as part of their claim against the carrying ship or carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

(iii) *General average clause.* General average shall be adjusted, stated, and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the carrier, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the carrier, must be furnished before delivery of the goods. Such cash deposit as the carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the goods, shippers, consignees, or owners of the goods to the carrier before delivery. Such deposit shall, at the option of the carrier, be payable in United States money, and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment

[1] This sentence was deleted by General Order 1, Supp. 4-B, July 29, 1942; 7 F.R. 5914.

in the name of the adjuster pending settlement of the general average and refunds or credit balances, if any, shall be paid in United States money.

(iv) *Amended "Jason" clause.* In the event of accident, danger, damage, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the carrier is not responsible by statute, contract, or otherwise, the goods, shippers, consignees, or owners of the goods shall contribute with the carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully as if the salving ship or ships belong to strangers.

(v) In any situation whatsoever and wheresoever occuring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the carrier or master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage to or loss of the ship or any part of her cargo, or to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the goods at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual place of discharge in such port, the carrier may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the goods at port of shipment and upon their failure to do so, may warehouse the goods at the risk and expense of the goods; or the carrier or master, whether or not proceeding toward or entering or attempting to enter the port of discharge or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the goods there, may discharge the goods into depot, lazaretto, craft or other place; or the ship may proceed or return, directly or indirectly, to or stop at any such port or place whatsoever as the master of the carrier may consider safe or advisable under the circumstances, and discharge the goods, or any part thereof, at any such port or place; or the carrier or the master may retain the cargo on board until the return trip or until such time as the carrier or the master thinks advisable and discharge the goods at any place whatsoever as herein provided or the carrier or the master may discharge and forward the goods by any means at the risk and expense of the goods. The carrier or the master is not required to give notice of discharge of the goods, or the forwarding thereof as herein provided. When the goods are discharged from the ship, as herein provided, they shall be at their own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the carrier shall be freed from any further responsibility. For any service rendered to the goods as herein provided the carrier shall be entitled to a reasonable extra compensation.

(vi) The carrier, master and ship shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions. Delivery or other disposition of the goods in accordance with such orders or directions shall be a fulfillment of the contract voyage. The ship may carry cantraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

In addition to all other liberties herein the carrier shall have the right to withhold delivery of, reship to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods in accordance with any direction, condition or agreement imposed upon or exacted from the carrier by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the goods shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the goods.

This charter shall also be subject to the provisions of paragraphs (ii), (iii), (iv), (v) and (vi) of this Clause Eighteen.

Nineteenth. The Master and the Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions, and if by reason of or in compliance with any such orders or directions anything is done or is not done, such shall not be deemed a deviation or breach of orders or neglect of duty by the Master or the Vessel: *Provided, however,* That whenever any such orders or directions given otherwise than by the Government of the United States or its representative are contrary to sailing directions or other orders of the Charterer as to the employment of the Vessel hereunder, the Master shall, if practicable, apply to the Charterer or its agents or to a representative of the Government of the United States for consent or advice and shall not comply with such orders or directions unless such consent or advice to comply is first obtained: *Provided further, however,* That if it is impracticable in any case to act in accordance with the foregoing proviso, the Master's decision as to compliance with any such orders or directions shall be made with due regard to the interests of all concerned, including the Charterer, the Owner, the Vessel, her crew and cargo.

Twentieth. If the United States of America is a party to this charter, no member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909.

To the true and faithful performance of all and every one of the foregoing agreements, we, the said parties do hereby bind ourselves, our heirs, executors, administrators, and assigns, each to the other in the sum of the proved damages, but not exceeding the estimated amount of freight.

This agreement is subject to the approval of the United States Maritime Commission and any conditions imposed by said commission pursuant to the Ship Warrants Act. (Public Law 173, 77th Congress.)

In witness whereof, we hereunto set our hands the day and year first above written.

[General Order No. 1, Supp. 4, approved June 1, 1942, F.R. 4304]

§ 303.2 *Uniform tanker voyage charter party "Warshipoilvoy".* (a) Voyage charters entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, or his duly appointed agents, for the carriage of Petroleum and/or its products in bulk on vessels the use of which has been requisitioned or acquired by the United States on a time charter basis, shall consist of two parts, designated respectively, Part I and Part II.

(b) The form of Part I of said voyage charter shall be as follows:

Form No. 104
Warshipoilvoy
6/1/42
Part I

Contract No. ------

TANKER VOYAGE CHARTER PARTY

PART I

Charter party made as of ----------, 194.., at ---------- between the United States of America, acting by and through the War Shipping Administration (hereinafter called the "Owner") of the good ---------- ---------- MS, SS ---------- hereinafter called the "Vessel") and ---------- (hereinafter called the "Charterer")

This Charter Party consists of this Part I and Part II on the reverse hereof. Unless in this Part I otherwise provided, all of the provisions of Part II shall be part of this Charter Party as though fully incorporated herein.

TANKER VOYAGE CHARTER PARTY

PART II

Loading Port Warranty Cargo Discharging Port Freight Rate Inspector's Certificate

1 (a) The Vessel, classed as aforesaid and to be so maintained during the currency of this Charter, shall, with all convenient dispatch, proceed as ordered to Loading Port or so near thereunto as she may safely get (always afloat), and being tight, staunch and strong, and having all pipes, pumps and heater coils in good working order, and being in every respect fitted for the voyage, so far as the foregoing conditions can be attained by the exercise of due diligence, perils of the sea and any other cause of whatsoever kind beyond the Owner's control excepted, shall load (always afloat) from the factors of the Charterer a full and complete cargo of Petroleum and/or its products in bulk, not exceeding what she can reasonably stow and carry over and above her tackle, apparel, stores and furniture (sufficient space to be left in the expansion tanks to provide for the expansion in. in salt water. Capacity of: ------ bbls. of the cargo), and being so loaded shall forthwith proceed, as ordered on signing Bills of Lading, to Discharging Port, or so near thereunto as she may safely get (always afloat), and deliver said cargo. The freight shall be at and after the rate stipulated in Part I hereof, based on intake quantity as shown on the Inspector's Certificate of Inspection, the services of the Petroleum Inspector to be arranged and paid for by the Charterer who shall furnish the Owner's Agent with a copy of the Inspector's Certificate. No deduction of freight shall be made for water and/or sediment contained in the Oil.

1 (b) *Freight payable.* Full freight shall be irrevocably earned on cargo as loaded, vessel and/or cargo lost or not lost; payment to be made in United States Dollars to Owner's Agent at the Agent's place of business upon receipt by the Agent of figures indicating quantity or cargo loaded as provided in 1 (a) above. On completion of loading, Owner will order vessel to sail to discharging port, Charterer nevertheless remaining liable to the Owner for all freight and charges, vessel and/or cargo lost or not lost.

1 (c). *Advances.* Cash shall be advanced by Charterer to the Master or Owner's Agents, if required, for ordinary disbursements at ports of loading and/or discharge at current rates of exchange.

2. *Time for naming loading port.* The Charterer shall name the loading port twenty-four (24) hours prior to the Vessel's readiness to sail from the last previous port of discharge, or from her bunkering port for the voyage, or upon signing this Charter if the Vessel has already sailed. Any extra expenses incurred by reason of the Charterer's delay in furnishing loading port orders shall be paid for by the Charterer, and any time thereby lost to the Vessel shall count as used lay time.

3. *Readiness and cancelling date.* Lay time shall not commence before the readiness date stipulated in Part I hereof, except with the Charterer's sanction, and should the Vessel not be ready to load by 4:00 o'clock P. M. (local time) on the cancelling date stipulated in Part I hereof, the Charterer shall have the option of cancelling this Charter by giving Owner notice of such cancellation within twenty-four (24) hours after such cancellation date; otherwise this Charter to remain in full force and effect.

4. *Notice of readiness.* The Master or his representative shall give the Charterer or his agent at the ports of loading and discharge notice in writing during ordinary business hours that the Vessel is ready to load or discharge cargo, berth or no berth, and lay time shall commence upon the expiration of six (6) hours after receipt of such notice, or upon the Vessel's arrival in berth (i. e., finished mooring when at a sealoading or discharging terminal and all fast when loading or discharging alongside a wharf), whichever first occurs: *Provided, however,* That where, because of routing instructions or other orders of the Owner over which the Charterer has no control, delay is caused to the Vessel for more than six (6) hours after notice of readiness is given, in waiting turn to load or discharge, lay time shall not commence until Vessel is berthed.

5. *Hours for loading and discharging.* Such number of running hours as are stipulated in Part I hereof shall be allowed the Charterer as lay time for loading and discharging cargo; but if the Vessel's condition or facilities do not admit of loading and discharging in the time allowed, then the additional time necessary therefor shall be included in lay time. If regulations of the Owner or port authorities prohibit loading or discharging of the cargo at night, time so lost shall not count as used lay time; if the Charterer, Shipper or Consignee prohibits loading or discharging at night, time so lost shall count as used lay time.

6 (a) *Safe berth.* The Vessel shall load and discharge at any safe place or wharf, or alongside vessels or lighters reachable on her arrival, which shall be designated and secured by the Charterer, any lighterage being at the expense, risk and peril of the Charterer, provided that the Vessel can proceed thereto, lie at, and depart therefrom always safely afloat. The Charterer shall have the right of shifting the Vessel at ports of loading and/or discharge from one safe berth to another on payment of all expenses incurred, except as stated in Clause 14 hereof. Time consumed on account of shifting shall count as used lay time, except as stated in Clause 14.

6 (b) *Flashpoint.* No petroleum or its products having a flashpoint under 150° Fahrenheit (Closed Cup Abel Test) shall be loaded from lighters but this clause shall not restrict the Charterer from loading or topping off crude oil from vessels or barges inside or outside the bar at any port or place where bar conditions exist.

7. *Pumping in and out.* The cargo shall be pumped into the Vessel at the expense, risk and peril of the Charterer, and shall be pumped out of the Vessel at the expense of the Vessel, but at the risk and peril of the Vessel only so far as the Vessel's permanent hose connections, where delivery of the cargo shall be taken by the Charterer or its Consignee. The Vessel shall supply her pumps and the necessary steam for discharging in all ports where the regulations permit of fire on board, as well as necessary hands. Should regulations not permit fires on board, the Charterer or Consignee shall supply, at its expense, all steam necessary for discharging as well as loading, but the Owners shall pay for steam supplied to the Vessel for all other purposes. If cargo is loaded from lighters, the Vessel, if permitted to have fires on board, shall, if required, furnish steam to lighters at Charterer's expense for pumping cargo into the Vessel.

8. *Hoses.* Hoses for loading and discharging to be furnished by Charterer at its risk and expense.

9. *Deadfreight.* Should the Charterer fail to supply a full cargo, the Vessel may, at the Master's option, and shall, upon request of the Charterer, proceed on her voyage, provided that the tanks in which cargo is loaded are sufficiently filled to put her in seaworthy condition. In that event, however, dead freight shall be paid on the difference between the quantity loaded and the quantity the Vessel would have carried if loaded to her minimum permissible freeboard for the voyage.

10. *Demurrage.* Charterer shall pay demurrage per running hour and pro rata for a part thereof at the rate stipulated in Part I for all time that loading and discharging and used lay time as elsewhere herein provided exceeds the allowed lay time herein specified. If, however, demurrage shall be incurred at ports of loading and/or discharge because of fire or explosion in or about the plant, or because of breakdown of machinery of the Charterer, shipper, or consignee of the cargo, the rate of demurrage shall be reduced to one-half the rate stipulated in Part I hereof per running hour and pro rata of such reduced rate for part of an hour for demurrage so incurred.

11. *Dues, wharfage.* Dues and other charges on the cargo shall be paid by the Charterer, and dues and other charges on the Vessel shall be paid by the Owner. The Vessel, however, shall always be free of wharfage, dockage, and quay dues.

12. *Previous cargo.* The last two successive cargoes carried, or to be carried, by the Vessel immediately preceding her entering upon this Charter consisted, or will consist, of cargoes as stipulated in Part I hereof.

13. *Products excluded.* No product shall be shipped which fails to meet one or the other of the two following requirements: (1) The vapor pressure at one hundred degrees Fahrenheit (100° F.) shall not exceed thirteen pounds (13 lbs.) as determined by the A.S.T.M. Method (Reid Method) identified as D-323 current at the time shipment is made. (2) The distillation loss shall not exceed four per cent (4%) and the sum of the distillation loss and the distillate collected in the receiving graduate shall not exceed ten per cent (10%) when the thermometer reads one hundred twenty-two degrees Fahrenheit (122° F.). Note—The distillation test shall be made by A.S.T.M. Method identified as D-86 current at the time shipment is made. When products other than Naphtha or Gasoline are tested, the distillation loss may be determined by distilling not less than twenty-five per cent (25%) and deducting from one hundred per cent (100%) the sum of the volumes of the distillate and the residue in the flask (cooled to a temperature of sixty degrees Fahrenheit (60° F.)).

14. *Two ports counting as one.* The following two ports, viz., Paulsboro (New Jersey), and Marcus Hook (Pennsylvania), Paulsboro (New Jersey), and Wilmington (Delaware), Beaumont and Sabine (Texas), Baytown and Texas City (Texas), Ingleside and Harbor Island (Texas), and Baton Rouge, (Louisiana) and a safe port on the Mississippi River below Baton Rouge, respectively, shall count as one port, and all expenses incurred in shifting from Paulsboro to Marcus Hook, Paulsboro (New Jersey) to Wilmington (Delaware), or vice versa, or from Beaumont to Sabine, or from Baytown to Texas City, or from Ingleside to Harbor Island, or from Baton Rouge to a safe port on the Mississippi River below Baton Rouge or vice versa, shall be for account of the Owner,

except that any extra port charges incurred by reason of calling at the second port in each group shall be for account of the Charterer. Time consumed in shifting shall not count as used lay time.

15. *Ice.* In case port of loading or discharge should be inaccessible owing to ice, the Vessel shall direct her course according to Master's judgment, notifying by telegraph or radio, if available, the Charterer, Shipper or Consignee, who is bound to telegraph or radio orders for another port (at its option), which is free from ice, and where there are facilities for the loading or reception of Petroleum in bulk. The whole of the time occupied from the time the Vessel is diverted by reason of the ice until her arrival at an ice-free port of loading or discharge as the case may be shall be paid for by the Charterer at the rate stipulated in Part I hereof.

16. If on Vessel's arrival off the port of loading or discharge there is danger of the Vessel being frozen in, the Master shall communicate by telegraph or radio, if available, with the Charterer, Shipper or Consignee of the cargo, who shall telegraph or radio him in reply, giving orders to proceed to another port as per Clause 15, where there is no danger of ice and where there are the necessary facilities for the loading or reception of Petroleum in bulk, or to remain at the original port at their risk, and in either case Charterer to pay for the time that the Vessel may be delayed, at the rate stipulated in Part I hereof.

17. *Quarantine.* Should the Charterer send the Vessel to any port or place where a quarantine exists, any delay thereby caused to the Vessel shall count as used lay time; but should the quarantine not be declared until the Vessel is on passage to such port, the Charterer shall not be liable for any resulting delay.

18. If the Vessel, prior to or after entering upon this Charter, has docked or docks at any wharf which is not rat-free or stegomyia-free, she shall, before proceeding to a rat-free or stegomyia-free wharf, be fumigated by the Owner at his expense, except that if the Charterer ordered the Vessel to the infected wharf he shall bear the expenses of fumigation.

19. *Cleaning.* If requested by the Charterer, the Vessel will steam the tanks, pipes and pumps of the Vessel or Butterworth en route to loading port and there pump water ballast and/or slops into shore tank or barge to be supplied by Charterer immediately on arrival. Any delay in furnishing these facilities shall count as used lay time. Any further cleaning, if required, shall be done by and at the expense of Charterer and time consumed shall count as used lay time. If Charterer does not require additional cleaning at port of loading Owner shall not be responsible for any damage caused to or contamination of cargo, by reason of failure to have the tanks properly cleaned for receiving the shipment. Except as may otherwise be indicated in Part I, the Vessel shall not be responsible for leakage, shrinkage, difference between reported intake and reported outturn, deterioration, discoloration, or change in quality of the cargo, nor for any consequences arising out of shipping more than one grade of cargo.

20 (a). *Act of God, etc.* The vessel, her Master and Owner shall not, unless otherwise in this Charter expressly provided, be responsible for any loss or damage, or delay or failure in performing hereunder, arising or resulting from:—any act, neglect, default or barratry of the Master, pilots, mariners or other servants of the Owner in the navigation or management of the Vessel; fire, unless caused by the personal design or neglect of the Owner; collision, stranding, or peril, danger or accident of the sea or other navigable waters; saving or attempting to save life or property; wastage in weight or bulk, or any other loss or damage arising from inherent defect, quality or vice of the cargo; any act or omission of the Charterer or Owner, Shipper or Consignee of the cargo, their agents or representatives; insufficiency of packing; insufficiency or inadequacy of marks; explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, equipment or machinery; unseaworthiness of the Vessel unless caused by want of due diligence on the part of the Owner to make the Vessel seaworthy or to have her properly manned, equipped and supplied; or from any other cause of whatsoever kind arising without the actual fault or privity of the Owner. And neither the Vessel, her Master or Owner, nor the Charterer, shall, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder, arising or resulting from:—Act of God; act of war; act of public enemies, pirates or assailing thieves; arrest or restraint of princes, rulers or people, or seizure under legal process provided bond is promptly furnished to release the Vessel or cargo; strike or lockout or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion.

20 (b). *Water ballast.* Charges for handling, storing or disposing of water ballast at loading port to be for account of Charterer.

20 (c). *Taxes.* Any Habilitation tax, customs overtime, and taxes on freight at loading or discharging ports, also any unusual taxes, assessments and governmental charges that are not presently in effect but in the future may be imposed on the vessel or freight are to be borne by Charterer.

21. *Jason clause.* In the event of accident, danger, damage, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the Owner is not responsible by statute, contract, or otherwise, the cargo, shippers, consignees, or owners of the cargo shall contribute with the Owner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the cargo. If a salving ship is owned or operated by the Owner, salvage shall be paid for as fully as if the salving ship or ships belong to strangers.

22. *General average.* General average shall be adjusted, stated and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the Owner, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port of place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the Owner, must be furnished before delivery of the cargo. Such cash deposit as the Owner or his agents may deem sufficient as additional security for the contribution of the cargo and for any salvage and special charges thereon, shall, if required, be made by the cargo, shippers, consignees or owners of the cargo to the Owner before delivery. Such deposit shall, at the option of the Owner, be payable in United States money, and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the general average and refunds or credit balances, if any, shall be paid in United States money

23. *Deviation.* The Vessel shall have liberty to call at any ports in any order, to sail with or without pilots, to tow or be towed, to go to the assistance of vessels in distress, to deviate for the purpose of saving life or property or of landing any ill or injured person on board, and to call for fuel at any port or ports in or out of the regular course of the voyage. Any salvage shall be for the sole benefit of the Owner.

24. *Bills of lading.* Bills of Lading, in the form appearing below, for cargo shipped shall be signed by the Master as requested. Any Bill of Lading signed by the Master or Agent of the Owner shall be without prejudice to the terms, conditions and exceptions of this Charter. The Charterer hereby agrees to indemnify and hold harmless the Owner, the Master, and the Vessel from all Consequences or liabilities that may arise from the Charterer or its agents, or the Master, signing bills of lading or other documents inconsistent with this Charter, or from any irregularity in papers supplied by the Charterer or its agents, or from complying with its or its agents' orders.

25. *Clause paramount.* All Bills of Lading issued hereunder shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be incorporated therein, and nothing therein or herein contained shall be deemed a surrender by the Owner of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of any Bill of Lading issued hereunder be repugnant to said Act to any extent, such term shall be void to that extent but no further.

26. *Both to blame.* If the Vessel comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the Owner in the navigation or in the management of the Vessel, the owners of the cargo carried hereunder will indemnify the Owner against all loss or liability to the other or non-carrying ship or her Owners insofar as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other or non-carrying ship or her Owners to the owners of said cargo and set off, recouped or recovered by the other or non-carrying ship or her Owners as part of their claim against the carrying ship or Owner. The foregoing provisions shall also apply where the Owners, operators or those in charge of any ship or ships or object other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

27. *Lien.* The Owner shall have an absolute lien on the cargo for all freight, dead freight, demurrage and costs, including attorney's fees, of recovering the same, which lien shall continue after delivery of the cargo into the possession of the Charterer, or of the holders of any Bills of Lading covering the same, or of any storageman.

28. *Agents.* The Owner shall appoint Vessel's agents at all ports.

29 (a). *War clause.* In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgement of the Owner or Master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage to or loss of the Vessel or any part of her cargo, or to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the cargo at the port of discharge, or

to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual place of discharge in such port, the Owner may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the cargo at port of shipment and upon their failure to do so, may warehouse the cargo at the risk and expense of the cargo; or the Owner or Master, whether or not proceeding toward or entering or attempting to enter the port of discharge or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the cargo there, may discharge the cargo into depot, lazaretto, craft or other place; or the Vessel may proceed or return, directly or indirectly, to or stop at any such port or place whatsoever as the Master or the Owner may consider safe or advisable under the circumstances, and discharge the cargo, or any part thereof, at any such port of place; or the Owner or the Master may retain the cargo on board until the return trip or until such time as the Owner or the Master thinks advisable and discharge the cargo at any place whatsoever as herein provided or the Owner or the Master may discharge and forward the cargo by any means at the risk and expense of the cargo. The Owner or the Master is not required to give notice of discharge of the cargo, or the forwarding thereof as herein provided. When the cargo is discharged from the Vessel, as herein provided, it shall be at its own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the Owner shall be freed from any further responsibility for any service rendered to the cargo as herein provided the Owner shall be entitled to a reasonable extra compensation.

29 (b). The Owner, Master and Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the Vessel, the right to give such orders or directions. Delivery or other disposition of the cargo in accordance with such orders or directions shall be a fulfillment of the contract voyage. The Vessel may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

29 (c). In addition to all other liberties herein the Owner shall have the right to withhold delivery of, reship to, deposit or discharge the cargo at any place whatsoever, surrender or dispose of the cargo in accordance with any direction, condition or agreement imposed upon or exacted from the Owner by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the cargo shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the cargo.

30. *Priority.* All agreements of the Owner contained in this Charter Party shall be subject to any orders or instructions of priority or requisition issued by the United States Government or the Government of the flag of the Vessel or any agencies thereof, or the requirement of naval or military authorities or other Agencies of Government.

31. *Limitation of liability.* Any provision of this Charter to the contrary notwithstanding, the Owner shall have the benefit of all limitations of, and exemptions from, liability accorded to the Owner or Chartered Owner of vessels by any statute or rule of law for the time being in force.

32. *Approval.* The voyage under this Charter is subject to the approval of the War Shipping Administration and any conditions imposed by said Administration pursuant to the Ship Warrants Act (Public Law 173, 77th Congress).

33. *Assignment.* Subject to the approval of War Shipping Administration, the Charterer shall have the option of subletting or assigning this Charter to any individual or company, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

34. *Breach.* Damages for breach of this Charter shall include all provable damages, and all costs of suit and attorney fees incurred in any action hereunder.

35. *Members of Congress.* No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909.

36. *Definition of "owner".* Wherever the word "Owner" appears herein same shall be deemed to include a Time Charterer, Demise Charterer, or a Requisition Charterer or user.

37. This Charter Party consists of this Part II and of Part I on the reverse hereof. Unless in this Part II otherwise provided, all of the provisions of said Part I shall be part of this Charter Party as though fully incorporated herein. In the event of conflict between the provisions of this Part II and those of Part I, the provisions of Part I shall govern to the extent of such conflict.

BILL OF LADING

Shipped in apparent good order and condition by _____ on board the _____ Motorship _____ whereof _____ is Master, at the port of _____ _____ to be delivered at the port of _____ or so near thereto as the Vessel can safely get, always afloat, unto _____ Or order on Payment of freight at the rate of _____ This shipment is carried under and pursuant to the terms of the Charter dated _____ at _____ _____ between _____ _____ and _____ _____, as Charterer, and all the terms whatsoever of the said Charter except the rate and payment of freight specified therein apply to and govern the rights of the parties concerned in this shipment.

In Witness Whereof, the Master has signed _____ Bills of Lading of this tenor and date, one of which being accomplished, the others will be void.

Dated at _____
this _____ day of _____

_____
Master

[General Order No. 2, Supp. 1, Approved June 5, 1942, 7 F.R. 4386]

§ 303.3 *Uniform tanker voyage charter party, "Molasses".* (a) Voyage Charters entered into by the United States of America, acting by and through the Administrator, War Shipping Administration, or his duly appointed agents, for the carriage of molasses in bulk on vessels, the use of which has been requisitioned or acquired by the United States, on a time charter basis, shall consist of two parts, designated respectively Part I and Part II.

(b) The form of Part I of said voyage charter shall be as follows:

Form. No. 106
Warshipmolvoy
6/10/42
Part I

Contract No. ____

TANKER VOYAGE CHARTER PARTY (MOLASSES)

PART I

Charter party made as of _____ _____, 194____, at _____ _____ between the United States of America, acting by and through the War Shipping Administration (hereinafter called the "Owner") of the good _____ _____MS _____SS _____ (hereinafter called the "Vessel") and _____ (hereinafter called the "Charterer")

This Charter Party consists of this Part I and Part II on the reverse hereof. Unless in this Part I otherwise provided, all of the provisions of Part II shall be part of this Charter Party as though fully incorporated herein. Net Registered Tonnage of Vessel: _____ Classed: _____
Loaded Draft of Vessel Applicable for this Voyage, _____ ft. _____ in. in salt water.
Capacity of: _____ gallons of Molasses (10% more or less, vessel's option.)
Now: _____ Coiled: _____
Loading Port: _____
Cargo: _____
Discharging Port: _____
Freight Rate: _____ Payable at _____
Readiness Date: _____ Cancelling Date: _____
Hours for Loading and Discharging: ____ Demurrage per hour: ____ Last 2 cargoes: _____
_____
Special Provisions: _____
_____
_____

In witness whereof the parties hereto have executed this agreement, in triplicate, as of the day and year first above written.
Witness the signature of:

UNITED STATES OF AMERICA
By: WAR SHIPPING ADMINISTRATION
By: _____, Agents
By: _____
Witness the signature of: _____

(c) The uniform terms and conditions designated Part II, and which in the printed form hereof will appear on the reverse side of Part I, applicable to the carriage of Molasses in bulk on all tank vessels time chartered by the War Shipping Administration, shall be as follows:

Form No. 106
Warshipmolvoy
6/10/42
Part II

TANKER VOYAGE CHARTER PARTY (MOLASSES)

PART II

Loading port warranty cargo discharging port freight rate inspector's certificate

1 (a). The vessel, classed as aforesaid and to be so maintained during the currency of this charter, shall, with all convenient dispatch, proceed as ordered to Loading port or so near thereunto as she may safely get (always afloat), and being tight, staunch and strong, and having all pipes, pumps and heater coils in good order, and being in every respect fitted for the voyage, so far as the foregoing conditions can be attained by the exercise of due diligence, perils of the sea and any other cause of whatsoever kind beyond the Owner's control excepted, shall load (always afloat) from the factors of the Charterer a full and complete cargo of molasses in bulk, not exceeding what she can

reasonably stow and carry over and above her tackle, apparel, stores and furniture (sufficient space to be left in the expansion tanks to provide for the expansion of the cargo), and being so loaded shall forthwith proceed, as ordered on signing bills of lading to Discharging port, or so near thereunto as she may safely get (always afloat), and deliver said cargo. The freight shall be at and after the rate stipulated in Part I hereof per American measured gallon of molasses, based on bill of lading quantity, adjustable on outturn gauge as shown in the independent inspectors certificate of gauge if cargo is free of duty, or customs certificate of gauge if cargo is dutiable, a copy of certificate in either case to be furnished to owners' agent by charterer.

1 (b). *Freight payable.*—Full freight shall be irrevocably earned on cargo as loaded, vessel and/or cargo lost or not lost; payment to be made in United States dollars to owner's agent at the agent's place of business as follows:

Ninety percent on receipt of figures indicating Bill of Lading quantity shipped, notice of which shall be given promptly by Charterer to Owner's Agent; remainder on receipt of outturn gauge certificate; Bill of Lading quantity conclusive, if vessel and/or cargo lost.

The Owners will, upon completion of loading, order the vessel to sail to the discharging port, the Charterer in any case remaining liable to the Owner for all freight and charges, vessel and/or cargo lost or not lost.

1 (c). *Advances.*—Cash shall be advanced by Charterer to the Master or Owner's Agents, if required, for ordinary disbursements at ports of loading and/or discharge at current rates of exchange.

2. *Time for naming loading port.*—The Charterer shall name the loading port twenty-four (24) hours prior to the Vessel's readiness to sail from the last previous port of discharge, or from her bunkering port for the voyage, or upon signing this Charter if the Vessel has already sailed. Any extra expenses incurred by reason of the Charterer's delay in furnishing loading port orders shall be paid for by the Charterer, and any time thereby lost to the Vessel shall count as used lay time.

2 (a). *Rotation of ports.*—Except as provided in Clause 14, if vessel loads at more than one port the ports shall be in geographical rotation either toward last loading port or toward the port of discharge.

3. *Readiness and cancelling date.*—Lay time shall not commence before the readiness date stipulated in Part I hereof, except with the Charterer's sanction, and should the Vessel not be ready to load by 4:00 o'clock P. M. (local time) on the cancelling date stipulated in Part I hereof, the Charterer shall have the option of cancelling this Charter by giving Owner notice of such cancellation within twenty-four (24) hours after such cancellation date; otherwise this Charter to remain in full force and effect.

4. *Notice of readiness.* The Master or his representative shall give the Charterer or his agent at the ports of loading and discharge notice in writing during ordinary business hours that the Vessel is ready to load or discharge cargo, berth or no berth, and lay time shall commence upon the expiration of six (6) hours after receipt of such notice, or upon the Vessel's arrival in berth (i. e., finished mooring when at a sealoading or discharging terminal, and all fast when loading or discharging alongside a wharf), whichever first occurs: *Provided, however,* That where, because of routing instructions or other orders of the Owner over which the Charterer has no control, delay is caused to the Vessel for more than six (6) hours after notice of readiness is given, in waiting turn to load or discharge, lay time shall not commence until Vessel is berthed.

5. *Hours for loading and discharging.* Such number of running hours as are stipulated in Part I hereof shall be allowed the Charterer as lay time for loading and discharging cargo; but if the Vessel's condition or facilities do not admit of loading and discharging in the time allowed, then the additional time necessary therefor shall be included in lay time. If regulations of the Owner or port authorities prohibit loading or discharging of the cargo at night, time so lost shall not count as used lay time; if the Charterer, Shipper or Consignee prohibits loading or discharging at night, time so lost shall count as used lay time.

5 (a). If vessel loads at more than one port lay time shall commence at each additional port when Vessel passes over bar going in and count until Vessel passes over bar coming out. However, if the tide is suitable upon completion of loading and Vessel delays her sailing, time lost thereby shall not count as lay time. If, on completion of loading, tide is not favorable and Vessel does not sail at next favorable tide, time lost thereafter until time of sailing shall not count as lay time.

6 (a). *Safe berth.* The Vessel shall load and discharge at any safe place or wharf, or alongside vessels or lighters reachable on her arrival, which shall be designated and secured by the Charterer, any lighterage being at the expense, risk and peril of the Charterer, provided that the Vessel can proceed thereto, lie at, and depart therefrom always safely afloat. The Charterer shall have the right of shifting the Vessel at ports of loading and/or discharge from one safe berth to another on payment of all expenses incurred, except as stated in Clause 14 hereof. Time consumed on account of shifting shall count as used lay time, except as stated in Clause 14.

7. *Pumping in and out.* The cargo shall be pumped into the Vessel at the expense, risk and peril of the Charterer, and shall be pumped out of the Vessel at the expense of the Vessel, but at the risk and peril of the Vessel only so far as the Vessel's permanent hose connections, where delivery of the cargo shall be taken by the charterer or its consignee. The Vessel shall supply her pumps and the necessary steam for discharging in all ports where the regulations permit of fire on board, as well as necessary hands. Should regulations not permit fires on board, the charterer or consignee shall supply, at its expense, all steam necessary for discharging as well as loading, but the owner shall pay for steam supplied to the vessel for all other purposes. If cargo is loaded from lighters, the Vessel, if permitted to have fires on board, shall, if required, furnish steam to lighters at Charterer's expense for pumping cargo into the Vessel.

8. *Hoses.* Hoses for loading and discharging to be furnished by Charterer at its risk and expense.

9. *Dead freight.* Should the Charterer fail to supply a full cargo, the Vessel may, at the Master's option, and shall, upon request of the Charterer, proceed on her voyage, provided that the tanks in which cargo is loaded are sufficiently filled to put her in seaworthy condition. In that event, however, dead freight shall be paid on the difference between between the quantity loaded and the quantity the Vessel would have carried if loaded to her minimum permissible freeboard for the voyage.

10. *Demurrage.* Charterer shall pay demurrage per running hour and pro rata for a part thereof at the rate stipulated in Part I for all time that loading and discharging and used lay time as elsewhere herein provided exceeds the allowed lay time herein specified. If, however, demurrage shall be incurred at ports of loading and/or discharge because of fire or explosion in or about the plant, or because of breakdown of machinery of the Charterer, shipper, or consignee of the cargo, the rate of demurrage shall be reduced to one-half the rate stipulated in Part I hereof per running hour and pro rata of such reduced rate for part of an hour for demurrage so incurred.

11. *Dues, wharfage.* Dues and other charges on the cargo shall be paid by the Charterer, and dues and other charges on the Vessel shall be paid by the Owner. The vessel, however, shall always be free of wharfage, dockage, and quay dues.

12. *Previous cargo.* The last two successive cargoes carried, or to be carried, by the vessel immediately preceding her entering upon this Charter consisted, or will consist, of cargoes as stipulated in Part I hereof.

13. *Heating cargo.* 48 hours before arrival at discharging berth, if required by Charterer, Vessel shall apply heat gradually to cargo so that on arrival at discharging berth cargo is heated to between 85° and 90° Fahrenheit at coils. If required by Charterer, after Vessel has arrived at discharging berth, Vessel shall increase temperature and maintain it to 100° Fahrenheit or over during discharge. Steam shall be supplied at Owner's expense.

14. *Two ports counting as one.* The following: Paulsboro and Philadelphia; Camden and Philadelphia; Antilla and Preston; Deseo and Guantanamo; and any two of the following: Bufadero, Nuevitas, Pastelillo and Puerto Tarafa; Guayabal, Manopla and Santa Cruz del Sur, shall be regarded as in one port, and all expenses incurred in shifting shall be for account of the Owner, except that any extra port charges by reason of calling at the second port in each group shall be for account of the Charterer. The order of ports in any of the foregoing groups shall be at the Charterer's option. Time consumed in shifting shall not count as used lay time.

15. *Ice.* In case port of loading or discharge should be inaccessible owing to ice, the vessel shall direct her course according to Master's judgment, notifying by telegraph or radio, if available, the Charterer, Shipper or Consignee, who is bound to telegraph or radio orders for another port (at its option), which is free from ice, and where there are facilities for the loading or reception of molasses in bulk. The whole of the time occupied from the time the Vessel is diverted by reason of the ice until her arrival at an ice-free port of loading or discharge as the case may be shall be paid for by the Charterer at the rate stipulated in Part I hereof.

16. If on Vessel's arrival off the port of loading or discharge there is danger of the Vessel being frozen in, the Master shall communicate by telegraph or radio, if available, with the Charterer, Shipper or Consignee of the cargo, who shall telegraph or radio him in reply, giving orders to proceed to another port as per Clause 15, where there is no danger of ice and where there are the necessary facilities for the loading or reception of molasses in bulk, or to remain at the original port at their risk, and in either case Charterer to pay for the time that the Vessel may be delayed, at the rate stipulated in Part I hereof.

17. *Quarantine.* Should the Charterer send the Vessel to any port or place where a quarantine exists, any delay thereby caused to the Vessel shall count as used lay time, but should the quarantine not be declared until the Vessel is on passage to such port, the Charterer shall not be liable for any resulting delay.

18. If the Vessel, prior to or after entering upon this Charter, has docked or docks at any wharf which is not rat-free or stegomyia-free, she shall, before proceeding to a[nother]

free or stegomyia-free wharf, be fumigated by the Owner at his expense, except that if the Charterer ordered the Vessel to the infected wharf he shall bear the expenses of fumigation.

19. *Cleaning.* If requested by the Charterer, the Vessel will steam the tanks, pipes and pumps of the Vessel or Butterworth en route to loading port and there pump water ballast and/or slops into shore tank or barge to be supplied by Charterer immediately on arrival. Any delay in furnishing these facilities shall count as used lay time. Any further cleaning, if required, shall be done by and at the expense of Charterer and time consumed shall count as used lay time. If Charterer does not require additional cleaning at port of loading Owner shall not be responsible for any damage caused to or contamination of cargo, by reason of failure to have the tanks properly cleaned for receiving the shipment. Except as may otherwise be indicated in Part I, the Vessel shall not be responsible for leakage, shrinkage, difference between reported intake and reported outturn, deterioration, discoloration, or change in quality of the cargo, nor for any consequences arising out of shipping more than one grade of cargo.

20 (a). *Act of God, etc.* The Vessel, her Master and Owner shall not, unless otherwise in this Charter expressly provided, be responsible for any loss or damage, or delay or failure in performing hereunder, arising or resulting from:—any act, neglect, default or barratry of the master, pilots, mariners or other servants of the Owner in the navigation or management of the Vessel; fire, unless caused by the personal design or neglect of the Owner; collision, stranding, or peril, danger or accident of the sea or other navigable waters; saving or attempting to save life or property; wastage in weight or bulk, or any other loss or damage arising from inherent defect, quality or vice of the cargo; any act or omission of the Charterer or Owner, Shipper or Consignee of the cargo, their agents or representatives; insufficiency of packing; insufficient or inadequacy of marks; explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, equipment or machinery; unseaworthiness of the Vessel unless caused by want of due diligence on the part of the Owner to make the Vessel seaworthy or to have her properly manned, equipped and supplied; or from any other cause of whatsoever kind arising without the actual fault or privity of the Owner. And neither the Vessel, her Master or Owner, nor the Charterer, shall, unless otherwise in this Charter expressly provided, be responsible for any loss or damage or delay or failure in performing hereunder, arising or resulting from:—Act of God; act of war; act of public enemies, pirates or assailing thieves; arrest or restraint of princes, rulers or people, or seizure under legal process provided bond is promptly furnished to release the Vessel or cargo; strike or lockout or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion.

20 (b). *Water ballast.* Charges for handling, storing or disposing of water ballast at loading port to be for account of Charterer.

20 (c). *Taxes.* Any habilitacion tax, customs overtime, and taxes on freight at loading or discharging ports, also any unusual taxes, assessment and governmental charges that are not presently in effect but in the future may be imposed on the vessel or freight are to be borne by Charterer.

21. *Jason clause.* In the event of accident, danger, damage, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the Owner is not responsible by statute, contract, or otherwise, the cargo, shippers, consignees, or owners of the cargo shall contribute with the Owner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the cargo. If a salving ship is owned or operated by the Owner, salvage shall be paid for as fully as if the salving ship or ships belong to strangers.

22. *General average.* General average shall be adjusted, stated and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the Owner, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment, disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the Owner, must be furnished before delivery of the cargo. Such cash deposit as the Owner or his agents may deem sufficient as additional security for the contribution of the cargo and for any salvage and special charges thereon, shall, if required, be made by the cargo, shippers, consignees or owners of the cargo to the Owner before delivery. Such deposit shall, at the option of the Owner, be payable in United States money, and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the general average and refunds or credit balances, if any, shall be paid in United States money.

23. *Deviation.* The Vessel shall have liberty to call at any ports in any order, to sail with or without pilots, to tow or to be towed, to go to the assistance of vessels in distress, to deviate for the purpose of saving life or property or of landing any ill or injured person on board, and to call for fuel at any port or ports in or out of the regular course of the voyage. Any salvage shall be for the sole benefit of the Owner.

24. *Bills of lading.* Bills of Lading, in the form appearing below, for cargo shipped shall be signed by the Master as requested. Any Bill of Lading signed by the Master or Agent of the Owner shall be without prejudice to the terms, conditions and exceptions of this Charter. The Charterer hereby agrees to indemnify and hold harmless the Owner, the Master, and the Vessel from all consequences or liabilities that may arise from the Charterer or its agents, or the Master, signing bills of lading or other documents inconsistent with this Charter, or from any irregularity in papers supplied by the Charterer or its agents, or from complying with its or its agents' orders.

25. *Clause paramount.* All Bills of Lading issued hereunder shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be incorporated therein, and nothing therein or herein contained shall be deemed a surrender by the Owner of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of any Bill of Lading issued hereunder be repugnant to said Act to any extent, such term shall be void to that extent but no further.

26. *Both to blame.* If the Vessel comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the Owner in the navigation or in the management of the Vessel, the owners of the cargo carried hereunder will indemnify the Owner against all loss or liability to the other or non-carrying ship or her Owners insofar as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other or non-carrying ship or her Owners to the owners of said cargo and set off, recouped or recovered by the other or non-carrying ship or her Owners as part of their claim against the carrying ship or Owner. The foregoing provisions shall also apply where the Owners, operators or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

27. *Lien.* The Owner shall have an absolute lien on the cargo for all freight, dead freight, demurrage and costs, including attorney's fees, of recovering the same, which lien shall continue after delivery of the cargo into the possession of the Charterer, or of the holders of any Bills of Lading covering the same, or of any storageman.

28. *Agents.* The Owner shall appoint Vessel's agents at all ports.

29 (a). *War clause.* In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the Owner or Master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage to or loss of the Vessel or any part of her cargo, or to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the cargo at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual place of discharge in such port, the Owner may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the cargo at port of shipment and upon their failure to do so, may warehouse the cargo at the risk and expense of the cargo; or the Owner or Master, whether or not proceeding toward or entering or attempting to enter the port of discharge or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the cargo there, may discharge the cargo into depot, lazaretto, craft or other place; or the Vessel may proceed or return, directly or indirectly, to or stop at any such port or place whatsoever as the Master or the Owner may consider safe or advisable under the circumstances, and discharge the cargo, or any part thereof, at any such port or place; or the Owner or the Master may retain the cargo on board until the return trip or until such time as the Owner or the Master thinks advisable and discharge the cargo at any place whatsoever as herein provided or the Owner or the Master may discharge and forward the cargo by any means at the risk and expense of the cargo. The Owner or the Master is not required to give notice of discharge of the cargo, or the forwarding thereof as herein provided. When the cargo is discharged from the Vessel, as herein provided, it shall be at its own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the Owner shall be freed from any further responsibility. For any service rendered to the cargo as herein provided, the Owner shall be entitled to a reasonable extra compensation.

29 (b). The Owner, Master and Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, foutes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or

department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war-risk insurance on the Vessel, the right to give such orders or directions. Delivery or other disposition of the cargo in accordance with such orders or directions shall be a fulfillment of the contract voyage. The Vessel may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

29 (c). In addition to all other liberties herein the Owner shall have the right to withhold delivery of, reship to, deposit or discharge the cargo at any place whatsoever, surrender or dispose of the cargo in accordance with any direction, condition or agreement imposed upon or exacted from the Owner by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the cargo shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the cargo.

30. *Priority.* All agreements of the Owner contained in this Charter Party shall be subject to any orders or instructions of priority or requisition issued by the United States Government or the Government of the flag of the Vessel or any agencies thereof, or the requirement of naval or military authorities or other Agencies of Government.

31. *Limitation of Liability.* Any provision of this Charter to the contrary notwithstanding, the Owner shall have the benefit of all limitations of, and exemptions from, liability accorded to the Owner or Chartered Owner of vessels by any statute or rule of law for the time being in force.

32. *Approval.* The voyage under this Charter is subject to the approval of the War Shipping Administration and any conditions imposed by said Administration pursuant to the Ship Warrants Act (Public Law 173, 77th Congress).

33. *Assignment.* Subject to the approval of War Shipping Administration, the Charterer shall have the option of subletting or assigning this Charter to any individual or company, but the Charterer shall always remain responsible for the due fulfillment of this Charter in all its terms and conditions.

34. *Breach.* Damages for breach of this Charter shall include all provable damages, and all costs of suit and attorney fees incurred in any action hereunder.

35. *Members of Congress.* No member of or delegate to the Congress, nor Resident Commissioner, shall be admitted to any share or part of this Charter or to any benefit that may arise therefrom, except as provided in Section 116 of the Act approved March 4, 1909.

36. *Definition of "Owner".* Wherever the word "Owner" appears herein same shall be deemed to include a Time Charterer, Demise Charterer, or a Requisition Charterer or user.

37. This Charter Party consists of this Part II and of Part I on the reverse hereof. Unless in this Part II otherwise provided, all of the provisions of said Part I shall be part of this Charter Party as though fully incorporated herein. In the event of conflict between the provisions of this Part II and those of Part I, the provisions of Part I shall govern to the extent of such conflict.

BILL OF LADING

Shipped in apparent good order and condition by _____
on board the _____
Motorship, Steamship_____
whereof _____ is Master,
at the port of _____
to be delivered at the port of_____
or so near thereto as the Vessel can safely get, always afloat, unto _____
or order on payment of freight at the rate of _____
*his shipment is carried under and pursuant to the terms of the Charter dated _____
at _____ between _____
and _____, as Charterer, and all the terms whatsoever of the said Charter except the rate and payment of freight specified therein apply to and govern the rights of the parties concerned in this shipment.

In Witness Whereof, the Master has signed _____ Bills of Lading of this tenor and date, one of which being accomplished, the other will be void.

Dated at _____ this ____ day of _____.

_____
Master

[General Order 2, Supplement 3, Approved June 24, 1942; 7 F.R. 4930]

§ 303.11 *Uniform bill of lading.* All operators of vessels owned by or under bareboat or time charter to or operated by or for the use or account of the United States of America shall, on or before August 15, 1942,[1] on all outbound shipments from continental United States ports excluding Alaska, and as soon thereafter as possible on all other shipments, and on all subsequent shipments, use or cause to be used only the Uniform Bill of Lading designated as "War Shiplading 7/1/42," which shall be as follows:

War Shiplading
7/1/42

X Y Z SHIPPING COMPANY

Received from the Shipper hereinafter named, the goods or packages said to contain goods hereinafter mentioned, in apparent good order and condition, unless otherwise indicated in this bill of lading, to be transported subject to all the terms of this bill of lading with liberty to proceed via any port or ports within the scope of the voyage described herein, to the port of discharge or so near thereunto as the ship can always safely get and leave, always afloat at all stages and conditions of water and weather, and there to be delivered or transshipped on payment of the charges thereon. If the goods in whole or in part are shut out from the ship named herein for any cause, the Carrier shall have liberty to forward them under the terms of this bill of lading on the next available ship.

It is agreed that the custody and carriage of the goods are subject to the following terms on the face and back hereof which shall govern the relations, whatsoever they may be, between the shipper, consignee, and the Carrier, Master and ship in every contingency, wheresoever and whensoever occurring, and also in the event of deviation, or of unseaworthiness of the ship at the time of loading or inception of the voyage or subsequently, and none of the terms of this bill of lading shall be deemed to have been waived by the Carrier unless by express waiver signed by a duly authorized agent of the Carrier:

Ship: {M.S. / S.S._____ Voyage No. _____
Port of Loading _____
Shipper: _____
Consignee: Order of _____ or assigns
_____
If consigned to Shipper's Order arrival notice to be addressed to_____
_____
(Without liability to carrier, see Clause 12 hereof)
Port of Discharge from Ship: _____
(If goods to be transshipped at port of discharge)
Destination of Goods: _____
(See Clause 11 hereof)

1. This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States of America, approved April 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the Carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. The provisions stated in said Act (except as may be otherwise specifically provided herein) shall govern before the goods are loaded on and after they are discharged from the ship and throughout the entire time the goods are in the custody of the Carrier. The Carrier shall not be liable in any capacity whatsoever for any delay, non-delivery or mis-delivery, or loss of or damage to the goods occurring while the goods are not in the actual custody of the Carrier. If this bill of lading is issued in a locality where there is in force a Carriage of Goods by Sea Act or Ordinance or Statute of a similar nature to the International Convention for the Unification of Certain Rules Relating to Bills of Lading at Brussels of August 25, 1924, it is subject to the provisions stated in such Act, Ordinance and rules thereto annexed which may be in effect where this bill of lading is issued.

[1] Date changed from July 31, 1942, to August 15, 1942, by General Order 16 Supp. 1, July 22, 1942. 7 F.R. 5677.

(a) The Carrier shall be entitled to the full benefit of, and right to, all limitations of, or exemptions from, liability authorized by any provisions of sections 4281 to 4286 of the Revised Statutes of the United States and amendments thereto and of any other provisions of the laws of the United States or of any other country whose laws shall apply. If the ship is not owned by or chartered by demise to the War Shipping Administration or the Company designated herein (as may be the case notwithstanding anything that appears to the contrary) this bill of lading shall take effect only as a contract with the owner or demise charterer, as the case may be, as principal, made through the agency of the War Shipping Administration or the Company designated herein which acts as agent only and shall be under no personal liability whatsoever in respect thereof. If, however, it shall be adjudged that any other than the owner or demise charterer is carrier and/or bailee of the goods all limitations of and exonerations from liability provided by law or by the terms hereof shall be available to such other.

2. In this bill of lading the word "ship" shall include any substituted vessel, and any craft, lighter or other means of conveyance owned, chartered or operated by the Carrier used in the performance of this contract; the word "Carrier" shall include the ship, her owner, master, operator, demise charterer, and if bound hereby the time charterer, and any substituted carrier, whether the owner, operator, charterer, or master shall be acting as carrier or bailee; the word "shipper" shall include the person named as such in this bill of lading and the person for whose account the goods are shipped; the word "consignee" shall include the holder of the bill of lading, properly endorsed, and the receiver and the owner of the goods; the word "charges" shall include freight and all expenses and money obligations incurred and payable by the goods, shipper, consignee, or any of them.

3. The scope of voyage herein contracted for shall include usual or customary or advertised ports of call whether named in this contract or not, also ports in or out of the advertised, geographical, usual or ordinary route or order, even though in proceeding thereto the ship may sail beyond the port of discharge or in a direction contrary thereto or return to the original port, or depart from the direct or customary route, and includes all canals, straits and other waters. The ship may call at any port for the purposes of the current voyage or of a prior or subsequent voyage. The ship may omit calling at any port or ports whether scheduled or not, and may call at the same port more than once; may for matters occurring before loading the goods, known or unknown at the time of such loading and matters occurring after such loading, either with or without the goods or passengers on board, and before or after proceeding toward the port of discharge, adjust compasses, drydock, with or without cargo aboard go on ways or to repair yards, shift berths, make trial trips or tests, take fuel or stores, remain in port, sail with or without pilots, tow and be towed, and save or attempt to save life or property; and all of the foregoing are included in the contract voyage.

4. In any situation whatsoever and wheresover occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the Carrier or the Master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage to or loss of the ship or any part of her cargo, to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the goods at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual or agreed place of discharge in such port, the Carrier may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the goods at port of shipment and upon failure to do so, may warehouse the goods at the risk and expense of the goods; or the Carrier or the Master, whether or not proceeding toward or entering or attempting to enter the port of dischage or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the goods there, may discharge the goods into depot, lazaretto, craft, or other place; or the ship may proceed or return, directly or indirectly, to or stop at any port or place whatsoever as the Master or the Carrier may consider safe or advisable under the circumstances, and discharge the goods, or any part thereof, at any such port or place; or the Carrier or the Master may retain the cargo on board until the return trip or until such time as the Carrier or the Master thinks advisable and discharge the goods at any place whatsoever as herein provided; or the Carrier or the Master may discharge and forward the goods by any means, rail, water, land, or air at the risk and expense of the goods. The Carrier or the Master is not required to give notice of discharge of the goods or the forwarding thereof as herein provided. When the goods are discharged from the ship, as herein provided, they shall be at their own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the Carrier shall be freed from any further responsibility. For any services rendered to the goods as hereinabove provided, the Carrier shall be entitled to a reasonable extra compensation.

5. The Carrier, Master and ship shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the ship, the right to give such orders or directions. Delivery or other disposition of the goods in accordance with such orders or directions shall be a fulfillment of the contract voyage. The ship may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

In addition to all other liberties herein the Carrier shall have the right to withhold delivery of, reship to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods in accordance with any direction, condition or agreement imposed upon or exacted from the carrier by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the goods shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the goods.

6. Unless otherwise stated herein, the description of the goods and the particulars of the packages mentioned herein are those furnished in writing by the shipper and the Carrier shall not be concluded as to the correctness of marks, number, quantity, weight, gauge, measurement, contents, nature, quality or value. Single pieces or packages exceeding 4480 lbs. in weight shall be liable to pay extra charges in accordance with tariff rates in effect at time of shipment for loading, handling, transshipping or discharging and the weight of each such piece or package shall be declared in writing by the shipper on shipment and clearly and durably marked on the outside of the piece or package. The shipper and the goods shall also be liable for, and shall indemnify the Carrier in respect of any injury, loss or damage arising from shipper's failure to declare and mark the weight of any such piece or package or from inadequate or improper description of the goods or from the incorrect weight of any such piece or package having been declared or marked thereon, or from failure fully to disclose the nature and character of the goods.

7. Goods may be stowed in poop, forecastle, deck house, shelter deck, passenger space or any other covered in space commonly used in the trade and suitable for the carriage of goods, and when so stowed shall be deemed for all purposes to be stowed under deck. In respect of goods carried on deck all risks of loss or damage by perils inherent in such carriage shall be borne by the shipper or the consignee but in all other respects the custody and carriage of such goods shall be governed by the terms of this bill of lading and the provisions stated in said Carriage of Goods by Sea Act notwithstanding sec. 1 (c) thereof, or the corresponding provisions of any Carriage of Goods by Sea Act that may be applicable. Specially heated or specially cooled stowage is not to be furnished unless contracted for at an increased freight rate. Goods or articles carried in any such compartment are at the sole risk of the owner thereof and subject to all the conditions, exceptions and limitations as to the Carrier's liability and other provisions of this bill of lading; and further the Carrier shall not be liable for any loss or damage occasioned by the temperature, risks of refrigeration, defects or insufficiency in or accidents to or explosion, breakage, derangement or failure of any refrigerator plant or part thereof, or by or in any material or the supply or use thereof used in the process of refrigeration unless shown to have been caused by negligence of the Carrier from liability for which the Carrier is not by law entitled to exemption.

8. Live animals, birds, reptiles and fish are received and carried at shipper's risk of accident or mortality, and the Carrier shall not be liable for any loss or damage thereto arising or resulting from any matters mentioned in section 4, sub-section 2, a to p inclusive of said Carriage of Goods by Sea Act or similar sections of any Carriage of Goods by Sea Act that may be applicable, or from any other cause whatsoever not due to the fault of the Carrier, any warranty of seaworthiness in the premises being hereby waived by the shipper. Except as provided above such shipments shall be deemed goods, and shall be subject to all terms and provisions in this bill of lading relating to goods.

9. If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the Master mariner, pilot or the servants of the Carrier in the navigation or in the management of the ship, the owners of the goods carried hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying ship or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other or non-carrying ship or her owners to the owners of said goods and set-off, recouped or recovered by the other or non-carrying ship or her owners as part of their claim against the carrying ship or Carrier.

The foregoing provisions shall also apply where the owners, operators or those in charge of any ship or ships or objects other

than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contact.

10. General average shall be adjusted, stated and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the carrier, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such adjustment disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the Carrier must be furnished before delivery of the goods. Such cash deposit as the Carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the goods, shippers, consignees or owners of the goods to the Carrier before delivery. Such deposit shall, at the option of the Carrier, be payable in United States money and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the General Average and refunds or credit balances, if any, shall be paid in United States money.

In the event of accident, danger, damage, or disaster, before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible, by statute, contract, or otherwise, the goods, the shipper and the consignee, jointly and severally, shall contribute with the Carrier in general average to the payment of any sacrifices, losses, or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the Carrier, salvage shall be paid for as fully and in the same manner as if such salving ship or ships belonged to strangers.

11. Whenever the Carrier or the Master may deem it advisable or in any case where the goods are consigned to a point where the ship does not expect to discharge, the Carrier or master may, without notice, forward the whole or any part of the goods before or after loading at the original port of shipment, or any other place or places even though outside the scope of the voyage or the route to or beyond the port of discharge or the destination of the goods, by any vessel, vessels or other means of transportation by water or by land or by air or by any such means, whether operated by the Carrier or by others and whether departing or arriving or scheduled to depart or arrive before or after the ship expected to be used for the transportation of the goods. This Carrier, in making arrangements for any transshipping of forwarding vessel or means of transportation not operand by this Carrier shall be considered solely the forwarding agent of the shipper and without any other responsibility whatsoever.

The carriage by any transshipping or forwarding carrier and all transshipment or forwarding shall be subject to all the terms whatsoever in the regular form of bill of lading, freight note, contract or other shipping document used at the time by such carrier, whether issued for the goods or not, and even though such terms may be less favorable to the shipper or consignee than the terms of this bill of lading and may contain more stringent requirements as to notice of claim or commencement of suit and may exempt the on-carrier from liability for negligence. The shipper expressly authorizes the Carrier to arrange with any such transshipping or forwarding carrier that the lowest valuation of the goods or limitation of liability contained in the bill of lading or shipping document of such carrier shall apply even though lower than the valuation or limitation herein, provided that the shipper shall not be compelled to pay a rate higher than that applicable to the valuation contained in such bill of lading. Pending or during transshipment the goods may be stored ashore or afloat at their risk and expense and the Carrier shall not be liable for detention.

12. The port authorities are hereby authorized to grant a general order for discharging immediately upon arrival of the ship and the Carrier without giving notice either of arrival or discharge, may discharge the goods directly they come to hand, at or onto any wharf, craft or place that the carrier may select, and continuously Sundays and holidays included, at all such hours by day or by night as the Carrier may determine no matter what the state of the weather or custom of the port may be. The Carrier shall not be liable in any respect whatsoever if heat or refrigeration or special cooling facilities shall not be furnished during loading or discharge or any part of the time that the goods are upon the wharf, craft, or other loading or discharging place. All lighterage and use of craft in discharging shall be at the risk and expense of the goods. Landing and delivery charges and pier dues shall be at the expense of the goods unless included in the freight herein provided for. If the goods are not taken away by the consignee by the expiration of the next working day after the goods are at his disposal, the goods may at Carrier's option and subject to Carrier's lien, be sent to store or warehouse or be permitted to lie where landed, but always at the expense and risk of the goods. The responsibility of the Carrier in any capacity shall altogether cease and the goods shall be considered to be delivered and at their own risk and expense in every respect when taken into the custody of customs or other authorities. The Carrier shall not be required to give any notification of disposition of the goods.

13. The Carrier shall not be liable for failure to deliver in accordance with marks unless such marks shall have been clearly and durably stamped or marked by the shipper before shipment upon the goods or packages, in letters and numbers not less than two inches high, together with name of the port of discharge. Goods that cannot be identified as to marks or numbers, cargo sweepings, liquid residue and any unclaimed goods not otherwise accounted for shall be allocated for completing delivery to the various consignees of goods of like character, in proportion to any apparent shortage, loss of weight or damage. Loss or damage to goods in bulk stowed without separation from other goods in bulk of like quality, shipped by either the same or another shipper, shall be divided in proportion among the several shipments.

14. The goods shall be liable for all expense of mending, cooperage, baling or reconditioning of the goods or packages and gathering of loose contents of packages; also for any payment, expense, fine, dues, duty, tax, impost, loss, damage or detention sustained or incurred by or levied upon the Carrier or the ship in connection with the goods, howsoever caused, including any action or requirement of any government or governmental authority or person purporting to act under the authority thereof, seizure under legal process or attempted seizure, incorrect or insufficient marking, numbering or addressing of packages or description of the contents, failure of the shipper to procure consular, Board of Health or other certificates to accompany the goods or to comply with laws or regulations of any kind imposed with respect to the goods by the authorities at any port of place or any act or omission of the shipper or consignee.

15. Freight shall be payable on actual gross intake weight or measurement or, at Carrier's option, on actual gross discharged weight or measurement. Freight may be calculated on the basis of the particulars of the goods furnished by the shipper herein but the Carrier may at any time open the packages and examine, weigh, measure and value the goods. In case shipper's particulars are found to be erroneous and additional freight is payable, the goods shall be liable for any expense incurred for examining, weighing, measuring and valuing the goods. Full freight shall be paid on damaged or unsound goods. Full freight hereunder to port of discharge named herein shall be considered completely earned on shipment whether the freight be stated or intended to be prepaid or to be collected at destination; and the Carrier shall be entitled to all freight and charges due hereunder, whether actually paid or not, and to receive and retain them irrevocably under all circumstances whatsoever ship and/or cargo lost or not lost or the voyage broken up or abandoned. If there shall be a forced interruption or abandonment of the voyage at the port of shipment or elsewhere any forwarding of the goods or any part thereof shall be at the risk and expense of the goods. All unpaid charges shall be paid in full and without any offset, counterclaim or deduction in the currency of the port of shipment, or, at Carrier's option, in the currency of the port of discharge at the demand rate of New York exchange as quoted on the day of the ship's entry at the Custom House of her port of discharge. The Carrier shall have a lien on the goods, which shall survive delivery, for all charges due hereunder and may enforce this lien by public or private sale and without notice. The shipper and the consignee shall be jointly and severally liable to the Carrier for the payment of all charges and for the performance of the obligation of each of them hereunder.

16. Neither the Carrier nor any corporation owned by, subsidiary to or associated or affiliated with the Carrier shall be liable to answer for or make good any loss or damage to the goods occurring at any time and even though before loading on or after discharge from the ship, by reason or by means of any fire whatsoever, unless such fire shall be caused by its design or neglect.

17. In case of any loss or damage to or in connection with goods exceeding in actual value $500 lawful money of the United States, per package, or, in case of goods not shipped in packages, per customary freight unit, the value of the goods shall be deemed to be $500 per package or per unit, on which basis the freight is adjusted and the Carrier's liability, if any, shall be determined on the basis of a value of $500 per package or per customary freight unit, or pro rata in case of partial loss or damage, unless the nature of the goods and a valuation higher than $500 shall have been declared in writing by the shipper upon delivery to the Carrier and inserted in this bill of lading and extra freight paid if required and in such case if the actual value of the goods per package or per customary freight unit shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and any partial loss or damage shall be adjusted pro rata on the basis of such declared value.

Whenever the value of the goods is less than $500 per package or other freight unit, their value in the calculation and adjustment of claims for which the Carrier may be liable shall for the purpose of avoiding uncertainties and difficulties in fixing value be deemed to be the invoice value, plus freight and insurance if paid, irrespective of whether any other value is greater or less.

18. Unless notice of loss or damage and the general nature of such loss or damage be given in writing to the Carrier or his agent at the port of discharge before or at the time of the removal of the goods into the custody of the person entitled to delivery thereof under the contract of carriage, such removal shall be prima facie evidence of the delivery by the Carrier of the goods as described in the bill of lading. If the loss or damage is not apparent the notice must be given within three days of the delivery. The Carrier shall not be liable upon any claim for loss or damage unless written particulars of such claim shall be received by the Carrier within thirty days after receipt of the notice herein provided for.

19. In any event the Carrier and the ship shall be discharged from all liability in respect of loss or damage unless suit is brought within one year after the delivery of the goods or the date when the goods should have been delivered. Suit shall not be deemed brought until jurisdiction shall have been obtained over the Carrier and/or the ship by service of process or by an agreement to appear.

20. To avoid or alleviate preventions or delays in prosecution or completion of the voyage incident to the existence of hostilities, the Carrier has liberty and is authorized by the shipper and the owner of the goods to agree with the representatives of any government to submit the goods to examination at any place or places whatsoever and to delay delivery of the same until any restriction asserted by any governmental authority shall have been removed. The Carrier may put the goods in store ashore or afloat at the risk and expense of the owner of the same pending examination; and thereupon the Carrier's responsibility shall end. Any damage or deterioration occasioned by such examination or by delay and other risks of whatsoever nature shall be solely for account of the owner of the goods. All expenses incurred by the Carrier in relation to such detention of the goods shall be paid by the shipper or consignee or owner of the goods.

21. This Bill of Lading shall be construed and the rights of the parties thereunder determined according to the law of the United States.

22. Cargo skids and labor on quay are to be provided by ship's agent for account of consignee at current rates, and any cargo which may be ordered for delivery into fiscal deposits, must be taken by an official cartman appointed by the agent of the ship, at current rates for account and risk of consignee.

23. If any bagged or baled goods are landed slack or torn, receiver and/or consignee shall accept its proportion of the sweepings. Ship not responsible for loss of weight in bags or bales torn, mended or with sample holes.

24. Cotton: Description of the condition of the cotton does not relate to the insufficiency of or torn condition of the covering, nor to any damage resulting therefrom and Carrier shall not be responsible for damage of such nature.

25. Specie: Specie will not be shipped or landed by the Carrier; it must be put on board by the shipper, and will only be delivered on board on presentation of the bills of lading properly endorsed; it may be carried on at consignee's risk if delivery is not taken during the ship's stay in port, and in every case the liability of the Carrier shall cease when the specie leaves the ship's deck.

26. *Specified dock discharge.* If the carrier makes a special agreement, whether by stamp hereon or otherwise, to deliver the goods hereby receipted for at a specified dock or wharf at the port of discharge, it is mutually agreed that such agreement shall be construed to mean that the Carrier is to make such delivery only if, in the sole judgment of the Master, the ship can safely under her own power, proceed to, lie at, and return from said dock or wharf, always afloat at any time of tide, and only if such dock or wharf is available to the ship immediately the ship is ready to discharge the goods and, that otherwise, the ship shall discharge the goods in accordance with Clause 12 of this bill of lading, whereupon Carrier's responsibility shall cease.

27. *Freight collect.* Carrier to place insurance on collect freight for account of carrier, shipper and consignee with losses, if any, payable to carrier. Consignee to pay premium for same; but if premium is higher than shipper or consignee would pay for marine and war risk on cargo difference to be absorbed by the owners.

28. All agreements or freight engagements for the shipment of the goods are superseded by this bill of lading, and all its terms, whether written, typed, stamped, or printed, are accepted and agreed by the shipper to be binding as fully as if signed by the shipper, any local customs or privileges to the contrary notwithstanding. Nothing in this bill of lading shall operate to limit or deprive the Carrier of any statutory protection or exemption from or limitation of liability. If required by the Carrier, one signed bill of lading duly endorsed must be surrendered to the agent of the ship at the port of discharge in exchange for delivery order.

§ 303.12 *Size and type of bill of lading.* Said bill of lading when printed shall be of a uniform size 10" x 17", to be printed in type no smaller than 6 point,[1] the back thereof to be printed in two columns. All operators shall at their own expense, under agency agreements now or hereafter in effect, cause said bill of lading to be printed as aforesaid, and any such operator shall indicate its name and may also print appropriate and customary house flags, office addresses, etc., on the face thereof.

§ 303.13 *Authority from master to agent to sign.* Prior to the issuance of said bills of lading for the carriage of goods on any vessel the operator or agent thereof shall obtain the written consent of the Master of said vessel to the execution of said bills of lading, acting for and on behalf of said Master.

§ 303.14 *Special terms and conditions.* The following special terms and conditions, in addition to the terms and conditions set forth in said uniform bill of lading, shall respectively be incorporated in all bills of lading in all trades and on all routes to which they are severally appropriate, and the said special terms and conditions shall follow the general terms and conditions set forth in said uniform bill of lading:

[1] "7 point" changed to "6 point" by General Order 16, Supp. 1, July 22, 1942; 7 F.R. 5677.

Special Clauses for Particular Trades

I. At *Pernambuco*, the goods are to be dispatched at custom house within 24 hours of vessel's arrival, or they will be deposited by vessel's agents at consignee's risk and expense.

II. At *Santos*, the custom permits for the landing of these goods at wharf shall be taken out within twenty-four (24) hours after ship's arrival, or the goods may be deposited in hulk or elsewhere at consignee's risk and expense.

III. At *Buenos Aires*, should the authorities order the goods or any portion thereof to be discharged or deposited at the warehouse of the Empresa de las Catalinas the consignees are bound to accept and pay the official or special tariff applicable for the goods.

IV. At *Rosario*, the Gas Mole charges shall be for account of the goods.

V If in any situation indicated in Article 4 or 5 of this bill of lading, the goods are discharged at any port or place north of Suez, an additional freight of ____ per ton, weight or measurement, ship's option, shall be paid by the shipper and/or consignee, and the same shall be a lien on the goods.

VI. Owing to congestion at customs and bonded stores, Suez cargo may be landed in open spaces at entire risk of owner of goods.

VII. At *Montevideo*, should it be found impossible for the ship to discharge owing to there being no berth, shed, deposit or wagons available, or for lack of space on wharf at berth assigned by port authorities, or for any other cause of "force majeure" or should anything else prevent the ship from discarging on arrival, which will be verified by a declaration of the Administracion Nacional del Puerto (Port Administration), the cargo will be discharged into lighters sent by the agents for the account and risk of the consignees.

VIII Flour and lard shipped to *Rio de Janeiro* shall be landed at Trapiche, designated by the Carrier's agent at that port, the custom of said port to the contrary notwithstanding.

IX. Handling charges at *Pacific Coast Ports:* Any provisions herein to the contrary notwithstanding, goods may be received and/or delivered by Carrier at ship's tackle and receipt and delivery beyond ship's tackle shall be entirely at the option of the Carrier and solely at the expense of the shipper or consignee.

X If by reason of ice or other unforeseen accident or occurrence to or in the *Manchester Ship Canal* or its approaches the ship is prevented from proceeding to Manchester in the ordinary course and without delay, the goods shipped hereunder may at Carrier's option be delivered at the port of Liverpool against payment of the then current ocean rate of freight from the port of shipment to that port in addition to any inland freight and charges, or they may be forwarded by the Carrier for delivery at destination at the expense and risk of the owner thereof and against payment of the freight herein provided for.

XI. *London Clause* (A) The Carrier shall, at its option, be entitled to land the goods within mentioned on the quay, or to discharge them into craft hired by it immediately on arrival at dock, quay, river wharf or other wharf or landing place selected by the Carrier, and at consignee's risk and expense, the Carrier being entitled to collect the same

charges on goods entered for landing at the docks, as on goods entered for delivery to lighters. Consignees desirous of conveying their goods elsewhere, shall, on making application to the ship's agent, or to the dock or wharf company, within 72 hours, after ship shall have been reported, except as provided hereafter, be entitled to delivery in consignee's lighters or land conveyances at the following rates, to be paid with the freight to the ship's agent, against release, or to the dock or wharf company, if so directed by the ship's agent, viz.: Following wooden goods in packages; clothes-pegs, handles, blind rollers, hubs, spokes, wheels, and oars, 1/3 per ton measurement; hops, 2/9 per ton weight; lumber and logs, 2/– per ton measurement or 2/6 per ton weight at ship's option; slates, 2/– per ton weight; wheaten flour, 1/3 per ton weight. All other general cargo 1/9 per ton weight or measurement at ship's option; minimum charge, one ton.

(B) Grain for overside delivery is to be applied for within twenty-four hours of ship's arrival (for thereafter immediately it becomes clear) at any dock, quay, river wharf or other wharf or landing place selected by the ship owners or agents. In the absence of sufficient consignee's craft, with responsible persons in charge, to receive as fast as ship can discharge overside into lighters during usual working hours, the Master or agent may land or discharge into lighters at the risk and expense of the consignee. The Carrier or agent may land or discharge continuously day and/or night, any grain landed or discharged for ship's convenience during usual working hours (consignee's craft being duly in attendance) and any grain that may be landed or discharged before or after usual working hours (whether craft or then in attendance or not) is to be given up free to consignee's craft applying for same within seventy-two hours from its landing or discharge; otherwise it will be subject to the usual dock, quay, river wharf or other wharf or landing place charges.

An extra freight of 7d. per ton shall be paid to the Carrier or agent on each consignment of grain whether any portion be landed or not. The grain is to be weighed at time of discharge, either on deck and/or dock, quay, river wharf or other wharf or landing place and/or craft at ship's option. Working out charges (including weighing) as fixed by the Port of London Authority for grain in bulk and/or ship's bags are to be paid by the consignee with the freight to the ship's agent or to the authorized representative of the dock, quay, river wharf or other wharf or landing place if so directed by the ship's agent in exchange for release. Neither party shall be liable for any interference with the performance of the contract herein contained, which is caused by strikes, or lockout of seamen, lightermen, stevedores, or shore laborers, or railway or transport or other disturbances of any kind or in furtherance thereof, whether partial or otherwise, nor for any consequences thereof, and in such case the Carrier or agent shall be entitled to land or put into craft at the risk and expense of consignee. In case the grain shipped under this bill of lading forms part of a larger bulk, each bill of lading is to bear its proportion of shortage and damage, if any.

(C) Acetone, asphalt, carbon black, celluloid, cotton, cotton waste, hay, hemp, hydrolene, istle, jute, lampblack, illuminating and oil of all kinds, whether animal, vegetable, or mineral, and the liquid products of them or any of them, pitch, rags, rosin, straw, tar, turpentine, varnish, wood spirits, also any other goods of a more or less hazardous nature. Consignees to have craft in attendance immediately on ship's arrival at any discharging berth selected by the Carrier, to take delivery from ship or otherwise (at ship's option), of any of the above-mentioned commodities, the Carrier having the option of working continuously by day and/or night, and consignees to pay 1/3d. per ton weight or measurement at ship's option. If consignee's craft is not in attendance, the goods may be put into Captain's entry craft at risk and expense of consignees.

(D) *Refrigerator cargo.* Goods may be discharged immediately on arrival at dock, quay, river wharf or other wharf or landing place selected by the Carrier, who shall have the option of working continuously day and/or night and are to be removed by consignees within 24 hours after ship shall have been reported at the Custom House. Consignee is to pay 1/9d. per ton weight or measurement at ship's option, otherwise the Carrier has the right of removing or of calling upon the dock, quay or wharf authorities to receive or remove all or any part thereof for storage or realization of consignee's risk and expense.

(E) In the case of heavy timber of rafting size delivered into the water in one of the docks in the river Thames, each consignee of such timber shall pay two-thirds of the ship's dock dues payable in respect of the space occupied by his portion of such cargo so delivered into the water.

Craft which are in attendance for delivery under above clauses and stipulations shall wait free of demurrage their regular turn to receive goods or grain as required by Carrier, either from ship or quay or Captain's entry craft.

All Port of London Authority charges are to be paid by consignee of the goods, and the Carrier shall have the same lien, rights, and remedies on goods or grain referred to in the above clauses or under any other clauses of the bill of lading, as they have by law in respect to freight.

This London Clause is, in respect of goods destined to that port, to form part of this bill of lading, and any words at variance with them are hereby cancelled.

XII. On all shipments, forwarded to *Lourenco Marques, Mombasa,* and ports for transshipment, the landing, lighterage, and delivery charges, and pier dues at destination are to be paid by consignee.

§ 303.15. *Special arrangements on the face of bill of lading.* The operator shall, upon previous advice to War Shipping Administration, incorporate in bills of lading any special arrangements on the face thereof and any other special clauses respectively appropriate to the trade and route undertaken.

§ 303.16 *Short form bill of lading.* If or when a short form of bill of lading shall have been approved incorporating by reference the aforesaid terms and conditions of carriage it shall be used with the same force and effect as though the said terms and conditions had been set forth in full therein.

§ 303.17 *Government form of bill of lading.* Property of the United States of America required to be shipped pursuant to the Government Form of Bill of Lading (Standard Form No. 1058) shall continue to be so shipped and the carrier's bill of lading therein referred to shall be deemed to mean the bill of lading herein approved.

§ 303.18 *Not used for bulk carriage.* The bill of lading herein approved need not be employed for bulk cargoes (without count or mark) customarily carried pursuant to receipt forms of bills of lading issued under charters or other contracts of affreightment.

§ 303.19 *Approval of other forms of bills of lading.* The right is reserved to approve other forms of bills of lading or clauses as the Administrator may deem appropriate in special circumstances.

§ 303.20. *Clause 27 optional.*[1] Clause 27 of this General Order shall be included in the printed form of bill of lading whenever customary in a particular trade; otherwise it may be omitted. Where used it may be amended by striking therefrom the word "owners" and substituting therefor the word "carrier."

[General Order No. 16, approved July 6, 1942, 7 F.R. 5246]

§ 303.21. *Uniform bill of lading for barges, tugs and other vessels used in barge service, warshipstowblading.* (a) All operators of vessels used in barge services for the use or account of the United States of America in domestic or foreign commerce shall, on or before August 15, 1942, use or cause to be used only the Uniform Bill of lading identified as Form No. 108 Warshiptowblading 8/1/42, which shall be in the form attached.

(b) The operators shall, upon previous advice to War Shipping Administration, incorporate in such bills of lading any special arrangements on the face thereof and any other special clauses respectively appropriate to the trade and route undertaken.

(c) If or when a short form of bill of lading shall have been approved incorporating by reference the aforesaid terms and conditions of carriage it shall be used with the same force and effect as though the said terms and conditions had been set forth in full therein.

(d) Property of the United States of America required to be shipped pursuant to the Government Form Bill of Lading (Standard Form No. 1058) shall continue to be so shipped and the Carrier's bill of lading therein referred to shall be deemed to mean the bill of lading herein approved.

(e) The right is reserved to approve other forms of bills of lading or clauses as the Administrator may deem appropriate in certain circumstances.

[1] This paragraph was added by General Order 16, Supp. 3, July 30, 1942; 7 F.R. 6017.

Warshiptowblading
8/1/42
Form No. 108

UNITED STATES OF AMERICA ACTING BY AND THROUGH THE WAR SHIPPING ADMINISTRATION BY AGENT

Received from the Shipper hereinafter named, the goods or packages said to contain goods hereinafter mentioned, in apparent good order and condition, unless otherwise indicated in this bill of lading, to be transported subject to all the terms of this bill of lading with liberty to proceed via any port or ports within the scope of the voyage described herein, to the port of discharge or so near thereunto as the vessel can always safely get and leave, always afloat at all stages and conditions of water and weather, and there to be delivered or transshipped on payment of the charges thereon. If the goods in whole or in part are shut out from the vessel named herein for any cause, the Carrier shall have liberty to forward them under the terms of this bill of lading on the next available vessel.

It is agreed that the custody and carriage of the goods are subject to the following terms on the face and reverse hereof which shall govern the relations, whatsoever they may be, between the shipper, consignee, and the Carrier, Master and vessel in every contingency, wheresoever and whensoever occurring, and also in the event of deviation, or of unseaworthiness of the vessel at the time of loading or inception of the voyage or subsequently, and none of the terms of this bill of lading shall be deemed to have been waived by the Carrier unless by express waiver signed by a duly authorized agent of the Carrier:

In accepting this bill of lading the shipper, consignee, and owner of the goods agree to be bound by all of its stipulations, exceptions, and condition, whether written, printed, or stamped on the front or back hereof, any local customs or privileges to the contrary notwithstanding.

UNITED STATES OF AMERICA, ACTING BY AND THROUGH THE WAR SHIPPING ADMINISTRATION.

By: ----------
As Agent

By: ----------
B/L No. ----------

1. This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States of America, approved April 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the Carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. The provisions stated in said Act (except as may be otherwise specifically provided herein) shall govern before the goods are loaded on and after they are discharged from the vessel and throughout the entire time the goods are in the custody of the Carrier. The Carrier shall not be liable in any capacity whatsoever for any delay, non-delivery or misdelivery, or loss of or damage to the goods occurring while the goods are not in the actual custody of the Carrier.

(a) The Carrier shall be entitled to the full benefit of, and right to, all limitations of, or exemptions from, liability authorized by any provisions of section 4281 to 4286 of the Revised Statutes of the United States and amendments thereto and of any other provisions of the laws of the United States or of any other country whose laws shall apply.

2. The contract voyage contemplates carriage of the goods herein described by barge, lighter or other craft, whether or not self-propelled and in this bill of lading the word "vessel" shall include any substituted vessel, and any craft, lighter or other means of conveyance owned, chartered or operated by the Carrier used in the performance of this contract; the word "Carrier" shall include the vessel, the tug or other towing vessel used thereby, her owner, master, operator, demise charterer, and if bound hereby any time charterer, and any substituted carrier, whether the owner, operator, charterer, or master shall be acting as carrier or bailee; the word "shipper" shall include the person named as such in this bill of lading and the person for whose account the goods are shipped; the word "consignee" shall include the holder of the bill of lading, properly endorsed, and the receiver and the owner of the goods; the word "charges" shall include freight and all expenses and money obligations incurred and payable by the goods, shipper, consignee, or any of them.

3. The scope of voyage herein contracted for shall include usual or customary or advertised ports of call whether named in this contract or not, also ports in or out of the advertised, geographical, usual or ordinary route or order, even though in proceeding thereto the vessel may sail or be towed beyond the port of discharge or in a direction contrary thereto or return to the original port, or depart from the direct or customary route, and includes all canals, straits and other waters. The vessel may call at any port for the purposes of the current voyage or of a prior or subsequent voyage. The vessel may omit calling at any port or ports whether scheduled or not, and may call at the same port more than once; may for matters occurring before loading the goods, known or unknown at the time of such loading and matters occurring after such loading, either with or without the goods or passengers on board, and before or after proceeding toward the port of discharge, adjust compasses, dry dock, with or without cargo aboard go on ways or to repair yards, shift berths, make trial trips or tests, take fuel or stores, remain in port, sail with or without pilots, tow and be towed, and save or attempt to save life or property; and all of the foregoing are included in the contract voyage.

4. In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of or during the voyage, which in the judgment of the Carrier or the Master is likely to give rise to risk of capture, seizure, detention, damage, delay or disadvantage to or loss of the vessel or any part of her cargo, to make it unsafe, imprudent, or unlawful for any reason to commence or proceed on or continue the voyage or to enter or discharge the goods at the port of discharge, or to give rise to delay or difficulty in arriving, discharging at or leaving the port of discharge or the usual or agreed place of discharge in such port, the Carrier may before loading or before the commencement of the voyage, require the shipper or other person entitled thereto to take delivery of the goods at port of shipment and upon failure to do so, may warehouse the goods at the risk and expense of the goods; or the Carrier or the Master, whether or not proceeding toward or entering or attempting to enter the port of discharge, or reaching or attempting to reach the usual place of discharge therein or attempting to discharge the goods there, may discharge the goods into depot, lazaretto, craft, or other place; or the vessel may proceed or return, directly or indirectly, to or stop at any port or place whatsoever as the Master or the Carrier may consider safe or advisable under the circumstances, and discharge the goods, or any part thereof, at any such port or place; or the Carrier or the Master may retain the cargo on board until the return trip or until such time as the Carrier or the Master thinks advisable and discharge the goods at any place whatsoever as herein provided; or the Carrier or the Master may discharge and forward the goods by any means, rail, water, land, or air at the risk and expense of the goods. The Carrier or the Master is not required to give notice of discharge of the goods or the forwarding thereof as herein provided. When the goods are discharged from the vessel, as herein provided, they shall be at their own risk and expense; such discharge shall constitute complete delivery and performance under this contract and the Carrier shall be freed from any further responsibility. For any services rendered to the goods as hereinabove provided, the Carrier shall be entitled to a reasonable extra compensation.

5. The Carrier, Master and vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharges, destination, delivery or otherwise howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such governments or of any department thereof, or by any committee or person having, under the terms of the war risk insurance on the vessel, the right to give such orders or directions. Delivery or other disposition of the goods in accordance with such orders or directions shall be a fulfillment of the contract voyage. The vessel may carry contraband, explosives, munitions, warlike stores, hazardous cargo, and may sail armed or unarmed and with or without convoy.

In addition to all other liberties herein the Carrier shall have the right to withhold delivery or, reship to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods in accordance with

any direction, condition or agreement imposed upon or exacted from the Carrier by any government or department thereof or any person purporting to act with the authority of either of them. In any of the above circumstances the goods shall be solely at their risk and expense and charges so incurred shall be payable by the owner or consignee thereof and shall be a lien on the goods.

6. Unless otherwise stated herein, the description of the goods and the particulars of the packages mentioned herein are those furnished in writing by the shipper and the Carrier shall not be concluded as to the correctness of marks, number, quantity, weight, gauge, measurement, contents, nature, quality or value. Single pieces or packages exceeding 4480 lbs. in weight shall be liable to pay extra charges in accordance with tariff rates or terminal charges in effect at time of shipment for loading, handling, transshipping or discharging and the weight of each such piece or package shall be declared in writing by the shipper on shipment and clearly and durably marked on the outside of the piece or package. The shipper and the goods shall also be liable for, and shall indemnify the Carrier in respect of any injury, loss or damage arising from shipper's failure to declare and mark the weight of any such piece or package or from inadequate or improper description of the goods or from the incorrect weight of any such piece or package having been declared or marked thereon, or from failure to disclose fully the nature and character of the goods.

7. In respect of goods carried on deck all risks of loss or damage by perils inherent in such carriage shall be borne by the shipper or the consignee but in all other respects the custody and carriage of such goods shall be governed by the terms of this bill of lading and the provisions stated in said Carriage of Goods by Sea Act notwithstanding sec. 1 (c) thereof.

Due to existing war conditions and to consequent lack of tonnage it is agreed that the goods herein described may be transported by a vessel not lineseed, constructed or equipped for the contract voyage and all risks of loss or damage by perils inherent in such carriage shall be borne by the shipper or consignee.

8. If the vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act, neglect or default of the Master, mariner, pilot or the servants of the Carrier in the navigation or in the management of the vessel, the owners of the goods carried hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying vessel or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other on non-carrying vessel or her owners to the owners of said goods and set-off, recouped or recovered by the other or non-carrying vessel or her owners as part of their claim against the carrying vessel or Carrier.

The foregoing provisions shall also apply where the owners, operators or those in charge of any vessel or vessels or objects other than, or in addition to, the colliding vessels or objects are at fault in respect of a collision or contact.

9. General Average shall be adjusted, stated and settled, according to Rules 1 to 15 inclusive, 17 to 22 inclusive, and Rule F of York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the Carrier, and as to matters not provided for by these rules, according to the laws and usages at the port of New York. In such adjustment disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship. Average agreement or bond and such additional security, as may be required by the Carrier, must be furnished before delivery of the goods. Such cash deposit as the Carrier or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the goods, shippers, consignees or owners of the goods to the Carrier before delivery. Such deposit shall, at the option of the Carrier, be payable in United States money and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the General Average and refunds or credit balances, if any, shall be paid in United States money.

In the event of accident, danger, damage, or disaster, before or after commencement of the voyage resulting from any cause whatosever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible, by statute, contract, or otherwise, the goods, the shipper and the consignee, jointly and severally, shall contribute with the Carrier in general average to the payment of any sacrifices, losses, or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the goods. If a salving vessel is owned or operated by the Carrier, salvage shall be paid for as fully and in the same manner as if such salving vessel or vessels belonged to strangers.

10. Whenever the Carrier or the Master may deem it advisable or in any case where the goods are consigned to a point where the vessel does not expect to discharge, the Carrier or Master may, without notice, forward the whole or any part of the goods before or after loading at the original port of shipment, or any other place or places even though outside the scope of the voyage or the route to or beyond the port of discharge or the destination of the goods, by any vessel, vessels or other means of transportation by water or by land or by air or by any such means, whether operated by the Carrier or by others and whether departing or arriving or scheduled to depart or arrive before or after the vessel expected to be used for the transportation of the goods. This Carrier, in making arrangements for any transhipping or forwarding vessel or means of transportation not operated by this Carrier shall be considered solely the forwarding agent of the shipper and without any other responsibility whatsoever.

The carriage by any transshipping or forwarding carrier and all transshipment or forwarding shall be subject to all the terms whatsoever in the regular form or bill of lading, freight note, contract or other shipping document used at the time by such carrier, whether issued for the goods or not, and even though such terms may be less favorable to the shipper or consignee than the terms of this bill of lading and may contain more stringent requirements as to notice of claim or commencement of suit and may exempt the on-carrier from liability for negligence. The shipper expressly authorizes the Carrier to arrange with any such transshipping or forwarding carrier that the lowest valuation of the goods or limitation of liability containing in the bill of lading or shipping document of such carrier shall apply even though lower than the valuation or limitation herein, provided that the shipper shall not be compelled to pay a rate higher than that applicable to the valuation contained in such bill of lading. Pending or during transshipment the goods may be stored ashore or afloat at their risk and expense and the Carrier shall not be liable for detention.

11. The port authorities are hereby authorized to grant a general order for discharging immediately upon arrival of the vessel and the Carrier without giving notice either of arrival or discharge, may discharge the goods directly they come to hand, at or onto any wharf, craft or place that the Carrier may select, and continuously Sundays and holidays included, at all such hours by day or by night as the Carrier may determine no matter what the state of the weather or custom of the port may be. The Carrier shall not be liable in any respect whatsoever if heat or refrigeration or special cooling facilities shall not be furnished during loading or discharge or any part of the time that the goods are upon the wharf, craft, or other loading or discharging place. All lighterage and use of craft in receiving or discharging shall be at the risk and expense of the goods. Landing and delivery charges and pier dues shall be at the expense of the goods unless included in the freight herein provided for. If the goods are not taken away by the consignee by the expiration of the next working day after the goods are at his disposal, the goods may at Carrier's option and subject to Carrier's lien, be sent to store or warehouse or be permitted to lie where landed, but always at the expense and risk of the goods. The responsibility of the Carrier in any capacity shall altogether cease and the goods shall be considered to be delivered and at their own risk and expense in every respect when taken into the custody of customs or other authorities. The Carrier shall not be required to give any notification or disposition of the goods.

The cargo or cargoes shall be delivered and received alongside the Vessel, where she can load and discharge always safely afloat, and proceed and return always safely afloat, within reach of her tackles; and lighterage and also extra lighterage, if any, shall be at the risk and expense of the cargo.

12. The Carrier shall not be liable for failure to deliver in accordance with marks unless such marks shall have been clearly and durably stamped or marked by the shipper before shipment upon the goods or packages, in letters and numbers not less than two inches high, together with name of the port of discharge. Goods that cannot be identified as to marks or numbers, cargo sweepings, liquid residue and any unclaimed goods not otherwise accounted for shall be allocated for completing delivery to the various consignees of goods of like character, in proportion to any apparent shortage, loss of weight or damage. Loss or damage to goods in bulk stowed without separation from other goods in bulk of like quality, shipped by either the same or another shipper, shall be divided in proportion among the several shipments.

13. The goods shall be liable for all expense of mending, cooperage, baling or reconditioning of the goods or packages and gathering of loose contents of packages; also for any payment, expense, fine, dues, duty, tax, impost, loss, damage or detention sustained or incurred by or levied upon the Carrier or the ship in connection with the goods, howsoever caused, including any action or requirement of any government or governmental authority or person purporting to act under the authority thereof, seizure under legal process or attempted seizure, incorrect or insufficient marking, numbering or addressing of packages or description of the contents, failure of the shipper to procure consular, Board of Health or other certificates to accompany the goods or to comply with laws or regulations of any kind imposed with respect to the goods by the authorities at any port or place or any act or omission of the shipper or consignee.

14. Freight shall be payable on actual gross intake weight or measurement or, at Carrier's option, on actual gross discharged weight or measurement. Freight may be calculated on the basis of the particulars of the goods furnished by the shipper herein but the Carrier may at any time open the packages and examine, weigh, measure and value the goods. In case shipper's particulars are found to be erroneous and additional freight is payable, the goods shall be liable for any expense incurred for examining, weighing, measuring, and valuing the goods. Full freight shall be paid on damaged or unsound goods. Freight on sugar shall be payable as follows: Eighty-five percent (85%) of freight payable in cash on the basis of gross bill of lading weight on arrival of Vessel at discharging berth to the order of Vessel, Owner, Operator or Agent, and on final discharge of cargo any over or short payment to be adjusted on the gross landed weight as determined by Public Weighers' returns, free of discount or interest. Full freight hereunder to port of discharge named herein shall be considered completely earned on shipment whether the freight be stated or intended to be prepaid or to be collected at destination; and the Carrier shall be entitled to all freight and charges due hereunder, whether actually paid or not, and to receive and retain them irrevocably under all circumstances whatsoever vessel and/or cargo lost or not lost or the voyage broken up or abandoned. If there shall be forced interruption or abandonment of the voyage at the port of shipment or elsewhere any forwarding of the goods or any part thereof shall be at the risk and expense of the goods. All unpaid charges shall be paid in full and without any offset, counterclaim or deduction in the currency of the port of shipment, or, at Carrier's option, in the currency of the port of discharge, at the demand rate of New York exchange as quoted on the day of the vessel's entry at the Custom House of her port of discharge. The Carrier shall have a lien on the goods, which shall survive delivery, for all charges due hereunder and may enforce this lien by public or private sale and without notice. The shipper and the consignee shall be jointly and severally liable to the Carrier for the payment of all charges and for the performance of the obligation of each of them hereunder.

15. Neither the Carrier nor any corporation owned by, subsidiary to or associated or affiliated with the Carrier shall be liable to answer for or make good any loss or damage to the goods occurring at any time and even though before loading on or after discharge from the vessel, by reason or by means of any fire whatsoever, unless such fire shall be caused by its design or neglect.

16. In case of any loss or damage to or in connection with goods exceeding in actual value $500 lawful money of the United States, per package, or, in case of goods not shipped in packages, per customary freight unit, the value of the goods shall be deemed to be $500 per package or per unit, on which basis the freight is adjusted and the Carrier's liability, if any, shall be determined on the basis of a value of $500 per package or per customary freight unit, or pro rata in case of partial loss or damage, unless the nature of the goods and a valuation higher than $500 shall have been declared in writing by the shipper upon delivery to the Carrier and inserted in this bill of lading and extra freight paid if required and in such case if the actual value of the goods per package or per customary freight unit shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value and any partial loss or damage shall be adjusted pro rata on the basis of such declared value.

Whenever the value of goods is less than $500 per package or other freight unit, their value in the calculation and adjustment of claims for which the Carrier may be liable shall for the purpose of avoiding uncertainties and difficulties in fixing value be deemed to be the invoice value, plus freight and insurance if paid, irrespective of whether any other value is greater or less.

17. Unless notice of loss or damage and the general nature of such loss or damage be given in writing to the Carrier or his agent at the port of discharge before or at the time of the removal of the goods into the custody of the person entitled to delivery thereof under the contract of carriage, such removal shall be prima facie evidence of the delivery by the Carrier of the goods as described in the bill of lading. If the loss or damage is not apparent the notice must be given within three days of the delivery. The Carrier shall not be liable upon any claim for loss or damage unless written particulars of such claim shall be received by the Carrier within thirty days after receipt of the notice provided for.

18. In any event the Carrier and the ship shall be discharged from all liability in respect of loss or damage unless suit is brought within one year after the delivery of the goods or the date when the goods should have been delivered. Suit shall not be deemed brought until jurisdiction shall have been obtained over Carrier and/or the ship by service of process or by an agreement to appear.

19. To avoid or alleviate preventions or delays in prosecution or completion of the voyage incident to the existence of hostilities, the Carrier has liberty and is authorized by the shipper and the owner of the goods to agree with the representatives of any government to submit the goods to examination at any place or places whatsoever and to delay delivery of the same until any restriction asserted by any governmental authority shall have been removed. The Carrier may put the goods in store ashore or afloat at the risk and expense of the owner of the same pending examination; and thereupon the Carrier's responsibility shall end. Any damage or deterioration occasioned by such examination or by delay and other risks of whatsoever nature shall be solely for account of the owner of the goods. All expenses incurred by the Carrier in relation to such detention of the goods shall be paid by the shipper or consignee or owner of the goods.

20. This Bill of Lading shall be construed and the rights of the parties thereunder determined according to the law of the United States.

21. Cargo skids and labor on quay are to be provided by vessel's agent for account of consignee at current rate, and any cargo which may be ordered for delivery into fiscal deposits, must be taken by an official cartman appointed by the agent of the vessel, at current rates for account and risk of consignee.

22. If any bagged or baled goods are landed slack or torn, receiver and/or consignee shall accept its proportion of the sweepings. Ship not responsible for loss of weight in bags or bales torn, mended or with sample holes.

23. The carriage herein contemplated is upon a multiple tow basis, any custom or practice of the trade to the contrary notwithstanding; and it shall not be deviation or a violation of this contract for the carrier to proceed to other point or points whether or not within the same port for the purpose of making tow and whether or not such other point or points are in or out of the advertised, geographical, usual or ordinary route or order.

24. All agreements or freight engagements for the shipment of the goods are superseded by this bill of lading, and all its terms, whether written, typed, stamped, or printed, are accepted and agreed by the shipper to be binding as fully as if signed by the shipper, any local customs or privileges to the contrary notwithstanding. Nothing in this bill of lading shall operate to limit or deprive the Carrier of any statutory protection or exemption from or limitation of liability. If required by the Carrier, one signed bill of lading duly endorsed must be surrendered to the agent of the vessel at the port of discharge in exchange for delivery order.

25. Public Weighers' count shall be used in determining outturn of sugar cargo, and if there be any dispute in reference to count, an adjustment of such dispute must be arrived at immediately as the truck passes over the Public Weighers' scale, which must be located near the Government scale, and this adjustment must be made by a representative each of the Shipper, the Vessel, and the Consignee, and the decision arrived at by a majority of these three parties is to be final and binding on all parties hereto. Vessel shall be furnished with as many copies of Public Weighers' certificate as may be required, free of charge.

[General Order 16, Supp. 2, approved July 27, 1942; 7 F.R. 6014]

PART 304—LABOR

Sec.
304.1 Creation of Pacific Coast Maritime Industry Board.
304.2 Membership.
304.3 Delegation of power.
304.4 Consultation with Pacific Coast Director of Administration.
304.5 Surveys.
304.6 Rules and regulations.
304.7 Reports to Administrator.
304.8 Restrictions of employment of certain foreign nationals on American flag vessels.
304.9 Restriction of employment of certain foreign nationals on Panamanian and Honduran flag vessels.
304.10 Employment of officers and crews for all American flag vessels and Panamanian and Honduran flag vessels.

AUTHORITY: §§ 304.1 to 304.10 inclusive issued under E.O. 9054; 7 F.R. 837.

§ 304.1 *Creation of Pacific Coast Maritime Industry Board.* There is hereby created a Pacific Coast Maritime Industry Board (hereinafter referred to as the Board) as an agency of and within the War Shipping Administration.

§ 304.2 *Membership.* The Board shall consist of five members: a Chairman (and a Vice-Chairman to act in his absence), two representatives of the owners, operators, or agents on the Pacific Coast, and two representatives of the longshore unions on the Pacific Coast:

(a) *Chairman.* The Chairman shall be appointed by the Administrator.

(b) *Employer and Union Representatives and Alternates.* The representatives of the employers and the unions shall be appointed by the Administrator. He may also designate two employer alternates and four union alternates. The four union alternates shall be divided equally by the A. F. of L. and C. I. O. unions. In matters arising in ports in which the A. F. of L. unions represent the stevedores for collective bargaining purposes, the two A. F. of L. alternates shall, at the request of the Chairman, serve on the Board as the union representatives. The Administrator may at any time revoke such employment or designation as representative or alter-

nate and make a new appointment or designation.

(c) *Vice-chairman.* The Vice-Chairman shall be selected by the Chairman with the approval of the Administrator, and will act as Chairman in the absence of the Chairman and shall have full power granted to the Chairman.

§ 304.3 *Delegation of power.* Subject to such directives as may be issued and such policies as may be determined by the Administrator, the Board shall have all the power vested in the Administrator by Executive Order of the President, (No. 9054), dated February 7, 1942, to coordinate the efforts of the employer and employee groups on the Pacific Coast for the purpose of increasing efficiency in loading and discharging vessels in that area.

§ 304.4 *Consulation with Pacific coast Director of Administration.* The Board shall consult with the Pacific Coast Director of the War Shipping Administration with regard to matters that affect efficiency in the Longshore Industry as well as with regard to matters that affect efficiency in the Marine and Longshore Industries jointly.

§ 304.5 *Surveys.* The Board shall from time to time conduct surveys of the loading and discharging of vessels on the Pacific Coast for the purpose of recommending to the Administrator and to the Industry (employer and employee groups alike) measures to increase the efficiency thereof; to devise methods to increase efficiency and also ways and means to waive collective bargaining agreements and any rights therein of either party to such agreements if the Board determines such waiver to be in the interest of the war effort.

§ 304.6 *Rules and regulations.* The Board shall have power to promulgate rules and regulations appropriate for the performance of its duties.

§ 304.7 *Reports to Administrator.* The Board shall from time to time report to the Administrator on its activities hereunder and on the status of the efficiency of ship loading and discharging operations on the Pacific Coast, insofar as such operations are related to the prosecution of the war effort. [General Order No. 5, approved March 11, 1942, 7 F.R. 2176]

§ 304.8 *Restrictions of employment of certain foreign nationals on American flag vessels.* All owners, operators, and agents of vessels registered under the laws of the United States of America, are hereby instructed not to employ on any vessel registered under the laws of the United States of America any Norwegian, Netherlands, Belgian, Polish, Yugoslavian, Greek or British national who was not so employed on April 8, 1942, or had not been so employed prior thereto, except by consent of a properly accredited consular representative of the nation involved. (Addition to General Order No. 5, approved February 7, 1942, 7 F.R. 2761)

§ 304.9 *Restriction of employment of certain foreign nationals on Panamanian and Honduran flag vessels.* All owners, operators, and agents of vessels registered under the laws of the Republics of Panama and Honduras, are hereby instructed not to employ on any vessel registered under the laws of the Republics of Panama or Honduras any Norwegian, Netherlands, Belgian, Polish, Yugoslavian, Greek or British national who was not so employed on April 8, 1942, or had not been so employed prior thereto, except by consent of a properly accredited consular representative of the nation involved. [Addition to General Order No. 5, approved February 7, 1942, 7 F.R. 2761]

§ 304.10. *Employment of officers and crews for all American flag vessels and Panamanian and Honduran flag vessels.* All owners, operators, agents, Maritime Unions and others employing officers and crews for vessels registered under the laws of the United States of America and the Republics of Panama and Honduras will be governed by the following regulations:

(a) Graduates of the following training stations, who have not previously accepted positions prior to the date of this Order, may be employed upon graduation only through the offices of the Recruitment and Manning Organization of the War Shipping Administration:

Fort Trumbull, New London, Conn.
Government Island, Alameda, Calif.
United States Merchant Marine Academy, New York, N. Y.
California Maritime Academy.
Maine Maritime Academy.
Massachusetts Maritime Academy.
New York State Maritime Academy.
Hoffman Island, New York, N. Y.
St. Petersburg, Fla.
Sheepshead Bay, N. Y.
Port Hueneme, Calif.
Gallups Island Radio School, Boston, Mass.

(b) All graduates of the aforesaid training schools shall be assigned to ships through the offices of the Recruitment and Manning Organization, located at:

(1) 200 Bush Street, San Francisco, California;

(2) 45 Broadway, New York, New York;

(3) Federal Office Building, New Orleans, Louisiana; and

(4) Such other port offices as the Director of the Recruitment and Manning Organization may designate.

(c) Graduates of the aforesaid training stations who are assigned to vessels operating under preferential collective bargaining agreements with maritime unions with respect to the particular ratings involved will, upon the request of the union having such agreement, be assigned to vessels through the office of the Recruitment and Manning Organization via the established union hiring hall or employment center operated by said maritime union.

(d) All owners, operators, agents, maritime unions and other persons employing officers and crews are requested immediately to advise the Recruitment and manning Organization, War Shipping Administration, Washington, D. C., of any agreements with, or commitments to, any trainee who is now in training at one of the aforesaid training stations, concerning employment upon his graduation, including in such information the name of the trainee, the date of his graduation, and the substance of the agreement or commitment.

(e) This order shall take effect immediately. (Approved July 25, 1942) [General Order No. 17, 7 F.R. 5785]

PART 305—INSURANCE

AUTHORITY: §§ 305.1 to 305.42, inclusive, issued under Pub. Law 482, 77th Congress; §§ 305.50 to 305.71, inclusive, issued under 49 Stat. 1985; 46 U.S.C., ch. 27.

WAR RISK INSURANCE

Pursuant to the authority contained in the Act approved March 6, 1942 (Public Law 482—77th Congress, 2d Session), the following rules and regulations for the underwriting by the War Shipping Administration of war risk insurance on hulls, cargoes and crew interests are hereby promulgated.

WAR RISK INSURANCE

SUBPART A—GENERAL RULES

Sec.
305.1 Submission of risks.
305.2 Requests for quotations.
305.3 Expiration of quotations.
305.4 Acceptance of quotations and evidence thereof.
305.5 Attachment of insurance.
305.6 Reservation of right to decline quotation.

SUBPART B—SPECIAL RULES APPLICABLE TO WAR RISK INSURANCE ON CARGO

305.11 Information required for cargo quotations.
305.12 Time for shipment.
305.13 Interruption or termination of transit.
305.14 Special clauses.
305.15 Cancellation of insurance.
305.16 Coverage at intermediate ports.

SUBPART C—SPECIAL RULES APPLICABLE TO WAR RISK INSURANCE ON HULL

305.21 Information required for hull quotations.
305.22 Time for sailing.
305.23 Risks accepted subject to current rules, etc.
305.24 Safe in port warranty.
305.25 Fixed rates on fleets.

SUBPART D—RULES APPLICABLE TO WAR RISK INSURANCE ON CREW INTERESTS

305.31 Information required for crew interests quotations.
305.32 Decisions of maritime war emergency board.

SUBPART E—AMENDMENTS TO RULES

305.41 Incorporation of amendments in bulletins.
305.42 Schedules of war risk rates.

OPEN CARGO RISK INSURANCE

305.50 Rules of procedure on open cargo war risk insurance on import cargoes.
305.51 Application form for open policy.
305.52 Standard form of provisional report.
305.53 Standard form of closing report.
305.54 Standard form of letter for transmittal of collateral deposit fund.
305.55 Standard form of application for return premium.
305.56 Standard form of application for appointment of underwriting agent.
305.57 Certificate of designation of underwriting agent.
305.58 Standard form of underwriting agency agreements.
305.59 Standard form of Warshipopencargo policy, Part 1.
305.60 Standard form of Warshipopencargo policy, Part 2.
305.61 Standard form of surety bond.
305.62 Extended transshipment clause.
305.63 Goods sold while en route.
305.64 Goods insured by shipper.
305.65 Goods imported for account of third parties.
305.66 Exports to territories and possessions of the United States; inclusive endorsement.
305.67 Exports to territories and possessions of the United States; exclusive endorsement.
305.68 Shipments between ports in the continental United States.
305.69 Authorization to agents to execute endorsements.
305.70 Definition of imports.
305.71 Privilege to place additional insurance.

SUBPART A—GENERAL RULES

§ 305.1 *Submission of risks.* All risks should be submitted by letter or telegram addressed to the War Shipping Administration, Washington, D. C., and directed to the attention of the Wartime Insurance Committee. Where risks are offered by telephone, telegraphic confirmation must also be received by the Wartime Insurance Committee before any quotation will be made.

§ 305.2 *Requests for quotations.* Requests for quotations should be received by the Wartime Insurance Committee not later than 4:00 P. M. (Eastern War Time) on the date quotation is desired.

§ 305.3 *Expiration of quotations.* Unless otherwise stipulated by the Wartime Insurance Committee, quotations will hold good until 3:00 P. M. (Eastern War Time) of the first business day following quotation and will expire at that time if not accepted.

§ 305.4 *Acceptance of quotations and evidence thereof.* Acceptance of quotation must be evidenced by (a) telegraphic notice to the Wartime Insurance Committee filed prior to 3:00 P. M. (Eastern War Time) of the first business day following quotation, and (b) delivery of a certified check, cashier's check or money order, made payable to the War Shipping Administration and bearing the serial number of the binder for identification, to War Shipping Administration, Washington, D. C., or any of the following district agents, managers and/or representatives: Baltimore, Md., Boston, Mass., Galveston, Texas, Los Angeles, Calif., Mobile, Alabama, New Orleans, La., New York, N. Y., Norfolk, Va., Philadelphia, Pa., Seattle, Wash., not later than 3:00 P. M. (Eastern War Time) of the first business day following quotation.

§ 305.5 *Attachment of insurance.* No insurance will attach until acceptance of risk has been affected as provided above.

§ 305.6 *Reservation of right to decline quotation.* The Administration reserves the right to decline to quote on any risk submitted, or to defer quoting on risks where prompt sailing of the vessel is not anticipated.

SUBPART B—SPECIAL RULES APPLICABLE TO WAR RISK INSURANCE ON CARGO

§ 305.11 *Information required for cargo quotations.* All requests for quotations, if forwarded by mail, should contain the following information: (a) Name of party to be insured; (b) Payee in event of loss; (c) Description and quantity of goods; (d) Identification of goods insured (i. e. marks and numbers, bill of lading number, or other specific identification); (e) voyage to be insured; (f) Amount of insurance; (g) Name of vessel or steamship line, if know; (h) Anticipated date of shipment from point of origin, whether port or interior. Requests for quotations made by telegram should not contain vessel's name or anticipated date of shipment, but such information should be included in an air mail letter of even date and telegram should state that such a letter has been sent. Copy of said air mail letter should be attached to check delivered to Administration for payment of premium.*

§ 305.12 *Time for shipment.* Risks insured by the Administration must be shipped and in transit within 30 days of date of binder, unless extension of this period is granted by the Wartime Insurance Committee.

§ 305.13 *Interruption or termination of transit.* If transit of goods is interrupted or terminated by the shipper, the consignee, or the assured, or any party acting under their instructions, the insurance shall forthwith terminate unless otherwise agreed on behalf of the Administration by the Wartime Insurance Committee.

§ 305.14 *Special clauses.* All insurances shall be subject to the following clauses, unless otherwise stipulated by the binder:

(a) *Valuation of goods.* In event of loss the valuation of the goods insured hereunder shall not exceed the invoice cost, or if there be no invoice the value of the goods at time and place of shipment, plus transportation and insurance costs actually incurred with respect to the shipment, plus 10%.

(b) *Not water-borne warranty.* Warranted that the goods insured hereunder have not become water-borne on overeas vessels on or prior to the date of this insurance.

Provided, however, That on shipments attaching in United States ports, the following clause may, upon application, be substituted for clause (b)

(c) *Good safety warranty.* Warranted that the interest insured is in good safety in a United States port at day and hour of attachment of risk.

§ 305.15 *Cancellation of insurance.* Insurance once bound is not subject to cancellation unless the goods insured are not shipped and unless policies and binder are returned for cancellation.

§ 305.16 *Coverage at intermediate ports.* Where application therefor is made at the time insurance is bound, the Administration will consider granting, at additional premium, the following indorsement:

In consideration of an additional premium of $_____ it is understood and agreed that Clause 4 (c) of this policy is deleted. It is further understood and agreed that if, owing to circumstances beyond the control of the Assured, the merchandise insured hereunder is landed at an intermediate port other than the intended port of discharge, this insurance shall continue in force subject to all of its terms until the Assured has had a reasonable opportunity to forward the goods to their intended destination, or substituted destination, or to dispose of said goods at port of landing. In the event that prior to the termination of this insurance said goods are forwarded to substituted destination as aforesaid this policy shall continue to cover, subject to its terms, to such substituted destination without further additional premium.

SUBPART C—SPECIAL RULES APPLICABLE TO WAR RISK INSURANCE ON HULL

§ 305.21 *Information required for Hull Quotations.* All requests for quotations, if forwarded by mail, should contain the following information: (a) Flag of vessel; (b) Name of owner; (c) Voyage for which quotation requested and anticipated number of days involved; (d) Amount of insurance requested and total value of vessel for war risk insurance purposes; (e) Statement as to commercial war risk insurance rates; (f) Name of vessel; (g) Expected sailing date. If such requests are forwarded by telegram, name of vessel and sailing date must not appear in the telegram; but such telegram must be supplemented by an air mail letter of even date providing such information, and the telegram must state that such a letter has been sent. Copy of said air mail letter should be attached to check delivered to Administration for payment of premium.

§ 305.22 *Time for sailing.* Vessels insured by the Administration must sail within 30 days of acceptance of risk unless an extension is granted by the Administration and an additional premium paid, if required, or unless some shorter period of time is stipulated by the Administration at time of quotation.

§ 305.23 *Rules accepted subject to current rules, etc.* All risks accepted by the Administration will be subject to the current rules, regulations, conditions and policy forms as prescribed by the Administration, and to the possession by the Assured of a United States Warrant, and in certain instances of a British Ship Warrant.

§ 305.24 *Safe in port warranty.* Unless otherwise specially agreed, all insurances shall be subject to the following warranty:

Warranted vessel safe in port at time of attachment of this insurance.

§ 305.25 *Fixed rates on fleets.* Where an owner desires to insure all of his vessels, or all of his vessels operating in a stated trade, with the War Shipping Administration, the Administration will give consideration to naming fixed rates for all risks attaching within a period of 30 days or 60 days. Where such rates are named by the Administration they must be accepted within 48 hours or such other period as may be stipulated by the Administration. Thereafter, the owner has an obligation to report all such risks to the Administration but no insurance shall attach until such report is made and premium paid as hereinbefore specified. Such reports, containing name of steamer and attachment date, should not be sent by telegram but should be mailed in sufficient time to permit receipt by the War Shipping Administration prior to date of attachment of risk.

SUBPART D—RULES APPLICABLE TO WAR RISK INSURANCE ON CREW INTERESTS

§ 305.31 *Information required for crew interests quotations.* Insurances on crew interests must be submitted to the Administration in accordance with the rules specified for insurance on hulls but the request for quotation should include: (a) Where crew life and dismemberment insurance is required, a statement of the total number of master, officers and crew and total amount of insurance desired; (b) Where insurance covering crew's personal effects is required, a statement of the total amount of such insurance desired, and (c) Where insurance covering owners liability for wages and emergency wages during repatriation or detention is required, a statement as to the annual payroll and as to the total amount of insurance desired. Where insurance is desired for more than one year's wages, the rate quoted by the Administration will be applied to the annual payroll.

§ 305.32 *Decision of Maritime War Emergency Board.* Subject to the limits of insurance requested by the owners of the vessel in each case, insurances on crew interests will be in accordance with the decisions of the Maritime War Emergency Board, in effect at time of binding risk.

SUBPART E—AMENDMENTS TO RULES

§ 305.41 *Incorporation of amendments in bulletins.* Amendments to these rules and regulations will be incorporated in a series of bulletins which will be issued by the Administration from time to time and which will be numbered consecutively. Copies of these bulletins will be available upon request to parties properly interested therein. The foregoing rules and regulations will be incorporated in Bulletin No. 1 of such series.

§ 305.42 *Schedules of war risk rates.* Schedules of war risk rates will be similarly issued by the Administration. Where special circumstances exclude particular ships or cargoes from the rates quoted in the bulletins, rates may be named upon application to the War-time Insurance Committee. (Approved, March 16, 1942) [General Order No. 6, 7 F.R. 2748]

OPEN CARGO RISK INSURANCE

Effective as of August 1, 1942, the War Shipping Administration is prepared to provide open cargo war risk insurance policies covering imports to the continental United States (excluding Alaska), from foreign ports and from territories and possessions of the United States (including Alaska). Such open policies will be subject to the standard war risk import open cargo policy form of the War Shipping Administration hereinafter referred to as the Warshipopencargo Form and published in the FEDERAL REGISTER as a part hereof. All such policies will be issued on behalf of the War Shipping Administration by Underwriting Agents appointed by the Administration for this purpose. Underwriting Agents will in all instances be insurance companies licensed to do a marine insurance business in a State of the United States.

§ 305.50 *Rules of procedure on open cargo war risk insurance on import cargoes.* The following specific rules have been promulgated in connection with insurance under such open policies:

(a) Applications for open policies must be filed in accordance with the form attached hereto, such filing to be made to an Underwriting Agent of the War Shipping Administration. All applications for open policies must specify the basis of valuation to be incorporated therein. The Assured shall have the option at the time of application of selecting one of the two following alternative bases of valuation:

(1) Invoice cost, plus transportation and insurance charges actually incurred with respect to the insured shipment, plus such percentage thereof as may be specified in the policy but not exceeding 10%. Where invoice is in foreign currency, amount to be converted to U. S. dollars at the mean rate of exchange at New York upon date of shipment as indicated by the Bill of Lading or otherwise.

(2) A value per unit to be specified in the policy.

Regardless of which option is selected, the assured shall recover only his actual out of pocket loss and the policy shall embody the following clause:

"In the event of loss the Assured shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the Assured exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of section 35 (a) of the Criminal Code."

(b) All applications for open cargo war risk insurance policies must maintain with the War Shipping Administration either a collateral deposit fund or a surety bond subject to the following regulations:

(1) Applicant wishing to establish a collateral deposit fund in compliance with the foregoing may do so by depositing with the Underwriting Agent of the War Shipping Administration through whom the open policy is to be issued a certified check or cashier's check payable to the order of the Treasurer of the United States in an amount as hereinafter provided, together with a letter of transmission in duplicate in accordance with the attached form. Such deposit when received will be held under a serial number assigned thereto until the cancellation of said open cargo policy and until final settlement of all premiums due thereunder has been effected. Until such time no part of such collateral deposit fund will be returned to the depositor unless otherwise specifically agreed by the War Shipping Administration. Assureds depositing additional certified or cashier's checks or money orders with the Underwriting Agent in order that their collateral deposit fund may be at all times sufficient to comply with Clause 13 of Part II of said Open War Risk Insurance Policy should refer to the serial number given to the original deposit as provided in Paragraph C of this bulletin.

In the event any Assured fails to pay all premiums due under any Open War Risk Insurance Policy issued to him by the War Shipping Administration as the same become due and payable, the War Shipping Administration reserves the right to cancel the policy in accordance with its terms and to deduct such due amounts from such Assured's collateral deposit fund.

No deposit will be accepted in accordance with the terms of this supplement unless amounting to $1,000.00 or more.

(2) Applicant wishing to furnish a surety bond in compliance with the foregoing shall present to the Underwriting Agent of the War Shipping Administration through whom the policy is issued a surety bond executed by the Assured as Principal and by the Surety, the bond to be in the amount desired by the Assured: *Provided, however,* That in no event shall it be for an amount less than $1,000. The sufficiency of the surety shall be subject to approval by the War Shipping Administration: *Provided, however,* That the Underwriting Agent may accept on behalf of the War Shipping Administration a surety bond executed by a surety on the approved list of the Treasury Department for the acceptance of bonds to secure obligations due the United States, provided the bond is within the maximum amount for which the surety is so authorized to write bonds as shown by the said approved list.

If the proposed surety is not on said approved list, the Underwriting Agent, before accepting the surety bond, shall first secure the specific written approval of the Assistant Deputy Administrator for Fiscal Affairs, War Shipping Administration, or his properly authorized designee.

In the event any Assured fails to pay all premiums due under any open war risk insurance policy issued to him by the War Shipping Administration as the same become due and payable, the policy will be subject to cancellation and the premium involved will become a liability collectible under said bond.

The form of bond shall be as hereinafter set forth, and no variation therefrom shall be permitted except with the express written approval of the Director of Wartime Insurance and the General Counsel, War Shipping Administration.

(3) The amount of collateral deposit fund or surety bond as aforesaid must in no event be less than $1,000 and must at all times be maintained by the Assured in an amount sufficient so that at all times such amount is in excess of the unpaid premium due with respect to any and all risks which have attached under the terms of the open policy. Failure to comply with this provision will automatically void such policy.

(c) *Provisional reports.* Within thirty days after issuance of each open policy the Assured must file in duplicate with the Underwriting Agent a list of all anticipated imports coming within the scope of the policy, identifying each item by a serial number and by a statement as to approximate quantity or value and anticipated date of shipment if known; thereafter, not less frequently than once monthly the Assured must report to the Underwriting Agent in duplicate all further commitments as to imports with respect to goods coming within the scope of the policy. All such provisional reports must be on standard form in accordance with the attached.

(d) *Closing reports.* Not later than the twenty-fifth day of each month, the Assured must make reports to the Underwriting Agents of all shipments as prescribed in Clause 12 of Part II of Warshipopencargo form and must pay premium in accordance with the terms thereof. Such reports must be in duplicate and upon standard form in accordance with the attached specimen, and must be supported by the execution of the affidavit embodied in said form.

In the event that the Assured has no shipments to report during any given month the standard form of closing report must nonetheless be filed as prescribed herein, with the notation thereon. It is certified that no shipments coming within the scope of the policy arrived at port of destination in continental United States during the preceding month, and that during said month no knowledge has come to the Assured of shipments attaching under the terms of the policy which will not arrive by reason of loss, frustration or other similar cause.

(e) All closing reports as called for by the preceding Article must be accompanied by a certified check for the full amount of the premium, computed on the basis provided for in the policy. Such checks must be made payable to the order of the Treasurer of the United States.

(f) *Return premiums.* No return premiums will be payable to the Assured except in event of error in application of rate or in computation of premium, or in event goods are not shipped or are short-shipped. All claims for return premiums must be filed in standard form prescribed by the War Shipping Administration, per specimen form attached. Such form must be filed in quadruplicate with the Underwriting Agents who will transmit the same to the War Shipping Administration for payment.

(g) No special policy of insurance will be issued with respect to shipments covered under open policies provided in accordance with this section.

(h) All claims for losses recoverable under the terms of open cargo war risk insurance policies issued by the War Shipping Administration should be filed by the Assured with the Underwriting Agent by whom the policy was issued. Such claims should be supported by the customary documents required in connection with war risk insurance claims, together with the affidavit referred to in paragraph (a) hereof, and such further data as may now or hereafter be required by the War Shipping Administration.

(i) The following standard forms, to be used in carrying out the foregoing, are hereby prescribed:

§ 305.51 *Application form for open policy.*

UNITED STATES OF AMERICA, WAR SHIPPING ADMINISTRATION, WARSHIPOPENCARGO POLICY APPLICATION

IMPORTS ONLY

Effective with respect to shipments (a) under Ocean Bills of Lading dated on and after _____, (which shall be not earlier than the date of issuance of the policy), or (b) if Ocean Bills of Lading not issued under equivalent shipping documents dated on and after said date, or (c) if no Ocean Bills of Lading or equivalent shipping documents are issued or the same are undated, laden on overseas vessels on and after said date, a War Risk Open Policy containing the warranties and conditions promulgated in Supplement 1 of General Order No. 6 of the War Shipping Administration is requested by:

Name of Assured _____

Address _____ _____ _____
No. Street City

_____ _____
County State

Merchandise not to be covered, if any _____

Does applicant require coverage of goods on shore (subject to additional premium as required by W. S. A.) where such goods are discharged short of destination _____?

The applicant must select ONE of the following valuation clauses. Indicate by check mark your selection, and if Clause (a) is selected, insert desired percentage not exceeding 10%:

(a) Invoice cost plus transportation and insurance charges actually incurred with respect to the insured shipment, plus _____ per cent. Where invoice is in foreign currency, amount to be converted to United States dollars as per policy provisions.

(b) A specified value per unit, viz., $_____ per _____

Regardless of which valuation clause is selected, the following policy provision shall apply:

"In the event of loss the Assured shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the Assured, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of Section 35 (a) of the Criminal Code."

Assured _____
By _____
Title _____

This application must be accompanied by either (a) Standard Form of Transmittal of Collateral Deposit Fund with accompanying Cashier's or certified check, or (b) Standard Form of Surety Bond executed by the Assured as Principal and by the Surety, complying in either case with all applicable provisions of Clause (b) of General Order No. 6, Supplement 1. Shipments with respect to which premiums are not covered in full by the amount of such collateral fund or surety bond will not be insured under the policy.

§ 305.52 *Standard form of provisional report.* The Assured represents that he has no knowledge of any facts or circumstances which would render incorrect, incomplete, untrue, or misleading, any statements contained in this Provisional Report.

War Shipping Administration
Department of Commerce Building
Washington, D. C.

Attention: Director, Wartime Insurance

DEAR SIRS: The undersigned, an insurance company duly admitted to transact the business of marine insurance in the following State or States of the United States, ---------- hereby applies for appointment as Underwriting Agent of the Administrator, War Shipping Administration, to issue and execute open war risk cargo insurance policies on behalf of the United States of America, acting by and through the Administrator, War Shipping Administration, and to perform other functions and duties, as are more specifically set forth in the standard form of underwriting agency agreement adopted by the Administrator and promulgated in the Federal Register of the United States on the ------ day of ----------, 1942. In connection with this application, we are transmitting herewith three executed counterparts of an underwriting agency agreement in such standard form. Upon the execution of said agreement by or on behalf of the Administrator and the receipt from the Administrator of a duly executed Certificate of Designation of ourselves as underwriting agent and attorney in fact for the War Shipping Administration, this appointment shall thereupon become effective.

§ 305.58 *Standard form of underwriting agency agreements.*

UNDERWRITING AGENCY AGREEMENT

This Agreement made and entered into this ------ day of ----------, 194--, by and between the Administrator of the War Shipping Administration, acting for and on behalf of the United States of America, (hereinafter called the "Administrator") and ----------, a corporation organized and existing uder the laws of ----------, and admitted to do the business of marine insurance in one or more of the States of the United States, having an office for the transaction of business at ----------, (hereinafter called the "Underwriting Agent"),

WITNESSETH:

Whereas under and pursuant to the President's Executive Order 9054 of February 7, 1942, and Public Law 523 of the Seventy-seventh Congress, the Administrator is authorized under certain circumstances to provide marine insurance and reinsurance against loss or damage by the risks of war, and to exercise this power through such officials or agencies and in such manner as he may determine; and

Whereas the Administrator has determined to exercise certain of these powers for the insurance of cargo through certain private insurance corporations, including the Underwriting Agent, upon the terms and conditions hereinafter set forth;

Now, therefore, in consideration of the premises and of the mutual covenants and agreements, and upon the terms and conditions hereinafter set forth, the parties hereto agree as follows:

1. The Administrator hereby authorizes the Underwriting Agent, as Agent, and not as an independent contractor, to perform the functions hereinafter provided for, subject to the terms and conditions hereinafter specified, and in accordance with the Memoranda of Instructions which may be issued hereunder by the Administrator from time to time.

2. The Underwriting Agent agrees to utilize its offices and facilities to make available to the public the insurance of cargoes against war risks furnished by the Administrator. The Underwriting Agent may act through its Home Office, branch offices or agencies in the United States, its territories or possessions, which are authorized to write marine insurance on behalf of the Underwriting Agent.

The duties of the Underwriting Agent shall be as follows:

(a) The Underwriting Agent shall issue policies covering the class or classes of property and subject to the rates and conditions named by the Administrator. The insurer under such policies shall be the Administrator, and the policy shall be executed or countersigned by the Underwriting Agent.

(b) The Underwriting Agent shall keep a full and complete record of all such policies, and shall also record any premium, collateral deposit fund, or surety bonds required by the terms of such policy, so that a record may be available at all times to the Administrator, both as to all policies issued and as to all Collateral deposit funds or surety bonds provided by the assured in connection with such policies.

(c) The Underwriting Agent shall receive customary Provisional Reports from policyholders, and subject to such regulations as may be adopted by the Administrator, shall take the necessary steps to follow up the same.

(d) The Underwriting Agent shall accept monthly Closing Reports from each policyholder for transmission to a clearing organization which shall be appointed or created by the Administrator for this and other purposes. The Underwriting Agent shall also receive certified checks drawn to the Treasurer of the United States for the premiums involved, if the premiums have not been previously paid, which checks shall be deposited by the Underwriting Agents in the Federal Reserve Bank nearest to its office, or in such other bank as may be authorized by the Administrator to receive such deposits. The Underwriting Agent is to receive from the bank in which the deposits are made receipts therefor in such number as may be prescribed in general instructions to the Agent and handle the receipts so received in accordance with such general instructions.

(e) The Underwriting Agent shall prepare a monthly summary of all such Closing Reports on a standard form to be approved by the Administrator and transmit the same, together with supporting Closing Reports and receipts for deposits made as above provided, to the clearing organization.

(f) The Underwriting Agent shall receive from holders of policies issued by such Underwriting Agent any claims for return premiums in a standard form to be prescribed by the Administrator and shall certify thereon, if such is the fact, that the amounts with respect to which such return is claimed were previously included in closing reports submitted to the Administrator and that based upon the statements included in such application by the Assured the return premium applied for is payable in accordance with the regulations of the Administration. Such applications and certifications shall be transmitted promptly to the clearing organization.

(g) The Underwriting Agent shall receive reports of losses, prepare adjustments and vouchers, and other data, required by the Administrator, and submit the same with its recommendation as to whether claims are in order for settlement to the Administrator through the clearing organization.

(h) The Underwriting Agent will cooperate with other Underwriting Agents acting in a similar capacity to establish and maintain, through the American Institute of Marine Underwriters or otherwise, an advisory underwriting committee to deal with specific underwriting problems, subject to regulations of the Administrator, and such other advisory committees as may seem necessary to safeguard the interest of the Administrator, including a loss committee to act as a recipient for information as to losses, and to pass upon any recommendations made by the Underwriting Agent as to losses in excess of an amount to be fixed by the Administrator.

3. The Underwriting Agent shall receive for its services such amount as the Administrator may from time to time determine to be fair and reasonable compensation. Such compensation shall be determined by the Administrator at such sums as reasonably approximate expenses of Underwriting Agents generally under this form of agreement without contemplation of profit. In addition to such fair and reasonable compensation the Underwriting Agent shall receive reimbursement for out of pocket expenditures reasonably incurred, meaning payments to persons not regularly employed by the Underwriting Agent, but excluding payments to attorneys unless such employment has been authorized by the Administrator: *Provided, however,* That all such expenditures shall be subject to the review of the Administrator: *And further provided,* That such expenditures shall not include any fee or other consideration paid to an insurance broker or other person acting in a similar intermediary capacity.

A statement of the compensation due to the Underwriting Agent (including reimbursement for out of pocket expenses as herein provided) shall be submitted by the Underwriting Agent to the Administrator monthly or at such other intervals as the Administrator may direct, with an appropriate voucher, and the amount of such compensation, if approved, shall be promptly paid to the Underwriting Agent.

4. In the discharge of the duties and obligations arising under this agreement, the Underwriting Agent shall conform to a standard of performance and accuracy reasonably to be expected of an insurance company in the administration of its own business, and consistent with the highest decree of good faith. It is agreed, however, that as the Underwriting Agent is acting without expectation of profit, it shall not be responsible for errors or omissions of agents and employees in whose selection and supervision it has exercised reasonable care (other than willful misconduct on the part of the principal officers of said Underwriting Agents) excepting that the Underwriting Agent assumes full and complete responsibility for the disposition of any funds received by it or its employees or agents under and pursuant to this agreement. The exercise of reasonable care in the selection of agents by the Underwriting Agent shall be deemed to include a determination by the Underwriting Agent that the agent so selected is experienced in the transaction of such phases of the marine insurance business as may be delegated to such agent by the Underwriting Agent. It is understood that the Underwriting Agent is or may be engaged in writing war risk insurance on hulls and cargoes for its own account, and it is agreed that it may write such insurance notwithstanding its operations on behalf of the Administrator.

5. All books, records and accounts covering the operations and activities under this agreement shall be kept separate from those relating to other business of the Underwriting Agent, in accordance with regulations made from time to time by the Administrator, and shall at all times be subject to inspection by the Administrator.

6. It is recognized that in the conduct of its operations and activities hereunder the Underwriting Agent shall act only as agent for the Administrator, who shall be the principal in connection with all such operations and activities. The Underwriting Agent shall have no authority other than as provided in this Agreement and in Memoranda of Instructions issued hereunder, and any unauthorized acts of said Underwriting Agent shall be null and void, and of no effect. It is agreed that the Administrator will issue to the Underwriting Agent a Certificate of Designation authorizing the Underwriting Agent to execute and issue war risk cargo policies of insurance in the name of the United States of America and to perform the other duties and functions provided for herein. It is further agreed, in view of the fact that the statutory power of the Administrator to write insurance is conditioned on the existence of certain facts of which the Underwriting Agent may have no knowledge or means of knowledge, that the Underwriting Agent may insert in all policies above its signature, a statement that it acts solely under the said Certificate

§ 305.53 *Standard form of closing report.* To be filed in duplicate.

§ 305.56 *Standard form of application for appointment of underwriting agent.*

War Shipping Administration
Department of Commerce Building
Washington, D. C.

Attention: Director, Wartime Insurance

DEAR SIRS: The undersigned, an insurance company duly admitted to transact the business of marine insurance in the following State or States of the United States, _____ hereby applies for appointment as Underwriting Agent of the Administrator, War Shipping Administration, to issue and execute open war risk cargo insurance policies on behalf of the United States of America, acting by and through the Administrator, War Shipping Administration, and to perform other functions and duties, as are more specifically set forth in the standard form of underwriting agency agreement adopted by the Administrator and promulgated in the Federal Register of the United States on the _____ day of _____, 1942. In connection with this application, we are transmitting herewith three executed counterparts of an underwriting agency agreement in such standard form. Upon the execution of said agreement by or on behalf of the Administrator and the receipt from the Administrator of a duly executed Certificate of Designation of ourselves as underwriting agent and attorney in fact for the War Shipping Administration, this appointment shall thereupon become effective.

Dated _____

of Designation and makes no warranty, either express or implied, of its own authority or the authority of the Administrator to sign or issue the said documents.

7. Notwithstanding the provisions of paragraph 3 hereof, in the event that the Underwriting Agent, after giving notice to the Administrator, shall be compelled to pay to any state, territory, or possession of the United States, or political subdivision thereof any tax or fee or interest or penalty relating thereto claimed to be due by reason of the business transacted pursuant to this agreement and which would not have been payable except for the operation of the Underwriting Agent hereunder, the Underwriting Agent shall be reimbursed by the Administratof therefor, and for any special expenses necessarily incurred in connection therewith. Moreover, if the Administrator shall reject any claim for loss under any policy of insurance issued pursuant to this agreement and if legal proceedings be instituted against the Underwriting Agent with respect to such claim, or if the Underwriting Agent shall be obligated to defend any legal suit or proceeding on account of its action in rejecting any application or failing to issue any policy or in canceling any policy, or in denying the payment of any return premium, the Administrator shall, upon due notice at his expense, defend such proceeding and if in any such proceeding the Underwriting Agent be compelled to make payment, the Administrator shall reimburse the Underwriting Agent for the amount thereof, provided always the action of the Underwriting Agent complained of shall have been consistent with the standard of performance required hereunder. In any of the foregoing cases, the Underwriting Agent shall render to the Administrator such reasonable cooperation and assistance as the Administrator may require.

8. This agreement shall take effect as of the date of its execution by the Administrator and continue in force until terminated. It may be terminated, as of midnight on the last day of any calendar monthby either party giving at least fifteen (15) days prior written notice to the other party by registered mail. Such termination shall not effect the obligation of the parties hereunder with respect to any insurance written or expenses incurred prior thereto.

9. Any act or thing herein required or permitted to be done hereunder by the Administrator may be done by such other official or officials of the War Shipping Administration as the Administrator may designate.

10. (a) The Underwriting Agent warrants that it has not employed any person to solicit or secure this agreement upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the United States the right to annul this agreement, or, in its discretion, to deduct from any amount payable hereunder the amount of such commission, percentage, brokerage, or contingent fee.

(b) In any act performed under this agreement the Underwriting Agent shall not discriminate against any citizen of the United States of America on the ground of race, creed, color or national origin.

11. No person elected or appointed a member of or delegate to Congress or a Resident Commissioner, directly or indirectly, himself or by any other person in trust for him, or for his use or benefit, or on his account shall hold or enjoy this agreement in whole or in part, except as provided in Section 206, Title 18, U. S. C. The Underwriting Agent shall not employ any member of Congress, either with or without compensation, as an attorney, agent, officer or director.

In witness whereof the parties hereto have duly executed this Agreement in triplicate as of the day and year first above written.

Form

UNITED STATES OF AMERICA WAR SHIPPING ADMINISTRATION

FORM OF POLICY

Part I

This policy shall consist of this Part I and Part II published in the FEDERAL REGISTER under date of July 30, 1942, as part of Supplement I to General Order No. 6 of the War Shipping Administration. Part II shall be deemed incorporated herein and made a part of this contract, and this contract shall be subject to the terms and conditions of both parts. This policy may be amended by endorsement attached hereto and executed on behalf of the Administrator of the War Shipping Administration by a duly authorized underwriting agent pursuant to prior written or telegraphic instructions from the War Shipping Administration or by publication of an amendment to the Warshipopencargo Policy form in the FEDERAL REGISTER. In the latter event such amendment shall become effective 48 hours after the date of such publication unless a longer period is provided for therein, but such amendment shall not affect any shipments which attached hereunder prior to the expiration of such period. In the event that the Assured is unwilling to accept any amendment to this policy as aforesaid, he shall have the option of terminating this policy as of the effective date of such amendment upon written or telegraphic notice to the Administrator, War Shipping Administration prior to such effective date.

In consideration of a collateral deposit,fund or surety bond to be established in accordance with Clause 13 of Part II of this policy, and of premiums computed and paid as provided in Clause 12, Part II of this policy, War Shipping Administration by this policy of insurance hereby insures---------- against War Risks as specified in Part II with respect to all imports to the Continental United States, excluding Alaska (except as to such imports as may be specifically excluded from this policy by special agreement noted hereon by endorsement) shipped to or consigned to the Assured and for his account and risk or shipped to other parties within the United States for the account and at the risk of the Assured:

a. Under ocean Bills of Lading dated on or after ----------, or

b. If ocean Bills of Lading not issued, under equivalent shipping documents dated on or after said date, or

c. If no ocean Bills of Lading or equivalent documents are issued or the same are undated, laden on overseas vessel on and after said date.

For the purpose of this insurance, goods insured hereunder shall be valued at -------

In the event of loss the Assured shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the Assured, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of Section 35 (a) of the Criminal Code.

This policy may be cancelled at any time upon 15 days written or telegraphic notice to or by the Assured or 15 days subsequent to the publication of a notice of cancellation in the FEDERAL REGISTER: *Provided, however,* That no such cancellation shall terminate this policy with respect to any shipments which have become a risk under the terms hereof prior to the effective date of such notice.

In the event of loss which may give rise to claim under this policy, prompt notice should be given to the Underwriting Agent of the War Shipping Administration by whom this policy is countersigned.

Any loss payable hereunder shall be payable in funds current in the United States, to the order of ---------- 30 days after full proofs of loss and proofs of interest have been filed with the War Shipping Administration.

In witness whereof the War Shipping Administration has caused this policy to be signed by the Administrator at Washington, D. C. but this policy shall not be valid unless countersigned by a duly authorized Underwriting Agent of the War Shipping Administration.

(Sgd.) E. S. LAND,
E. S. Land,
Administrator.

Its ----------

*The Underwriting Agent does not, by countersigning and issuing this policy or otherwise, warrant its own authority, or the authority of the War Shipping Administration, to issue this Policy, but acts solely under the power conveyed by the Standard Form of Certificate of Designation issued by the War Shipping Administration.

Optional Clause which may be attached to Warshipopencargo Policy by endorsement:

In consideration of such additional rate as may be prescribed from time to time by the War Shipping Administration, it is understood and agreed that Clause 4 c of Part II of this policy is deleted.

It is further understood and agreed that, if owing to circumstances beyond the control of the Assured, the merchandise insured hereunder is landed at an intermediate port other than the intended port of discharge, this insurance shall continue in force subject to all of its terms until the Assured has had a reasonable opportunity to forward the goods to their intended destination, or substituted destination, or to dispose of said goods at port of landing. In the event that prior to the termination of this insurance said goods are forwarded to substituted destination as aforesaid this policy shall continue to cover, subject to its terms, to such substituted destination without further additional premium. This insurance shall also continue in force as aforesaid if the merchandise insured hereunder subsequent to attachment of this insurance is discharged at the port of loading but only provided that at the time of such discharge title to and interest in the goods is vested in a citizen of the United States, and such insurance shall terminate if at any time during the continuance of such insurance as aforesaid title to and interest in the goods shall no longer be vested in a citizen of the United States.

§ 305.60 *Standard form of Warshipopencargo policy.*

UNITED STATES OF AMERICA WAR SHIPPING ADMINISTRATION

FORM OF POLICY

Part II

1. This insurance is only against the risks of capture, seizure, destruction, or damage by men of war, piracy, takings at sea, arrests, restraints and detainments, and other warlike operations and acts of kings, princes, and peoples in prosecution of hostilities or in the application of sanctions under international agreements, whether before or after declaration of war and whether by a belligerent or otherwise, including factions engaged in civil war, revolution, rebellion or insurrection, or civil strife arising therefrom, and including the risks of aerial bombardment, floating or stationary mines, and stray or derelict torpedoes; but excluding claims for delay, deterioration and/or loss of market, and warranted not to abandon (on any ground other than physical damage to ship or cargo) until after condemnation of the property insured. Also warranted not to abandon in case of blockade, and free from any claims for loss or expense in consequence of blockade or of any attempt to evade blockade; but in the event of blockade, to be at liberty to proceed to an open port and there end the voyage.

2. Warranted free from any claim based upon loss of, or frustration of, the insured voyage or adventure caused by arrests, restraints or detainments.

3. This insurance does not cover any loss or damage caused by or resulting from any of the following causes:

(a) Commandeering, preemption, requisition, or nationalization by the government (de facto or otherwise) of the country to or from which the goods are insured.

(b) Seizure or destruction under quarantine or customs regulations.

(c) Capture, seizure, arrest, restraint, detainment, or condemnation by the Government of the United States of America, or of any State, territory, or possession thereof, or by any government which is or may become party signatory of the "United Nations Pact" promulgated on or about January 2, 1942.

4. This insurance shall not attach to the interest hereby insured or to any part thereof:

(a) Prior to being on board an overseas vessel (for the purpose of this clause 4 an overseas vessel shall be deemed to mean a vessel carrying the interest from one port or place to another where such voyage involves a sea passage by that vessel);

(b)after being discharged overside from an overseas vessel at the final port of discharge, or after expiry of fifteen days counting from midnight of the day on which the overseas vessel is safely anchored or moored at the final port of discharge, whichever shall first occur;

(c) at a port or place of transshipment to another overseas vessel after the expiry of fifteen days (counting from midnight of the day on which the overseas vessel entering with the interest is safely anchored or moored) until the interest is on board the oncarrying overseas vessel.

In the event of the exercise of any liberty granted to the Shipowner or Charterer under the contract of affreightment whereby such contract is terminated at a port or place other than the destination named therein such port or place shall be deemed the final port of discharge for the purpose of this clause 4.

5. Subject to the terms of clause 4 above and to any conditions or warranties which may be endorsed hereon, it is agreed that this insurance shall not be vitiated by deviation, overcarriage, change of voyage, or by any error or unintentional omission in the description of interest, vessel or voyage, provided the same be communicated to the War Shipping Administration as soon as known to the Assured and an additional premium paid if required.

6. And in case of any loss or misfortune, it shall be lawful and necessary to and for the Assured, his or their factors, servants and assigns to sue, labor, and travel for, in and about the defense, safeguard, and recovery of the said goods and merchandises, or any part thereof without prejudice to this insurance; nor shall the acts of the Assured or Assurers, in recovering, saving, and preserving the property insured, in case of disaster, be considered a waiver or an acceptance of an abandonment; and to the charges whereof, the said Assures will contribute according to the rate and quantity of the sum hereby insured.

7. General Average and salvage charges (resulting from a peril hereby insured against) payable according to Foreign Statement or York-Antwerp Rules if in accordance with the contract of affreightment.

8. Notwithstanding anything to the contrary contained in this policy, it is understood and agreed:

(a) That no claim for freight, storage, or other expense due to the requisition or commandeering of the title or use of any vessel by or with the consent of the country whose flag she flies shall be payable under this insurance, and if as a result of such requisition or commandeering the insured cargo is discharged at a port or place other than the port or place of destination, the port or place of discharge shall be deemed a port or place of transshipment within the meaning of clause 4 (c) of this Policy.

(b) That if any vessel shall be ordered into or detained in any port by the United States Government or by any government which is or may become party signatory of the "United Nations Pact" and the goods hereby insured shall be discharged at such port, then, if the goods be not the subject of proceedings of the nature set forth in clause 3 (a), such port or place of discharge shall be deemed a port or place of transshipment within the meaning of clause 4 (c) of this Policy.

9. If the ordinary course of transit of the goods hereby insured is interrupted or terminated by the shipper, consignee, or assured or any party acting on their behalf, this insurance shall forthwith terminate unless otherwise specially agreed by the War Shipping Administration.

10. This insurance shall include loss, damage or destruction of the property insured caused by saboteurs or other enemy agents.

11. It is a condition of this insurance that with respect to all risks coming within the scope of this Policy, the Assured shall file with the Underwriting Agent Provisional Reports in the manner and form required by such regulations as may be promulgated by the War Shipping Administration from time to time.

12. It is warranted that not later than the 25th day of each month, the Assured will file with the Underwriting Agent closing reports in the manner and form required by such regulations as may be promulgated by the War Shipping Administration from time to time of all shipments coming within the scope of this policy:

(1) Which have arrived at port of destination in the Continental United States during the preceding month, and,

(2) With respect to which inability to so arrive is by reason of loss, frustration, or other similar cause, comes to the knowledge of the Assured during the preceding month.

And will pay premium thereon at the rate prescribed by the War Shipping Administration and in effect:

a. On date of Ocean Bill of Lading, or

b. If Ocean Bill of Lading not issued, on date of equivalent shipping document, or

c. If no Ocean Bill of Lading or equivalent shipping document issued, or if same are undated, on date goods are laden on overseas vessel.

13. It is warranted that the Assured will at all times maintain with the War Shipping Administration a Collateral Deposit Fund sufficient in amount to satisfy all premiums due under this Policy with respect to risks which have attached hereunder and upon which premiums have not already been paid, or that in lieu of such Collateral Deposit Fund a surety bond in form prescribed by the War Shipping Administration will be filed with the Underwriting Agent and maintained in full force and effect. If at any time the Collateral Deposit Fund or surety bond is not sufficient to cover all shipments at risk hereunder on which the premium has not been paid, all shipments which would otherwise become at risk hereunder after the said bond or fund is exhausted shall be excluded from any coverage under this Policy. Such collateral deposit fund or surety bond must be maintained in accordance with all rules and regulations of the War Shipping Administration.

14. The Assured warrant and agree that it will regularly keep books, records and accounts in such manner and form that all information available to the Assured as to the amounts at risk and the amounts of losses incurred and premiums due can be readily ascertained therefrom by the War Shipping Administration. The Assured, as often as may be reasonably required, shall exhibit such books, records and accounts to any person designated by the War Shipping Administration, and submit to examinations under oath by any person named by the War Shipping Administration, and subscribe the same.

15. This insurance shall not be invalidated by any error or omission in the filing of Provisional or Closing Reports which is demonstrated to the satisfaction of the Administrator to have been inadvertent or unintentional, or by any failure to report which is demonstrated to the satisfaction of the Administrator to have arisen from causes beyond control of the Assured.

§ 305.61 *Standard form of surety bond.*

Know all men by these presents, That We ---------- of ----------, as Principal, and ----------, as Surety, are held and firmly bound unto War Shipping Administration in the sum of ---------- ($--------) Dollars, to the payment of which we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors, and assigns.

The condition of this obligation is such that whereas War Shipping Administration has issued and delivered to ---------- Principal, on the -------- day of ----------, 1942, that certain Open War Risk Insurance Policy #--------, and ----------

Whereas, War Shipping Administration has agreed to accept this bond as a guarantee of the payment of all premiums due and payable under the terms and conditions of such Open War Risk Insurance Policy #----------, or endorsements thereto or modifications thereof whether or not consented to by the Surety.

Now, therefore, if the Principal shall well and truly pay unto War Shipping Administration the premiums due under the said Open War Risk Insurance Policy at the times and in the manner provided therefor in said Policy, then this obligation is to be void; otherwise to remain in full force and effect;

Provided, however, This bond is executed by the Surety, upon the following express conditions, which shall be precedent to the right of recovery hereunder.

1. If the Principal shall fail to file with the Underwriting Agent of the War Shipping Administration on or before the 25th day of each month during which this bond is in effect, a sworn statement of values of import shipments covered under the policy during the preceding calendar month and concurrently therewith pay to War Shipping Administration the premiums called for by said sworn statement, then the War Shipping Administration shall so notify the Surety as soon as practicable but in no event later than 45 days from date such sworn statement is due; and, in such event the Surety shall not be liable for any premiums accruing on risks attaching subsequent to date of such notice under said Open War Risk Insurance Policy.

2. This bond may be cancelled by either the Principal or the Surety at any time upon fifteen days (15) written or telegraphic notice to the Director of Wartime Insurance of War Shipping Administration at Washington, D. C., but such cancellation shall not affect the liability of the Principal and the Surety hereunder for premiums on risks attaching on or prior to expiration of said fifteen (15) days period.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this -------- day of ---------- 19----, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(j) The provisions of this Supplement No. 1 of General Order No. 6 shall govern all transactions falling within its scope, anything to the contrary in said General Order No. 6 notwithstanding, but nothing herein shall be construed to affect the provisions of such General Order No. 6 as the same may be applicable to other insurance transactions.

(k) Amendments to these rules and to the standard forms may be made from time to time in the form of Supplements to this General Order. Such supplements, unless otherwise specified, shall become effective 48 hours after the date of publication of such supplement in the FEDERAL REGISTER. (Approved July 29, 1942) [General Order No. 6, Supplement 1] 7 F.R. 5881.

§ 305.62 *Extended transshipment clause.* Section 305.59 for attachment to Warshipopencargo policy form incorporated in §§ 305.50 to 305.61 inclusive as published in the FEDERAL REGISTER of July 30, 1942, reading as follows:

In consideration of such additional rate as may be prescribed from time to time by the War Shipping Administration, it is understood and agreed that Clause 4 c of Part II of this policy is deleted.

It is further understood and agreed that, if owing to circumstances beyond the control of the Assured, the merchandise insured hereunder is landed at an intermediate port other than the intended port of discharge, this insurance shall continue in force subject to all of its terms until the Assured has had a reasonable opportunity to forward the goods to their intended destination, or substituted destination, or to dispose of said goods at port of landing. In the event that prior to the termination of this insurance said goods are forwarded to substituted destination as aforesaid this policy shall continue to cover, subject to its terms, to such substituted destination without further additional premium. This insurance shall also continue in force as aforesaid if the merchandise insured hereunder subsequent to attachment of this insurance is discharged at the port of loading but only provided that at the time of such discharge title to and interest in the goods is vested in a citizen of the United States, and such insurance shall terminate if at any time during the continuance of such insurance as aforesaid title to and interest in the goods shall no longer be vested in a citizen of the United States. All other terms and conditions remaining unchanged.

is hereby designated "Warshipopencargo Policy"—Standard Optional Endorsement #I.

§ 305.63 *Goods sold while en route.* The following Standard Optional Endorsement, hereinafter to be referred to as "Warshipopencargo Policy—Standard Optional Endorsement #II", is hereby promulgated:

It is understood and agreed that in the event that goods insured hereunder are sold by the Assured subsequent to the attachment of risk hereunder, on terms requiring the Assured to provide war risk insurance to the port of discharge, this insurance shall remain in full force and effect. The Assured may assign to the purchaser any rights under this policy in event of loss, but this assignment shall not relieve the Assured from any of his responsibilities or obligations under the terms of this policy, and in the event of loss the amount collectible hereunder shall in no event exceed the amount which would have been collectible by the Assured in the event the goods had not been sold by him. All other terms and conditions remaining unchanged.

§ 305.64 *Goods insured by shipper.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #III", is hereby promulgated:

In consideration of the payment of premium as hereinafter provided, this policy is extended to cover goods otherwise coming within the scope of this policy but shipped by the Assured and for his account and risk, or shipped by the Assured and sold by him prior to shipment on terms requiring him to provide War Risk Insurance to the port of discharge. The Assured agrees to file separately, upon the Standard Forms provided for in Supplement No. 1 of General Order No. 6, Provisional and Closing Reports of all shipments to insured, such report to be filed subject to all of the rules and conditions as set forth in said General Order. In the event that with the consent of the War Shipping Administration claim is filed by the purchaser said purchaser shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the claimant, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of section 35 (a) of the Criminal Code. All other terms and conditions remaining unchanged.

§ 305.65 *Goods imported for account of third parties.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #IV, is hereby promulgated:

It is understood and agreed that this policy is extended to cover with respect to all imports to the Continental United States, excluding Alaska, (except as to such imports as may be specifically excluded from this policy by special agreement noted hereon by endorsement) shipped to or consigned to the Assured and for the account and risk of ---------- The Assured warrants that he is a duly authorized agent of said ---------- for the procuring and importing into the United States of the merchandise insured hereunder. The Assured warrants that provisional and closing reports as provided for by the terms of this policy and by the terms of General Order No. 6, Supplement #1, of the War Shipping Administration will be filed by him with respect to all shipments insured hereunder, and subject to all of the conditions and regulations of the War Shipping Administration relating to such reports. In the event of loss, any sums payable under the terms of this policy shall be paid to the order of the principal for whom the agent acts, and said principal shall be required to file the affidavit called for by Part I of this policy. In the event of loss, the amount collectible hereunder shall in no event exceed the amount which would have been collectible by the Assured named hereunder, in the event the goods had been imported for his own account. All other terms and conditions remaining unchanged.

§ 305.66 *Exports to territories and possessions of the United States—inclusive endorsement.* The following Standand Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #V", is hereby promulgated:

It is understood and agreed that this policy is hereby extended, subject to all of its terms, to cover shipments from the Continental United States (excluding Alaska) to the territories and possessions of the United States including the Canal Zone and Alaska. The Assured warrants that with respect to such shipments, all the terms and conditions of this policy as originally written will apply, and that full provisional and closing reports, supported by affidavits as and if required, will be filed with respect to shipments covered under the terms of this endorsement. All other terms and conditions remaining unchanged.

§ 305.67 *Exports to territories and possessions of the United States; exclusive endorsement.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #VI", is hereby promulgated:

Notwithstanding anything to the contrary contained in §§ 305.59 and 305.60 of this policy, it is understood and agreed that this policy covers only shipments from the Continental United States (excluding Alaska) to the territories and possessions of the United States, including the Canal Zone and Alaska. The Assured warrants that with respect to such shipments, all the terms and conditions of this policy as originally written will apply, and if required will be filed with respect to shipments covered under the terms of this endorsement. All other terms and conditions remaining unchanged.

§ 305.68 *Shipments between ports in the Continental United States.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #VII", is hereby promulgated:

It is understood and agreed that this policy is hereby extended, subject to all of its terms, to cover shipments between ports in the Continental United States (excluding Alaska), the Assured warrants that with respect to such shipments all the terms and conditions of this policy as originally written will apply, and that full provisional and closing reports, supported by affidavits as and if required, will be filed with respect to shipments covered under the terms of this endorsement. All other terms and conditions remaining unchanged.

§ 305.69 *Authorization to agents to execute endorsements.* Underwriting agents of the War Shipping Administration are authorized to execute any of the foregoing endorsements for incorporation in war risk insurance policies issued pursuant to the provisions of §§ 305.50 to 305.61 inclusive, published in the FEDERAL REGISTER July 30, 1942.

§ 305.70 *Definition of imports.* Effective 48 hours from the date hereof, it is understood and agreed that the following clauses are deemed to be incorporated in § 305.60 of Warshipopencargo Policy Form:

Where and as used in this policy, the word "imports" means property which, at the time of the attachment of the risk, is (a) intended for use, consumption, manufacturing or other processing, or sale, within the Continental United States (excluding Alaska), or (b) intended for inclusion within a common stock of goods, wares, merchandise, located within the Continental United States (excluding Alaska), for sale or resale out of such common stock in the foreign or domestic commerce of the United States, or (c) consigned to the Continental United States (excluding Alaska) for account of the United States or any department or agency thereof, including corporations wholly owned by the United States. Such property shall not cease to be considered imported in the event of a bona fide change in intention on the part of the Assured or other person having control of the goods, made subsequent to the attachment of the risk and without prior agreement, understanding, or arrangement, provided such change in intention is not accompanied by an alteration of the immediate destination of the goods to a point outside of the Continental United States (excluding Alaska). Without limiting the generality of the foregoing, goods, which at the time of attachment to the risk were intended to be transshipped or re-exported otherwise than to a place within the Continental United States (excluding Alaska), shall not be considered imports for the purposes of said policy, unless such re-export is to a port or place shipments to which are covered by the terms of an endorsement to this policy.

EXCLUSION OF VALUABLES

This policy does not cover shipments of specie, currency, securities, valuable documents, jewelry, precious stones, gold and silver and other precious metals, or any articles transported by means of ordinary or registered mail or parcel post.

§ 305.71 *Privilege to place additional insurance.* Where war risk insurance on cargo is insured with the War Shipping Administration under the terms of the "Warshipopencargo" Policy, §§ 359.59 and 305.60, the parties at interest may place increased value or additional insurance in commercial or other markets beyond the amount of insurance provided in the War Shipping Administration policy. Such insurance, if placed, need not be participating with the War Shipping Administration coverage, and shall be without benefit of salvage or right of contribution. [General Order No. 6, Supp. 2, approved August 10, 1942; 7 F.R. 6373]

CLARIFYING PROVISIONS OF SUPPLEMENT NO. 3

306.35 Brokerage or other commissions.

AUTHORITY: §§ 306.1 to 306.35 inclusive issued under E.O. 9054, 7 F.R. 837.

TERMS OF COMPENSATION PAYABLE TO GENERAL AGENTS AND AGENTS ON DRY CARGO VESSELS

§ 306.1 *Vessels included.* Sections 306.11 to 306.12 of this part are applicable to services rendered in connection with operation of dry cargo vessels under the standard form of service agreement for vessels time chartered from others for the War Shipping Administration (TCA–4–4–42) and the services rendered pursuant to standard form of service agreement for vessels of which the War Shipping Administration is owner or owner pro hac vice (GAA–4–4–42).

§ 306.2 *Effective period.* This general order shall become effective at the earliest dates permissible under said service agreements.

§ 306.3 *General agents defined.* A general agent is one who takes care of the vessel's business on behalf of the War Shipping Administration, under a standard form of service agreement (GAA–4–4–42), appoints agents as directed by the War Shipping Administration to handle those functions which relate to the handling of the cargo and functions incidental thereto, and assumes those duties when not otherwise instructed, obtains all accounting for all revenue and expenses and accounts to the War Shipping Administration for all business of the vessel.

§ 306.4 *Agent defined.* All persons, firms or corporations designated as "agent" under a standard form of service agreement (TCA–4–4–42) shall be entitled to the compensation of agent hereunder. In addition, where a general agent assigns vessels to berth operators as agents in accordance with Article 6 of the general agent's agreement or in accordance with general policy of the War Shipping Administration, such berth operator shall be entitled to compensation as

15. This insurance shall not be invalidated by any error or omission in the filing of Provisional or Closing Reports which is demonstrated to the satisfaction of the Administrator to have been inadvertent or unintentional, or by any failure to report which is demonstrated to the satisfaction of the Administrator to have arisen from causes beyond control of the Assured.

§ 305.61 *Standard form of surety bond.*

Know all men by these presents, That We _____ of _____, as Principal, and _____, as Surety, are held and firmly bound unto War Shipping Administration in the sum of _____ ($_____) Dollars, to the payment of which we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors, and assigns.

The condition of this obligation is such that whereas War Shipping Administration has issued and delivered to _____ Principal, on the _____ day of _____ 1942, that certain Open War Risk Insurance Policy #_____, and _____

Whereas, War Shipping Administration has agreed to accept this bond as a guarantee of the payment of all premiums due and payable under the terms and conditions of such Open War Risk Insurance Policy #_____, or endorsements thereto or modifications thereof whether or not consented to by the Surety.

Now, therefore, if the Principal shall well and truly pay unto War Shipping Administration the premiums due under the said Open War Risk Insurance Policy at the times and in the manner provided therefor in said Policy, then this obligation is to be void; otherwise to remain in full force and effect;

Provided, however, This bond is executed by the Surety, upon the following express conditions, which shall be precedent to the right of recovery hereunder.

1. If the Principal shall fail to file with the Underwriting Agent of the War Shipping Administration any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

2. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 30 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

3. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 60 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

4. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 90 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

5. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 120 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

6. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 150 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

7. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 180 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

8. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 210 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

9. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 240 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

10. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 270 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

11. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 300 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

12. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 330 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

13. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 360 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

14. If the Principal shall fail to file with the Underwriting Agent any report required by the Open War Risk Insurance Policy, or any endorsement thereto, within 390 days after the time specified therein, the Surety shall be liable hereunder only for the premiums due for the period covered by the last report filed with the Underwriting Agent prior to the time specified in the Policy for the filing of the report in default.

15. This insurance shall not be invalidated by any error or omission in the filing of Provisional or Closing Reports which is demonstrated to the satisfaction of the Administrator to have been inadvertent or unintentional, or by any failure to report which is demonstrated to the satisfaction of the Administrator to have arisen from causes beyond control of the Assured.

(j) The provisions of this Supplement No. 1 of General Order No. 6 shall govern all transactions falling within its scope, anything to the contrary in said General Order No. 6 notwithstanding, but nothing herein shall be construed to affect the provisions of such General Order No. 6 as the same may be applicable to other insurance transactions.

(k) Amendments to these rules and to the standard forms may be made from time to time in the form of Supplements to this General Order. Such supplements, unless otherwise specified, shall become effective 48 hours after the date of publication of such supplement in the FEDERAL REGISTER. (Approved July 29, 1942) [General Order No. 6, Supplement 1] 7 F.R. 5881.

§ 305.62 *Extended transshipment clause.* Section 305.59 for attachment to Warshipopencargo policy form incorporated in §§ 305.50 to 305.61 inclusive as published in the FEDERAL REGISTER of July 30, 1942, reading as follows:

In consideration of such additional rate as may be prescribed from time to time by the War Shipping Administration, it is understood and agreed that Clause 4 c of Part II of this policy is deleted.

It is further understood and agreed that, if owing to circumstances beyond the control of the Assured, the merchandise insured hereunder is landed at an intermediate port other than the intended port of discharge, this insurance shall continue in force subject to all of its terms until the Assured has had a reasonable opportunity to forward the goods to their intended destination, or substituted destination, or to dispose of said goods at port of landing. In the event that prior to the termination of this insurance said goods are forwarded to substituted destination as aforesaid this policy shall continue to would have been collectible by the Assured in the event the goods had not been sold by him. All other terms and conditions remaining unchanged.

§ 305.64 *Goods insured by shipper.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #III", is hereby promulgated:

In consideration of the payment of premium as hereinafter provided, this policy is extended to cover goods otherwise coming within the scope of this policy but shipped by the Assured and for his account and risk, or shipped by the Assured and sold by him prior to shipment on terms requiring him to provide War Risk Insurance to the port of discharge. The Assured agrees to file separately, upon the Standard Forms provided for in Supplement No. 1 of General Order No. 6, Provisional and Closing Reports of all shipments to insured, such report to be filed subject to all of the rules and conditions as set forth in said General Order. In the event that with the consent of the War Shipping Administration claim is filed by the purchaser said purchaser shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the claimant, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of section 35 (a) of the Criminal Code. All other terms and conditions remaining unchanged.

§ 305.65 *Goods imported for account of third parties.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #IV, is hereby promulgated:

It is understood and agreed that this pol-

"agent" hereunder but the compensation of such agent shall be collected from their general agent. General agent shall not be held responsible for acts of an agent appointed by or at the direction of the War Shipping Administration.

§ 306.5 *Sub-agents defined.* A sub-agent is one who is appointed by an agent or general agent to perform any of the functions of the general agent or agent pursuant to the standard form of service agreements herein above referred to, and shall be compensated by the general agents and agents respectively out of the compensation received by such general agents and agents hereunder. A foreign sub-agent is a sub-agent who performs his functions outside the continental limits of the United States and shall be compensated in accordance with § 306.8 hereunder.

NOTE: Preceding sections in small type were amended by General Order No. 12, Supplement 1, approved June 22, 1942 (7 F.R. 4741). The amended sections follow in large type.

§ 306.4 *Agent defined.* All persons, firms, or corporations designated as "Agent" under a standard form of service agreement (TCA–4–4–42) shall be entitled to the compensation of agent hereunder.

§ 306.5 *Sub-agents defined*—(a) *Berth sub-agent defined.* A berth sub-agent is one who is appointed by the general agent or agent as berth operator in accordance with Article 6 of the General Agent's Agreement, general policy or instructions of the War Shipping Administration. The berth sub-agent shall for the period of such subagency perform all of the functions of an agent, subject to the supervision of the agent or general agent. Such berth sub-agent shall receive as compensation 80% of the compensation as provided in § 306.7 hereof, but the compensation of such berth sub-agent shall be collected from the agent or general agent. The agent or general agent shall not be held responsible for acts of a berth sub-agent expressly appointed by or at the direction of the War Shipping Administration, but such berth sub-agent shall be responsible to the War Shipping Administration to the same extent as agent under Agreement TCA–4–4–42.

(b) *Sub-agents.* A sub-agent is one who is appointed by an agent, general agent berth sub-agent to perform any of the functions of the general agent, agent or berth sub-agent, and shall be compensated by the general agents, agents or berth sub-agents, respectively out of the compensation received by such general agents, agents, or berth sub-agents hereunder. A foreign sub-agent is a sub-agent who performs his functions outside of the continental limits of the United States including Alaska and shall be compensated in accordance with paragraph 8 hereunder.

This supplement shall become effective at the commencement of all voyages begun after midnight, local time, June 30, 1942, except that as to any voyage then in progress it shall not become effective until the vessel is next free of cargo on board at that time.

§ 306.6 *Other definitions.* (a) "Handled tons" means the number of tons of cargo (outward, way, or homeward) loaded and discharged by the vessel at each port taken care of by the agent or a foreign subagent, as manifested on a weight or measurement basis in accordance with the practice of the trade in which operated, or the current practices approved by the War Shipping Administration. (A ton of cargo which is billed on a measurement basis for the purpose hereof shall be computed as 40 cubic feet.)

(b) "Payable tons" means the vessel tonnage husbanded by the general agent, arrived at by adding together the deadweight tonnage of the vessel and 1/40th of the under deck bale capacity and dividing the resulting sum by 2.

(c) "Outward" means cargo loaded outward from continental U. S. port or ports.

(d) "Homeward" means cargo loaded at an outport for discharge at a continental U. S. port or ports.

(e) "Way" means cargo both loaded and discharged at ports outside the continental limits of the U. S. A.

(f) "Coastwise" means cargo handled between two ports within the continental limits of the U. S.

(g) Lumber billed on the basis of board foot measure, 600 ft. board measure shall constitute one handled ton.

(h) "Bulk cargoes" means cargoes not hand stowed, such as bulk cargoes of grain, ores, coal and similar cargoes.

§ 306.7 *Compensation of agents in continental United States ports.* As compensation for each handled ton of cargo loaded or discharged by the vessel in continental U. S. ports, each agent shall be compensated at fair and reasonable commercial rates but not in excess of the following maximum compensation out of which he will reimburse subagents:

(a) 2½¢ per handled ton for all Army and Navy cargo outward or homeward handled at Army or Navy terminals where the Agent performs any supervisory or other substantial functions in connection with the receiving, delivering, loading, discharging or checking of the cargo, otherwise no compensation shall be payable.

(b) 10¢ per handled ton for all outward and homeward bulk cargo or cargoes and for all coastwise cargo.

(c) 15¢ per handled ton for all outward Lend-Lease cargo and 12½¢ per handled ton for all such homeward or way cargo.

(d) 25¢ per handled ton for all other cargoes outward and 20¢ per handled ton for all other homeward or way cargoes. (The Administrator reserves the right to determine the reasonableness of commercial rates on bulk and other cargoes, from the effective date of this order.)

The foregoing scale of compensation is subject to the following special conditions: (1) Minimum compensation for each port of loading or discharging, $100.00; (2) Minimum compensation for services rendered whenever a vessel enters a port for purposes other than loading or discharging shall be $50.00 for all services in connection with entry and clearance, arrangements for pilotage and towage and other usual port services of like nature. Additional allowances may be made by the Administrator for extraordinary services in such connection.

No brokerage will be paid except with the prior approval of the Administrator and applications for such approval will not be considered unless brokerage was formerly paid in such trade.

§ 306.8 *Compensation of agents at ports outside of continental United States.* As compensation for services rendered outside of continental United States the Agent may pay prevailing commercial rates (in accordance with § 330.7), but in no event in excess of the following maximum compensation to his foreign Sub-Agents whose services are utilized in this connection as follows:

(a) 2½ cents per handled ton shall be paid in connection with Army or Navy outward or homeward cargoes handled at Army or Navy terminals where the Sub-Agent performs substantial services in connection with the handling of such cargo, otherwise no compensation shall be paid therefor;

(b) 7½ cents per handled ton for outward or homeward bulk cargoes;

(c) 10 cents per handled ton for outward or homeward cargo shipped for "Lend-Lease" or Army and Navy account at commercial piers;

(d) 25 cents per handled ton for all homeward cargo and way cargo loaded, 20 cents for outward and way cargoes discharged not falling within classifications (a), (b) and (c).

The foregoing scale of compensation is subject to the following special conditions:

Minimum compensation for each port of call—$100.00.

Additional allowances may be made by the Administrator for extraordinary services.

The Administrator reserves the right to determine the prevailing commercial rates on bulk and other cargoes from the effective date of this order. No brokerage will be paid except with the prior approval of the Administrator and applications for such brokerage will not be considered unless brokerage was formerly paid in such trade.

§ 306.9 *Compensation of general agents.* The general agent shall be compensated both as Agent, and as general agent as herein provided. He shall receive all agency fees earned from the operation of vessels assigned to him. From the sums received under the agency formula he shall compensate all Agents as provided in Article 6 of the standard form of service agreement (GAA–4–4–42). From his compensation as general agent the general agent shall compensate all sub-agents performing services which are required to be performed by him under the service agreement. In addition to the agency fees, the general agent shall be paid as follows:

(a) *Basic scale.* For each calendar month or prorata thereof beginning with the month in which the first vessel subject hereto is delivered to the general agent and ending with the calendar month or prorata thereof in which the last vessel subject hereto is redelivered by the general agent, the basic compensation, computed on the basis of payable tons of the vessels handled during each such month, shall be calculated in accordance with the following scale:

First 80,000 tons 50¢ per payable ton per month.
Next 40,000 tons 40¢ per payable ton per month.
Next 40,000 tons 30¢ per payable ton per month.
Next 40,000 tons 25¢ per payable ton per month.
Next 50,000 tons 20¢ per payable ton per month.
Over 250,000 tons 15¢ per payable ton per month.

In computing compensation hereunder all owners of vessels time chartered to the War Shipping Administration will calculate payable tons of such time chartered vessels, which payable ton months will be added to the total payable ton months of assigned vessels. Compensation shall be payable on the assigned vessels only at the rates shown above, which would be applicable to such assigned vessels in the proper brackets after first applying tonnage of time chartered vessels.

(b) *Adjustment when vessels are idle.* The Administrator reserves the right to reduce compensation to the extent that any vessel is idle at any port for causes for which the general agent is responsible, at the highest applicable rate hereunder.

(c) *Computation of net compensation.* In order to compute the net compensation due with respect to any calendar month, the general agent shall:

(1) Multiply the number of payable tons of each vessel by the number of days operated each month, vessels time chartered to the War Shipping Administration and assigned vessels to be calculated separately;

(2) Divide each figure resulting from the foregoing calculation by the number of days in said calendar month, thereby obtaining the net payable ton per month on which compensation is to be based;

(3) Calculate the compensation payable at the rates and in the brackets shown on the time chartered vessels for which no bill is to be rendered, using the formula as perscribed in subparagraph (1) hereof, and then calculate the compensation payable in the lower brackets on the assigned vessels in accordance with the formula prescribed in subparagraph (1) hereof, for which compensation will be billed.

The general agent shall, as soon as may be practicable after the close of each calendar month, render an invoice to the War Shipping Administration covering the compensation due him, computed in accordance with the foregoing.

§306.10 *Adjustment of earnings to cover deficiencies.* Whenever it is demonstrated to the satisfaction of the Administrator that any general agent performing services hereunder has not earned sufficient annual income pursuant to the provisions of this order, plus other earnings against which any portion of the overhead expense is properly allocable, to cover all of such general agent's fair and reasonable overhead expenses as determined by the Administrator, then the general agent shall receive as additional compensation hereunder an amount equal to 85% of such deficit: *Provided, however,* That such additional compensation shall not exceed 50% of the compensation otherwise payable hereunder. (§ 330.9). The deficit shall be determined in accordance with sound accounting rules and regulations of the Administrator promulgated from time to time. In computing such deficit, the Administrator shall take into account income and overhead expense of the general agent, any subsidiary, or other company whom the Administrator deems should be included for accounting purposes in order to determine fair and reasonable income and expense, in connection with the operation of any other vessels for the account of the War Shipping Administration, for the agent's own account, for the account of any government or otherwise as well as the overhead allowance included in any charter hire paid to the general agent by the Administrator.

§ 306.11 *Adjustment for excessive compensation.* If the amount of compensation received by a general agent or agent hereunder, plus sums otherwise earned from other sources and allocable to overhead expense, exceeds the general agent's or agent's aggregate fair and reasonable overhead expense on an annual basis as determined by the Administrator, the amount of compensation payable hereunder shall be reduced to the extent of 75% of such excess: *Provided, however,* That compensation in no event shall be reduced below 25% of the compensation otherwise payable. The amount of such reduced compensation shall be determined in accordance with sound accounting rules and regulations promulgated from time to time by the Administrator. All sums earned by the general agent or agent, or any subsidiary or other companies whom the Administrator deems should be included for accounting purposes, from whatever source, against which any portion of such overhead expense is properly allocable, shall be taken into account in determining such reduction, including sums earned in connection with the operation of vessels for the direct account of the general agent or agent, for the account of the United States of America, or any foreign government or otherwise. Such determination shall also reflect allowance for overhead in charter hire paid by the Administrator under any time or bareboat charter. General agents and agents shall refund such excess compensation at the end of each calendar year or otherwise as may be required in fiscal regulations issued in connection herewith.

§ 306.12 *Accounting.* (a) Beginning with March 31, 1942, all general agents and agents will render quarterly income statements twenty-five days after the end of period, and for the calendar year not later than February 28 of the following year, covering results of all operations as general agents and agents under G. A. A. & T. C. A. agreements, vessels time chartered by W. S. A. and vessels under bareboat charter to W. S. A. as well as other operations prepared in accordance with U. S. Maritime Commission G. O. 22, issued February 8, 1938, and regulations as issued by the Assistant Deputy Administrator for Fiscal Affairs. Separate columns shall be used separating income as follows:

Overall total.
Income from vessels under time charter to W. S. A.
Income from vessels under bareboat charter to W. S. A.
Income under G. A. A. & T. C. A. agreements.
Income from other operations.

Appropriate expenses shall be allocated against such income with overhead expenses being appropriately allocated to each operation. Income statement shall be accompanied by statement giving basis of allocation of overhead, also surplus statement giving balance at beginning of period and additions thereto and deductions therefrom with balance at end of period.

(b) Where a vessel is assigned to one person as general agent and another person as agent, the agent shall account to the general agent for all income and expenses (including the agent's compensation and that paid by him to foreign sub-agents as voyage expenses), after verification of such accounts by auditors of the Administrator in the office of the agent.

(c) The general agent shall account to the War Shipping Administration for all income and expenses of the vessels assigned to him.

(d) Each agent operating vessels under time charter to the War Shipping Administration shall account directly to the Administration for the income and expenses of the vessels so operated, and render monthly invoice to the Administration for his compensation. [General Order No. 12, Approved June 12, 1942; 7 F.R. 4496]

TERMS OF COMPENSATION PAYABLE TO GENERAL AGENTS AND AGENTS ON TANKERS

§ 306.13 *Vessels included.* Sections 306.13 to 306.20 inclusive, are applicable to services rendered in connection with operations of tank vessels under the standard form of tanker service agreement (Warshipoil-TCA).

§ 306.14 *Effective period.* Sections 306.13 to 306.20 inclusive, shall become effective at the earliest dates permissible under said service agreements.

§ 306.15 *Agent defined.* All persons, firms or corporations designated as "Agent" under a standard form of tanker service agreement (Warshipoil-TCA)

shall be entitled to the compensation of agent under this Part II.

§ 306.16 *Sub-agents defined.* A "sub-agent" is one who is appointed by an agent to perform any of the functions of the Agent pursuant to the standard form of tanker service agreement (Warship-oil-TCA). A "foreign sub-agent" is a sub-agent who performs his functions outside the continental limits of the United States.

§ 306.17 *Compensation of agents in continental United States ports.* As compensation for each tanker allocated to an agent to conduct the business of the vessel for the War Shipping Administration, such agent shall be paid at the rate of $400 per month. Out of this compensation the agent must pay, among other things, all of the Agent's outgoing communication costs except for communications to places outside the continental United States excluding Alaska).

§ 306.18 *Compensation of sub-agents in continental United States ports.* As compensation for services rendered by a sub-agent for both the United States and the owner, the sub-agent shall be paid the prevailing commercial rate, but in no event in excess of a lump sum of $125 for the first three days the vessel remains in port, and thereafter at the rate of $25 per day for each additional day: *Provided*, That no fee shall be paid for the time during which the vessel is laid up for repairs. One-third of this fee shall be for the account of the United States and the remainder shall be for the account of the owner.

As compensation for services rendered by a sub-agent for the United States only, the sub-agent shall be paid the prevailing commercial rate, but in no event in excess of a lump sum of $45 for the first three days the vessel remains in port, and thereafter at the rate of $10 per day for each additional day: *Provided*, That no fee shall be paid for the time during which the vessel is laid up for repairs. The entire fee provided for in this paragraph shall be for the account of the United States.

§ 306.19. *Compensation of sub-agents at ports outside of continental United States.* As compensation for services rendered by a foreign sub-agent for both the United States and the owner, the foreign sub-agent shall be paid the prevailing commercial rate, but in no event in excess of a lump sum of $125 for the first three days the vessel remains in port, and thereafter at the rate of $25 per day for each additional day: *Provided*, That no fee shall be paid for the time during which the vessel is laid up for repairs. One-third of this fee shall be for the account of the United States and the remainder shall be for the account of the owner.

As compensation for services rendered by a foreign sub-agent for the United States only, the foreign sub-agent shall be paid the prevailing commercial rate, but in no event in excess of a lump sum of $45 for the first three days the vessel remains in port, and thereafter at the rate of $10 per day for each additional day: *Provided*, That no fee shall be paid for the time during which the vessel is laid up for repairs. The entire fee provided for in this paragraph shall be for the account of the United States.

§ 306.20 *Brokerage.* No brokerage will be paid except with the prior approval of the Administrator and application for such brokerage will not be considered unless brokerage was formerly paid in such trade. [General Order No. 1, Supplement 2. Approved June 27, 1942; 7 F.R. 4933]

TERMS OF COMPENSATION PAYABLE TO GENERAL AGENTS AND AGENTS ON COMBINATION CARGO AND PASSENGER VESSELS

§ 306.21 *Vessels included.* Sections 306.21 to 306.28 inclusive, as amended by Supplement 1 thereto, are applicable to services rendered in connection with the operation of combination cargo and passenger vessels for the War Shipping Administration under the standard form of service agreement for vessels time chartered from others for the War Shipping Administration (TCA-4-4-42) and the services rendered pursuant to standard form of service agreement for vessels of which the War Shipping Administration is owner or owner pro hac vice (GAA-4-4-42).

§ 306.22 *Effective period.* This Part III shall become effective at the earliest dates permissible under such service agreements.

§ 306.23 *Definition of terms.* The words defined in §§ 306.3, 306.4, 306.5, and 306.6 of Part I of General Order No. 12, as amended by Supplement No. 1 thereto, shall have the same meaning in this Part III, except that the terms "general agent" and "agent" shall be deemed to include wholly owned subsidiaries or any other related or interested companies that the Administrator deems should be included for accounting purposes in order to determine fair and reasonable income and expenses.

The term "passenger" as used in this Part III means each person carried on the vessel other than members of the gun crew, the master, and licensed and unlicensed personnel of the vessel, and military personnel when the vessel is operated as a troop transport.

§ 306.24 *Compensation of agents in continental United States ports.* Agents for combination cargo and passenger vessels shall be compensated for the handling of cargo at the same rates as provided in § 306.7 of Part I of General Order No. 12, as amended for Agents of Cargo vessels. In addition, the agents of combination cargo and passenger vessels shall receive as compensation for services rendered in connection with transportation of passengers the following fees: $3 for each passenger carried outward, and $2 for each passenger carried homeward or between out ports.

§ 306.25 *Compensation of sub-agents at ports outside of continental United States.* As compensation for services rendered outside of the continental limits of the United States including Alaska, the agent may pay with respect to cargo handled or for other services performed at rates provided in § 306.8 of Part I of General Order No. 12. In addition, the agent may pay with respect to passengers the prevailing commercial rates, but not in excess of the following: $2 for each passenger embarked, and $1 for each passenger disembarked.

§ 306.26 *Compensation of general agents.* No compensation shall be paid to any general agent for his services in connection with the management and operation of the vessels where such vessels are chartered under a charter party that makes allowances for the general agents' services (whether designated as overhead or otherwise in the charter party), except, however, the general agent may receive payment for the amounts hereinabove provided for the account of sub-agents, where such services are performed by branch office of the general agent located outside the continental limits of the United States including Alaska.

In cases where the General Agent does not receive an allowance for services under a charter party for the combination cargo and passenger vessel, he shall be compensated both (a) as agent to the extent provided in § 306.4 of this Part III, and (b) as general agent to the extent provided below. From the sums received under the agency formula he shall compensate all Agents as provided in Article 6 of the standard form of service agreement (GAA-4-4-42). From his compensation as general agent he shall compensate all sub-agents performing services that are required to be performed by him under the service agreement. In addition to the agency fees, the general agent in such cases will be paid compensation as provided in paragraph 9 of General Order No. 12, except that "payable tons" for combination cargo and passenger vessels shall be the gross tonnage of each such vessel multiplied by two, and, in the event that the general agent has been allocated cargo vessels as well as combination cargo and passenger vessels, the compensation payable to the general agent shall not be calculated separately for cargo vessels and combination cargo and passenger vessels, but, in such case, the combined payable tons of both types of vessels shall be used in determining the compensation due the General Agent for services rendered in connection with both types of vessels.

§ 306.27 *Adjustments.* The compensation of Agents and General Agents shall be subject to adjustment in accordance with §§ 306.9, 306.10 and 306.11 of Part I of General Order No. 12.

§ 306.28 *Accounting.* The provisions of §306.12 Part I of General Order No. 12 are incorporated in this Part III and made a part hereof by reference. [General Order No. 12, Supplement 3, Approved July 1, 1942; 7 F.R. 4930]

TERMINAL OPERATIONS

§ 306.29 *Designation of terminals within continental United States.* (a) Unless otherwise determined by the Administrator, terminals to be used in all ports shall be designated by the agents or general agents of the vessels with due regard for the most efficient and economical handling of the ship's business.

(b) Unless otherwise determined by the Administrator, and except as provided in § 306.31 the agent or general agent in ports within the continental limits of the United States may:

(1) (i) When the designated terminal is not owned or rented by the agent or general agent, pay and charge against the vessel the going rates, less all refunds, in the ports for charges customarily assumed by the vessel for the use of such terminals when said tariff rates are duly filed and approved by a governmental regulating body;

(ii) When the terminal is rented by the agent or general agent, charge against the vessel a fair and reasonable proportion of the actual monthly cost to him for the terminal operating costs which will include rental, fire and liability insurance, light, heat, power, repairs and upkeep, pier superintendent, head receiving and delivery clerk, watchman or gateman, plus compensation insurance and taxes on such personnel.

(iii) When the terminal is owned by the agent or general agent, charge against the vessel a fair and reasonable proportion of a monthly rental rate for the terminal facilities as determined by the Administrator.

(2) Pay and charge against the vessel the actual cost for checkers, talleyman, dock labor, coopers, and special cargo or ship's watchman, including compensation insurance and taxes on such labor.

§ 306.30 *Payment of tariff rates.* Where under the established tariff applicable to any terminal any of the above charges are charged against the cargo rather than against the vessel, such charges shall be paid by the cargo and not by the agent or general agent. The agent or general agent shall make collections from the cargo and remit such collections to the terminal company in accordance with the usual practice.

(a) Where some or all of the expense of the terminal is assumed by the vessel, the vessel's revenue shall be credited with all handling charges collected from the cargo.

§ 306.31 *Compensation of general agents or agents.* A general agent or agent who directly or through an affiliate performs general supervisory services at a terminal in connection with handling the vessel's business shall be compensated for his services, or a general agent or agent who employes a sub-agent to perform such services at a terminal shall compensate his sub-agent and be reimbursed on the following basis:

Manifest tons handled by each vessel at 5¢ per ton; with a minimum of $100.00 per vessel, *Provided, however*, That this schedule of fees shall not apply:

(a) When a public terminal or private terminal company not affiliated with the agent or general agent (as determined by the Administrator) performs such supervisory services under a stipulated tariff rate;

(b) In any port outside of the United States, its Territories and Possessions;

(c) In terminals where supervision is handled by special agreement with the War Shipping Administration;

(d) To liquid cargoes at any terminal or sugar, bulk, or other cargoes loaded or discharged at refineries, sugar docks, ore docks, coal docks, lumber or other mills or at private terminals not owned or leased by the agent or general agent or his affiliates. In such cases the agent may charge against the vessel the actual net cost for such dockage, clerking, checking and watching as is customarily and properly incurred for the account of the vessel.

§ 306.32 *Basis of compensation to general agents and agents.* As approved or required by the Administrator, the net of the terminal operations of each pier or terminal of each general agent or agent shall be taken into consideration in making determination under §§ 330.10 and 330.12 under General Order No. 12 and in accordance with Fiscal Regulations issued thereunder.

§ 306.33 *Reports of general agents and agents.* This order shall become effective with the handling of all vessels under G.A.A.4-4-12 and T.C.A. 4-4-42. All general agents and agents operating terminals where any part of the cost of the operation is charged to vessels owned by or operated for the account of the War Shipping Administration will come within the provisions of this order. Each such general agent or agent shall submit immediately for approval to the Assistant Deputy Administrator for Fiscal Affairs, a report containing full data as to location, complete description, rental rate, maintenance, upkeep, etc., of rented piers and similar information including cost and depreciated value of owned piers and such other information as the Administrator may require.

§ 306.34 *Method of computing charges.* All charges shall be billed and allocated against the vessel in accordance with such fiscal regulations as may from time to time be prescribed by the Assistant Deputy Administrator for Fiscal Affairs. In allowing such charges, the Administrator shall take into account charges made by the agent or general agent against any other agencies of the United States or for the use of terminal for lend-lease or defense aid cargo and may reduce the charges herein provided to the extent that charges are made against other agencies or for the use of terminal for lend-lease or defense aid cargo in excess of the rates provided by this order. [General Order No. 15, Approved July 3, 1942; 7 F.R. 5142]

CLARIFYING PROVISIONS OF SUPPLEMENT NO. 3

Provisions of §§ 306.7 and 306.8 of General Order No. 12 shall apply in their entirety to service rendered under §§ 306.21 to 306.28 inclusive and no brokerage or other agency fees not specifically authorized in said §§ 306.7 and 306.8 or in §§ 306.21 to 306.28 inclusive shall be allowed unless previously approved by the War Shipping Administration. [General Order No. 12, Supp. 3-A; 7 F. R. 6374]

§ 306.35 *Brokerage or other commissions.* Except with the prior approval of the Administrator no brokerage or other commission shall be paid for any services rendered or to be rendered in the procurement of or the preparation or execution of charter parties, space contracts or other contracts of affreightment for the carriage of goods in bulk or otherwise in merchant vessels owned by or under bareboat or time charter to or operated by or for the use or account of the United States of America. [General Order No. 12, Supp. 4; 7 F.R. 6375]

PART 341—SHIP WARRANT REGULATIONS[1]

Sections 241.1 to 241.73 of the Ship Warrant Regulations issued by the Maritime Commission, 6 F.R. 4537, were adopted by the War Shipping Administration on February 18, 1942 and have been renumbered Part 341, §§ 341.1 to 341.73.

Sec.
341.91 Maximum freight rates.
341.92 Revision of rates and surcharges.
341.93 Rate orders.

AUTHORITY: §§ 341.91 to 341.93 inclusive issued under E.O. 9054, 7 F.R. 837.

§ 341.91 *Maximum freight rates.* The maximum rates relating to berth service, lump sum charters or other freighting arrangements shall be those in effect on September 1, 1940 (or comparable charges in case no charge was then in effect) plus such reasonable additional surcharges as were approved by the United States Maritime Commission to become effective on or before February 7, 1942, to cover additional expense of operation due to increases, after September 1, 1940, in the cost of war risk insurance on hull and machinery, war risk P. & I. insurance, life insurance on the crew, internment insurance, crew bonus, increased length of voyage due to routing, convoy, etc., and increases in other operating expenses not assumed by an owner under time charter: *Provided*, That in cases in which the United States Maritime Commission, after September 1, 1940, specified freight rates, such rates shall constitute the maximum rates

[1] The Ship Warrant Regulations of the United States Maritime Commission, published in the FEDERAL REGISTER under Title 46—Shipping; Chapter II—Maritime Commission; (6 F.R. 4537) part 241, sections numbered from 241.1 to 241.73 inclusive, were adopted by the War Shipping Administration under date of February 18, 1942 and made a part of Chapter IV, War Shipping Administration and renumbered Part 341, §§ 341.1 to 341.73.

hereby prescribed, it being understood, however, that such rates may for the purposes of the Act of July 14, 1941, be hereafter adjusted separately. (U. S. Maritime Commission General Order No. 49 and Supplement No. 1.)

§ 341.92 *Revision of rates and surcharges.* The surcharges herein prescribed, and the basic rates on which they are to be calculated, are subject to revision from time to time in the light of changing conditions, pursuant to the provisions of the Act of July 14, 1941, and shall be subject to the provisions of the Shipping Act, 1916, as amended, and related acts; to any proceedings upon complaint by shippers or other interested parties; to any investigation with respect to the surcharge or rates in question, including any findings of fact or conclusions of law, and to any valid orders or directions which may be issued with respect thereto, either by the United States Maritime Commission or the War Shipping Administration. In the determination of such surcharges, valuations for purposes of war risk insurance shall be subject to approval by the War Shipping Administration.

§ 341.93 *Rate orders.* All modifications, amplifications or changes made by the Administration in the rates and conditions hereby prescribed, pursuant to the Act of July 14, 1941, shall be in the form of "Rate Orders" hereafter to be issued. [General Order No. 3, approved February 10, 1942; 7 F.R. 3674]

By Order of the War Shipping Administrator. Approved: August 14, 1942.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-262]

G. W. ROSE COAL CO.

CEASE AND DESIST ORDER, ETC.

In the matter of G. W. Rose, doing business under the name and style of G. W. Rose Coal Company, Code Member.

Order granting application filed pursuant to § 301.132 of the Rules of Practice and Procedure for disposition hereof without formal hearing and cancelling hearing and to cease and desist.

A complaint dated May 13, 1942 pursuant to the provisions of sections 4 II(j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") having been duly filed on May 14, 1942 with the Bituminous Coal Division (the "Division") by the Bituminous Coal Producers Board for District No. 8, a District Board (the "complainant") alleging that G. W. Rose, doing business under the name and style of G. W. Rose Coal Company, a code member (the "Code Member") operating the G. W. Rose Mine, Mine Index No. 2358, located in Wise County, Virginia, district No. 8, wilfully violated the provisions of the Act, and the Bituminous Coal Code (the "Code"), the Schedule of Effective Minimum Prices for District No. 8 For Truck Shipments and Rules and Regulations respectively promulgated thereunder by the Division as more fully set forth in the complaint;

The complaint herein and the Notice of and Order for Hearing, issued May 28, 1942, having been duly served on the code member on June 1, 1942, and the hearing herein noticed for July 1, 1942, having been postponed by Order, issued June 22, 1942, to a date and place to be thereafter designated by an appropriate order; and

The Code Member, having duly filed with the Division on June 10, 1942, an application dated June 8, 1942, for the disposition of this compliance proceeding without formal hearing pursuant to § 301.132 of the Rules of Practice and Procedure; and

Notice, dated July 13, 1942, of the filing of said application, having been published in the FEDERAL REGISTER on July 15, 1942, pursuant to said § 301.132; and copies thereof having been duly mailed to interested parties, including the complainant herein; and

Said Notice of filing having provided that interested parties desiring to do so might within fifteen (15) days from the date of said Notice file recommendations, or requests for informal conferences, in respect to said application, and it appearing that no such recommendations or requests have been filed with the Division within said fifteen (15) day period; and

It appearing from said application that the code member admits that he wilfully committed the violates alleged in the complaint herein by selling, delivering and offering to sell to various purchasers on various dates between October 2, 1940 and August 23, 1941, approximately 104 tons of high volatile Size Group 5 (for truck shipment) 1¼ x 2" nut coal, produced by the applicant at his mine, Mine Index No. 2358, located in Wise County, Virginia, District No. 8, at a price of $1.55 per net ton f. o. b. the mine, whereas the effective minimum price for said coal was $2.25 per net ton f. o. b. the mine; and

It further appearing in said application that the code member represents that to the best of his knowledge he has not committed any violations of the Act, the Code or Rules and Regulations thereunder other than those admitted and more particularly described in said application; and

It further appearing in said application that the code member consents to the entry of an order directing him to cease and desist from further violations of the Act, the Code and Rules and Regulations thereunder;

Now, therefore, pursuant to the authority vested in the Division by section 4 II (j) of the Act authorizing it to adjust complaints of violations and to compose the differences of the parties thereto, and upon said application of the code member for disposition without formal hearing of the charges contained in the complaint herein, pursuant to said § 301.132 of the Rules of Practice and Procedure and upon evidence in the possession of the Division:

It is hereby found that:

(a) G. W. Rose is an individual doing business under the name and style of G. W. Rose Coal Company and engaged in the business of mining and producing bituminous coal in Wise County, Virginia, District No. 8;

(b) G. W. Rose, doing business under the name and style of G. W. Rose Coal Company filed with the Division his acceptance of code membership, dated August 3, 1939. Said acceptance was made effective as of August 7, 1939, and since that day he has been and is now a code member in District No. 8 operating the G. W. Rose Mine (Mine Index No. 2358) located in Wise County, Virginia;

(c) G. W. Rose, doing business under the name and style of G. W. Rose Coal Company, during the period October 2, 1940 to August 23, 1941, both dates inclusive, wilfully violated the Act, the Code, and Rules and Regulations and effective minimum prices thereunder by offering to sell, selling and delivering approximately 104 tons of high volatile Size Group 5, 1¼" x 2" nut coal, produced by G. W. Rose at the above-named mine, to various purchasers at a price of $1.55 per net ton f. o. b. said mine for truck shipment, whereas the effective minimum price for said coal was $2.25 per net ton f. o. b. said mine, as established and set forth in the Schedule of Effective Minimum Prices for District No. 8 For Truck Shipments.

It is hereby further found, pursuant to the provisions of section 5 (b) of the Act, G. W. Rose, doing business under the name and style of G. W. Rose Coal Company, should be directed to cease and desist from further violations as described in paragraph (c) hereinabove.

Now, therefore, upon the basis of the above findings and the said admission and the consent filed by G. W. Rose, doing business under the name and style of G. W. Rose Coal Company, pursuant to § 301.132 of the Rules of Practice and Procedure;

It is ordered, That the aforesaid application of G. W. Rose doing business under the name and style of G. W. Rose Coal Company be and the same hereby is granted;

It is further ordered, That the hearing heretofore postponed by order, dated June 22, 1942, to a date and place to be thereafter designated by appropriate order, be and the same hereby is cancelled;

It is further ordered, That pursuant to section 5 (b) of the Act, G. W. Rose, his agents, servants, employees, attorneys, receivers, assigns and all persons acting or claiming to act on his behalf, or in his interest, cease and desist, and they hereby are permanently enjoined and restrained from violating the Act, the Code, and the Rules and Regulations issued thereunder;

It is further ordered, That the Division, upon failure of G. W. Rose to comply with this order, may apply to the Circuit Court of Appeals of the United States within any Circuit that G. W. Rose carries on business for the enforcement thereof or take other appropriate action.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

[Docket No. A-1568]

DISTRICT BOARD NO. 8

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for a change to higher price classifications and higher minimum prices for rail and truck shipments for the coals of Mine Index Nos. 339, 278, 892, 5215, 5214, 669 and 480 in the No. 5 Seam in Virginia Subdistrict, District No. 8.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on September 15, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given t all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 8, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed with the Division by District Board No. 8 requesting a change to higher price classifications and higher minimum prices for rail and truck shipments for the coals of the following mines: Monarch Mine, Mine Index No. 339 of Blue Diamond Coal Company, Mines Nos. 1 & 2, 3, 5, 6 and Millers Cove, having Mine Index Nos. 278, 892, 5215, 5214 and 669, respectively, of Kemmerer Gem Coal Company; and Virginia Lee Mine, Mine Index No. 480, of the Virginia-Lee Company, in No. 5 Seam in Virginia Subdistrict of District No. 8.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

[F. R. Doc. 42-8069; Filed August 18, 1942; 11:18 a. m.]

[Docket No. A-1580]

DISTRICT BOARD NO. 8

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for a change in territorial boundary between District 3 and District 8 in Nicholas County, West Virginia.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named part;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on September 22, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 15, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed with this Division by District Board No. 8 requesting a change in the territorial boundary between District 3 and District 8 in Nicholas County, West Virginia.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

DEPARTMENT OF LABOR.

Wage and Hour Division.

[Administrative Order No. 152]

CONVERTED PAPER PRODUCTS INDUSTRY

APPOINTMENT OF INDUSTRY COMMITTEE NO. 48

(1) By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, L. Metcalfe Walling, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the Converted Paper Products Industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the Public: William E. Simkin, Chairman, Philadelphia, Pennsylvania; Thomas L. Norton, Buffalo, New York; Tipton R. Snavely, Charlottesville, Virginia; William John Wilgus, Ascutney, Vermont; Edgar M. Hoover, Jr., Washington, D. C.; John A. Lapp, Chicago, Illinois; Joseph M. Klamon, St. Louis, Missouri.

For the Employees: Frank Grasso, New York, New York; Burt J. Mason, Chicago, Illinois; Earl Taylor, Toledo, Ohio; Homer L. Humble, Prichard, Alabama; Harriet Wray, New York, New York; C. V. Ernest, Baltimore, Maryland; Boris Shishkin, Washington, D. C.

For the Employers: A. R. Leiserson, Richmond, Virginia; Allan K. Schleicher, St. Louis, Missouri; Ralph A. Hayward, Kalamazoo, Michigan; James L. Coker, Hartsville, South Carolina; E. V. Johnson, Springfield, Massachusetts; Walter F. Lipford, Richmond, Virginia; Emory R. Beetham, Cleveland, Ohio.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

(2) For the purpose of this order the term "converted paper products industry" means:

The manufacture of all products which have as a basic component pulp, paper or board (as those terms are used in Administrative Order No. 41 defining the Pulp and Primary Paper Industry) and the manufacture of all like products in which synthetic materials, such as cellophane, pliofilm or synthetic resin, used in sheet form, is a basic component.

Provided, however, That the manufacture of the following shall not be included:

(a) Any product the manufacture of which is covered by a wage order of the Administrator relating to the Textile, Apparel, Hat, Millinery, Shoe, Pulp and Primary Paper, Carpet and Rug, Portable Lamp and Shade, or Luggage, Leather Goods and Women's Handbag Industry.

(b) Any product, such as rayon, cellophane, etc., made from such pulp by a process which involves the destruction of the original fibrous structure of such pulp.

(c) Roofing paper, insulation board and products therefrom for use as building materials, or shingles.

(d) Newspapers, magazines, books, blueprints, photographs and other products in which graphic art is the exclusive medium through which the products function: *Provided, however*, That the production of printed forms, stationery, blank books, and tablets, other than the printing thereof in a job printing establishment, and the production of other products in the use of which graphic art is applied by the ultimate consumer of the products, shall be included within the converted paper products industry as herein defined.

(3) The definition of the converted paper products industry covers all occupations in the industry which are necessary to the production of the products specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

(4) The industry committee herein created shall meet at 10:00 A. M. on September 9, 1942 in the College Room of the Hotel Astor, New York City, and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at New York, New York, this 15th day of August 1942.

L. METCALFE WALLING,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6401]

WESTERN UNION TELEGRAPH COMPANY

CHANGES IN DIRECTORY OF STATION LISTINGS, ETC.

Order in the matter of changes in directory of station listings and increased rates of the Western Union Telegraph Company for service to and from various points in the United States and Canada.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 11th day of August 1942;

It appearing, that there has been filed with the Commission Supplements Nos. 63, 64 and 65, and the revised numbered pages set forth in the attached list, marked Exhibit "A"[1] and made a part hereof, to The Western Union Telegraph Company Tariff F.C.C. No. 217, effective August 13, 18, 26 and 13, 1942, respectively, changing said company's directory of station listings at the various named points set forth in the attached list, marked Exhibit "B", and made a part hereof, and providing for the discontinuance of certain public telegraph offices and for an increase in the rates and charges applicable to the receipt, transmission, and delivery of telegraph messages to and from such points;

It further appearing, that said Supplements Nos. 63, 64 and 65, and said revised numbered pages to The Western Union Telegraph Company Tariff F.C.C. No. 217, make increases in rates and charges and state regulations and practices effecting such increase in rates and charges for the receipt, transmission, and delivery of telegraph messages in interstate and foreign commerce; that the rights and interests of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective dates of said tariff supplements and revised pages insofar as they relate to increases in rates should be postponed pending hearing and decision thereon;

It is ordered, That the Commission, upon its own motion, without formal pleading, enter upon a hearing concerning the lawfulness of the rates, charges, regulations and practices contained in said Supplements Nos. 63, 64 and 65, and said revised numbered pages to The West Union Telegraph Company Tariff F.C.C. No. 217, insofar as they relate to changes in such company's directory of station listings at the various named points set forth in Exhibit "B";[1]

It is further ordered, That the operation of said tariff supplements and revised numbered pages, insofar as they provide for an increase in the rates and charges for the receipt, transmission and delivery of interstate or foreign telegraph messages to and from the points set forth in Exhibit "B", be suspended; and that the use of the rates, charges, regulations and practices therein stated as applicable to such points, insofar as they provide for an increase in the rates and charges, be deferred for a period of three months beyond the time when they would otherwise go into effect, unless otherwise ordered by the Commission; and during said period of suspension, no change shall be made in the rates, charges, regulations and practices herein suspended or in the rates or charges sought to be increased or the regulations and practices relating thereto unless authorized by special permission of the Commission;

It is further ordered, That an investigation be, and the same is hereby, instituted, into the lawfulness of the rates, charges, classifications, regulations, practices and services of The Western Union Telegraph Company for and in connection with service to and from the points named in Supplements Nos. 63, 64 and 65 and said revised numbered pages of The Western Union Telegraph Company Tariff F.C.C. No. 217;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period, and said charges shall go into effect, The Western Union Telegraph Company, and all carriers subject to the Commission's jurisdiction participating in service provided under the tariff provisions sus-

[1] Filed as part of the original document.

pended herein, shall, until further order of the Commission, each keep accurate account of all amounts charged, collected or received by each of them by reason of any increase in charges affected thereby; in which accounts each such carrier shall specify by whom and in whose behalf such amounts are paid;

It is further ordered, That The Western Union Telegraph Company and each participating carrier subject to the Commission's jurisdiction shall file with this Commission a report, under oath, on or before the 10th day of each calendar month, commencing December 10, 1942, showing the amounts charged, collected or received and accounted for as aforesaid, during the previous calendar month:

It is further ordered, That a copy of this Order shall be filed in the office of the Federal Communications Commission with said tariff supplements and revised numbered pages herein suspended in part; that copies hereof be served upon the carrier parties to such supplements and tariff; and that said carrier parties be, and they are hereby, each made a party respondent to this proceeding;

It is further ordered, That this proceeding be, and the same is hereby, assigned for hearing at 10 a. m. on the 9th day of September 1942, at the offices of the Federal Communications Commission in Washington, D. C.

By the Commission.

[SEAL] T. J. SLOWIE, *Secretary.*

SECURITIES AND EXCHANGE COMMISSION.

[File No. 7-675]

PEPSI-COLA COMPANY

ORDER SETTING HEARING ON APPLICATION TO EXTEND UNLISTED TRADING PRIVILEGES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 17th day of August, A. D. 1942.

In the matter of application of the Boston Stock Exchange to extend unlisted trading privileges to Pepsi-Cola Company, Common Stock, $1 Par Value.

The Boston Stock Exchange, pursuant to section 12 (f) of the Securities Exchange Act of 1934, and Rule X-12F-1 promulgated thereunder, having made application to the Commission to extend unlisted trading privileges to the above-mentioned security; and

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10 a. m. on Wednesday, September 23, 1942, at the office of the Securities and Exchange Commission, 82 Devonshire Street, Boston, Massachusetts, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Frank Kopelman, or any other officer or officers of the Commission named by it for that purpose, shall preside at the hearing on such matter. The officer so designated to preside at such hearing is hereby empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 1-2884]

ALLEN ELECTRIC & EQUIPMENT COMPANY

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 15th day of August, A. D. 1942.

The Allen Electric & Equipment Company pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, having made application to the Commission to withdraw its Common Stock, $1 Par Value, from listing and registration on the Detroit Stock Exchange; and

The Commission having ordered that a hearing be held in this matter on Wednesday, August 19, 1942, in Cleveland, Ohio; and

The Trial Examiner for the Commission having requested a postponement of said hearing, which postponement was consented to by the Applicant and by the Detroit Stock Exchange;

It is ordered, That the matter be set down for hearing at 10 a. m. Wednesday, September 2, 1942, at the office of the Securities and Exchange Commission, 1370 Ontario Street, Cleveland, Ohio, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That C. J. Odenweller, Jr., or any other officer or officers of the Commission named by it for that purpose shall preside at the hearing on such matter. The officer so designated to preside at such hearing is hereby empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the case and to perform all other duties in connection therewith authorized by law.

By the Commission.

[File Nos. 59-17, 59-11, 54-25]

UNITED LIGHT AND POWER CO., ET AL.

ORDER GRANTING TIME EXTENSION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania on the 15th day of August 1942.

In the matter of The United Light and Power Company, The United Light and Railways Company, American Light & Traction Company, Continental Gas & Electric Corporation, United American Company, and Iowa-Nebraska Light and Power Company, respondents, (File No. 59-17); The United Light and Power Company and its subsidiary companies, respondents, (File No. 59-11); and The United Light and Power Company, applicant, (File No. 54-25).

The Commission having by order dated August 5, 1941, entered pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, directed that The United Light and Power Company, The United Light and Railways Company, American Light & Traction Company and Continental Gas & Electric Corporation, registered holding companies, dispose of certain of their interests in designated companies; and said order having provided that the respondents should make application to the Commission for the entry of such further orders as are necessary or appropriate for that purpose, and the Commission having reserved jurisdiction to enter such further orders as might be necessary or appropriate; and

The aforementioned holding companies having filed an application, designated as "Application No. 15", requesting an extension of time for one year within which to comply with our order of August 5, 1941; and

The Commission having found that said holding companies have been unable in the exercise of due diligence to comply with said order within the initial statutory period of one year from the date of its entry, and that an extension of time is necessary and appropriate in the public interest and for the protection of investors;

It is ordered, That said holding companies be, and they hereby are, granted an additional period of one year from August 5, 1942 within which to comply with said Order of August 5, 1941.

By the Commission.

ORVAL L. DUBOIS, *Secretary.*

TITLE 10—ARMY: WAR DEPARTMENT

Chapter X—Areas Restricted for National Defense Purposes

[Public Proclamation WD 1]

PART 103—WAR RELOCATION PROJECTS

RELOCATION CENTERS, ARKANSAS, COLORADO AND WYOMING

AUGUST 13, 1942.

TO: The people within the States of Arkansas, Colorado and Wyoming, and the Public Generally:

Whereas by Executive Order No. 9066, dated February 19, 1942,[1] the President of the United States authorized and directed the Secretary of War, whenever he deems such action necessary or desirable, to prescribe military areas in such places and of such extent as he may determine, from which any or all persons may be excluded, and with respect to which the right of any person to enter, remain in, or leave shall be subject to whatever restrictions the Secretary of War may impose in his discretion; and

Whereas the United States has been subjected to attacks and attempted invasion by the armed forces of nations with which the United States is now at war, and in connection therewith, is subject to espionage and acts of sabotage, thereby requiring the adoption of military measures necessary to establish safeguards against such enemy operations emanating from within as well as from without the national boundaries; and

Whereas the present situation requires as a matter of military necessity that persons of Japanese ancestry who have been evacuated from certain regions of the United States shall be removed to Relocation Centers for their relocation, maintenance and supervision in War Relocation Projects and further requires the promulgation of appropriate restrictions regulating and controlling the rights of all such persons of Japanese ancestry, both alien and non-alien, so evacuated to such Relocation Centers, and of all other persons to enter, remain in, or leave such areas;

Now, therefore, I, Henry L. Stimson, Secretary of War, by virtue of the authority vested in me by the President of the United States, and my powers and prerogatives as Secretary of War, do hereby declare that:

§ 103.1 *Relocation centers; Arkansas, Colorado, and Wyoming.* (a) Pursuant to the determination of military necessity hereinbefore set out, all the territory within the established boundaries of Heart Mountain Relocation Project, approximately twelve miles northeast of Cody, Wyoming; Granada Relocation Project, approximately two miles southwest of Granada, Colorado; Jerome Relocation Project, approximately one mile northeast of Jerome, Arkansas; and Rohwer Relocation Project, adjacent to and west of Rohwer, Arkansas, are hereby established as Military Areas, and are designated as War Relocation Project Areas.

(b) All persons of Japanese ancestry and all members of their families, both alien and non-alien, who now or shall hereafter be or reside, pursuant to orders and instructions of the Secretary of War, or pursuant to the orders or instructions of the Commanding General, Western Defense Command and Fourth Army, or otherwise, within the bounds of any of said War Relocation Project Areas are required to remain within the bounds of said War Relocation Project Areas at all times unless specifically authorized to leave as set forth in paragraph (c) hereof.

(c) Any person of Japanese ancestry and any member of his family, whether alien or non-alien, who shall now or hereafter be or reside within any of said War Relocation Project Areas, before leaving any of said Areas, shall obtain a written authorization executed by or pursuant to the express authority of the Secretary of War or the Director, War

TITLE 12—BANKS AND BANKING

Chapter II—Board of Governors of the Federal Reserve System

PART 204—RESERVES OF MEMBER BANKS

MISCELLANEOUS AMENDMENTS

On August 18, 1942, the Board of Governors of the Federal Reserve System amended § 204.5 [Supplement to Regulation D], effective as to each member bank at the opening of business on August 20, 1942, to read as follows:

§ 204.5 *Supplement; reserves required to be maintained by member banks with Federal Reserve banks.* Pursuant to the provisions of section 19 of the Federal Reserve Act and § 204.2 (a),[2] the Board of Governors of the Federal Reserve System hereby prescribes the following reserve balances which each member bank of the Federal Reserve System is required to maintain on deposit with the Federal Reserve Bank of its district:

6 per cent of its time deposits plus—

14 per cent of its net demand deposits if not in a reserve or central reserve city;

20 per cent of its net demand deposits if in a reserve city, except as to any bank located in an outlying district of a reserve city or in territory added to such city by the extension of the city's corporate limits, which, by the affirmative vote of five members of the Board of Governors of the Federal Reserve System, is permitted to maintain 14 per cent reserves against its net demand deposits;

24 per cent of its net demand deposits if located in a central reserve city, except as to any bank located in an outlying district of a central reserve city or in territory added to such city by the extension of the city's corporate limits, which, by the affirmative vote of five members of the Board of Governors of the Federal Reserve System, is permitted to maintain 14 per cent or 20 per cent reserves against its net demand deposits.

Section 204.5 of this part which was previously issued is hereby revoked and superseded.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Taxes

[T.D. 5166]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

MISCELLANEOUS AMENDMENTS

Amending §§ 19.23 (a)–1 and 19.24–2 of Regulations 103.

Regulations 103 (Part 19, Title 26, Code of Federal Regulations, 1940 Supp.) are amended as follows:

PARAGRAPH 1. The seventh sentence of § 19.23 (a)–1 reading in part as follows:

• • • Among the items included in business expenses are management expenses, commissions, labor, supplies, • • •.

is amended by inserting "(but see § 19.24–2)" immediately after "commissions."

PAR. 2. The seventh sentence of § 19.24–2 reading as follows:

• • • Commissions paid in selling securities, when such commissions are not an ordinary and necessary business expense, are an offset against the selling price.

is amended to read as follows:

• • • Commissions paid in selling securities are an offset against the selling price, except that in the case of dealers in securities such commissions may be treated as an ordinary and necessary business expense.

(Sec. 62 of the Internal Revenue Code (53 Stat. 32, 26 U.S.C., 1940 ed., 62))

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved: August 17, 1942.

[T.D. 5167]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

TIME EXTENSION FOR FILING CERTAIN NONTAXABLE RETURNS

Amending Regulations 103, granting extension of time for filing nontaxable returns of fiduciaries for estates and trusts.

Section 19.53–3 of Regulations 103 (Part 19, Title 26, Code of Federal Regulations, 1940 Supp.) is amended to read as follows:

§ 19.53–3 *Extensions of time in the case of foreign organizations, certain domestic corporations, citizens of United States residing or traveling abroad, and nontaxable returns of fiduciaries for estates or trusts.* (a) An extension of time for filing returns of income for taxable years begun after December 31, 1938, is hereby granted up to and including the 15th day of the sixth month following the close of the taxable year in the case of:

(1) Foreign partnerships regardless of whether they maintain an office or place of business within the United States;

(2) Foreign corporations which maintain an office or place of business within the United States;

(3) Domestic corporations which transact their business and keep their records and books of account abroad;

(4) Domestic corporations whose principal income is from sources within the possessions of the United States; and

(5) American citizens residing or traveling abroad, including persons in military or naval service on duty outside the United States.

In all such cases a statement must be attached to the return showing that the person for whom the return is made is a person described in this paragraph. Taxpayers who take advantage of this extension of time will be charged with interest at the rate of 6 percent per annum on the first installment of tax, if any, from the original due date until paid.

(b) An extension of time for filing nontaxable returns of income for taxable years begun after December 31, 1941, is hereby granted up to and including the 15th day of the fifth month following the close of the taxable year in the cases of fiduciaries for estates or trusts. The extension so granted is not applicable to returns of beneficiaries or other distributees of such estates or trusts.

(Secs. 53 and 62 of the Internal Revenue Code (53 Stat. 32, 33 as amended by 53 Stat. 876, 26 U.S.C. 1940 Ed., 53, 62))

TITLE 30—MINERAL RESOURCES

Chapter II—Geological Survey

PART 251—ADMINISTRATION OF GOVERNMENT-OWNED PATENT RIGHTS REGARDING A METHOD AND MEANS FOR EXTINGUISHING MAGNESIUM INCENDIARY BOMBS[1]

AMENDMENTS

Section 251.2 is amended to read as follows:

§ 251.2 *Preliminary considerations to the issuance of licenses.* As it will be necessary, to enable prompt disposition of applications for licenses, to rely largely on the representations made by the applicants, the application papers must be sworn to (or affirmed) before a notary public or other officer authorized to administer oaths. Great care should be taken to insure that every representation or statement made in the application papers, quarterly reports, and other documents filed pursuant to these regulations is exactly true and that every material fact has been fully disclosed since any wilfully false representation or statement or wilful concealment of a material fact will not only warrant the revocation of the license subsequent to its issuance, but will subject the applicant to criminal liability.

Section 251.14 is amended to read as follows:

§ 251.14 *Quarterly reports.* Quarterly reports of operations under the license shall be submitted to the Secretary of the Interior not later than March 15, June 15, September 15, and December 15 of each year. These reports must show the amount or number of units of extinguisher material distributed or marketed and the principal places of such distribution or marketing; the returns received on sales; the gross and net profits realized therefrom; the efforts made to cooperate with civilian defense organizations in a constructive manner for the protection of the general public; and any other matters deemed pertinent. A ground sample representative of the product marketed during the period covered by the report should also be furnished.

Recommended for approval: August 8, 1942.

W. C. MENDENHALL,
Director of the Geological Survey.

Approved: August 14, 1942.

HAROLD L. ICKES,
Secretary of the Interior.

Chapter III—Bituminous Coal Division

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

[Docket No. A–1550]

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 10.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is, therefore, ordered, That the footnote "# shipping point at Flagler in Freight Origin Group No. 26 shall no longer be applicable" in Supplement R, § 332.2 (*Alphabetical list of code members*), annexed to the order of July 14, 1942, should be and hereby is deleted.

It is further ordered, That shipping point and mine origin group number appearing in Supplement R, § 332.2 (*Alphabetical list of code members*), annexed hereto shall be effective for the No. 3 Mine (Mine Index No. 75) Premium Coal Company, Inc., c/o Glen A. Beebout, instead of the shipping point and mine origin group number heretofore assigned to this mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 10, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 12

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 332, Minimum Price Schedule for District No. 12 and supplements thereto.

§ 332.2 *Alphabetical list of code members*—Supplement R

[Listing of code members, mines, mine index numbers and mine origin groups (for delivery by railroad)]

Mine index No.	Code member	Mine	Mine origin group	Originating railroad	Mine origin group No.

[1] Indicates mines shipping via public sidings and ramps for railway delivery.
[2] Shipping point at Flagler in Freight Origin Group No. 26 shall no longer be applicable.

[F. R. Doc. 42-8072; Filed, August 18, 1942; 11:20 a. m.]

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

[Docket No. A-1499]

ORDER AMENDING RELIEF ORDER

Order correcting order granting temporary relief and conditionally providing for final relief, and providing for additional temporary and conditionally final relief in the matter of the petition of District Board No. 12 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 12.

On July 14, 1942, 7 F.R. 5696, an order was issued in the above-entitled matter granting temporary relief and conditionally providing for final relief.

It appears that the footnote reading "# shipping point at Flagler in Freight Origin Group No. 26 shall no longer be applicable" in Supplement R" annexed to the order was improperly included.

It further appears that this order granted no relief with respect to the request of the petitioner for a change in the shipping point of the No. 3 Mine (Mine Index No. 75) of the Premium Coal Company, Inc., c/o Glen A. Beebout, for the reason that records of the Division indicated that the code acceptance filed on behalf of this operator was improper.

It now appears that the Premium Coal Company, Inc., is a code member in good standing.

It is further ordered, That the footnote "# shipping point at Flagler in Freight Origin Group No. 26 shall no longer be applicable" in Supplement R, § 332.2 (*Alphabetical list of code members*), annexed to the order of July 14, 1942, should be and hereby is deleted.

It is further ordered, That shipping point and mine origin group number appearing in Supplement R, § 332.2 (*Alphabetical list of code members*), annexed hereto shall be effective for the No. 3 Mine (Mine Index No. 75) Premium Coal Company, Inc., c/o Glen A. Beebout, instead of the shipping point and mine origin group number heretofore assigned to this mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 10, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10

No relief is granted herein with respect to the request of District Board No. 10 for establishment of effective minimum prices for the coals of the Black Hawk Mine (Mine Index No. 970) of Maurice Dieu, a code member in District No. 10, for truck shipments, for the reason that it appears that the prices for the coals of Mine Index No. 970 have been established in Price Schedule No. 1 of District No. 10 for truck shipments for Black Hawk Coal Company and Maurice Dieu is a successor of Black Hawk Coal Company in the operation of this mine.

Dated: August 10, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S-77]

KRONKE CO.

Kronke Company of Oakland, California, is a corporation engaged in manufacturing and selling cotton duck and cotton duck products. Between March 1 and April 2, 1942, the company made deliveries of 9,175 yards of cotton duck without specific authorization from the Director of Industry Operations on orders which did not bear a preference rating higher than A-2 in violation of General Preference Order M-91.[1] At least 2,625½ yards of this amount were delivered after the company had full knowledge of the restrictions contained in the order. The company also used a substantial amount of cotton duck in the manufacture of awning stripe in wilful violation of General Preference Order M-91 during the month of March. 1942.

These violations of General Preference Order M-91 have hampered and impeded the war effort of the United States by diverting cotton duck to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.77 *Suspension Order S-77.* (a) Kronke Company, its successors and assigns, shall not accept delivery of, deliver, or use in the manufacture of any article any cotton duck as the same is defined in General Preference Order M-91 except as specifically authorized by the Director General for Operations.

(b) Deliveries of material to Kronke Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Kronke Company by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) No allocation shall be made to Kronke Company, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(d) Nothing contained in this order shall be deemed to relieve Kronke Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on August 23, 1942, and shall expire on November 23, 1942, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8079; Filed, August 18, 1942; 2:50 p. m.]

[1] 7 F.R. 1671, 2596, 4029, 5353.

PART 1010—SUSPENSION ORDERS

[Suspension Order No. S-78]

ADDRESSOGRAPH SALES AGENCY OF SAN FRANCISCO, CALIF.

On or about June 8, 1942, C. E. L. Shaw, doing business as Addressograph Sales Agency of San Francisco, California, was awarded a contract for 150,000 metal identification tags from the City of San Francisco. The Addressograph Sales Agency ordered these tags from Larkin Specialty Manufacturing Company which agreed to stamp them out of plated steel sheet then in its possession, deliver them to Standard Plating Works for cleaning and ball burnishing and subsequent delivery to Addressograph Sales Agency for indenting. Approximately 19,000 tags were stamped out prior to June 19, 1942, but only a few thousand of these tags had been ball burnished prior to that date.

Between July 2 and July 8, 1942, Larkin Specialty Manufacturing Company, acting on advice from Addressograph Sales Agency, that the War Production Board had approved the completion of the contract, stamped out approximately 52,000 more tags although this constituted a violation of General Conservation Order M-126[1] which prohibited the processing of steel for the purpose of making identification tags subsequent to June 19, 1942. Most of these tags were delivered to Standard Plating Works for ball burnishing, which also constituted prohibited processing under General Conservation Order M-126. Approximately 48,000 of the tags have been delivered to Addressograph Sales Agency and about 17,000 have been indented. Although Addressograph Sales Agency knew, or had reason to know, that these tags had been stamped out and ball burnished in violation of General Conservation Order M-126, it, nevertheless, accepted delivery thereof. This constituted a wilful violation of General Conservation Order M-126 by Addressograph Sales Agency which violation has hampered and impeded the war effort of the United States. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.78 *Suspension Order No. S-78.* (a) C. E. L. Shaw, doing business as Addressograph Sales Agency, his sucesgors and assigns shall make no deliveries to the City of San Francisco or any other person of any identification tags which were stamped out by Larkin Specialty Manufacturing Company except as specifically authorized by the Director General for Operations. This prohibition shall apply to all of the identification tags whether or not the same have already been indented by C. E. L. Shaw, doing business as Addressograph Sales Agency and whether or not the same were stamped out in violation of Conservation Order M-126.

(b) This order shall take effect immediately and shall continue in effect until revoked. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc 42-8080; Filed, August 18, 1942; 2:50 p. m.]

[1] 7 F.R. 5353, 5358, 5462, 5510, 5902, 6047.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-79]

CALIFORNIA COTTON MILLS CO.

California Cotton Mills Company of Oakland, California, is engaged in buying and selling cotton duck and processing the same. Between March 1 and March 24, 1942, the Company used more than 15,000 yards of cotton duck in the manufacture of canvas door strips without specific authorization from the Director of Industry Operations to fill orders bearing a preference rating lower than A-2. A substantial amount of this cotton duck was used after the Company had become fully aware of the restrictions contained in General Preference Order M-91.[1] The processing of this cotton duck constituted a wilful violation of General Preference Order M-91 which has hampered and impeded the war effort of the United States by diverting cotton duck to uses unauthorized by the War Production Board.

In view of the foregoing facts, *It is hereby ordered:*

§ 1010.79 *Suspension Order S-79.* (a) California Cotton Mills Company, Oakland, California, its successors and assigns, shall not cut, process, or make deliveries of any cotton duck as the same is defined in General Preference Order M-91 whether or not the cotton duck has been rejected by the Army and Navy of the United States, except as specifically authorized by the Regional Compliance Chief of the San Francisco Regional Office, War Production Board.

(b) Nothing contained in this Order shall be deemed to relieve California Cotton Mills Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director

[1] 7 F.R. 1671, 2596, 4029, 5353.

of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect August 23, 1942, and shall expire on October 23, 1942, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F R. Doc. 42-8081; Filed, August 18, 1942; 2:51 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-83]

ELMER H. FARNSWORTH

Elmer H. Farnsworth of Brockton, Massachusetts, operates two service stations, one located at Howard and North Montello Streets, the other at Spring and Pleasant Streets, Brockton, Massachusetts. During the latter part of May, 1942, large quantities of gasoline were delivered to Farnsworth at his Spring and Pleasant Streets station which were then transferred by him from that station to his other station at Howard and North Montello Streets. Prior to the transfer of this gasoline to the Howard and North Montello Streets station, that station had, as Farnsworth knew, already accepted delivery of the monthly quota of motor fuel which it was permitted to receive under Limitation Order L-70.

The acceptance of delivery of motor fuel by Farnsworth at this service station at a time when he knew the service station had already received its monthly quota constituted a wilful violation of Limitation Order L-70 which has hampered and impeded the war effort of the United States.

In view of the foregoing, *It is hereby ordered:*

§ 1010.83 *Suspension Order S-83.* (a) Elmer H. Farnsworth and any other person or persons who may now or hereafter occupy the Service Station located at Howard and North Montello Streets, Brockton, Massachusetts, now or recently occupied by said Elmer H. Farnsworth shall not accept delivery at such Service Station of any motor fuel as the same is defined in Limitation Order L-70.

(b) Elmer H. Farnsworth shall not accept delivery at any Service Station now or hereafter owned, operated, or leased by him of any motor fuel as the same is defined in Limitation Order L-70.[1]

(c) No person shall deliver any motor fuel as the same is defined in Limitation Order L-70 to the Service Station located at Howard and North Montello Streets, Brockton, Massachusetts, now or recently occupied by Elmer H. Farnsworth or to any Service Station now or hereafter owned, leased, or operated by Elmer H. Farnsworth.

(d) Nothing contained in this Order shall be deemed to relieve Elmer H. Farnsworth from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect August 20, 1942, and shall expire on December 20, 1942, at which time the restrictions contained in this Order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc 42-8077; Filed, August 18, 1942; 2:50 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-84]

CAPITAL CO.

Capital Company of San Francisco, California, is a real estate company which does construction work for Bank of America National Trust and Savings Association. Capital Company was hired by Bank of America to act as its agent in remodeling two buildings, one located at Vernon, California, the other at Huntington Park, California, into premises suitable for occupancy by branches of Bank of America. The Huntington Park property is owned by Bank of America and the Vernon property is leased by it.

On or about April 20, 1942, with full knowledge of the restrictions contained in Conservation Order L-41,[1] Capital Company, acting as agent for Bank of America, first began construction on these projects by physically incorporating therein materials which were an integral part thereof. This constituted a wilful violation of Conservation Order L-41, which has hampered and impeded the war effort of the United States by diverting scarce materials to users unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.84 *Suspension Order S-84.* (a) Neither Capital Company nor Bank of America National Trust and Savings Association nor any other person, shall order, purchase, accept delivery of, withdraw from inventory or in any other manner secure or use material or construction plant in order to continue construction on the properties located at Vernon, California, and Huntington Park, California, on which construction was begun in violation of Conservation Order L-41. The Vernon property is more specifically described as Lots 52, 53, and 54 of Block 3 corrected map, Adeline Square Tract, Los Angeles, California, and the Huntington Park property is more specifically described as Lots 15, 16, and 17, Block 23, located at the corner of Clarendon and Pacific Streets, Huntington Park, California.

(b) No application for authorization to continue construction on the aforesaid properties located at Vernon, California, and Huntington Park, California, shall be granted by the War Production Board.

(c) This order shall take effect immediately and shall continue in effect until revoked. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8082; Filed, August 18, 1942; 2:51 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-74]

DUART MANUFACTURING CO.

Duart Manufacturing Company of San Francisco, California, is engaged in the business of manufacturing permanent wave machines. Subsequent to February 17, 1942, the Company delivered aluminum castings containing approximately 3,517 pounds of aluminum to another company although such deliveries were not in fulfillment of rated purchase orders for essential items. The castings were then fabricated into parts for permanent wave machines and returned to Duart Manufacturing Company which thereupon assembled the parts into finished permanent wave machines and items sold in conjunction therewith. The delivery of these aluminum castings for processing and return to the Company constituted a violation of Supplementary Order M-1-f[1] and the assembling of the aluminum parts into the finished machines constituted a violation of Supplementary Order M-1-e.[2] Through its violations of these orders the Company was able to manufacture at least 490 permanent wave machines.

These violations of Supplementary Orders M-1-f and M-1-e have impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered,* That:

§ 1010.74 *Suspension Order S-74.* (a) Duart Manufacturing Company, its successors and assigns, shall not sell, transfer or otherwise dispose of 490 of the permanent wave machines containing aluminum which are now in its inventory, except as specifically authorized by the Director General for Operations: *Provided, however,* That the Company may deliver or transfer such permanent wave machines for the purpose of storing the same for its own use.

(b) Nothing contained in this order shall be deemed to relieve Duart Manufacturing Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect immediately and shall remain in effect until revoked. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 18th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F R. Doc. 42-8078; Filed, August 18, 1942; 2:50 p. m.]

PART 1090—AGAVE FIBER

[Amendment 1 to General Preference Order M-84, as amended August 5, 1942]

Section 1090.1 *General Preference Order* M-84,[1] paragraph (c) (4), is hereby amended by substituting for the date "August 19, 1942" appearing in the second sentence thereof, the date "August 31, 1942." (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 19th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8093; Filed, August 19, 1942; 10:57 a. m.]

Chapter XI—Office of Price Administration

PART 1341—CANNED AND PRESERVED FOODS

[Maximum Price Regulation 207]

FROZEN FRUITS, BERRIES AND VEGETABLES

In the judgment of the Price Administrator, seasonal conditions and other factors affecting the sale of frozen fruits, berries and vegetables by packers have resulted in the establishment under the General Maximum Price Regulation[2] of maximum prices for such sales which are not generally fair and equitable as applied to the 1942 pack and which are not best calculated to assist in securing adequate production of such commodities. This Maximum Price Regulation No. 207 is issued by the Price Administrator in order to establish for the packers of frozen fruits, berries and vegetables maximum prices which are fair and equitable and which will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The Price Administrator has ascertained and given due consideration to the prices of frozen fruits, berries and vegetables prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined to be of general applicability. So far as practicable, the Price Administrator has consulted with representatives of the frozen fruit, berries and vegetables industry.

The maximum prices established herein are not below prices which will reflect to the producers of the raw agricultural commodities from which frozen fruits, berries and vegetables are manufactured, a price for their products equal to the highest of any of the following prices therefor determined and published by the Secretary of Agriculture: (1) 110 per centum of the parity price for such commodity, adjusted by the Secretary of Agriculture for grade, location and seasonal differentials; (2) the market price prevailing for such commodity on October 1, 1941; (3) the market price prevailing for such commodity on December 15, 1941; or (4) the average price for such commodity during the period July 1, 1919 to June 30, 1929.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, Maximum Price Regulation No. 207 is hereby issued.

AUTHORITY: §§ 1341.201 to 1341.214, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1341.201 *Prohibition against dealing in frozen fruits, berries and vegetables above maximum prices.* (a) On and after August 24, 1942, regardless of any contract or other obligation, no packer shall sell or deliver any frozen fruits, berries or vegetables packed after the 1941 pack at a price higher than the maximum prices established pursuant to this Maximum Price Regulation No. 207.

(b) No person in the course of trade or business shall buy or receive any frozen fruits, berries or vegetables from a packer at a price higher than the maximum price established by this Maximum Price Regulation No. 207; and

(c) No packer or other person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1341.202 *Packer's maximum prices for frozen fruits, berries and vegetables.* (a) The packer's maximum price per dozen or other unit f. o. b. factory for each kind, grade and container size of frozen fruits, berries and vegetables packed after the 1941 pack shall be:

(1) The weighted average price per dozen or other unit f. o. b. factory charged by the packer for such kind, grade and container size during the first 60 days after the beginning of the 1941 pack, revised to reflect no more than seven months' storage in the case of quick-frozen fruits, berries and vegetables and no more than thirty days' storage in the case of cold-packed fruits, berries and vegetables; plus

(2) Twelve per cent of such revised weighted average price per dozen or other unit f. o. b. factory, as determined under paragraph (a) (1) of this section; plus

(3) The actual increase per dozen or other unit in the cost of the raw agricultural commodity delivered at the factory in 1942 over the cost of the same raw agricultural commodity delivered at the factory for the 1941 pack, except as hereinafter limited in paragraph (b) (2) of this section.

(b) In determining the packer's maximum price:

(1) The "weighted average price" shall be the total gross sales dollars charged for each kind, grade and container size, divided by the number of units sold of such kind, grade and container size. All sales made in the regular course of business during the first 60 days after the beginning of the 1941 pack shall be included, except sales made to the armed forces of the United States.

(2) The "actual increase in the cost of the raw agricultural commodity" shall be:

(i) The difference per dozen or other unit of each kind, grade and container size between (*a*) the weighted average cost per unit to the packer of the raw agricultural commodity purchased for the 1941 pack, computed by dividing the total amount paid by the number of units purchased, and (*b*) the weighted average of the prices per unit, paid or contracted to be paid by the packer to the grower for the same raw agricultural commmodity in 1942, based on not less than the first 75 per cent of his 1942 purchases: *Provided,* That in the case of strawberries any packer who in 1942 purchased his strawberries at less than eight cents per pound may include in the 1942 cost of such strawberries any amount per pound subsequently paid by him to the grower which when added to the amount already paid does not exceed the sum of eight cents per pound.

(ii) But in no case to exceed: (*a*) For all fruits, the following maximum amounts:

Raw Agricultural Commodity:	*Maximum permitted increase (per ton)*
Apples	(1)
Apricots	$23
Cherries, red sour pitted	50
Cherries, sweet	56
Grapes	14
Peaches, freestone (including freestone nectarines)	15
Pears	15
Plums	2
Prunes	13

[1] To be announced.

---

[1] 7 F.R. 5552, 6419.

[1] 7 F.R. 2730, 3712, 3774, 4326, 5661.

[1] 7 F.R. 1104, 6519.
[2] 7 F.R. 539, 6519.

[1] 7 F.R. 6144.
[2] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5192, 5276, 5365, 5445, 5484, 5565, 5775, 5783, 5784, 6058.

*Copies may be obtained from the Office of Price Administration.

(b) For all berries, except strawberries, the amount of three cents per pound.

(c) For strawberries, the difference between the weighted average cost per pound delivered at the packing plant in 1941 and eight cents per pound.

(d) For all vegetables, the difference between the weighted average cost per ton of raw material delivered at the packing plant in 1941 and the weighted average cost per ton delivered at the packing plant in 1942 of at least 75 per cent of the packer's 1942 raw material requirements, but excluding from such weighted average costs in 1942 any raw material costs incurred on or after July 6, 1942, in excess of the market prices of such raw material delivered at the packing plant prevailing on the respective dates on which such raw material was contracted for.

(iii) The actual increase per dozen or other unit which any cooperative packer is entitled to recognize hereunder shall be the actual increase which the most closely competitive non-cooperative packer is entitled to recognize for the same kind, grade and container size.

(iv) In converting the increased cost of the raw agricultural commodity into increased cost per dozen or other unit for each grade and container size, the increase shall be allocated to each grade and container size in the same proportion as costs of raw materials in 1941 were allocated to each grade and container size.

(v) The actual increase per dozen or other unit in the cost of the raw agricultural commodity shall not be computed until the packer has purchased 75 per cent or more of his 1942 requirements. Such increase, as determined hereunder by a packer, shall be deemed to be his actual increase and shall not be subject to adjustment thereafter for later fluctuations in the cost of the raw agricultural commodity.

(c) If the maximum price for any kind, grade and container size of any frozen fruits, berries or vegetables cannot be determined under paragraphs (a) and (b) of this section, the packer's maximum price for such kind, grade and container size shall be the maximum price of the most closely competitive packer.

(d) If the packer's maximum price cannot be determined under paragraphs (a), (b), or (c) of this section, the maximum price shall be a price determined by the packer after specific authorization from the Office of Price Administration, Washington, D. C., on application setting forth (1) a description in detail of the kind, grade and container size of the frozen fruits, berries or vegetables for which a maximum price is sought; and (2) a statement of the facts which differentiate such kind, grade and container size of frozen fruits, berries or vegetables from the most similar kind, grade and container size for which he has determined a maximum price, stating such most similar kind, grade and container size and the maximum price determined therefor. When such authorization is given, it will be accompanied by instructions as to the method for determining the maximum price. Within ten days after such price has been determined, the packer shall report the price to the Office of Price Administration, Washington, D. C., under oath or affirmation. The price so reported shall be subject to adjustment at any time by the Office of Price Administration.

(e) Any packer who believes that the maximum prices determined pursuant to the provisions of this section are such that they subject him to hardship with respect to any particular brand of frozen fruits, berries or vegetables, may apply to the Office of Price Administration, Washington, D. C., for authorization to compute his maximum prices hereunder separately for such brand. Such application shall set forth, under oath or affirmation, (1) the maximum prices which would be established under this section for each kind, grade and container size of such brand if such prices for such brand were computed separately under the foregoing paragraphs of this section, (2) the number of years in which the packer has packed under such particular brand, (3) the amount of each kind, grade and container size of that particular brand packed by him during the 1941 pack, (4) the amount of the same kind, grade and container size packed by him during the 1941 pack which was not packed under such brand, (5) the extent to which the brand in question was used and advertised during the year 1941, (6) the price relationship between the particular brand in question and his other brands or unbranded frozen fruits, berries and vegetables of the 1941 pack, (7) the number of brands, other than the particular brand in question under which the packer packed the same kind of frozen fruits, berries or vegetables in 1941, and (8) such other facts as the packer may deem relevant.

(f) The maximum price for each kind grade and container size for a packer who owns more than one factory shall be determined separately for each factory, except that if any group of two or more factories located in the same growing or packing area had the same f. o. b. factory prices in 1941, the maximum prices shall be determined uniformly for the entire group by using the combined figures for all of the factories in the group in computing the maximum price under paragraphs (a) and (b) of this section, or if that cannot be determined, by using the price of the most closely competitive packer, under paragraph (c) of this section, as the maximum price of the entire group. In applying for the specific authorization of a price under paragraph (d) of this section, the application may be made for a uniform maximum price for all of the factories in such group.

(g) Any packer who sold and delivered a particular brand of frozen fruits, berries or vegetables packed by him during the calendar year 1941 on an established uniform delivered price basis by zone or area, may add to the maximum price per dozen f. o. b. factory computed under the foregoing paragraphs of this section for each grade and container size of such brand of frozen fruits, berries or vegetables, the freight charge he added to his f. o. b. factory price during the calendar year 1941, for such grade and container size of such brand of frozen fruits, berries or vegetables in the same zone or area. The resulting price shall be the packer's maximum delivered price for such grade and container size of such brand of frozen fruits, berries or vegetables for the zone or area in which the same freight factor was used in 1941.

(h) No packer shall change his customary allowances, discounts or other price differentials, including price differentials between different classes of purchasers and price differentials between brands, except when authorized to comput brand differentials pursuant to paragraph (e) of this section, unless such change results in a lower price.

§ 1341.203 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 207 may be charged, demanded, paid or offered.

§ 1341.204 *Transfer of business or stock in trade.* If the business, assets or stock in trade of a packer are sold or otherwise transferred on or after August 24, 1942, and the transferee carries on the business, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place and his obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this Maximum Price Regulation No. 207.

§ 1341.205 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 207 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to frozen fruits, berries or vegetables, alone or in conjunction with any other commodity or by way of any commission, service, transportation or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1341.206 *Records and reports.* Every packer who makes sales of frozen fruits, berries or vegetables packed after the 1941 pack, shall (a) preserve for examination by the Office of Price Administration for a period of two years all his existing records which were the basis for the computations required by § 1341.202, and (b) preserve for the same period all records of the same kind as he has customarily kept, relating to the prices which he charged for frozen fruits, berries or vegetables sold on and after August 24, 1942, and (c) file with the Office of Price Administration, Washington, D. C., within 10 days after determining his maximum prices for each kind of frozen fruits, berries or vegetables, a statement certified under oath or affirmation showing his weighted average price and his increase in the cost of the raw agricultural commodity, as determined under § 1341.202 hereof, together with the maximum price determined hereunder for each grade and container size of such kind of frozen fruits, berries or vegetables and all his customary allowances and discounts, and (d) in those cases in which the maximum price of any kind, grade and container size of frozen fruits, berries or vegetables was determined by the maximum price of the most closely competitive packer, showing the maximum price of such kind, grade and container size and the name and address of the packer whose maximum price was so adopted, and (e) in those cases in which a packer made sales and deliveries of a particular brand of frozen fruits, berries or vegetables packed by him in 1941 on an established uniform delivered price basis by zone or area, showing his maximum price per dozen f. o. b. factory for each grade and size of such brand of frozen fruits, berries or vegetables, the freight charge which he added to his f. o. b. factory price during the calendar year 1941 for each zone or area and the maximum delivered price for each kind, grade and container size of frozen fruits, berries or vegetables packed after the 1941 pack delivered in each zone or area, and (f) preserve for a period of two years a true copy of each such statement filed with the Office of Price Administration for examination by any person during ordinary business hours. Any packer who claims that substantial injury would result to him from making any such statement available to any other person, may file such copy of such statement with the appropriate field office of the Office of Price Administration. The information contained in such statement will not be published or disclosed unless it is determined that the withholding of such information is contrary to the purposes of this Maximum Price Regulation No. 207.

§ 1341.207 *Enforcement.* Persons violating any provision of this Maximum Price Regulation No. 207, are subject to the criminal penalties, civil enforcement actions and suits for treble damages provided by the Emergency Price Control Act of 1942.

§ 1341.208 *Petitions for amendment.* Persons seeking a modification of this Maximum Price Regulation No. 207 may file a petition therefor in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1341.209 *Applicability.* The provisions of this Maximum Price Regulation No. 207 shall be applicable to the United States, its territories and possessions, and the District of Columbia.

§ 1341.210 *Definitions.* (a) When used in this Maximum Price Regulation No. 207 the term:

(1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successors or representatives of any of the foregoing and includes the United States, any agency thereof, any other Government, or any of its political subdivisions and any agency of any of the foregoing.

(2) "Packer" means a person who freezes and packs, either as a quick freezer or as a cold packer, any of the products defined herein as frozen fruits, berries and vegetables.

(3) "Frozen fruits, berries and vegetables" means any fruits, berries or vegetables which have been frozen and packed.

(4) "1941 pack" of any frozen fruits, berries or vegetables shall be that pack the major portion of which was frozen and packed during the calendar year 1941.

(5) "The most closely competitive packer" means the packer who:

(i) Sells to the same class of buyers,

(ii) Packs the same or similar quality range of the product in question,

(iii) Has sold in the past the same kind of frozen fruits, berries or vegetables at approximately the same prices as the packer establishing a maximum,

(iv) Has used the same general merchandising methods, and

(v) Is located in the same general growing and packing area, or if there is no such packer in the same general growing and packing area, is located in the nearest growing and packing area.

(6) "Kind", when referring to any frozen fruits, berries or vegetables, also refers to the style of the pack of such frozen fruits, berries or vegetables.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1341.211 *Export sales.* The maximum price at which a person may export frozen fruits, berries and vegetables shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation [3] issued by the Office of Price Administration.

§ 1341.212 *Sales of frozen strawberries before effective date.* In any case in which a packer has sold before August 24, 1942, any frozen strawberries which were packed after the 1941 pack, such packer is hereby authorized to receive further payments from his buyer to the extent that such payments, when added to those already received under the contract of sale, do not exceed the maximum price which would have been established for him by this Maximum Price Regulation No. 207 had sale or delivery occurred after August 24, 1942.

§ 1341.213 *When prices established under § 1341.202 may be charged.* Every packer of frozen fruits, berries and vegetables shall take inventory of his stock of frozen fruits, berries and vegetables as of August 24, 1942, and shall deduct therefrom all such frozen fruits, berries and vegetables as were packed after the 1941 pack and prior to August 24, 1942. The difference so obtained shall be the quantity which such packer is hereby required to sell subject to maximum prices computed in conformity with the provisions of the General Maximum Price Regulation before he is entitled to sell any frozen fruits, berries and vegetables subject to the maximum prices established under § 1341.202 of this Maximum Price Regulation No. 207.

§ 1341.214 *Effective date.* This Maximum Price Regulation No. 207 (§§ 1341.201 to 1341.214 inclusive) shall become effective August 24, 1942.

Issued this 18th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[Amendment 13 to Rationing Order 2A [1]]

NEW PASSENGER AUTOMOBILE RATIONING REGULATIONS

Section 1360.331 is amended to read as set forth below:

Restriction of Transfers

§ 1360.331 *Prohibitions.* Notwithstanding the terms of any contract or other commitment, regardless of when made, (a) No person shall make or offer to make, or accept or offer to accept, a transfer of a new passenger automobile except in accordance with the provisions of Rationing Order No. 2A; and

(b) During the period from August 18, 1942 to October 31, 1942, inclusive, no person shall make or offer to make, and no person including a certificate holder shall accept or offer to accept, a transfer of any Ford, Chevrolet or Plymouth, four-door, hardtop, 1942 model passenger automobile which on August 18, 1942 was held for sale or other transfer, had been driven less than 1,000 miles, and had a list price of $1,000 or less pursuant to Appendix A (§ 1360.61) of Revised Price Schedule No. 85 or any amendment thereto issued by the Office of Price Administration; *Provided, however,* That this section shall not prohibit the transfer of any such automobile to any person specified in § 1360.332 (b) or to any person acquiring such automobile for transfer to a person specified in § 1360.332 (b).

(1) The word "transfer" is broadly defined by these regulations. For example, the term includes not only transfers by sale, lease, or trade of the automobile, but also by gift from one person to another. Unless specifically exempted, all physical transfers involving a change in the actual use of the car are included. Thus, if a partnership gives what has been exclusively a partnership car to one

[1] 7 F.R. 1542, 1647, 1756, 2108, 2242, 2305, 2903, 3097, 3432, 4343, 5424, 6049.

[2] 7 F.R. 5059.

[3] 7 F.R. 5059.

of the partners for his own use, a transfer has occurred. On the other hand, putting a car in a garage or warehouse, or letting a repairman drive it to his shop, is not a transfer within these regulations.

(2) There are certain specific exemptions from the broad definition of "transfer." Delivery to a railroad or other carrier for shipment, and delivery by such carrier to the consignee, are not included. In this situation, the transfer takes place between the consignor and the consignee.

(3) A lease or loan made in good faith for a week or less is also not included in the word "transfer." This exception allows temporary loans to friends and does not prevent the leasing of new passenger automobiles possessed on January 2, 1942, by concerns which lease automobiles to the public for short periods. The requirement of good faith means that the lease or loan must really be temporary. If a person continually lends a car to the same person for six days of the week and takes it back on Sundays, he has made a loan for less than a week but, since he is clearly attempting to evade the regulations, he has not made the loan in good faith and the transaction is a "transfer."

(4) The term "transfer" does not include a technical transfer of title for security purposes without an accompanying transfer of use. Thus, security transactions, such as conditional sales contracts, bailment leases, or chattel mortgages, do not involve "transfers."

Effective Dates

§ 1360.442 *Effective dates of amendment* • • •

(m) Amendment No. 13 (§ 1360.331) to Rationing Order No. 2A shall become effective August 18, 1942.

(Pub. Law 421, 77th Cong., W.P.B. Dir. No. 1, Supp. Dir. No. 1A, 7 F.R. 562, 698, 1493)

Issued this 18th day of August 1942.

PART 1351—FOOD AND FOOD PRODUCTS

[Maximum Price Regulation 150[1] as amended]

MILLED RICE

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 150, as amended, has been issued simultaneously herewith and filed with the Division of the Federal Register.* Sections 1351.451 to 1351.464 inclusive, are amended and renumbered to read as set forth below:

*Copies may be obtained from the Office of Price Administration.
[1] 7 F.R. 3856, 3901.

Sec.
1351.451 Maximum prices for milled rice.
1351.452 Less than maximum prices.
1351.453 Exempt sales.
1351.454 Conditional agreements.
1351.455 Guarantee.
1351.456 Evasion.
1351.457 Records and reports.
1351.458 Enforcement.
1351.459 Applicability of General Maximum Price Regulation.
1351.460 Petitions for amendment.
1351.461 Definitions.
1351.462 Applicability.
1351.463 Effective dates of amendments.
1351.464 Appendix A: Maximum prices for milled rice.

AUTHORITY: §§ 1351.451 to 1351.464, inclusive issued under Pub. Law 421, 77th Cong.

§ 1351.451 *Maximum prices for milled rice.* On and after June 1, 1942 regardless of any contract, agreement, or other obligation, no rice miller or first seller of milled rice shall sell, offer to sell, or deliver milled rice, and no person shall buy, offer to buy, or accept delivery of milled rice from a rice miller or first seller of milled rice at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1351.464 except as provided for in § 1351.453. The maximum prices shall not be increased by any charges for the extension of credit, and shall include commissions and all other charges, and shall apply to sales made for export.

§ 1351.452 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1351.464) may be charged, demanded, paid or offered.

§ 1351.453 *Exempt sales.* The maximum prices for milled rice established herein and the provisions of § 1351.451 are not applicable to sales of milled rice at retail or to sales of rice in packages of three pounds or less.

§ 1351.454 *Conditional agreements.* No person selling milled rice, which sale is subject to the maximum prices set forth in Appendix A (§ 1351.464), shall enter into an agreement permitting the adjustment of the prices to prices which may be higher than the maximum prices set forth in Appendix A (§1351.464) in the event that this Maximum Price Regulation No. 150 is amended or is determined by court to be invalid, or upon any other contingency: *Provided*, That if a petition for amendment (or for adjustment or for exception) has been duly filed, and such petition requires extensive consideration, and the Administrator determines that an exception would be in the public interest pending such consideration, the Administrator may grant an exception from the provisions of this section, permitting the making of contracts adjustable upon the granting of the petition for amendment (or for adjustment or for exception, as the case may be.) Requests for such an exception may be included in the aforesaid petition for amendment (or for adjustment or for exception.)

§ 1351.455 *Guarantee.* At or prior to the time of shipment every seller of milled rice covered by this regulation must furnish the purchaser with an invoice covering the milled rice delivered, specifying clearly the following guarantee for each lot covered by the invoice:

(a) The total *minimum* percentage of whole kernel rice of all varieties.

(b) The variety and *minimum* percentage of whole kernel rice of the predominant variety.

(c) The variety and the *maximum* percentage of whole kernel rice of each other variety.

(d) The variety and the *maximum* percentage of each variety of second head milled rice.

(e) The *maximum* percentage of screenings milled rice.

(f) The *maximum* percentage of brewers milled rice.

The total of (b) and (c) shall equal (a) and the total of (a), (d), (e), and (f) shall equal 100%. Each lot of rice and its corresponding invoice must bear the same lot number or other similar mark of identification.

§ 1351.456 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 150 shall not be evaded whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, guarantee, delivery or purchase of, or relating to, milled rice, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1351.457 *Records and reports.* (a) Every person making sales of milled rice, which sales are subject to the maximum prices set forth in Appendix A (§ 1351.464) herein, and every person making purchases of milled rice, which purchases are subject to the maximum prices set forth in Appendix A (§ 1351.464) herein, after May 31, 1942 shall keep for inspection by the Office of Price Administration, for a period of not less than two years, complete and accurate records of each such sale or purchase, showing the date thereof, names and addresses of the buyer and seller, the prices contracted for, or paid, or received, and the variety and amount sold or purchased.

(b) Such sellers and such purchasers shall submit such reports to the Office of Price Administration and keep such other records in addition to, or in place of, the records required in paragraph (a) of this section, as the Office of Price Administration may from time to time require or permit.

§ 1351.458 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 150 are subject to the criminal penalties, civil enforcement actions and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 150, or any price schedule, regulation, or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest Field or Regional Office of the Office of Price Administration, or its principal Office in Washington, D. C.

§ 1351.459 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 150 supersede the provisions of the General Maximum Price Regulation with respect to sales or deliveries of milled rice for which maximum prices are established by this regulation.

§ 1351.460 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 150 or an adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1351.461 *Definitions.* (a) When used in this Maximum Price Regulation No. 150, the term:

(1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing and includes the United States, an agency thereof, any other government, or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "seller", "buy", "purchase", and "purchaser" shall be construed accordingly. Nothing in this Maximum Price Regulation No. 150 shall be construed to prohibit the making of a contract to sell milled rice at a price not to exceed the maximum price at the time of delivery or supply.

(3) "First seller of milled rice" means the first person to sell rice after it has been milled.

(4) "Milled rice" means the whole or broken kernels of rice from which the hulls and practically all of the germs and bran layers have been removed, which may be either coated or uncoated, and which does not contain more than 10 percent of cereal grains, including paddy grains, seeds or foreign material either singly or in any combination.

(5) "Second head milled rice", "screenings milled rice" and "brewers milled rice" shall have the meanings given to them by "United States Standards for Milled Rice" as published by the United States Department of Agriculture effective May 15, 1942.

(6) "Sale at retail" means a sale to an ultimate consumer other than an industrial or commercial user or Government agency.

(7) "To deliver" means to transfer actual possession of the milled rice to the purchaser or to any carrier, including a carrier owned or controlled by the seller, for shipment to the purchaser: *Provided however*, That within the meaning of § 1351.464, the term "delivery" means transfer of actual possession of milled rice to the purchaser at the point of destination as specified in paragraph (d) (4) of § 1351.464.

(8) "Records" includes books of account, sales lists, sales slips, orders, vouchers, contracts, receipts, invoices, bills of lading, and other papers and documents.

§ 1351.462 *Applicability.* The provisions of this Maximum Price Regulation No. 150 shall be applicable to the United States, its territories and possessions, and the District of Columbia.

§ 1351.463 *Effective dates of amendments.* (a) This Maximum Price Regulation No. 150, as amended (§§ 1351.451 to 1351.464, inclusive) shall become effective August 19, 1942.

§1351.464 *Appendix A: Maximum prices for milled rice*—(a) *Maximum prices at the base points.* Maximum prices at the base points, Crowley, Louisiana; El Campo, Texas; Stuttgart, Arkansas; Imperial, California; and San Francisco, California for the varieties of milled rice enumerated in the schedule below, apply only to milled rice containing not more than four per cent of broken kernels and not more than one per cent of whole kernels of a variety other than the predominant variety. The maximum prices enumerated for broken rice classes apply to all grades of the specified class. All prices are in dollars per 100 pounds f. o. b. conveyance at base points except that for shipments based on San Francisco for shipment from San Francisco by boat to points outside continental United States prices are f. a. s. vessel:

Varieties:	*Base point price*
Rexoro	$8.25
Nira	8.25
Fortuna	7.50
Edith	7.00
Calady	6.65
Blue Rose	6.50
American Pearl	6.50
Lady Wright	6.50
Zenith	6.25
Early Prolific	6.20
Broken Rice Classes:	
Second Head	
Rexoro, Nira and Fortuna	6.00
Other Varieties	5.25
Screening	4.50
Brewers	4.00

The maximum price per 100 pounds for any lot of milled rice at the base points containing more than four percent of broken kernels or more than one percent of whole kernels of a variety other than the predominant variety shall be computed by adding the results obtained by multiplying the percentage of each variety and/or each broken rice class of milled rice forming a part of the lot, as shown by the guarantee, by the applicable maximum price for each variety of broken rice class as specified in the foregoing table.

Where the milled rice sold is packed in 5 pound, 10 pound, 25 pound or 50 pound bags or containers, the applicable maximum price per 100 pounds shall be increased by 50 cents, 35 cents, 15 cents or 10 cents respectively.

Where the milled rice sold has been granulated, the applicable maximum price per 100 pounds shall be increased by 10 cents.

(b) *Maximum delivered prices within a base point for rice milled in the same base point.* For deliveries within a base point of rice milled in the same base point, the maximum delivered price shall be the maximum base point price plus the customary local delivery charge per 100 pounds, when actually incurred by the seller: *Provided*, That no local delivery charge may be added until the seller shall have filed with the Office of Price Administration in Washington, D. C., a schedule of such customary local delivery charges.

(c) *Maximum delivered prices within a mill point other than a base point for rice milled in the same mill point.* For deliveries within a mill point other than a base point for rice milled in the same mill point, the maximum delivered price shall be the maximum delivered price computed in the same manner as in paragraph (d) of this section plus the customary local delivery charge per 100 pounds, when actually incurred by the seller: *Provided*, That no local delivery charge may be added until the seller shall have filed with the Office of Price Administration in Washington, D. C., a schedule of such customary local delivery charges.

(d) *All other maximum delivered prices.* (1) For non-export shipments the maximum base point prices enumerated in paragraph (a) of this section may be increased by adding the lowest established charge per 100 pounds available for the transportation of an identical shipment of milled rice from the applicable base point to the point of destination.

(2) For export shipments the maximum delivered prices shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation issued by the Office of Price Administration on July 2, 1942 and any amendments thereto.

(3) For the purpose of determining maximum prices in accordance with the Maximum Export Price Regulation pursuant to the provisions of subparagraph (2) of this paragraph, the maximum domestic prices shall be the maximum base point prices enumerated in paragraph (a) of this section, plus the lowest established charge per 100 pounds for export shipment of milled rice available for the transportation of an identical shipment from the applicable base point to that port to which the lowest established charge per 100 pounds for export shipment of milled rice from such base point applies: *Provided*, That in no event shall the shipping charges from mill to the actual port of exportation be included as part of the shipping charges provided for in the Maximum Export Price Regulation.

(4) In determining the transportation charges pursuant to the provisions of

subparagraphs (1), (2) and (3) of this paragraph, where a shipment originates in a place outside of a base point and actually moves at a carload rate, the maximum transportation charge to be added shall be computed at the lowest railroad carload rate from the applicable base point to the point of destination or the port of exportation. Where coastwise or intercoastal shipments are made by water, the maximum delivered prices may be increased further by the addition of charges for war risk cargo insurance, surcharges and emergency charges necessarily incident to the transportation, where actually incurred by the seller. Within the meaning of this paragraph (d) the applicable base point shall be that base point from which the lowest established rate for transportation of milled rice applies to the seller's mill, and the point of destination shall be f. o. b. conveyance at the dock or siding at or in the vicinity of the buyer's warehouse or place of business or some other point designated by the buyer if the shipment actually moves to such other point directly from the mill point.

(e) *Definitions of "base point" and "mill point".* Within the meaning of this section, the term "base point" shall include the incorporated area and the established switching district of the base point city; and the term "mill point" shall include the incorporated area and the established switching district of any city in which a rice mill is located. A rice mill shall be deemed located within a city if it is situated within the incorporated area or within the established switching district of such city.

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 59 Under § 1499.3 (b) of the General Maximum Price Regulation [1]]

WEYERHAEUSER SALES COMPANY

MAXIMUM PRICES FOR SHIPMENT OF WOOD CULVERT STAVES

The Weyerhaeuser Sales Company of Saint Paul, Minnesota, made application under § 1499.3 (b) of the General Maximum Price Regulation for approval of proposed maximum prices for shipment of wood culvert staves. Due consideration has been given to the application, and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1 [2] issued by the Office of Price Administration it is ordered:

§ 1499.273 *Approval of maximum prices for sale by Weyerhaeuser Sales Company of wood culvert staves.* (a) On and after August 20, 1942, the maximum price f. o. b. mill, at which the Weyerhaeuser Sales Company of Saint Paul, Minnesota, may sell wood culvert staves, constructed according to specifications set forth herein, shall be as follows:

Wood Culvert Staves

Description: Manufactured from Douglas Fir, White Fir, West Coast Hemlock, or Ponderosa Pine (commercially dry), Select Common or Better grade, sound and tight-knotted stock; nominal thickness and width of 2" x 4", nominal lengths 3', 4' and 6', for culverts with inside diameters of 8", 10", 12", 15", 18" and 24"; special tongue and groove on edges and shiplap ends edge worked and beveled for size of culvert to produce full bearing at joints staves marked so as to indicate size of culvert.

Price per hundred staves in quantities of 100 or more:

Length (feet):	Price
3	$9.26
4	12.36
6	18.52

Customary discounts for cash to be maintained.

(b) This Order No. 59 may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 59 (§ 1499.273) shall become effective August 20, 1942. (Pub. Law 421, 77th Cong.)

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 60 Under § 1499.3 (b) of the General Maximum Price Regulation [1]]

WEYERHAEUSER SALES COMPANY

MAXIMUM PRICES FOR WOOD FENCE POSTS

The Weyerhaeuser Sales Company of Saint Paul, Minnesota, made application under § 1499.3 (b) of the General Maximum Price Regulation for approval of proposed maximum prices for wood fence posts. Due consideration has been given to the application, and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1 [2] issued by the Office of Price Administration it is ordered:

§ 1499.274 *Approval of maximum prices for sale by Weyerhaeuser Sales Company of wood fence posts.* (a) On and after August 20, 1942, the maximum price, f. o. b. mill, at which the Weyerhaeuser Sales Company of Saint Paul, Minnesota, may sell wood fence posts, constructed according to specifications set forth herein, shall be as follows:

WOOD FENCE POSTS

Description: Manufactured from Douglas Fir lumber, Select merchantable grade; tapering from nominal thickness and width of 3" x 4" at top to nominal thickness and width of 2" x 3" at botton; headed at top and pointed at bottom; incised at grade line; given toxic and water repellant treatment.

Price per unit in lots of 100 units or more:

Length:	Price
5' 6"	$0.23
6'	.25
6' 6"	.27
7'	.29
8'	.33
9'	.37

Customary discounts for cash to be maintained.

(b) This Order No. 60 may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 60 (§ 1499.274) shall become effective August 20, 1942. (Pub. Law 421, 77th Cong.)

Issued this 19th day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 61 Under § 1499.3 (b) of General Maximum Price Regulation [1]]

FABRICATED STRUCTURAL STEEL, ETC.

For reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register,* and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and § 1499.3 (b) of the General Maximum Price Regulation, it is hereby ordered:

§ 1499.275 *Authorization to fabricators and sellers of fabricated structural steel shapes and fabricated steel plates and bars.* (a) Specific authorization is hereby given to any person who sells or contracts to sell on or after the effective date of this Order No. 61 fabricated structural steel shapes, fabricated steel plates and bars or the service of fabricating structural steel shapes, plates and bars, to determine the maximum price for any such sale or contract of sale where such prices cannot be established under § 1499.2 of the General Maximum Price Regulation, by the following formula: The maximum price for each such sale or contract of sale shall be a net price (after adjustment for all applicable extra charges, discounts or other allowances) not in excess of that at which such person would have made an identical sale or contract of sale during March 1942, under the pricing formula or method of calculating prices customarily used by him during March 1942, employing the same cost factors (wage rates, prices of materials and rate of overhead or burden) which were in effect for such person during March 1942, and the mark-up or margin above allowable costs which he would have included on an identical sale in March 1942, even though his costs or mark-ups or margins may have increased since that period.

(b) On or before the last day of each month beginning with September 30, 1942, each person shall report the prices of all sales or contracts of sale as described in paragraph (a) of this section priced under § 1499.3 (b) of the General Maximum Price Regulation during the preceding month or part thereof during which this order shall have been in effect and which total $5000.00 or more, or which are part of, or necessary for, some other contract or contracts between the same parties totaling $5000.00 or more. Such reports shall be submitted to the Office of Price Administration, Washington, D. C., upon, and in the detail required by, forms to be supplied. Each price so reported shall be subject to adjustment at any time by the Office of Price Administration.

(c) When used in this Order No. 61 the term "allowable costs" means those costs which may be properly computed in the formula established in paragraph (a) of this section.

(d) This Order No. 61 (§ 1499.275) shall become effective August 20, 1942. (Pub. Law 421, 77th Cong.)

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 19 Under § 1499.18 (c) of General Maximum Price Regulation]

WEST COAST LUMBERMEN'S ASSOCIATION

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.369 *Adjustment of maximum prices for sale of grading services, etc. by the West Coast Bureau of Lumber Grades and Inspection of the West Coast Lumbermen's Association.* (a) The maximum price for the sale by the West Coast Bureau of Lumber Grades and Inspection of the West Coast Lumbermen's Association, 364 Stuart Building, Seattle, Washington, of the services of grading, tallying, grade marking, inspecting or certifying grades and/or tallies of lumber or lumber products shall be a price computed on the pricing formula in use by this company in March 1942, and based upon cost and other factors at the March 1942 levels, except that the factor of labor cost may be based upon the wage rate which the said Bureau on June 1, 1942 agreed upon with its inspectors.

(b) All prayers of the application not granted herein are denied.

(c) This Order No. 19 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 19 (§ 1499.369) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 19 (§ 1499.369) shall become effective August 20, 1942.

(Pub. Law No. 421, 77th Cong.)

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8107; Filed, August 19, 1942; 11:52 a. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 20 Under § 1499.18 (c) of General Maximum Price Regulation]

A. E. STALEY MFG. CO.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.370 *Adjustment of the maximum prices for sales of 12-ounce packages of laundry cube starch manufactured by A. E. Staley Manufacturing Company.* (a) All purchasers of 12-ounce packages of laundry cube starch from A. E. Staley Manufacturing Company, of Decatur, Illinois, who during March, 1942 sold the 16-ounce package of laundry cube starch manufactured by A. E. Staley Manufacturing Company, may sell and deliver and any person may buy and receive from such purchasers 12-ounce packages of laundry cube starch, manufactured by A. E. Staley Manufacturing Company, at a price equal to their maximum price as allowed under § 1499.2 of the General Maximum Price Regulation for 16-ounce packages of laundry cube starch, manufactured by A. E. Staley Manufacturing Company.

(b) The adjustment granted in paragraph (a) is subject to the following conditions:

(1) A. E. Staley Manufacturing Company shall notify each of its customers affected by this order of the modification of their maximum prices made by this order and shall accompany such notice with a copy of this order;

(2) No seller shall change his customary allowances, discounts or other price differentials, unless such change shall result in a lower price.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 20 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 20 (§ 1499.370) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 20 (§ 1499.370) shall become effective August 20, 1942. (Pub. Law No. 421, 77th Cong.)

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8103; Filed, August 19, 1942; 11:48 a. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 1 Under § 1499.29 of General Maximum Price Regulation—Docket No. GF1-14-P]

FERRO MACHINE AND FOUNDRY CO.

On May 14, 1942, The Ferro Machine and Foundry Company, 3155 East 66th Street, Cleveland, Ohio, herein called the protestant, filed a protest against the provisions of the General Maximum Price Regulation, and on June 10, 1942, protestant filed a statement indicating the nature of the commodity for the price of which relief was requested and establishing that such commodity is a gray iron casting and is subject to the General Maximum Price Regulation. Thereafter, pursuant to an order providing protestant an opportunity to prevent further evidence issued June 30, 1942, protestant filed such further evidence with the Office of Price Administration on July 17, 1942. The protest has been considered as an application for adjustment under Supplementary Regulation No. 4, § 1499.29 of the General Maximum Price Regulation, and so considered, the application is hereby granted in part; insofar as the application has not been granted, the protest is denied.

An opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion, under the authority vested in the Price Adminstrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1 issued by the Office of Price Administration it is hereby ordered:

§ 1499.401 (a) *Adjustment of maximum prices for cylinder heads sold by the Ferro Machine and Foundry Company.* (1) The Ferro Machine and Foundry Company, 3155 East 66th Street, Cleveland, Ohio, may sell and deliver, and agree, offer, solicit and attempt to sell and deliver, gray iron castings designated in its protest as Part No. 6107412 Cylinder Head, produced at its plant in Cleveland, Ohio, at a price not to exceed $5.51 each, f. o. b. Cleveland, Ohio. The General Motors Truck and Coach Division of Yellow Truck and Coach Manufacturing Company, Pontiac, Michigan may buy and receive, and agree, offer, solicit and attempt to buy and receive such cylinder heads at such price from the Ferro Machine and Foundry Company.

(2) The price stated herein may be charged for shipments of such cylinder heads made on or after May 14, 1942.

(3) This order may be revoked or amended by the Price Administrator at any time.

(4) Unless the context otherwise requires, the definitions set forth in the General Maximum Price Regulation shall apply to the terms used herein.

(5) Paragraph (a) of this Order No. 1 (§ 1499.401) is hereby incorporated as a section of Supplementary Regulation No.

---

*Copies may be obtained from OPA.

[1] 7 F.R. 3153, 3830, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5192, 5276, 5365, 5445, 5484, 5565, 5775, 5783, 5784, 6007, 6058, 6081, 6216.

[2] 7 F.R. 971, 3663.

*Copies may be obtained from the Office of Price Administration.

14, which contains modifications of maximum prices established by § 1499.2.

(b) *Denial of Protest except insofar as relief is granted by this Order No. 1.* (1) Insofar as relief has not been granted by this Order No. 1, the Protest is denied.

(c) This Order No. 1 (§ 1499.401) shall become effective August 20, 1942. (Pub. Law 421, 77th Cong.)

Issued this 19th day of August 1942.

LEON HENDERSON,
Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—General Land Office

PART 192—OIL AND GAS PERMITS AND LEASES

[Circular No. 1515]

EXCHANGE OF CERTAIN OUTSTANDING OIL AND GAS LEASES FOR NEW LEASES

Regulations governing Oil and Gas Exchange Leases under section 2 (a) of the act of August 21, 1935 (49 Stat. 674) superseding § 192.29 of Title 43 of the Code of Federal Regulations.

Sec.
192.86 Statutory authority.
192.87 Overriding royalties.
192.88 Lands in the vicinity of Naval Petroleum Reserves.
192.89 Application for exchange.
192.90 Report by Geological Survey.
192.91 Action in General Land Office.
192.92 Bond.
192.93 Rental.
192.94 Exchange lease.
192.95 Applicability.

AUTHORITY: §§ 192.86 to 192.95, inclusive, issued under sec. 32, 41 Stat. 450; 30 U.S.C. 189.

§ 192.86 *Statutory authority.* Section 2 (a) of the Act of August 21, 1935 (49 Stat. 679; 30 U.S.C. 223a) provides for the issuance of new leases to lessees holding oil or gas leases under any of the provisions of the Act at the time the Act becomes effective, such new leases to be in lieu of the leases then held by such lessees and to be at a royalty rate of not less than 12½ percent in amount or value of the production, and upon such terms and conditions as the Secretary of the Interior shall by general rule prescribe, provided that no limitation of acreage not provided for under the law or regulations under which the old lease was issued shall be applicable to the new lease.

§ 192.87 *Overriding royalties.* Oil and gas exchange leases will not be issued unless overriding royalties are reduced to not more than 5 percent by agreement between the interested parties. An affidavit must be furnished by the applicant for the exchange lease showing that there will be no overriding royalties in excess of 5 percent outstanding under the lease, if issued, and that no other payments will be made out of production which constitute a burden upon lease operations prejudicial to the interests of the United States. If other payments are to be made out of production, a full showing relative thereto must be furnished.

§ 192.88 *Lands in the vicinity of Naval Petroleum Reserves.* No section 2 (a) exchange lease will be issued for lands within the known geologic structure of an oil and gas field comprising in whole or in part a naval petroleum reserve, or for lands within one mile of such a reserve where the limits of the structure cannot be reasonably determined, unless the applicant consents to the amendment of the drilling requirements under section 2 (c) of the lease form (4-208f) to read as follows:

Wells.—That, since the leased lands are adjacent to or near Naval Petroleum Reserve No. ..., no additional wells shall be drilled nor shall any existing wells be deepened on the lands covered hereby: *Provided, however,* That additional wells necessary to protect the leased lands from drainage by wells drilled on adjoining lands not owned by the United States or on lands of the United States leased to others may be drilled upon the approval of the Secretary of the Interior. Should producing operations be suspended in the interest of conservation or for any other reason on adjoining lands the lessee further agrees upon the request of the Secretary of the Interior to suspend production on the leased lands for the period production is suspended on the adjoining lands aforesaid, with the understanding that the term of the lease shall be extended by adding any such suspension period thereto.

and these restrictions shall not be waived or modified by the Secretary of the Interior without first affording the Navy Department an opportunity to express its views relative thereto.

§ 192.89 *Application for exchange.* The application for exchange lease should be filed in triplicate with the register of the land office for the district in which the leased lands are located or, if in a state in which there is no district land office, with the General Land Office. Such application should be made by the record title holder, or holders, of the lease and be joined in or consented to by the operator of record. It should be stated in the application that all moneys due the United States have been paid and that operations under the lease have been conducted in accordance with the regulations of the Department and that outstanding overriding royalty interests under the lease do not exceed 5 percent, exclusive of the royalty payable to the United States, and must be accompanied by the affidavit required under § 192.87. The register will forward one copy of the application to the supervisor of oil and gas operations, Geological Survey, for the district in which the lands are located.

§ 192.90 *Report by Geological Survey.* Upon receipt of the application for exchange the oil and gas supervisor will report to the Director of the Geological Survey as to the number and status of the wells drilled on the leasehold; the current rate of production if any; whether the lessee has made full compliance with the operating regulations of the Geological Survey and if not the respects in which the lessee has failed to make compliance; whether present or prospective operation of existing wells on the lease premises, if adjacent to or near a naval petroleum reserve, will result in drainage of the oil or gas deposits in the reserve; and whether the effect of such exchange would be to reduce the current royalty values more than 20 percent. Thereupon the Director of the Geological Survey will transmit a report to the Commissioner of the General Land Office with such recommendation as the facts may warrant.

§ 192.91 *Action in General Land Office.* The Commissioner of the General Land Office shall consider the application and report submitted by the Director of the Geological Survey.

(a) If no objection to the exchange of the lease appears to the Commissioner of the General Land Office, copies of an exchange lease in triplicate will be forwarded to the lessee through the Register for execution and return together with a satisfactory lease bond. The Commissioner of the General Land Office shall then make recommendation to the Secretary of the Interior and if the lease is executed by the Secretary, one copy thereof will be delivered to the lessee.

(b) If the effect of the exchange would be to reduce the current royalty values more than 20 percent, the Commissioner will prepare a letter to the Secretary of the Interior calling attention to this feature, with a complete showing of all other facts which might be of importance in determining whether an approval of the exchange would be to the advantage of the United States, and recommending authorization of the exchange lease, if such a recommendation is deemed warranted by the Commissioner. In this case bond and lease forms will not be prepared for transmittal to the lessee through the Register until such authorization is received from the Secretary of the Interior. Upon such authorization, copies of an exchange lease in triplicate will be forwarded to the lessee through the register for execution and return together with a satisfactory lease bond. Upon receipt of the lease forms and bond properly executed by the lessee, they will be submitted to the Secretary of the Interior, and if executed by him, one copy thereof will be delivered to the lessee.

§ 192.92 *Bond.* The applicant shall furnish and maintain a corporate surety lease bond of not less than $5,000.

§ 192.93 *Rental.* Under the exchange lease the lessee shall pay an annual rental of $1.00 per acre where all or a part of the leased lands are situated within the limits of a geologic structure of a producing oil or gas field as theretofore or thereafter defined by the Geological Survey, the rental for any one year to be credited against the royalty accruing for that year, provided (a) that such rental may be reduced in the discretion of the Secretary of the Interior to a minimum of not less than 25 cents per acre where a satisfactory showing is made that the lease cannot be operated at the higher rental herein prescribed, and (b) that prior to a valuable discovery of oil or gas within the limits of the geologic structure upon which all or a part of the leased lands are situated, the rental shall be 25 cents per acre.

§ 192.94 *Exchange lease.* The exchange lease will be executed on form 4-208f, bear current date, and will run for a period of 10 years and so long thereafter as oil and gas are produced in paying quantities. Two or more outstanding leases may be combined into a single lease where held in common ownership and the lands are sufficiently compact to justify their inclusion in one lease. Except as otherwise provided in §§ 192.86-192.93 the form of exchange lease contains substantially the same terms and conditions as the form of oil and gas lease prescribed for leases granted under the amendatory act of August 21, 1935, contained in § 192.28.

§ 192.95 *Applicability.* §§ 192.86-192.94 shall be effective as to all applications heretofore or hereafter filed for the exchange of leases, and supersede the general instructions contained in § 192.29.

FRED W. JOHNSON,
Commissioner.

I concur:

W. C. MENDENHALL,
Director, Geological Survey.

Approved: August 3, 1942.

OSCAR L. CHAPMAN,
Assistant Secretary.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

[General Order No. 19]

PART 301—GENERAL REGULATIONS

ASSIGNMENT OF CADETS ON MERCHANT VESSELS

Instructions to all operators of merchant vessels under the control of the War Shipping Administration, including those registered under Panamanian and Honduran flags.

§ 301.3 *Assignment of two Cadets on each merchant ship registered under the Flags of the United States, Panama or Honduras.* (a) Operators of all merchant vessels registered under the Flags of the United States, Panama and Honduras, which are owned, chartered or controlled by the War Shipping Administration, are hereby directed to include in the crew of each of such vessels, at least two Cadets assigned to them by the Supervisor of Cadet Training of the Division of Training of the War Shipping Administration for training purposes.

(b) The status, wages, messing and training schedules of Cadets so assigned shall be as prescribed in "Emergency Regulations Governing the Appointment and Training of Cadets" approved by the Maritime Commission on January 8, 1942, as amended by decisions of the Maritime War Emergency Board.

(c) The extra expenses resulting from compliance with this order, in case of time chartered vessels, will be handled pursuant to Clause 7, "Warshiptime", "Warshipoltime". (E.O. 9054, 7 F.R. 837)

By order of the War Shipping Administrator.

DEPARTMENT OF THE INTERIOR.

General Land Office.

[Public Land Order 25]

CALIFORNIA

WITHDRAWING PUBLIC LANDS FOR USE OF THE DEFENSE PLANT CORPORATION IN CONNECTION WITH THE CONSTRUCTION AND OPERATION OF A SCHOOL FOR TRAINING AIRCRAFT PILOTS,

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942,[1] it is ordered as follows:

The following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved, subject to valid existing rights, for the use of the Defense Plant Corporation in connection with the construction and operation of a flying school near Blythe, California, for the training of aircraft pilots for the Government:

SAN BERNARDINO MERIDIAN

T. 6 S., R. 22 E., sec. 2, W½SE¼; containing 80 acres.

This order shall take precedence over, but shall not rescind or revoke, the temporary withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended, so far as such order affects the above-described lands.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

HAROLD L. ICKES,
Secretary of the Interior.

[Vesting Order No. 65]

500 SHARES OF THE CAPITAL STOCK OF THE KORFUND CO., INC., AND CERTAIN INDEBTEDNESS OWING BY IT

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

500 shares of no par value common capital stock of The Korfund Co., Inc., a New York corporation, the names and last known addresses of the owners of which, and the number of shares owned by them respectively, are as follows:

Names and last known addresses:	Number of shares
Dr. Hugo Stoessel, Berlin-Heinersdorf, Germany	250
Werner Genest, Lindenstrasse 13, Berlin, Germany	250
Total	500

is property of nationals, and represents an interest in a business enterprise within the United States which is a national, of a designated enemy country (Germany); and

(b) That the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the aforesaid Dr. Hugo Stoessel and Werner Genest, and each of them, in and to all indebtedness, contingent or otherwise and whether or not matured, owing to them, or either of them, by said The Korfund Co., Inc., including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness,

is an interest in the aforesaid business enterprise held by nationals of an enemy country, and also is property within the United States owned or controlled by nationals of a designated enemy country (Germany), and determining that the property described in this subparagraph (b) is necessary for the maintenance or safeguarding of other property [namely, that hereinbefore described in subparagraph (a)] belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to Section 2 of said Executive Order;

and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests all such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C. on July 28, 1942.

[Vesting Order No. 67]

150 SHARES OF THE CAPITAL STOCK OF CORK FOUNDATION CO., INC.

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

150 shares of no par value common capital stock of Cork Foundation Co., Inc., a New York corporation, the names and last known addresses of the owners of which, and the number of shares owned by them respectively, are as follows:

Names and last known addresses:	Number of shares
Dr. Hugo Stoessel, Berlin-Heinersdorf, Germany	75
Werner Genest, Lindenstrasse 13, Berlin, Germany	75
Total	150

is property of nationals, and represents an interest in a business enterprise within the United States which is a national, of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

[Vesting Order No. 86]

ESTATE OF HENRY ELIAS, DECEASED

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title and interest of Katie von Kracker, sometimes known as Katie Kracker von Schwartzenfeld, as life tenant, and of Hubertus Kracker von Schwartzenfeld, Erika Kracker von Schwartzenfeld, Edith von Bauer and Maria (Marie) Kracker von Schwartzenfeld, now known as Frau Hans Staubenmayer, as remaindermen, the last known addresses of all of whom were represented to the undersigned as being in Germany, in and to the trust created under and by the last will and testament of Henry Elias, deceased, which trust is in the process of administration by William J. Elias as sole surviving substituted trustee under the supervision of the Surrogate's Court in the County of New York, State of New York,

is property which is payable or deliverable to, or claimed by, nationals of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Germany) or a person within such country, and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C., on July 31, 1942.

[Vesting Order No. 89]

245 SHARES OF THE CAPITAL STOCK OF R. A. C. E., INCORPORATED

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

245 shares of the common capital stock of R. A. C. E., Incorporated, an Ohio corporation, belonging to Leonardo Cerini, whose last known address was represented to the undersigned as being Castellanza, Italy,

is property of, and represents control of a business enterprise within the United States which is, a national of a designated enemy country (Italy),

(b) That the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the aforesaid Leonardo Cerini in and to all indebtedness, contingent or otherwise and whether or not matured, owing to him by said R. A. C. E., Incorporated, including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness,

is an interest in the aforesaid business enterprise held by a national of an enemy country, and also is property within the United States owned or controlled by a national of a designated enemy country (Italy), and determining that the property described in this sub-paragraph (b) is necessary for the maintenance or safeguarding of other property [namely, that hereinafter described in sub-paragraph (a)] belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to Section 2 of said Executive Order;

and determining that to the extent that either or both of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Italy) or a person within such country, and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C., on July 31, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

[Vesting Order No. 93]

INTERESTS OF PARTNERS IN KIYONO NURSERIES

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title and interest of Tsukusa Kiyono and Mrs. Tomoe Kiyono, and each of them, the last known addresses of both of whom were represented to the undersigned as being in Tokyo, Japan, as copartners in and to Kiyono Nurseries, an Alabama partnership, located at Semmes (R. F. D., Crichton P. O.), Alabama,

is property of nationals, and represents ownership of a business enterprise within the United States which is a national, of a designated enemy country (Japan), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Japan) or a person within such country, and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may

[1] 7 F.R. 5205.

file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C. on August 6, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

[Vesting Order No. 97]

82 SHARES OF THE CAPITAL STOCK OF G. BRUNING TOBACCO EXTRACT CO., INC.

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

82 shares of the common capital stock of G. Bruning Tobacco Extract Co., Inc., a Virginia corporation, which is a business enterprise within the United States, owned by the Estate of Mrs. G. Schilling, Bremen, Germany,

is property of, and represents an interest in said business enterprise which is, a national of a designated enemy country (Germany), and determining that to the extent that either or both of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national," "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C. on August 6, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

TITLE 15—COMMERCE

Chapter I—Bureau of the Census, Department of Commerce

[Order No. 245; Foreign Commerce Statistical Decision 33]

PART 30—FOREIGN TRADE STATISTICS

SHIPPER'S EXPORT DECLARATIONS

AUGUST 19, 1942.

Section 30.7 is amended to read as follows:

§ 30.7 *Shipper's export declarations.* (a) The kinds, quantities and values of articles exported to foreign countries, or shipped between the United States and its territories and possessions shall be compiled from the shipper's export declaration furnished by the shipper or his agent to the collector of customs at the port of exportation.

(b) The shipper's export declaration must be prepared by the shipper, owner, or consignor, or his properly authorized agent. If the shipper's export declaration is prepared by an agent of the shipper, his authority to sign such declaration must be in the form of a properly executed power of attorney, signed by the owner, shipper or consignor, or in a less formal written authorization such as that printed on the shipper's export declaration. The production of a power of attorney or authorization may be waived if the collector has personal knowledge that the person signing the declaration is authorized or is held out to the public by the shipper as his agent. In every event the data required in the shipper's export declaration must be correct and be based on personal knowledge of the facts stated, or on invoices or information furnished by the principal.

(c) The original shipper's export declaration for shipments by vessel must be verified by oath before a notary public, customs officer, or other person authorized to administer oaths. The oath is not required on declarations for shipments made by rail, vehicle, ferry or aircraft.

(d) Certificates of inspection by the Department of Agriculture for exports of cheese, oleomargarine, butter, meats, and other food products must be presented to the collector as required by the regulations of the Department of Agriculture.

(e) Shipper's export declarations may be purchased for a nominal price from collectors of customs and the Superintendent of Documents, Government Printing Office, Washington, D. C. Declarations may be printed by private parties providing they conform strictly to the official form in size, wording, color, and arrangement, including the instructions printed on the reverse side thereof.

Section 30.28 is amended to read as follows:

§ 30.28 *Coding and forwarding of export declarations.* Shipper's export declarations will be numbered, coded and forwarded to the Section of Customs Statistics, Division of Foreign Trade Statistics, Bureau of the Census, Customhouse, New York, New York, in accordance with instructions issued by the Director of the Bureau of the Census in the form of Foreign Commerce Statistical Decisions. Instructions may also be issued by the Chief Statistician, Division of Foreign Trade Statistics, Bureau of the Census in special instances.

Section 30.42 is amended by adding the following subparagraphs:

§ 30.42 *Shipments from the interior for export; shipments or declarations originating at a port of exportation.*
* * *

(c) Upon arrival of the goods at the seaboard, the carrier will deliver three copies of the shipper's export declaration to the collector of customs who will retain the original, certify and deliver a duplicate to the party designated to attend to the exportation, to be delivered to the exporting vessel as a permit to export and evidence that the original shipper's export declaration has been filed with the collector. The triplicate copy shall be retained by the collector.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A–1511 Part II]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief, and terminating the hearing in this matter, noticed to be held on August 24, 1942, in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of Johnson Mine, Mine Index No. 109, of A. L. Brautegam (Victoria Coal Company); Patko Mine, Mine Index No. 2006, of Alex Opatkeiwicz; Ella Mine, Mine Index No. 5059, of John Balas (Balas Coal Co.); Ella Mine, Mine Index No. 59, of McDermott Coal Co.; Williams Mine, Mine Index No. 698, of Williams Coal Co.; and the Bertone Mine, Mine Index No. 511, of Sam Bertone, for rail shipment from Pricedale, Pennsylvania, on the Monessen Southwestern Railway.

An Order Granting Temporary Relief and Notice of and Order for Hearing to be held on August 24, 1942, was issued in the above-entitled matter on July 10, 1942, 7 F.R. 5372, temporarily establishing price classifications and minimum prices for the coals of the Johnson Mine, Mine Index No. 109, of A. L. Brautegam (Victoria Coal Company); Patko Mine, Mine Index No. 2006, of Alex Opatkiewicz; Ella Mine, Mine Index No. 5059, of John Balas (Balas Coal Co.); Ella Mine, Mine Index No. 59 of McDermott Coal Co.; Williams Mine, Mine Index No. 698 of Williams Coal Co.; and the Bertone Mine, Mine Index No. 511, of Sam Bertone, from Somers, Pennsylvania, on the Pittsburgh and Lake Erie Railroad for all shipments except truck. The petition also proposed that price classifications and minimum prices for the coals of the above-mentioned mines be made effective from Pricedale, Pennsylvania, on the Monessen Southwestern Railway. The original petition did not set forth sufficient facts, without a hearing, to warrant making such price classifications and minimum prices effective from Pricedale, Pennsylvania, on the Monessen Southwestern Railway for the coals of these mines for all shipments except truck. The latter proposal was, therefore, noticed for hearing which was to be held on August 24, 1942.

The original petitioner in the above-entitled matter on July 20, 1942, filed a Motion with the Division requesting that the original petition in this matter be amended by eliminating therefrom the proposal that price classifications and minimum prices be established for the coals of these mines for rail shipment from Pricedale, Pennsylvania, on the Monessen Southwestern Railway, and further requesting that the hearing in this matter, noticed to be held on August 24, 1942, by Order of July 10, 1942, be terminated.

It appears that good cause has been shown for the granting of the Motion in the manner hereinafter set forth, and that no pleadings in opposition to said Motion have been filed with the Division in the above-entitled matter.

Now, therefore, it is ordered, That the Motion filed with the Division by petitioner in this matter be, and it hereby is, granted, by eliminating from the original petition the proposal that price classifications and minimum prices be established for the coal of the Johnson Mine, Mine Index No. 109, of A. L. Brautegam (Victoria Coal Company); Patko Mine, Mine Index No. 2006, of Alex Opatkeiwicz; Ella Mine, Ella Mine Index No. 5059, of John Balas (Balas Coal Co.); Ella Mine, Mine Index No. 59 of McDermott Coal Co.; Williams Mine, Mine Index No. 698, of Williams Coal Co.; and the Bertone Mine, Mine Index No. 511, of Sam Bertone, for rail shipment from Pricedale, Pennsylvania, on the Monessen Southwestern Railway.

It is further ordered, That pending final disposition of Docket No. A–1511, Part II, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, and § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That the relief hereinabove granted shall become permanent sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

It is further ordered, That the hearing in this matter, noticed to be held on August 24, 1942, be, and the same is, hereby terminated.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: August 14, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 2

NOTE.—The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 322, Minimum Price Schedule for District No. 2 and supplements thereto.

(1) Indicates no classifications effective for these size groups.

NOTE.—The above prices are applicable only via the respective Freight Origin Groups, Shipping Points, Railroads and Railroad Fuel Groups shown for the respective mines. Freight Origin Groups, Shipping Points, Railroads and Railroad Fuel Groups shown in previous schedules are hereby deleted.

§ 322.9 *Special prices*—(c) *Railroad fuel*—Supplement R–II. In § 322.9 (c) in Minimum Price Schedule, add the mine index numbers in groups shown. Group No. 1: 59, 109, 511, 5059; Group No. 2: 698, 2006.

[F. R. Doc. 42–8109; Filed, August 19, 1942; 12:18 p. m.]

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices

PART 135—GENERAL LICENCES UNDER SECURITIES REGULATIONS OF THE GOVERNOR OF HAWAII

[General License HS–2]

BUILDING AND LOAN, ETC., ASSOCIATIONS

AUGUST 11, 1942.

§ 135.2 *General License HS–2*—(a) A general license is hereby granted authorizing any building and loan or savings and loan association doing business in the Territory of Hawaii to hold, for the account of its shareholders, share certificates issued by such association to its shareholders: *Provided*, That:

(1) All certificates so held shall be deposited by the association holding them with a domestic bank, to be held in its securities vault; and

(2) Each building and loan or savings and loan association holding share certificates pursuant to this general license shall file reports in triplicate with the Office of the Governor of Hawaii as required by § 133.2 (b) (4) of the Regulations Relating to Securities,[1] as amended: *Provided, however*, That such reports may be filed in the form of lists giving the required information rather than on Forms TFR–H400 and TFR–H401, as required in said § 133.2 (b) (4).

(b) Domestic banks acting as depositaries for share certificates held pursuant to this general license are hereby exempted from the report requirements of § 133.2 (b) (4) of the Regulations Relating to Securities, as amended, with respect to such certificates.

J. B. POINDEXTER,
Governor of Hawaii.

Chapter IX—War Production Board

PART 1010—SUSPENSION ORDERS

[Suspension Order S–81]

J. E. TALBERT

Chapter IX—War Production Board, doing business in Chicago, Illinois, is engaged in the business of buying, selling and otherwise dealing in copper. During the period from February 6 to May 11, 1942, said Talbert violated the provisions of General Preference Order M–9–a, as amended February 6, 1942, by selling and delivering approximately 20,776 pounds of copper tubing on unrated orders. On or about May 17, 1942, said Talbert knowingly and willfully violated the provisions of General Preference Order M–9–a, as amended February 6, 1942, by selling and delivering approximately 1,638 pounds of copper tubing on unrated orders.

These violations of General Preference Order M–9–a have impeded and hampered the war effort of the United States by diverting copper to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.81 *Suspension Order No. S–81.* (a) Deliveries of material or equipment to J. E. Talbert, his successors and assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference ratings shall be applied or assigned to such deliveries by preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the Director of Industry Operations or of the Director General for Operations.

(b) No allocations shall be made to J. E. Talbert, his successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or of the Director General for Operations, except as specifically authorized by the Director General for Operations.

[1] 7 F.R. 3424, 5043, 5980.

Chapter VI—Selective Service System

[No. 109]

DAILY CLASSIFICATION LIST

ORDER PRESCRIBING FORM

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President

[1] 7 F.R. 5808, 6463.

(c) J. E. Talbert shall not receive, process, use, deliver or deal in any copper or copper base alloy, as defined in General Preference Order M–9–a, or any amendments thereof, except as specifically authorized by the Director General for Operations.

(d) Nothing contained in this order shall be deemed to relieve said J. E. Talbert, his successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or of the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on August 22, 1942, and shall expire on August 22, 1943, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F. R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 19th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8112; Filed, August 19, 1942; 2:43 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–82]

ATLANTIC ELECTRICAL SUPPLY CORP.

Atlantic Electrical Supply Corporation, a Virginia Corporation with its main office at 15 South Eighth Street, Richmond, Virginia, is a distributor of electrical supplies and fixtures: it is a warehouse as defined in General Preference Order M–9–a.

The Atlantic Electrical Supply Corporation violated Preference Rating Order P–100 by over extending the preference rating assigned by this order to deliveries to it of critical materials. The Company also violated General Preference Order M–9–a, as amended[1] February 6, and May 7, 1942, by making deliveries of copper wire and cable on unrated orders and on rated orders which failed to bear the required preference rating. The Company also wilfully falsified records in violation of Priorities Regulation No. 1 by stamping over the customer's signature on the order, without his authorization or knowledge, the certification prescribed in Preference Rating Order P–100.

These violations of Preference Rating Order P–100 and General Preference Order M–9–a and Priorities Regulation No. 1 have impeded and hampered the war effort of the United States by diverting materials to uses not authorized by the Director of Industry Operations. In view of the foregoing, *It is hereby ordered:*

§ 1010.82 *Suspension Order S–82.* (a) Deliveries of material to Atlantic Electrical Supply Corporation, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries by means of Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocation shall be made to Atlantic Electrical Supply Corporation, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Atlantic Electrical Supply Corporation, from any restriction, prohibition, or provision contained in any other order or regulation of the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect August 20, 1942 and shall expire November 20, 1942, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 19th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8113; Filed, August 19, 1942; 2:43 p. m.]

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Exemption 2 to Priorities Regulation 11]

EXEMPTIONS FOR CERTAIN MATERIALS

§ 944.32b *Exemption No. 2 to Priorities Regulation No. 11.*[1] Pursuant to paragraph (d) (2) (iii) of Priorities Regulation No. 11, transactions in the following materials shall be exempted from the limitations imposed by paragraph (d) (1) (ii) of said regulation regardless of whether specifically rated or otherwise authorized by any PRP certificate:

(a) Any material not listed under Nos. 100 to 792, inclusive, on Materials List No. 1, revised, as included in Form PD–25A for the fourth quarter of 1942;

(b) Any material listed on Schedule A of General Inventory Order M–161 as the same may be amended from time to time;

Provided, however, That any such transactions shall remain subject to any other limitations imposed by any applicable regulations or orders of the Director General for Operations. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8120; Filed, August 20, 1942; 11:02 a. m.]

PART 1164—RUBBER SEALED CLOSURES FOR GLASS CONTAINERS

[Amendment 2 of Conservation Order M–119]

Section 1164.1 *Conservation Order M–119*[1] is hereby amended in the following particulars:

1. Paragraph (c) is amended by adding the following subparagraph:

(5) The provisions of subparagraphs (2) and (3) of this paragraph (c) shall apply with full force and effect to the use of rubber sealed closures in connection with the packing of dried beans in whatever form prepared, except that the applicable date set forth in the said subparagraphs shall be the date of issuance of this amendment rather than April 19, 1942.

2. The following item is added to the prohibited products listed in Table I:

Dried beans in whatever form prepared.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F R. Doc. 42–8121; Filed, August 20, 1942; 11:02 a. m.]

PART 3032—FILM

[Limitation Order L–178]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of film for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3032.1 *General Limitation Order L–178*—(a) *Definitions.* For the purposes of this order:

(1) "35 mm. film" means unexposed film 35 mm. wide with a nitrate or safety base, whether negative or positive, other than film packaged for use in 35 mm. still cameras.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons whether incorporated or not.

(3) "Transfer" means to sell, lease, trade, lend, deliver, ship or transfer 35 mm. film from one person to any other person. For the purposes of this order, the following shall not be regarded as transfers:

(i) To sell, lease, trade, lend, deliver, ship or transfer 35 mm. film from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control;

(ii) A transfer of title merely for security purposes to a person financing a conditional sale or a similar transaction made simultaneously with the transfer of 35 mm. film.

(b) *Restrictions on transfers of film on and after 11:59 P. M., Eastern War Time, August 20, 1942.* On and after 11:59 P. M., Eastern War Time, August 20, 1942, until 11:59 P. M., Eastern War Time, November 18, 1942, no person shall transfer any 35 mm. film, except (1) any 35 mm. film actually in transit at the time this order takes effect may be delivered to its immediate destination, or (2) pursuant to specific authorization of the Director General for Operations.

(c) *Records and reports.* (1) Every person, other than the Army or Navy of the United States, who has any 35 mm. film on the effective date of this order shall keep and preserve, for not less than two years, accurate and complete records of all such 35 mm. film and of all sales and shipments made by him pursuant to this order. Such records shall be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(2) On or before the 15th day following the effective date of this order, every person, other than the Army or Navy of the United States, who has any 35 mm. film on the effective date of this order shall file with the War Production Board a statement of the amount in linear feet and type of 35 mm. film in stock on the effective date of this order.

(d) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(e) *Applications for specific authorization by the Director General for Operations.* Any person desiring film may apply in writing to the Director General for Operations, War Production Board, Washington, D. C., Ref.: L–178, fully setting forth the amount in linear feet by types of 35 mm. film desired, the reasons why such person deems it appropriate that he obtain such film and the use to which such film is to be put. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall be addressed to the War Production Board, Washington, D. C., Ref.: L–178.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

Chapter XI—Office of Price Administration

PART 1400—TEXTILE FABRICS: COTTON, WOOL, SILK, SYNTHETICS & ADMIXTURES

[Amendment 2 to Maximum Price Regulation 128[1]]

PROCESSING PIECE GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

§ 1400.27 paragraph (a) is amended to read as set forth below:

§ 1400.27 *Reports.* (a) Every job processor and vertical organization processing piece goods in the course of trade or business on or after May 4, 1942, shall submit to the Office of Price Administration a full report of its maximum prices determined pursuant to § 1400.21 for all types of processing services[2] performed by such job processor or vertical organization. Reports of prices for processing services established during the period between March 16 and April 15, 1942, inclusive, shall be submitted in duplicate on or before July 20, 1942. Reports of prices for any new or substantially modified processing service established after April 15, 1942, shall be submitted in duplicate on or before September 10, 1942, or on or before the tenth day of the month following the establishment of such price, whichever date is the later. Such reports shall be submitted on Forms 228:1 and 228:2, whichever is appropriate, copies of which may be obtained from the Office of Price Administration.

* * * * *

§ 1400.33 *Effective dates of amendments.* * * *

Similarly, all terms and conditions of the contract, including working allowance, shall be separately shown on each report.

(b) Amendment No. 2 (§ 1400.27 (a)) to Maximum Price Regulation No. 128 shall become effective August 26, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F R. Doc. 42–8131; Filed, August 20, 1942; 12:00 m.]

PART 1499—COMMODITIES AND SERVICES

[Amendment 23 to General Maximum Price Regulation]

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.2 is amended to read as set forth below:

§ 1499.2 *Maximum prices for commodities and services; General provisions.* Except as otherwise provided in this regulation, the "seller's" maximum price for any commodity or service shall be:

(a) The highest price charged by the seller during March 1942:

(1) For the same commodity or service; or

(2) If no charge was made for the same commodity or service, for the similar commodity or service most nearly like it; or

(b) If the seller's maximum price cannot be determined under paragraph (a), the highest price charged during March 1942 by the "most closely competitive seller of the same class":

(1) For the same commodity or service; or

(2) If no charge was made for the same commodity or service, for the similar commodity or service most nearly like it.

HIGHEST PRICE CHARGED DURING MARCH 1942

For the purposes of this General Maximum Price Regulation, the highest price charged by a seller during March 1942 shall be:

(a) The highest price which the seller charged for a commodity "delivered" or service "supplied" by him during March 1942 to a "purchaser of the same class"; or

(b) If the seller made no such delivery or supplied no such service during March 1942, his highest offering price for delivery or supply during that month to a purchaser of the same class; or

(c) If the seller made no such delivery or supplied no such service and had no such offering price to a purchaser of the same class, the highest price charged by the seller during March 1942 to a purchaser of a different class, adjusted to reflect the seller's customary differential between the two classes of purchasers.

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3117, 4659.

[2] For the purpose of determining maximum prices, and for the purpose of reporting such maximum prices, each different class of color, each different class of pattern, each different finish, and each different put-up shall be regarded as a separate type of processing service, and shall be separately reported.

Provided, however, That if, prior to April 1, 1942, the seller raised his prices for the delivery of a commodity or the supply of a service to his classes of purchasers generally, and if, during March 1942, he delivered such commodity or supplied such service at the higher price to at least one class of purchasers, the highest price charged during March 1942 for each class of purchasers:

(1) To which no delivery was made or service was supplied during March 1942 at the higher price, and

(2) To which no delivery was made or service was supplied during March 1942 at a lower price after the price rise, unless made or supplied pursuant to a firm commitment entered into before such price rise

shall be the seller's highest offering price for delivery or supply to such class of purchasers during March 1942.

No seller shall evade any of the provisions of this General Maximum Price Regulation by changing his customary allowances, discounts or other price differentials.

No seller shall require any purchaser, and no purchaser shall be permitted, to pay a larger proportion of transportation costs incurred in the delivery or supply of any commodity or service, than the seller required purchasers of the same class to pay during March 1942 on deliveries or supplies of the same or similar types of commodities or services.

§ 1499.23a *Effective dates of amendments.* * * *

(w) Amendment No. 23 (§ 1499.2) to General Maximum Price Regulation shall become effective August 26, 1942. (Pub. Law 421, 77th Cong.)

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8130; Filed, August 20, 1942; 12:00 m.]

PART 1499—COMMODITIES AND SERVICES

[Order 21 Under § 1499.18 (c) of General Maximum Price Regulation; Docket GF 3-463]

LITTLE CROW MILLING COMPANY

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.371 *Adjustment of maximum prices for sale of private label pancake flour by Little Crow Milling Company, Inc., of Warsaw, Indiana.* (a) Little Crow Milling Company, Inc., of Warsaw, Indiana, may sell and any person may buy from Little Crow Milling Company, Inc., the following commodity at prices not higher than those set forth below:

Private label pancake flour, packed 24-20 ounce packages to the case, at a price not exceeding $1.30 per case delivered in carload quantities.

This maximum price for carload quantities may be increased for sales in pool cars, mixed cars or less-than-carload quantities, by the differential in cents applied, or which would have been applied, by Little Crow Milling Company, Inc., for such sales during March, 1942.

(b) The adjustment granted to Little Crow Milling Company, Inc., in paragraph (a) is subject to the following conditions:

(1) The maximum prices so determined shall be subject to the discounts, allowances, except advertising allowances, which were payments for specific advertising services, and terms no less favorable than those given during March, 1942.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 21 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 21 (§ 1499.371) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 21 (§ 1499.371) shall become effective August 21, 1942.

(Pub. Law No. 421, 77th Cong.)

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8132; Filed August 20, 1942; 11:59 a. m.]

Chapter XIII—Office of Petroleum Coordinator for War

[Petroleum Directive No. 57 [1]]

PART 1510—SUPPLY

DISTILLATES AND OTHER FUEL OILS, ETC.

The diversion for war of a large part of the American and foreign registry tanker fleet, normally employed in transporting petroleum and petroleum products to the Atlantic Seaboard area, together with the loss through enemy action of other vessels of that fleet, has resulted both in an acute shortage of petroleum products in that area, and in disruption of the balance of refinery operations in that area, and other strategic areas in the United States. In order to minimize this shortage of petroleum products and, more particularly, distillates and other fuel oils, and to maintain supply of raw materials required for the maximum production of war products manufactured by the petroleum industry and other basic industries dependent upon an adequate and continuous supply of petroleum products, it is necessary to increase and supplement means of overland transportation of such products, and to obtain the maximum efficient use of all available supply and distribution facilities in order to effect an adequate wartime balance of refinery operations, the maximum output of war products and to maintain supply of products essential to maintenance of public health, safety and necessary industrial operations.

[1] See also War Production Board, *infra*.

Now, therefore, in order to bring about more effectively that action required by the President's letters of May 28, 1941 defining the objectives and duties of the Petroleum Coordinator for War, and supplementing the action required under the provisions of Petroleum Directive No. 50, and superseding any inconsistent provisions of that Directive, issued May 27, 1942, I do hereby direct that:

AUTHORITY: §§ 1510.17 to 1510.23, inclusive, issued under President's letter of May 28, 1941, to the Secretary of the Interior (6 F.R. 2760)

§ 1510.17 *Area of restriction upon movement of certain petroleum products by rail.* No person, natural or artificial, engaged in the business of refining, transporting, purchasing or distributing petroleum or petroleum products in the United States on or after August 24, 1942, shall move, cause to be moved, purchase or sell for movement by railroad tank car, any automotive gasoline for commercial distribution, from any point within the United States to any other point within the States of Texas, Louisiana, Mississippi, Alabama, Oklahoma, Arkansas, Tennessee, Kentucky, Missouri, Kansas, Nebraska, Iowa, Illinois, Indiana, Ohio, Michigan, Wisconsin, Minnesota, North Dakota or South Dakota.

§ 1510.18 *Purchases, sales, exchanges and common use of facilities.* In order, during the effective period of this directive, to maintain necessary supply and distribution of petroleum products described in § 1510.17 of this chapter, and in order to avoid undue hardship upon suppliers, distributors, and purchasers throughout the states named in §1510.17 of this chapter, all persons, natural or artificial, in those states, engaged in refining, transporting or distributing petroleum products shall make such purchases, sales, exchanges, or loans of petroleum products affected by this directive, and shall arrange for such common use of terminals, transportation or distribution facilities as may be required in order to attain the most efficient utilization of all such facilities. All such purchases, sales, exchanges or loans, and arrangements for common use of terminals, transportation or distribution facilities shall remain subject to review by the District Director of Supply of the Office of Petroleum Coordinator for War to the end that no supplier or distributor, in the area affected shall be deprived of an opportunity to share equitably in the available supply and use of facilities throughout the area affected.

§ 1510.19 *Functions of Supply and Distribution Subcommittees.* The Supplies and Distribution Subcommittees for District Two or Three shall, subject to the direction of the Director of Supply, Office of Petroleum Coordinator for War, or of such District Director as he may designate, arrange for such common purchases, sales, exchanges, and loans of petroleum products described in § 1510.17 of this chapter, and for such common use of transportation, terminal or distribution facilities as may be necessary to attain maximum efficient utilization of all available transportation, supply and distribution facilities, as will insure the maintenance of adequate supplies of petroleum products throughout the area included within the states enumerated in § 1510.17 of this chapter. All such common purchases, sales, exchanges, and loans of products, together with the common use of available transportation, terminal or distribution facilities shall be made upon such terms and conditions as will afford every supplier and distributor in the area affected a fair share of, and equitable oportunity to share in, the total supply and use of facilities throughout the area affected.

§ 1510.20 *Reports.* All persons effecting purchases, sales, exchanges, or loans of products, or arrangements for joint use of transportation, terminal and distribution facilities, as referred to in §§ 1510.18 and 1510.19 of this chapter, shall promptly inform the Supplies and Distribution Subcommittee for District Two or District Three, of the terms and conditions of all such arrangements or agreements. Each Supply and Distribution Subcommittee shall compile and digest such information and furnish a condensed report thereof weekly to the District Director of Supply and to the Director of Supply of the Office of Petroleum Coordinator for War.

§ 1510.21 *Exempted movements.* The provisions of § 1510.17 of this chapter shall not apply to movement of petroleum products by or for the account of the Army, Navy or any other agency, bureau or department of the United States Government.

§ 1510.22 *Exceptions.* Any person affected by this directive who can show that compliance therewith would result in the non-delivery of petroleum products shown to be necessary for agricultural production, continued efficient operation of any essential industrial establishment, or for maintenance of the public health or safety may apply to the District Director of Transportation of the Office of Petroleum Coordinator for War for either District Two or Three for special written authorization to make such deviation from the requirements of § 1510.17 of this chapter as is necessary to avoid such result. No such authorization shall be granted except upon proof, satisfactory to the district director to whom application is made, that alternative action in accordance with the provisions of §§ 1510.18 and 1510.19 of this chapter is impossible, impracticable or insufficient to meet essential requirements.

§ 1510.23 *Effective date and termination.* This directive shall become effective upon issuance by the Petroleum Coordinator for War or the Deputy Coordinator and, unless sooner revoked by such officer, shall terminate, insofar as the commencement of any new action by any person is concerned, upon the issuance and promulgation by the War Production Board of an order requiring direct allocation of materials movement by railway tank car.

R. K. DAVIES,
Deputy Petroleum Coordinator for War.

AUGUST 19, 1942.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

GENERAL ORDERS AND SUPPLEMENTS

Correction

In the table of General Orders appearing in the first column of page 6537 (issue of Wednesday, August 19, 1942) the Federal Register section numbers for General Order No. 6 should read "305.1 to 305.42, incl." instead of "305.50 to 305.61, incl."

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Amendment 2 to General Order O. D. T. 10 [1]]

PART 501—CONSERVATION OF MOTOR EQUIPMENT

SUBPART G—CHARTER AND SIGHTSEEING SERVICE

SIGHTSEEING SERVICE PROHIBITED

By virtue of the authority vested in me by Executive Order No. 8989, dated December 18, 1941, General Order O.D.T. No. 10, Chapter II of this Title, Part 501, § 501.40 is hereby amended to read as follows:

§ 501.40 *Sightseeing service prohibited.* No person shall engage in sightseeing service by bus, or shall operate, or cause or permit to be operated, any rubber-tired vehicle propelled or drawn by mechanical power, for hire or under hire, for the primary purpose of permitting any passenger or passengers to see places or objects of general or special interest, whether or not the services of a driver or operator are provided with such vehicle.

This amendment shall become effective September 10, 1942. (E.O. 8989, 6 F.R. 6725)

Issued at Washington, D. C., this 20th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

[Docket No. B-150]

CONCO BUILDING PRODUCTS, INC.

ORDER REINSTATING REGISTRATION

In the matter of Conco Building Products, Inc., a corporation, registered distributor, registration No. 1763, respondent.

An Order having been issued in the above-entitled matter on May 30, 1942, suspending the registration of the above-named respondent for a period of sixty (60) days beginning fifteen (15) days after said date of issuance of said Order; and

Said Order having been duly served on the above-named respondent on June 8, 1942, and said period of suspension having expired on August 12, 1942; and

An affidavit dated July 16, 1942, and a supplemental affidavit dated August 10, 1942, having been filed by said respondent with the Bituminous Coal Division on July 20, 1942 and August 12, 1942, respectively, pursuant to the provisions of § 304.15 of the Rules and Regulations for the Registration of Distributors and of said Order of Suspension issued herein on May 30, 1942; and

It appearing from said affidavits that Conco Building Products, Inc., in accordance with the Findings made herein, has refunded improperly accepted discounts to the code members named below as follows:

Reliable Coal Company	$15.75
Midvale Coal Company	22.54
Enos Coal Mining Company	42.47
United Electric Coal Co	6.73
C. W. & F. Coal Company	32.17

and that said affidavits comply with the provisions of said § 304.15 of the Rules and Regulations for the Registration of Distributors and of said Order of Suspension issued on May 30, 1942;

Now, therefore, it is ordered, That the registration of Conco Building Products, Inc., as a registered distributor, Registration No. 1763, be, and the same hereby is, reinstated effective as of 12:01 a. m. on August 13, 1942.

Dated: August 19, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8134; Filed, August 20, 1942; 11:52 a. m.]

[Docket Nos. A-1569, A-1569, Part II]

DISTRICT BOARD NO. 9

NOTICE OF HEARING, ETC.

In the matter of the petition of District Board No. 9 for the establishment of price classifications and minimum prices

for the coals of certain mines in District No. 9.

In the matter of the petition of district Board No. 9 for the revision of minimum prices for the coals of the Wolf Hills Mine (Mine Index No. 530) of Wolf Hills Coal Company for truck shipments.

Memorandum opinion and order severing Docket No. A–1569 part II from Docket No. A–1569; and notice of and order for hearing in Docket No. A–1569 part II.

The original petition in the above entitled matter which was filed with this Division, requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 9 and revising the minimum prices applicable for the coals of the Wolf Hills Mine (Mine Index No. 530) of Wolf Hills Coal Company for Truck Shipments.

As indicated in an order issued today in Docket No. A–1569, a reasonable showing of necessity has been made for the relief prayed for by the petitioner except as to Mine Index No. 530.

The original petition prays for an increase in the minimum prices applicable to the coals in Mine Index No. 530 in certain size groups for Truck Shipments. The coals of this mine were originally priced for Truck Shipment in Supplement No. 2 to Price Schedule No. 1, in District No. 9 and it appears that the original petition has not set forth sufficient facts to warrant making such increases effective in the applicable minimum prices for the coals of this mine for Truck Shipments without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A–1569 relating to the coals of the Wolf Hills Mine (Mine Index No. 530) of Wolf Hills Coal Company be and it hereby is severed from the remainder of Docket No. A–1569 and designated as Docket No. A–1569, Part II.

It is further ordered, That a hearing in Docket No. A–1569, Part II under the applicable provisions of the Bituminous Coal Act of 1937 and the Rules of the Division be held on 22d day of September 1942 at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, Washington, D. C.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit to the undersigned proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the Rules and Regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on on before September 19, 1942.

The matter concerned herewith is in regard to the petition of District No. 9 for an increase in the effective minimum prices for the coals of the Wolf Hills Mine (Mine Index No. 530) of the Wolf Hills Coal Company for Truck Shipments as follows:

Size group	1	2	3	4
From	2.05	2.05	1.95	1.85
To	2.35	2.35	2.25	2.15

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: August 18, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42–8135; Filed, August 20, 1942; 11:52 a. m.]

[Docket No. A–1469]

DISTRICT BOARD NO. 18

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 18 for the establishment of price classifications and minimum prices for certain mines in District No. 18.

The original petition in the above-entitled matter filed with this Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requests the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 18 for both rail and truck shipment. However, the petition does not indicate that any of the mines identified therein have shipped, or proposed to ship, their coals by rail. Furthermore, neither the rail shipping points nor the railroads upon which such coals would originate for rail shipment have been designated by the petitioner. Inasmuch as the petition fails to contain all pertinent information necessary for the establishment of the price classifications and minimum prices requested for such coals for shipment by rail and since no clear showing has been made that the granting of such relief is necessary, it does not appear advisable to temporarily or permanently establish such price classifications and minimum prices without a hearing.

Petitioner requests that certain minimum prices be established for the coals in Size Groups Nos. 7, 9 and 13 produced from the Sanford Mine, Mine Index No. 168, in Subdistrict No. 1 of District No. 18. However, reference to the records of the Division discloses that no specific minimum prices have heretofore been established for coals in those size groups for the mines of other code members in Subdistrict No. 1 for shipment by truck, and that pursuant to the provisions of Price Instruction and Exception No. 5 in the Schedule of Effective Minimum Prices for District No. 18 For All Shipments, such coals are subject to the minimum prices in effect for the next larger size of coal for which a price is listed for the producing mine. The petition does not contain facts sufficient to warrant the establishment, either temporary or permanent, of the minimum prices requested for the coals of Mine Index No. 168 in Size Groups 7, 9 and 13 for truck shipments without a hearing.

Petitioner also requests the establishment of a minimum price of $2.50 per ton for coal in Size Group No. 11 produced from the Magdalena Mine, Mine Index No. 169 in Subdistrict No. 6 of District No. 18 for shipment by truck. No specific minimum prices have heretofore been established for the coals in Size Group No. 11 produced from other mines in Subdistrict No. 6 for shipment by truck, such coals likewise being subject to the minimum prices for the next larger size coal for which a price is listed for the producing mine. The original petition in this matter does not contain facts sufficient to warrant the establishment, either temporary or permanent, of the minimum price therein requested for the coals of Mine Index No. 169, in Size Group No. 11, without a hearing.

It does appear, however, that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth and that pending final disposition of the original petition, temporary price classifications and minimum prices should be established for the coals of the Neff Mine, Mine Index No. 167, the Magdalena Mine, Mine Index No. 169 and the Sanford Mine, Mine Index No. 168, for truck shipments.

The price classifications and minimum prices proposed by petitioner for the coals of the Neff Mine, Mine Index No. 167, in Subdistrict No. 8, do not correspond, in certain size groups, with the price classifications and minimum prices in effect for the coals produced from other mines in that subdistrict. The classifications and minimum prices for coals produced in Subdistrict 8 were revised by the order entered in Docket No. A–1256 on June 12, 1942. It appears that the price classifications and minimum prices established for the coals of the Neff Mine for truck shipments should be made to correspond with those presently in effect for coals produced from other mines in that subdistrict. Accordingly, the temporary price classifications and minimum prices set forth below for the coals of the Neff Mine, Mine Index No. 167 for truck shipments are the same as those in effect for the coals produced from other mines in Subdistrict No. 8 of District No. 18.

Now, therefore, it is ordered, That a hearing in Docket No. A–1469 under the applicable provisions of said Act and the rules of the Division be held on September 17, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions of law and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 12, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the original petition.

The matter concerned herewith is in regard to the petition of District Board No. 18 for the establishment of price classifications and minimum prices, for both rail and truck shipments, for the coals of the Neff Mine, Mine Index No. 167, of code member Harman Dufur, the Magdalena Mine, Mine Index No. 169, of code member Salome Morgan and the Sanford Mine, Mine Index No. 168, of code member George Sanford.

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 18 for All Shipments is supplemented to include the following price classifications and minimum prices for the coals of the Neff Mine (Mine Index No. 167), the Magdalena Mine (Mine Index No. 169) and the Sanford Mine (Mine Index No. 168) for truck shipments.

TRUCK SHIPMENTS

Code member name	Mine	County	Size groups									
			1	2	4	6	8	9	10	11	12	13	15
SUBDISTRICT NO. 1

[Docket No. B–10]

J. B. WILLIAMSON, CODE MEMBER

ORDER DENYING MOTIONS OF DEFENDANT, GRANTING APPLICATION OF DEFENDANT FOR ISSUANCE OF SUBPOENA DUCES TECUM AND POSTPONING HEARING

In the matter of J. B. Williamson, code member, defendant.

The above-entitled matter having been reopened and rescheduled for hearing on July 31, 1942 at Cleveland, Ohio by order of the Acting Director dated July 17, 1942 and subsequently postponed to August 21, 1942 at the same place by order of the Acting Director dated July 30, 1942; and

The defendant in said matter having on August 13, 1942 filed with the Division motions that:

(a) The Acting Director make findings of fact or issue an order directing the trial examiner to submit to the Acting Director his report, proposed findings of fact, and recommendations herein,

(b) The Acting Director produce the record of the original hearing herein or issue his order requiring the trial examiner to produce the record of said hearing,

(c) The Acting Director announce to all parties herein the reason or reasons for failing or refusing to produce said record,

(d) The Acting Director dismiss the complaint herein,

(e) The Acting Director produce and deliver to the defendant or order the trial examiner to produce and deliver to the defendant at least three days prior to the reopened hearing in this matter either the original or a conformed copy of the record in this matter to the present date, whether or not said record contains the transcript of the testimony taken at the original hearing in this matter, and

(f) The Acting Director continue the proposed hearing in this matter to August 31, 1942 or to any date subsequent thereto; and

The defendant in said matter having on August 13, 1942 filed with the Division an application for issuance of subpoena duces tecum to Herman I. Toll, N. B. C. Building, Cleveland, Ohio to testify and give evidence and produce the transcript of the testimony taken at the original hearing in this matter; and

It appearing to the Acting Director that no good reasons have been shown for the granting of said motions; and

It further appearing to the Acting Director that said application for the issuance of a subpoena duces tecum to Herman I. Toll be granted; and

The Acting Director deeming it advisable to postpone the hearing from August 21, 1942, to August 26, 1942.

Now, therefore, it is ordered, That motions of the defendant as set forth above be and the same hereby are denied.

It is further ordered, That the application for issuance of a subpoena duces tecum as set forth above be and the same hereby is granted.

It is further ordered, That the reopened hearing in this matter be and the same hereby is postponed from August 21, 1942, at 10:00 a. m. at a hearing room of the Bituminous Coal Division, 518 Bulkley Building, Cleveland, Ohio, to August 26, 1942, at 10:00 a. m. at a hearing room of the Bituminous Coal Division, 518 Bulkley Building, Cleveland, Ohio, before the officer or officers previously designated.

Dated: August 19, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[Docket No. B–139]

PERRY COAL COMPANY

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint dated November 10, 1941, having been filed on November 12, 1941, by the Bituminous Coal Producers Board for District No. 10, complainant, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by the Perry Coal Company, St. Louis, Missouri, of the Bituminous Coal Code or

the rules and regulations thereunder; and

An Order having been issued herein on August 5, 1942, revoking and cancelling the code membership, after hearing on said complaint, of the Perry Coal Company, effective as of August 20, 1942, and said Order having been duly served on the said Perry Coal Company; and

The said Perry Coal Company having filed with the Division on August 15, 1942, its application for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that the said Perry Coal Company has paid to the Collector of Internal Revenue at Springfield, Illinois, on August 14, 1942, the sum of $985.53, pursuant to Order dated August 5, 1942, as a condition precedent to the restoration of its code membership.

Now, therefore, it is ordered, That said application of Perry Coal Company, filed August 15, 1942, for restoration of its code membership, be, and the same hereby is granted.

It is further ordered, That said restoration of the code membership of the Perry Coal Company be effective simultaneously with the effective date of said Order of revocation and cancellation of code membership.

Dated: August 19, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8138; Filed, August 20, 1942; 11:53 a. m.]

[Docket No. B-219]

FREEBROOK CORPORATION

ORDER CONDITIONALLY RESTORING CODE MEMBERSHIP

A written complaint dated February 4, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") having been duly filed on February 10, 1942, by the Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division (the "Division"); and

An amended application filed pursuant to § 301.132 of the Rules of Practice and Procedure before the Division for disposition of the above-entitled matter without formal hearing, dated April 30, 1942, having been duly filed with the Division on April 30, 1942; and

An order having been issued herein on July 31, 1942, granting the said amended application, revoking and cancelling the membership of Freebrook Corporation in the Bituminous Coal Code (the "Code") as of fifteen (15) days from the date of said order, and providing, pursuant to section 5 (c) of the Act for the payment to the United States of a tax in the amount of $8,500.08 as a condition precedent to the restoration of Freebrook Corporation to membership in the Code and enjoining and restraining Freebrook Corporation from violating the Act, the Code, and rules and regulations thereunder upon any restoration of Freebrook Corporation to membership in the Code pursuant to section 5 (c) of the Act; and

An agreement dated August 13, 1942, between Freebrook Corporation and Walter L. Miller, Collector of Internal Revenue for the 23rd District of Pennsylvania of the Treasury Department of the United States, at Pittsburgh, Pennsylvania, from which it appears that said Freebrook Corporation agrees to pay said tax in the amount of $8,500.08 in installments as set forth in said agreement; and

An application dated August 14, 1942, for conditional restoration to membership in the Code together with the signed copy of the aforesaid agreement having been duly filed by Freebrook Corporation with the Division on August 14, 1942, in which it is provided that installment payments of said tax shall be made in the amount and in the manner as set forth in said agreement and that if Freebrook Corporation fails to make any installment payment as provided in said agreement, the entire balance of said tax then owing shall become due and payable and that all coal sold or otherwise disposed of by said Freebrook Corporation on and after August 16, 1942, shall be subject to 19½% tax provided by section 3520 (b) (1) of the Internal Revenue Code.

Now, therefore, it is ordered, That membership of Freebrook Corporation in the Code be and the same hereby is conditionally restored effective simultaneously with the effective date of said order of revocation and cancellation herein, dated July 31, 1942, and upon the following terms and conditions:

In the event of default by Freebrook Corporation in making any installment payment as provided in said agreement made August 13, 1942, between said Freebrook Corporation and Walter L. Miller, Collector of Internal Revenue, such conditional restoration of code membership shall become wholly ineffective as of August 16, 1942, the entire balance of said tax then owing shall become due and payable and that all coal sold or otherwise disposed of by said Freebrook Corporation on and after August 16, 1942, shall be subject to 19½% tax provided by section 3520 (b) (1) of the Internal Revenue Code.

It is further ordered, That upon payment of said tax in full in accordance with the terms of said agreement said Freebrook Corporation shall submit to the Division the receipt therefor issued by said Collector or a statement by said Collector that said tax has been paid in full and thereupon an order shall be issued restoring said Freebrook Corporation to full and unconditional membership in the Code.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

[F. R. Doc. 42-8139; Filed, August 20, 1942; 11:53 a. m.]

[Docket No. A-1578]

DISTRICT BOARD No. 10

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 10 for the establishment of price absorptions for the Flamingo Mine for shipment via The Chicago, Burlington and Quincy Railroad.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on September 24, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 19, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 10 for the establishment of price absorptions for the Flamingo Mine (Mine Index No. 1450) of Fairview Collieries Corporation for shipment via the Chicago, Burlington and Quincy Railroad as follows: (1) permission to absorb 5¢ per ton of the freight rate on shipments via the Chicago, Burlington and Quincy Railroad to the Peoria-Pekin District, (2) the establishment of effective minimum prices of $2.00 per net ton for mine run and $1.40 per net ton for screenings on coal sold to the Chicago, Burlington and Quincy Railroad for locomotive fuel use, (3) to make applicable on offline sales of railroad locomotive fuel originating on the Chicago, Burlington and Quincy Railroad, railroad locomotive price absorptions 1 (f), 2 (a), 6, 7, 8, 35 and 43 appearing in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck, (4) to extend the relief granted Mine Index No. 1450 in Docket No. A-1311 so as to permit this mine to absorb not more than 48¢ per net ton of the freight charges on railroad locomotive fuel sold to the Peoria and Pekin Union Railway, when shipments of this fuel originate on the Chicago, Burlington and Quincy Railroad at Fairview, Illinois.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck is supplemented to include the price classifications and minimum prices set forth in the schedule marked "Temporary Supplement R" annexed hereto and made a part hereof.

Dated: August 20, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8140; Filed, August 20, 1942; 11:54 a. m.]

DISTRICT BOARD No. 13

NOTICE OF HEARING, ETC.

[Docket Nos. A-1548, A-1548, Part II]

In the matter of the petition of District Board No. 13 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 13.

In the matter of the petition of District Board No. 13 for the establishment of price classifications and minimum prices for the coals of the Carr No. 2 Mine (Mine Index No. 1273) of W. C. Carr, and for the coals of the Tennessee Valley Mine (Mine Index No. 276) of R. D. Campbell for all shipments except truck.

Memorandum opinion and order severing Docket No. A-1548 Part II from Docket No. A-1548 and notice of and order for hearing in Docket No. A-1548, Part II.

The original petition in the above-entitled matter which was filed with this Division requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 13.

As indicated in an Order issued today in Docket No. A-1548, a reasonable showing of necessity has been made for the relief prayed by the petitioner except as to the coals of the Carr No. 2 Mine (Mine Index No. 1273) of W. C. Carr and the coals of the Tennessee Valley Mine (Mine Index No. 276) of R. D. Campbell, for all shipments except truck.

The proposed price classifications and minimum prices for the coals of the Carr No. 2 Mine (Mine Index No. 1273) of W. C. Carr, for all shipments except truck, do not conform to those for any known adjacent and analogous mines, nor is Odenville, Alabama, the proposed shipping point for this mine, shown in the tariffs of the SAL RR as a point of origin for coal. Also, petitioner has failed to explain the wide variations between the published truck prices and the proposed rail prices for this mine. It appears, therefore, that petitioner has not set forth sufficient facts to warrant establishing without a hearing its proposed price classifications and minimum prices for the coals of the Carr No. 2 Mine (Mine Index No. 1273) for all shipments except truck.

The petitioner proposed price classifications and minimum prices for the coals of the Tennessee Valley Mine (Mine Index No. 276) of R. D. Campbell for all shipments except truck which would place this mine for rail shipments in Subdistrict 3, in Tennessee-Georgia, in the 15 size groups applicable to Subdistrict 3, whereas this mine is located in Jackson County, Alabama. By definition, all mines in Alabama are in Subdistricts 1 or 2 (or both) and are classified and priced in size groups numbered from 1 to 26, inclusive (with minor exceptions). It appears, therefore, that such price classifications and minimum prices proposed for the coals of this mine for all shipments except truck should not be established without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1548 relating to the coals of Mine Index Nos. 1273 and 276 be, and it hereby is, severed from the remainder of Docket No. A-1548 and designated as Docket No. A-1548, Part II.

It is further ordered, That a hearing in Docket No. A-1548, Part II under the applicable provisions of the Bituminous Coal Act of 1937 and the rules of the Division be held on September 29, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit to the undersigned proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 25, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 13 for the establishment of price classifications and minimum prices for the coals of the Carr No. 2 Mine (Mine Index No. 1273) of W. C. Carr, and for the coals of the Tennessee Valley Mine (Mine Index No. 276) of R. D. Campbell, for all shipments except truck.

Dated: August 20, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[Docket No. B-164]

REED AND RENNICK

ORDER DISMISSING COMPLAINT, CANCELLING HEARING AND TERMINATING MATTER

In the matter of Kenneth Reed and George H. Rennick, individually and as copartners doing business under the name and style of Reed and Rennick, Code Member.

The Bituminous Coal Producers Board for District No. 11, complainant herein, by motion filed with the Bituminous Coal Division on July 29, 1942, having moved that its complaint herein filed with the Division on December 4, 1941 against the above-named code member be dismissed without prejudice on the ground that Kenneth Reed and George H. Rennick, individually and as copartners doing business under the name and style of Reed and Rennick, are no longer engaged in the business of mining coal;

The Acting Director deeming it advisable to grant said motion;

Now, therefore, it is ordered, That the said complaint herein be, and it hereby is dismissed without prejudice.

It is further ordered, That the hearing herein heretofore postponed by order dated July 29, 1942, to a date and place to be thereafter designated by appropri-

ate order, be, and the same hereby is cancelled; and

It is further ordered, That the matter herein, Docket No. B–164 be, and the same hereby is, terminated.

Dated: August 20, 1942.

[Public Land Order 23]

WASHINGTON

WITHDRAWING PUBLIC LAND FOR USE AS AN ADMINISTRATIVE SITE IN CONNECTION WITH THE COLUMBIA NATIONAL FOREST

By virtue of the authority contained in the act of June 25, 1910, c. 421, 36 Stat. 847, as amended by the act of August 24, 1912, c. 369, 37 Stat. 497 (U.S.C., title 43, secs. 141–143), and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

The following-described public land in Washington is hereby temporarily withdrawn from settlement, location, sale, or entry; and reserved for use by the Forest Service, Department of Agriculture, as the Swift Creek Administrative Site in connection with the administration of the Columbia National Forest, subject to valid existing rights and to the existing power project reservation covering the land:

WILLAMETTE MERIDIAN

T. 7 N., R. 5 E., sec. 28, SE¼NE¼. 40 acres.

This withdrawal is made on condition that if and when the use of this site is needed for power purposes, it will be evacuated by the Forest Service.

DEPARTMENT OF LABOR.

Wage and Hour Division.

PROCESSING OF SORGO INTO SORGO SYRUP

HEARING ON EXEMPTION AS SEASONAL INDUSTRY

Notice of hearing in the matter of the application for the exemption of the processing of sorgo into sorgo syrup from the maximum hours provisions of the Fair Labor Standards Act of 1938 pursuant to section 7 (b) (3) of the Act and Part 526, as amended, of the regulations issued thereunder.

Whereas upon consideration of an application filed by the American Sugar Cane League of the U. S. A., Inc., for the exemption of the processing of sorgo into sorgo syrup in Louisiana from the maximum hours provisions of the Fair Labor Standards Act of 1938 pursuant to section 7 (b) (3) of the Act and Part 526, as amended, of the regulations issued thereunder, a preliminary determination was made that a prima facie case had been shown for amendment of the exemption granted under section 7 (b) (3) of the Act to that portion of the cane sugar processing and milling branch of the cane sugar industry which is located in Louisiana, to include in the exemption granted to this branch of the industry the processing of sorgo into sorgo syrup; and

Whereas within fifteen days following the publication of that preliminary determination the Administrator received an objection and request for hearing, and also received an application from the Waconia Sorghum Company, Cedar Rapids, Iowa, for the exemption of the processing of sorgo into sorgo syrup outside of Louisiana as an industry of a seasonal nature;

Now, therefore, notice is hereby given of a public hearing to be held pursuant to §§ 526.5 and 526.6 of the regulations, at the National Offices of the Wage and Hour Division, 165 West 46th Street, New York, New York, at 10:00 a. m., on August 28, 1942, before Nathan Rubinstein, the duly authorized representative of the Administrator, hereby authorized to receive evidence and hear arguments for the purpose of determining:

Whether the processing of sorgo into sorgo syrup in Louisiana is an integral part of the cane sugar processing and milling branch of the cane sugar industry in Louisiana, and if so, whether the combined raw sugar processing and sorgo processing operations in Louisiana constitute an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Act and Part 526 of the regulations; and

Whether the processing of sorgo into sorgo syrup in the United States as a whole or in any one or more of the states constitutes an industry or a separable branch of an industry and is of a seasonal nature within the meaning of the Act and the regulations.

The term "processing of sorgo into sorgo syrup", as used in this notice, includes the operations of receiving, handling, unloading, and weighing the sorgo at the processing establishment; the extraction of the juice from the sorgo; the processing of this juice into sorgo syrup; the removal, handling, and conveying of the sorgo syrup to tank cars or storage tanks on or in the vicinity of the mill site; the removal, conveying, burning, bagging, baling, and piling and storing in bags or in baled form on or in the vicinity of the mill site of bagasse resulting from the processing of sorgo into sorgo syrup; and the operations necessary or incident to the foregoing.

Any person interested in supporting or opposing the application for exemption may file a written statement or may appear at the hearing in his own behalf or in behalf of any other person. Written statements or notices of intention to appear must be filed with the Administrator at the National Offices of the Wage and Hour Division, 165 West 46th Street, New York, New York, not later than August 27, 1942. The notice of intention to appear must contain the following information:

1. The name and address of the person appearing.

2. If he is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

3. Whether he is appearing in support of or in opposition to the application for exemption.

Signed at New York, New York, this 19th day of August 1942.

WILLIAM B. GROGAN, *Acting Administrator.*

LEARNER EMPLOYMENT CERTIFICATES

NOTICE OF ISSUANCE

Notice of issuance of Special Certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum wage rate applicable under section 6 of the Act are issued under section 14 thereof, Part 522 of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862, and as amended June 25, 1942, 7 F.R. 4723), and the Determination and Order or Regulation listed below and published in the FEDERAL REGISTER as here stated.

Apparel Learner Regulations, September 7, 1940 (5 F.R. 3591).

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear, Rainwear, Robes, and Leather and Sheep-Lined Garments Divisions of the Apparel Industry, Learner Regulations, July 20, 1942 (7 F.R. 4724).

Artificial Flowers and Feathers Learner Regulations, October 24, 1940 (5 F.R. 4203).

Glove Findings and Determination of February 20, 1940, as amended by Administrative Order of September 20, 1940 (5 F.R. 3748).

Hosiery Learner Regulations, September 4, 1940 (5 F.R. 3530).

Independent Telephone Learner Regulations, September 27, 1940 (5 F.R. 3829).

Knitted Wear Learner Regulations, October 10, 1940 (5 F.R. 3982).

Millinery Learner Regulations, Custom Made and Popular Priced, August 29, 1940 (5 F.R. 3392, 3393).

Textile Learner Regulations, May 16, 1941 (6 F.R. 2446).

Woolen Learner Regulations, October 30, 1940 (5 F.R. 4302).

Notice of Amended Order for the Employment of Learners in the Cigar Manufacturing Industry, July 29, 1941 (6 F.R. 3753).

The employment of learners under these Certificates is limited to the terms and conditions as to the occupations, learning periods, minimum wage rates, et cetera, specified in the Determination and Order or Regulation for the industry designated above and indicated opposite the employer's name. These Certificates become effective August 20, 1942. The Certificates may be cancelled in the manner provided in the Regulations and as indicated in the Certificates. Any person aggrieved by the issuance of any of these Certificates may seek a review or reconsideration thereof.

OFFICE OF PRICE ADMINISTRATION.

[Order 25 Under Maximum Price Regulation 120[1]—Bituminous Coal Delivered From Mine or Preparation Plant; Docket No. 3120–66]

JAMES M. McINTYRE & COMPANY

ORDER GRANTING ADJUSTMENT

For the reasons set forth in the opinion which has been issued simultaneously herewith and pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 and Procedural Regulation No. 1,[2] *It is ordered:*

(a) James M. McIntyre & Company, Philadelphia, Pennsylvania may sell and deliver, and any person may buy and receive, the kinds and grades of bituminous coal produced at the Shreeve No. 1 Mine (Mine Index No. 469), District No. 1, and set forth in paragraph (b) below at prices not in excess of those stated therein.

(b) (1) The maximum prices for such coals in Size Groups 1 and 2 shall not exceed $3.75 per net ton, f. o. b. the mine, for shipment other than by truck or wagon.

(2) The maximum prices for shipment by truck or wagon shall be the applicable effective minimum prices as of April 1, 1942, plus a sum not to exceed $1.30 per net ton for coals in Size Group 1 and plus a sum not to exceed $1.55 per net ton for coals in Size Group 2.

(c) This Order No. 25 may be revoked or amended by the Price Administrator at any time.

(d) Unless the context otherwise requires, the definitions set forth in § 1340.208 of Maximum Price Regulation No. 120 shall apply to terms used herein.

(e) This Order No. 25 shall become effective August 21, 1942.

Issued this 20th day of August 1942.

[Order 7 Under Maximum Price Regulation 148[1]—Dressed Hogs and Wholesale Pork Cuts; Docket No. 3148.24]

WHITE PACKING COMPANY, INCORPORATED

ORDER GRANTING ADJUSTMENT

On July 8, 1942, White Packing Company, Incorporated, Salisbury, North Carolina, filed a petition for an adjustment pursuant to § 1364.29 (a) of Maximum Price Regulation No. 148. Due consideration has been given to the petition, and an opinion in support of this Order No. 7 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, *It is hereby ordered:*

(a) White Packing Company, Incorporated, may sell and deliver, and agree, offer, solicit and attempt to sell and deliver, the kinds of wholesale pork cuts referred to in paragraph (b), at prices not in excess of those stated in such paragraph. Any person may buy and receive such kinds of wholesale pork cuts at such prices from White Packing Company, Incorporated.

(b)

	Cents per pound
Hams, fresh or frozen	28¾
Skinned hams, fresh or frozen	30
Shoulders, fresh or frozen	26½
Loins, fresh or frozen	29½
Loins, fresh or frozen of other weights	28½
Bellies, fresh or frozen	21
Boston butts, fresh or frozen	29½
Hams boned and rolled	42
Sliced bacon, cellophane wrapped	32
Sliced bacon in cartons	31
Hockless picnics	29
Cottage rolls	41½
Dry salt bellies	17¼

(c) The permission granted to the White Packing Company, Incorporated, in this Order No. 7 is subject to the following condition: that the several prices

[1] 7 F.R. 3168, 3447, 3901, 4336, 4342, 4404, 4540, 4541, 4700, 5059, 5560, 5607, 5827, 5835, 6169, 6218, 6265, 6272.

[2] 7 F.R. 971, 3663.

[1] 7 F.R. 3821, 4342.

[2] 7 F.R. 971.

specified in paragraph (b) shall apply only during the period April 1 to November 30, inclusive, of any year during which Maximum Price Regulation No. 148 is in effect and that during the period December 1 to March 31, inclusive, the maximum price at which the White Packing Company, Incorporated, may sell or deliver or agree, offer, solicit or attempt to sell or deliver and at which any person may buy or receive or agree, offer, solicit or attempt to buy or receive from White Packing Company, Incorporated, each pork cut specified shall be the seller's maximum price for such cut as determined under the provisions of § 1364.22 of Maximum Price Regulation No. 148.

(d) All prayers of the petition not granted herein are denied.

(e) This Order No. 7 may be revoked or amended by the Price Administrator at any time.

(f) Unless the context otherwise requires, the definitions set forth in § 1364.32 of Maximum Price Regulation No. 148 shall apply to terms used herein.

This Order No. 7 shall become effective August 21, 1942.

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-540]

TRI-CITY UTILITIES CO. AND KENTUCKY UTILITIES CO.

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 17th day of August, A. D. 1942.

In the matter of Tri-City Utilities Company, successor in interest herein to Kentucky-Tennessee Light and Power Company, and Kentucky Utilities Company.

Applications and declarations, and amendments thereto, having been filed with this Commission by Tri-City Utilities Company, a subsidiary of Associated Electric Company, a registered holding company, and Kentucky Utilities Company, a registered holding company and a subsidiary of The Middle West Corporation, a registered holding Company, pursuant to sections 10 and 12 (d), and Rule U-44 thereunder, of the Public Utility Holding Company Act of 1935, regarding the sale and exchange of certain electric public utility properties; and

A public hearing having been held after appropriate notice, and the Commission having considered the record in this matter, and having made and filed its Findings and Opinion herein;

It is ordered, That the applications, as amended, be and hereby are granted forthwith, and that the declarations, as amended, be and hereby are permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

[File No. 70-574]

TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 18th day of August, A. D. 1942.

In the matter of Denis J. Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corporation.

Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, having filed an application-declaration, together with an amendment thereto, pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 7 and 10 thereof, and Rules U-42 and U-100 (a) of the General Rules and Regulations promulgated thereunder, and the following direct and indirect subsidiaries of Associated Gas and Electric Corporation, namely, NY PA NJ Utilities Company, General Gas & Electric Corporation, Associated General Utilities Company, The Lake Shore Gas Company, Pennsylvania Electric Company, Long Island Water Corporation, New Jersey Power & Light Company, New York State Electric & Gas Corporation, York Railways Company, and Utilities Employees Securities Company, and Stanley Clarke, Trustee of Associated Gas and Electric Company, having filed applications for exemption pursuant to Rule U-100 (a) of the General Rules and Regulations and such filing being with respect to various transactions described below. Of these transactions the Commission has before it for consideration only the issuance of a note by the Trustees of Associated Gas and Electric Corporation and applications for the exemption of certain acquisitions of securities by various companies.

Pursuant to orders of the United States District Court for the Southern District of New York (and an order of this Commission exempting the acquisitions), the Trustees of Associated Gas and Electric Corporation and the Trustee of Associated Gas and Electric Company acquired various assets in compromise of certain claims against Howard C. Hopson, members of his family, and certain companies, trusts and partnerships, directly or indirectly owned by him or them (hereinafter referred to as "the Hopson Group").

As a plan of distribution of the assets acquired from the Hopson Group and held in trust by the three trustees (hereinafter referred to collectively in such capacity as "Trustees of the Hopson assets"), the Trustees of the Hopson assets propose to pay and deliver to each of the distributee companies, listed in the appendix to this order, the securities and amounts of cash there indicated. The plan provides that as a set-off against distributee companies the Trustees of the Hopson assets shall cancel and discharge all accounts payable by any distributee company owing to the Hopson fund.

The plan further provides that such tax as may finally be determined to be owing to the City of New York (the total amount claimed is $127,406.91) shall be borne pro rata by all distributee companies. In the case of companies receiving securities only, their pro rata burden of the tax will be paid by them in cash to the Trustees of the Hopson assets. According to the tabulation of the percentages of the tax claim to be borne by distributee companies, the Trustees of Associated Gas and Electric Corporation are to pay slightly more than one-third; the Trustee of Associated Gas and Electric Company, 7.1195%; while the various direct and indirect subsidiaries of Associated Gas and Electric Corporation will pay from 8.1788% of the claim (New York State Electric & Gas Corporation) to less than 1%.

The Trustees of the Hopson assets propose to turn over to the Trustees of Associated Gas and Electric Corporation, to be held and used by the latter for the sole use and benefit of the estate of Associated Gas and Electric Corporation, all Hopson assets other than those specifically referred to in the appendix to this order. These include securities of a number of non-system companies; notes receivable in the face amount of $85,335; one equal undivided half interest, formerly owned by Harold C. Hopson, in and to a certain trust, under a declaration of trust, dated June 1, 1924; miscellaneous assets including a mortgage, municipal bonds, real estate, federal and state excise stamps, tax lien certificates, furniture and fixtures and the following securities of system companies:

Issuing company	Security	Principal amount
Associated General Utilities Companies.	4%, due 1961..	$87,590
Associated General Utilities Companies.	5%, due 1956..	421,550
Utilities Employees Securities Company.	Income Notes, due 1981.	721,390

In accordance with the program proposed, these securities are to be held by the Trustees of Associated Gas and Electric Corporation, limited and restricted as to interest, voting rights, and the right of recovery thereon.

The Trustees of Associated Gas and Electric Corporation propose to execute and deliver to the Trustees of the Hopson assets their non-interest bearing note in the amount of $442,060.40. This note is to be junior to the administration expenses of the Estate of Associated Gas and Electric Corporation, to the Trustees' certificate of the Trustees of Associated Gas and Electric Corporation, in the principal amount of $5,000,000, and to allowable claims of the federal government against the Estate of the Corporation for additional unpaid federal income and excess profits taxes accrued prior to January 10, 1940. Under certain conditions the note is also junior to the administration expenses and Trustee's certificate of Associated Gas and Electric Company.

The Trustees of the Hopson assets propose to pay over at this time to each of the distributee companies 50% of the amount appearing after the names of such companies under the caption "Cash Dividends" in the appendix, and all of the securities itemized under the caption "Securities to be Received". As the Trustees of Associated Gas and Electric Corporation liquidate the residue of the Hopson assets which will come to them, payment is to be made to the Trustees of the Hopson assets upon the note in the amount of $442,060.40. Such payment is to be applied to payment of the cash dividends referred to, but the Trustees of Associated Gas and Electric Corporation shall be liable for the full amount of the note, whether or not the residual Hopson assets, which they acquire, are liquidated.

On August 13, 1942, the United States District Court for the Southern District of New York entered an order approving the program outlined above. The Commission is not required to pass upon the settlement of claims inasmuch as the settlement has been approved by such order of the Court.

Notice of the proposed transactions having been duly given in the form and manner prescribed by Rule U-23, promulgated by the Public Utility Holding Company Act of 1935; and the Commission not having received a request for a hearing with respect to the said declaration and applications within the period specified in the notice or otherwise, and not having ordered a hearing thereon; and

The Commission having considered the circumstances under which the distribution is to be made and the note issued; and

The Commission finding with respect to said declaration that the requirements of section 7 (c) of said Act are satisfied, and that no adverse findings are necessary under section 7 (d) of said Act; and

It appearing to the Commission that an exemption of the transactions from the applicable sections of the Act, and rules thereunder, will not be detrimental to the public interest or the interest of investors or consumers;

It is ordered, That pursuant to Rule U-23 and the applicable provisions of the Act, and subject to the terms and conditions prescribed in Rule U-24, the aforesaid applications are granted and the aforesaid declaration is permitted to become effective.

By the Commission, (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

[SEAL] ORVAL L. DUBOIS,
Secretary.

The President

EXECUTIVE ORDER 9225

AUTHORIZING THE SECRETARY OF WAR TO TAKE POSSESSION OF AND OPERATE THE PLANT OF THE S. A. WOODS MACHINE COMPANY AT SOUTH BOSTON, MASSACHUSETTS

By virtue of the power and authority vested in me by the Constitution and laws of the United States, as President of the United States and Commander in Chief of the Army and Navy of the United States, it is hereby ordered and directed as follows:

The Secretary of War is authorized and directed immediately to take possession of and operate the plant of the S. A. Woods Machine Company located at South Boston, Massachusetts, through and with the aid of such person or persons or instrumentality as he may designate, and, in so far as may be necessary or desirable, to produce the war materials called for by the Company's contracts with the United States, its departments and agencies, or as may be otherwise required for the war effort, and do all things necessary or incidental to that end. The Secretary of War shall employ such employees, including a competent civilian advisor on industrial relations, as are necessary to carry out the provisions of this order and the purposes of the directive order of the War Labor Board of August 1, 1942, in the matter of S. A. Woods Machine Company et al, and, in furtherance of the purposes of this order, the Secretary of War may exercise any existing contractual or other rights of said Company, or take such steps as may be necessary or desirable.

Possession and operation hereunder shall be terminated by the President as soon as he determines that the plant of the S. A. Woods Machine Company at South Boston, Massachusetts, will be privately operated in a manner consistent with the war effort.

EXECUTIVE ORDER 9226

REGULATIONS GOVERNING THE FURNISHING OF CLOTHING IN KIND OR PAYMENT OF CASH ALLOWANCES IN LIEU THEREOF TO ENLISTED MEN OF THE NAVY, THE COAST GUARD, THE NAVAL RESERVE, AND THE COAST GUARD RESERVE

By virtue of and pursuant to the authority vested in me by section 10 of the Pay Readjustment Act of June 16, 1942 (Public Law No. 607, 77th Congress, 2nd Session), I hereby prescribe the following regulations governing the furnishing of clothing in kind, or payment of cash allowances in lieu thereof, to enlisted men of the Navy, the Coast Guard, the Naval Reserve, and the Coast Guard Reserve.

1. Enlisted men upon first enlistment, or upon reenlistment subsequent to expiration of three months from date of last discharge, shall be entitled to a cash clothing allowance of $133.81, except that men enlisted in chief petty officer rating or in the rating of officers' cook or officers' steward, or as members of the Navy, Naval Academy, or Coast Guard Academy Band shall be entitled to a cash clothing allowance of $300 on such first enlistment or such reenlistment.

2. Enlisted men advanced to chief petty officer rating or to the rating of officers' cook or officers' steward, or assigned to duty as members of the Navy, Naval Academy, or Coast Guard Academy Band, except those holding chief

petty officer rating upon such assignment, shall be entitled to a cash clothing allowance of $250. Members of the Navy, Naval Academy, or Coast Guard Academy Band below chief petty officer rating shall not, when advanced to chief petty officer rating in their respective bands, be entitled to receive such cash clothing allowance, nor shall men in the rating of officers' cook or officers' steward, when advanced to the rating of officers' chief cook or officers' chief steward be entitled to receive such cash clothing allowances.

3. On the first day of the quarter following the anniversary date of enlistment (or reenlistment as specified in paragraph 1), date of reporting for active duty, date of appointment as chief petty officer, officers' cook, or officers' steward, or date of assignment to duty as a member of the Navy, Naval Academy, or Coast Guard Academy Band, and thereafter on the first day of each succeeding quarter while on active duty, enlisted men shall be paid a cash maintenance allowance for clothing, as follows:

(a) Enlisted men (general), $8.75.

(b) Chief petty officers, officers' cooks, officers' stewards, and members of the Navy, Naval Academy, or Coast Guard Academy Band, $18.75.

4. Retired enlisted men, members of the Naval Reserve (including the Fleet Reserve), and members of the Coast Guard Reserve, shall, upon reporting for active duty, be entitled to the cash clothing allowances prescribed in this order, except that the first quarterly payment of the cash maintenance allowance for clothing shall be paid on the first day of the quarter following the anniversary date of reporting for active duty. Retired enlisted men, and members of the Fleet Reserve on active duty on May 31, 1942, who were not granted a clothing outfit upon reporting for their current active duty, and all other enlisted men on active duty on June 30, 1942, who were not granted a clothing outfit during the fiscal year 1942, shall be entitled to the cash maintenance allowance for clothing provided in paragraph 3 beginning July 1, 1942. Enlisted men of the regular Navy and enlisted men of the Fleet Reserve on active duty on May 31, 1942, who may later be transferred to the Fleet Reserve or to the retired list and retained on active duty, shall continue to receive the cash allowances for clothing applicable to them prior to such transfer, or the cash allowances for clothing applicable in the event they are promoted to chief petty officer rating or to the ratings of officers' cook or officers' steward, or assigned duty as members of the Navy, Naval Academy, or Coast Guard Academy Band. The provisions of this paragraph shall not apply to temporary members of the Coast Guard Reserve on part time or intermittent active duty.

5. Members of the Naval Reserve undergoing flight training leading to a commission shall be entitled only to an issue of clothing in kind not to exceed $180 in value. Members of the Naval Reserve undergoing training, other than flight training, leading to a commission shall be entitled to an issue of clothing in kind not to exceed $15 in value, and in addition, may be temporarily issued government owned clothing not to exceed $120 in value. Temporary members of the Coast Guard Reserve on part time or intermittent active duty may be issued clothing in kind in an amount not to exceed the allowances prescribed in paragraph 1. These allowances in kind are in lieu of any cash clothing allowances.

6. Members of the Insular Force and the Samoan Native Guard and band shall be entitled to the cash clothing allowances prescribed herein, except that when not required to wear blue clothing the cash clothing allowances shall be one-half the rates prescribed herein.

7. The provisions of this order shall be effective from June 1, 1942, to June 30, 1943, except that enlisted men, other than chief petty officers, officers' cooks, officers' stewards, and members of the Navy, Naval Academy, or Coast Guard Academy Band, enlisting or reporting for active duty between June 1, 1942, and June 30, 1942, inclusive, shall be entitled to a cash clothing allowance of $118.95 in lieu of the cash clothing allowance of $133.81 as authorized in paragraph 1 of this order.

EXECUTIVE ORDER 9227

AMENDMENT OF EXECUTIVE ORDER NO. 4314 OF SEPTEMBER 25, 1925, ESTABLISHING RULES GOVERNING THE NAVIGATION OF THE PANAMA CANAL AND ADJACENT WATERS

By virtue of and pursuant to the authority vested in me by section 9 of title 2 of the Canal Zone Code, approved June 19, 1934, Executive Order No. 4314 of September 25, 1925, as amended, establishing rules governing the navigation of the Panama Canal and adjacent waters, is hereby further amended as shown below:

1. Rule 30 in Chapter IV of the said Executive order is amended to read as follows:

"Rule 30. *Status and function of pilot.* The pilot assigned to a vessel shall have control of the navigation and movement of such vessel."

2. Chapter VII of the said Executive order, consisting of Rules 89 to 101 thereof, is amended, in accordance with the provisions of section 10 of title 2 of the Canal Zone Code, as amended by section 1 of the act of June 13, 1940, c. 358, 54 Stat. 387, to read as follows:

"CHAPTER VII—ACCIDENTS AND CLAIMS

"Rule 89. *Injuries to vessels, etc., by reason of passage through locks.* The Governor of The Panama Canal shall promptly adjust and pay damages for injuries to vessels, or to the cargo, crew, or passengers of vessels, which may arise by reason of the passage of such vessels through the locks of the canal under the control of officers or employees of The Panama Canal: *Provided, however,* that no such damages shall be paid in any case wherein the Governor shall find that the injury was proximately caused by the negligence or fault of the vessel, master, crew, or passengers: *Provided further,* that in any case wherein the Governor shall find that the negligence or fault of the vessel, master, crew, or passengers proximately contributed to the injury, he shall diminish the award of damages in proportion to the negligence or fault, as determined by him, attributable to the said vessel, master, crew, or passengers: *And provided further,* that damages shall not be allowed and paid for injuries to any protrusion beyond the side of a vessel, whether such protrusion is permanent or temporary in character. The amounts of the respective awards of damages under this Rule may be adjusted, fixed, and determined by the Governor by mutual agreement, compromise, or otherwise, and such amounts shall be payable promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal; and acceptance by any claimant of the amount awarded to him shall be deemed to be in full settlement of such claim against the Government of the United States.

"Rule 90. *When vessel deemed passing through locks.* For the purposes of Rule 89, a vessel shall be considered to be passing through the locks of the canal, under the control of officers or employees of The Panama Canal, from the time the first towing line is made fast on board before entrance into the locks and until the towing lines are cast off upon, or immediately prior to, departure from the lock chamber.

"Rule 91. *Action upon claim by claimant who considers himself aggrieved.* With respect to any claim for damages for injuries arising by reason of the passage of any vessel through the locks of the canal, as provided in Rules 89 and 90, any claimant for damages who considers himself aggrieved by the findings, determination, or award of the Governor, in reference to his claim, may, as provided in section 10 of title 2 of the Canal Zone Code, as amended as aforesaid, bring an action on such claim against The Panama Canal in the United States District Court for the District of the Canal Zone; and in any such action the provisions of said section 10 of title 2, as amended, and the regulations of the President authorized under section 9 of title 2 of the Canal Zone Code, applicable to the determination, adjustment, and payment of such claims for damages, by the Governor, shall be applicable; and any judgment obtained against The Panama Canal shall be paid promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal.

"Rule 92. *Injuries to vessels, etc., in Canal Zone waters other than locks.* The Governor shall promptly adjust and pay damages for injuries to vessels, or to the cargo, crew, or passengers of vessels which may arise by reason of the presence of such vessels in the waters of the Canal Zone, other than the locks, when the Governor shall find that the injury was proximately caused by negligence or fault on the part of any officer or employee of The Panama Canal acting within the scope of his employment and in the line of his duties in connection with the operation of the canal: *Provided, however,* that when the Governor shall further find that the negligence or fault of the vessel, master, crew, or passengers proximately contributed to the injury, he shall diminish the award of damages in proportion to the negligence or fault, as determined by him, attributable to the said vessel, master, crew, or passengers: *Provided further,* that in the case of any vessel which is required by or pursuant to regulations heretofore or hereafter prescribed under section 9 of title 2 of the Canal Zone Code to have a Panama Canal pilot on duty aboard, no damages shall be adjusted and paid for injuries to any vessel, or to the cargo, crew, or passengers of any such vessel, incurred while the vessel is under way and in motion, unless at the time such injuries are incurred the navigation or movement of the vessel is under the control of a Panama Canal pilot: *And provided further,* that the Governor shall not adjust and pay under this Rule any claim for damages for injuries in case the amount of the claim exceeds $60,000, but shall submit such claim to the Congress by a special report containing the material facts and his recommendations thereon. The amounts of the respective awards of damages under this Rule may be adjusted, fixed, and determined by the Governor by mutual agreement, compromise, or otherwise, and such amounts shall be payable promptly out of any moneys appropriated or allotted for the maintenance and operation of the Panama Canal; and acceptance by any claimant of the amount awarded to him shall be deemed to be in full settlement of such claim against the Government of the United States.

"Rule 93. *Prohibition of certain actions upon claims.* Except as otherwise provided in Rule 91, no action for damages for injuries arising in connection with the operation of the canal and by reason of the presence of a vessel in the waters of the Canal Zone shall lie in any court against the United States or The Panama Canal, or against any officer or employee of The Panama Canal: *Provided, however,* that nothing in this Rule shall be construed to prevent or prohibit actions against officers or employees of The Panama Canal for damages for injuries resulting from acts of such officers or employees outside the scope of their employment and not in line with their duties, or from acts of such officers or employees committed or performed with intent to injure the person or property of another.

"Rule 94. *Investigation of accidents involving potential claims.* Whenever, within the waters of the Canal Zone, including the locks of the canal, a vessel, or its cargo, crew, or passengers, meets with an accident or sustains any injury which may be the basis of a claim against The Panama Canal, or inflicts any injury upon any structure, plant, or equipment of The Panama Canal, the Board of Local Inspectors of The Panama Canal, or a member thereof, shall promptly conduct an investigation of such accident or injury, including all the facts and circumstances surrounding it and bearing upon its proximate causation, the nature and extent of the injury, and the amount of the damages, if any, occasioned by such injury, and shall promptly, upon the conclusion of such investigation, transmit to the Governor, for his consideration in connection with any claim which may arise, a transcript of the record of such investigation, together with its findings and conclusions respecting the accident or injury. All matters pertaining to such investigation shall be completed before the vessel concerned leaves Canal Zone waters, and no claim shall be considered unless the basis therefor has been laid before the Canal authorities prior to the vessel's sailing.

CROSS-REFERENCE

Compelling attendance and testimony of witnesses and production of books and papers before members of board, see Canal Zone Code, title 2, sections 42 and 43.

"Rule 95. *Measure of damages in determining award.* (a) *General.* In determining the amount of the award of damages for injuries to a vessel for which The Panama Canal is found or determined to be liable, there may be

included: (1) actual or estimated costs of repairs; (2) charter hire actually lost by the owners or charter hire actually paid, depending upon the terms of the charter party, for the time the vessel is undergoing repairs; (3) maintenance of the vessel and wages of the crew, if such are shown to be actual additional expenses or losses incurred outside of the charter hire; (4) other expenses which are definitely and accurately shown to have been incurred necessarily and by reason of the accident or injuries: *Provided, however,* that there shall not be allowed agent's fees or commissions or other incidental expenses of similar character, or any items which are indefinite, indeterminable, speculative, or conjectural. The Comptroller of The Panama Canal shall be furnished such vouchers, receipts, or other evidence as may be required by him in support of any item of a claim.

(b) *Where vessel not operated under charter.* If a vessel is not operated under charter but by the owner directly, evidence shall be secured, if available, as to the sum for which vessels of the same size and class can be chartered in the market. If such charter value cannot be determined, the value of the use of such vessel to its owner in the business in which it was engaged at the time of the injuries shall be used as a basis for estimating the damage for the vessel's detention; and the books of the owner showing the vessel's earnings about the time of the accident or injuries shall be considered as evidence of probable earnings during the time of detention. If the books are unavailable, such other evidence shall be furnished as may be required by the Comptroller of The Panama Canal.

"Rule 96. *Delays for which no responsibility assumed.* The Panama Canal shall not be responsible, nor consider any claim, for demurrage or delays occasioned by landslides or other natural causes, by necessary construction or maintenance work on canal locks, terminals, or equipment, by obstructions arising from accidents, by time necessary for admeasurement, by congestion of traffic, or by any other cause except as may be specifically set forth in these Rules.

"Rule 97. *Handling of wrecked, injured, or burning vessels.* When a vessel in Canal Zone waters goes aground, or is wrecked, or is so injured that it is liable to become an obstruction in such waters, or is on fire, the Canal authorities shall have the right to supervise and direct, or to take complete charge of and conduct, all operations which may be necessary to float the vessel, to clear the wreckage, to remove the injured vessel to a safe location, or to extinguish the fire, as the case may be. The Canal authorities may, when necessary, take such action without awaiting the permission of the owner or agent of the vessel, and may require the master of the vessel and all persons under his supervision and control to place the vessel, and all equipment on board, at the disposal of the Canal authorities without cost to the Canal. In the event the vessel is subsequently found and determined to be responsible for the accident or the condition necessitating action by The Panama Canal, the necessary expenses incurred by the Canal in carrying out the provisions of this Rule shall be a proper charge against such vessel.

"Rule 98. *Penalty for injuring or obstructing canal.* As provided by section 821 of title 5 of the Canal Zone Code, any person who by any means or in any way injures or obstructs or attempts to injure or obstruct any part of the Panama Canal or the locks thereof or the approaches thereto, shall be punished by imprisonment in the penitentiary for not more than twenty years, or by a fine or not more than $10,000, or by both. And as provided by section 255 of title 5 of the said Code, if any act in violation of the foregoing provisions of this Rule shall cause the death of any person within a year and a day thereafter, the person so convicted shall be guilty of murder and shall be punished accordingly.

"Rule 99. *Liability of vessel for injury to Canal structures or equipment.* A vessel, or its owner or operator, shall be held liable for any injury to any structure, plant, or equipment of or pertaining to The Panama Canal when such injury is proximately caused by the negligence or fault of the vessel or its master or crew. No vessel shall make fast, or run any line, to any marker, buoy, beacon, or other aid to navigation; and a vessel shall so navigate as not to strike such aids in passing.

"Rule 100. *Spark and smoke hazard.* While within Canal Zone waters, vessels shall take necessary precaution to avoid the issuance of sparks or excessive smoke, and vessels shall be held liable for injuries caused by the issuance therefrom of sparks or excessive quantities of smoke.

"Rule 101. *Collection of damages from vessel owner.* In case of injury to any Canal structure, plant, or equipment occasioned by a vessel under the circumstances specified in Rules 99 and 100, the matter of damages shall be adjusted by mutual agreement when practicable between The Panama Canal and the owner, agents, or underwriters of the vessel; and in case of disagreement, the vessel or its owner or operator shall be proceeded against in the United States District Court for the District of the Canal Zone."

EXECUTIVE ORDER 9228

AMENDMENT OF EXECUTIVE ORDER No. 4314 OF SEPTEMBER 25, 1925, ESTABLISHING RULES GOVERNING THE NAVIGATION OF THE PANAMA CANAL AND ADJACENT WATERS

By virtue of and pursuant to the authority vested in me by section 9 of title 2 of the Canal Zone Code, approved June 19, 1934, Executive Order No. 4314 of September 25, 1925, as amended, establishing rules governing the navigation of The Panama Canal and adjacent waters, is hereby further amended by adding, following present Rule 45 in Chapter V thereof, a new rule numbered 45a and reading as follows:

"Rule 45a. *Gangway watch on vessels at piers in wartime.* In time of war in which the United States is engaged, and during any other period when ordered by the Governor subject to the provisions of section 8 of title 2 of the Canal Zone Code, the master of a vessel lying at any wharf or pier in the Canal Zone, or his representative, shall cause to be maintained a continuous and competent gangway watch which shall check the identity of all persons going on board or attempting to go on board such vessel, or leaving or attempting to leave such vessel, shall prevent unauthorized persons from going on board such vessel, and shall, through the master of such vessel or his representative, promptly report all cases wherein unauthorized persons board or attempt to board or leave or attempt to leave such vessel. The report hereinbefore required may be made to any Canal Zone police or customs officer, or to any member of the military guard or naval shore patrol, on the wharf or pier. As used in this Rule, the term 'unauthorized persons' shall mean and include all persons other than (a) officers, members of the crew, and passengers of such vessel, and (b) persons who bear proper photographic identification and establish that they have legitimate business on board such vessel."

EXECUTIVE ORDER 9229

POSSESSION RELINQUISHED OF BAYONNE PLANT OF GENERAL CABLE CORPORATION

WHEREAS, by Executive Order No. 9220 dated the 13th day of August 1942,[1] the Secretary of the Navy was authorized and directed by the President to take possession of and operate the plant of General Cable Corporation located at Bayonne, New Jersey, to produce the war materials called for by the Company's contracts with the United States, its departments and agencies, or as may be otherwise required for the war effort, and to do all things necessary or desirable to that end; and

WHEREAS, on the 14th day of August 1942, the Secretary of the Navy acting pursuant to said direction took and has retained possession of said plant of General Cable Corporation; and

WHEREAS, said Executive order provides that possession and operation thereunder shall be terminated by the President as soon as he determines that said plant of General Cable Corporation

[1] 7 F.R. 6413.

will be privately operated in a manner consistent with the war effort; and

WHEREAS, it now appears, and the President does so determine, that said plant will be privately operated in a manner consistent with the war effort:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, as President of the United States and as Commander in Chief of the Army and Navy of the United States, hereby direct the Secretary of the Navy to relinquish possession of said plant of General Cable Corporation and to issue the necessary orders for carrying out the aforesaid direction.

FRANKLIN D ROOSEVELT

Regulations

TITLE 10—ARMY: WAR DEPARTMENT

Chapter X—Areas Restricted for National Defense Purposes

[Public Proclamation No. 10]

PART 102—CONTROL OF LIGHTING WITHIN RESTRICTED ZONES

ZONE OF RESTRICTED LIGHTING; WASHINGTON, OREGON AND CALIFORNIA

Headquarters Western Defense Command and Fourth Army, Presidio of San Francisco, California

AUGUST 5, 1942.

To: The people within the States of Washington, Oregon and California, and to the Public Generally:

Whereas by Public Proclamation No. 1, dated March 2, 1942, this Headquarters, there were designated and established Military Areas Nos. 1 and 2; and

Whereas the armed forces of the enemy have made attacks upon vessels of the United States traveling along the Pacific Coastal waters and upon land installations within said Military Areas, and it is expected that such attacks will continue; and

Whereas it is necessary to provide maximum protection for war utilities, war materials and war premises located within the States of Washington, Oregon and California against enemy attacks by sea and by air;

Now, therefore, I, J. L. DeWitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Western Defense Command, do hereby declare that:

§ 102.1 *Zone of restricted lighting; Washington, Oregon, and California.* (a) The present situation requires as a matter of military necessity that a Zone of Restricted Lighting be established within Military Areas Nos. 1 and 2, and that illumination within said Zone of Restricted Lighting be extinguished or controlled in such manner and to such extent as may be necessary to prevent such illumination from aiding the operations of the enemy.

(b) Pursuant to the determination and statement of military necessity in paragraph (a) hereof, a Zone of Restricted Lighting, as particularly described in Exhibit A hereof,[1] and as generally shown on the map made a part hereof and marked Exhibit B,[1] is hereby designated and established. Illumination within the entire area of said Zone of Restricted Lighting shall be extinguished or controlled at all times at night from sunset to sunrise as follows:

(1) *Signs, commercial floodlighting, display lighting and amusement places.* Illuminated signs and ornamental lighting of every description which are visible out-of-doors, and floodlighting which illuminates buildings or signs, including but not limited to all exterior advertising signs, billboards, display lighting, theatre marquee signs, building outline lighting, and interior signs and ornamental lighting immediately within unobscured window areas, shall be extinguished. This provision is not intended to prohibit ordinary store show-window lighting of normal intensity, except as provided for in paragraph (c) of this Proclamation.

(2) *Ground areas and industrial illumination.* Illumination of outdoor areas shall be controlled as follows:

(i) Subject to the exceptions hereinafter stated, illumination on all outdoor ground areas, including but not limited to automobile service station yards, outdoor parking areas, recreation areas, and entrances to buildings, shall not exceed one foot candle at any point, and all outdoor light sources shall be so shielded that no light is emitted upward. The foregoing sentence shall not apply to street and highway lights nor to the ground areas illuminated solely thereby, nor to the class of illumination referred to in the next subparagraph hereof.

(ii) All light sources for industrial and protective purposes, and light from industrial processes, shall be shielded or revised to as great an extent as may be practicable in order to eliminate or reduce to a minimum the amount of light which is emitted upward.

(3) *Traffic signs and signals.* All illuminated signs or signals which are authorized or maintained by governmental authority for the purpose of controlling street or highway traffic shall remain in operation, but shall be so shielded that no light is emitted upward.

(4) *Navigation lights and railroad signals.* Authorized lights to facilitate air or water navigation, and authorized railroad signal lights, are hereby excepted from all the provisions of this Proclamation.

(c) In addition to the restrictions hereinbefore imposed, illumination within that part of the Zone of Restricted Lighting which is visible from the sea, as hereinafter defined, shall be further diminished or obscured at all times at night from sunset to sunrise as follows:

(1) *Street and highway lights.* Street and highway lights in areas which are normally visible from the sea shall be so shielded that they are not visible from the sea at night and so that no light is emitted upward. It is contemplated that street and highway lights in other areas within the Zone of Restricted Lighting shall be governed and controlled by such subsequent orders or proclamations as the exigencies of military necessity may determine.

(2) *Residential, commercial and industrial windows.* No lighting shall be permitted behind windows or glazed doors visible from the sea unless they are covered by drapes or shades.

(3) *Street and highway traffic.* Within areas from which normal automobile headlamps are visible from the sea all vehicles shall be subject to the following regulations:

No vehicle shall operate during the night hours between sunset and sunrise with more than two lighted driving lamps, regardless of the direction of travel. Each such lamp shall provide a maximum of not more than 250 beam candlepower.

(4) *Industrial fires.* All light from industrial processes, and from industrial fires, such as light from refuse burners, kilns, and furnaces, which are visible from the sea, shall be so shielded that they are not visible from the sea at night, and so that no light is emitted upward.

(5) Except for the lights referred to in subparagraphs (b) (3), and (b) (4) hereof, all other lights visible from the sea are prohibited at night, including but not limited to light from fires, bonfires, parked cars, flashlights and lanterns.

(6) The phrase "visible from the sea," as used herein, is intended and shall be construed to mean and include that which is visible from the waters of the Pacific Ocean and from all the portion of the waters of the Straits of Juan de Fuca extending inland from the Pacific Ocean to a line running due north and south through the easternmost point on the easterly boundary line of the City of Port Townsend, Washington.

(d) Any person violating any of the provisions of this Proclamation, or orders issued pursuant thereto, is subject to immediate exclusion from the territory of the Western Defense Command, and to the criminal penalties provided in Public Law No. 503, 77th Congress, approved March 21, 1942, entitled "An Act to provide a penalty for violation of restrictions or orders with respect to persons entering, remaining in, leaving, or committing any act in military areas or zones."

(e) The Ninth Regional Civilian Defense Board is hereby designated as the primary agency to aid in the enforcement of the foregoing provisions. It is requested that the civil law enforcement agencies within the States affected by

[1] Filed as part of the original document.

this Proclamation assist the Ninth Regional Civilian Defense Board in the enforcement hereof.

(f) This Proclamation shall become effective August 20, 1942.

[SEAL] J. L. DEWITT,
Lieutenant General,
U. S. Army, Commanding.

Confirmed:

J. A. ULIO,
Major General,
The Adjutant General.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Amendment 21-9, Civil Air Regulations]

PART 21—AIRLINE TRANSPORT PILOT RATING

CHANGE OF CERTAIN REFERENCES TO CONFORM TO THE NEW PART 20

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 12th day of August 1942.

Acting pursuant to sections 205 (a), 601, 602, and 604 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective September 1, 1942, Part 21 of the Civil Air Regulations is amended as follows:

1. By striking the reference "§§ 20.2 and 20.4" as it appears in § 21.221 and inserting in lieu thereof "§ 20.4".

2. By striking the reference "§ 20.65" as it appears in § 21.222[1] and inserting in lieu thereof "§ 20.8".

3. By striking the reference "§ 20.65" as it appears in § 21.43 and inserting in lieu thereof "§ 20.8".

By the Civil Aeronautics Board.

[Amendment 24-11, Civil Air Regulations]

PART 24—MECHANIC CERTIFICATES

MECHANIC CERTIFICATES—REPEAL OF OBSOLETE SECTION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 12th day of August, 1942.

Acting pursuant to sections 205(a), 601 and 602 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective August 12, 1942, Part 24 of the Civil Air Regulations is amended as follows:

1. By striking § 24.37 and inserting in lieu thereof the following: "§ 24.37 Unassigned."

[1] 6 F.R. 2872.

2. By striking from the table of contents "§ 24.37 Special issuance of certificate or rating" and inserting in lieu thereof "§ 24.37 Unassigned."

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[Amendment 27-9, Civil Air Regulations]

PART 27—AIRCRAFT DISPATCHER CERTIFICATES

DISPATCHER RECENT EXPERIENCE REQUIREMENTS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 12th day of August 1942.

Acting pursuant to sections 205 (a), 601, and 602 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective August 12, 1942, Part 27 of the Civil Air Regulations is amended as follows:

By amending § 27.23 as follows:

1. By striking the colon after the word "has" as it appears in the first paragraph of § 27.23 and in lieu thereof insert "either:".

2. By inserting the word "or" between paragraphs (a) and (b).

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLE BROWN,
Secretary.

PART 61—SCHEDULED AIR CARRIER RULES

REPEAL OF SECTION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of August 1942.

Acting pursuant to sections 205 (a), 601, and 604 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective August 17, 1942, Part 61 of the Civil Air Regulations is amended as follows:

By striking § 61.519 in its entirety and inserting in lieu thereof "61.519 (Unassigned)."

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[F. R. Doc. 42-8169; Filed, August 21, 1942; 10:13 a. m.]

[Regulations, Serial No. 237]

OPERATION OF MULTI-ENGINED LAND AIRCRAFT BETWEEN OAKLAND AND SAN FRANCISCO

Regulation amending Special Regulation Serial No. 192.[1]

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 15th day of August 1942.

It appearing that:

The provisions of §§ 61.3220 and 61.3230 of the Civil Air Regulations forbidding the operation of multi-engine land aircraft over water beyond a gliding distance from shore without the aid of power unless equipped with certain equipment for over-water flying causes scheduled air carrier aircraft to fly between Oakland Municipal Airport, Oakland, California, and San Francisco Municipal Airport, San Francisco, California, at altitudes frequently requiring unnecessary instrument operation;

[1] 6 F.R. 5084.

The Board finds that:

Its action is in the public interest and in the interest of safety of air transportation;

Now, therefore, the Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 604 of said Act, makes and promulgates the following regulation, effective immediately.

Notwithstanding the provisions of §§ 61.3220 and 61.3230, scheduled air carriers in air transportation may operate multi-engine land aircraft on a direct route between Oakland Municipal Airport, Oakland, California, and San Francisco Municipal Airport, San Francisco, California, over the San Francisco Bay at a distance beyond gliding distance (power off) from shore when such operation is authorized by the Administrator.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 4249]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

STYLE & MEAT BUYING SERVICE

§ 3.45 (e) *Discriminating in price—Indirect discrimination—Brokerage payments.* In connection with the purchase of furs, fur garments, or other commodities in commerce, receiving or accepting directly or indirectly anything of value as brokerage, commission or other compensation or any allowance or discount in lieu thereof from any seller on or in connection with purchases made from such seller (a) when such purchases are made for respondents' own account, or (b) when such purchases are made as agent or buying representative of the purchaser, or (c) when in making such purchases respondents are acting in fact for or in behalf, or are subject to the direct or indirect control, of the purchaser; prohibited. (Sec. 2 (c), 49 Stat. 1527; 15 U.S.C., sec. 13 (c)) [Cease and desist order, Style & Merit Buying Service, Docket 4249, August 17, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of August, A. D. 1942.

In the Matter of Lewis Block, Frank Block, Mac Goldberg, Otto Langer, Morris Block, and Dora Block, Copartners, Doing Business Under the Firm Name Style & Merit Buying Service.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the substitute answer of respondents Lewis Block, Frank Block, Mac Goldberg, Otto Langer, Morris Block, and Dora Block, copartners, doing business under the firm name Style & Merit Buying Service, individually and as copartners, which answer admits all of the material allegations of the complaint to be true and waives all other intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion herein that said respondents, Lewis Block, Frank Block, Mac Goldberg, Otto Langer, Morris Block, and Dora Block, copartners, doing business under the firm name Style & Merit Buying Service, individually and as copartners, have violated the provisions of "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes" approved October 15, 1914 (the Clayton Act), as amended by an Act of Congress approved June 19, 1936 (the Robinson-Patman Act) (U.S.C. Title 15, sec. 13);

It is ordered, That the respondents, Lewis Block, Frank Block, Mac Goldberg, Otto Langer, Morris Block, and Dora Block, copartners, doing business under the firm name Style & Merit Buying Service, individually and as copartners, or under any other name, jointly or severally, their agents, employees and representatives, directly or through any corporate or other device, in or in connection with the purchasing of furs, fur garments or other commodities in commerce, as commerce is defined in the aforesaid Clayton Act, as amended, do forthwith cease and desist from:

Receiving or accepting directly or indirectly anything of value as brokerage, commission or other compensation or any allowance or discount in lieu thereof from any seller on or in connection with purchases made from such seller (a) when such purchases are made for respondents' own account, or (b) when such purchases are made as agent or buying representative of the purchaser, or (c) when in making such purchases respondents are acting in fact for or in behalf, or are subject to the direct or indirect control, of the purchaser.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

[F. R. Doc. 42-8175; Filed, August 21, 1942; 11:39 a. m.]

[Docket No. 4662]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

THE N-A COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's medicinal preparation designated variously as "N-A No. 7", "Vicine", "Nature's Aid", and "N-A", or other similar preparation, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of respondent's medicinal preparation, which advertisements represent, directly or through inference, that respondent's medicinal preparation is a powerful germicide or a powerful antiseptic, or is other than a mild astringent and a mild antiseptic; that it is unequalled in stopping bleeding or will arrest venous or arterial hemorrhages; that it is a cure for athlete's foot or eczema, or that it has any value in the treatment of such diseases or conditions other than to give relief from the itching and irritation thereof; that it is a splendid iron tonic; that its use will prevent lockjaw or blood poisoning; that it is an effective treatment for indigestion, sour stomach, ptomaine poisoning, rheumatism, or kidney disorders; or that it has any substantial therapeutic value as an internal medicine for the treatment of any disease or condition of the body; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, The N-A Company, Docket 4662, August 14, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of August, A. D. 1942.

In the Matter of Pat V. James, an Individual, Trading as The N-A Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of the respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered That the respondent, Pat V. James, individually and trading as The N-A Company, or trading under any other name, his agents, servants, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of respondent's medicinal preparation now designated variously by the names "N-A No. 7", "Vicine", "Nature's Aid" and "N-A", or any other preparation composed of substantially similar ingredients or possessing substantially similar properties, whether sold under those names or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement (a) by means of the United States mails, or (b) by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement

represents, directly or through inference: That said medicinal preparation is a powerful germicide or a powerful antiseptic, or is other than a mild astringent and a mild antiseptic; that it is unequalled in stopping bleeding or will arrest venous or arterial hemorrhages; that it is a cure for athlete's foot or eczema, or that it has any value in the treatment of such diseases or conditions other than to give relieve from the itching and irritation thereof; that it is a splendid iron tonic; that its use will prevent lockjaw or blood poisoning; that it is an effective treatment for indigestion, sour stomach, ptomaine poisoning, rheumatism, or kidney disorders; or that it has any substantial therapeutic value as an internal medicine for the treatment of any disease or condition of the body.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said medicinal preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

It is further ordered, That the respondent shall within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration

[Docket No. FDC-27]

PART 27—CANNED FRUIT: DEFINITIONS AND STANDARDS OF IDENTITY; QUALITY AND FILL OF CONTAINERS

CANNED FRUIT COCKTAIL

Corrections

The second undesignated paragraph of Finding 34, appearing in the third column of page 6459 of the issue for Tuesday, August 18, 1942, should read as follows:

Upon the basis of the foregoing detailed findings of fact, it is found that the promulgation of the following regulation fixing and establishing a standard of quality for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail, and specifying the manner and form of a label statement of substandard quality, will promote honesty and fair dealing in the interest of consumers; and that it gives consideration to and makes due allowance for the differing characteristics of the several varieties of the fruits present in canned fruit cocktail.

A line is missing in subparagraph (2) § 27.041 (a), appearing in the first column of page 6460. Subparagraph (2) should read as follows:

(2) Not more than 10 percent of the grapes in a container containing ten grapes or more, and not more than one grape in a container containing less than ten grapes, is cracked to the extent of being severed into two parts or is crushed to the extent that their normal shape is destroyed.

Subparagraph (7) of § 27.041 (a), appearing in the first column of page 6460, should read as follows:

(7) If the cherry ingredient is artificially colored, the color of not more than 15 percent of the units thereof in a container containing more than six units, and of not more than one unit in a container containing six units or less, is other than evenly distributed in the unit or other than uniform with the color of the other units of the cherry ingredient.

In the last sentence of the first undesignated paragraph of Finding 7, appearing in the third column of page 6460, the word "are" should read "is".

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1579]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 2.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 2

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions, and other provisions contained in Part 322, Minimum Price Schedule for District No. 2 and supplements thereto.

[Docket No. A–1565]

PART 338—MINIMUM PRICE SCHEDULE, DISTRICT NO. 18

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 18 for the establishment of price classifications and minimum prices for the Snowdrift Mine.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Snowdrift Mine, Mine Index No. 170, of code member Lugarda Peisker for truck shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 338.2 (*Code member price index*) is amended by adding thereto Supplement T–I, and § 338.21 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

Petitioner proposes a minimum price of $2.35 per ton for the coals of the Snowdrift Mine in Size Group 16 (railroad fuel) for shipment by truck, and by a footnote limits the proposed price to apply only to coals 8" x 0 in size. However, no minimum prices have heretofore been established for the coals in Size Group 16, produced from other mines in Subdistrict 4 of District No. 18, for shipment by truck, nor does the original petition in this matter contain facts sufficient to warrant the establishment of the minimum price requested therein for the coals of the Snowdrift Mine in that size group. Accordingly, since no clear showing has been made that the granting of such relief is necessary, no minimum price is established herein for the coals of the Snowdrift Mine in Size Group 16.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 18

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 338, Minimum Price Schedule for District No. 18, and supplements thereto.

The following price classification and minimum prices shall be inserted in Minimum Price Schedule for District No. 18:

§ 338.2 *Code member price index*—Supplement T–I. Insert the following listing in proper alphabetical order:

Producer	Mine	Mine index No.	County	Subdistrict price group	Prices, page	
					Rail	Truck
Peisker, Lugarda	Snowdrift	170	Rio Arriba, N. Mex.	4	----	§ 338.21

§ 338.21 *General prices in cents per net ton for shipment into all market areas*—Supplement T–II. Insert the following code member name, mine name and county under Sub-District No. 4, in proper order, and the following prices for transportation via truck:

Code member—mine name	County	Size groups			
		1	2	11	15
SUBDISTRICT NO. 4					
Peisker, Lugarda—Snowdrift	Rio Arriba, N. Mex.	450	400	160	250

[F. R. Doc. 42–8125; Filed, August 20, 1942; 11:52 a. m.]

[Docket No. A–1588]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of Leevale No. 2 Mine (Mine Index No. 291).

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of Leevale No. 2 Mine (Mine Index No. 291); and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck is supplemented by adding thereto price classification "E" for Size Group 10, for great lakes cargo only, for the Leevale No. 2 Mine (Mine Index No. 291), of Leevale Collieries, Inc., Subdistrict 4, Powelton Seam, Freight Origin Group No. 123.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 20, 1942.

[Conservation Order M–208]

PART 3049—SOFTWOOD LUMBER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of softwood lumber for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3049.1 *Conservation Order M–208*—(a) *Definitions.* Wherever used in this order:

(1) "Softwood lumber" means any sawed lumber (except shingles or lath) of any size or grade, whether rough, dressed on one or more sides or edges, dressed and matched, shiplapped, worked to pattern, or grooved for splines, or any species of softwood, but not including plywood, veneer or used lumber.

(2) "Class 1 orders" means purchase orders or contracts for softwood lumber to which preference ratings of AAA, AA–1 or AA–2 have been or may hereafter be assigned.

(3) "Class 2 orders" means purchase orders or contracts for softwood lumber to which preference ratings of AA–2x or lower, but higher than A–1–a, have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List A attached to this order, unless such orders bear preference ratings higher than AA–2x).

(4) "Class 3 orders" means purchase orders or contracts for softwood lumber to which preference ratings A–1–a or lower but not lower than A–1–k have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List B attached to this order, unless such orders bear preference ratings higher than A–1–a).

(5) "Class 4 orders" means purchase orders or contracts for softwood lumber to which preference ratings lower than A–1–k have been or may hereafter be assigned (including purchase orders or contracts for softwood lumber for the uses listed on List C attached to this order, unless such orders bear preference ratings higher than A–2).

(b) *Assignment of ratings for particular uses of lumber.* (1) The following preference ratings are hereby assigned to deliveries of softwood lumber to which no higher preference ratings are specifically applied or extended:

(i) AA–2x for the uses specified in List A attached to this order.

(ii) A–1–a for the uses specified in List B attached to this order.

(iii) A–2 for the uses specified in List C attached to this order.

(2) The ratings assigned in subparagraph (1) of this paragraph (b) may be applied by the person requiring delivery of lumber for the uses specified by endorsement of purchase orders in the manner prescribed by Priorities Regulation No. 3 [1] and Priorities Regulation No. 12,[2] and the ratings may be extended by any person receiving such an endorsed purchase order in the manner and to the extent permitted by those regulations: *Provided, however,* That any other rating assigned to any delivery of softwood lumber by any preference rating order or certificate may be applied or extended in accordance with the provisions of Priorities Regulation No. 3 and Priorities Regulation No. 12 in lieu of the rating assigned in subparagraph (1) of this paragraph (b).

(3) The assignment of a preference rating in subparagraph (1) of this paragraph (b) shall not constitute authorization to begin construction under Conservation Order No. L–41, and shall not authorize the use or delivery of any material, or the application or extension of any preference rating in violation of the provisions of any conservation, limitation or other order or regulation heretofore or hereafter issued by the Director of Priorities, the Office of Production Management, or by the Director of Industry Operations or the Director General for Operations of the War Production Board.

(c) *Ratings applicable to softwood lumber.* On and after August 27, 1942, all orders bearing any rating falling within Class 1, Class 2, Class 3 or Class 4 shall be deemed to bear the highest rating included within the particular class, and shall be so treated for all purposes, including the acceptance of rated orders and the sequence of deliveries and extension of preference ratings thereunder, without any further action on the part of the person placing the order.

(d) *Restrictions on rerating.* On and after September 1, 1942, no force or effect shall be given to any revision in or rerating of a preference rating applied or extended to any purchase order or contract for softwood lumber except as specifically directed by the Director General for Operations: *Provided, however,* That with respect to purchase orders or contracts for softwood lumber to which ratings were assigned prior to September 1, 1942, such orders may be rerated prior to September 17, 1942, subject to the provisions of Priorities Regulation No. 12.

(e) *Restrictions on delivery of softwood lumber.* (1) No person shall accept delivery of softwood lumber for ultimate consumption, unless the lumber is required for use within 60 days after receipt, except that in the case of green lumber needing seasoning the period shall be enlarged to 120 days.

(2) No person shall accept delivery of any item of softwood lumber when his inventory is, or will be immediately after acceptance of such delivery, in excess of a 60 days' supply thereof.

(3) The foregoing restrictions apply to all orders for softwood lumber, including orders bearing preference ratings.

(f) *Restrictions on use of softwood lumber.* (1) On and after August 27, 1942, notwithstanding the terms of any contract or purchase order, and notwithstanding the fact that such an order may bear a preference rating, no person shall, except as specifically authorized by the Director General for Operations on Form PD–423, use, or purchase, order or accept delivery of (i) Southern pine, Douglas fir or Western larch sold as meeting specifications of 1800 or 2000 lbs. fiber stress per square inch, or 1300 or 1400 lbs. compression stress, except on Class 1 orders.

(ii) Southern pine, Douglas fir or Western larch sold as meeting specifications of 1200, 1400 or 1600 lbs. fiber stress per square inch, or 1000, 1100 or 1200 lbs. compression stress, except on Class 1 or Class 2 orders;

(iii) Southern pine, Douglas fir, West Coast hemlock, noble fir or Sitka spruce, of grades No. 1, No. 2 or any higher common grade (not including clears, selects, finish, shop or factory, and not including D or better flooring, ceiling, drop siding or partition in Southern pine), except on Class 1, Class 2 or Class 3 orders;

(iv) Idaho white pine, Northern white pine, Eastern white pine, Norway pine, Ponderosa pine, sugar pine, Lodgepole pine, Jack pine, white fir, tamarack, Eastern spruce, Engelmann spruce or Western white spruce, of Grades No. 2 or No. 3 common, except on Class 1, Class 2 or Class 3 orders.

(2) Notwithstanding the provisions of this paragraph (b), softwood lumber in transit on August 27, 1942, may be delivered to its immediate destination, and any person having softwood lumber in inventory on August 27, 1942, or who receives softwood lumber which is in transit on that date, may use it without regard to the restrictions of this paragraph (f).

(g) *Further restrictions on delivery.* No person shall sell, deliver, or cause to be delivered any item of softwood lumber which he knows or has reason to believe will be received or used in violation of the provisions of paragraph (e) or paragraph (f) of this order.

(h) *Extension of preference ratings to softwood logs.* On and after August 27, 1942, no preference rating shall have any force or effect with respect to deliveries of softwood logs (whether to be used for lumber or any other purpose.)

(i) *Allocations.* The Director General for Operations may allocate specific quantities of softwood lumber to specific persons. He may also direct the specific manner and quantities in which delivery shall be made to particular persons, and direct or prohibit particular uses of softwood lumber, or the production by any person of particular items of softwood lumber. Such allocations and directions will be made to insure the satisfaction of war requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director General for Operations, without regard to any preference ratings assigned to particular purchase orders or contracts. The Director General for Operations may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war and essential civilian requirements.

(j) *Applicability of priorities regulations.* All transactions affected by this order are subject to the provisions of Priorities Regulation No. 1 [3] (Part 944), Priorities Regulation No. 3 [4] (§ 944.23) and all other applicable priorities regulations except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(k) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal by addressing a letter to the Chief of the Lumber and Lumber Products Branch, War Production Board, Washington, D. C.

(l) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false informatiton to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment or both. In addition, the Director General for Operations may prohibit such person from making or obtaining further deliveries of, or from processing or using, material under priority control, may withhold from such person priorities assistance, and may take such other action as he deems appropriate.

(m) *Communications.* All communications concerning this order shall be addressed as follows: Lumber and Lumber Products Branch, War Production Board, Washington, D. C., Ref: M–208.

(n) *Limitation Order L–121.* [5] Effective August 27, 1942, the provisions of Limitation Order L–121, and authorizations granted thereunder shall have no force or effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 21st day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

List A of Order M–208

Purchase orders for the following uses are hereby assigned a rating of AA–2x, unless a higher rating is applied or extended thereto under a preference rating order or certificate:

(1) Construction of:

(i) manufacturing plants rated under Preference Rating Orders P–19, P–19–a, P–19–h, and P–19–i, or Preference Rating Certificates PD–3 and PD–3A.

(2) Maintenance or repair of:

(i) Any building, structure or project owned or operated by the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company; or any Lend-Lease Government.

(3) Boxing, crating, packing or stowing for shipment of material ordered for delivery (or ordered for incorporation into materials ordered for delivery), either directly or through intervening persons, to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company or any Lend-Lease Government, the Canadian Government or the Government of any country of the Western Hemisphere.

(4) Delivery, or for incorporation into material which is ordered for delivery (or ordered for incorporation into material ordered for delivery), either directly or through intervening persons, to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company or any Lend-Lease Government.

(5) Replacement in inventory of an equal number of board feet of softwood lumber sold for uses specified in this List A.

List B of Order M–208

Purchase orders for the following uses are hereby assigned a rating of A–1–a, unless a higher rating is applied or extended thereto under a preference rating order or certificate.

(1) Physical incorporation into:

(i) Auto trailers and equipment.

(ii) Agricultural implements, and agricultural machinery, parts, accessories and equipment.

(iii) Caskets or coffins, including rough boxes.

(iv) Communication equipment.

(v) Electrical equipment.

(vi) Industrial machinery, parts, accessories and equipment.

(vii) Livestock and poultry equipment.

(viii) Millwork.

(ix) Motor vehicles, parts, accessories and equipment (including bodies and cabs).

(x) Patterns and flasks.

(xi) Professional and scientific equipment.

(xii) Scientific and measuring instruments; and

(xiii) Tanks and vats.

(2) Construction of:

(i) Defense projects (not included in List A) rated under Preference Rating Order P–14–a, P–14–b, P–19, P–19–a, P–19–e, P–19–h, P–19–i, P–41, P–46 and P–56, or Preference Rating Certificates PD–3 and PD–3A.

(ii) Defense housing rated under Preference Rating Orders P–19–d, P–19–h, P–55 and P–55, amended, and remodeling projects rated under Preference Rating Order P–110.

(iii) Buildings or structures or parts thereof, to replace those destroyed or damaged by fire, flood, earthquake, tornado, act of God, or the public enemy.

(iv) Buildings or structures required for storage of agricultural products produced, by farmers, planters, ranchmen, dairymen, or nut or fruit growers, but not including shelters, barns, pens or sheds for livestock or poultry; and

(v) Buildings, structures or equipment for the efficient and safe operation of facilities directly connected with the discovery, development, depletion, smelting, or refining of mineral deposits, other than gold and silver.

(vi) Railroad rolling stock (including locomotives) and new railroad structures, including bridges, trestles and rights of way.

(vii) Shelters, barns, pens or sheds for livestock and poultry; or agricultural fences or gates; and

(viii) Structures and projects, other than buildings, to be constructed by any governmental unit.

(3) Maintenance and repair of

(i) Railway rolling stock (including locomotives), or railway bridges, trestles, or rights of way.

(ii) Electric, gas, communications, water or sewage facilities, regardless of ownership.

(iii) Hospitals, roads and bridges, dams, wharves, dock and harbor facilities, or airport structures.

(iv) Facilities directly connected with the discovery, development, depletion, smelting or refining of mineral deposits, other than gold and silver.

(v) Farm buildings other than dwellings.

(vi) Any building, structure or project used for the production or processing of material ordered for delivery, either directly or through intervening persons, to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company or any Lend-Lease Government.

(vii) Any building, structure or project used for the production or processing of material which is ordered for incorporation into other material ordered for delivery, either directly or through intervening persons, to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company or any Lend-Lease Government.

(viii) Agricultural implements, and agricultural machinery, parts, accessories and equipment.

(ix) Churches.

(x) Commercial and office buildings.

(xi) Communication equipment.

(xii) Dwellings.

(xiii) Industrial machinery and equipment.

(xiv) Industrial plants.

(xv) Office buildings (including remodeling) to provide accommodations for agencies of the United States Government.

[4] 7 F.R. 4422, 4833, 5404.

[5] 7 F.R. 5307, 6045, 6212.

(xvi) Oil pipe lines.
(xvii) Tanks and vats; and
(xviii) Motor vehicles, parts, accessories and equipment (including bodies and cabs).

(4) Boxing, crating, packing or stowing for shipment of:
(i) Abrasive wheels.
(ii) Alloys and rollings.
(iii) Agricultural implements.
(iv) Asbestos products.
(v) Bicycles.
(vi) Burners and boilers, and accessories.
(vii) Castings and forgings.
(viii) Chemicals.
(ix) Compressed or liquefied gas.
(x) Communication equipment.
(xi) Dairy products other than fresh milk, except those in metal, glass or crockery containers.
(xii) Explosives and ammunition (non-military).
(xiii) Fire extinguishers.
(xiv) Fish.
(xv) Food products machinery.
(xvi) Fresh fruits and vegetables.
(xvii) Fresh meat, meat products and lard.
(xviii) Fresh milk.
(xix) Hardware and paint.
(xx) Industrial machinery and equipment, engines and batteries.
(xxi) Internal combustion engines.
(xxii) Machine tools and accessories.
(xxiii) Metal sheets, rods and tubes.
(xxiv) Medical or surgical supplies.
(xxv) Mechanical power transmission machinery and equipment.
(xxvi) Metal working machinery.
(xxvii) Mining machinery.
(xxviii) Nuts, bolts, nails, screws and spikes.
(xxix) Petroleum products.
(xxx) Pipe and pipe fittings.
(xxxi) Poultry and poultry products, including eggs, shell and dry.
(xxxii) Professional and scientific equipment.
(xxxiii) Pumps and pumping equipment.
(xxxiv) Refractories.
(xxxv) Scientific and measuring instruments.
(xxxvi) Stampings, machine shop products.
(xxxvii) Steam fittings.
(xxxviii) Steam turbines.
(xxxix) Steel springs.
(xxxx) Tin cans and tinware.
(xxxxi) Tractors, construction equipment and motor vehicles, and parts, accessories and equipment; and
(xxxxii) Wire and wire work.

(5) Replacement in inventory of an equal number of board feet of softwood lumber sold for uses specified in this List B.

List C of Order M–208

Purchase orders for the following uses are hereby assigned a rating of A–2, unless a higher rating is applied or extended thereto under a preference rating order or certificate:

(1) Physical incorporation into:
(i) Boots and shoes.
(ii) Conduits, wood pipe.
(iii) Ladders.
(iv) Office and store machines.
(v) Photographic equipment; and
(vi) Refrigerators.

(2) Construction of:
(i) Churches.
(ii) Elevators; and
(iii) School and college buildings, structures or projects.

(3) Maintenance or repair of:
(i) Buildings, structures or projects owned by any Governmental unit; and
(ii) School and college buildings, structures or projects.

(4) Boxing, crating, packing or stowing for shipment of:
(i) Batteries.
(ii) Blowers and fans.
(iii) Books and printing.
(iv) Canned foods (including those in metal, glass or crockery containers).
(v) Cooking, heating appliances.
(vi) Dried and preserved fruits.
(vii) Enameled iron sanitary ware.
(viii) Fabricated structural metals.
(ix) Flat glass.
(x) Household and personal belongings.
(xi) Office and store machines.
(xii) Oil field machinery.
(xiii) Paper and pulp.
(xiv) Paper and pulp mill machinery.
(xv) Printing machinery.
(xvi) Refrigerators.
(xvii) Steam, hot water appliances.
(xviii) Stokers, mechanical.
(xix) Steel doors and windows.
(xx) Vitreous plumbing and enameled products.
(xxi) Tobacco; and
(xxii) Woodworking machinery.

(5) Replacement in inventory of an equal number of board feet of softwood lumber sold for uses specified in this List C

Chapter XI—Office of Price Administration

PART 1316—COTTON TEXTILES

[Amendment 5 to Revised Price Schedule 35 [1]]

CARDED GREY AND COLORED-YARN COTTON GOODS

A statement of the considerations involved in the issuance of this amendment has been prepared and is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 1270, 1836, 2132, 2738, 2795, 3060, 3164, 3447, 3900.

In § 1316.61 (b) (4) a new proviso and a new paragraph are added at the end of footnote 5 in Table III; Table IV and the third paragraph of footnote 1 thereto are amended, and footnote 2 is added thereto; Table V and the second paragraph of footnote 1 thereto are amended, and footnote 2a is added thereto; a new item (xi) is added at the end of Table VI; a new fabric specification and premium are added at the end of paragraph (c) (5); a new subparagraph (7) is added to paragraph (c); as set forth below.

§ 1316.61 *Appendix A: Maximum prices for cotton goods.* • • •

(b) • • •

(4) *Maximum price tables.* • • •

TABLE III—SHEETING YARN GROUP

• • • • •

[5] • • • *Provided*, That maximum prices for deliveries of osnaburgs 42" and over in width against contracts entered into between May 4, and May 29, 1942, both inclusive, shall be determined in accordance with Maximum Price Regulation No. 118 (7 F.R. 3038, 3211, 3522, 3578, 3824, 3905, 4405, 5224, 5405, 5567, 5836, 6005).

For 72" 36 x 22 1.00 basket-weave osnaburg seedbag fabric or for any other Class A or B osnaburg produced at the request of the War Production Board and made on looms normally used for the production of household blanket fabrics, a premium of 1½¢ per pound over the otherwise applicable maximum price may be charged.

TABLE IV—DENIMS[1] (PRICES ARE FOR ALL SHADES AND COLORS)

Type of cloth and yards per pound or ounces per yard	Spot cotton price—Cents per pound
	20.37
Denims:	*Cents per yard* [2]
Mill finish:	
3.50 yards	14.00
3.00 yards	15.75
2.60 yards	17.50
2.45 yards	18.25
2.40 yards	18.25
2.30 yards	19.25

(Pub. Law 421, 77th Cong.)

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–8158; Filed, August 20, 1942; 4:58 p. m.]

PART 1388—DEFENSE-RENTAL AREAS

[Maximum Rent Regulation 45]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas and the portion of the Eastern Massachusetts Defense-Rental Area set out in § 3188.8051 (a) of this Maximum Rent Regulation No. 45, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designations and rent declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 45 is hereby issued.

AUTHORITY: §§ 1388.8051 to 1388.8064, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1388.8051 *Scope of regulation.* (a) This maximum rent regulation applies to all housing accommodations within each of the following Defense-Rental Areas and the following portion of a Defense-Rental Area (each of which is referred to hereinafter in this Maximum Rent Regulation No. 45 as the "Defense-Rental Area"), as designated in the designations and rent declarations (§§ 1388.1201 to 1388.1205 and 1388.1251 to 1388.1255, inclusive) issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, except as provided in paragraph (b) of this section:

(1) The Dothan-Ozark Defense-Rental Area, consisting of the Counties of Dale and Houston, in the State of Alabama.

(2) The El Dorado Defense-Rental Area, consisting of the County of Union, in the State of Arkansas.

(3) The San Bernardino Defense-Rental Area, consisting of the County of San Bernardino, in the State of California.

(4) The Panama City Defense-Rental Area, consisting of the County of Bay, in the State of Florida.

(5) The Pensacola Defense-Rental Area, consisting of the County of Escambia, in the State of Florida.

(6) The Tampa Defense-Rental Area, consisting of the Counties of Hillsborough, Pinellas, and Polk, in the State of Florida.

(7) The Brunswick Defense-Rental Area, consisting of the Counties of Brantley, Camden, Glynn, McIntosh, and Wayne, in the State of Georgia.

(8) The Dixon Defense-Rental Area, consisting of the County of Lee, in the State of Illinois.

(9) The Quad Cities Defense-Rental Area, consisting of the County of Rock Island in the State of Illinois and the County of Scott in the State of Iowa.

(10) The Rantoul Defense-Rental Area, consisting of the County of Champaign, in the State of Illinois.

(11) The Savanna-Clinton Defense-Rental Area, consisting of the County of Carroll in the State of Illinois and the County of Clinton in the State of Iowa.

(12) The Clinton-Newport Defense-Rental Area, consisting of the Counties of Parke and Vermillion, in the State of Indiana, and the Counties of Edgar and Vermilion, in the State of Illinois.

(13) The Columbus, Indiana Defense-Rental Area, consisting of the Counties of Bartholomew, Brown, Johnson, Morgan, and Shelby, in the State of Indiana.

(14) The Evansville-Henderson Defense-Rental Area, consisting of the County of Vanderburgh, in the State of

Indiana, and the County of Henderson, in the State of Kentucky.

(15) The Des Moines Defense-Rental Area, consisting of the County of Polk, in the State of Iowa.

(16) The Baxter Springs Defense-Rental Area, consisting of the Counties of Cherokee and Crawford, in the State of Kansas, and the County of Ottawa, in the State of Oklahoma.

(17) The New Orleans Defense-Rental Area, consisting of the Parishes of Jefferson, Orleans, and St. Bernard, in the State of Louisiana.

(18) The Hagerstown Defense-Rental Area, consisting of the County of Washington, in the State of Maryland.

(19) That portion of the Eastern Massachusetts Defense-Rental Area consisting of the County of Essex, in the State of Massachusetts.

(20) The Worcester Defense-Rental Area, consisting of the County of Worcester, in the State of Massachusetts.

(21) The Jackson, Michigan Defense-Rental Area, consisting of the County of Jackson, in the State of Michigan.

(22) The Sault Ste. Marie Defense-Rental Area, consisting of the County of Chippewa, in the State of Michigan.

(23) The Kansas City Defense-Rental Area, consisting of the Counties of Clay, Jackson, and Platte, in the State of Missouri, and the Counties of Johnson, Leavenworth, and Wyandotte, in the State of Kansas.

(24) The Pike Defense-Rental Area, consisting of the County of Pike, in the State of Missouri, and the County of Pike, in the State of Illinois.

(25) The Elmira Defense-Rental Area, consisting of the Counties of Chemung and Steuben, in the State of New York.

(26) The Utica-Rome Defense-Rental Area, consisting of the Counties of Herkimer, Madison, and Oneida, in the State of New York.

(27) The Marion Defense-Rental Area, consisting of the County of Marion, in the State of Ohio.

(28) The Tulsa Defense-Rental Area, consisting of the Counties of Creek, Osage, and Tulsa, in the State of Oklahoma.

(29) The Allentown-Bethlehem Defense-Rental Area, consisting of the Counties of Lehigh and Northampton, in the State of Pennsylvania, and the County of Warren, in the State of New Jersey.

(30) The Meadville-Titusville Defense-Rental Area, consisting of the Counties of Crawford and Venango, in the State of Pennsylvania.

(31) The Chattanooga Defense-Rental Area, consisting of the Counties of Bradley, Hamilton, and Marion, in the State of Tennessee, and the Counties of Catoosa, Dade, and Walker, in the State of Georgia.

(32) The Clarksville Defense-Rental Area, consisting of the Counties of Montgomery and Stewart in the State of Tennessee and the Counties of Christian, Todd, and Trigg, in the State of Kentucky.

(33) The Paris, Tennessee Defense-Rental Area, consisting of the County of Henry, in the State of Tennessee.

(34) The Dumas-Sunray Defense-Rental Area, consisting of the Counties of Dallam, Hansford, Hartley, Moore, and Sherman, in the State of Texas.

(35) The Point Pleasant-Gallipolis Defense-Rental Area, consisting of the Counties of Jackson and Mason, in the State of West Virginia, and the Counties of Gallia and Meigs, in the State of Ohio.

(36) The Madison, Wisconsin Defense-Rental Area, consisting of the Counties of Columbia, Dane, and Sauk, in the State of Wisconsin.

(37) The Manitowoc Defense-Rental Area, consisting of the County of Manitowoc, in the State of Wisconsin.

(38) The Sturgeon Bay Defense-Rental Area, consisting of the County of Door, in the State of Wisconsin.

(b) This Maximum Rent Regulation No. 45 does not apply to the following:

(1) Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon;

(2) Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part;

(3) Rooms or other housing accommodations within hotels or rooming houses, or housing accommodations which have been, with the consent of the Administrator, brought under the control of the maximum rent regulation for hotels and rooming houses pursuant to the provisions of that regulation: *Provided*, That this maximum rent regulation does apply to entire structures or premises though used as hotels or rooming houses.

(c) The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this maximum rent regulation.

(d) An agreement by the tenant to waive the benefit of any provision of this maximum rent regulation is void. A tenant shall not be entitled by reason of this maximum rent regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of this maximum rent regulation.

§ 1388.8052 *Prohibition against higher than maximum rents.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of this Maximum Rent Regulation No. 45 of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by this maximum rent regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this maximum rent regulation may be demanded or received.

§ 1388.8053 *Minimum services.* The maximum rents provided by this Maximum Rent Regulation No. 45 are for housing accommodations including, as a minimum, services of the same type, quantity, and quality as those provided on the date determining the maximum rent. If, on the effective date of this maximum rent regulation, the services provided for housing accommodations are less than such minimum services the landlord shall either restore and maintain the minimum services or, within 30 days after such effective date, file a petition pursuant to §1388.8055 (b) for approval of the decreased services. In all other cases, except as provided in § 1388.8055 (b), the landlord shall provide the minimum services unless and until an order is entered pursuant to that section approving a decrease of such services.

§ 1388.8054 *Maximum rents.* Maximum rents (unless and until changed by the Administrator as provided in § 1388.8055) shall be: (a) For housing accommodations rented on March 1, 1942, the rent for such accommodations on that date.

(b) For housing accommodations not rented on March 1, 1942, but rented at any time during the two months ending on that date, the last rent for such accommodations during that two month period.

(c) For housing accommodations not rented on March 1, 1942 nor during the two months ending on that date, but rented prior to the effective date of this Maximum Rent Regulation No. 45, the first rent for such accommodations after March 1, 1942. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(d) For (1) newly constructed housing accommodations without priority rating first rented after March 1, 1942 and before the effective date of this maximum rent regulation, or (2) housing accommodations changed between those dates so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations changed between those dates from unfurnished to fully furnished, or from fully furnished to unfurnished, or (4) housing accommodations substantially changed between those dates by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, the first rent for such accommodations after such construction or change: *Provided, however*, That, where such first rent was fixed by a lease which was in force at the time of a major capital improvement, the maximum rent shall be the first rent after termination of such lease. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(e) For (1) newly constructed housing accommodations without priority rating first rented on or after the effective date of this maximum rent regulation, or (2) housing accommodations changed on or after such effective date so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations not rented at any time between January 1, 1942 and such effective date, the rent fixed by the Administrator. The landlord shall, prior to renting and in time to allow 15 days for action thereon, file a petition requesting the Administrator to enter an order fixing the maximum rent therefor. Such order shall be entered on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942.

If no order is entered on such petition within 15 days after filing, the landlord may rent such accommodations and the first rent therefor shall be the maximum rent. Within 5 days after so renting, the landlord shall report the maximum rent. The Administrator may order a decrease in such maximum rent as provided in § 1388.8055 (c).

(f) For housing accommodations constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof, the rent so approved, but in no event more than the rent on March 1, 1942 or, if the accommodations were not rented on that date, more than the first rent after that date.

(g) For housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942, as determined by the owner of such accommodations: *Provided, however*, That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in § 1388.8055 (c).

(h) For housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established on the effective date of this maximum rent regulation by such rent schedule. The Administrator may order an increase in such rents, if he finds that such increase is not inconsistent with the purposes of the Act or this Maximum Rent Regulation.

§ 1388.8055 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on March 1, 1942 the difference in the rental value of the housing accommodations by reason of such change. In all other cases, except those under paragraphs (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942. In cases under paragraphs (a) (7) and (c) (6) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on March 1, 1942.

(a) Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) There has been on or after the effective date of this Maximum Rent Regulation No. 45 a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) There was, prior to March 1, 1942 and within the six months ending on that date, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent on March 1, 1942, was fixed by a lease which was in force at the time of such change.

(3) There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) There was in force on March 1, 1942 a written lease, which had been in force for more than one year on that date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the housing accommodations were not rented on March 1, 1942, but were rented during the two months ending on that date, and the last rent for such accommodations during that two-month period was fixed by a written lease, which was in force more than one year prior to March 1, 1942, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(6) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) The rent on the date determining the maximum rent was substantially lower than at other times of year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) If, on the effective date of this Maximum Rent Regulation No. 45, the services provided for housing accommodations are less than those provided on the date determining the maximum rent, the landlord shall either restore the services to those provided on the date determining the maximum rent and maintain such services or, within 30 days after such effective date file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(c) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for housing accommodations under paragraphs (c), (d), or (g) of § 1388.8054 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the maximum rent for housing accommodations under paragraph (e) of § 1388.8054 for which the rent was not fixed by the Administrator is higher than such generally prevailing rent.

(2) There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings of equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) The rent on the date determining the maximum rent was substantially

(c) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for housing accommodations under paragraphs (c), (d), or (g) of § 1388.8054 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the maximum rent for housing accommodations under paragraph (e) of § 1388.8054 for which the rent was not fixed by the Administrator is higher than such generally prevailing rent.

(2) There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings of equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) The rent on the date determining the maximum rent was substantially lower than at other times of year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If, on the effective date of this Maximum Rent Regulation No. 45, the services provided for housing accommodations are less than those provided on the date determining the maximum rent, the landlord shall either restore the services to those provided on the date determining the maximum rent and maintain such services or, within 30 days after such effective date file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(e) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for housing accommodations under paragraphs (c), (d), or (g) of § 1388.8054 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the maximum rent for housing accommodations under paragraph (e) of § 1388.8054 for which the rent was not fixed by the Administrator is higher than such generally prevailing rent.

(2) There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings of equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) The rent on the date determining the maximum rent was substantially

higher than at other times of the year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of this maximum rent regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(e) Where, at the expiration or other termination of an underlying lease or other rental agreement, housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the landlord may rent the entire premises for use by similar occupancy for a rent not in excess of the aggregate maximum rents of the separate dwelling units, or may rent the separate dwelling units for rents not in excess of the maximum rents applicable to such units.

Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the tenant may petition the Administrator for leave to exercise any right he would have except for this maximum rent regulation to sell his underlying lease or other rental agreement. The Administrator may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result, in the circumvention or evasion of the Act or this maximum rent regulation. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

§ 1388.8056 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, unless:

(1) The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this Maximum Rent Regulation No. 45; or

(2) The tenant has unreasonably refused the landlord access to the housing accommodations for the purpose of inspection or of showing the accommodations to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the accommodations is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the housing accommodations for an immoral or illegal purpose; or

(4) The tenant's lease or other rental agreement has expired or otherwise terminated, and at the time of termination the housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons who occupied under a rental agreement with the tenant; or

(5) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the housing accommodations or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(6) The landlord seeks in good faith to recover possession of the housing accommodations for immediate use and occupancy as a dwelling by himself, his family or dependents; or he has in good faith contracted in writing to sell the accommodations for immediate use and occupancy by a purchaser, who in good faith has represented in writing that he will use the accommodations as a dwelling for himself, his family or dependents; or the landlord seeks in good faith not to offer the housing accommodations for rent. If a tenant has been removed or evicted under this paragraph (a) (6) from housing accommodations, such accommodations shall not be rented for a period of six months after such removal or eviction without permission of the Administrator. The landlord may petition the Administrator for permission to rent the accommodations during such six month period, and the Administrator shall grant such permission if he finds that the action was in good faith and not for the purpose of evading any provision of the Act or this maximum rent regulation.

(b) No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this maximum rent regulation and would not be likely to result in the circumvention or evasion thereof.

(c) The provisions of this section do not apply to a subtenant or other person who occupied under a rental agreement with the tenant, where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is is a tenancy relationship between the landlord and the subtenant or other such occupant.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(d) At the time of commencing any action to remove or evict a tenant (except an action based on nonpayment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(e) No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

§ 1388.8057 *Registration.* Within 45 days after the effective date of this Maximum Rent Regulation No. 45, or within 30 days after the property is first rented, whichever date is the later, every landlord of housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor to be known as a registration statement. The statement shall identify each dwelling unit and specify the maximum rent provided by this maximum rent regulation for such dwelling unit and shall contain such other information as the Administrator shall require. The original shall remain on file with the Administrator and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement, and shall obtain the tenant's signature and the date thereof on the back of such statement. Within five days after renting to a new tenant, the landlord shall file a notice on the form provided therefor, on which he shall obtain the tenant's signature, stating that there has been a change in tenancy, that the stamped copy of the registration statement has been exhibited to the new tenant and that the rent for such accommodations is in conformity therewith.

No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

When the maximum rent is changed by order of the Administrator the landlord shall deliver his stamped copy of the registration statement to the Area Rent Office for appropriate action reflecting such change.

The foregoing provisions of this section shall not apply to housing accommodations under § 1388.8054 (g). The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the Defense-Rental Area and containing such other information as the Administrator shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 1388.8058 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Administrator as he may, from time to time, require.

§ 1388.8059 *Evasion.* The maximum rents and other requirements provided in this Maximum Rent Regulation No. 45 shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with housing accommodations, or otherwise.

§ 1388.8060 *Enforcement.* Persons violating any provision of this Maximum Rent Regulation No. 45 are subject to criminal penalties, civil enforcement actions and suits for treble damages as provided for by the Act.

§ 1388.8061 *Procedure.* All registration statements, reports and notices provided for by this Maximum Rent Regulation No. 45 shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.8062 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this Maximum Rent Regulation No. 45 may file petitions therefor in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.8063 *Definitions.* (a) When used in this Maximum Rent Regulation No. 45:

(1) The term "Act" means the Emergency Price Control Act of 1942.

(2) The term "Administrator" means the Price Administrator of the Office of Price Administration, or the Rent Director or such other person or persons as the Administrator may appoint or designate to carry out any of the duties delegated to him by the Act.

(3) The term "Rent Director" means the person designated by the Administrator as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Administrator.

(4) The term "area rent office" means the office of the Rent Director in the Defense-Rental Area.

(5) The term "person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(6) The term "housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

(7) The term "services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

(8) The term "landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations, or an agent of any of the foregoing.

(9) The term "tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

(10) The term "rent" means the consideration, including any bonus, benefit, or gratuity, demanded or received for the use or occupancy of housing accommodations or for the transfer of a lease of such accommodations.

(11) The term "hotel" means any establishment generally recognized as such in its community, containing more than 50 rooms and used predominantly for transient occupancy.

(12) The term "rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel in which a furnished room or rooms not constituting an apartment are rented on a short time basis of daily, weekly, or monthly occupancy to more than two paying tenants not members of the landlord's immediate family. The term includes boarding houses, dormitories, auto camps, trailers, residence clubs, tourist homes or cabins, and all other establishments of a similar nature.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this maximum rent regulation.

§ 1388.8064 *Effective date of the regulation.* This Maximum Rent Regulation No. 45 (§§ 1388.8051 to 1388.8064, inclusive) shall become effective September 1, 1942.

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8155; Filed, August 20, 1942; 4:53 p. m.]

PART 1388—DEFENSE RENTAL AREAS

[Maximum Rent Regulation 46A]

HOTELS AND ROOMING HOUSES

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas and the portion of the Eastern Massachusetts Defense-Rental Area set out in § 1388.9001 (a) of this Maximum Rent Regulation No. 46A, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designations and rent declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense-Rental Area and the said portion of the Eastern Massachusetts Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for rooms in hotels and rooming houses within each such Defense-Rental Area and the said portion of the Eastern Massachusetts

Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 46A is hereby issued.

AUTHORITY: §§ 1388.9001 to 1388.9014, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1388.9001 *Scope of regulation.* (a) This Maximum Rent Regulation No. 46A applies to all rooms in hotels and rooming houses within each of the following Defense-Rental Areas and the following portion of a Defense-Rental Area (each of which is referred to hereinafter in this maximum rent regulation as the "Defense-Rental Area"), as designated in the designations and rent declarations (§§ 1388.1201 to 1388.1205 and 1388.1251 to 1388.1255, inclusive) issued by the Administrator on April 28, 1942, as amended May 22, 1942, May 30, 1942, August 1, 1942, and August 12, 1942, and on May 26, 1942, except as provided in paragraph (b) of this section:

(1) The Dothan-Ozark Defense-Rental Area, consisting of the Counties of Dale and Houston, in the State of Alabama.

(2) The El Dorado Defense-Rental Area, consisting of the County of Union, in the State of Arkansas.

(3) The San Bernardino Defense-Rental Area, consisting of the County of San Bernardino, in the State of California.

(4) The Panama City Defense-Rental Area, consisting of the County of Bay, in the State of Florida.

(5) The Pensacola Defense-Rental Area, consisting of the County of Escambia, in the State of Florida.

(6) The Tampa Defense-Rental Area, consisting of the Counties of Hillsborough, Pinellas, and Polk, in the State of Florida.

(7) The Brunswick Defense-Rental Area, consisting of the Counties of Brantley, Camden, Glynn, McIntosh, and Wayne, in the State of Georgia.

(8) The Dixon Defense-Rental Area, consisting of the County of Lee, in the State of Illinois.

(9) The Quad Cities Defense-Rental Area, consisting of the County of Rock Island in the State of Illinois, and the County of Scott, in the State of Iowa.

(10) The Rantoul Defense-Rental Area, consisting of the County of Champaign, in the State of Illinois.

(11) The Savanna-Clinton Defense-Rental Area, consisting of the County of Carroll, in the State of Illinois, and the County of Clinton, in the State of Iowa.

(12) The Clinton-Newport Defense-Rental Area, consisting of the Counties of Parke and Vermillion, in the State of Indiana, and the Counties of Edgar and Vermilion, in the State of Illinois.

(13) The Columbus, Indiana Defense-Rental Area, consisting of the Counties of Bartholomew, Brown, Johnson, Morgan, and Shelby, in the State of Indiana.

(14) The Evansville-Henderson Defense-Rental Area, consisting of the County of Vanderburgh, in the State of Indiana, and the County of Henderson, in the State of Kentucky.

(15) The Des Moines Defense-Rental Area, consisting of the County of Polk, in the State of Iowa.

(16) The Baxter Springs Defense-Rental Area, consisting of the Counties of Cherokee and Crawford, in the State of Kansas, and the County of Ottawa, in the State of Oklahoma.

(17) The New Orleans Defense-Rental Area, consisting of the Parishes of Jefferson, Orleans, and St. Bernard, in the State of Louisiana.

(18) The Hagerstown Defense-Rental Area, consisting of the County of Washington, in the State of Maryland.

(19) That portion of the Eastern Massachusetts Defense-Rental Area consisting of the County of Essex, in the State of Massachusetts.

(20) The Worcester Defense-Rental Area, consisting of the County of Worcester, in the State of Massachusetts.

(21) The Jackson, Michigan Defense-Rental Area, consisting of the County of Jackson, in the State of Michigan.

(22) The Sault Ste. Marie Defense-Rental Area, consisting of the County of Chippewa, in the State of Michigan.

(23) The Kansas City Defense-Rental Area, consisting of the Counties of Clay, Jackson, and Platte, in the State of Missouri, and the Counties of Johnson, Leavenworth, and Wyandotte, in the State of Kansas.

(24) The Pike Defense-Rental Area, consisting of the County of Pike, in the State of Missouri, and the County of Pike, in the State of Illinois.

(25) The Elmira Defense-Rental Area, consisting of the Counties of Chemung and Steuben, in the State of New York.

(26) The Utica-Rome Defense-Rental Area, consisting of the Counties of Herkimer, Madison, and Oneida, in the State of New York.

(27) The Marion Defense-Rental Area, consisting of the County of Marion, in the State of Ohio.

(28) The Tulsa Defense-Rental Area, consisting of the Counties of Creek, Osage, and Tulsa, in the State of Oklahoma.

(29) The Allentown-Bethlehem Defense-Rental Area, consisting of the Counties of Lehigh and Northampton, in the State of Pennsylvania, and the County of Warren, in the State of New Jersey.

(30) The Meadville-Titusville Defense-Rental Area, consisting of the Counties of Crawford and Venango, in the State of Pennsylvania.

(31) The Chattanooga Defense-Rental Area, consisting of the Counties of Bradley, Hamilton, and Marion, in the State of Tennessee, and the Counties of Catoosa, Dade, and Walker, in the State of Georgia.

(32) The Clarksville Defense-Rental Area, consisting of the Counties of Montgomery and Stewart, in the State of Tennessee and the Counties of Christian, Todd, and Trigg, in the State of Kentucky.

(33) The Paris, Tennessee Defense-Rental Area, consisting of the County of Henry, in the State of Tennessee.

(34) The Dumas-Sunray Defense-Rental Area, consisting of the Counties of Dallam, Hansford, Hartley, Moore, and Sherman, in the State of Texas.

(35) The Point Pleasant-Gallipolis Defense-Rental Area, consisting of the Counties of Jackson and Mason, in the State of West Virginia, and the Counties of Gallia and Meigs, in the State of Ohio.

(36) The Madison, Wisconsin Defense-Rental Area, consisting of the Counties of Columbia, Dane, and Sauk, in the State of Wisconsin.

(37) The Manitowoc Defense-Rental Area, consisting of the County of Manitowoc, in the State of Wisconsin.

(38) The Sturgeon Bay Defense-Rental Area, consisting of the County of Door, in the State of Wisconsin.

(b) This Maximum Rent Regulation No. 46A does not apply to the following:

(1) Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon;

(2) Rooms occupied by domestic servants, caretakers, managers, or other employees to whom the rooms are provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the rooms are a part;

(3) Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes;

(4) Entire structures or premises used as hotels or rooming houses, as distinguished from the rooms within such hotels or rooming houses.

(c) The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this maximum rent regulation.

(d) An agreement by the tenant to waive the benefit of any provision of this maximum rent regulation is void. A tenant shall not be entitled by reason of this maximum rent regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of this maximum rent regulation.

(e) Where a building or establishment which does not come within the definitions of a hotel or rooming house contains one or more furnished rooms or other furnished housing accommodations rented on a daily, weekly or monthly basis, the landlord may, with the consent of the Administrator, elect to bring all housing accommodations within such building or establishment under the control of this maximum rent regulation. A landlord who so elects shall file a registration statement under this maximum rent regulation for all such housing accommodations, accompanied by a written request to the Administrator to consent to such election.

If the Administrator finds that the provisions of this maximum rent regulation establishing maximum rents are better adapted to the rental practices for such building or establishment than the provisions of the maximum rent regulation for housing accommodations other than hotels and rooming houses, he shall consent to the landlord's election. Upon such consent, all housing accommodations within such building or establishment which are or hereafter may be rented or offered for rent shall become subject to the provisions of this maximum rent regulation, and shall be considered rooms within a rooming house for the purposes of the provisions relating to eviction.

The landlord may at any time, with the consent of the Administrator, revoke his election, and thereby bring under the control of the maximum rent regulation for housing accommodations other than hotels and rooming houses all housing accommodations previously brought under this maximum rent regulation by such election. He shall make such revocation by filing a registration statement or statements under the maximum rent regulation for housing accommodations other than hotels and rooming houses, including in such registration statement or statements all housing accommodations brought under this maximum rent regulation by such election. Such registration statement or statements shall be accompanied by a written request to the Administrator to consent to such revocation. The Administrator may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Administrator finds that the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the maximum rent regulation for housing accommodations other than hotels and rooming houses.

§ 1388.9002 *Prohibitions.* (a) Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of this Maximum Rent Regulation No. 46A of any room in a hotel or rooming house within the Defense-Rental Area higher than the maximum rents provided by this maximum rent regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this maximum rent regulation may be demanded or received.

(b) No tenant shall be required to change his term of occupancy if that will result in the payment of a higher amount per day than the maximum rent established for his present term of occupancy. Where, on June 15, 1942, or between that date and the effective date of this maximum rent regulation, a room was regularly rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for rent for that term of occupancy, unless he offers another term of occupancy for a rent which results in the payment of an amount no higher per day.

§ 1388.9003 *Minimum services.* The maximum rents provided by this Maximum Rent Regulation No. 46A are for rooms including, as a minimum, services of the same type, quantity, and quality as those provided on the date or during the thirty-day period determining the maximum rent. If, on the effective date of this maximum rent regulation, the services provided for rooms are less than such minimum services, the landlord shall either restore and maintain the minimum services, or within 30 days after such effective date, file a petition pursuant to § 1388.9005 (b) for approval of the decreased services. In all other cases, except as provided in § 1388.9005 (b), the landlord shall provide the minimum services unless and until an order is entered pursuant to that section approving a decrease of such services.

§ 1388.9004 *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a hotel or rooming house (unless and until changed by the Administrator as provided in § 1388.9005) shall be:

(a) For a room rented or regularly offered for rent during the thirty days ending on March 1, 1942, the highest rent for each term or number of occupants for which the room was rented during that thirty-day period, or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(b) For a room neither rented nor regularly offered for rent during the thirty days ending on March 1, 1942, the highest rent for each term or number of occupants for which the room was rented during the thirty days commencing when it was first offered for rent after March 1, 1942; or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(c) For a room rented for a particular term or number of occupants for which no maximum rent is established under paragraphs (a) or (b) of this section the first rent for the room after March 1, 1942 for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same hotel or rooming house.

(d) For a room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942, as determined by the owner of such rooms; *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in § 1388.9005 (c) (1).

(e) For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Administrator at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two. No landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on June 15, 1942.

(f) For a room rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established on the effective date of this maximum rent regulation by such rent schedule. The Administrator may order an increase in such rents if he finds that such increase is not inconsistent with the purposes of the Act or this Maximum Rent Regulation.

§ 1388.9005 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. Except in cases under paragraphs (a) (7) and (c) (4) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on March 1, 1942, the difference in the rental value of the accommodations by reason of such improvement or increase. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942. In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable rooms during the year ending on March 1, 1942.

(a) Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) There has been, since the thirty-day period or the order determining the maximum rent for the room, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) There was, on or prior to March 1, 1942 and within the six months ending on that date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent during the thirty-day period ending on March 1, 1942 was fixed by a lease which was in force at the time of such change.

(3) There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the thirty-day period or the order determining its maximum rent.

(4) The rent during the thirty-day period determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant, or by an allowance or discount to a tenant of a class of persons to whom the landlord regularly offered such an allowance or discount, and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(5) There was in force on March 1, 1942 a written lease, which had been in force more than one year on that date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(6) The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) The rent during the thirty-day period determining the maximum rent for the room was substantially lower than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) If, on the effective date of this maximum rent regulation, the services provided for a room are less than those provided on the date or during the thirty-day period determining the maximum rent, the landlord shall either restore the services to those provided on the date or during the thirty-day period determining the maximum rent and maintain such services or, within 30 days after such effective date, file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(c) The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for the room is higher than the rent generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

(2) There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings or equipment provided with the room since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent for the room was substantially higher than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of this Maximum Rent Regulation No. 46A, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable rooms on March 1, 1942.

§ 1388.9006 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant of a room within a hotel or rooming house shall be removed from such room, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, unless:

(1) The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this maximum rent regulation; or

(2) The tenant has unreasonably refused the landlord access to the room for the purpose of inspection or of showing the room to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein; *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the room is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the room for an immoral or illegal purpose; or

(4) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the room or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(5) The landlord seeks in good faith not to offer the room for rent. If a tenant has been removed or evicted from a room under this paragraph (a) (5), such room shall not be rented for a period of six months after such removal or eviction without permission of the Administrator. The landlord may petition the Administrator for permission to rent the room during such six month period, and the Administrator shall grant such permission if he finds that the action was in good faith and not for the purpose of evading any provision of the Act or this maximum rent regulation.

(b) No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this Maximum Rent Regulation No. 46A and would not be likely to result in the circumvention or evasion thereof.

(c) At the time of commencing any action to remove or evict a tenant (except an action based on non-payment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(d) The provisions of this section do not apply to:

(1) A subtenant or other person who occupied under a rental agreement with the tenant where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant; or

(2) A tenant occupying a room within a hotel on a daily or weekly basis; or a tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis.

(3) Rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

§ 1388.9007 *Registration.* (a) Within 45 days after the effective date of this Maximum Rent Regulation No. 46A, every landlord of a room rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Administrator shall require, to be known as a registration statement. Any maximum rent established after the effective date of this maximum rent regulation under paragraphs (b) or (c) of § 1388.9004 shall be reported either on the first registration statement or on a statement filed within 5 days after such rent is established.

(b) Every landlord shall conspicuously display in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Administrator the landlord shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms under § 1388.9004 (d). The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 1388.9008 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Administrator as he may, from time to time require.

§ 1388.9009 *Evasion.* The maximum rents and other requirements provided in this Maximum Rent Regulation No. 46A shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of a room, by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or otherwise.

§ 1388.9010 *Enforcement.* Persons violating any provision of this Maximum Rent Regulation No. 46A are subject to criminal penalties, civil enforcement actions and suits for treble damages as provided for by the Act.

§ 1388.9011 *Procedure.* All registration statements, reports and notices provided for by this Maximum Rent Regulation No. 46A shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.9012 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this Maximum Rent Regulation No. 46A may file petitions therefor in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.9013 *Definitions.* (a) When used in this Maximum Rent Regulation No. 46A:

(1) The term "Act" means the Emergency Price Control Act of 1942.

(2) The term "Administrator" means the Price Administrator of the Office of Price Administration, or the Rent Director or such other person or persons as the Administrator may appoint or designate to carry out any of the duties delegated to him by the Act.

(3) The term "Rent Director" means the person designated by the Administrator as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Administrator.

(4) The "area rent office" means the office of the Rent Director in the Defense-Rental Area.

(5) The term "person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(6) The term "housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes (including houses, apartments, hotels, rooming or boarding house accommodations, and other properties used for living or dwelling purposes), together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

(7) The term "room" means a room or group of rooms rented or offered for rent as a unit in a hotel or rooming house. The term includes ground rented as space for a trailer.

(8) The term "services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of a room.

(9) The term "landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any room, or an agent of any of the foregoing.

(10) The term "tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any room.

(11) The term "rent" means the consideration, including any bonus, benefit, or gratuity demanded or received for the use or occupancy of a room or for the transfer of a lease of such room.

(12) The term "term of occupancy" means occupancy on a daily, weekly or monthly basis.

(13) The term "hotel" means any establishment generally recognized as such in its community, containing more than 50 rooms and used predominantly for transient occupancy.

(14) The term "rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel in which a furnished room or rooms not constituting an apartment are rented on a short time basis of daily, weekly, or monthly occupancy to more than two paying tenants not members of the landlord's immediate family. The term includes boarding houses, dormitories, auto camps, trailers, residence clubs, tourist homes or cabins, and all other establishments of a similar nature.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this maximum rent regulation.

§ 1388.9014 *Effective date of the regulation.* This Maximum Rent Regulation No. 46A (§§ 1388.9001 to 1388.9014, inclusive) shall become effective September 1, 1942.

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8156; Filed, August 20, 1942; 4:53 p. m.]

PART 1389—APPAREL

[Maximum Price Regulation 208]

STAPLE WORK CLOTHING

In the judgment of the Price Administrator it is necessary and proper to establish prices for staple work clothing which differ in some respects from the prices established by the General Maxi-

mum Price Regulation.[1] The prices established by the following regulation, in the judgment of the Price Administrator, are fair and equitable, and will effectuate the purposes of the Emergency Price Control Act of 1942.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the said act, Maximum Price Regulation No. 208 is hereby issued.

Sec.

1389.201 Prohibition against dealing in staple work clothing above maximum prices.
1389.202 Maximum prices for staple work clothing sold at retail.
1389.203 Maximum prices for staple work clothing sold otherwise than at retail.
1389.204 Maximum prices for staple work clothing which cannot be priced under the preceding sections.
1389.205 Less than maximum prices.
1389.206 Evasion.
1389.207 Relation of this regulation to other Maximum Price Regulations.
1389.208 Transfers of business or stock in trade.
1389.209 Federal and State taxes.
1389.210 Information required of sellers other than at retail.
1389.211 Registration and licensing.
1389.212 Enforcement.
1389.213 Applications for adjustment.
1389.214 Petitions for amendment.
1389.215 Definitions.
1389.216 Effective date.
1389.217 Appendix A: Definition of staple work clothing.
1389.218 Appendix B: Simplification.
1389.219 Appendix C: Same and similar garments.

AUTHORITY: §§ 1389.201 to 1389.219, inclusive issued under Pub. Law 421, 77th Congress.

§ 1389.201 *Prohibition against dealing in staple work clothing above maximum prices.* On and after August 26, 1942, regardless of any contract or other obligation: (a) No person shall sell or deliver any staple work clothing (defined in § 1389.217) at a higher price than the maximum price established by this Maximum Price Regulation No. 208;

(b) No person in the course of trade or business shall buy or receive any staple work clothing at a price higher than the maximum price established by this Maximum Price Regulation No. 208;

(c) No person shall agree, offer, solicit or attempt to do any of the acts set forth in paragraphs (a) and (b): *Provided*, That contracts which were entered into on or before May 4, 1942, at prices which conform to the General Maximum Price Regulation may be carried out at contract prices.

§ 1389.202 *Maximum prices for staple work clothing sold at retail.* Maximum prices for staple work clothing sold at retail shall be determined under the General Maximum Price Regulation, including the amendment thereto made in Appendix C (§ 1389.219) of this Maximum Price Regulation No. 208, which is incorporated by reference in Supplementary Regulation No. 14 (§ 1499.73)[2] to the General Maximum Price Regulation.

§ 1389.203 *Maximum prices of sellers other than at retail.* Except as otherwise provided in this Maximum Price Regulation No. 208, the maximum price of a seller other than at retail for staple work clothing shall be the base price, determined under paragraphs (a), (b) or (c) of this section, less the amount indicated in paragraph (e).

(a) *List prices.* The base price for sale of a garment to a purchaser of any class shall be the price for such a sale shown on the last issued written price list:

(1) which was generally circulated among the seller's customers or representatives, during or before March 1942; and

(2) pursuant to which the seller delivered one or more garments of the same classification to a purchaser of the same class during or before March 1942.

(b) *Discounts.* The base price for sale of any garment to purchasers of a class to whom such garment was not offered on any such list shall be a base price for the same garment, determined under paragraph (a), less the seller's established percentage discount to purchasers of such class, determined as provided in this section.

(c) *Formula prices.* The base price for sale of a garment to a purchaser of any class by a manufacturer, in cases in which the same garment was sold by the manufacturer during or before March 1942 but cannot be priced under paragraph (a) or (b), shall be a price determined as follows:

(1) *Pricing formula.* To establish a maximum price for a garment to a purchaser of any class, the manufacturer shall:

(i) Determine the unit direct cost of the garment being priced.

(ii) Select from garments of the same classification for which the base price to a purchaser of the same class can be determined under paragraph (a) or (b), the one which has a unit direct cost immediately higher and the one which has a unit direct cost immediately lower than the unit direct cost of the article being priced. If all such garments are either above or below, the one closest in unit direct cost shall be selected, and if any such garment has the same unit direct cost as the article being priced, it shall be selected in addition to the garments immediately above and below.

(iii) Determine the average percentage mark-up over unit direct cost included in the maximum prices of the garments selected.

(iv) Add to the unit direct cost of the article being priced this average percentage mark-up.

The result shall be the base price.

Example

Unit direct cost of garment being priced: $9.00.

(1) Unit direct costs of other garments of same classification	(2) Maximum prices of such garments	(3) Calculation of mark-up	
$10.00	$11.50	Total maximum prices (from (2))	$19.70
7.00	8.20	Total unit costs (from (1))	17.00
17.00	19.70	Total mark-up	2.70

Divide 2.70 (total mark-up) by 17.00 (total cost), and find average percentage mark-up of 15.9%

Multiply $9.00 (unit direct cost of garment being priced) by 15.9 and find dollar mark-up of $1.43. Add $9.00 and find maximum price $10.43

(2) *Computation of unit direct costs.* To establish the unit direct cost, the manufacturer shall add costs per unit of materials and direct labor, determined as follows:

(i) Material costs shall be calculated at the maximum prices which the manufacturer could lawfully be charged for such materials if purchased on his customary terms from the source of supply most used by him during the six months ending March 31, 1942, under the terms of schedules and regulations of the Office of Price Administration in effect on August 26, 1942, including Amendment No. 5 to Revised Price Schedule No. 35, and Amendment No. 8 to Maximum Price Regulation No. 127.

(ii) Wage rates shall be calculated at the rates paid by the seller on March 31, 1942, plus any increase subsequent thereto made pursuant to a collective bargaining contract or other wage agreement which was entered into on or before April 27, 1942, and which provides for an unconditional increase in wage rates of a fixed amount or percent.

(iii) Amounts of labor and material used shall be calculated on the basis of the manufacturer's most recent cost records of the manufacture of each garment during and before March 1942, and labor costs shall be confined to labor used in cutting, sewing, assembling, and inspecting the garment.

(d) *Meaning of terms for the purposes of this section*—(1) The "sellers established percentage discount" to any class of purchasers shall be the average of discounts allowed to purchasers of such class on orders accepted during the six months ending December 31, 1941, on the same material and labor cost basis, for the garment being priced, or if data are not available for that garment, for the most closely comparable garment of the same classification for which data are available.

(2) "Purchasers of the same class" shall be purchasers to whom the seller during the six months ending December 31, 1941, customarily charged the same prices.

(3) A garment shall be considered the "same" as another when:

(i) The garment belongs to the same classification (as defined in § 1389.217);

(ii) The garment contains body material which is the same with respect to (*a*) construction, (*b*) weight and thread count within the tolerances of the Worth Street Rules, (*c*) finish, including shrinkage treatment, and (*d*) color fastness;

(iii) The garment consumes substantially the same average yards per dozen and has substantially the same body dimensions;

(iv) The garment contains trimmings of fairly equivalent serviceability;

(v) The garment is constructed and assembled with the same standards of workmanship and inspection. Differences in color which are not ordinarily the basis of differences in price shall be disregarded.

(4) A simplified model (defined in § 1389.218) of any garment shall be considered the "same" as such garment before simplification, except when such simplified garment becomes the same, under paragraph (d) (3) of this section, as a lower priced garment in which the seller dealt during March 1942.

(e) *Deductions.* The deduction to be made from the base price of any garment, as determined under paragraphs (a), (b) and (c) of this section, in order to determine the maximum price, shall be the product which results from multiplying the number of yards of cloth used in the garment for which such base price was determined, before simplification (if any), by the number of cents indicated in the following Table I, according to the body material of which such garment was made.

TABLE I

Type of cloth	Weight of cloth	Cents per yard
Denims, mill finish	3.50–2.20	1.0
	2.00–1.60	1.5
Denims, sanforized	3.15–2.00	1.0
	1.75 and heavier	1.5
Carded coarse and fine yarn shirting chambrays, mill finish and sanforized.	All weights	0.5
Carded coarse and fine yarn shirting coverts, mill finish and sanforized.	All weights	0.5
Cotton pants coverts, sanforized.	1.65	1.5
Same	2.00–2.40	1.0
Finished jeans, 36" basis	2.85	0.5
Finished drills, 29"–28" basis	2.50	1.0
Cottonades, sanforized and regular finish, 36" basis	1.45–2.00	1.5
Whipcords, napped back, sanforized and regular finish, 36" basis	1.45–2.00	1.5
Moleskins, plain, 30" basis	7¾–8¼ oz.	1.0
Same, 30" basis	8¾–9¼ oz.	1.5
Same, 36" basis	9½–10 oz.	2.0
Moleskins, black and white, 30" basis	7½–7¾ oz.	1.0
	8–8½ oz.	1.0
Same	8¾–9¼ oz.	1.5
Carded poplin, 35" basis	2.50	1.0
Same	2.85–3.25	0.5
Twills, 36" basis	8.2 oz.	1.5

§ 1389.204 *Maximum prices for staple work clothing which cannot be priced under § 1389.203*—(a) *Special size and special order garments.* The maximum price of any garment of staple work clothing which cannot be priced under § 1389.203 by reason of its unusual size or dimensions shall be the maximum price of the most closely comparable garment of regular size priced under that section plus the percentage premiums:

(1) Which the seller customarily obtained for such garments during March 1942; or

(2) If the seller obtained no such premiums, which he customarily demanded for such garments during March 1942; or

(3) If the seller neither obtained nor demanded such premiums, which were customarily demanded during March 1942 by the most closely comparable seller who did demand such premiums.

(b) *Imperfect garments, or seconds.* The maximum price of any garment of staple work clothing which cannot be priced under § 1389.203 by reason of its substandard quality in any respect shall be the maximum price of the most closely comparable garment of standard quality priced under that section less the percentage discount:

(1) Which the seller customarily allowed for such garments during March 1942; or

(2) If the seller allowed no such discounts, which he customarily offered for such garments during March 1942; or

(3) If the seller neither allowed nor offered such discounts, which were customarily offered during March 1942 by the most closely comparable seller who did offer such discounts.

(c) *Maximum prices in other cases.* The maximum price of a garment of staple work clothing which cannot be priced by the provisions of § 1389.203 or of paragraphs (a) and (b) of this section, shall be a price determined by the seller pursuant to specific authorization from the Office of Price Administration. A seller who seeks an authorization to determine a maximum price under the provisions of this paragraph shall file with the Office of Price Administration in Washington, D. C., an application setting forth (a) a description in detail of the garment for which a maximum price is sought, and (b) a statement of the facts which differentiate the garment from others dealt in by the seller or by competitive sellers of the same class during March 1942, and shall furnish such further relevant information as may be required by the Office of Price Administration.

§ 1389.205 *Less than maximum prices.* Lower prices than the maximum prices established by this Maximum Price Regulation No. 208 may be charged, demanded, paid or offered.

§ 1389.206 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 208 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to staple work clothing, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying agreement or other trade understanding, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) No person shall use as a highest price charged during March 1942 to a purchaser of any class a price at which garments were delivered as samples, excepting garments delivered pursuant to an order in the ordinary course of business, under a firm commitment calling for later deliveries at the same price.

(2) No seller shall so change the allowances, discounts or other price differentials which he customarily made during March 1942 as to require any purchaser to pay a higher net price.

§ 1389.207 *Relation of this regulation to other Maximum Price Regulations.* (a) *General Maximum Price Regulation.* This Maximum Price Regulation No. 208 shall apply, and the General Maximum Price Regulation shall not apply, to sales and deliveries of staple work clothing other than at retail. The General Maximum Price Regulation shall apply, and this Maximum Price Regulation No. 208 shall not apply, except as provided in § 1389.219, to sales and deliveries of staple work clothing at retail.

(b) *Maximum Price Regulation No. 157.*[3] Maximum Price Regulation No. 157—Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes—shall apply, and this Maximum Price Regulation No. 208 shall not apply, to sales and deliveries for which maximum prices are established by Maximum Price Regulation No. 157.

(c) *Maximum Price Regulation No. 172.*[4] Maximum Price Regulation No. 172—Charges of Contractors in Apparel Industry—shall apply, and this Maximum Price Regulation No. 208 shall not apply to transactions for which maximum prices are established by Maximum Price Regulation No. 172.

(d) *Export sales.* The maximum price at which a person may export staple work clothing shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[5] issued by the Office of Price Administration.

§ 1389.208 *Transfer of business or stock in trade.* If the business, assets or stock in trade of any seller of staple work clothing have been or shall be transferred on or after April 28, 1942, and the transferee shall carry on the business, or continue to deal in staple work clothing, in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place, and his obligations to keep, make available, prepare and file records shall be the same. The transferor shall either prepare and make available, or

* Copies may be obtained from the Office of Price Administration.

[5] 7 F.R. 5059.

turn over to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions of this Maximum Price Regulation No. 208.

§ 1389.209 *Federal and State taxes.* Any tax upon, and incident to, the sale or delivery of staple work clothing, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum prices for staple work clothing, and in preparing the records of such seller with respect thereto:

(a) *As to tax in effect during March 1942.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during March 1942 the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 208.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 208.

(b) *As to a tax or increase in a tax which becomes effective after March 31, 1942.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1389.210 *Informational requirements*—(a) *Records to be kept.* Every person selling staple work clothing otherwise than at retail shall keep and make available for examination by the Office of Price Administration:

(1) All his existing records relating to the prices which he charged for staple work clothing during March 1942;

(2) Records of the kind he has customarily kept relating to the prices charged for such clothing on and after April 28, 1942;

(3) A statement showing the calculation by which each maximum price for a garment sold or offered for sale on or after August 26, 1942, was determined.

(b) *Statements to be filed.* Every person selling staple work clothing otherwise than at retail shall prepare and file with the Office of Price Administration, Washington, D. C., on or before October 1, 1942:

(1) The latest written price list, generally circulated among the seller's customers or representatives, pursuant to which the seller delivered during March 1942, any garment of each classification to each class of purchasers, with a statement showing the date of issuance of such list, to whom circulated, and the name and address of a purchaser of each class to whom a garment of each classification was delivered.

(2) A statement which shall show the maximum prices to all classes of purchasers under this Maximum Price Regulation No. 208 for all garments offered for sale on or after August 26, 1942.

(3) A description of each garment referred to in subparagraphs (1) and (2), identifying it by classification and by lot number, and furnishing such details as may be required in report forms to be prescribed by the Office of Price Administration.

On or before the tenth day of each month after September 1942, every such person shall file a supplementary statement containing the information referred to in subparagraphs (2) and (3) with respect to any offering made during the preceding calendar month and not previously listed.

(c) *Notification of retailers.* Every person delivering staple work clothing to a purchaser for sale at retail shall, within ten days after the first delivery to such purchaser made on or after August 26, 1942, notify such purchaser that he is required to price such staple work clothing under the provisions of the General Maximum Price Regulation and shall supply such purchaser with the text of §§ 1389.217, 1389.218, and 1389.219 to serve as a guide in pricing under the provisions of the General Maximum Price Regulation: *Provided*, That if such first delivery is made prior to September 1, 1942 the text of such sections may be supplied within ten days of September 1, 1942.

(d) *Disclosure of maximum prices.* Every person selling or delivering staple work clothing otherwise than at retail shall within ten days after receipt of a written request from any person to whom such clothing shall have been sold, delivered or offered for sale on or after August 26, 1942, disclose in writing to such person the maximum prices established for such sale, delivery or offer.

(e) *Identification of garments.* Every person selling, delivering or offering to sell or deliver a garment of staple work clothing shall have attached thereto a label containing the manufacturer's lot number for the garment. If the garment has been simplified as provided in § 1389.218, the lot number shall be the number used in March 1942, prefixed by the symbol "S–". No person shall use on any garment a lot number which he used in March 1942 for a different garment.

§ 1389.211 *Registration and licensing.* The registration and licensing provision of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Maximum Price Regulation No. 208 selling staple work clothing at wholesale or at retail.

§ 1389.212 *Enforcement.* Persons violating any provision of this Maximum Price Regulation No. 208 are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for the suspension of licenses provided by the Emergency Price Control Act of 1942.

§ 1389.213 *Applications for adjustment.* The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum prices established under this Maximum Price Regulation No. 208 for any seller other than a seller at retail in any case in which such seller shows:

(a) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar garments; and

(b) That establishing for him a maximum price, bearing a normal relation to the maximum prices established for competitive sellers of the same or similar garments, will not cause or threaten to cause an increase in the level of retail prices.

Applications for adjustment under this paragraph (b) shall be filed in accordance with Procedural Regulation No. 1.[*]

§ 1389.214 *Petitions for amendment.* Any person seeking a modification of any provisions of this regulation, or an adjustment not provided for in § 1389.213, may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 1[*] issued by the Office of Price Administration.

§ 1389.215 *Definitions.* Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in § 1499.20 of the General Maximum Price Regulation shall apply to terms used in this Maximum Price Regulation No. 208.

§ 1389.216 *Effective date.* The effective date of this Maximum Price Regulation No. 208 shall be August 26, 1942.

§ 1389.217 *Appendix A; Definition of staple work clothing.* Staple work clothing as used in this Maximum Price Regulation No. 208 means men's and boys' garments of the classifications listed below in paragraph (a) and made of cotton body materials of the constructions listed below in paragraph (b).

(a) *Classification of garments:*

(1) Bib overalls, including special trades overalls.
(2) Overall jackets.
(3) Waistband overalls or dungarees.
(4) Work shirts.
(5) Work pants.
(6) One-piece work suits.
(7) Work breeches.

(b) *Constructions of body materials:*

(1) Denims.
(2) Carded yarn shirting chambrays.
(3) Carded yarn shirting coverts.
(4) Cotton pants coverts.
(5) Finished jeans.
(6) Finished drills.
(7) Cottonades, napped back.
(8) Whipcords, napped back.
(9) Moleskins.
(10) Carded yarn poplins.
(11) Twills.

§ 1389.218 *Appendix B; Simplification*—(a) *Simplifications permitted.* A garment shall be deemed to be a "simplified model" of another when it is identical with the other except for the differences listed below:

(1) *Bib overalls.*
(i) Elimination of triple stitching.
(ii) Elimination of double thickness pockets.
(iii) Elimination of bar tacks in excess of 15.
(iv) Elimination of rule pockets or hammer loops in excess of one each.
(v) Elimination of fly buttons in excess of two up to and including size 38.

(2) *Overall jackets.*
(i) Elimination of triple stitching.
(ii) Elimination of double thickness pockets.
(iii) Elimination of pockets in excess of two.
(iv) Elimination of cuff buttons in excess of one on each cuff.
(v) Elimination of buttons on front in excess of four.

(3) *Dungarees or waist-band overalls.*
(i) Elimination of triple stitching.
(ii) Elimination of double thickness pockets.
(iii) Elimination of bar tacks or rivets in excess of nine except those needed for belt loops.
(iv) Elimination of hammer loops.
(v) Elimination of fly buttons in excess of five, including waist-band fasteners.
(vi) Elimination of suspender buttons.
(vii) Elimination of belt loops in excess of six.
(viii) Elimination of strap and buckle.

(4) *Work pants.*
(i) Elimination of triple stitching.
(ii) Elimination of double thickness pockets.
(iii) Elimination of flaps on pockets.
(iv) Elimination of bar tacks or rivets in excess of 11 except those needed for belt loops.
(v) Elimination of suspender buttons up to and including size 38.
(vi) Elimination of side straps and buckles.
(vii) Elimination of all cuffs on trousers manufactured of material heavier than 2.50 per pound on 30" grey weight basis.
(viii) Elimination of tunnel belt loops.
(ix) Elimination of self belts.
(x) Elimination of pleats.

(5) *Work shirts.*
(i) Elimination of triple stitching.
(ii) Elimination of flaps on pockets.
(iii) Elimination of bar tacks in excess of 4.
(iv) Elimination of cuff buttons in excess of one on each cuff.
(v) Elimination of front buttons in excess of 6.
(vi) Elimination of bellows pockets.
(vii) Elimination of lined cuffs.
(viii) Elimination of eyelets or vents.
(ix) Elimination of yoke back in excess of 2½ inches deep measured from the center of the bottom of the collar.

(6) *One piece work suits.*
(i) Elimination of triple stitching.
(ii) Elimination of double thickness pockets.
(iii) Elimination of bar tacks in excess of 17.
(iv) Elimination of rule pockets and hammer loops in excess of one each.

(7) *Work Breeches.*
(i) Elimination of triple stitching.
(ii) Elimination of flaps on pockets.
(iii) Elimination of double thickness pockets.
(iv) Elimination of fly buttons in excess of five.
(v) Elimination of tunnel belt loops.

(b) *Changes not permitted.* A garment shall not be considered a "simplified model" when it is altered as follows:

(1) By a change in the weight, finish or construction of body materials;

(2) By a reduction in body dimensions;

(3) By elimination or substantial reduction in the use of slide fasteners;

(4) By elimination of double thickness in shoulders, front or back, or in elbows;

(5) By elimination of double thickness in knees or in seats.

§ 1389.219 *Appendix C: Same and similar garments (under the General Maximum Price Regulation).* In determining maximum prices for staple work clothing under the General Maximum Price Regulation, a garment shall be considered the same as another, or similar to another, as provided in paragraphs (a), (b) and (c) of this section.

(a) *Same garments—in general.* One garment shall be considered the "same" as another when it is a garment of the same classification (as listed in § 1389.217 (a)), contains body material of the same construction, weight, and finish, substantially the same average yards per dozen of such material, the same standards of workmanship, and trimmings of fairly equivalent serviceability, and is constructed by the same manufacturer. Differences in color which are not ordinarily the basis of differences in price shall be disregarded.

(b) *Same garments—simplification.* A simplified model (defined in § 1389.218) of any garment shall be considered the "same" as such garment before simplification, except when such simplified model becomes the same, under paragraph (a) of this section, as a lower priced garment in which any seller dealt during March 1942.

(c) *Similar garments.* A garment shall be considered "similar" to another when it is constructed by a different manufacturer, but is otherwise the same.

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–8157; Filed, August 20, 1942; 4:57 p. m.]

PART 1400—TEXTILE FABRICS: COTTON, WOOL, SILK, SYNTHETICS & ADMIXTURES

[Amendment 8 to Maximum Price Regulation 127[1]]

FINISHED PIECE GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In § 1400.78 subparagraphs (41) and (42) of paragraph (c) are amended and paragraphs (d), (e), (f), (g), (h), (i), (j), and (k) are amended; in § 1400.82 three new paragraphs, (p), (q), and (r) are added, as set forth below:

§ 1400.78 *Exempt sales.* The provisions of this Maximum Price Regulation No. 127 shall not apply to:

* * * * * *

(c) Sales or purchases of:

* * * * * *

(41) Loom finished fabrics: *Provided*, That any person selling such fabrics shall, on or before August 31, 1942, file his name and address with the Office of Price Administration: *Provided further*, That any such person shall also file with the Office of Price Administration, Washington, D. C., before the 10th day of each month, a report showing the total yards of finished piece goods delivered under such exemption during the preceding month.

(42) Woven or printed decorative pattern fabrics composed in an amount of 75% or more by weight of synthetic yarn, and sold exclusively for use by necktie manufacturers: *Provided*, That any person selling such fabrics shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C., certifying that only such fabrics as are sold exclusively for use by necktie manufacturers will be sold hereunder.

(d) Sales of finished piece goods by furrier suppliers: *Provided*, That any person exempted by this paragraph (d) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C., certifying that he falls within the definition of furrier supplier as set forth in § 1400.81 (a) (15) of this Maximum Price Regulation No. 127.

(e) Sales of finished piece goods to custom shirtmakers by a custom shirtmaker's supplier: *Provided*, That any person exempted by this paragraph (e) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C.

(f) Sales of finished piece goods by a woman's shoe fabric supplier: *Provided*, That any person exempted by this paragraph (f) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C., certifying that he is a woman's shoe fabric supplier as defined in § 1400.81 (a) (11) of this Maximum Price Regulation No. 127.

* Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3119, 3242, 4180, 4454, 4587, 4762, 5364, 5675.

(g) Sales of finished piece goods by a milliners' supply house: *Provided*, That any person exempted by this paragraph (g) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C.

(h) Sales of finished piece goods by a tailor trimming store: *Provided*, That any person exempted by this paragraph (h) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C.

(i) Sales of finished piece goods by a dressmakers' supply house: *Provided*, That any person exempted by this paragraph (i) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C.

(j) Sales and deliveries of printed woven decorative fabrics as defined in Maximum Price Regulation No. 39 [1] when such sales or deliveries are made by a person whose principal business with respect to such fabrics during the period between January 1, 1941 and March 31, 1942 was in fabrics selling at a price of 35 cents or more per yard: *Provided*, That any such person shall, on or before August 31, 1942 file his name and address with the Office of Price Administration, Washington, D. C.

(k) Sales of finished piece goods by an artificial flower manufacturers' supplier: *Provided*, That any person exempted by this paragraph (k) shall, on or before August 31, 1942, file his name and address with the Office of Price Administration, Washington, D. C., certifying that he is an artificial flower manufacturers' supplier as defined in §1400.81 (a) (20) of this Maximum Price Regulation No. 127.

§ 1400.82 *Appendix A: maximum prices for finished piece goods.* • • •

(p) *Specific prices for shoe-lining fabrics.* (1) On and after August 26, 1942, notwithstanding any of the provisions of §§1400.77 and 1400.78 and any other provision of this § 1400.82 of this Maximum Price Regulation No. 127, and regardless of any contract, agreement, lease or other obligation the base maximum prices for the following fabrics when sold to shoe manufacturers for use as shoe linings shall be as set forth in Tables V, VI, and VII hereof:

TABLE V—TWILLS AND DRILLS

Weight (yards per pound)	Finish	Maximum price (cents per yard)
1.50	Starch back twill	32.714
1.75	Starch back twill	29.164
2.00	Starch back twill	25.947
2.35	Starch back twill	23.765
1.50	Starch back napped twill	33.701
1.75	Starch back napped twill	30.152
2.25	Starch back drill	22.795
2.75	Starch back drill	20.370
3.95	Starch back drill	16.240

[1] 7 F.R. 5243.

TABLE VI—FLANNELS

Weight (yds. per lb.)	Width (inches)	Maximum price (cents per yard)
6.00	40½	13.643
5.00	40½	14.903
4.00	40½	16.791
3.40	40½	18.551
3.00	40½	20.248
2.50	40½	23.401
2.00	40½	28.342
1.60	40½	34.107
3.80	37	17.045
Light (EW)*	47½	21.670
Medium (FNS)*	47½	22.441
3.00 (CD)*	37	20.248

*Trade name.

(2) In addition to the base maximum prices set forth in the foregoing tables, the following premiums may be charged for special services or extra finishing:

TABLE VIII

Services or finish	Premium (cents per yard)
For bleaching	1
For dyeing	2½
For double napping	½
For sales in quantities of less than 1,000 yds. per color and finish	½

(3) The maximum prices established by subparagraphs (1) and (2) hereof are subject to credit terms as set forth in paragraph (h) of this section.

(q) *Specific reductions in prices of work-clothing fabrics.* (1) Notwithstanding any of the provisions of § 1400.78 and any other provision of this § 1400.82 of this Maximum Price Regulation No. 127, the maximum prices computed hereunder for the following finished piece goods shall be reduced as set forth in Table IX hereof:

TABLE IX

Type of fabric	Weight	Width (inch basis)	Reduction (cents per yard)
Finished jeans	2.85 yds. per lb	36	¾
Finished drills	2.50 yds. per lb	28-29	½
Moleskins, plain	7¾-8¼ oz. per yard	30	½
Moleskins, plain	8¾-9¼ oz. per yard	30	¾
Moleskins, plain	9½-10 oz. per yard	36	1
Moleskins, black and white	7½-7¾ oz. per yard	30	½
Moleskins, black and white	8-8½ oz. per yard	30	½
Moleskins, black and white	8¾-9¼ oz. per yard	30	¾
Carded poplins	3.25 yds. per lb	35-36	¼
Carded poplins	2.85 yds. per lb	35-36	¼
Carded poplins	2.50 yds. per lb	35-36	½

(2) The maximum prices established herein shall apply to contracts of sale entered into on or after August 26, 1942, and also to all deliveries made on or after that date against contracts entered into on or after May 4, 1942.

(r) *Specific prices for private sales of certain Government-specification goods.* (1) Notwithstanding any of the provisions of §§ 1400.77 and 1400.78 and any other provision of this § 1400.82 of this Maximum Price Regulation No. 127, and regardless of any contract, agreement, lease or other obligation, the maximum prices for finished piece goods of the types and made with reference to the specifications (in their present form or as hereafter amended) listed below, when such goods are sold to any person other than a war procurement agency, shall be as set forth in Table X hereof:

*The maximum prices for goods so marked shall be those established by the most recent of (1) the last contract therefor awarded to the particular seller by a war procurement agency, as defined in § 1400.81 (a) (16) of this Maximum Price Regulation No. 127, or (2) the last subcontract therefor awarded to the particular seller by a person other than a war procurement agency for use in connection with the performance of a prime contract with such an agency.

(2) The above maximum prices shall be discounted as follows:

Rejects:	Percent
30 yards and up	5
20 to 30 yards	20
10 to 20 yards	30
1 to 10 yards	40
Finishing seconds:	
10 yards and up	25
1 to 10 yards	50

(3) The maximum prices established by subparagraphs (1) and (2) hereof are subject to credit terms as set forth in paragraph (h) of this section.

§ 1400.85 *Effective dates of amendments.* • • •

(h) Amendment No. 8 (§ 1400.78 (c) (41), (c) (42), (d), (e), (f), (g), (h), (i), (j) and (k), § 1400.82 (p), (q), and (r)) to Maximum Price Regulation No. 127 shall become effective August 26, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1412—SOLVENTS

[Revised Price Schedule 36 [1]]

ACETONE

The title, preamble and §§ 1335.301 to 1335.310 inclusive, are amended and renumbered to read as set forth below:

Maximum Price Regulation No. 36—Acetone

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 36, has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1 [2] issued by the Office of Price Administration, Maximum Price Regulation No. 36 is hereby issued.

Sec.

1412.51 Maximum prices for acetone.
1412.52 Less than maximum prices.
1412.53 Adjustable pricing.
1412.54 Evasion.
1412.55 Records and reports.
1412.56 Enforcement.
1412.57 Applicability of General Maximum Price Regulation.
1412.58 Licensing.
1412.59 Federal and State taxes.
1412.60 Applications for adjustment.
1412.61 Petitions for amendment.
1412.62 Definitions.
1412.63 Applicability.
1412.64 Export sales.
1412.65 Effective dates of amendments.
1412.66 Appendix A: Maximum prices for acetone.

AUTHORITY: Sections 1412.51 to 1412.66, inclusive, issued under Pub. Law 421, 77th Cong., 2nd Sess.

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 1276, 1836, 2000, 2132.

[2] 7 F.R. 971, 3663.

§ 1412.51 *Maximum prices for acetone.* (a) On and after September 3, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver acetone, and no person shall buy or receive acetone in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A (§ 1412.66); and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of acetone to a purchaser, if prior to September 3, 1942, such acetone had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) Any sales or deliveries of acetone not specifically referred to in Appendix A (§ 1412.66) shall be subject to the provisions of the General Maximum Price Regulation.[3]

§ 1412.52 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1412.66) may be charged, demanded, paid or offered.

§ 1412.53 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In an appropriate situation, where a petition for amendment or for adjustment or exception requires extended consideration, the Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1412.54 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 36 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to acetone alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1412.55 *Records and reports.* (a) Every person making purchases or sales of acetone for which maximum prices are established by this Maximum Price Regulation No. 36, on and after September 3, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the prices paid or received, and the specifications and quantity, including the size of the containers, of such acetone purchased and sold.

(b) On or before October 3, 1942, and on or before the 10th day of each month thereafter, every producer of fermentation acetone shall submit to the Office of Price Administration a report on Form 136.1 in the detail required by such Form, showing the total production of fermentation acetone by such producer during the previous calendar month, the respective percentages of such total produced from molasses, corn, or other raw material, the cost of such raw material, and such other information as such Form shall require. Persons affected by Maximum Price Regulation No. 36 shall submit such other reports to the Office of Price Administration as it may, from time to time require.

(c) Every person selling synthetic acetone for which upon sale by that person maximum prices are established by this Maximum Price Regulation No. 36, shall:

(1) Preserve for examination by the Office of Price Administration all his existing records relating to the prices which he charged for such of said synthetic acetone as he delivered during March 1942, and his offering prices for delivery of such synthetic acetone during such month; and

(2) Prepare on or before September 18, 1942, on the basis of all available information and records, and thereafter keep for examination by any person during ordinary business hours, a statement showing:

(i) The highest prices he charged for such of said synthetic acetone as he delivered during March 1942, and his offering price for delivery of such synthetic acetone during such month, together with an appropriate description or identification of such synthetic acetone delivered or offered for delivery; and

(ii) All his customary allowances, discounts and other price differentials.

Any person, other than a person selling at retail, who claims that substantial injury would result to him from making such statement available to any other person may file it with the appropriate field office of the Office of Price Administration. The information contained in such statement will not be published or disclosed unless it is determined that the withholding of such information is contrary to the purposes of this Maximum Price Regulation No. 36. "Appropriate field office of the Office of Price Administration" means the district office for the district (or in the absence of such district office, the State office for the State) in which is located the seller's place of business from which his sales are made.

§ 1412.56 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 36 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 36 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest District, State, Field, or Regional Office of the Office of Price Administration, or its principal Office in Washington, D. C.

[3] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5192, 5276, 5365, 5445, 5484, 5565.

§ 1412.57 *Applicability of General Maximum Price Regulation.* Except as provided in §§ 1412.51 (b) and 1412.58 (b) the provisions of this Maximum Price Regulation No. 36 supersede the provisions of the General Maximum Price Regulation with respect to sales or deliveries of acetone for which maximum prices are established by this Maximum Price Regulation No. 36.

§ 1412.58 *Licensing.* (a) The provisions of Supplementary Order No. 11,[4] Licensing Distributors of Chemicals and Drugs, are applicable to every distributor selling acetone for which maximum prices are established by Appendix A (§ 1412.66). The term "distributor" shall have the meaning given to it by Supplementary Order No. 11.

(b) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person selling at retail acetone for which maximum prices are established by Appendix A (§1412.66). The term "selling at retail" shall have the meaning given it by § 1499.20 (o) of the General Maximum Price Regulation.

§ 1412.59 *Federal and State taxes.* Any tax upon, or incident to, the sale, delivery, processing, or use of acetone, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such acetone and in preparing the records of such seller with respect thereto.

(a) *As to a tax in effect during the thirty day period ending October 3, 1942.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during the thirty day period ending October 3, 1942, the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 36.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 36.

(b) *As to a tax or increase in a tax which becomes effective after September 3, 1942.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1412.60 *Applications for adjustment.* Any person seeking relief from a maximum price established under this Maximum Price Regulation No. 36 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 36 to eliminate the danger of inflation.

§ 1412.61 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 36 or an adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1412.62 *Definitions.* (a) When used in this Maximum Price Regulation No. 36, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, legal successor or representatives of any of the foregoing, and includes the United States, any agency thereof, any other government or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Fermentation acetone" means acetone produced by the fermentation of any carbohydrate containing material.

(3) "Synthetic acetone" means acetone other than fermentation acetone.

(4) "Direct cost to the seller" means the price which the seller paid for the commodity, less discounts allowed to the seller, plus all costs of shipment actually incurred by the seller.

(5) "Eastern territory" means the states of New Mexico, Colorado, Wyoming Montana, all states east thereof, and the District of Columbia.

(6) "Western territory" means all other states of the United States.

(b) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Maximum Price Regulation No. 36.

§ 1412.63 *Applicability.* The provisions of this Maximum Price Regulation No. 36 shall be applicable to the United States, its territories and possessions, and the District of Columbia.

§ 1412.64 *Export sales.* The maximum price at which a person may export acetone shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[5] issued by the Office of Price Administration.

§ 1412.65 *Effective dates of amendments.* (a) Maximum Price Regulation No. 36 (§§ 1412.51 to 1412.66, inclusive) shall become effective September 3, 1942: *Provided,* That Revised Price Schedule No. 36 shall remain in effect until this Maximum Price Regulation No. 36 becomes effective on September 3, 1942.

§ 1412.66 *Maximum prices for acetone*—(a) *Sales in containers of 50 gallons or more of fermentation acetone.* Maximum prices for sales in containers of 50 gallons or more of fermentation acetone are established as set forth below:

(1) *Eastern territory:*

	Fermentation Acetone per pound delivered
Tank cars	$0.085
Drums, carload lots	.095
Drums, l. c. l. lots	.10

(2) *Western territory.* Delivered: ½ cent per pound may be added to the applicable maximum price established for Eastern territory by subparagraph (1) of this paragraph.

(3) *Deliveries from local stocks maintained by others than producers.* Ex seller's warehouse: $0.01 per pound may be added to the applicable maximum price established by subparagraph (1) or (2) of this paragraph, as the case may be.

(4) *Containers.* The maximum prices established by subparagraphs (1), (2) or (3) of this paragraph shall not be increased by any charges for containers. Seller may, however, require the return of containers, but in such case the maximum prices which may be charged are the maximum prices set forth in subparagraphs (1), (2) or (3) of this paragraph less $.003 per pound. When sales are made upon a container returnable basis, seller may require a reasonable deposit for the return of such containers, but such deposit must be refunded to the buyer upon the return of the container in good condition within a reasonable time. Transportation costs with respect to the return of empty containers to seller shall in all cases be borne by seller.

(5) *Territories and possessions.*—(i) *Sales from plants in the territories and possessions.* Notwithstanding the provisions of subparagraphs (1) and (2) of this paragraph, maximum prices for fermentation acetone produced in plants in the territories or possessions of the United States shall be the applicable maximum prices established for Eastern territory by subparagraph (1) of this paragraph less ½ cent per pound f. o. b. plant.

(ii) *Deliveries from the continental United States to purchasers in the territories and possessions.* Sales of fermentation acetone by a seller shipping such commodity from the continental United States to a purchaser in the territories or possessions of the United States shall be governed by the maximum prices established for export sales by the Revised Maximum Export Price Regulation.

(iii) *Deliveries from local stocks maintained by a person other than a producer.* Maximum prices, ex warehouse, for fermentation acetone delivered from local stocks maintained by a seller other than a producer in a territory or possession of the United States shall be determined by adding to the direct cost to such seller of the fermentation acetone so delivered whichever of the following amounts per pound is applicable:

Bought in—	Sold in		
	Tank cars	Drums, carload	Drums, l. c. l.
Tank cars	$0.01	$0.02	$0.025
Drums, carload		0.01	0.015
Drums, l. c. l.		0.005	0.01

(b) *Sales in containers of 50 gallons or more of synthetic acetone.* The maximum prices for synthetic acetone in containers of 50 gallons or more shall be either the seller's maximum prices for such commodity as determined under the provisions of the General Maximum Price Regulation or the maximum prices established by paragraph (a) of this section for fermentation acetone, which ever is lower.

(c) *Credit charges.* The maximum prices established by this Maximum Price Regulation No. 36 shall not be increased by any charges for the extension of credit.

Issued this 20th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1412—SOLVENTS

[Revised Price Schedule 37[1]]

BUTYL ALCOHOL AND ESTERS THEREOF

The title, preamble and §§ 1335.351 to 1335.360 inclusive, are amended and renumbered to read as set forth below:

Maximum Price Regulation No. 37—Butyl Alcohol and Esters Thereof

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 37 has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[*]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1[2] issued by the Office of Price Administration, Maximum Price Regulation No. 37 is hereby issued.

Sec.

1412.101 Maximum prices for butyl alcohol and esters thereof.
1412.102 Less than maximum prices.
1412.103 Adjustable pricing.
1412.104 Evasion.
1412.105 Records and reports.
1412.106 Enforcement.
1412.107 Applicability of General Maximum Price Regulation.
1412.108 Licensing.
1412.109 Federal and State taxes.
1412.110 Applications for adjustment.
1412.111 Petitions for amendment.
1412.112 Definitions.
1412.113 Applicability.
1412.114 Export sales.
1412.115 Effective dates of amendments.
1412.116 Appendix A: Maximum prices for butyl alcohol and esters thereof.

AUTHORITY: §§ 1412.1 to 1412.116, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1412.101 *Maximum prices for butyl alcohol and esters thereof.* (a) On and after September 3, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver butyl alcohol or esters thereof, and no person shall buy or receive butyl alcohol or esters thereof in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A (§ 1412.116); and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of butyl alcohol or esters thereof to a purchaser, if prior to September 3, 1942, such butyl alcohol or esters thereof had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) Any sales or deliveries of butyl alcohol or esters thereof not specifically referred to in Appendix A (§ 1412.116) shall be subject to the provisions of the General Maximum Price Regulation.[3]

§ 1412.102 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1412.116) may be charged, demanded, paid or offered.

§ 1412.103 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In an appropriate situation, where a petition for amendment or for adjustment or exception requires extended consideration, the Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1412.104 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 37 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to butyl alcohol or esters thereof alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1412.105 *Records and reports.* (a) Every person making purchases or sales of butyl alcohol or esters thereof for which maximum prices are established by this Maximum Price Regulation No. 37, on and after September 3, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the prices paid or received, and the specifications and quantity, including the size of the containers, of such butyl alcohol or esters thereof purchased and sold.

(b) On or before October 3, 1942, and on or before the 10th day of each month thereafter, every producer of normal fermentation butyl alcohol, shall submit to the Office of Price Administration a report on Form 137:1 in the detail required by such form, showing the total production of normal fermentation butyl alcohol by such producer during the previous calendar month, the respective percentages of such total produced from molasses, corn, or other raw material, the cost of such raw material, and such other information as such form shall require. Persons affected by Maximum Price Regulation No. 37 shall submit such other reports to the Office of Price Administration as it may, from time to time, require.

(c) Every person selling normal synthetic butyl alcohol or normal synthetic butyl acetate for which upon sale by that person maximum prices are established by this Maximum Price Regulation No. 37, shall:

(1) Preserve for examination by the Office of Price Administration all his existing records relating to the prices which he charged for such of those commodities as he delivered during March 1942, and his offering prices for delivery of such commodities during such month; and

(2) Prepare on or before September 18, 1942, on the basis of all available information and records, and thereafter keep for examination by any person during ordinary business hours, a statement showing:

(i) The highest prices he charged for such of those commodities as he delivered during March 1942, and his offering price for delivery of such commodities during such month, together with an appropriate description or identification of each such commodity; and

(ii) All his customary allowances, discounts and other price differentials.

Any person, other than a person selling at retail, who claims that substantial injury would result to him from making such statement available to any other person, may file it with the appropriate field office of the Office of Price Ad-

normal fermentation butyl acetate are

ministration. The information contained in such statement will not be published or disclosed unless it is determined that the withholding of such information is contrary to the purposes of this Maximum Price Regulation No. 37. "Appropriate field office of the Office of Price Administration" means the district office for the district (or in the absence of such district office, the state office for the State) in which is located the seller's place of business from which his sales are made.

§ 1412.106 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 37 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for trebie damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 37 or any price schedule, regulation, or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest District, State, Field, or Regional Office of the Office of Price Administration, or its principal office in Washington, D. C.

§ 1412.107 *Applicability of General Maximum Price Regulation.*[3] Except as provided in §§ 1412.101 (b) and 1412.108 (b), the provisions of this Maximum Price Regulation No. 37 supersede the provisions of the General Maximum Price Regulation with respect to sales or deliveries of butyl alcohol or esters thereof for which maximum prices are established by this Maximum Price Regulation No. 37.

§ 1412.108 *Licensing.* (a) The provisions of Supplementary Order No. 11,[4] Licensing Distributors of Chemicals and Drugs, are applicable to every distributor selling butyl alcohol or esters thereof for which maximum prices are established by Appendix A (§ 1412.116). The term "distributor" shall have the meaning given to it by Supplementary Order No. 11.

(b) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person selling at retail butyl alcohol or esters thereof for which maximum prices are established by Appendix A (§ 1412.116). The term "selling at retail" shall have the meaning given it by § 1499.20 (o) of the General Maximum Price Regulation.

§ 1412.109 *Federal and State taxes.* Any tax upon, or incident to, the sale, delivery, processing, or use of butyl alcohol or esters thereof, imposed by any statute of the United States or statute or ordinance of any State or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such butyl alcohol or esters thereof and in preparing the records of such seller with respect thereto.

[3] *Supra*, note 3.

(a) *As to a tax in effect during the thirty day period ending October 3, 1942.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during the thirty day period ending October 3, 1942, the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 37.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 37.

(b) *As to a tax or increase in a tax which becomes effective after September 3, 1942.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1412.110 *Applications for adjustment.* Any person seeking relief from a maximum price established under this Maximum Price Regulation No. 37 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 37 to eliminate the danger of inflation.

§ 1412.111 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 37 or an adjustment or exception not provided for herein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1412.112 *Definitions.* (a) When used in this Maximum Price Regulation No. 37, the term:

(1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, any other government or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Normal fermentation butyl alcohol" means normal butyl alcohol produced by the fermentation of any carbohydrate containing material.

(3) "Normal synthetic butyl alcohol" means normal butyl alcohol other than normal fermentation butyl alcohol.

(4) "Normal fermentation butyl acetate" means normal butyl acetate prepared from normal fermentation butyl alcohol.

(5) "Normal synthetic butyl acetate" means normal butyl acetate other than normal fermentation butyl acetate.

(6) "Direct cost to the seller" means the price which the seller paid for the commodity, less discounts allowed to the seller, plus all costs of shipment actually incurred by the seller.

(7) "Eastern territory" means the States of New Mexico, Colorado, Wyoming, Montana, all States east thereof, and the District of Columbia.

(8) "Western territory" means all other States of the United States.

(b) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Maximum Price Regulation No. 37.

§ 1412.113 *Applicability.* The provisions of this Maximum Price Regulation No. 37 shall be applicable to the United States, its territories and possessions, and the District of Columbia.

§ 1412.114 *Export sales.* The maximum price at which a person may export butyl alcohol or esters thereof shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[5] issued by the Office of Price Administration.

§ 1412.115 *Effective dates of amendments.* (a) Maximum Price Regulation No. 37 (§§ 1412.101 to 1412.116, inclusive) shall become effective September 3, 1942: *Provided*, That Revised Price Schedule No. 37 shall remain in effect until this Maximum Price Regulation No. 37 becomes effective on September 3, 1942.

§ 1412.116 *Appendix A: Maximum prices for butyl alcohol and esters thereof*—(a) *Sales in containers of 50 gallons or more of normal fermentation butyl alcohol and normal fermentation butyl acetate.* Maximum prices for sales in containers of 50 gallons or more of normal fermentation butyl alcohol or normal fermentation butyl acetate are established as set forth below:

(1) *Eastern territory.*

	Per pound delivered	
	Normal fermentation butyl alcohol	Normal fermentation butyl acetate
Tank cars	$0.125	$0.135
Drums, carload lots	.135	.145
Drum l. c. l. lots	.140	.150

(2) *Western territory.* Delivered: ½ cent per pound may be added to the applicable maximum price established for Eastern territory by subparagraph (1) of this paragraph.

(3) *Deliveries from local stocks maintained by others than producers.* Ex seller's warehouse: $0.01 per pound may be added to the applicable maximum price established by subparagraph (1) or (2) of this paragraph, as the case may be.

(4) *Containers.* The maximum prices established by subparagraphs (1), (2), or (3) of this paragraph shall not be increased by any charges for containers. Seller may, however, require the return of containers, but in such case the maximum prices which may be charged are the maxium prices set forth in subparagraphs (1), (2) or (3) of this paragraph less $0.003 per pound. When sales are made upon a container returnable basis, seller may require a reasonable deposit for the return of such containers, but such deposit must be refunded to the buyer upon the return of the container in good condition within a reasonable time. Transportation costs with respect to the return of empty containers to seller shall in all cases be borne by seller.

(5) *Territories and possessions*—(i) *Sales from plants in the territories and possessions.* Notwithstanding the provisions of subparagraphs (1) and (2) of this paragraph, maximum prices for normal fermentation butyl alcohol and normal fermentation butyl acetate produced in plants in the territories or possessions of the United States shall be the applicable maximum prices established for Eastern territory by subparagraph (1) of this paragraph less ½ cent per pound f. o. b. plant.

(ii) *Deliveries from the continental United States to purchasers in the territories and possessions.* Sales of normal fermentation butyl alcohol or normal fermentation butyl acetate by a seller shipping such commodities from the continental United States to a purchaser in the territories or possessions of the United States shall be governed by the maximum prices established for export sales by the Revised Maximum Export Price Regulation.

(iii) *Deliveries from local stocks maintained by a person other than a producer.* Maximum prices, ex warehouse, for normal fermentation butyl alcohol or normal fermentation butyl acetate delivered from local stocks maintained by a seller other than a producer in a territory or possession of the United States shall be determined by adding to the direct cost to such seller of the normal fermentation butyl alcohol or normal fermentation butyl acetate so delivered whichever of the following amounts per pound is applicable:

Bought in—	Sold in—		
	Tank cars	Drums, carload	Drums, l. c. l.
Tank cars	$0.01	$0.02	$0.025
Drums, carload		.01	.015
Drums, l. c. l.		.005	.01

(b) *Sales in containers of 50 gallons or more of normal synthetic butyl alcohol and normal synthetic butyl acetate.* The maximum prices for normal synthetic butyl alcohol or normal synthetic butyl acetate in containers of 50 gallons or more shall be either the seller's maximum prices for such commodities as determined under the provisions of the General Maximum Price Regulation or the maximum prices established by paragraph (a) of this section for normal fermentation butyl alcohol or normal fermentation butyl acetate respectively, whichever is lower.

(c) *Credit charges.* The maximum prices established by this Maximum Price Regulation No. 37 shall not be increased by any charges for the extension of credit.

Issued this 20th day of August, 1942.

LEON HENDERSON,
Administrator.

PART 1418—TERRITORIES AND POSSESSIONS

[Amendment 2 to Maximum Price Regulation 183[1]]

PUERTO RICO

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Subparagraph (2) is added to paragraph (a) of § 1418.1, and paragraph (b) is added to § 1418.14.

§ 1418.1 *Maximum prices.* (a) Maximum prices are established as follows:

* * *

(2) On and after August 20, 1942, regardless of any contract, agreement, lease, or other obligation, or of any price regulation heretofore issued by the Office of Price Administration, no person shall sell or deliver pork fat backs in the Territory of Puerto Rico and no person shall buy or receive pork fat backs in the Territory of Puerto Rico at prices higher than the maximum prices set forth in § 1418.14 (b) Table II; and no person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this subparagraph shall not be applicable to sales or deliveries of pork fat backs to a purchaser if prior to August 20, 1942, such pork fat backs had been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

* * * * * *

§ 1418.13a *Effective dates of amendments.* * * *

(b) Amendment No. 2 (§ 1418.1 (a) (2) and § 1418.14 (b)) to Maximum Price Regulation No. 183 shall become effective August 20, 1942.

§ 1418.14 *Tables of maximum prices.* * * *

(b) *Table II: Maximum prices for pork fat backs.* (1) The maximum prices for pork fat backs sold or delivered at wholesale and retail in the Territory of Puerto Rico shall be:

	Sales at wholesale (per cwt.)	*Sales at retail (per pound)*
Pork fat backs	$15.55	$0.18

(Pub. Law 421, 77th Cong.)

Issued this 20th day of August 1942.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH

[Amendment 4 to Maximum Price Regulation 169[1]]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Amended: § 1364.52 (b) (5) and § 1364.62 (a) (4).

Added: § 1364.52 (h) and 1364.63 (d) as set forth below:

§ 1364.52 *Maximum prices for beef and veal carcasses and wholesale cuts.* * * *

(b) *Maximum prices for products shipped via car route.* * * *

(5) Maximum prices in each car route zone shall be determined by adding to the f. o. b. shipping point prices determined under subparagraph (b) (4) of this section the average transportation charge in such zone, except that in sales to the armed forces of the United States or to the Federal Surplus Commodities Corporation the maximum prices shall be determined by adding to such f. o. b. shipping point prices the transportation charge to destination which is actually incurred, which actual transportation charge shall in no instance exceed the highest transportation charge used as the basis for determining the average transportation charge in the zone of such destination point.

* * * * * *

[1] 7 F.R. 4653, 4798.

*Copies may be obtained from the Office of Price Administration.

§ 1900.1 *Insignia of Office of Civilian* (a) *Supervision.* The Defense Co-

(h) *Adjustment of maximum prices for products sold to certain governmental agencies to include certain special charges.* In any sale of beef or veal carcasses or wholesale cuts to the armed forces of the United States or to the Federal Surplus Commodities Corporation, the seller may add to the maximum prices determined under paragraphs (a), (b) and (c) of this section the actual cost of freezing and wrapping or packaging such products if such products are frozen and wrapped or packaged pursuant to specifications applicable to products for overseas shipment or supply ship delivery: *Provided*, That the actual cost of freezing shall in no event exceed the lowest commercial rate for such freezing in the market area.

* * * * *

§ 1364.62 *Definitions.* (a) * * *

(4) "Wholesale cuts" means all cuts and combinations of cuts derived from the dressed beef or veal carcass, including but not limited to: (i) fore-quarters and hind-quarters and fore-saddles and hind-saddles; (ii) rough and trimmed, bone in and boneless, whole and sliced; (iii) fresh, frozen, cured, pickled, spiced, smoked, cooked, dried or otherwise processed, including ground hamburger and sausage containing any proportion of beef or veal. Kosher wholesale cuts shall for the purposes of § 1364.52 be regarded as separate wholesale cuts, and kosher carcasses shall be regarded as separate carcasses.

Cuts of each grade and brand, and in each stage of processing, shall be considered separate wholesale cuts, except that fresh and frozen cuts shall not be considered separate wholesale cuts. Trimmings of each grade and in each stage of processing shall be considered separate wholesale cuts. Each type of canned and packaged meat, made entirely from beef or veal, shall be considered a separate wholesale cut.

§ 1364.63 *Effective date.* * * * (d) Amendment No. 4 (§§ 1364.52 (b) (5), (h), 1364.62 (a) (4), and 1364.63 (d)) to Maximum Price Regulation No. 169 shall become effective August 21, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 28 Under § 1499.18 (b) of General Maximum Price Regulation—Docket GF3-904]

DACOTAH SEED CO.

For the reasons set forth in an opinion* issued simultaneously herewith, it is ordered:

§ 1499.328 *Adjustment of maximum prices for wholesale sales of binder twine by Dacotah Seed Company of Bismarck, North Dakota.* (a) Dacotah Seed Company, of Bismarck, North Dakota is hereby authorized to sell and deliver, at wholesale, International 600 foot binder twine at a price not exceeding $5.91 per bale of 50 pounds.

(b) The maximum price authorized by this order is subject to discounts, allowances and terms no less favorable than those in effect during March 1942.

(c) This order may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 28 (§ 1499.328) is hereby incorporated as a section of Supplementary Regulation No. 14 which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 28 (§ 1499.328) shall become effective this 22 day of August, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

Chapter XV—Board of War Communications

[Order No. 17]

PART 1714—INTERNATIONAL RADIOTELEPHONE COMMUNICATIONS

CLOSURE OF NON-GOVERNMENTAL POINT-TO-POINT CIRCUITS

Whereas The Board of War Communications has determined that the national security and defense and the successful conduct of the war demand the termination of certain international radiotelephone communications;

Now, therefore, by virtue of the authority vested in the Board by Executive Order No. 8964[1] dated December 10, 1941, §§ 1714.1 and 1714.2 (Order No. 15[2] of July 23, 1942) is hereby modified to read as follows:

It is hereby ordered as follows:

§ 1714.1 *Termination of certain international radiotelephone communications.* From and after the date hereof, (a) No non-governmental business or personal radiotelephone call shall be made to or from any foreign point outside of the Western Hemisphere except England, unless such call is made in the interest of the United States or the United Nations and unless an agency of the United States Government sponsors such call and obtains prior approval therefor from the Office of Censorship: *Provided, however*, That this provision shall not apply to American press calls or radio broadcast programs, or to such other press calls and radio programs as may be specifically approved by the Office of Censorship.

(b) No calls of any nature, over the radiotelephone circuits under the jurisdiction of the United States, no matter where such calls may originate, unless sponsored and approved as provided in paragraph (a), shall be permitted to, from, or on behalf of, the following thirteen countries: Egypt, Finland, France, Iceland, Iran, Ireland, Latvia, Lithuania, Portugal, Spain, Sweden, Switzerland, and Turkey.

(c) Personal calls other than those prohibited in the foregoing paragraphs may be completed between two points in the Western Hemisphere.

§ 1714.2 *Closure of non-governmental point-to-point circuits between the United States and Australia.* All non-governmental point-to-point radiotelephone service between the United States and Australia Be, and it is hereby, designated for termination and, effective midnight August 31, 1942, Is terminated, except as to the transmission of duly authorized radiobroadcast programs.

Subject to such further order as the Board may deem appropriate.

Nothing herein shall apply to existing regulations governing the use of cable, telegraph or radiotelegraph communications.

BOARD OF WAR COMMUNICATIONS,
JAMES LAWRENCE FLY, *Chairman.*

Attest: August 13, 1942.

HERBERT E. GASTON,
Secretary.

Chapter XVII—Office of Civilian Defense

PART 1900—ORGANIZATION

[Administrative Order 23, Amendment 3]

INSIGNIA

Pursuant to authority granted by Executive Order No. 8757 dated May 20, 1941, as amended, creating the Office of Civilian Defense, the Director of Civilian Defense (hereinafter referred to as the "Director") hereby orders that §§ 1900.1 to 1900.6 of this chapter (Office of Civilian Defense Administrative Order No. 23 dated April 29, 1942,[1]) which confirmed the establishment, within the Office of Civilian Defense, of:

United States Citizens Defense Corps.
United States Citizens Service Corps.
Civil Air Patrol.
Civilian Defense Auxiliary Group.

be further amended by striking out § 1900.6 thereof (section VI of Office of Civilian Defense Administrative Order No. 23), and by substituting for §§ 1900.1 to 1900.5, inclusive, thereof (sections I to V of Office of Civilian Defense Administrative Order No. 23), as heretofore amended, the following:

Sec.
1900.1 Insignia of Office of Civilian Defense and Administrative Staff.
1900.2 United States Citizens Defense Corps.
1900.3 United States Citizens Service Corps.
1900.4 Civil Air Patrol.
1900.5 Civilian Defense Auxiliary Group.

AUTHORITY: E.O. 8757, 6 F.R. 2517; E.O. 9134, 7 F.R. 2687.

[1] 7 F.R. 3785, 4858.

*Copies may be obtained from the Office of Price Administration.

[1] 6 F.R. 6367.
[2] 7 F.R. 5879.

§ 1900.1 *Insignia of Office of Civilian Defense and Administrative Staff*—(a) *Basic insigne.* The basic insigne prescribed for the Office of Civilian Defense shall consist of the letters "CD" in red centered in a white equilateral triangle embossed on a circular field of blue.

(b) *Insignia of Administrative Staff.* The prescribed insignia for the Administrative Staff shall consist of the basic insigne of the Office of Civilian Defense, which, when used by persons employed or appointed in any capacity in the Washington office and Regional Offices of the Office of Civilian Defense, may be superimposed on the letters "US", and when used by members of State Defense Councils or Local Defense Councils, or Committees thereof, including the local Civilian Defense Volunteer Office, or persons who are employed or appointed by such Committees as staff members or employees, may be used together with the name, or abbreviation of the name, of the particular State or community.

(c) *"CD" insignia.* The use of the letters "CD" alone and not in connection with prescribed insignia of the Office of Civilian Defense or any branch or unit thereof is restricted to arm bands for registered trainees for the United States Citizens Defense Corps.

§ 1900.2 *United States Citizens Defense Corps*—(a) *Units.* The United States Citizens Defense Corps (hereinafter referred to as the "Defense Corps") consists of units composed of enrolled members in (1) the protective services engaged in civilian defense now established and hereinafter specified, (2) additional protective services engaged in civilian defense from time to time established as units of the Defense Corps pursuant to order of the Director, (3) services related to the protective services engaged in civilian defense now or hereafter established as such by order of the Director, including chaplains. The protective services engaged in civilian defense now established are:

(i) Staff Unit.
(ii) Air Raid Wardens Unit.
(iii) Auxiliary Police Unit.
(iv) Auxiliary Firemen Unit.
(v) Fire Watchers Unit.
(vi) Demolition and Clearance Unit.
(vii) Road Repair Unit.
(viii) Rescue Unit.
(ix) Decontamination Unit.
(x) Medical Unit.
(xi) Nurses' Aides Unit.
(xii) Drivers Unit.
(xiii) Messengers Unit.
(xiv) Emergency Food and Housing Unit.
(xv) Utility Repair Unit.
(xvi) Instructors Unit.

(b) *Insignia.* The insignia for the aforesaid units of the Defense Corps are prescribed in § 1902.1 (c) of this chapter (Section 1 (c) of Office of Civilian Defense Regulations No. 2), and the use and wear of prescribed insignia shall be governed by the aforementioned section and all other rules, regulations, orders, and instructions of the Director.

(c) *Supervision.* The Defense Corps is under the supervision of the Office of Civilian Defense, Protection Branch, which is headed by an assistant director appointed by and responsible to the Director.

§ 1900.3 *United States Citizens Service Corps*—(a) *Membership and organization.* The United States Citizens Service Corps (hereinafter referred to as the "Service Corps") shall consist of members engaged in voluntary community war activities approved by the respective Local Defense Councils, except such as are related to protection against enemy attack and therefore are activities of the Defense Corps.

(b) *Insigne.* The insigne for the Service Corps is prescribed in § 1902.1 (c) of this chapter, and the use and wear of the prescribed insigne shall be governed by the aforementiond section and all other rules, regulations, orders, and instructions of the Director.

(c) *Supervision.* The Service Corps shall be under the supervision of the Office of Civilian Defense, Mobilization Branch, which shall be headed by an assistant director appointed by and responsible to the Director.

§ 1900.4 *Civil Air Patrol*—(a) *Units.* The Civil Air Patrol consists of units composed of volunteer members engaged in civilian air activities, including the performance of such missions as shall be requested by the United States Army or Navy or other departments or agencies of the United States Government, such as observation and patrol flying, courier service, ferry service, forest patrol, and other types of activity prescribed by the Director and appropriate to be performed by the Civil Air Patrol.

(b) *Insignia.* The insignia for the Civil Air Patrol are prescribed in § 1902.1 (c) of this chapter (Section 1 (c) of Office of Civilian Defense Regulations No. 2), and the use and wear of the prescribed insignia shall be governed by the aforementioned section and all other rules, regulations, orders, and instructions of the Director.

(c) *Supervision.* The Civil Air Patrol is under the supervision of the Office of Civilian Defense and is headed by the National Commander of the Civil Air Patrol appointed by and responsible to the Director.

§ 1900.5 *Civilian Defense Auxiliary Group*—(a) *Personnel.* The Civilian Defense Auxiliary Group hereinafter referred to as the "Auxiliary Group") includes certain classes of persons whose duties require them to be on the streets during air raids and air raid drills, but who have no special civilian defense training as required for members of the Defense Corps or the Civil Air Patrol. Certain classes of persons who may be included in the Auxiliary Group will be designated from time to time by order of the Director; but additional classes of persons may, subject to rules, regulations, or orders to be issued by the Director, be authorized by Local Defense Councils to be included in the Auxiliary Group, entitled to use and wear its insigne.

(b) *Insigne.* The insigne for the Auxiliary Group is prescribed in § 1902.1 (c) of this chapter (Section 1 (c) of Office of Civilian Defense Regulations No. 2), and the use and wear of the prescribed insigne shall be governed by the aforementioned section and all other rules, regulations, orders, and instructions of the Director. Use and wear of such prescribed insigne shall be governed by regulations to be issued by the Director. It shall be unlawful for any person to wear such insigne except in accordance with the rules, regulations, orders, and instructions of the Director. Persons in the Auxiliary Group shall not wear or use pins or lapel buttons embodying the prescribed insigne, but may use automobile plates or stickers, and during blackouts, practice blackouts, air raids, or air raid drills, while actively engaged in the performance of duties, or while in transit to or from their places of duty, may wear arm bands or brassards.

(c) *Supervision.* Persons in the Auxiliary Group shall be under the supervision and direction of the Local Defense Councils, subject to further order of the Director.

[SEAL] JAMES M. LANDIS,
Director of Civilian Defense.

AUGUST 21, 1942.

PART 1900—ORGANIZATION

ESTABLISHMENT OF FOREST FIRE FIGHTERS SERVICE

[Administrative Order 27 Amendment 1]

Pursuant to authority granted by Executive Order No. 8757 dated May 20, 1941, as amended by Executive Order No. 9134 dated April 15, 1942, and Executive Order No. 9165 dated May 19, 1942, the Director of Civilian Defense hereby orders that §§ 1900.10 to 1900.12 of this chapter (Office of Civilian Defense Administrative Order No. 27[1]), confirming the establishment of the Forest Fire Fighters Service, be amended by striking out § 1900.10 thereof (Section 1 of Office of Civilian Defense Administrative Order No. 27), and substituting therefor the following:

§ 1900.10 *Purpose.* The Forest Fire Fighters Service has been established in accordance with the policy of the Facility Security Program of the Office of Civilian Defense, to assist in safeguarding forest lands and other timber facilities and resources, to aid in prevention and suppression of fires which might endanger such facilities and resources, and to minimize the effects of any such fires. Its functions shall be to aid in nation-wide forest fire prevention education and to enroll volunteer fire fighters for serv-

PART 8—RULES GOVERNING SHIP SERVICE

REQUIREMENTS OF EMERGENCY OR RESERVE INSTALLATION

The Commission on August 18, 1942, effective September 18, 1942, adopted the following paragraph (l) to § 8.115[1] *Requirements of emergency or reserve installations.* • • •

(l) A reliable artificial antenna shall be provided for use in testing the emergency transmitter for effective operation on the frequency 500 kc. and shall be capable of permitting this operation at not less than 70 per cent of the normal antenna current without endangering or damaging, from excessive voltage or current, any component of the transmitter and artificial antenna. In the event circuit arrangements permit connection of the artificial antenna to the main transmitter or any other transmitter, of higher power than is normally supplied to the artificial antenna by the emergency transmitter, the artificial antenna then shall be capable either of reliable operation at the highest power with which it can be supplied or shall be adequately protected against damage due to excessive voltage or current. The artificial antenna shall be available, at all times while the vessel is in a harbor or port, for immediate and convenient use with the emergency transmitter. (Sec. 4 (l), 48 Stat. 1068; 47 U.S.C. 154 (l))

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

Notices

WAR DEPARTMENT.

APPOINTMENT OF CHAPLAINS IN REGULAR ARMY

(1) In order to fill existing and prospective vacancies by appointment in the Corps of Chaplains, Regular Army, a selection board will be convened by the War Department December 1 to December 5, inclusive, 1942. Appointments will be made under the provisions of AR 605-30 except that any provisions of those regulations in conflict with this circular are suspended.

(2) Eligibility requirements will be as prescribed in paragraph 4, AR 605-30. Chaplains of the Army of the United States, who shall not have reached their 34th birthday at the time of their entrance upon extended active duty and who have been upon such duty for a continuous period of 6 months or more on the date of application may apply.

(3) Formal application on W.D., A.G.O. Form No. 62 (Application for Commission in the Regular Army) with recommendation and comments as to moral character and general fitness by the commanding officer, accompanied by certified transcript of college and seminary record, proper ecclesiastical indorsement and completed W.D., A.G.O. Form No. 63 (Report of Physical Examination), will be submitted through channels so as to reach The Adjutant General not later than December 1, 1942. Applications received after that date will not be considered. The Office of the Chief of Chaplains will endeavor to secure the ecclesiastical indorsement and college and seminary record for those applicants serving outside the continental limits of the United States.

(4) Personal appearance of the applicant before the board is not contemplated nor will a written thesis be required. Selection will be based upon the evidence submitted by the applicant and such other data as may be available to the board.

[SEAL] J. A. ULIO,
Major General,
The Adjutant General.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-341]

WHEELING VALLEY COAL CORP. ET AL.

ORDER POSTPONING HEARING

In the matter of the petition of Wheeling Valley Coal Corporation, Cove Hill Coal Company and The Buffalo Coal and Coke Company, code members in District No. 6, for a reduction in the effective minimum prices for Ex-River Shipments into Market Areas 11, 12 and 13, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

A hearing in the above-entitled matter having been scheduled to be resumed at Washington, D. C., on August 24, 1942; and

Petitioners having moved that such resumption of hearing be postponed until October 5, 1942, alleging that counsel for petitioners has been consulted by counsel for several of the District Boards who are parties to the proceeding all of whom have stated that the time set will cause them inconvenience; and

It appearing advisable that the resumption of such hearing be postponed until October 13, 1942;

Now, therefore, it is ordered, That the resumption of the hearing in the above-entitled matter be postponed from 10 o'clock in the forenoon of August 24, 1942, until 10 o'clock in the forenoon of October 13, 1942, at a hearing room of the Bituminous Coal Division, 734 15th Street, N.W., Washington, D. C.

It is further ordered, That the time for filing petitions for intervention be and it hereby is extended from August 24, 1942, to October 8, 1942.

In all other respects the Notice of Resumption of Hearing issued in this matter on August 5, 1942, shall remain in full force and effect.

Dated: August 20, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8173; Filed, August 21, 1942; 11:43 a. m.]

DEPARTMENT OF AGRICULTURE.

Office of the Secretary.

ORDER AUTHORIZING SOLICITOR AND ASSOCIATE SOLICITORS OF THE DEPARTMENT OF AGRICULTURE TO AUTHENTICATE DOCUMENTS OF THE DEPARTMENT

The Solicitor (and, in the absence of the Solicitor, the Acting Solicitor) and the Associate Solicitors (and, in the absence of the Associate Solicitors, the Acting Associate Solicitors) of the Department of Agriculture are hereby authorized severally to authenticate, under the seal of the Department of Agriculture, pursuant to R.S. 882, as amended by sec. 6 (a), 48 Stat. 1109; 28 U.S.C., 1940 ed., 661, copies of any books, records, papers, or other documents, or any books or records of account in whatever form, or minutes (or portions thereof) of proceedings, or copies of such books, records of account, or minutes, in the Department of Agriculture. It is directed that, upon each such authenticated copy or original, as the case may be, there shall appear a recital that such copy or original has been authenticated and the seal of the Department of Agriculture affixed thereto by the direction of the Secretary of Agriculture. It is further directed that each certificate of authentication shall bear the genuine signature of the person executing such certificate.

This order supersedes the order dated January 8, 1942 (7 F.R. 188), authorizing the Solicitor and Assistant Solicitors to authenticate documents.

Done at Washington, D. C., this 19th day of August, 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS FRIDAY, JULY 31, 1942

Important. The apportioned classified Civil Service includes central offices physically located in Washington, D. C., or elsewhere. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

FEDERAL POWER COMMISSION.

[Docket Nos. G-109, G-112]

NATURAL GAS PIPELINE CO. OF AMERICA, ET AL.

ORDER POSTPONING HEARING

AUGUST 20, 1942.

Illinois Commerce Commission, complainant, *v.* Natural Gas Pipeline Company of America and Texoma Natural Gas Company, defendants. In the matter of Natural Gas Pipeline Company of America and Texoma Natural Gas Company.

It appearing to the Commission that: (a) By its order of June 26, 1942, the Commission ordered that the hearing in the above-entitled matters be resumed on August 24, 1942, in accordance with the terms and purposes of the Commission's orders of October 14, 1938 and April 14, 1939;

(b) Good cause exists for the postponement of the hearing in the above-entitled matters:

The Commission *orders* that: The resumption of the hearing heretofore set by the Commission's order of June 26, 1942, to commence on August 24, 1942, be and the same is hereby postponed, subject to further order of the Commission.

By the Commission.

OFFICE OF PRICE ADMINISTRATION.

[Order 28 Under Maximum Price Regulation 120[1]—Bituminous Coal Delivered From Mine or Preparation Plant—Docket 3120-81]

SHAY COAL COMPANY

ORDER GRANTING ADJUSTMENT

On June 6, 1942, the Shay Coal Company, Kingwood, West Virginia, filed a petition for adjustment or exception, pursuant to § 1340.207 of Maximum Price Regulation No. 120.

Due consideration has been given to the petition and an opinion in support of this Order No. 28 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, it is hereby ordered:

(a) Shay Coal Company may sell and deliver, and agree, offer, solicit, and attempt to sell and deliver by all methods of transportation except truck or wagon, the bituminous coal described in paragraph (b) at prices not in excess of those stated therein. Any person may buy and receive and agree, offer, solicit, and attempt to buy and receive such bituminous coal so shipped at such prices from the Shay Coal Company.

(b) Coals produced at the Shay No. 2 Mine (Mine Index No. 169) of the Shay Coal Company, located in Preston County, West Virginia, District No. 3, for all shipments except truck, may be sold at prices not to exceed $2.30 per ton in Size Group 6, $2.30 per ton in Size Group 7, and $2.15 per ton in Size Group 9.

(c) This Order No. 28 may be revoked or amended by the Price Administrator at any time.

(d) All prayers of the petition not granted herein are denied.

(e) Unless the context otherwise requires, the definitions set forth in § 1340.208 of Maximum Price Regulation No. 120 shall apply to terms used herein.

(f) This Order No. 28 shall become effective August 22, 1942.

Issued this 21st day of August, 1942.

LEON HENDERSON,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-589]

MIDLAND UNITED COMPANY, TRUSTEES

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 19th day of August, A. D. 1942.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than September 3, 1942 at 5:30 p. m. E. W. T., request

[1] 7 F.R. 3168, 3447, 3901, 4336, 4342, 4404, 4540, 4541, 4700, 5059, 5560, 5607.

[2] 7 F.R. 971, 3663.

the Commission in writing that a hearing be held on such matter stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration as filed or as amended may become effective or may be granted as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such requests should be addressed: Secretary, Securities and Exchange Commission, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration which is on file in the office of said Commission for a statement of the transactions therein proposed, which is summarized below:

The Trustees of Midland United Company, a registered holding company, propose to make a capital contribution to Indiana Railroad, a wholly owned, direct, non-utility subsidiary of Midland United Company. The total amount of the capital contribution proposed is $7,093,910.08, in the form and amounts as follows:

Open Account Indebtedness of Indiana Railroad to Midland United Company	$6,223,600.31
Fourteen Demand Promissory Notes of Indiana Railroad issued to Midland United Company during 1932 (aggregate face amount)	302,132.13
Two Demand Promissory Notes of Indiana Railroad payable to Public Service Company of Indiana and endorsed for transfer to Midland United Company (aggregate face amount)	176,932.10
Reduction in principal amount of Demand Promissory Note of Indiana Railroad payable to Midland United Company, issued December 31, 1931 presently in the face amount of $1,111,245.54 (amount of reduction)	391,245.54
Total	7,093,910.08

Upon the consummation of the proposed capital contribution as above described, the capitalization of Indiana Railroad will consist of 500 shares of common stock, no par value, with an aggregate stated value of $500 and a demand promissory note of Indiana Railroad payable to the order of Midland United Company, dated December 31, 1931, in the principal amount of $720,000. As at June 30, 1942 the balance sheet of Indiana Railroad indicated a net worth of $560,545.82.

The filing further indicates that upon the consummation of the capital contribution, Midland United Company proposes to sell to Wesson Company, a nonaffiliate, the entire remaining capitalization of Indiana Railroad for a cash consideration of $650,000 to be payable $200,000 in cash and the balance in three equal annual installments beginning September 1, 1943.

The declarant has indicated certain sections of the Act and certain Rules as being applicable to the proposed transactions, including section 12 (b) and Rule U-45.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 1-2577]

BELGIAN NATIONAL RAILWAYS CO.

ORDER SETTING HEARING ON APPLICATION TO STRIKE FROM LISTING AND REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of August, A. D. 1942.

In the matter of Belgian National Railways Company participating preferred stock, Series C to J, par value 500 Belgian francs; and American Shares each representing five shares of participating preferred stock, Series C to J.

The New York Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, having made application to strike from listing and registration the above-mentioned securities of Belgian National Railways Company; and

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10 a. m. on Monday, September 21, 1942 at the office of the Securities and Exchange Commission, 120 Broadway, New York, New York, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Adrian C. Humphreys, or any other officer or officers of the Commission named by it for that purpose, shall preside at the hearing on such matter. The officer so designated to preside at such hearing is hereby empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-587]

POTOMAC ELECTRIC POWER COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 19th day of August, A. D., 1942.

Potomac Electric Power Company, a public utility company and a subsidiary of Washington Railway and Electric Company, a registered holding company, and a subsidiary of The North American Company, a registered holding company, having on August 5, 1942 filed an application or declaration (or both) with this Commission pursuant to the Public Utility Holding Company Act of 1935 and particularly section 6 (b) and Rule U-50 promulgated under the provisions of said Act, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise as provided by Rule U-23 under said Act; and the application or declaration (or both) being concerned with the proposed issue and sale at competitive bidding by Potomac Electric Power Company of $5,000,000 principal amount of its First Mortgage Bonds, 3¼% Series due 1977, due August 1, 1977; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said application or declaration (or both) and that said application shall not be granted or said declaration shall not become effective except pursuant to the further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the Rules and Regulations thereunder be held on August 26, 1942 at 11:00 A. M., E. W. T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day, the hearing-room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such applicant or declarant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file notice to that effect with the Commission on or before the date of the hearing.

It is further ordered, That without limiting the scope of issues presented by said application or declaration, particular attention will be directed at said hearing to the determination of whether any terms or conditions in the interest of investors or consumers should be imposed upon the applicant.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

EXECUTIVE ORDER 9230

AMENDING SECTION 3 OF EXECUTIVE ORDER NO. 8743 OF APRIL 23, 1941, EXTENDING THE CLASSIFIED CIVIL SERVICE

By virtue of the authority vested in me by section 1 of the act of November 26, 1940, entitled "Extending the Classified Civil Service of the United States" (54 Stat. 1211), by the Civil Service Act (22 Stat. 403), and by section 1753 of the Revised Statutes of the United States, it is ordered that section 3 of Executive Order No. 8743 of April 23, 1941,[1] extending the classified civil service be, and the same is, hereby amended to read as follows:

Section 3. (a) Upon consideration of the report of the Committee on Civil Service Improvement (House Document No. 118, 77th Congress) appointed by Executive Order No. 8044 of January 31, 1939,[2] it is hereby found and determined that the regulations and procedures hereinafter prescribed in this section with respect to attorney positions in the classified civil service are required by the conditions of good administration.

(b) There is hereby created in the Civil Service Commission (hereinafter referred to as the Commission) a board to be known as the Board of Legal Examiners (hereinafter referred to as the Board). The Board shall consist of the Solicitor General of the United States and the chief law officer of the Civil Service Commission, as members *ex officio*, and nine members to be appointed by the President, four of whom shall be attorneys chosen from the chief officers of the Executive departments, agencies or corporate instrumentalities of the Government, two from the law-teaching profession, and three from attorneys engaged in private practice. The President shall designate the chairman of the Board. Five members shall constitute a quorum, and the Board may transact business notwithstanding vacancies thereon. Members of the Board shall receive no salary as such, but shall be entitled to necessary expenses incurred in the performance of their duties hereunder.

(c) It shall be the duty of the Board to promote the development of a merit system for the recruitment, selection, appointment, promotion, and transfer of attorneys in the classified civil service in accordance with the general procedures outlined in Plan A of the report of the Committee on Civil Service Improvement, appointed by Executive Order No. 8044 of January 31, 1939.

(d) The Board, in consultation with the Commission, shall determine the regulations and procedures under this section governing the recruitment and examination of applicants for attorney positions, and the selection, appointment, promotion and transfer of attorneys, in the classified service.

(e) The Commission shall in the manner determined by the Board establish a register or registers for attorney positions in the classified service and such positions shall thereafter be filled from such registers as are designated by the Board. Unless otherwise determined by the Board, any register so established shall not be in effect for a period longer than one year from the date of its establishment. Upon request of the Board, the Commission shall appoint regional or local boards of examiners composed of persons approved by the Board, within or without the Federal service, to interview and examine applicants as the Board shall direct.

(f) The number of names to be placed upon any register of eligibles for attorney positions shall be limited to the number recommended by the Board; and such registers shall not be ranked according to the ratings received by the eligibles, except that persons entitled to veterans' preference as defined in section 1 of Civil Service Rule VI shall be appropriately designated thereon.

(g) Any person whose name has been placed upon three registers of eligibles

covering positions of the same grade, and who has not been appointed therefrom, shall not thereafter be eligible for placement upon any subsequently established register covering positions of such grade.

(h) So far as practicable and consistent with good administration, the eligibles on any register for attorney positions and appointments from such register shall be apportioned among the several States and Territories and the District of Columbia upon the basis of population as ascertained in the last preceding census. The Commission shall certify to the appointing officer for each vacancy all the eligibles on the appropriate register except those whose appointment would, in the determination of the Board, be inconsistent with the apportionment policy herein prescribed. The appointing officer shall make selections for any vacancy or vacancies in attorney positions from the register so certified, with sole reference to merit and fitness.

(i) Any position affected by this section may be filled before appropriate registers have been established pursuant to this section only by a person whose appointment is approved by the Board. The Board may require as a condition of its approval that persons thus proposed for appointment pass a noncompetitive examination and may designate examining committees composed of persons within or without the Federal service to conduct such examinations. Persons whose appointment was approved by the Board prior to March 16, 1942, and who pass a noncompetitive examination prescribed by the Board shall be eligible for a classified civil-service status after the expiration of six months from the date of appointment upon compliance with the provisions of Section 6 of Civil Service Rule II other than those provisions relating to examination. Effective March 16, 1942, all appointments to attorney and law clerk (trainee) positions shall be for the duration of the present war and for six months thereafter unless specifically limited to a shorter period.

(j) The incumbent of any attorney position covered into the classified service by section 1 of this order may acquire a classified civil-service status in accordance with the provisions of Section 2 (a) of the act of November 26, 1940 (54 Stat. 1211) or, in the discretion of the Board and when applicable, Section 6 of Civil Service Rule II: *Provided*, That the noncompetitive examination required thereunder shall be prescribed by the Commission with the approval of the Board.

(k) The Commission with the approval of the Board shall appoint a competent person to act as Executive Secretary to the Board; and the Commission shall furnish such further professional, clerical, stenographic, and other assistants as may be necessary to carry out the provisions of this section.

(l) The Civil Service Rules are hereby amended to the extent necessary to give effect to the provisions of this section.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
August 20, 1942.

[F. R. Doc. 42–8188; Filed, August 21, 1942; 3:16 p. m.]

EXECUTIVE ORDER 9231

SUSPENSION OF EIGHT-HOUR LAW AS TO MECHANICS AND LABORERS EMPLOYED BY THE DEPARTMENT OF THE INTERIOR OR THE FEDERAL WORKS AGENCY IN CONSTRUCTION AND RECONDITIONING OF HIGHWAYS NECESSARY FOR THE NATIONAL DEFENSE IN THE TERRITORY OF ALASKA

WHEREAS the Department of the Interior, Alsaka Road Commission, is in the process of constructing and reconditioning, respectively, the Glenn and Richardson Highways, in the Territory of Alaska, which highways are necessary for military purposes and national defense in the Territory of Alaska; and

WHEREAS the Public Roads Administration, Federal Works Agency, is engaged in the construction of the Alaska-Canada Highway in the Territory of Alaska, which highway is necessary for military purposes and national defense in the Territory of Alaska; and

WHEREAS the interests of national defense require the completion of these highways at the earliest practicable date; and

WHEREAS by section 1 of the act of August 1, 1892, 27 Stat. 340, as amended by the act of March 3, 1913, 37 Stat. 726 (U.S.C., title 40, section 321), the service of all laborers and mechanics employed by the Government upon any public work of the United States is limited to eight hours in any one day, except in case of extraordinary emergency; and

WHEREAS it appears that unless the eight-hour limitation is suspended as to laborers and mechanics employed by the Department of the Interior or by the Federal Works Agency in the construction of the foregoing public works, it will be impossible, because of the labor shortage in the Territory of Alaska and because of the remoteness of these projects from sources of labor supply in the United States and the difficulties of housing and transporting additional labor from the United States, to accomplish the work necessary to the completion of such public works within the time required by the interests of national defense; and

WHEREAS I find that by reason of the foregoing an extraordinary emergency exists:

NOW, THEREFORE, by virtue of the authority vested in me by section 1 of the said act of August 1, 1892, as amended by the said act of March 3, 1913, and as President of the United States, I hereby suspend, for the duration of the emergencies proclaimed by me on September 8, 1939 and May 27, 1941, the above-mentioned provisions of law prohibiting more than eight hours labor in any one day of laborers and mechanics employed by the Government of the United States as to all work performed by laborers and mechanics employed by the Department of the Interior in the construction and reconditioning, respectively, of the Glenn and Richardson Highways in the Territory of Alaska, and by the Federal Works Agency in the construction of the Alaska-Canada Highway in the Territory of Alaska: *Provided*, that the wages of all laborers and mechanics employed by the Department of the Interior or by the Federal Works Agency upon such projects shall be computed on a basic day rate of eight hours of work with overtime rates to be paid at not less than time and one-half the basic rate of pay for all hours of work in excess of eight hours in any one day.

EXECUTIVE ORDER 9232

TRANSFERRING THE FUNCTIONS OF THE SAMPLE SURVEYS SECTION OF THE WORK PROJECTS ADMINISTRATION TO THE BUREAU OF THE CENSUS

By virtue of the authority vested in me by Title I of the First War Powers Act, 1941, approved December 18, 1941 (Public Law 354—77th Congress), it is hereby ordered as follows:

1. The functions, records, property (including office equipment), personnel, and administration of the Sample Surveys Section of the Work Projects Administration, Federal Works Agency, are transferred to the Bureau of the Census, Department of Commerce.

2. This order shall become effective August 24, 1942.

FRANKLIN D ROOSEVELT

Regulations

TITLE 10—ARMY: WAR DEPARTMENT

Chapter VII—Personnel

PART 79a [1]—ARMY SPECIALIST CORPS

MISCELLANEOUS AMENDMENTS

Sections 79a.37 (b) (2), 79a.38, 79a.39 and 79a.45 are hereby amended, and §§ 79a.46 and 79a.47 are added, as follows:

§ 79a.37 *Physical examination and standards.* • • •

(b) *Form used.* • • •

(2) The following certificate will be completed and appended to the WD., AGO Form No. 63, except when the applicant meets the physical requirements for any type of military service:

I certify that I have carefully examined the applicant and have correctly recorded the results of the examination; and that to the best of my judgment and belief,* (1) he is mentally and physically qualified for duties involving _____
(Arduous, moderate, or light)
physical exertion; (2) he is physically or mentally unsuitable for service in the Army Specialist Corps by reason of _____
_____
_____

*Line out either (1) or (2) whichever does not apply.

(R.S. 161; 5 U.S.C. 22) [Par. 42*b* (2), Army Specialist Corps Regulations (tentative) March 24, 1942, as amended by C 4, July 14, 1942]

• • • • • •

§ 79a.38 *Immunizations.* Each member will be immunized in accordance pertinent existing Army Regulations with the exception that immunization against yellow fever will be required for only such members who are to serve in the tropics or other areas where danger of yellow fever exists. (R. S. 161; 5 U. S. C. 22) [Par. 43, Army Specialist Corps Regulations (tentative) March 24, 1942, as amended by C 4, July 14, 1942]

§ 79a.39 *Medical attendance and hospitalization.* (a) An officer or specialist of the Corps will be furnished necessary medical attendance and hospitalization for injury or disease during the time such officer or specialist is on active duty status with the Corps. Hospitalization will be provided in contagious and infectious diseases (all venereal diseases are held to be infectious) until the acute stage of the disease is over and the danger of transmission or infection is believed to be past. Venereal patients will be disposed of as prescribed in § 79a.41. Medical care will not include definitive treatment for long-continued cases, elective surgical operations, or dental work

[1] 7 F.R. 3915, 4287.

other than that authorized by instructions from the War Department. When hospitalization is required, Army hospitals will be used if available and in the vicinity. If such hospitals are not available and within reasonable distance, hospitalization and medical attendance will be arranged for by corps area, department, or field commanders in other Government hospitals or, if such hospitals are not available, in civilian hospitals.

(b) A member who, during authorized absence from place of duty, is injured or becomes ill and who in consequence is confined to a hospital or elsewhere will be carried as absent sick, provided, the injury or illness is not a result of his own misconduct, and provided further that investigation discloses that the additional absence involved was unavoidable.

(c) Officers of the Corps when hospitalized in military hospitals will pay for hospital subsistence at the same rate charged officers of the Army, and will be provided with similar accommodations. Specialists will pay for hospital subsistence at the enlisted rate and will be provided with enlisted accommodations.

(d) Dependents of members of the Corps will not be furnished medical care or hospitalization; however, emergency treatment may be rendered at Army dispensaries or hospitals. (R.S. 161; 5 U.S.C. 22) [Par. 44, Army Specialist Corps Regulations (tentative) March 24, 1942, as amended by C 4, July 14, 1942]

§ 79a.45 *Uniforms, insignia, etc.*—(a) *Prescribed uniform and wearing thereof.* (1) Except as modified by the regulations in this part the provisions of §§ 79.1 to 79.64 and Army Regulation No. 600–40 [2] are hereby adopted as the uniform regulations for members of the Army Specialist Corps.

(2) The prescribed uniform will be worn by all members of the Corps at the same times and under the same circumstances as is prescribed for military personnel. Dress uniforms as prescribed by AR 600–38 [3] are not authorized for members of the Corps.

(b) *Buttons for officers and specialists*—(1) *Coat.* Of silver gray plastic of suitable composition and weight, circular and slightly convexed with raised rim, an eagle displayed with wings inverted with letters ASC above head of eagle in clear relief. To be 25-ligne (5/8 inch) for small, 36-ligne (9/10 inch) for large.

(2) *Overcoat.* Same as prescribed for coat. (See (1) above.)

(3) *Cap, service.* Same as for small size on coats. (See (1) above.)

(c) *Coat, service, winter, for officers.* The buckle for the cloth belt will be a detachable 1¾-inch tongueless bar of silver gray plastic.

(d) *Headgear.* Cap, garrison, for officers and specialists, will be of standard adopted design with curtain and with a cord edge braid of adopted Corps colors, which are burgundy and silver gray.

(e) *Insignia*—(1) *Cap, service, for wear by officers.* Insignia to be of silver gray plastic of suitable composition and weight, consisting of an eagle displayed with wings inverted, 2 inches in height.

(2) *Coat and shirt.* Insignia for coat and shirt will consist of:

(i) *U. S.* The block letters "U. S.", 7/16 inch in height, each letter to be followed by a period.

(ii) *A. S. C.* The block letters "A. S. C.", 7/16 inch in height, each letter to be followed by a period.

(3) *How worn*—(i) *By officers.* The letters "U. S." and the letters "A. S. C." will be worn in the same manner as is prescribed for wearing the letters "U. S." and the insignia of arm or service by Army officers.

(ii) *By specialists.* In the same manner as prescribed for officers of the Corps in (i) above, on the coat. Specialists will not wear collar insignia on the shirt.

(4) *Insignia of grade for officers and specialists.* Same as for military personnel, except that specialists will wear a tab of silver gray cloth with the letters A. S. C. embroidered thereon, in burgundy thread, of adopted size and shape worn ½ inch below the chevrons.

(5) *Unauthorized.* No insignia except as prescribed above will be worn by members of the Corps. (R.S. 161; 5 U.S.C. 22) [Par. 51 as amended and Pars. 52, 53, 54, and 55, Army Specialist Corps Regulations (tentative) March 24, 1942, as added by C 5, July 17, 1942]

§ 79a.46 *Decorations and service medals.* Members of the Corps who are entitled in their own right to decorations, service medals, and badges may wear them under the conditions and in the manner prescribed in Army Regulations. (R.S. 161; 5 U.S.C. 22) [Par. 57, Army Specialist Corps Regulations (tentative) March 24, 1942, as added by C 5, July 17, 1942]

§ 79a.47 *Authorized uniform pending availability of prescribed uniform.* Until the prescribed uniform of the Corps can be procured, members of the Corps proceeding to theaters of operations and oversea bases will wear the woolen or cotton service uniform of the Army, as prescribed by the commanding general, without insignia, and an "emblem, sleeve, noncombatant." The emblem will be worn attached permanently to the left sleeve of the outer garment, midway between the elbow and the shoulder. (R.S. 161; 5 U.S.C. 22) [Par. 58, Army Specialist Corps Regulations (tentative) March 24, 1942, as added by C 5, July 17, 1942]

[SEAL] J. A. ULIO,
Major General,
The Adjutant General.

Chapter IX—Transport

PART 93 [1]—TRANSPORTATION OF INDIVIDUALS

RESTRICTION ON TRANSPORTATION OF DEPENDENTS AND MOVEMENT OF HOUSEHOLD GOODS

Section 93.8 is hereby added as follows:

§ 93.8 *Restriction on transportation of dependents and movement of household goods during the present war*—(a) *Regulations governing.* For military reasons and pursuant to the provisions of act June 5, 1942, Public Law 580–77th Congress (Bull. No. 27, W.D., 1942), effective September 1, 1942, and for the duration of the present war, the movement of dependents and household goods of all military personnel and civilian employees of the War Department will be governed by the provisions of subparagraphs (1) and (2) of this paragraph.

(1) All military personnel and civilian employees of the War Department who, prior to September 1, 1942, are on duty at a place designated by competent authority and who are thereafter assigned or transferred from their post, camp, or station or location to another post, camp, or station or location are authorized to move their dependents and household goods at Government expense to such location in the United States as may be designated by the military person or civilian employee concerned. Once dependents and household goods have been moved at Government expense on or after September 1, 1942, neither dependents nor household goods will again be moved at Government expense.

(2) All military personnel and civilian employees of the War Department who, on or after September 1, 1942, are placed on duty at a place designated by competent authority, are authorized to move their dependents and household goods at Government expense to such location in the United States as may be designated by the military person or civilian concerned. Once dependents and household goods have been moved at Government expense on or after September 1, 1942, neither dependents nor household goods will again be moved at Government expense.

(b) *Applicability.* (1) The above restrictions on movement of dependents apply to the movements for which travel allowances or travel in kind are now authorized, and to such movement of household goods as is now authorized to be made at Government expense.

(2) The above restrictions do not apply to movements which may be authorized by mass evacuation from designated areas.

(c) *Regulations remaining in effect.* (1) Except as limited above, all regulations now applicable to the movement of dependents and household goods remain in effect.

(2) Present regulations governing the movement of dependents and household goods of military personnel returned to civil life through retirement, discharge, or relief from active duty remain in effect and are not modified by the above limitations.

(3) Nothing contained herein will be construed so as to prevent the shipment of authorized baggage under the provisions of Army Regulations.

(d) *Suspension of conflicting Army Regulations.* All Army Regulations in conflict with these instructions are suspended for the duration of the present war. (R.S. 161; 5 U.S.C. 22, and Act of June 5, 1942, Public Law 580—77th Congress) [Cir. 261, W.D., August 4, 1942]

[SEAL] J. A. ULIO,
Major General,
The Adjutant General.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 3862]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

NATIONAL COIN CORPORATION, ET AL.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (y 10) *Advertising falsely or misleadingly—Scientific or other relevant facts:* § 3.6 (ee) *Advertising falsely or misleadingly—Terms and conditions:* § 3.6 (ff 5) *Advertising falsely or misleadingly—Undertakings, in general:* § 3.72 (n 10) *Offering deceptive inducements to purchase—Terms and conditions:* § 3.72 (p) *Offering deceptive inducements to purchase—Undertakings, in general.* In connection with the offering to purchase and purchase of old and rare coins or the offering for sale, sale, and distribution of such coins and catalogs or other material describing same, in commerce, representing, directly or by implication, (1) that all old coins are rare coins or have values comparable to the values or prices of rare coins; (2) that old coins generally have any value greatly in excess of their face value; (3) that the values of or prices which may be obtained for a very few rare coins are representative of the values or usual selling prices of old coins generally; (4) that respondent will buy particular coins, or coins of certain kinds, at prices in excess of their face value, unless all conditions, limitations, or restrictions applicable to such purchases are clearly stated in conjunction therewith; and (5) that respondent's coin catalogs list all known valuable coins; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, National Coin Corporation, et al., Docket 3862, August 14, 1942]

In the Matter of National Coin Corporation, a Corporation, and John Romano, an Individual

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, and testimony and other evidence in support of the allegations of said complaint taken before an examiner of the Commission theretofore duly designated by it, and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent John Romano, an individual, his representatives, agents, and employees directly, or through any corporate or other device, in connection with the offering to purchase and purchase of old and rare coins or the offering for sale, sale, and distribution of such coins and catalogs or other material describing same in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication:

1. That all old coins are rare coins or have values comparable to the values or prices of rare coins;

2. That old coins generally have any value greatly in excess of their face value;

3. That the values of or prices which may be obtained for a very few rare coins are representative of the values or usual selling prices of old coins generally;

4. That respondent will buy particular coins, or coins of certain kinds, at prices in excess of their face value, unless all conditions, limitations, or restrictions applicable to such purchases are clearly stated in conjunction therewith;

5. That respondent's coin catalogs list all known valuable coins.

It is further ordered, That the said respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

It is further ordered, That, it appearing to the Commission that respondent National Coin Corporation has been dissolved and is not now in existence, this case be, and the same hereby is, closed as to said corporate respondent.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

[F. R. Doc. 42–8217; Filed, August 22, 1942; 11:16 a. m.]

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 270—RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940

CALL AND REDEMPTION OF SECURITIES ISSUED BY CLOSED-END REGISTERED INVESTMENT COMPANIES

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Investment Company Act of 1940, particularly sections 23 (c) (3) and 38 (a) thereof, and deeming such action appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of said Act, hereby adopts the following § 279.23C–2 [Rule N-23C–2] to read as follows:

§ 270.23C–2 *Call and redemption of securities issued by registered closed-end companies.* (a) Notwithstanding the provisions of § 270.23C–1 [1] [Rule N-23C–1] a registered closed-end investment company may call or redeem any securities of which it is the issuer, in accordance with the terms of such securities or the charter, indenture or other instrument pursuant to which such securities were issued: *Provided,* That, if less than all the outstanding securities of a class or series are to be called or redeemed the call or redemption shall be made by lot, on a pro rata basis, or in such other manner as will not discriminate unfairly against any holder of the securities of such class or series.

(b) A registered closed-end investment company which proposes to call or redeem any securities of which it is the issuer shall file with the Commission notice of its intention to call or redeem such securities at least thirty days prior to the date set for the call or redemption: *Provided, however,* That if notice of the call or the redemption is required to be published in a newspaper or otherwise, notice shall be given to the Commission at least ten days in advance of the date of publication. Such notice shall be filed in triplicate and shall include (1) the title of the class of securities to be called or redeemed, (2) the date on which the securities are to be called or redeemed, (3) the applicable provisions of the governing instrument pursuant to which the securities are to be called or redeemed and, (4) if less than all the outstanding securities of a class or series are to be called or redeemed, the principal amount or number of shares and the basis upon which the securities to be called or redeemed are to be selected. [Rule N–23C–2, effective August 22, 1942.]

(Sec. 23, 54 Stat. 825; 15 U.S.C. 80a–23: sec. 38 (a) 54 Stat. 841; 15 U.S.C. 80a–38)

By the Commission.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A–1437]

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING RELIEF

Order granting relief in the matter of the petition of District Board No. 11 for a

[1] 6 F.R. 1286.

change in description of railroad fuel for sale to the CMStP&P RR.

A petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 having been filed with the Bituminous Coal Division by District Board 11, requesting temporary and conditionally final relief by amendment of § 331.10 of the District 11 price schedule for all shipments except truck by changing those portions of the description of the size dimensions of coal for sale to the Chicago, Milwaukee, St. Paul and Pacific Railroad for locomotive fuel only, both at $1.85 and $1.95 per ton f. o. b. the mine, which now reads: "Double screened coal 8" x 2" down to 6" x 1¼" and intermediate sizes" and "Double screened coal with a bottom size of ¾" and smaller," to read "Lump and double screened coal";

The Bituminous Coal Consumers' Counsel having filed a notice of appearance;

A hearing in this matter having been held on June 10, 1942, before Examiner W. A. Cuff, at a hearing room of the Division in Washington, D. C., at which interested persons were afforded an opportunity to be present and participate fully in the hearing;

Preparation and filing of a report by the Examiner having been waived and the record in this proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered That § 331.10 (*Special prices: Railroad fuel*) in the Schedule of Effective Minimum Prices for District No. 11 For All Shipments Except Truck be and it hereby is amended, effective fifteen (15) days from the date hereof, by deleting from § 331.10 thereof those portions of the description of the size dimensions of coal for sale to the Chicago, Milwaukee, St. Paul and Pacific Railroad for locomotive fuel only, both at $1.85 and $1.95 per ton f.o.b. the mine, which now read: "Double screened coal 8" x 2" down to 6" x 1¼" and intermediate sizes" and "Double screened coal with a bottom size of ¾" and smaller," and by substituting in lieu thereof the words: "Lump and double screened coal."

It is further ordered, That in all other respects the prayers for relief contained in the petition filed herein be and they hereby are denied.

Dated: August 21, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8254; Filed, August 24, 1942; 11:49 a.m.]

[Docket No. A-1560]

PART 339—MINIMUM PRICE SCHEDULE, DISTRICT NO. 19

ORDER GRANTING RELIEF

Memorandum opinion and order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 19 for the establishment of certain price classifications and minimum prices for coals produced in Subdistrict 5 of District No. 19.

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was duly filed with this Division by the above-named party requesting the establishment of certain price classifications and minimum prices for the coals, in Size Groups Nos. 1, 3, 5 and 8, produced in Subdistrict 5 of District No. 19 for shipment into Market Area 243, Alaska.

Petitioner alleges that no specific minimum prices have heretofore been established for the coals in Subdistrict 5 of District No. 19 for shipment to Market Area 243; that such coals, for shipment to that market area, are subject to the minimum prices in effect for shipment to "All Other Market Areas;" that the application of the "All Other Market Area" prices deprives the aforesaid coals of an opportunity to compete upon a fair basis with the coals produced and shipped from Subdistricts 1 and 2 of District No. 19 and Subdistrict 1 of District No. 20 to Market Area 243.

Petitioner further alleges that the need for the establishment of the minimum prices requested in the original petition in this matter is immediate and urgent; that such minimum prices were coordinated in General Docket No. 15 with the minimum prices for coals of comparable size produced in Subdistrict 1 of District No. 20 for shipment to Market Area 243 but that the minimum prices herein requested were inadvertently omitted from the Schedule of Effective Minimum Prices for District No. 19 For All Shipments when it was proposed and established.

No petitions of intervention have been filed with the Division in the above-entitled matter.

In view of the foregoing circumstances, it appears that a reasonable showing of necessity has been made for the granting of temporary relief and that, pending final disposition of this proceeding, interested persons will not be unduly prejudiced by the granting of such temporary relief in the manner hereinafter set forth.

Now, therefore, it is ordered That pending final disposition of the above-entitled matter temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 339.5 (*General prices; minimum prices for shipment via rail transportation*) is supplemented to include the price classifications and minimum prices set forth below for the coals of Subdistrict 5 in District No. 19, in the size groups designated, for shipment by all methods of transportation except truck or wagon to Market Area 243, Alaska.

Subdistrict No. 5—Gebo-Kirby Market Area 243	*Size-groups* 1	3	5	8
	325	315	300	275

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order.

Dated: August 21, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

TITLE 32—NATIONAL DEFENSE

Chapter III—Bureau of Mines

PART 303—GENERAL LICENSES PERTAINING TO EXPLOSIVES

SODIUM NITRATE USED AS FERTILIZER

The general purchaser's license for sodium nitrate as a fertilizer, heretofore issued and published,[1] is hereby amended to include the production of inedible oils, and as amended shall read as follows:

§ 303.6 *General purchaser's license for sodium nitrate as fertilizer.* A general license is hereby granted under the Federal Explosives Act of December 26, 1941 (55 Stat. 863), to any person as defined therein who, as owner, manager, tenant, or sharecropper, operates a tract of land for the production of food, fiber, medicinal herbs, tobacco, or inedible oils, authorizing him to purchase and possess sodium nitrate for use as a fertilizer on that tract of land and to use it for that purpose thereon.

This general license relieves those covered by it only from the duty of applying for and securing an individual license. It does not relieve them or anyone else from the duty of keeping records on the acquisition and disposition of sodium nitrate, as prescribed by the regulations issued under the Act, or from any other obligation imposed upon them by the Act or the regulations. It expires at the close of business on December 31, 1942, unless sooner terminated.

R. R. SAYERS,
Director, Bureau of Mines.

Approved: August 14, 1942.

OSCAR L. CHAPMAN,
Assistant Secretary.

Chapter VI—Selective Service System

[No. 110]

TRANSFER OF REGISTRANT FOR DELIVERY

ORDER PRESCRIBING FORM

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder and more particularly the provisions of § 605.51 of the Selective Service Regulations, I hereby prescribe the following change in DSS forms:

Revision of DSS Form 155, entitled "Transfer of Registrant for Delivery," effective immediately upon the filing hereof with the Division of the Federal Register.[1] The supply of forms on hand will be used until exhausted.

The foregoing revision shall become a part of the Selective Service Regulations effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

[No. 111]

CLAIM FOR DEFERRED CLASSIFICATION BY PERSON OTHER THAN REGISTRANT

ORDER PRESCRIBING FORM

By virtue of the Selective Training and Service Act of 1940 (54 Stat, 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder and more particularly the provisions of § 605.51 of the Selective Service Regulations, I hereby prescribe the following change in DSS forms:

Revision of DSS Form 42 "Claim for Deferred Classification by Person Other Than Registrant," effective immediately upon the filing hereof with the Division of the Federal Register.[1] The supply of original DS Form 42 on hand will be used until exhausted.

The foregoing revision shall, effective immediately upon the filing hereof with the Division of the Federal Register, become a part of the Selective Service Regulations.

LEWIS B. HERSHEY,
Director.

Chapter VIII—Board of Economic Warfare

Subchapter B—Export Control

[Amendment No. XXV]

PART 801—GENERAL REGULATIONS

EXPORTATION OF PETROLEUM PRODUCTS AND TETRAETHYL LEAD

Section 801.2 *Prohibited exportations* is amended in the following particulars: In the column headed "Gen. Lic. Group," the group designations assigned to the commodities listed below (at every place where said commodities appear in said section) are amended to read as follows:

Commodity	Department of Commerce No.	Gen. Lic. group
PETROLEUM PRODUCTS AND TETRAETHYL LEAD		
C. Other crude oil (including topped crude, long residuum) not conforming to specifications of commodities classified under Department of Commerce Nos. 5011.03 and 5011.07	5011.98	C & 17
D3 and D4. Natural gasoline not conforming to specifications of commodities classified under Department of Commerce Nos. 5017.07 and 5017.98	5012	C & 17
G. Other motor fuel and gasoline from which by commercial distillation there can be separated more than 3% of a total fraction having an A. S. T. M. end point of 300° F. which will have, with the addition of 3 cc. tetraethyl lead per gallon, an octane number by the A. S. T. M. Knock Test Method of 80 or more, and not conforming to specifications of commodities classified under Department of Commerce Nos. 5016.05 and 5016.98	5017.07	C & 17
H. Other Motor Fuels and gasoline not conforming to specifications of commodities classified under Department of Commerce Nos. 5016.05, 5016.98 and 5017.07	5017.98	C & 17
Q. Other motor lubricating oil not conforming to specifications for aviation lubricating oil, and not conforming to specifications of commodities classified under Department of Commerce Nos. 5040.01 and 5040.03	5040.98	C & 17
R. Other lubricating oils not conforming to specifications of commodities classified under Department of Commerce Nos. 5040.01 and 5040.03:		
Red and pale	5033	C & 17
Black	5034	C & 17
Bright stocks	5035.1	C & 17
Steam refined cylinder stocks	5035.2	C & 17
Insulating or transformer oils	5038	C & 17
Raw or semirefined distillates or stocks from which lubricants may be produced	5059	C & 17
Light lubricating oil in small packages	5039	C & 17
Lubricating oil, any other, n. e. s	5040.98	C & 17
X. Other petroleum products (except petroleum and petroleum jelly)	5059	C & 17

Shipment of the above-listed commodities to Mexico may not be made by water under these general licenses.

This amendment shall become effective August 27, 1942. (Sec. 6, 54 Stat. 714, Public Law 75, 77th Cong., Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951)

F. R. KERR,
Chief, Export Control Branch, Office of Exports.

AUGUST 21, 1942.

[F. R. Doc. 42-8238; Filed, August 24, 1942; 10:37 a. m.]

[Amendment No. XXVI]

PART 801—GENERAL REGULATIONS

EXPORTATION OF FRUITS AND VEGETABLES

Section 801.2 *Prohibited exportations* is amended in the following particulars: In the column headed "Gen. Lic. Group", the group designations assigned to the commodities listed below (at every place where said commodities appear in said section) are amended to read as follows:

Commodity	Department of Commerce No.	Gen. Lic. Group
Fruits and preparations: Other fruit preparations	1350	C
Vegetables and preparations:		
Corn, canned	1243	C
Green beans, canned	1249	C
Tomatoes, canned	1246	C
Tomato paste and puree, canned	1247	C
Tomato juice, canned	1248	C

This amendment shall become effective August 27, 1942. (Sec. 6, 54 Stat. 714, Public Law 75, 77th Cong., Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951)

F. R. KERR,
Chief, Export Control Branch, Office of Exports.

AUGUST 21, 1942

[F.R. Doc. 42-8239; Filed, August 24, 1942; 10:37 a.m.]

[Amendment No. XXVII]

PART 801—GENERAL REGULATIONS

EXPORTATION TO PERSONS ON PROCLAIMED LIST

Part 801 General Regulations is hereby amended by adding the following new section:

§ 801.10 *The Proclaimed List.* The exportation of any articles, technical data, materials, or supplies, directly or indirectly to, or on behalf of, or for the account of any person, so long as his name appears upon "The Proclaimed List", is prohibited, except when authorized in each case by an individual license upon which appears the certificate of the Board of Economic Warfare that prohibition of the exportation would work an unusual hardship on American interests. A statement as to the nature of the transaction and its effect upon American interests must be filed with any application for a license pursuant to this section.

This amendment shall become effective August 25, 1942. (Sec. 6, 54 Stat. 714, Public Law 75, 77th Cong., Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951)

F. R. KERR,
Chief, Export Control Branch, Office of Exports.

AUGUST 21, 1942.

[F. R. Doc. 42-8240; Filed, August 24, 1942; 10:38 a. m.]

[Amendment No. XXVIII]

PART 801—GENERAL REGULATIONS

MISCELLANEOUS AMENDMENTS

Section 801.2 *Prohibited Exportations* is amended in the following particulars: In the column headed "Gen Lic. Group", the group designations assigned to the commodities listed below (at every place where said commodities appear in said section) are amended to read as follows:

Commodity	Department of Commerce No.	Gen. Lic. Group
Other clays	5309	O
Sulphur	5714	O
	5715	

Section 802.10 *General licenses which permit shipments not exceeding a specific value* is amended in the following particulars:

1. Paragraph (a) is amended to include the following list of items as exceptions to the general provisions therein contained:

Acetophenetiden.
Adalina.
Aperitol.
Atophan.
Bromural.
Ephedrine and salts.
Essential Oil of Peppermint.
Hexamethylenetetramine and compounds.
Ichthyol.
Kava-Kava.
Medinal.
Methylene Blue.
Novalgin.
Novatophan.
Phenobarbital.
Podophyllum.
Prominal.
Protargol.
Rivanol.
Salipyrine.
Tannigen.
Thyroid.
Yatrin (Loretin).

2. Paragraph (d) is amended to add to the list of items contained in the proviso of that paragraph, the following articles:

Adrenalin.
Alcatrao (Medicinal Tar).
Alsol (Aluminum Acetotartrate).
Aristol (Thymol Iodide).
Bismuth and Bismuth compounds including Bismuth Subgallate.
Boldine.
Calcium Gluconate.
Chalmoogra Oil.
Charcoal (Vegetable and Medicinal).
Cyclosal (Menthyl isopropyl-cyclohexenon).
Glycero phosphates.
Gomenol.
Hemoglobin.
Hormones.
Iodipine.
Pituitary Extract.
Vaccine Antigonoccia Polyvalent.

This amendment shall become effective August 27, 1942. (Sec. 6, 54 Stat. 714, Public Law 75, 77th Cong., Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951)

F. R. KERR,
Chief, Export Control Branch,
Office of Exports.

AUGUST 21, 1942.

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Amendment 1 of Supplemental General Imports Order M-63-b]

Section 1042.3 (*Supplemental General Imports Order M-63-b*[1] as extended August 15, 1942) is hereby amended to read as follows:

Pursuant to General Imports Order M-63 as Amended June 2, 1942, which this order supplements, it is hereby ordered that:

§ 1042.3 *Supplemental General Imports Order M-63-b.* The following materials now listed under General Imports Order M-63 as Amended June 2, 1942, and June 30, 1942, are hereby exempted from the provisions of said order, to-wit:

List	Material	Commodity No.
List I	Wool (apparel, finer than 44's)	3520.0 3521.1 3521.2 3521.3 3522.0 3523.1 3523.2 3523.3 3526.0 3527.1 3527.2 3527.3 3528.0 3529.1 3529.2 3529.3

This order, unless sooner revoked, shall expire at 12:00 midnight September 30, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8221; Filed, August 22, 1942; 11:09 a. m.]

PART 3043—METAL CUTTING BAND SAW BLADES AND HACK SAW BLADES

[General Preference Order E-7]

METAL CUTTING BAND SAW BLADES AND HACK SAW BLADES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of metal cutting band saw blades and hack saw blades for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3043.1 *General Preference Order E-7*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Consumer" means any person who purchases or accepts delivery of metal cutting band saw blades and/or hack saw blades for use and not for resale.

(3) "Retailer" means a person who sells metal cutting band saw blades and/or hack saw blades exclusively to consumers.

(b) *Restriction on sale and purchase of metal cutting band saw blades.* After August 31, 1942, no person shall sell or deliver to any consumer and no consumer shall buy or accept delivery of any metal cutting band saw blades except pursuant to a preference rating of A-9 or higher or pursuant to specific permission of the Director General for Operations.

(c) *Restriction on sale and purchase of hack saw blades.* After August 31, 1942, no person shall sell or deliver to any consumer and no consumer shall buy or accept delivery of any hack saw blades, except pursuant to a preference rating of A-9 or higher, or pursuant to specific permission of the Director General for Operations: *Provided, however,* That hack saw blades, which are not more than .025 inch thick, and not more than 12 inches long containing no alloys, may be purchased, sold and delivered, without preference rating.

(d) *Applicability to existing purchase orders and stock on hand.* The restrictions contained in this order shall apply to all existing contracts, purchase orders and stock on hand: *Provided, however,* That the stock of such metal cutting band saw blades and hack saw blades which a retailer has on hand as of August 31, 1942, the aggregate cost of which stock on hand to such retailer does not exceed the sum of fifty dollars ($50), may be purchased, sold, and delivered without preference rating.

(e) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

[1] 7 F.R. 4880, 6466.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of material conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Director General for Operations by addressing a letter to the War Production Board, Washington, D. C., Ref.: E-7, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Tools Division, Washington, D. C., Ref.: E-7.

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8223; Filed, August 22, 1942; 11:09 a. m.]

PART 3045—COTTON TEXTILES FOR WORK APPAREL

[General Preference Order M-207]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cotton textiles for use in the manufacture of work apparel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3045.1 *General Preference Order M-207*—(a) *Issuance of schedules covering cotton textiles used for various types or classifications of work apparel.* The Director General for Operations may from time to time issue schedules establishing definitions, allocations of looms or yardages, assignments of preference ratings, purchase quotas for manufacturers or users, as well as regulations upon inventories, manufacture and sale, and such other matters pertaining to cotton textiles used for various types or classifications of work apparel, as may be necessary and appropriate in the public interest and to promote the national defense.

(b) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(c) *Restrictions on the use of material obtained pursuant to any schedule.* Except as otherwise expressly provided in any schedule issued hereunder, and subject to any more restrictive provisions contained therein, no person shall use or dispose of any material, whether in the original mill state or partially processed state, which was obtained by him, pursuant to the application of a preference rating assigned by any such schedule, or pursuant to the use of any certification required by any schedule for the acquisition thereof, except as follows:

(1) For the manufacture of the end products covered by the said schedule,

(2) For sale to any person on an order bearing a rating of A-2 or better; or

(3) For sale to or for the account of, or for physical incorporation into products to be delivered to, or for the account of, the Army of the United States, the United States Navy, the United States Maritime Commission, the War Shipping Administration or its Operating or General Agents: *Provided,* That no person shall sell or deliver, on an order rated less than A-2, any such material for physical incorporation into products for any of said governmental agencies unless he shall have first received from the purchaser a certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies that he requires the material covered by the annexed order for physical incorporation into material or equipment to be delivered to, or for the account of, the Army of the United States, the United States Navy, the United States Maritime Commission, the War Shipping Administration or its Operating or General Agents.

(d) *Records.* All persons affected by this order shall keep and preserve for a period of not less than two years accurate and complete records concerning inventories, production and sales, and showing the yardage of each class of fabric, as indicated by the headings in the schedules, sold pursuant to the application of the rating assigned by each schedule, and any other records as may be required to be kept by any such person in accordance with the provision or provisions of the respective schedule or schedules issued by the Director General for Operations pursuant to this order.

(e) *Audit and inspection.* All records required to be kept by this order and the schedules issued hereunder shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* All persons affected by this order and the schedules issued hereunder shall execute and file with the War Production Board such other reports and questionnaires as may be required by the War Production Board from time to time in accordance with the provision or provisions of the respective schedule or schedules issued by the Director General for Operations pursuant to this order.

(g) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of cotton textiles for work apparel conserved or made available, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal in writing to the War Production Board, Reference, M-207, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Communications to the War Production Board.* All communications concerning this order, or any reports required to be filed hereunder, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference M-207.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance by the Director General for Operations. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8222; Filed, August 22, 1942; 11:09 a. m.]

PART 3045—COTTON TEXTILES FOR WORK APPAREL

[Schedule I to General Preference Order M-207]

MALE WORK CLOTHING

§ 3045.2 *General Preference Order M-207* [1]—(a) *Additional definitions.* For the purposes of this schedule:

(1) "Male work clothing" shall mean any garments designed for male workers' wear while engaged in their occupations and of the type customarily sold as one of the following:

Waistband overalls or dungarees.
Bib overalls.
Overall jumpers or coats.
Blanket-lined overall jumpers or coats.
One-piece work suits.
Work pants.
Work breeches.
Cossack jackets.
Work shirts.
Work aprons.
Oilskin jackets, coats, hats or apron overalls.
Lined work coats.
Doctors', dentists', internes' or orderlies' gowns, suits or coats.
Druggists' coats.
Slaughter house workers' coats.
Butchers', fish handlers' or dairy workers' coats or apron sets.
Cooks' coats.
Safety garments made expressly to meet particular safety needs and to conform with safety codes.

(2) "Work clothing textiles" shall mean

(i) Cotton waistbands, cotton trouser curtains, cotton sewing thread, and the following fabrics made wholly of cotton, except as hereinafter expressly provided, either in the gray, original mill or regular finish or converted state, including seconds but excluding all cuts of less than twenty (20) yards as produced in the ordinary course of fabric manufacture:

Denims: White back, hickory and express stripes, 28" to 29" width basis.

Regular finish weight basis	or	*Shrunk weight basis*
1.60 yard		
2.00 yard		9 ounce
2.20 yard		8 ounce
2.45 yard		2.20 yard
3.00 yard		2.70 yard

Chambrays:
36" 3.90 yard, fine yarn, regular finish weight basis.
Coverts:
36" 3.90 yard, fine yarn, regular finish weight basis.
36" 3.20 yard, coarse yarn, regular finish weight basis.
36" 1.65 yard, shrunk weight basis.
36" 2.00 yard, shrunk weight basis.
36" 2.40 yard, shrunk weight basis.
Whipcords:
36" 1.65 yard, shrunk weight basis.
36" 1.45 yard, shrunk weight basis.
36" 1.35 yard, shrunk weight basis.
Cottonades:
36" 1.65 yard, shrunk weight basis.
36" 1.45 yard, shrunk weight basis.
Woven Shirting Flannels:
Plains and fancies.
36" 3.00 yard, regular finish weight basis.
36" 2.30 yard, regular finish weight basis.
Blanket Linings:
54" to 56" 16 ounce maximum weight, made of cotton or of cotton and reused wool.
Moleskins:
Finished weight basis:
30" 7¾ to 8¼ ounce, plain ground.
36" 9½ to 10 ounce, plain ground.
30" 8¾ to 9¼ ounce, plain ground.
30" 7½ to 7¾ ounce, black and white.
30" 8 to 8½ ounce, black and white.
30" 8¾ to 9¼ ounce, black and white.
Warp Sateen:
54", not lighter than 1.30 yard.
Corduroys:
36" 12 to 13 ounce thickest, finished weight basis.
Suedes:
Gray Width and Weight Basis: *Finished Widths*
40 to 40½" 1.60 to 1.65 yard ---------- 35 to 36"
40 to 40½" 3.00 yard---- 35 to 36"
Poplins:
Gray Width and Weight Basis:
38 to 39" 2.50 yard----- 35 to 36"
38 to 39" 2.85 yard----- 35 to 36"
38 to 39" 3.25 yard----- 35 to 36"
Drills:
Gray Width and Weight Basis:
30" 72 to 76 sley, 48 to 60 pick 2.50 yard-------- 28 to 29"
Twills:
Gray Width and Weight Basis:
39" minimum count 88x42, 1.60 & 1.90 yard- 35 to 36"
30" 88x56 2.10 to 2.20 yard ---------- 28"
39" 2.00 yard not less than 170 threads per sq. in---------- 35 to 36"
39" 2.50 yard not less than 170 threads per sq. in---------- 35 to 36"
39" 68x76 4.00 yard.
Jeans:
Gray Width and Weight Basis:
38 to 39" 96x64 2.85 yard- 35 to 36"
Print Cloth Yarn Fabrics:
Gray Width and Weight Basis:
36" 20x16 21.00 yard.
36" 28x24 15.00 yard.
36" 32x28 13.00 yard.
38½" 44x36 8.60 yard.
38½" 44x40 8.20 yard.
38½" 60x48 6.25 yard.
38½" 64x60 5.35 yard.
Sheetings:
36" 48x48 2.85 yard.
40" 48x48 2.85 yard.
40" 64x68 3.15 yard.
40" 48x44 3.75 yard.
40" 44x40 5.50 yard.

Any sheeting over 46" not exceeding 76 picks per inch, produced on looms normally weaving wide bed sheeting.

(ii) Pro rata widths of like count and weight to the above constructions, provided such other width fabrics, wider or narrower, are produced for the purpose of utilizing maximum productive width of looms or augmenting the supply of square yardage in fabric widths suitable for economical use in the manufacture of male work clothing.

(3) "Work clothing processor" shall mean:

(i) The manufacturer of male work clothing for sale

(ii) The manufacturer of waistbands or trouser curtains, to be used in male work clothing, for sale to a manufacturer of male work clothing

(iii) The converter or finisher of work clothing textiles who bleaches, finishes or processes work clothing textiles for resale to a manufacturer of male work clothing.

(4) "Inventory" shall mean the total quantity of work clothing textiles or of work clothing textiles in process of manufacture into male work clothing or of male work clothing owned by any work clothing processor and held by him in any mill, warehouse, place of storage or manufacturing plant.

(b) *Manufacture of denims.* The denims specified in paragraph (a) (2) (i) which are manufactured after October 31, 1942, and which are sold and delivered pursuant to the application of the rating assigned in paragraph (c) shall be woven 36 to 37" wide *pro rata*, to the extent that loom width permits.

(c) *Assignment of preference rating.* Purchase or manufacturing orders for work clothing textiles placed by work clothing processors are hereby assigned a preference rating of A-2.

(d) *Restrictions on use of work clothing textiles.* Notwithstanding the provisions of paragraph (c) (1) of General Preference Order M-207, no work clothing processor shall use any full length pieces of first quality or run-of-mill twills, drills or jeans heavier than 39"—4.00 yards in the manufacture of pocketings, waistbands or trouser curtains.

(e) *Application of preference rating.* Any work clothing processor, in order to apply the preference rating assigned by paragraph (c) to deliveries of material to him, must endorse on or attach to each purchase or manufacturing order placed by him to which the rating is applied, a certificate in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose:

The undersigned purchaser hereby certifies to the seller and the War Production Board that he is entitled to apply the preference rating indicated opposite the items shown on the attached purchase order and that such application is in accordance with Priorities Regulation No. 3, as amended, with the terms of which the undersigned is familiar. Furthermore, the undersigned certifies that the fabrics hereby ordered will be used in the manufacture of male work clothing or otherwise disposed of only as permitted in General Preference Order No. M-207 and/or Schedule I thereto.

(Name of work clothing processor)	(Address)
By (Signature and title of duly authorized officer)	(Date)

Such endorsement shall constitute a representation to the War Production Board and the supplier with whom the contract or purchase order is placed that such contract or purchase order is duly rated in accordance herewith.

Each person applying ratings must maintain at his regular place of business all documents, including purchase or manufacturing orders, preference rating orders and certificates, upon which he relies as entitling him to apply or extend such ratings, segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection.

(f) *Restrictions on inventory.* In addition to the restrictions on inventory contained in Priorities Regulation No. 1 (§ 944.14 [2]):

(1) No manufacturer of the following garments of male work clothing

Waistband overalls or dungarees.
Bib overalls.
Overall jumpers or coats.
One-piece work suits.
Work pants.
Work breeches.
Work shirts other than of cotton flannel or cotton suede.
Work aprons.
Doctors', dentists', internes' or orderlies' gowns, suits or coats.
Druggists' coats.
Slaughter house workers' coats.
Butchers', fish handlers' or dairy workers' coats or apron sets.
Cooks' coats.
Safety garments as defined in paragraph (a) (1).

shall after August 22, 1942 hold in his inventory a total quantity of work clothing textiles for such garments, such textiles in process of manufacture into such garments and such completed garments in excess of such a total quantity as will be delivered out of his inventory within 150 days after the receipt of any delivery of such textiles to his inventory.

(2) No manufacturer of waistbands or trouser curtains and no converter or finisher of work clothing textiles shall after August 22, 1942 hold in his inventory any work clothing textiles in excess of the total quantity of such textiles, including such textiles in process, which will be delivered out of his inventory within ninety (90) days after the receipt of any delivery of such textiles to his inventory. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 3045—COTTON TEXTILES FOR WORK APPAREL

[Schedule II to General Preference Order M-207]

WORK GLOVES

§ 3045.3 *Schedule II to General Preference Order M-207* [1]—(a) *Definitions.* For the purposes of this schedule: (1) "Work gloves" shall mean any type of hand covering designed for workers' wear while engaged in their occupations and of the type customarily sold as such.

(2) "Work glove textiles" shall mean cotton sewing thread and the following cotton fabrics, either in the gray, regular, converted or processed state, including seconds, but excluding all cuts of less than 20 yards as produced in the ordinary course of manufacture, and including pro rata widths of like count and weight, provided such other width fabrics, wider or narrower, are produced for the purpose of utilizing maximum productive width of looms or augmenting the supply of square yardage in fabric widths suitable for economical use in the manufacture of work gloves:

Mitten flannel:
6 ounces per linear yard, 4 harness, 34 inches.
7 ounces per linear yard, 4 harness, 34 inches.
8 ounces per linear yard, 4 harness, 34 inches.
9 ounces per linear yard, 4 harness, 34 inches.
10 ounces per linear yard, 4 harness, 34 inches.
10 ounces per linear yard, 5 harness, 34 inches.
12 ounces per linear yard, 5 harness, 34 inches.
12 ounces per linear yard, 4 harness, 34 inches.
13 ounces per linear yard, 4 harness, 34 inches.
Colored stripe mitten flannel:
5½ ounces per linear yard, 4 harness, 34 inches.
5½ ounces per linear yard, 4 harness, 37 inches.
6 ounces per linear yard, 4 harness, 34 inches.
7 ounces per linear yard, 4 harness, 34 inches.
8 ounces per linear yard, 4 harness, 34 inches.
9 ounces per linear yard, 4 harness, 34 inches.
Knitted jersey:
8 ounces per square yard, partially napped, for duplexing only.
9 ounces per square yard, plain knit, minimum 22 gauge.
Knitted jersey—Continued.
10½ ounces per square yard, plain knit and cut presser, cut presser minimum 20 gauge.
13 ounces per square yard, plain knit and cut presser, cut presser minimum 20 gauge.
Twill:
37" 84 to 88/42 to 44—2.85 yard.
Sheeting:
40" 44/40—5.50 yard.
Osnaburg:
40" 32/28—3.55 yard.

(3) "Work glove processor" shall mean:

(i) The manufacturer of work gloves for sale

(ii) The converter or processor of work glove textiles who bleaches, finishes or processes work glove textiles for resale to a manufacturer of work gloves.

(4) "Inventory" shall mean the total quantity of work glove textiles, such textiles in process of manufacture into work gloves and work gloves owned by any work glove processor and held by him in any mill, warehouse, place of storage or manufacturing plant.

(b) *Assignment of preference rating.* Purchase or manufacturing orders for work glove textiles placed by work glove processors are hereby assigned a preference rating of A-2.

(c) *Application of preference rating.* Any work glove processor, in order to apply the preference rating assigned by paragraph (b) to deliveries of materials to him, must endorse on or attach to each purchase or manufacturing order placed by him to which the rating is applied, a certification in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27 [2]) by an official duly authorized for such purpose:

The undersigned purchaser hereby certifies to the seller and the War Production Board that he is entitled to apply the preference rating indicated opposite the items shown on the attached purchase order and that such application is in accordance with Priorities Regulation No. 3, as amended, with the terms of which the undersigned is familiar. Furthermore, the undersigned certifies that the fabrics hereby ordered will be used in the manufacture of work gloves or otherwise disposed of only as permitted in General Preference Order M-207 and/or Schedule II thereto.

(Name of Work Glove Processor)	(Address)
By (Signature and Title of Duly Authorized Officer)	(Date)

Such endorsement shall constitute a representation to the War Production Board and the supplier with whom the contract or purchase order is placed that such contract or purchase order is duly rated in accordance herewith.

Each person applying ratings must maintain at his regular place of business all documents, including purchase or manufacturing orders, preference rating orders and certificates, upon which he relies as entitling him to apply

[1] *Supra.*

[2] 7 F.R. 1062.

or extend such ratings, segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection.

(d) *Restriction on inventory.* In addition to the restrictions on inventory contained in Priorities Regulation No. 1 (§ 944.14): (1) No work glove manufacturer shall after August 22, 1942, hold in his inventory a total quantity of work glove textiles or work gloves in excess of such a total quantity as will be delivered out of his inventory within 90 days after receipt of any delivery of such textiles to his inventory.

(2) No converter or processor of work glove textiles who bleaches, finishes or processes work glove textiles for resale to a manufacturer of work gloves shall after August 22, 1942, hold in his inventory a total quantity of work glove textiles in excess of such a total quantity as will be delivered out of his inventory within 60 days after the receipt of any delivery of such textiles to his inventory.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8219; Filed, August 22, 1942; 11:11 a. m.]

PART 3055—HEAT TREATING EQUIPMENT

[General Preference Order M-211]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of heat treating equipment for defense, for private account and for export; orderly scheduling of production and delivery of heat treating equipment is necessary in order that maximum productive efficiency and capacity can be maintained; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3055.1 *General Preference Order M-211*—(a) *Production and delivery of heat treating equipment.* (1) Each producer of heat treating equipment shall schedule its production and make deliveries of heat treating equipment in accordance with such specific directions as may be issued from time to time by the Director General for Operations.

(2) The production and delivery schedules established by any specific direction which may be issued from time to time pursuant to paragraph (a) (1) above shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders and may be altered only upon specific directions of the Director General for Operations.

(3) If it becomes impossible for any producer to maintain production and delivery of heat treating equipment in accordance with any such schedule, he shall immediately notify the Director General for Operations, and, unless otherwise directed by the Director General for Operations, he shall continue to produce and deliver heat treating equipment in the order set forth in such schedule and shall postpone production and delivery of any such heat treating equipment only to the extent required by the circumstances causing his failure to maintain production and delivery as required by such schedule.

(b) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(c) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(d) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: Heat-Treating Unit, Tools Division, War Production Board, Washington, D. C., Ref.: M-211.

(e) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 22d day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42-8218; Filed, August 22, 1942; 11:11 a. m.]

PART 940—RUBBER AND BALATA AND PRODUCTS AND MATERIALS OF WHICH RUBBER OR BALATA IS A COMPONENT

[Amendment 14 to Supplementary Order M-15-b-1]

Section 940.5 *Supplementary Order M-15-b-1*[1] is amended as follows:

1. By striking from paragraph (b) thereof the following:

* * * or other purchase orders placed by or for the account of any other department or agency of the government of the United States. * * *

2. By changing paragraphs (b) (7), (b) (9) and (b) (10) to read as follows:

(7) Compounds for the manufacture of tires, tire casings, camelback, capping stock and tire and tube repair materials	List 7
(9) Tires and tire casings (except airplane and bicycle tires)	List 9
(10) Tire tubes for passenger automobile, truck and agricultural implement tires	List 10

3. By inserting immediately after paragraph (b) (17) thereof the following new paragraph designated (b) (18):

(18) Camelback and capping stock... List 18

4. By substituting the attached revised Lists 7, 9 and 10 for Lists 7, 9 and 10 now attached to such order.

5. By attaching thereto the following additional List designated List 18.

This order and the lists attached hereto shall become effective on August 24, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

LIST 7

[Revised effective August 24, 1942]

Specifications for the manufacture of compounds for the manufacture of tires, tire casings, camelback, capping stock and tire and tube repair materials.

This revised List 7 sets forth the specifications to be used in the manufacture of tires, tire casings, camelback, capping stock and tire and tube repair materials, and is intended to furnish standards for the grades of compounds listed. Other Lists now attached and to be hereafter attached to Supplementary Order M-15-b-1 will govern the use of these compounds in the manufacture of finished products. These compounds need be used only when required by other specifications contained in lists now or hereafter attached to Supplementary Order M-15-b-1. The variations permitted by subdivision (b) of this revised list 7 are allowed in the manufacture of finished products covered by other applicable Lists unless prohibited by such other lists.

[1] 7 F.R. 967, 2344, 2449, 2595, 2782, 3389, 4448, 5019, 5296, 5592, 5748, 5981, 6071, 6211, 6465.

(a) *Compounds*

Description of product: Type	Grade	Maximum percent by volume: Crude rubber	Maximum percent by volume: Whole tire reclaimed rubber
(1) Tread, capping stock and camelback compounds.	A	73.0	0.0
	B	59.5	17.5
	C	47.9	31.4
	D	40.4	41.3
	E	26.0	57.0
	F	0.0	89.3
(2) Friction compounds	A	88.5	1.0
	B	78.0	15.0
	C+	69.0	25.0
	C	60.0	35.0
	D	43.0	50.0
	E	19.0	73.0
	FF	6.4	85.0
	F	0.0	90.0

(b) *Variations*

(1) Variations from the above specifications are permitted as follows:

	Tread, capping stock and camelback compounds	Friction compounds
Crude rubber	Plus 0, minus 2	Plus 0, minus 5.
Whole tire reclaimed rubber.	Plus 2, minus (not limited).	Plus 5, minus (not limited).

(2) Any person may, with the prior approval of the Director General for Operations, reduce the percentages of crude rubber specified in these compounds, provided the tires manufactured therefrom bear the name of the manufacturer and, where produced to fill war orders, meet the specifications of the purchasers.

(3) With the types of formulas specified above, and with mold and gauges selected, a manufacturer can calculate the maximum amounts of crude rubber and whole tire reclaimed rubber which may be used in the manufacture of a tire or tire casing of any specified type and size. Within the maximum amounts of crude rubber and whole tire reclaimed rubber thus calculated, a manufacturer may, in his discretion, shift the amounts between friction and tread, but may not use in the manufacture of any tire or tire casing more crude rubber or more whole tire reclaimed rubber than would be used in the manufacture of such tire or tire casing if the above specifications for tread and friction were followed, after allowing for tolerance permitted.

(4) All compounded rubber in a tire, other than the tread and sidewalls, is considered as "friction", and the tread and sidewalls are considered "tread". Each tire manufacturer shall adopt minimum gauges or thicknesses in the following parts of all tires:

Sidewalls (but within the above specifications).
Plys and squeegees.
Under-tread (but within the above specifications).
Cushions and breakers.

"Minimum" as used in this paragraph (4) means the thinnest gauge which the manufacturer believes can be used without materially detracting from the performance of the tire.

(5) Any manufacturer who can use subtreads, or who can apply sidewalls separate from the tread, and who can in either of these ways save crude rubber without detracting materially from the performance of the tire shall do so, even if it requires the use of slightly more reclaimed rubber. The total amount of crude rubber which a manufacturer may use if he uses subtreads or sidewalls to save crude rubber is the amount calculated in accordance with the appropriate friction and tread formulas, less the amount which may be saved through the use of subtreads and/or sidewalls.

LIST 9

[Revised effective August 24, 1942]

Specifications for the manufacture of tires and tire casings (except airplane and bicycle tires)

(a) *For other than war orders*

(1) Except as provided in paragraphs (a) (3) and (b) hereof, the manufacture of tires and tire casings (except airplane and bicycle tires) shall be confined to the sizes, plies and tread types listed below and such other sizes, plies and tread types as may be permitted by special authorization of the Director General for Operations.

The friction and the tread, respectively, of each of the sizes of tires and tire casings listed below shall be made from one of the grades of compounds listed in List 7 attached to Supplementary Order M-15-b-1, as such list may be revised from time to time, and appropriate grade of compound to be used for each respective friction and tread being that hereinbelow specified therefor opposite the description and designation of such size.

INDUSTRIAL TIRES

Description of product	Compounds to be used	
	Friction	Tread
Industrial pneumatic tires:		
Single tube—all sizes	E [1]	F
Straight side—under 6.00 (except 4.00–8 regular and H. D.)	E	F
Straight side—6.00 and up	D	C
Exception 1—4.00–8 regular	FF	F
Exception 2—4.00–8 heavy duty	D	C
Industrial solid tires:		
Stretch-on or Hollow Center		F
Molded-on for hand operated vehicle.		FF [1]
Molded-on for power driven or power drawn vehicles.		A
Pressed-on		A
Metal base demountable		A

[1] Including tube.
[2] Friction grade.

(2) No person shall manufacture any size of tire in more than one regular tread design, unless such manufacturers' mold equipment for such size and tread design is insufficient for his requirements.

(3) Mileage tires for city and intercity busses may be manufactured from friction and tread compounds up to and including Grade A compound as set forth in said revised List 7, without restriction as to sizes, plies or tread design.

(4) Unless permitted by special authorization of the Director General for Operations, rayon shall not be used in the manufacture of any tires except mileage tires for city and intercity busses, and tires of WPB sizes numbers 35, 38, 42 and 53 in the number of plies specified for such sizes, and no person shall manufacture tires of WPB sizes numbers 35, 38, 42 and 53 of both cotton and rayon construction.

(5) Each tire casing, manufactured under these specifications, except tire casings manufactured to fill war orders, shall be branded on the serial side near the serial number in letters at least ½ inch high, with the words "War Tire" and the letters specifying the respective grades of compounds used in the friction and the tread.

(b) *To fill war orders*

(1) The manufacture of tires and tire casings (other than airplane and bicycle tires) to fill war orders shall be confined to the sizes, plies, tread types and compounds specified in subdivision (a) hereof and the sizes, plies, tread types and compounds listed in subdivision (b) (2) hereof, except that other sizes, plies or tread types (but not other compounds) may be used when, but only when, there is delivered to the person manufacturing the tires a certificate signed by a contacting or inspecting official of the Army, Navy, Maritime Commission or other governmental agency listed in subparagraphs (a) (4) (i) (aa) or (a) (4) (ii) of Supplementary Order No. M–15–b, as amended, substantially as follows:

I hereby certify that the following tires covered by purchase order No. _____ are required for direct military (or naval) use, and that tires of sizes, plies and tread types enumerated in Revised List 9 attached to Supplementary Order No. M–15–b–1, as amended, are not adequate for such purpose:

Quantity	*Size*	*Plies*	*Tread Type*

(Insert description of tires)

Title.

For the (insert name of purchasing agency)

provided that this exception shall not apply to tractor or implement tire casings, which shall not be manufactured unless permitted by special authorization of the Director General for Operations.

(2) The friction and tread, respectively, of each of the sizes of treads and tire casings listed below shall be made from one of the grades and compounds listed in said List 7, the appropriate grade of compound to be used by each such respective friction or tread being that hereinbelow specified therefor opposite the description or designation of such size.

TRUCK AND BUS TIRES

WPB size No.	Size	Ply	Tread type	Compounds to be used	
				Friction	Tread

315	14.00–24	16	Mud-Snow N.D	A	B
317	14.00–24	24	Regular	A	C
318	6.50–10	6	Regular	C	B
319	8.25–15	14	Regular	A	

(3) The friction and the tread, respectively, of other sizes, plies and tread types not specified in paragraph (a) (1) and (b) (2) hereof shall be made from one of the grades of compounds listed in said List 7, the appropriate grade of compound to be used for each respective friction or tread being that hereinbelow specified therefor opposite the description or designation of such class: *Provided*, That no tractor or implement tire casings shall be manufactured unless permitted by special authorization of the Director General for Operations.

Description of product	Compounds to be used	
	Friction	Tread
13–24 inch rims, size 7.00 and smaller, 8 ply and less	C	C
13–24 inch rims, size 7.50, 8 ply and less	B	B
13–24 inch rims, size 8.25 and larger, 10 ply and more	A	B

(4) The skid depth of tires with mud-snow approved non-directional type treads shall be as follows:

Tire size	Actual mold measurements in inches
8.25–10	0.585
9.00–13	.62
15- and 16-inch rims:	
6.00	0.50
6.50	.52
7.00	.535
7.50	.56
8.25	.585
9.00	.62
10.00	.645
11.00	.67
20-, 22- and 24-inch rims:	
6.00	.50
6.50	.52
7.00	.535
7.50	.56
8.25	.585
9.00	.62
10.00	.645
11.00	.67
12.00	.70
13.00	.74
14.00	.80

Variations from the above measurements shall be permitted to the extent of 0.01 inch plus or minus throughout the mold.

(5) The outside diameter of tires with mud-snow approved non-directional type treads shall be as follows:

Tire dimension		Outside diameter in inches—inflated tire	
Diameter	Section	Minimum	Maximum
16-inch rims	6.00	28.60	28.80
	7.50	31.40	31.60
	9.00	35.00	35.30
	10.00	36.50	35.90
20-inch rims	7.00	35.60	35.90
	7.50	36.60	36.90
	8.25	38.10	38.40
	9.00	40.10	40.50
	10.00	41.00	41.50
	11.00	42.80	43.30
24-inch rims	12.00	44.20	44.70
	14.00	46.30	46.90
	14.00	52.30	52.90

(6) Standard tread radii of mud-snow approved non-directional type treads shall be between 80 and 95% of the line cross-section width of the Tire and Rim Association's standard tire sections.

(7) Run-flat combat tires to fill war orders may be manufactured in any sizes, plies and tread designs, and from any friction and tread compounds up to and including A grade compounds as listed in said List 7.

(8) Unless permitted by special authorization of the Director General for Operations, rayon shall not be used in the manufacture of any tires (including tires of the kinds and sizes referred to in subdivision (a) (4) of this revised List 9) to fill any war order, except run-flat combat tires.

(9) Where mud-snow tread is specified for a war order, the tire manufacturer shall use mud-snow N. D. molds in all cases in which he has mud-snow N. D. mold equipment of the proper size or sizes.

(c) *Definition*

Where used in this revised List 9: "regular" as applied to tread type means standard "100" level, on-the-road type.

LIST 10

[Revised effective August 24, 1942]

Specifications for the manufacture of passenger automobile, truck and agricultural implement tire tubes.

These specifications shall apply to all orders, including war orders.

No tire tube of any of the classes listed below shall be manufactured with a material volume in excess of the volume specified for such class as set forth below opposite the description or designation of such class.

Description of product type	Size	Maximum material volume (in cubic inches)
Passenger automobile tire tubes	5.50–16	51.2
	CD 16	57.8
	6.50–15	66.6
	7.00–15	72.2
	D–16	72
	7.50–15	89.4
	7.50–16	93.2
	A–20/21	42.8
	B–17/18	46.9
	C–17	56.1
	7.00–17	75.2
	7.50–17	93.4
Truck tire tubes 15- and 16-inch rims	6.00–16	65
	6.50–16	75
	7.00–15	85
	7.00–16	89
	7.50–15	103
	7.50–16	108
	9.00–16	191
	10.00–16	220
Truck tire tubes 20-inch rims or larger	6.00–20	75
	6.50–20	102
	7.00–20	135
	7.50–20	175
	8.25–20	197
	9.00–20	235
	10.00–20	300
	11.00–20	350
	12.00–20	450
	13.00–20	525
	14.00–20	670
Agricultural equipment tire tubes	4.00–12	25.3
	5.00–15	38.6
	6.00–9	36.8
	6.00–16	59.0
	DM 16	70.5
	6.50–32	137.8
	FM–24	153.5
	9.00–28	223.0
	HM 28	302.0
	KM 28	414.0
	5–40	92.5
	5.5–40	92.5
	6–40	118.0
	7–32	112.0
	8–32	157.0
	9–32	220.0
	10–28	242.0
	11–28	302.0
	12–30	385.5
	13–30	440.0
	14–30	498.0
	15–30	595.0
Lend-lease regular tire tubes	9.00–13	145
	10.50–16	250
	12.00–20	450
	13.50–20	670

Variations from the above maximum volumes shall be permitted to the extent of minus 3 per cent.

Sizes not specifically set forth shall have maximum volumes proportionate to the sizes listed.

In the event that the maximum volume herein permitted for a tube of a given type and size manufactured by any person on the effective date of this order is less than the maximum indicated above, such person shall make no change in the maximum volume of such tube as then manufactured by him without the prior approval of the Director General for Operations.

The foregoing restrictions on material volume of tire tubes shall not apply to tire tubes for use with mileage bus or run flat or combat tires.

LIST 18

Specifications for the manufacture of camelback and capping stock.

(1) *Applicability of specifications.* The specifications set forth in this List 18 shall apply to all purchase orders, including war orders.

(2) *General restriction.* Unless permitted by special authorization of the Director General for Operations, no size or type of either camelback or capping stock shall be manufactured unless such size or type (of camelback or capping stock, as the case may be) is mentioned in this List 18.

(3) *Compounds.* All references in this List 18 to grades of compounds refer to grades of compounds listed in List 7 attached to Supplementary Order No. M–15–b–1, as such list may be revised from time to time.

(4) *Sizes.* Capping stock and camelback shall be manufactured only in gauges of 10/32, 12/32, 14/32, 16/32, 18/32, 20/32, 22/32 inches and larger.

(5) *Passenger-type capping stock.* Passenger-type capping stock shall be manufactured only from compounds of Grade F, and may be faced with a compound of any of the gauges listed below, provided that such compound of any such gauge shall not contain more crude rubber by weight than the percentages set forth opposite such gauge.

Gauge:	*Percentage of crude rubber*
.012	54
.013	51
.014	48
.015	45
.016	42
.017	39
.018	36

(6) *Truck-type capping stock.* Truck-type capping stock shall be manufactured only from compounds of Grade C.

(7) *Truck-type camelback.* Truck-type camelback designed for retreading road building and road grading tires shall be manufactured only from compounds of Grade C.

(8) *Heavy-duty capping stock and heavy-duty camelback.* Heavy-duty capping stock and heavy-duty camelback designed for recapping and retreading mileage bus tires, or rock service tires of a cross-section of 8.25 inches or more may be manufactured from compounds of Grade A.

(9) *Airplane capping stock and camelback.* Capping stock and camelback designed for recapping and retreading airplane tires may be manufactured from compounds up to and including Grade A.

[F. R. Doc. 42–8249; Filed, August 24, 1942; 11:43 a. m.]

PART 1052—KITCHEN, HOUSEHOLD AND OTHER MISCELLANEOUS ARTICLES

[Amendment 7 to Limitation Order L–30]

Section 1052.1 *General Limitation Order L–30*[1] is hereby amended in the following particulars:

The last sentence contained in subparagraph (2) of paragraph (a), (as added by Amendment No. 3, issued June 12, 1942) is hereby amended to read as follows:

"Group II products" shall not include: (i) Any pail or tub designed expressly for use as a packing or shipping container; or

(ii) Any pail or tub which contains metal in only hoops, bails, ears and handles, provided that the total weight of such metal does not exceed 15% of the total weight of the pail or tub, and further provided that any such pail does not have more than two hoops and that any such tub with a capacity of less than 15 gallons does not have more than two hoops.

Paragraph (a) (3), as amended, is hereby amended by striking out the words "all articles of fireplace equipment except fire screens", and substituting therefor the following: "all articles of fireplace equipment except fire screens, grates and dampers".

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R Doc. 42–8247; Filed, August 24, 1942; 11:42 a. m.]

PART 3033—PORTLAND CEMENT

[Amendment 1 to General Limitation Order L–179[2]]

Section 3033.1 is hereby amended in the following particulars:

Paragraph (a) (2) is amended to read as follows:

(2) *Storage by manufacturers.* On and after September 20th, 1942, no manufacturer of portland cement shall allocate or continue the allocation of any silo, bin or other storage space or any part of any silo, bin or other storage space for the storage of portland cement to and for the exclusive use of the Army, the Navy, the United States Coast Guard, the United States Maritime Commission, or any other person. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8246; Filed, August 24, 1942; 11:42 a. m.]

PART 3050—WHITE OAK

[General Conservation Order M–209]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of white oak for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3050.1 *General Conservation Order M–209*—(a) *Definitions.* For the purposes of this order:

(1) "White oak logs" means logs of all the species of the genus *Quercus* which are known commercially as white oak.

(2) "Implements of war" means:

(i) Combat end-products, complete for technical operations, including, but not limited to, aircraft, ammunition, armament and weapons, ships, tanks and vehicles; and

(ii) Parts, assemblies and material to be physically incorporated into any of the items embraced by the foregoing.

"Implements of war" does not include facilities or equipment used to manufacture implements of war.

(3) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(b) *Restriction on use.* Except as provided in paragraph (c) of this order, no person shall hereafter use, or accept for use, any white oak logs in the manufacture of veneer.

(c) *Exceptions to restriction.* The restriction imposed by paragraph (b) of this order does not apply to the use of white oak logs in the manufacture of veneer for implements of war for delivery to or for the account of the Army, the Navy or the Coast Guard of the United States, the United States Maritime Commission or the War Shipping Administration, where the use of white oak logs to the extent employed is required by the specifications (including performance specifications) of the Army, the Navy or the Coast Guard of the United States, the United States Maritime Commission or the War Shipping Administration applicable to the contract, subcontract or purchase order.

(d) *Reports.* Any manufacturer of veneer who, on the date of issuance of this order, has in his possession or under his control any white oak logs in excess of fifty thousand board feet suitable for the manufacture of veneer shall file with the War Production Board, not later than the tenth day after such date, an inventory report on Form PD–631 of such white oak logs.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications to the War Production Board.* All communications concerning this order and all reports required to be filed hereunder, shall, unless otherwise directed, be addressed to the War Production Board, Lumber and Lumber Products Branch, Washington, D. C., Ref.: M–209. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R Doc. 42–8248; Filed, August 24, 1942; 11:43 a. m.]

PART 1210—INDUSTRIAL POWER TRUCKS

[Supplementary Limitation Order L–112a]

Corrections

In the introductory paragraph of the order appearing on page 6420 of the issue for Saturday, August 15, 1942, "§ 1201.1" should read "1210.1". In the list of manufacturers and approved models the letters "C–S" under the Elwell-Parker Electric Co. should read "C–Z".

Chapter XI—Office of Price Administration

PART 1340—FUEL

[Amendment 30 to Revised Price Schedule 88[1]]

PETROLEUM AND PETROLEUM PRODUCTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

[1] 7 F.R. 2463, 2785, 3473, 4450, 5045, 5939, 6464.

[2] 7 F.R. 5986.

* Copies may be obtained from the Office of Price Administration.

[1] 7 F.R., 1107, 1371, 1798, 1799, 1836, 2304, 2352, 2634, 2945, 3116, 3482, 3524, 3576, 3552, 3895, 3963, 4483, 4653, 4854, 4857, 5481, 5867, 5868

Paragraphs (h) and (i) are revoked and a new paragraph (s) is added to § 1340.157, and §§ 1340.154 (b) and 1340.159 (a) are amended to read as set forth below:

§ 1340.154 *Records and reports* • • •

(b) Where a contract of the type described in paragraph (a) (3) of § 1340.159 was in effect as of October 1, 1941 duly authenticated copies of such contracts shall be filed with this Office within thirty days after August 26, 1942.

• • • • • •

§ 1340.157 *Definitions* • • •

(s) "Receiving tank" means the tank of the producer of crude petroleum, sometimes called stock tank or shipping tank, in which the oil from one or more wells is first gauged or measured for sale, delivery or storage.

• • • • • •

§ 1340.159 *Appendix A: Maximum prices for petroleum and petroleum products.* • • •

(a) *Crude petroleum* (1) The maximum price at the receiving tank for crude petroleum from any given pool shall be the posted purchase price as of October 1, 1941 for such pool.

(2) Where on October 1, 1941, there was for any given pool no posted purchase price, or more than one posted purchase price, the maximum price at the receiving tank for crude petroleum from such pool shall be the price paid for crude petroleum at the same receiving tank as of October 1, 1941, unless this price is below the lower or lowest of the posted purchase prices, if any, and in that case, the maximum price shall not be in excess of such lower or lowest posted purchase price.

(3) Where a contract was in effect on October 1, 1941 for the purchase of crude petroleum at the receiving tank at a price in excess of any posted purchase price for the given pool applicable to such production or for the purchase of crude petroleum at a point other than at the receiving tank at a price in excess of the sum of such posted purchase price and the differential between such posted purchase price and the price at such other point in existence on October 1, 1941 such contract price shall be the maximum price at the receiving tank or at such other point for the production covered by the contract, or any renewal of such contract, or a new contract between the same buyer and seller concerning the same production.

(4) Where the maximum price for any sale of crude petroleum at the receiving tank cannot be determined under (1) through (3) above, the purchaser may set a temporary price for such crude petroleum subject to the provisions of § 1340.154 (c) above and subject also to disapproval of the Office of Price Administration. If such temporary price is a posted price, it shall, unless disapproved in writing by the Office of Price Administration within 30 days after it has been reported, be the maximum price at the receiving tank for any crude petroleum produced from the pool from which crude petroleum covered by the sale in question is produced. This provision also covers crude petroleum produced from wells representing discovery and development of the new pools subsequent to October 1, 1941.

(5) The maximum price for crude petroleum purchased at a point other than the receiving tank shall be at no greater differential at such point over the maximum price for such crude at the receiving tank than existed on October 1, 1941. If no differential existed at the given points on that date, the purchaser and seller may establish a temporary differential for a sale of crude petroleum at such point subject to provisions of § 1340.154 (c) hereof and subject also to disapproval by the Office of Price Administration: *Provided, however,* That if such differential is not disapproved in writing by the Office of Price Administration within 30 days after it has been reported in accordance with § 1340.154 (c), it shall be the maximum differential for the particular sale and for all subsequent sales of crude petroleum from the same receiving tank delivered at that point.

§ 1340.158a *Effective dates of amendments.* • • •

(dd) Amendment No. 30 (§§ 1340.157, 1340.159 (a) *Crude petroleum*) to Revised Price Schedule No. 88 shall become effective August 26, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

PART 1352—FLOOR COVERINGS

[Amendment 1 to Maximum Price Regulation 65[1]]

RESALE OF FLOOR COVERINGS

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Sections 1352.59 (a) and 1352.61 (a) (2) are amended to read as set forth below and three new sections, §§ 1352.58a, 1352.61a and 1352.63 are added.

§ 1352.58a *Licensing; applicability of the registration and licensing provisions of the General Maximum Price Regulation.*[2] (a) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every distributor subject to this Maximum Price Regulation No. 65 selling at wholesale any unit of wool floor covering covered by this Maximum Price Regulation No. 65. When used in this § 1352.58a, the term "selling at wholesale" has the definition given to it by § 1499.20 (p) of the General Maximum Price Regulation. Said registration and licensing provisions became effective as to persons selling at wholesale on May 11, 1942.

* Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 1799.

[2] 7 F.R. 3153, 3330, 3666, 3990, 3991.

§ 1352.59 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 65 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

• • • • • •

§§ 1352.61 *Definitions.* (a) When used in this Maximum Price Regulation No. 65, the term:

• • • • • •

(2) "Distributor" means a person who resells wool floor coverings to any person other than the ultimate consumer, whether he resells such wool floor coverings as a distributor, jobber, agent or broker, and includes a person who resells wool floor coverings to both ultimate consumers and others.

• • • • • •

§ 1352.61a *Applicability to certain type of sales.* (a) This maximum Price Regulation No. 65 shall not apply to sales or deliveries to ultimate consumers or to sales or deliveries of specific units of wool floor coverings purchased by the seller from distributors or manufacturers at no discount from the manufacturer's low basis price list (with the exception of cash discounts and discounts for seconds, drops, imperfects, trial-runs, remnants, mill ends, or other similar units).

§1352.63 *Effective dates of amendments.* (a) Amendment No. 1 (§§1352.58 a, 1352.59 (a), 1352.61 (a) (2), 1352.61 a and 1352.63) to Maximum Price Regulation No. 65 shall become effective August 26, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

PART 1382—HARDWOOD LUMBER

[Amendment 1 to Maximum Price Regulation 97[1]]

SOUTHERN HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Table entitled "(32) Construction Boards" of § 1382.112 (b) is amended and a new § 1382.111a is added as set forth below.

§ 1382.112 *Appendix A: Maximum prices for Southern hardwood lumber in standard or near standard grades.* • • •

(32) Construction Boards:

No. 2. Construction Boards..... $39.00

NOTE: This maximum price includes surfacing two, three or four sides. No addition may be made for any surfacing or any other machining.

§ 1382.111a *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1382.-112 (b) and 1382.111a) to Maximum

[1] 7 F.R. 5667.

Price Regulation No. 97 shall become effective August 26, 1942.

PART 1390—MACHINERY AND TRANSPORTATION EQUIPMENT

[Amendment 5 to Maximum Price Regulation 136,[1] as Amended]

MACHINES AND PARTS AND MACHINERY SERVICES

A statement of the considerations involved in the issuance of this amendment has been prepared and is issued simultaneously herewith.*

New subparagraph (3) is added to paragraph (c) of § 1390.25 and new paragraph (e) is added to § 1390.31a as set forth below:

§ 1390.25 *Petitions for amendment or adjustment.* * * *

(c) *Amendments.* * * *

(3) *Monarch Engineering and Manufacturing Company.* Notwithstanding the provisions of §§ 1390.5 and 1390.6, the maximum price applicable to the sale of any industrial furnace, oven or ladle heater manufactured and sold by the Monarch Engineering and Manufacturing Company, Baltimore, Maryland, for which such Company had a published or confidential list price in effect on October 1, 1941 shall be the net price determined in accordance with the provisions of § 1390.5, plus an amount equal to 4½% of such net price.

1390.31a *Effective dates of amendments.* * * *

(e) Amendment No. 5 (§ 1390.25 (c) (3)) to Maximum Price Regulation No. 136, as amended, shall become effective August 26, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 24 Under § 1499.18 (b) of General Maximum Price Regulation—Docket GF3-1176]

A. M. TODD CO.

For reasons set forth in an opinion* issued simultaneously herewith, it is ordered:

§ 1499.324 *Adjustment of maximum prices of peppermint and spearmint oils sold by A. M. Todd Company.* (a) A. M. Todd Company, of Kalamazoo, Michigan, may sell and deliver, and any person may buy and receive from A. M. Todd Company, the following commodities at prices not higher than those set forth below:

	Per pound
Natural oil of spearmint	$3.50
U. S. P. special redistilled oil of peppermint	5.75
U. S. P. redistilled oil of peppermint	5.85

(b) All discounts, allowances and trade practices in effect with respect to the above-listed commodity during March 1942 by the seller shall remain in effect under this Order.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 24 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 24 (§ 1499.324) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 24 (§ 1499.324) shall become effective August 26, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

5812	Gowns	5.00
5813	....do	5.00
5850	Sleeper	5.70
5851	....do	5.70

*Copies may be obtained from the Office of Price Administration.

Style No.	Commodity	Requested maximum price
9357	Sleeper	$4.15
9358	....do	4.15
9365	....do	5.40
9366	....do	5.40
9368	....do	5.15
9382	Flannelette slips	3.15
9383	....do	3.15
9384	....do	3.15

(b) The adjustment granted to Blough Manufacturing Company in paragraph (a) is subject to the following conditions:

(1) This order is limited to sales to Sears Roebuck and Company by Blough Manufacturing Company;

(2) All discounts, trade practices relating to shipping and shipping charges in effect in March 1942 shall be applicable to the maximum prices set forth in paragraph (a) hereof.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 26 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 26 (§ 1499.326) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 26 (§ 1499.326) shall become effective August 22, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8194; Filed, August 21, 1942; 4:22 p. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 27 Under § 1499.18 (b) of General Maximum Price Regulation]

BIRD-SHANKLE CORP.

For reasons set forth in an opinion* issued simultaneously herewith, it is ordered:

§ 1499.327 *Adjustment of maximum prices for Bird-Shankle Corporation.* (a) Bird-Shankle Corporation, of San Antonio, Texas, may sell and deliver, and any person may buy and receive from Bird-Shankle Corporation, the following commodity at a price not higher than that set forth below:

Case of 48 14-oz. cans Old Dutch Cleanser	$3.19

(b) All discounts, allowances and trade practices in effect with respect to the above-listed commodity during March 1942 by the seller shall remain in effect under this order.

(c) Bird-Shankle Corporation shall mail or cause to be mailed to all persons who purchase for sale at retail Old Dutch Cleanser from it at prices established pursuant to this Order No. 27 (§ 1499.327) a notice reading as follows:

The Office of Price Administration, by Order No. 27 (§ 1499.32) effective August 22, 1942, pursuant to section 18 (b) of the General Maximum Price Regulation, has permitted the Bird-Shankle Corporation to raise its maximum price for sales to you of Old Dutch Cleanser from $3.10 per case to $3.19 per case, subject to all discounts, allowances and trade practices in effect during March 1942 with respect to sales of Old Dutch Cleanser by that corporation.

The permission contained in Order No. 27 (§ 1499.327) was granted by the Office of Price Administration upon the assumption that your maximum prices for sales of Old Dutch Cleanser established by the General Maximum Price Regulation are such that no hardship would be imposed upon you if you were required to pay as much as $3.19 per case, as above set forth. That Office ascertained that most retailers, in March 1942, the base pricing period of the General Maximum Price Regulation, had already advanced their prices sufficiently to cover a cost of as much as $3.19, determined as above stated.

Order No. 27 (§ 1499.327) *does not permit you to raise your maximum prices, as established under the General Maximum Price Regulation, for sales of Old Dutch Cleanser.* However, if the price charged by the Bird-Shankle Corporation for sales of Old Dutch Cleanser to you, pursuant to such Order, imposes a substantial hardship upon you, and if your maximum prices for sales of that commodity are abnormally low in relation to the maximum prices established for sales by other sellers at retail of Old Dutch Cleanser or similar commodities, you may petition the nearest District, State, Field, or Regional Office of the Office of Price Administration for an adjustment pursuant to § 1499.18 (a) of the General Maximum Price Regulation and Temporary Procedural Regulation No. 2 of the Office of Price Administration.

(d) All prayers of the application not granted herein are denied.

(e) This Order No. 27 may be revoked or amended by the Price Administrator at any itme.

(f) This Order No. 27 (§ 1499.327) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(g) This Order No. 27 (§ 1499.327) shall become effective August 22, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8195; Filed, August 21, 1942; 4:23 p. m.]

PART 1499—COMMODITIES AND SERVICES

[Order 22 Under § 1499.18 (c) of General Maximum Price Regulation—Docket GF3-401]

BLOCH BROTHERS TOBACCO CO.

For the reasons set forth in an opinion* issued simultaneously herewith, it is ordered.

§ 1499.372 *Adjustment of maximum prices for tobacco manufactured by The Bloch Brothers Tobacco Co.* (a) The Bloch Brothers Tobacco Co., 4000 Water Street, Wheeling, West Virginia may sell and deliver and Mail Pouch Tobacco Co. may buy and receive from The Bloch

*Filed with the Division of the Federal Register; requests for copies should be addressed to the Office of Price Administration.

[1] 7 F.R. 5047, 5362, 5665, 5908.

Brothers Tobacco Co. the following commodities at any price which may be agreed upon between them without regard to the provisions of the General Maximum Price Regulation.

	Oz. package
Mail Pouch	1¾
Mail Pouch	1½
Mail Pouch—sample packages	⅞
Virginia Extra Dry Smoking Tobacco 4 oz. jars:	
Jack Frost Smoking Tobacco	1¾
Wow	3½
Wow	2¼
Wow	1

(b) The adjustment granted to The Bloch Brothers Tobacco Company in paragraph (a) is subject to the condition that it will not cause or permit the maximum prices established for Mail Pouch Tobacco Company under the provisions of the General Maximum Price Regulation to be increased.

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 22 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 22 (§ 1499.372) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 22 (§ 1499.372) shall become effective August 22, 1942. (Pub. Law 421, 77th Cong.)

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

PART 1340—FUEL

[Amendment 1 to Maximum Price Regulation 189 [1]]

BITUMINOUS COAL SOLD FOR DIRECT USE AS BUNKER FUEL

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new paragraph (5) is added to § 1340.313 (a) and a new § 1340.314a is added, as set forth below:

§ 1340.313 *Appendix A: Maximum prices for bituminous coal for use as bunker fuel.* (a) • • •

(5) There may be added to the maximum prices established in subparagraphs (1) to (4) of this paragraph (a) not more than the exact amount per net ton of any railroad freight rate increases which became effective between January 15, 1942 and April 30, 1942, and which are actually incurred by the supplier of bunker fuel.

• • • • • •

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 5831.

§ 1340.314a *Effective dates of amendments.* (a) Amendment No. 1 (§ 1340.313 (a) (5)) to Maximum Price Regulation No. 189 shall be effective as of August 1, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 22d day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8229; Filed, August 22, 1942; 11:38 a. m.]

PART 1389—APPAREL

[Amendment 1 to Maximum Price Regulation 172 [1]]

CHARGES OF CONTRACTORS IN APPAREL INDUSTRY

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In §1389.52 paragraph (d) is amended, in § 1389.53 paragraph (a) is amended, a new § 1389.61 is added, as set forth below:

§ 1389.52 *Applicability of this Maximum Price Regulation No. 172 to the General Maximum Price Regulation and the Maximum Price Regulation No. 157.* [2]

• • •

(d) The term, "contractor," includes any person who performs one or more processes of manufacturing in the production of an article of apparel, or materials supplied by a principal, and who receives payment for the process or processes so performed and for the furnishing of materials, if any, that are incidental to such operations: *Provided*, That a contractor who furnishes materials, the value of which constitutes 30 percent or more of the price charged for his services or who furnishes more material than is customary in services of the type rendered, is excluded hereunder. It shall also include any person engaged in examining, shrinking and sponging of woolen or worsted fabrics.

• • • • • •

1389.53 *Maximum contractors' charges.* The seller's maximum price for any service governed by this Maximum Price Regulation No. 172 shall be as follows:

(a) *Where the material is consigned to the contractor.* The direct labor cost of the service plus the same percentage margin over direct labor cost obtained by the contractor for the same or similar services in March 1942.

• • • • • •

§ 1389.61 *Effective date of amendments.* (a) Amendment No. 1 (§§ 1389.52 (d), 1389.53 (a), 1389.61) to Maximum Price Regulation No. 172 shall become effective August 27, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 22d day of August 1942.

LEON HENDERSON,

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Amendment 8 to Ration Order 5A [1]]

GASOLINE RATIONING REGULATIONS

Paragraph (a), subparagraph (16), of § 1394.151 is amended; and a new paragraph (i) to § 1394.1902 is added; as set forth below:

Definitions

§ 1394.151 *Definitions.* (a) • • •

(16) "Limitation area" means:

(i) The entire eastern part of the continental United States up to and including all of the counties of Wayne, Ontario, and Steuben in the State of New York; Tioga, Lycoming, Clinton, Centre, Blair, and Bedford in the State of Pennsylvania; Allegany in the State of Maryland; Mineral, Grant, and Pendleton in the State of West Virginia; Highland, Bath, Alleghany, Craig, Giles, Pulaski, Wythe, and Grayson in the State of Virginia; Ashe, Watauga, Avery, Mitchell, Yancey, Madison, Haywood, Swain, Graham, and Cherokee in the State of North Carolina; Fannin, Murray, Whitfield, Catoosa, Dade, Walker, Chattooga, Floyd, Polk, Haralson, Carroll, Heard, Troup, Harris, Muscogee, Chattahoochee, Stewart, Quitman, Clay, Early, Seminole, and Decatur in the State of Georgia; and Gadsden, Liberty and that part of Franklin which lies east of the Apalachicola River in the State of Florida; and

(ii) Limitation Area "A," which shall consist of the counties of Erie, Genesee, Livingston, Monroe, Niagara, Orleans, and Wyoming in the State of New York:

Provided, That if any part of any incorporated or unincorporated city, town or village, or if any part of the establishment of any dealer or distributor, is located within the limitation area, all of such city, town, village, or establishment shall be considered as within such area.

• • • • • •

Effective Date

§ 1394.1902 *Effective dates of amendments.* • • •

(i) Amendment No. 8 (§ 1394.151 (a) (16) to Ration Order No. 5A shall become effective August 22, 1942. (Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong., and by Pub. Law 507, 77th Cong., Pub. Law 421, 77th Cong., W.P.B. Directive No. 1, Amendment No. 2 to Supp. Dir. No. 1 (H) 7 F.R. 562)

Issued this 22d day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Amendment 23 to Supplementary Regulation 1 to General Maximum Price Regulation]

EXCEPTION FOR CERTAIN COMMODITIES, CERTAIN SALES AND DELIVERIES

CHRISTMAS TREES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Subparagraph (6) of § 1499.26 (b) is added and reads as set forth below:

§ 1499.26 *Exceptions for certain commodities, certain sales and deliveries.*

• • •

(b) The General Maximum Price Regulation shall not apply to the following sales or deliveries:

• • • • • •

(6) The sale of any tree or plant, or part thereof, painted or unpainted, mounted or unmounted, which is used for decorative purposes during the Christmas season.

• • • • • •

(e) *Effective dates.* • • •

(24) Amendment No. 23 (§ 1499.26 (b) (6)) to Supplementary Regulation No. 1 shall become effective August 27, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 22d day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 29 Under § 1499.18 (b) of General Maximum Price Regulation—Docket GF3-576]

ATLANTIC COAST FISHERIES CO., INC.—KROGER GROCERY AND BAKING CO.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.329 *Adjustment of maximum prices for sales of frozen codfish fillets by, Atlantic Coast Fisheries Company to Kroger Grocery and Baking Company under the brand "Fres-shore."* (a) Atlantic Coast Fisheries Company of 4 Fish Pier, Boston, Massachusetts, may sell and deliver to Kroger Grocery and Baking Company of Cincinnati, Ohio, and Kroger Grocery and Baking Company may buy and receive from Atlantic Coast Fisheries Company frozen codfish fillets packaged under the brand "Fres-shore" at prices not higher than the maximum prices chargeable by Atlantic Coast Fisheries Company under section 2 of the General Maximum Price Regulation for frozen codfish fillets sold under the brand "Nordic."

(b) The permission granted to Atlantic Coast Fisheries Company and Kroger Grocery and Baking Company is subject to the following condition: that the maximum prices chargeable by the Kroger Grocery and Baking Company for sales of frozen codfish fillets under the brand "Fres-shore" shall be maintained at the levels existing prior to the issuance of this Order.

(c) This Order No. 29 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 29 (§ 1499.329) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 29 (§ 1499.329) shall become effective August 24, 1942. (Pub. Law 421, 77th Cong.)

Issued this 22d day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8226; Filed, August 22, 1942; 11:39 a. m.]

*Copies may be obtained from the Office of Price Administration.

PART 1351—FOOD AND FOOD PRODUCTS

[Amendment 3 to Revised Price Schedule 50]

GREEN COFFEE

Correction

In the table headed "Santos" appearing on page 6387 of the issue for Friday, August 14, 1942, the price for 2s under the boxhead, "Other cup descriptions or undescribed," should read "10" instead of "0". Under the same boxhead in the table headed "Paranagua—Angra Dos Reis—Sul de Minas," the price for 4s should read "9¾" instead of "9½".

PART 1355—LEAD

[Maximum Price Regulation 199]

LEAD BULLET ROD

Correction

The word "delivered" in the first column, third line, on page 6221 of the issue for August 11, 1942, should read "deliveries."

PART 1499—COMMODITIES AND SERVICES

[Order 59 Under § 1499.3 (b) of General Maximum Price Regulation]

WEYERHAUSER SALES COMPANY

MAXIMUM PRICES FOR SHIPMENT OF WOOD CULVERT STAVES

Corrections

Semicolons should appear in the middle column of page 6604 of the issue for August 20, 1942, in § 1499.273 under the caption "Wood Culvert Staves," in the ninth line following the word "ends" and in the eleventh line following the word "joints".

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, War Department

PART 203—BRIDGE REGULATIONS

Pursuant to the Provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), the following special regulation is prescribed to govern the operation of the Southern Pacific Bridge near Knights Landing across Sacramento River below Chico Landing, California:

§ 203.710 *State of California; bridge regulations for all navigable waterways of the United States within California, including San Francisco Bay and connected bays and river systems tributary thereto.* • • •

(b) *Special regulations.*

• • • • • •

(4) *Sacramento River.*

BELOW CHICO LANDING

• • • • • •

Southern Pacific Bridge near Knights Landing. Period of day for prompt opening. Between the hours of 8:00 a. m. and 11:59 p. m., this bridge shall upon proper signal be opened promptly for the passage of any vessel or vessels or other watercraft not able to pass underneath.

Between the hours of 11:59 p. m. and 8:00 a. m., the swing span may remain in open position and unattended.

Owners of vessels contemplating passage through the bridge between 11:59 p. m. and 8:00 a. m. during the months of November, December, January, and February are requested to notify the Southern Pacific Company General Superintendent at Sacramento, California, at least eight (8) hours in advance of the time at which they will pass the bridge. When such notice is given and when fog prevails, a bell shall be tolled continuously during the approach and passage of a vessel. (28 Stat. 362; 33 U.S.C. 499) [Regs. Aug. 12, 1942 (CE 6371 (Southern Pacific Co.—Sacramento R.—Knights Landing)—SPEON)]

TITLE 36—PARKS AND FORESTS

Chapter I—National Park Service

PART 2—GENERAL RULES AND REGULATIONS

CARRYING OF FIREARMS

Pursuant to the authority contained in the act of August 25, 1916 (39 Stat. 535,

16 U.S.C. 3), § 2.11 of Part 2, Title 36, Code of Federal Regulations, is hereby amended by adding thereto a new paragraph (e) reading as follows:

§ 2.11 *Firearms, etc.* • • •

(e) The members of the armed forces of the United States shall be permitted to carry unsealed firearms; and, in the discretion of the superintendent, members of the armed forces of the several states or friendly foreign nations may be permitted to carry unsealed firearms. The provisions of this paragraph shall be applicable only during time of war in which the United States is engaged. (39 Stat. 535, 16 U.S.C. 3)

Approved: August 14, 1942.

[SEAL] ABE FORTAS,
Under Secretary.

TITLE 42—PUBLIC HEALTH

Chapter I—United States Public Health Service: Federal Security Agency

PART 29—PAYMENTS TO ESTABLISH RESERVES OF BLOOD PLASMA

SUBPART B—FISCAL YEAR 1943

REGULATIONS OF THE SURGEON GENERAL GOVERNING GRANTS TO HOSPITALS FOR ESTABLISHING RESERVES OF BLOOD PLASMA

Whereas the Federal Security Agency Appropriation Act, 1943, approved July 2, 1942, appropriates for the United States Public Health Service an amount not to exceed $420,000 for the fiscal year ending June 30, 1943, "to enable the Surgeon General, without regard to section 3709 of the Revised Statutes either independently or, subject to regulations promulgated by him, by grants to public and private hospitals, to procure and to establish reserves of liquid, frozen, or dry blood plasma or serum albumin for the treatment of casualties resulting from enemy action," the following regulations are promulgated to govern the administration of this appropriation:

Sec.
29.201 Eligibility for grants.
29.202 Approval of plans.
29.203 Conditions of grants.
29.204 Method of payment.

AUTHORITY: §§ 29.201 to 29.204, inclusive, issued under Pub. Law 647, 77th Cong.

§ 29.201 *Eligibility for grants.* Preference shall be given to hospitals serving communities whose geographical location implies a likelihood of civilian casualties from enemy action, and which are inadequately equipped to handle such casualties.

To be eligible for a grant a public or private hospital shall:

(a) Have a capacity of not less than 200 beds, exclusive of bassinets, provided that two or more smaller hospitals totaling 200 beds may submit a cooperative project designating one of the participating hospitals as the grantee;

(b) Be on the approved list of the American College of Surgeons and the Hospital Register of the American Medical Association;

(c) Have on the professional staff a physician whose qualifications are the equivalent of those required by the American Board of Pathology for its diplomates.

§ 29.202 *Approval of plans.* A grant may be used only for the purchase of equipment necessary for the preparation of liquid or frozen plasma, reconditioning or minor alterations of existing quarters, necessary travel and subsistence allowance of $6.00 per diem to cover a training period, if required, of not more than one week, for the physician directing the blood plasma project, and temporary salaries of personnel necessary for the establishment of a blood and plasma project.

A hospital desiring to receive a grant shall submit a plan to the Chief Medical Officer, Office of Civilian Defense, who is authorized to receive such plans on behalf of the Surgeon General of the United States Public Health Service. A plan shall contain the following information:

(a) The number of hospital beds classified according to use;

(b) The name and qualifications of the physician who will direct the plasma project;

(c) Description of present blood and plasma project, if any;

(d) The type and amount of plasma reserves which the applicant proposes to prepare;

(e) The delivered price of equipment necessary to complete the existing facilities for preparing such plasma. Such equipment shall be described in accordance with the equipment inventory in "A Manual on Citrated Normal Human Blood Plasma," issued by the Office of Civilian Defense, or equivalent approved equipment;

(f) The cost of materials or labor, if any, needed for adapting existing quarters to the needs of the blood plasma project;

(g) The salaries, if any, to be paid additional personnel until the plasma reserve has been prepared. Salary items shall also show the proposed periods of employment and monthly rates of pay for each individual.

When a plan is recommended by the Chief Medical Officer of the Office of Civilian Defense for the approval of the Surgeon General, the hospital will be furnished a budget and acceptance form to be signed, notarized and returned to the Chief Medical Officer, Office of Civilian Defense.

§ 29.203 *Conditions of grants.* (a) The hospital shall agree to build up a plasma reserve of at least one unit per bed within three months after delivery of the necessary equipment. If the hospital is within 75 miles of a Red Cross bleeding center procuring blood for the military services, no competitive publicity campaigns for donor procurement shall be conducted. In such hospitals, six months is allowed for building the required plasma reserve. A unit of plasma is defined as that amount which can be recovered by centrifuging from 500 cc. of whole blood to which has been added 50 cc. of anti-coagulant solution. It also may be interpreted as 300 cc. of citrated plasma;

(b) The agreed amount of plasma reserve shall be maintained for use without charge and only for treatment of casualties caused by enemy action. The reserve shall be released for use in other local hospitals for this purpose on order of the local Chief of Emergency Medical Service and for transfer within the State on order of the State Chief, Emergency Medical Service, or transfer from one State to another on the order of the Regional Medical Officer, Office of Civilian Defense;

(c) Liquid plasma shall be kept from being outdated by replacement of older by newer plasma. Plasma may be utilized for current needs of the hospital in the treatment of its regular patients, provided the plasma reserve shall not be allowed to fall below the stated minimum. If the plasma reserve is depleted because of large numbers of casualties, a reasonable time shall be allowed to rebuild the plasma reserve to the required minimum;

(d) All plasma shall be prepared in accordance with the principles described in the manuals of the Office of Civilian Defense prepared by the Subcommittee on Blood Substitutes of the National Research Council;

(e) The hospital shall agree to continue the plasma project for the duration of the war with the minimum stated reserve; thereafter the reserve may be used by the hospital without restriction;

(f) A record shall be kept of all blood doners, including their blood types, to expedite obtaining donors for emergencies;

(g) No funds made available under the grant shall be used for the payment of blood donors;

(h) Any blood plasma project under this program shall be subject to inspection by authorized representatives of the Surgeon General of the Public Health Service. Samples of plasma shall be submitted to the National Institute of Health for sterility testing as required by authorized representatives of the Public Health Service;

(i) Hospitals shall keep clinical records of all cases receiving blood or plasma transfusions and shall submit promptly reports including clinical abstracts of any untoward experiences encountered in the use of plasma for the duration of the war.

§ 29.204 *Method of payment.* Payments will be made on a reimbursement basis for expenditures made in accordance with the approved budget. Applications for reimbursement shall be notarized and addressed to the Chief Medical Officer, Office of Civilian Defense. The procedure for payment will be as follows:

(a) Payments from the allotment to cover the purchases of non-expendable equipment aggregating $300 or more will be paid upon receipt from the authorized administrative head and accounting officer of the hospital, of an itemized statement of the purchases supported by invoices showing the date of delivery of such equipment;

(b) Payment will be made for the authorized training expenses of the physician who is to direct the blood plasma project whenever the hospital presents a notarized claim itemizing the travel and per diem allowance incident to the training;

(c) Reimbursement for other items of the approved budget will begin only after actual production of blood plasma is started. During the first three months of production, reimbursement will be made on a monthly basis and quarterly thereafter for the duration of the grant. Such reimbursement will be made only upon receipt of a report form prescribed by the Surgeon General from the institution showing expenditures incurred during the period, total plasma prepared during the month, and the total reserve on hand to date;

(d) Payments may be withheld, and plasma produced as part of this project may be transferred by the Surgeon General, from any hospital which fails to meet the conditions of the grant or to comply with the regulations;

(e) Each hospital shall submit monthly reports during the period of the grant showing the amounts of plasma on hand and used; thereafter, for the duration of the war the hospital shall submit such reports quarterly on its use of the plasma.

[SEAL] THOMAS PARRAN,
Surgeon General.

JULY 27, 1942.

Approved August 20, 1942.

WATSON B. MILLER,
Acting Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—General Land Office

[Circular No. 1516]

PART 260—SPECIAL LEASES OR SALES

REGULATIONS GOVERNING THE LEASE OR SALE OF PUBLIC LANDS FOR THE MANUFACTURE OR PRODUCTION OF WAR MATERIALS

AUG. 14, 1942.

Sec.
260.1 Statutory authority.
260.2 Policy.
260.3 Lands.
260.4 Application.
260.5 Citizenship.
260.6 Action by register.
260.7 Provisions of lease.
260.8 Issuance of leases.
260.9 Fee.
260.10 Charges.
260.11 Publication and posting.
260.12 Execution of lease; bond and advance rental payment.
260.13 Lien.
260.14 Assignment of lease.
260.15 Termination of lease.
260.16 Removal of materials, equipment or machinery on termination of lease.
260.17 Cancelation of lease.

AUTHORITY: § 260.1 to 260.17, inclusive, issued under Pub. Law 586, 77th Cong.

§ 260.1 *Statutory authority.* The Act of June 5, 1942, Public Law 536, authorizes the lease or sale of public lands to persons, partnerships and corporations

• • • for use in connection with the manufacture of arms, ammunition; and implements of war, or the production of equipment, supplies, and materials, or machinery usable in such manufacture.

The Act provides in section 4 that it shall cease to be operative 6 months after the termination of the unlimited national emergency proclaimed by Proclamation 2487 of May 27, 1941.[1]

§ 260.2 *Policy.* Although the Act of June 5, 1942, authorizes the lease or sale of public lands, in the discretion of the Secretary of the Interior, no sale will be made unless the needs of the applicant cannot be met satisfactorily by a lease. Each applicant to purchase land will be required to make a clear and convincing showing as to the necessity for the purchase.

No lands will be leased or sold, except with a reservation to the United States of all mineral deposits therein, together with the right to prospect for, mine and remove the same.

Leases under the Act will not be issued if other laws and regulations provide specific authority under which the resources or materials may be obtained, in the absence of a satisfactory showing by the applicant that such provisions are inadequate to meet his requirements.

The use of the leased lands will be restricted to the uses authorized by the lease. No timber, mineral or other resources may be removed from the lands unless specifically authorized.

All operations must be conducted so as not to cause unnecessary reduction in the usefulness of the lands for other purposes, or to impair the scenic values or recreational uses.

§ 260.3 *Lands.* Leases may be issued, or sales made, of vacant public lands withdrawn or reserved by Executive Order 6910 of November 26, 1934, or Executive Order 6964 of February 5, 1935, or within a grazing district, but not otherwise withdrawn or reserved from entry and disposal under non-mineral laws.

The acreage which may be leased or sold will be restricted to that area which is reasonably necessary for the proposed project.

§ 260.4 *Application.* An application must be submitted in affidavit form, in triplicate, and should be filed in the land office for the district in which the lands are situated. If there is no district land office in the State, the application should be filed in the General Land Office. The application should show:

(a) The name and address of each applicant.

[1] 6 F.R. 2617.

(b) The facts as to the age and citizenship of the applicant, if an individual, or as to the partnership or incorporation, and the citizenship of each partner or stockholder, if the applicant is a partnership or a corporation.

(c) The general business of the applicant, and its relation to the war program.

(d) Whether the applicant wishes to lease or purchase the land. If a lease is requested, the applicant should specify the period for which it is desired, not exceeding 6 months after the termination of the unlimited national emergency.

(e) If a sale is requested, the applicant should state why the acquisition of title in connection with the proposed project is necessary and why a lease of the land will not suffice.

(f) A description of the land involved. The land, if surveyed, should be described with reference to the public land surveys. If unsurveyed, it should be described in such a manner that it may be identified with certainty.

(g) That the land, or the resource or material thereon for which application is made, is needed and will be used by the applicant in connection with the manufacture of arms, ammunition or implements of war, or the production of equipment, supplies and materials, or machinery, usable in such manufacture. If the applicant has entered into any contract(s) involving the manufacture or production of such material or equipment, a copy of the contract(s), or information relative thereto, should be furnished.

(h) The facts as to the buildings and improvements, if any, including the estimated cost thereof, which the applicant proposes to place on the land, together with a description of the land desired for such structures.

(i) Whether the land is occupied or improved by any person. If so, the name of the occupant and the purpose for which the land is used should be given.

(j) When the lands were last examined by the applicant.

§ 260.5 *Citizenship.* Each applicant must be a citizen of the United States or one who has declared his intention to become a citizen, a partnership composed of such persons, or a corporation owned by such persons and organized under the laws of the United States or of a State or Territory thereof and authorized to transact business in the State or States in which the lands involved are situated.

§ 260.6 *Action by register.* When received, the register will give an application a current serial number and will note it on the records of the district land office. If the application is not properly executed, or is not accompanied by the required fee, or is otherwise irregular, the register will reject it. The applicant will have the right of appeal. The register will forward the application with the copies to the General Land Office by special letter.

§ 260.7 *Provisions of lease.* Each lease will contain such provisions as may

be necessary to safeguard the rights of the United States. The attached form, which is made a part of this section, will be used, so far as the form may be appropriate.

Unless the accomplishment of the purpose for which the lands are leased will be hindered, each lease will provide that it shall not interfere with or prevent:

(a) The prospecting, locating, developing, mining, entering, leasing, or patenting of the mineral resources under any laws or regulations applicable thereto.

(b) The issuance of grazing privileges, under applicable laws and regulations.

(c) The use and disposal of timber or other resources on the lands, under applicable laws and regulations.

(d) The acquisition or granting of rights-of-way or easements under applicable laws and regulations.

(e) Hunting and fishing on the lands by any person under applicable State or Federal hunting and fishing laws and regulations.

§ 260.8 *Issuance of leases.* The Secretary of the Interior is authorized, in his discretion, to issue leases under the Act of June 5, 1942. The Commissioner of the General Land Office will take appropriate action on all applications for the leases and will make recommendations to the Secretary as to the issuance of leases. No recommendation for the lease or sale of lands within grazing districts will be made without the prior concurrence of the Director of Grazing. All actions of the Commissioner on applications will be subject to review or appeal, in accordance with the Rules of Practice (43 CFR, Part 221).

§ 260.9 *Fee.* Each aplicant must pay a fee of $5.00 if the application is for 1,000 acres or less and an additional $5.00 for each 1,000 acres or fraction thereof. The fee will be carried as unearned pending action on the application. If the application is rejected, the fee will be returned. If a lease based on the application is offered to the applicant, and refused by him, the fee will be retained and earned as a service charge.

§ 260.10 *Charges.* All lessees, other than agencies of the Federal Government, will be required to make payment of a reasonable charge for the use of the land, or for the procurement of resources of materials therefrom, to be fixed in the lease. All annual rental charges shall be payable in advance.

Where public land is sold, the applicant will be required to pay its reasonable value, to be fixed by appraisement, but not less than $1.25 per acre.

All payments must be made to the Register of the land office for the district in which the lands are situated. Moneys received from sales of the lands will be deposited and accounted for in like manner as other proceeds from the sale of public lands. Lease rentals will be deposited and accounted for as miscellaneous receipts, rent of land.

§ 260.11 *Publication and posting.* Publication and posting will be required for 30 days, in connection with all sales of land. The notice must be published in a newspaper designated by the Commissioner of the General Land Office. If this be a daily paper, the notice must be published in the Wednesday issue for five consecutive weeks; if weekly, for five consecutive issues; and if semi-weekly, in either issue for five consecutive weeks. The Register will cause a similar notice to be posted in his office, such notice to remain posted during the entire period of publication. The applicant must file in the district land office prior to the issuance of final certificate evidence that publication has been had for the required period. The evidence may consist of the affidavit of the publisher, accompanied by a copy of the notice as published.

Publication and posting will not be required in connection with an application for lease.

§ 260.12 *Execution of lease; bond and advance rental payment.* Upon approval of an application, a proposed lease will be prepared and forwarded through the register to the applicant. The lease must be executed by the applicant in quadruplicate and returned by him to the register. The applicant must furnish with the proposed lease, when returned, a corporate surety bond in such amount as may be determined, but not less than $1,000, conditioned upon the performance by the applicant of all the terms of the lease. The applicant also must pay, in advance, the annual rental for the first year of the lease.

§ 260.13 *Lien.* A lien for rental charges and other payments which become due will be reserved to the United States on all improvements, fixtures, and personal property of the lessee on the lands. No improvements or fixtures may be removed from the land unless all moneys due the United States have been paid.

Each lease must be recorded by the lessee at his expense, pursuant to the applicable recordation statute of the jurisdiction wherein the land is situated, and evidence of such recordation must be furnished.

§ 260.14 *Assignment of lease.* A lessee may not assign his lease, or any interest therein, without the approval of the Secretary of the Interior. A proposed assignment must be executed in triplicate and forwarded, within 30 days from the date of its execution, to the register of the proper district land office, for transmittal to the Commissioner of the General Land Office. It must be supported by a statement signed by the assignee agreeing to be bound by the provisions of the lease if the assignment is approved, and a showing that the assignee possesses the qualifications required of a lessee. The Commissioner will make appropriate recommendations to the Secretary.

§ 260.15 *Termination of lease.* The lessee, with the consent of the Secretary of the Interior first had and obtained in writing, may surrender and terminate his lease upon payment of all charges due thereunder, upon payment of all wages and moneys due and payable to workmen employed by him, and upon making a showing satisfactory to the Secretary that the public interests will not be impaired.

If a lease is terminated because of the expiration of the unlimited national emergency prior to the expiration of any year for which advance annual rental has been paid, a proportionate refund of the rental payment will be made.

§ 260.16 *Removal of materials, equipment or machinery on termination of lease.* Upon the expiration of a lease, or the earlier termination thereof pursuant to the preceding section, the lessee shall have the right at any time within 90 days thereafter, or such extension thereof as may be granted by the Secretary of the Interior, to remove the materials, equipment or machinery placed by him on the land, provided, all moneys due the United States have been paid. Any materials, equipment or machinery remaining on the lands at the expiration of such period shall become the property of the United States.

§ 260.17 *Cancelation of lease.* A lease may be canceled by the Secretary of the Interior if the lessee shall change his production from war to non-war purposes; or shall fail to make any payment required thereunder, or to comply with any of the provisions thereof, and such default shall continue for 30 days after written notice thereof to the lessee.

FRED W. JOHNSON,
Commissioner.

Approved: August 14, 1942.

HAROLD L. ICKES,
Secretary of the Interior.

UNITED STATES
DEPARTMENT OF THE INTERIOR
General Land Office

Serial No. ------

LEASE OF PUBLIC LANDS FOR MANUFACTURE OR PRODUCTION OF WAR MATERIALS

The United States of America (lessor), acting through the Secretary of the Interior, and ----------
of ----------
(lessee), under the Act of Congress approved June 5, 1942, Public Law 586, and the regulations thereunder, all of which are made a part hereof, agree:

SEC. 1. *Rights granted.* That the lessee shall have the exclusive right and privilege of using for ---------- the following-described tract of land:

Section ------, Township ----------, Range ------, ---------- Meridian, State of ---------- containing ------ acres, more or less, for the following period: ----------

That the lessee also shall have the right to construct, and to maintain on that part of the leased land described below, during the period of this lease, such manufacturing, processing, storage and office buildings, including transportation facilities, as may be useful in connection with the operations authorized hereunder:

SEC. 2. In consideration of the foregoing, the lessee agrees:

(a) *Annual rental.* To pay the lessor each year in advance as annual rental the sum of $

(b) *Monthly statements; payment for materials covered by lease.* To furnish monthly statements at such time and in such form as may be required by the lessor, showing the facts as to all resources or material removed from the land, where such removal is authorized by this lease, and to pay the lessor for all resources or material so removed during each six months period of this lease within 30 days after the expiration of such period. The amount of the payments will be determined as follows:

(c) *Conduct of operations.* To conduct all operations on the leased land in accordance with the requirements of the laws of the State in which the land is located, as well as the laws of the United States.

(d) *Taxes.* To pay, when due, all taxes lawfully assessed and levied under the laws of the State or the United States on the leasehold or other right or interest of the lessee under this lease, or on the materials, equipment, or machinery placed by the lessee on the land.

(e) *Use of materials not covered by lease.* Not to cut timber from the land, or to remove any other resources or materials therefrom, unless specifically authorized by the provisions of this lease, without securing the prior approval of the Secretary of the Interior.

(f) *Waste; unauthorized use.* Not to commit waste or injury to the land, and not to devote the land to any occupation or use other than the purposes for which this lease is given.

(g) *Fires.* To take all reasonable precautions to prevent and suppress forest, brush and grass fires.

(h) *Pollution of waters.* To take all possible precautions to prevent pollution of waters on and in the vicinity of this tract, including, if required by state or local law, the installation of sewerage treatment works.

(i) *Wildlife.* To observe all laws and regulations for the protection of game animals, game birds, and non-game birds, and not to disturb such animals or birds unnecessarily.

(j) *Labor policy.* To accord all workmen and employees freedom to bargain collectively and complete freedom of purchase, to pay them at least twice each month in lawful money of the United States and to carry on all operations hereunder with due regard to their health and safety.

(k) *Roads.* Not to enclose roads or trails commonly used for public travel.

(l) *Regulations.* To abide by and conform to any and all reasonable regulations of the Secretary of the Interior now or hereafter in force under the Act of June 5, 1942, all of which regulations are made a part and condition of this lease, provided that such future regulations shall not effect any change in the annual rental or other charge without the consent of the parties hereto.

(m) *Inspection.* That the leased premises and the books and records of the lessee relating to operations under the lease shall be subject to inspection at all reasonable times by duly authorized representatives of the Department of the Interior, and that other Federal agencies, including game wardens, shall be given access to the premises in connection with necessary Government business.

(n) *Assignments.* Not to assign this lease, or any interest therein, without the consent of the Secretary of the Interior; that any such assignment, if made, will contain all the terms and conditions agreed upon by the parties thereto; and that the proposed assignment will be forwarded in triplicate within 30 days from the date of its execution to the register of the proper district land office for transmittal to the Commissioner of the General Land Office.

SEC. 3. *Lien.* A lien for rental charges and other payments which become due is hereby reserved to the United States on all improvements, fixtures, and personal property of the lessee on the lands. No improvements or fixtures may be removed from the lands unless all moneys due the United States have been paid.

The lessee agrees to record this lease at his expense, pursuant to the applicable recordation statute of the jurisdiction wherein the land is situated, and to furnish the lessor evidence of such recordation.

SEC. 4. *Rights reserved.* Except as indicated below, this lease shall not interfere with or prevent:

(a) The prospecting, locating, developing, mining, entering, leasing, or patenting the mineral resources under any laws or regulations applicable thereto.

(b) The issuance of grazing privileges, under applicable laws and regulations.

(c) The use and disposal of timber or other resources on the lands, under applicable laws and regulations.

(d) The acquisition or granting of rights-of-way or easements under applicable laws and regulations.

(e) Hunting and fishing on the lands by any person under applicable State or Federal hunting and fishing laws and regulations.

SEC. 5. *Termination of lease.* The lessee, with the consent of the lessor, first had and obtained in writing, may surrender and terminate this lease upon payment of all charges due thereunder, upon payment of all wages and moneys due and payable to workmen employed by him, and upon making a showing satisfactory to the lessor that the public interests will not be impaired.

If this lease is terminated because of the expiration of the unlimited national emergency prior to the expiration of any year for which advance annual rental has been paid, a proportionate refund of the rental payment will be made.

SEC. 6. *Removal of materials, equipment or improvements on termination of lease.* Upon the expiration of the lease, or the earlier termination thereof pursuant to the preceding section hereof, the lessee shall have the right at any time within 90 days thereafter, or such extension thereof as may be granted by the Secretary of the Interior, to remove the materials, equipment or improvement placed by him on the lands, provided all moneys due the United States have been paid. Any materials, equipment or machinery remaining on the lands at the expiration of such period shall become the property of the United States.

SEC. 7. *Cancelation of lease.* This lease may be canceled by the lessor if the lessee shall change his production from war to non-war purposes, or if he shall fail to make any payment required thereunder, or to comply with any provisions thereof, and such default shall continue for 30 days after written notice thereof to the lessee.

SEC. 8. *Unlawful interest.* No Member of, or Delegate to Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified, and during his continuance in office, and no officer, agent or employee of the Department of the Interior, shall be admitted to any share or part in this lease, or derive any benefit that may arise therefrom. The provisions of action 3741 of the Revised Statutes and sections 114, 115, and 116 of the Criminal Code, approved March 4, 1909 (35 Stat. 1109), relating to contracts, enter into and form a part of this lease, so far as the same may be applicable.

SEC. 9. *Heirs and successors in interest.* Each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

In witness whereof:

THE UNITED STATES OF AMERICA.

Notices

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-240]

HUDSON FUEL COMPANY

FILING OF APPLICATION

In the matter of Hudson Fuel Company, Registered Distributor, Registration No. 4581.

[1] 7 F.R. 5445.

Notice of filing application for disposition of compliance proceeding without formal hearing pursuant to § 301.132.

Notice is hereby given that an application dated July 9, 1942, for disposition of this proceeding without formal hearing was filed with the Bituminous Coal Division (the "Division") on July 11, 1942, pursuant to § 301.132 of the Rules and Regulations Governing Practice and Procedure before the Division by Hudson Fuel Company, a corporation, the above-named registered distributor (the "Distributor").

In said application, the Distributor:

1. States that Peter Mazza is the President and majority stockholder of the Distributor which is engaged in the sale of coal and of Mazza Trucking Company, a corporation, which is engaged essentially in the hauling of coal for the Distributor; and that both companies have their principal place of business at 5052 Glazier Avenue, Cleveland, Ohio;

2. Admits that it committed the acts and failed to take the action referred to in the Notice of and Order for Hearing, dated April 27, 1942, and the Order Amending Notice of and Order for Hearing, dated May 19, 1942, resulting in violations of the Bituminous Coal Code and rules and regulations issued thereunder by purchasing for resale from various code member producers, during the period November 13, 1940, to September 27, 1941, both dates inclusive, 12,078.39 tons of various sizes of bituminous coal, which coal was physically handled and resold by it in less than carload lots by transporting the same from the mine facilities of said producers in trucks owned or under the control of its affiliate, Mazza Trucking Company, and accepted and retained discounts thereon in the total amount of $2,281.89.

3. States that on June 4, 1942, it surrendered to the Division for cancellation its Certificate of Registration as a Distributor (No. 4581); and

4. Upon the basis of the foregoing admitted violations, consents to the entry of an order confirming the revocation of its rights represented by said Certificate of Registration as a Distributor.

All interested parties desiring to do so may within fifteen (15) days from the date of this notice, file with the Division recommendations or requests for informal conference in respect to the above-described application.

Dated: August 22, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8250; Filed, August 24, 1942; 11:48 a. m.]

[Docket No. B-306]

GERBER COAL COMPANY, CODE MEMBER

FILING OF APPLICATION

Notice of filing of application for disposition of compliance proceedings without formal hearing pursuant to § 301.132 of the rules of practice and procedure before the division.

Notice is hereby given that an application, dated August 4, 1942, for the disposition of this proceeding without formal hearing was filed with the Bituminous Coal Division (the "Division") on August 10, 1942, pursuant to § 301.132 of the Rules of Practice and Procedure Before the Bituminous Coal Division by the Gerber Coal Company, the above-named Code Member (the "Code Member").

1. In said application the Code Member admits having committed violations of the Bituminous Coal Code and the effective minimum prices established thereunder, as alleged in the complaint, as follows:

(a) By selling for rail shipment approximately 366.9 net tons of 1" x 0 slack coal, produced at its mine, to the Great Northern Railway, Great Falls, Montana, during the period from October 11, 1940 to December 5, 1940, both dates inclusive, at 80 cents per net ton f. o. b. the mine, whereas the effective minimum price established for such coal was $1.00 per net ton f. o. b. the mine;

(b) By selling for rail shipment approximately 44.15 net tons of 9" x 6" furnace coal, produced at its mine, to School District No. 26, Collins, Montana, on November 20, 1940, at $3.25 per net ton f. o. b. the mine, whereas the effective minimum price for said coal was $3.75 per net ton f. o. b. the mine;

(c) By selling for rail shipment approximately 62.5 net tons of mixed nut coal, produced at its mine, consisting of one-third 2" x 1¼" nut, invoiced at $3.25 per net ton f. o. b. the mine, and two-thirds 3" x 2" nut, invoiced at $3.50 per ton f. o. b. the mine, to the Graham & Ross Mercantile Company, Great Falls, Montana, on December 3, 1940, whereas the effective minimum price for 2" x 1¼" nut coal was $3.50, and 3" x 2" nut coal was $3.75 per net ton f. o. b. said mine; and

(d) By selling for rail shipment approximately 677.05 net tons of 6" x 3" egg coal, produced at its mine, to the Anaconda Copper Mining Company, Great Falls, Montana, during the period from October 24, 1940 to August 11, 1941, both dates inclusive, at $3.25 per net ton f. o. b. the mine, whereas the effective minimum price established for such coal was $3.50 per net ton f. o. b. the mine.

2. In said application, the Code Member also states that to the best of its knowledge and belief it has not committed any other violations of the Act, the Code or regulations thereunder, either before or after the admitted violations referred to hereinabove.

3. In said application, Code Member consents, upon the basis of the above-mentioned admitted violations, to the entry of an order directing it to cease and desist from further violations of the Act, the Code and the regulations thereunder.

All interested parties desiring to do so may file with the Division within fifteen (15) days from the date of this notice recommendations or requests for informal conference in respect to such application.

Dated: August 22, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8251; Filed, August 24, 1942; 11:48 a. m.]

[Docket No. 1867-FD]

SHERWOOD-TEMPLETON COAL CO., INC., AND SUMMIT COAL CO., INC.

ORDER DENYING EXEMPTION

In the matter of the application of Sherwood-Templeton Coal Company, Inc., and Linton-Summit Coal Company, Inc., for a Determination of the status of the waste slurry coal produced at Mine Index No. 63, 101, 108, and 112 in District No. 11, pursuant to the second paragraph of section 4-A of the Bituminous Coal Act of 1937.

An application having been filed with the Bituminous Coal Division by Sherwood-Templeton Coal Company, Inc., and Linton-Summit Coal Company, Inc., on July 25, 1941, pursuant to section 4-A of the Bituminous Coal Act of 1937, seeking an order in accordance with section 4 II (1) of the Act, exempting from the provisions of the Bituminous Coal Act of 1937 the slurry coal produced at Mine Index Nos. 108 and 112 of Sherwood-Templeton Coal Company, Inc., and Mine Index Nos. 63 and 101 of Linton-Summit Coal Company, Inc., and consumed by the Antioch Power Company, a corporation wholly owned by the applicants;

Pursuant to Orders of the Director and the Acting Director, and after due notice to all interested persons, a hearing in this matter having been held on January 5, 1942, before Floyd McGown, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the matter having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That effective sixty (60) days from the date hereof, the exemption prayed for in the application herein be, and it hereby is, denied.

Dated: August 21, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[Public Land Order 26]

CALIFORNIA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT AS A CAMP SITE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

Subject to valid existing rights, the public lands in the following-described areas are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department as a camp site:

MOUNT DIABLO MERIDIAN

T. 14 N., R. 6 E.,
Secs. 6, 8, and 23;
T. 15 N., R. 6 E.,
Secs. 1, 12, 13, 18, and 24;
T. 14 N., R. 7 E.,
Secs. 8 and 18.

The areas described, including both public and non-public lands, aggregate 5828.95 acres.

This order shall take precedence over but shall not rescind or revoke the temporary withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended, so far as such order affects the above-described lands.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

HAROLD L. ICKES,
Secretary of the Interior.

[Public Land Order 29]

IDAHO

PARTIALLY REVOKING EXECUTIVE ORDER NO. 4796 OF JANUARY 19, 1928, AND AIR-NAVIGATION SITE WITHDRAWAL NO. 106

By virtue of the authority vested in the President, and pursuant to Executive Order No. 9146 of April 24, 1942, and the provisions of section 4 of the act of May 24, 1928, 45 Stat. 729 (U.S.C., title 49, sec. 214), it is ordered as follows:

Sec. 1. Executive Order No. 4796 of January 19, 1928, withdrawing certain lands in Idaho for the use of the Department of Commerce in the maintenance of air-navigation facilities, is hereby revoked so far as it affects the following-described lands, within Idaho Grazing Districts Nos. 1 and 5:

BOISE MERIDIAN

T. 4 S., R. 8 E., sec. 19, lot 1 of NW¼;
T. 5 S., R. 9 E., sec. 15, SE¼NW¼;
T. 9 S., R. 19 E., sec. 19, lot 3 or NW¼SW¼;
T. 9 S., R. 21 E., sec. 32, SW¼SW¼;
aggregating 139.25 acres.

SEC. 2. The order of the First Assistant Secretary of the Interior of July 29, 1936, withdrawing certain lands for the use of the Department of Commerce as Air-Navigation Site Withdrawal No. 106, is hereby revoked as to the following-described land, within Idaho Grazing District No. 1:

BOISE MERIDIAN

T. 5 S., R. 11 E., sec. 30, fractional SW¼ of lot 2, 7.81 acres.

ABE FORTAS,
Acting Secretary of the Interior.

[Public Land Order 31]

CALIFORNIA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT AS AN AIR BASE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942, and section 3 of the act of June 17, 1902, c. 1093, 32 Stat. 388 (U.S.C., title 43, sec. 416), it is ordered as follows:

Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department as an air base:

SAN BERNARDINO MERIDIAN

T. 1 S., R. 20 E., secs. 24 and 25;
T. 1 S., R. 21 E.,
secs. 19, 20, 29, and 30.

The areas described aggregate 3844.60 acres.

This order shall take precedence over but shall not rescind or revoke (1) the withdrawal for reclamation purposes made by the Secretary of the Interior on June 4, 1930, and (2) the temporary withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended, so far as such orders affect any of the above-described lands.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

ABE FORTAS,
Acting Secretary of the Interior.

AUGUST 14, 1942.

NEVADA

STOCK DRIVEWAY WITHDRAWAL NO. 54, NEVADA NO. 10, AND NEVADA PROPOSED GRAZING DISTRICT MODIFIED

Under the authority of section 7 of the act of June 28, 1934, as amended by the act of June 26, 1936, 48 Stat. 1272, 49 Stat. 1976, 43 U.S.C. 315f, the following-described public land in Nevada is hereby classified as necessary and suitable for the purpose and, under the provisions of section 10 of the act of December 29, 1916, as amended by the act of January 29, 1929, 39 Stat. 865, 45 Stat. 1144, 43 U.S.C. 300, such land, excepting any mineral deposits therein, is withdrawn from all disposal under the public-land laws and reserved for the use of the general public as an addition to Stock Driveway Withdrawal No. 54, Nevada No. 10, subject to valid existing rights:

MOUNT DIABLO MERIDIAN

T. 12 N., R. 36 E.,
Section 17, SE¼, 160 acres

Any mineral deposit in the land shall be subject to location and entry only in the manner prescribed by the Secretary

of the Interior in accordance with the provisions of the aforesaid act of January 29, 1929, and existing regulations.

And the Departmental order of January 16, 1919, establishing Stock Driveway Withdrawal No. 54, Nevada No. 10, is hereby revoked as far as it affects the following described lands:

MOUNT DIABLO MERIDIAN

Section 21, All;
Section 22, NW¼;
Section 28, NW¼.
960 acres.

And under the authority of section 7 of the Act of June 28, 1934, as amended, the Departmental order effective November 30, 1937, establishing the Nevada Proposed Grazing District is hereby revoked as far as it affects the following described lands:

MOUNT DIABLO MERIDIAN

T. 12 N., R. 36 E.,
Section 21, All;
Section 22, All;
Section 23, All;
Section 27, All;
Section 28, All;
Section 33, All;
Section 34, NW¼.
4,080 acres.

HAROLD L. ICKES,
Secretary of the Interior.

Dixie Shirt Co., Inc., Camp Wadsworth, Spartanburg, South Carolina; Army shirts; 10 percent (T); August 24, 1943.

Simon Fisher, White Horse Pike, Berlin, New Jersey; Ladies' cotton slips, children's cotton slips and ladies' & children's pajamas; 2 learners (T); August 24, 1943.

The Gluckin Corp., Cross St., Suffern, New York; Brassieres; 10 percent (T); August 24, 1943.

Jay-Gee Mfg. Co., 217 South Fifth St., Perkasie, Pennsylvania; Children's and misses' sportswear, beachwear, playwear and novelties; 15 learners (E); December 24, 1942.

Juliette Originals, 400 First Ave., N., Minneapolis, Minnesota; Dresses and dress suits; 5 learners (T); August 24, 1943.

Kaynee Co., 6925 Aetna Road, Cleveland, Ohio; Shirts and sportswear, boys' suits, pajamas; 10 percent (T); August 24, 1943.

Kolodney & Myers, Inc., Railroad St., Winchendon, Massachusetts; Dresses; 10 percent (T); August 24, 1943.

Lehigh Dress Co., 1401 Broadway, Bethlehem, Pennsylvania; Dresses; 10 percent (T); August 24, 1943.

Main Pants & Lumberjacket Co., Inc., 209 Exeter Ave., West Pittston, Pennsylvania; Boys pants; 7 learners (T); August 24, 1943.

Maybelle Sportswear Mfg. Co., 310½ West Weatherford St., Fort Worth, Texas; Women's sportswear; 10 percent (T); August 24, 1943.

Mike Malone Overall Co., 324 Market St., Philadelphia, Pennsylvania; Dungarees; 3 learners (T); August 24, 1943.

N & W Overall Co., Inc., So. President St., Jackson, Mississippi; Pants, overalls and coats, shirts; 10 percent (T); August 24, 1943.

Needlecraft Mfg. Co., 29 North Main St., Dover, Pennsylvania; Children's cotton work dresses; 7 learners (T); August 24, 1943.

The Pyke Mfg. Co., 154 West 2nd St., S., Salt Lake City, Utah; Men's work pants; 10 percent (T); August 24, 1943. (This certificate replaces the one bearing the expiration date of November 20, 1942).

Racine Shirt Co., Inc., Greensburg, Indiana; Army shirts, work shirts, mackinaws, coats; 10 percent (T); August 24, 1943.

Royal Trouser Mfg. Co., 37 Chestnut St., Norwich, Connecticut; Trousers; 10 learners (T); August 24, 1943.

Shriner Mfg. Co., Taneytown, Maryland; Pajamas; 5 learners (T); August 24, 1943.

The Sidley Co., 45 Ecker St., San Francisco, California; Corsets and brassieres; 1 learner (T); August 24, 1943.

Southland Mfg. Co., Inc., 204 Greenfield St., Wilmington, North Carolina; Shirts; 5 percent (T); August 24, 1943.

Standard Romper Co., Inc., 558 Roosevelt Ave., Central Falls, Rhode Island; Infants' and children's wear; 10 percent (T); August 24, 1943.

Standard Textile Co., Inc., 66 North 3rd St., Memphis, Tennessee; Work pants, work shirts; 20 learners (E); February 24, 1943.

Artificial Flowers and Feathers

H. Brand Feather Co., 7 West 30 St., New York, New York; Flowers and feathers; 5 learners (T); October 1, 1942. (This certificate effective August 20, 1942).

Goldston-Weber, 7 East 37th St., New York, New York; Flowers and feathers; 2 learners (T); October 1, 1942. (This certificate effective August 20, 1942).

Reliable Millinery Supply Co., Inc., 29 West 38th St., New York, New York; Flowers and feathers; 4 learners (T); October 1, 1942. (This certificate effective August 20, 1942).

Cigars

Federal Cigar Co., Inc., 560 West Broadway, Red Lion, Pennsylvania; Cigars; 10 percent (T); Cigar machine operators to have learning period of 320 hours, cigar packers to have learning period of 320 hours and stemming machine operators to have learning period of 160 hours at 75 percent of the applicable minimum wage; August 23, 1943.

T. Lewis Cigar Mfg. Co., South Second St., Steelton, Pennsylvania; Cigars; 10 percent (T); Cigar machine operators and cigar packers to have learning period of 320 hours at 75 percent of the applicable minimum wage; August 23, 1943.

Parodi Cigar Co. of New York, Inc., 441 N. Main Ave., Scranton, Pennsylvania; Cigars; 10 percent (T); Hand cigar makers to have learning period of 960 hours and cigar packers to have learning period of 320 hours at 75 percent of the applicable minimum wage; August 23, 1943.

Webster Eisenlohr, Inc., 208 N. Beaver St., York, Pennsylvania; Cigars; 10 percent (T); Cigar machine operators to have learning period of 320 hours at 75 percent of the applicable minimum wage; August 23, 1943.

Webster Eisenlohr, Inc., 7th & Washington Sts., Reading, Pennsylvania; Cigars; 10 percent (T); Cigar machine operators to have learning period of 320 hours at 75 percent of the applicable minimum wage; August 23, 1943.

Webster Eisenlohr, Inc., 540 S. George St., York, Pennsylvania; Cigars; 10 percent (T); Cigar machine operators to have learning period of 320 hours at 75 percent of the applicable minimum wage; August 23, 1943.

Glove

Becopa Glove Mills, Inc., 4 Warburton Ave., Yonkers, New York; Knit wool gloves; 10 percent (T); August 24, 1943.

Hega Knitting Mills, Inc., 204 South Broadway, Yonkers, New York; Knit wool gloves; 10 percent (T); August 24, 1943.

The National Mitten Works, 212–216 East Superior St., Kokomo, Indiana; Knit fabric and work gloves; 5 learners (T); August 24, 1943.

Reinhart Mitten Co., 451 North 4th St., Milwaukee, Wisconsin; Leather dress and work gloves; 3 learners (T); August 24, 1943.

M. M. Smith & Son, Inc., 66 Sherman St., Galeton, Pennsylvania; Leather dress and work gloves; 5 learners (T); August 24, 1943.

Sterling Silk Glove Co., Portland, Pennsylvania; Knit fabric gloves; 25 learners (E); February 24, 1943.

Hosiery

Cherokee Hosiery Mills, 242 Highland Ave., Hickory, North Carolina; Seamless and full-fashioned hosiery; 10 learners (E); January 24, 1943.

Dixie Hosiery Mills, Inc., 430 West Church St., Newport, Tennessee, Seamless hosiery; 5 learners (T); August 24, 1943.

Ft. Payne Hosiery Mills, Inc., Ft. Payne, Alabama; Seamless hosiery; 5 learners (T); August 24, 1943.

Lykens Hosiery Mills, Lykens, Pennsylvania; Seamless hosiery; 3 learners (T); August 24, 1943.

Sunshine Hosiery Mills, S. Church St., Murfreesboro, Tennessee; Seamless hosiery; 5 percent (T); August 24, 1943.

Tinicum Hosiery Mills, 3rd & Wyandotte Sts., Lester, Delaware Co., Pennsylvania; Full-fashioned hosiery; 4 learners (T); August 24, 1943.

Wilmington Hosiery Mills, Inc., Fifth & Monroe Sts., Wilmington, Delaware; Seamless hosiery; 5 percent (T); August 24, 1943.

Millinery

Carene Hat Co., Inc., 501 Madison Ave., New York, New York; Ladies hats; 2 learners (T); August 24, 1943.

Dan Levin Co., 228 Grant Ave., San Francisco, California; Felt hats; 3 learners (T); August 24, 1943.

Telephone

Central Iowa Telephone Co., Toledo, Iowa; To employ learners as commercial switchboard operators at its Reinbeck Exchange, located at Reinbeck, Iowa (T); August 24, 1943.

Textile

Stringer Silk Spinning Mills, Main St. & Mitchell Ave., Lansdale, Pennsylvania; Rayon ribbonzene; 3 learners (T); August 24, 1943.

Signed at New York, N. Y., this 22d day of August 1942.

PAULINE C. GILBERT,
Authorized Representative of the Administrator.

[F. R. Doc. 42-8243; Filed, August 24, 1942; 10:48 a. m.]

LEARNER EMPLOYMENT CERTIFICATES

NOTICE OF ISSUANCE

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 525.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective August 24, 1942.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued under the employer's representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

NAME AND ADDRESS OF FIRM, PRODUCT, NUMBER OF LEARNERS, LEARNING PERIOD, LEARNER WAGE, LEARNER OCCUPATIONS, EXPIRATION DATE

Eaton Paper Corp., South Church St., Pittsfield, Massachusetts; Converted paper products; 20 learners; Machine operators and hand operators to have learning period of four weeks at 33 cents per hour; November 2, 1942.

Engel Art Corners Mfg. Co., 4711–17 North Clark St., Chicago, Illinois; Converted paper products; 1 learner; Punch press operator to have learning period of four weeks at 32 cents per hour; November 2, 1942.

Melrose Hosiery Mills, Inc., English St., High Point, North Carolina; Seamless and full-fashioned hosiery; 10 learners; Sewing machine operators to have learning period of 480 hours at 25 cents per hour; February 24, 1943.

Signed at New York, N. Y., this 22d day of August 1942.

PAULINE C. GILBERT,
Authorized Representative of the Administrator.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order No. 94]

PATENT APPLICATIONS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

Patent applications listed and described in Exhibit A attached hereto and made a part hereof,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on August 6, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

Patent applications in the United States Patent Office which are identified as follows:

Serial No.	Filing date	Inventor	Title
96, 470	8/17/36	A. Ferretti	Manufacture of artificial textile fibres.
97, 266	8/21/36	I. Kreidl	Process for making white clouded enamel.
106, 911	10/21/36	S. Sordelli	Manufacture of artificial textiles.
110, 983	11/13/36	S. Sato	Tension apparatus.
125, 856	2/3/37	H. Prufer	Adhesive layers and their production.
129, 218	3/5/37	W. Dallenbach et al	Transmission and/or the reception of electromagnetic waves.
134, 186	3/31/37	H. Legerlotz	Manufacture of water-soluble antiseptics from hexylresorcinols.
134, 706	4/3/37	P. Gilli	Steam power plant with heat accumulator.
139, 213	4/27/37	L. De Tavy	Production of rollers.
150, 176	6/24/37	P. Filippi	Device for the automatic control of the articulation of the knee applicable to a prothesis of the thigh.
152, 290	7/7/37	P. Gilli	Accumulator plants.
152, 810	7/8/37	E. Faerber	Method of treating waste material of wood sugar processes or the like.
130, 143	8/14/37	R. Zwerina	Rocket propelled bodies.
160, 170	8/30/37	R. Matteucci	Air propeller with adjustable pitch during flight.
171, 130	10/29/37	F. Rapatz et al	High speed steel.
176, 941	11/27/37	K. Hefel	Power transmission.
184, 101	1/8/38	J. Berlek	Chrome-magnesia refractory and method.
186, 061	1/20/38	J. Hoffmann	Fully automatic filter press.
188, 988	2/5/38	Z. Foldi	Process for the production of new efficacious P-amino-benzene sulphamide derivatives, suitable for injection purposes.
191, 000	2/17/38	A. Ferretti	Manufacture of artificial textile fibres.
192, 177	2/28/38	G. Bottaro	Process and apparatus for the reclaiming of used lubricating oils.
194, 469	3/7/38	F. Lierz	Process of producing sensitive silver halide colloidal.
196, 546	3/17/38	H. Bretschneider	Process of preparation of sterol oxidation products containing two carbonyl groups.
196, 646	3/18/38	U. Cristofoletti, et al	Apparatus for self-loading vehicles.
196, 776	3/18/38	F. Skaupy, et al	Process and apparatus for continuous spinning of filaments and ribbons, etc.
204, 187	4/25/38	G. Revelli	Cartridge lifting device for repeating and automatic fire arms.
206, 693	5/7/38	A. Righi	Synchronism indicating apparatus.
206, 946	5/9/38	G. Donggenima	Nitrogenous textile fiber.
208, 556	5/18/38	G. Jendrassik	Working process and mechanical equipment for gas turbines.
211, 101	5/31/38	F. Lasch et al	Pancreatic hormone preparations and the production thereof.
213, 843	6/15/38	J. Erhlich	Method of detecting alterations of documents.
217, 505	7/5/38	G. Jendrassik	Apparatus for gas turbines.
217, 506	7/5/38	G. Jendrassik	Gas turbine plant equipped with regulating apparatus.
219, 604	7/16/38	A. Maximoff	Synthetic rubber and process of its manufacture.
220, 011	7/10/38	A. Maximoff	Manufacture of synthetic rubber.
227, 107	8/27/38	H. Suzuku	Method of preventing scale formation.
230, 013	9/15/38	J. Kales	Internal combustion engines.
231, 799	9/26/38	K. Munekata	Electrolytic apparatus for producing a hydroxide of metal.
233, 862	10/7/38	A. Bibolini	Adjustable closed circuit grinding process.
234, 011	10/8/38	A. Scotti	Machine for the automatic packing of shuttles and such like tools into cases.
234, 290	10/10/38	I. Yamasaki	Process of preparing growth promoting vitamin B_2 (vitamin G) by fermentation.
236, 335	10/21/38	A. Varni	Floating breakwater.
236, 981	10/26/38	A. Bagnulo	Engine with stratified mixture.
238, 158	11/1/38	E. Ferlito	Method of producing tempered glass sheets.
246, 213	12/16/38	F. Meiwald	Machine for knitting cable coverings and the like.
246, 483	12/17/38	H. Osawa	Process for dressing coals or similar substances.

Serial No.	Filing date	Inventor	Title
250, 505	1/12/39	G. Torok	Insertion for cushions or the like.
251, 226	1/16/39	A. Gini	Air conditioning systems.
251, 858	1/19/39	G. Griedmann	Method of fertilizing land.
253, 661	1/30/39	A. Gai	Fire arms.
253, 935	1/31/39	U. Somigliana	Glass panels.
254, 379	2/3/39	G. Von Pazsiczky	Production of curled mineral fibres.
254, 631	2/4/39	E. De Visart	Regulating roller for machines sowing in rows.
255, 525	2/11/39	A. Nadai et al	Belt shifter.
255, 977	2/11/39	R. Seherich	Fuel control for combustion engines.
256, 012	2/11/39	E. Santoni	Auxiliary aerophotogrammetric surveying apparatus, including the obtainment of photographs of the sun and enabling the realization of a novel process of aerotriangulation.
256, 838	2/17/39	M. Balz et al	Shock absorber arrangement; especially for motor vehicles.
260, 336	3/ 7/39	M. Giordani et al	Process for saccharifying cellulose.
260, 412	3/ 7/39	D. Perlusz et al	Devices for extracting coffee and/or tea.
261, 133	3/16/39	F. Palazzo	Process for obtaining cellulose from resinous pine woods.
262, 291	3/16/39	R. Bolaffi	Milling planer with swingable tool-spindle.
262, 519	3/17/39	A. Raimondi	Calculating machines.
263, 204	3/21/39	K. Koller et al	Manufacture of industrial gases.
263, 240	3/21/39	Y. Mackawa	Preparation of immune blood separated plasma and serum of said blood.
264, 425	3/27/39	K. Takahashi	Lidded vessels.
266, 187	4/5/39	H. Isobe	Process of manufacturing petroleum-like oil by dry distillation of a carbonaceous material.
267, 167	4/10/39	K. Nagao	Yeasty remedy and method of preparing the same.
268, 009	4/15/39	G. Jendrassik	Heat exchanger.
268, 414	4/17/39	A. Cucchi et al	Mould for inside riveting by means of hollow rivets and means for achieving the same.
269, 085	4/21/39	M. Rosner	Backwards looking glass for automobiles and other vehicles.
270, 551	4/28/39	Y. Kono	Cannula holder.
270, 919	4/29/39	A. Ferretti	Manufacture of artificial textile fibers.
271, 160	5/1/39	L. Bini	Process of making dialkyl stilboestrols.
271, 270	5/2/39	G. Giberti	Pistons.
275, 082	5/22/39	T. Hiromi et al	Piston rings and method of making same.
277, 955	6/7/39	T. Kajita et al	Process for manufacturing artificial fiber from protein contained in soy-bean.
277, 956	6/7/39	T. Kajita et al	Process for manufacturing artificial fiber from protein contained in soy-bean.
279, 533	6/16/39	S. Simkovits	Apparatus for the purification of liquids.
279, 960	6/19/39	V. Arata	A process for the production of pure iron or iron alloys.
280, 046	6/20/39	M. Weiss	Apparatus for the production of photoprints.
280, 527	6/22/39	G. Campolunghi	Production of threads.
281, 313	6/27/39	L. De Kramolin	System for generating electricity.
283, 285	7/7/39	T. Sato	Bender for rolled-up strip such as window frame, pipe or fuel tank of motor vehicles.
283, 472	7/8/39	G. Garbuio	Apparatus for solidifying and drying alimentary pastes.
284, 136	7/12/39	M. Veneri	Coin controlled billiard table.
285, 165	7/18/39	M. Marzetti	Pick-ups and circuits therefor.
285, 850	7/22/39	P. Borracci	Equipment for subaqueous arms destined to bring about the firing of same when traversed by a galvanic contact current.
287, 002	7/28/39	R. Fraknoi	Hollow rubber toys of big size and process for their production.
287, 028	7/28/39	A. Quentin	Apparatus for use in glass tempering.
287, 174	7/28/39	A. Basili	Electronic automatic regulator for low-voltage electric generators.
288, 563	8/5/39	G. Von Pazsiczky	Manufacture of glass fibers.
288, 821	8/7/39	H. Horio	Method and apparatus for recovering solvents.
288, 964	8/8/39	T. Ohmoto	Displacing device for the numeral wheel carriage in a rotary calculating machine.
288, 965	8/8/39	T. Ohmoto	Transferring device for the figures in a calculating machine.
289, 152	8/9/39	I. Szues	Batting reinforced with knitting stitches and a device for preparing same from raw material as it comes from the carding machine.
289, 710	8/11/39	G. Natta	Process for separating the components, etc.
289, 711	8/11/39	G. Natta	Process for the manufacture of butadiene.
290, 308	8/15/39	L. Cavalieri	Automatic machine for the production of ice-cream.
290, 346	8/16/39	F. Ferré	Manufacture of centrifugal fans.
291, 698	8/24/39	S. Toth	Devices for numerical fixing, measuring instruments.
292, 126	8/26/39	M. De Falco	Change speed gear.
292, 158	8/26/39	S. Bakonyi	Process for refining keratin-containing material, and moulding powders and products producible therefrom.
292, 479	8/29/39	M. Grivetto	Dry shavers.
292, 749	8/30/39	J. Albert	Processes for the production of asbestos cement slate possessing increased bending and impact strength.
293, 495	9/5/39	M. Marzetti	Devices for needle-change in talking machines.
293, 496	9/5/39	M. Marzetti	Tone arms.
295, 616	9/10/39	G. Natta et al	Process for the production of glycerol.
296, 136	9/22/39	S. Shirokisawa	Method for preservation of solid food

Serial No.	Filing date	Inventor	Title
296, 922	9/28/39	G. Modigliani	Selective blocking arrangement for the keyboards of teleprinters having complete keyboards.
297, 359	9/30/39	S. Sordelli	Apparatus for stretching filiform materials.
297, 737	10/3/39	P. Tura	Antiglare device.
297, 773	10/3/39	L. Gussalli	Astronautic vehicle.
297, 878	10/4/39	A. Baroni	Anemometric antenna for aircraft with two oppositely disposed pitot heads.
298, 323	10/6/39	G. Revelli	Elevator for repetition and automatic fire-arms.
298, 706	10/9/39	A. Pampinella	Tipping gravity davit device for life-boats.
299, 371	10/13/39	G. Tullio	Motor tractors.
299, 777	10/16/39	E. Rooof	Method for bleaching cellulose.
299, 781	10/16/39	R. Amendola	Process of making floor coverings.
299, 782	10/16/39	R. Amendola	Linoleum coverings for floors.
300, 213	10/19/39	C. D'Ascanio	Variable pitch air-screws.
300, 820	10/23/39	S. Beck	Heat exchange devices.
301, 264	10/25/31	V. Incagnoli	High note producing system in saxophone.
303, 057	11/6/39	G. Von Pazsiczky	Method of and apparatus for producing glass fibers.
303, 058	11/6/39	G. Von Pazsiczky	Method of and apparatus for producing glass fibers.
303, 852	11/10/39	G. Szigeth	Process for the production of a water gas suitable for synthetic purposes.
304, 088	11/13/39	G. Farina	High pressure hydraulic piston packing.
304, 226	11/13/39	P. De Kiraly et al	Breech mechanism for automatic firearms.
304, 227	11/13/39	P. De Kiraly et al	Automatic or repeating firearms.
304, 835	11/16/39	R. Matteucci	Universal damper for the torsional vibrations of coaxially revolving shafts.
305, 381	11/20/39	B. Beria	Differential mechanism for cash registers.
305, 382	11/20/39	B. Beria	Key interlock and release for cash register.
305, 403	11/20/39	S. Marocco	Process for manufacturing sheets, felts and mats of glass fibres by the wet process.
305, 419	11/21/39	O. Fuscaldo	Internal combustion engine fuel injectors.
305, 420	11/21/39	O. Fuscaldo	Fuel injection means for supercharged aircraft engines.
305, 982	11/24/39	S. Tsuno	Ozonizers.
306, 071	11/25/39	G. Fauser	Process for the manufacture of ammonium nitrate.
306, 518	11/28/39	M. Floroni	Process and device for obtaining the projection of luminous letters and drawings, particularly for the purpose of publicity and signalling.
306, 568	11/28/39	G. Prola	Automatic gun.
306, 683	11/29/39	T. Okita	Rubber-like materials from dihydroxyalkyl sulphides.
306, 684	11/29/39	T. Okita	Method of manufacturing rubber-like materials.
307, 990	12/7/39	H. Osawa	Process for dressing coals by employing an aqueous heavy suspension produced from silt.
308, 027	12/7/39	J. Farago	Process and apparatus for refrigeration.
308, 213	12/8/39	F. Bandini	Metallic saw blade for sawing stone, marble plates and the like from stone blocks.
308, 845	12/12/39	G. Revelli	Bolt closer for automatic arms.
308, 846	12/12/39	M. Tominaga	Material for arresting sounds and holding warmth.
308, 870	12/12/39	A. Vagliani	Air louvers for high velocity ventilation.
308, 871	12/12/39	G. Revelli	Firing mechanism for automatic arms.
308, 872	12/12/39	G. Antonietti	Machine for compression and forming plastic materials.
309, 103	12/13/39	P. Vanni	Air carburation system.
309, 110	12/13/39	E. Perogio	Process for drying by centrifugal action of juicy materials with particular regard to olives.
309, 111	12/13/39	W. Dallenbach	Arrangement for the background noiseless production of soun flims.
309, 215	12/14/39	B. Beria	Ticket delivering machine.
309, 569	12/16/39	E. Lanciani	Armed rotating turrets for aircraft.
310, 770	12/23/39	G. Bagnato	Closure device for bores and the like.
314, 001	1/15/40	M. Marzetti	Means for resilient mounting of units.
314, 030	1/16/40	P. Salvanoschi	Formation of hollow bodies.
314, 727	1/19/40	A. Quentin	Systems and devices for tempering hollow glass articles.
315, 734	1/26/40	O. Fiesldo	Electromagnetically controlled fuel injection.
315, 844	1/26/40	U. Isman	Process of molding plates.
315, 860	1/26/40	A. Maximoff et al	Process for the manufacture of diolefines from alcohols and aldehydes.
316, 520	1/31/40	D. Bartok	Method of treating human hair.
316, 697	1/31/40	G. Pinazza	Acting device for centrifugal force percussion apparata.
317, 991	2/8/40	E. Bertello	Record filing cabinet or the like, etc.

343,501	7/1/40	F. Bortini	Speed device for measuring the quantity of air sent out in one or more breaths.
			Centrifugal superchargers for internal combustion engines.
344,185	7/5/40	A. Bal	Sound track of film.
344,402	7/11/40	K. Nagai, et al	Filters.
344,246	7/12/40	F. Voglio	Magnetic separators.
344,228	7/16/40	A. Vigl	Process for manufacturing Aro compound of cinchona alkaloid.
344,154	7/18/40	T. Takayanagi	Justifying mechanism for typewriters and the like.
344,496	7/20/40	K. Okabe	Process for manufacturing pile fabric such as carpet.
344,638	7/20/40	C. Del Prato	Electrical circuits utilizing parallel wire or cables.
344,639	7/20/40	C. Del Prato	Percussion cap safety device for percussion fuses.
344,640	7/20/40	A. Croff	Nautical device with circular floats rotating and running upon the surface of the water.
345,649	7/20/40	J. Morita	Manufacturing male members of snaps.
346,897	7/23/40	H. Tutiya	Reagent for the quantitative analysis of glucosium in the urine and the process of making the same.
346,960	7/29/40	E. Siron	Bath for the anodic oxydation of aluminum and its alloys for obtaining very hard and tough films.
347,313	7/24/40	A. Sassetti et al	Anti-oscillation suspension for clocks and the like.
347,414	7/30/40	A. Abeckaduri	Process for the production of artificial respiration.
347,152	7/30/40	E. Melani	Process of manufacturing a built-up permanent magnet.
346,134	7/31/40	G. Gelsao	Television apparatus.
346,226	7/31/40	T. Iseki	Process for manufacturing litmus dyestuff.
346,656	7/31/40	G. Zanarini	Arrangement to raise the break-down strength of insulators.
346,901	7/31/40	W. Peters	Device for holding slips or tabs for controlling systems or similar records and the respective
346,992	7/31/40	M. Pigni	stabilizer for cutting the slips.
346,993	7/31/40		Method and apparatus for sizing tubes.
346,994	8/1/40	M. Ishikawa	Water ski and the like.
347,297	8/1/40	A. Assandri	Apparatus for the production, in a closed space, of gases, vapours
351,649	8/6/40	B. Backeres	and/or smoke especially a tea or coffee kettle.
351,777	8/7/40	C. Pomilio	Process for the extraction of resin from tomato skins.
352,038	8/9/40	B. Berta	Apparatus for producing artificial respiration.
352,035	8/9/40	R. Maurl	Process for the manufacture of artificial textile fibres.
352,909	8/12/40	G. Zanarini	Automatic record disc changing device for grammophones.
352,416	8/13/40	C. Paoloni	System for directive radiation of electromagnetic waves.
			Process for making alcol.
352,616	8/14/40	T. Hasegawa	Process for making alkali.
353,314	8/14/40	A. Foleo	Process for the production of alkali metal percarbonates.
353,755	8/20/40	S. Beck	Apparatus for heat treating metallic goods in baths.
353,845	8/22/40	W. Dallenbach	Process for the production of lead and boron free glazes.
	8/23/40	L. Torriani	Dynamic microphone.
354,230	8/26/40	M. Obta	Motion picture reproducing systems.
354,393	8/27/40	N. Hayami	Centrifugal piston clutch.
			Bladed disc for radial flow rotary machines.
354,622	8/29/40	Y. Sakamoto	Electronic microscopes.
355,397	9/3/40	S. Nyui	Injectors with electro-magnetic control for internal combustion engines.
355,830	9/7/40	G. Gallo	Joints for demountable steel structures.
356,072	9/9/40	E. Schimanek	Process for the treatment of milk, etc.
			Device for obtaining automatically the proper fuel-air mixture under all conditions of operation for internal combustion engines, more especially of gasoline injection.
356,558	9/12/40	R. Yamamoto et al	Method of preparing stable dry vitamin C.
356,559	9/12/40	R. Yamamoto et al	Method of extracting vitamin C, a linoleum-like product by
356,564	9/12/40	G. DeBlasio et al	Process for the manufacture of linoleum.
			Means for keeping ammunitions sustained in the air.
356,590	9/12/40	T. Hara	Fountain pen.
356,709	9/16/40	G. Lisi	Process for producing pure iron or iron alloys.
357,045	9/16/40		Process for preparing sulphonamide derivatives.
			Devices for applying the brakes by mechanical power, for the control of the circulating pump, etc.
357,310	9/18/40	A. Baroni	Automatic gear.
357,314	9/20/40	E. Kieferdorf	Process for preparing sulphur dyes soluble in water.
357,560	9/23/40	E. Ricciardi	Process for saccharifying cellulosic materials by mechan-
358,077	9/23/40	A. Zelpelli et al	ical disintegration and simultaneous attack with mineral
358,094	9/24/40	G. Tolessoni	acid.
358,731	9/27/40	G. Tolessoni	Process for the manufacture of effect threads.
358,825	9/28/40	C. Mestinese	Lady's handbag.
358,923	9/30/40	I. Rosos	Circuit interrupter.
359,383	10/2/40	R. Di Pasquale	Steel cultivator.
359,791	10/4/40	C. Ghilardelli	Device for bolts, spindles or the like.
360,041	10/5/40	A. Bertolotti	Process for manufacturing casein filaments.
360,695	10/14/40	R. Berta	Spring hand coupling of a variable reduced length for interna
360,745	10/21/40	A. May	combustion engines.
362,458	10/23/40	Y. Ishida	Variable speed hydraulic couplings.
362,480	10/28/40		Clutch mechanism for aircraft wing flaps.
362,559	10/24/40	G. Muscari	Breathing apparatus for respiration at high altitudes.
362,677	10/24/40	G. Pacliano	Hand-operated cash register.
362,843	10/25/40	B. Felicli	Apparatus for picking up and reproduction of sounds.
			Method of treating wood or silk-like fibres from the colla-
			Method of treating fatty layers, tendons, etc., of animals.
			Process for the separation, etc.
			One-way clutch arrangement.
			Electrolytic cells.

Serial No.	Filing date	Inventor	Title
365,581	3/27/41	B. Sonnino	Process and device for printing fabrics of all kind.
365,680	3/28/41	L. Vargha, et al	Process for the decomposition of cholestenone and of halogen derivatives thereof.
366,195	3/31/41	M. Lamarchia	Sound track of film.
367,735	4/9/41	C. Pizzi	Method of binding straw fodder and the like sheaves.
367,976	4/10/41	Z. Foldi, et al	Sulphonamide derivatives.
367,979	4/10/41	Z. Foldi, et al	Sulphonamide derivatives.
367,980	4/10/41	Z. Foldi, et al	Sulphonamide derivatives.
368,753	4/16/41	F. Kesselring	Device for interrupting overloads.
390,124	4/24/41	R. Konig	Preparation of vitamin B_1.
390,181	4/24/41	A. Hehs	Parachute equipment.
390,742	4/28/41	R. Konig, et al	Preparation of vitamins of type B_1.
390,848	4/28/41	I. Kovacs	Process for preventing the formation of scale and/or for removing any scale formed in boilers.
391,223	4/30/41	G. Moschetto	Process for the manufacture of tubes and rods of sheet wood.
392,734	5/9/41	R. Weisz	Method for producing antirachitically active preparation and resultine products.
392,983	5/10/41	G. Zanarini	Mechanical energy transductor bases on byroscopic reaction.
393,122	5/12/41	O. Rossi	Method and means to increase duration of the contact and/or the surface of the said contact between a vaporous or gassy fluid and a liquid particularly for the purpose of distillation, etc.
393,434	5/14/41	F. Lamberti	Life-saving and exploring device, etc.
394,221	5/19/41	B. Moskovits	Process for the manufacture of dry vegetable products.
394,609	5/22/41	L. Marzoli	Pressure device for drawing cylinders for fly frames having three, four or more cylinders.
394,670	5/22/41	L. Marzoli	Pressure hinged lever system for cylinders of sliver or lap drawing frames for use in spinning textile fibres of various kinds.
395,500	5/27/41	U. Weiss et al	Internal and external gauge for regulable measuring and with with micrometric adjustment.
395,896	5/29/41	K. Hikami	Method of preventing natural combustion and overheating of sulphide ores and other mineral products.
397,246	6/9/41	V. Pogioli	Valveless engine.
397,388	6/10/41	F. Zoltan, et al	Preparation of vitamin B_1.
397,475	6/10/41	A. Tasso	Automatic silk-titre regulating device.
397,971	6/13/41	S. Yokogawa	Hydraulic press.
398,401	6/17/41	M. Makay	Process for the gelatinization of cellulose nitrate.
398,402	6/17/41	M. Makay	Process for the production of gun cotton gelatin suitable for being converted into guncotton devoid of solvent.
398,549	6/18/41	L. DeKramolin	Regulating arrangement.
399,916	6/26/41	S. Shinomiya	Device for sinking a deep oil-well and simultaneously elevating sands and earths.
399,917	6/26/41	S. Shinomiya	Drilling device capable of acting transversely in a deep oil-well.
400,876	7/2/41	E. Fukusima	Method for measuring the roughness of the metallic surface.
401,901	7/11/41	M. Cipolla	Oblique junction-plane rail joint.
402,042	7/11/41	F. Malagrino	Device for cutting threads sidewise with automatically with-drawing tool.
402,044	7/11/41	E. Castelli	Process of manufacture of mixed yarns of artificial textile fibre and natural silk threads.
402,549	7/15/41	M. Tominaga	Sound arrester in the ventilator of sound-arresting room.
402,868	7/17/41	A. Mengoli	Process for treating tomato plant stalks for the purpose of obtaining textile fibres and/or paper pulps.
403,580	7/22/41	B. Beria	Cash register.
405,443	8/4/41	D. Obolensky	Reels or spools for motion picture films.
407,804	8/21/41	F. Szalay	Current collectors for electric vehicles.
410,612	9/12/41	A. Zabelli	Electromagnetic devices for researching sunken ships, iron containing sands and other metal contsining bodies on the sea ground.
411,409	9/18/41	I. Kertesz	Parachute equipped airplanes.
411,429	9/18/41	P. Guareschi	Methods for purifying manganese in metal state.
411,430	9/18/41	P. Guareschi	Methods for producing manganese in metal state and pure manganese dioxide if desired, from manganese ores.
411,588	9/19/41	G. Merlini, et al	System for joining parts of metallic structures to each other.
413,906	10/6/41	S. Horii	Stencil sheets.
414,022	10/7/41	P. Achille	Electrolytic system.
416,130	10/22/41	L. Antonelli et al	System of heat milling for steel ingots.
416,465	10/25/41	A. Weisz	Timesetting devices for fuses.
417,598	11/3/41	D. Vazov	Sanitary hair-combing device.
417,644	11/3/41	S. Lusztig	Heels and bridges articulations made of rigid material, for boots and shoes.
418,094	11/6/41	A. Pampinella	Tipping gravity davits for life-boats.
419,507	11/17/41	G. Sborlino	Flotation-apparatus of the mechanically, etc.
420,283	11/24/41	G. Jendrassik	Compressor plant and method for regulating the quantity of working fluid delivered thereby.
420,572	11/26/41	G. Lorschy	Single-phase machines of the commutator type and in the circuit arrangement of them.
420,886	11/28/41	E. Bolockey	Motion picture projectors.
421,060	11/29/41	E. Schimanek	Method and device for regulating the ratio of mixture of gases.
421,061	11/29/41	T. Kovacs	Fountain pen.
421,062	11/29/41	T. Kovacs	Fountain pen.
421,249	12/ 1/41	M. Yu	Preparation of powerful soluble tubercle bacilli antigen.
422,552	12/11/41	E. D'Accadia	Gas producer by solid fuel, combined with a purifier, and suitable to feed gas motors, and especially auto motors.
422,843	12/13/41	A. Carlin	Injection means for internal combustion engines.

[Vesting Order No. 99]

Interests of Enemy Nationals in Patents

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

Interests in patents listed and described in Exhibit A attached hereto and made a part hereof,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on August 6, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

1. Undivided interest which stands of record in the United States Patent Office in Polysius Offene Handelagesellschaft in United States Letters Patent No. 1,775,–313, dated March 19, 1935, inventor Otto Lellep, for: Process of and Apparatus for Burning Cement in Rotary Kilns. 1,992,704, dated February 26, 1935, inventor Otto Lellep, for: Process of, and Apparatus for Treating Cement and Similar Materials. 1,994,713, dated March 19, 1935, inventor Otto Lellep, for: Apparatus for Treating Finely Divided Material.

2. Non-exclusive license granted to Siemens and Halske, A. G., by Projector, G. m. b. H., dated May 10, 1937, under the following United States Letters Patent.

Patent No.	Date	Invention	Title
1,803,271	4/28/31	K. Morsbach	Film stopping device.
1,923,462	9/15/31	K. Morsbach	Photographic camera.
1,891,663	12/20/32	K. Morsbach	Moving picture projection apparatus.
1,897,762	2/14/33	K. Morsbach	Motion picture camera.
1,908,043	3/9/33	K. Morsbach et al	Optical projection system.
1,920,657	8/1/33	K. Morsbach	Reel for films and other flexible material.
1,935,327	11/14/33	K. Morsbach et al	Motion-picture film camera.
1,937,384	11/28/33	K. Morsbach	Motion-picture camera and film container adapted to be inserted into such cameras.
1,955,557	4/17/34	K. Morsbach et al	Motion picture apparatus and particularly an improved film feeding device.
1,956,358	4/24/34	K. Morsbach et al	Centrifugal governor.
1,960,061	5/22/34	K. Morsbach	Clockwork Motion Picture Camera.
1,960,062	5/22/34	K. Morsbach et al	Motion Picture Camera.
1,964,209	6/26/34	K. Morsbach et al	Motor-Driven Motion-Picture Projecting Machine.
2,003,971	6/ 4/35	K. Morsbach	Motion-picture camera.
2,029,736	2/ 4/36	K. Morsbach	Motion-picture camera.
2,159,998	5/30/39	K. Morsbach et al	Film holder for photographic cameras.

3. One-half interest which stands of record in the United States Patent Office in the name of Allessandro Magnani (also claimed by Magnani Societa Comentifera Italiana) in and to the following United States Letters Patent.

Patent No.	Date	Inventor	Title
1,898,881	2/21/33	A. Magnani	Manufacture of tubes from fibrous pulps.
2,004,703	6/11/35	A. Magnani	Process for the direct manufacture of fibrous cement tubes between couples of rotating cylinders.
2,199,137	4/30/40	A. Magnani	Rotary beater for the preparation of asbestos fibers and the like.
2,210,985	8/13/40	A. Magnani	Method for corrugating sheets.
2,228,696	1/14/41	A. Magnani	Method of making tubular bodies.
2,275,535	3/10/42	A. Magnani	Calendering machine.

4. All right of reversion and all other rights of I. G. Farbenindustrie A. G. by virtue of an assignment to General Dyestuff Corporation dated March 13, 1936 in relation to United States Letters Patent No. 2,030,009, dated February 4, 1936, inventor Ekbert Lederle, for Red Pigments

5. All right of reversion and all other right of I. G. Farbenindustrie A. G. by virtue of an assignment to Magnesium Development Corporation dated April 1, 1932, in relation to United States Letters Patent No. 1,749,854, dated March 11, 1930, inventor Karl Staib, for: Manufacture of Anhydrous Magnesium Chloride and United States Letters Patent No. 1,764,582, dated June 17, 1930, inventor Karl Staib, for: Method of Carrying out Exothermic Reactions

6. All right of reversion and all other rights of I. G. Farbenindustrie A. G. by virtue of an assignment to Magnesium Development Corporation dated April 1, 1932, in relation to United States Letters Patent No. 1,876,084, dated September 6, 1932, inventor Karl Staib, for: Method of Making Anhydrous Magnesium Chloride and United States Letters Patent No. 1,878,085, dated September 6, 1932, inventor Karl Staib, for: Method of Making Anhydrous Magnesium Chloride.

OFFICE OF DEFENSE TRANSPORTATION.

[Amendment 1 to Special Order O.D.T. B-10]

MILWAUKEE, WIS.—CHICAGO, ILL.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Order directing coordinated operation of passenger carriers by motor vehicle between Milwaukee, Wisconsin, and Chicago, Illinois.

Upon further consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Interstate Transit Lines, Inc., Omaha, Nebraska, and Northland Greyhound Lines, Inc., Minneapolis, Minnesota,

It is hereby ordered, That, the effective date of Special Order O.D.T. No. B-10[1] be and it is hereby suspended until September 1, 1942.

Issued at Washington, D. C. this 20th day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

[F. R. Doc. 42-8185; Filed, August 21, 1942; 1:41 p. m.]

[1] 7 F.R. 5926.

[Special Order O. D. T. B-15]

INDEPENDENT STAGES, INC.

SUSPENSION OF PASSENGER SERVICE BETWEEN SEATTLE, WASHINGTON, AND PORTLAND, OREGON

Upon consideration of the application filed with this Office by North Coast Transportation Co. and Independent Stages, Inc., Seattle, Washington (hereinafter called "carriers"), and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war.

It is hereby ordered, That:

1. Independent Stages, Inc., shall suspend service over its route between Seattle, Washington, and Portland, Oregon, and forthwith shall file with the Interstate Commerce Commission and the appropriate State regulatory bodies a notice describing the operations to be suspended in compliance herewith.

2. North Coast Transportation Co. shall honor all outstanding tickets issued by Independent Stages, Inc.

3. The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce, and with each appropriate State regulatory body in respect of transportation in intrastate commerce and publish in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order, together with a copy of this order; and forthwith shall apply to said Commission and each regulatory body for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective August 28, 1942, and shall remain in full force and effect until further order of this office.

Issued at Washington, D. C. this 22d day of August 1942.

JOSEPH B. EASTMAN,
Director of Defense Transportation.

OFFICE OF PRICE ADMINISTRATION.

[Order 29 Under Maximum Price Regulation 120[1]—Bituminous Coal Delivered From Mine or Preparation Plant—Docket 3120-70]

DAVIS COAL AND COKE COMPANY

ORDER GRANTING ADJUSTMENT

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 and Procedural Regulation No. 1,[2] *it is ordered:*

(a) Davis Coal and Coke Company, Keyser Building, Baltimore, Maryland, may sell and deliver, and Western Maryland Railway Company may buy and receive coals in Size Group 3 produced at the Pendleton No. 23 Mine (Mine Index No. 365) in District No. 1 at an f. o. b. mine price not in excess of $2.75 per net ton.

(b) This Order No. 29 may be revoked or amended by the Administrator at any time.

(c) Unless the context otherwise requires, the definitions set forth in § 1340.208 of Maximum Price Regulation No. 120 shall apply to terms used herein.

(d) This Order No. 29 shall become effective August 22, 1942.

Issued this 21st day of August 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-8196; Filed, August 21, 1942; 4:23 p. m.]

[Order 8 Under Maximum Price Regulation 148[1]—Dressed Hogs and Wholesale Pork Cuts—Docket 3148-6]

GREENWOOD PACKING COMPANY

PETITION FOR ADJUSTMENT GRANTED

On June 2, 1942, the Greenwood Packing Company, Greenwood, South Carolina, filed a petition for amendment redocketed as a petition for an adjustment pursuant to § 1364.29 (a) of Maximum Price Regulation No. 148. Due consideration has been given to the petition, and an opinion in support of this Order No. 8 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, *it is hereby ordered:*

(a) The Greenwood Packing Company may sell and deliver, and agree, offer, solicit and attempt to sell and deliver, the kinds of wholesale pork cuts set forth in paragraph (b), at prices not in excess of those stated therein. Any person may buy and receive, such kinds of wholesale pork cuts at such prices from the Greenwood Packing Company.

(b)

	Cents per pound
Pork loins fresh or frozen	29½
Boston butts, fresh or frozen	29½
Picnics smoked and tenderized 6/8s	27
Picnics smoked and tenderized 4/6s	27
Smoked butts	30
Boneless butts smoked	39
Loins smoked	32
Shoulders smoked	27
Sliced bacon, Grade No. 1	32
Sliced bacon, Grade No. 2	30
Sliced bacon, Grade No. 3	29
Sliced bacon, Grade No. 4	26
Slab bacon, smoked	25

(c) The permission granted to the Greenwood Packing Company in this Order No. 8 is subject to the following condition: that the several prices specified in paragraph (b) shall apply only during the period April 1 to November 30, inclusive, of any year during which Maximum Price Regulation No. 148 is in effect and that during the period December 1, to March 31, inclusive, of any such year, the maximum price at which the Greenwood Packing Company may sell or deliver, or agree, offer, solicit, or attempt to sell or deliver, and at which any person may buy or receive or agree, offer, solicit, or attempt to buy or receive from the Greenwood Packing Company each pork cut specified shall be a price 1¾¢ lower than the maximum price provided for such pork cut in paragraph (b).

(d) All prayers of the petition not granted herein are denied.

(e) This Order No. 8 may be revoked or amended by the Price Administrator at any time.

(f) Unless the context otherwise requires, the definitions set forth in § 1364.32 of Maximum Price Regulation No. 148 shall apply to terms used herein.

This Order No. 8 shall become effective August 24, 1942.

Issued this 22d day of August 1942.

LEON HENDERSON,
Administrator.

[Order 27 Under Maximum Price Regulation 120[1]—Bituminous Coal Delivered From Mine or Preparation Plant—Docket 3120-123]

MINE "B" COAL CO.

ADJUSTABLE PRICING PERMISSION GRANTED

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 and Procedural Regulation No. 1,[2] *it is ordered:*

(a) On and after June 26, 1942, the Mine "B" Coal Company, 320 South Sixth Street, Springfield, Illinois, may sell and deliver its coals in Size Groups 8, 12, and 14 produced at its Mine "A" Mine (Mine Index No. 28) and Mine "B" Mine (Mine Index No. 97) at the applicable maximum prices subject to an agreement with the purchasers of such coals, to adjust prices upon deliveries made during the pendency of its petition in accordance with the disposition thereof.

(b) This Order No. 27 may be revoked or amended by the Administrator at any time, and, in any event, is to be effective only to the date upon which said petition is finally disposed of by the Administrator.

(c) Unless the context otherwise requires, the definitions set forth in § 1340.208 of Maximum Price Regulation No. 120 shall apply to the terms used herein.

(d) This Order No. 27 shall become effective the 24th day of August 1942.

Issued this 22d day of August 1942.

LEON HENDERSON,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-581]

NEW ORLEANS PUBLIC SERVICE INC.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 19th day of August, A. D. 1942.

New Orleans Public Service Inc., a subsidiary of Electric Power & Light Corporation, a registered holding company, having filed a declaration and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-42 thereunder, regarding the acquisition for retirement of such amount as may be purchasable of the present outstanding issue of $1,624,500 principal amount noncallable New Orleans City and Lake Railroad Company Consolidated First Mortgage Fifty-Year Five Per Cent Gold Bonds, due January 1st, 1942, assumed by the declarant, at a fixed schedule of prices so computed as to yield to the declarant three-eighths of one per cent per annum, but in no event at a price less than the principal amount plus accrued interest to the date of purchase;

Said declaration having been filed on July 22, 1942, and an amendment thereto having been filed on August 6, 1942, and notice of said filing having been duly given, in the form and manner prescribed by Rule U-23 under said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the declaration, as amended, to become effective pursuant to said section 12 (c) and Rule U-42, and finding with respect thereto that the proposed transactions are not in contravention of any rules or regulations under said Act:

It is hereby ordered, That the aforesaid declaration, as amended, be, and hereby is, permitted to become effective forthwith pursuant to said Rule U-23 and the applicable provisions of said Act, subject to the terms and conditions prescribed in Rule U-24.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 42-8189; Filed, August 21, 1942; 3:18 p. m.]

[File No. 70-584]

NORTH BOSTON LIGHTING PROPERTIES, ET AL.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of August 1942.

North Boston Lighting Properties, New England Power Association, Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Salem Gas Light Company, Suburban Gas and Electric Company.

Declarations and applications having been filed on July 25, 1942 pursuant to the Public Utility Holding Company Act of 1935 by North Boston Lighting Properties (hereinafter called NOBO), Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Salem Gas Light Company and Suburban Gas and Electric Company (hereinafter called the Companies), all subsidiaries of New England Power Association, a registered holding company, and by said New England Power Association, concerning the refunding by NOBO of its presently outstanding $13,000,000 of 3½% secured notes maturing October 1, 1947, and the issue by the Companies of certain 10 months' 3% notes to evidence each of their presently existing indebtedness to NOBO now represented by certain overdue 3% notes and open accounts payable; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers that a hearing be held on such matters;

It is hereby ordered, That a hearing on such matters under the applicable provisions of the Act and the Rules of the Commission thereunder be held on August 27, 1942, at 10 A. M. in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the Hearing Room Clerk in room 318 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declarations and applications shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matters. The officer designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That any person proposing to intervene or desiring to be heard in this proceeding shall file with the Secretary of the Commission on or before August 25, 1942, his request or application therefor, as provided by Rule XVII of the Commission's Rules of Practice.

It is further ordered, That, without limiting the issues to be considered in this proceeding, particular attention will be directed at said hearing to the following matters and questions.

1. Whether or not the said 10 months' notes proposed to be issued by the Companies are reasonably adapted to the security structure and earning power of each of the respective issuers.

2. Whether or not the issue and sale of such 10 months' notes is necessary or appropriate to the economical and efficient operation of each of the issuer's business.

3. Whether the depreciation reserves and annual accruals thereto of each of the Companies are adequate.

4. Whether the fees and expenditures to be incurred in connection with the proposed transactions are reasonable.

5. Whether the terms and conditions are appropriate in the public interest or for the protection of investors and consumers, or necessary to insure compliance with the Act and the rules, regulations or orders promulgated thereunder.

6. Generally, whether all action proposed to be taken complies with the pertinent provisions of the Act and the rules, regulations or orders promulgated thereunder, and is consistent with the public interest and the interest of investors and consumers.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File Nos. 70-323, 31-512]

MIDDLE WEST CORPORATION, ET AL.

ORDER PERMITTING WITHDRAWAL OF DECLARATION AND APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa. on the 20th day of August, A. D., 1942.

In the Matter of The Middle West Corporation, Michigan Gas and Electric Company and the Albion Gas Light Company.

The Middle West Corporation, a registered holding company, having heretofore filed a declaration and an amendment thereto regarding the sale by it to Albert E. Peirce, subject to the terms and conditions of an agreement dated May 14, 1941, of all of the securities of Michigan Gas and Electric Company and The Albion Gas Light Company held by The Middle West Corporation;

Michigan Gas and Electric Company and The Albion Gas Light Company having filed an application requesting that, in view of the execution of said agreement, this Commission enter an order declaring that they are not subsidiary companies of The Middle West Corporation and exempting them from the provisions of the Public Utility Holding Company Act of 1935;

Said agreement having expired during the pendency of proceedings on said declaration and application, declarant and applicants having now requested permission to withdraw said declaration and said application, and the Commission after consideration thereof having found that said request may appropriately be granted;

It is ordered, That the request of The Middle West Corporation for withdrawal of said declaration, and the request of Michigan Gas and Electric Company and The Albion Gas Light Company for withdrawal of said application, be and the same are hereby granted, and said declaration and application are hereby deemed withdrawn.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following legal holidays by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat 500), under regulations prescribed by the Administrative Committee, approved by the President.

The Administrative Committee consists of the Archivist or Acting Archivist, an officer of the Department of Justice designated by the Attorney General, and the Public Printer or Acting Public Printer.

The daily issue of the FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.25 per month or $12.50 per year, payable in advance. Remit money order payable to the Superintendent of Documents directly to the Government Printing Office, Washington D. C. The charge for single copies (minimum, 10¢) varies in proportion to the size of the issue.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Telephone information: DIstrict 0525.

anese ancestry, both alien and non-alien, be excluded from all of the California portion of Military Area No. 2 and be prohibited from entering Military Area No. 1 and the California portion of Military Area No. 2:

Now, therefore, I, J. L. DeWitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General, Western Defense Command, do hereby declare that:

§ 104.1 *California portion of Military Area No. 2.* (a) Civilian Exclusion Orders Nos. 100 to 108 inclusive, this headquarters, together with all exclusions and evacuations accomplished thereunder, are hereby ratified and confirmed.

(b) All citizens of Japan and all persons of Japanese ancestry, both alien and non-alien, now within the California portion of Military Area No. 2, except as provided in paragraph 4 hereof, are hereby excluded therefrom.

(c) All citizens of Japan and all persons of Japanese ancestry, both alien and non-alien, except under the written authority of this headquarters, are hereby prohibited from entering Military Area No. 1 and the California portion of Military Area No. 2.

(d) The following persons are hereby temporarily exempted or deferred from exclusion and evacuation:

(1) Those individuals who are within the bounds of an established Wartime Civil Control Administration Assembly Center or the area of a War Relocation Authority Project, while such individuals are therein pursuant to orders or instructions of this headquarters.

(2) Those individuals who are involuntarily interned or confined in Federal, State, or local institutions and who are in the custody of Federal, State or local authorities, while such individuals are so interned or confined.

(3) Those individuals who, by written permits of this headquarters, have been heretofore or are hereafter expressly authorized to be temporarily exempted or deferred from exclusion and evacuation, subject to the terms and conditions of such permits.

(e) All citizens of Japan and all persons of Japanese ancestry, both alien and non-alien, who are now in the California portion of Military Area No. 2 and who heretofore have not been excluded from any portion of said Area and who are not temporarily exempted or deferred from exclusion and evacuation under Paragraph (d) hereof, shall, and they are hereby required to report in person to the nearest established Wartime Civil Control Administration Assembly Center, or, in the alternative, to the nearest Federal, State, County, or local law enforcement agency, within 24 hours from 12:00 o'clock noon, P. W. T., August 18, 1942. Failure to so report will constitute a violation of this Proclamation.

(f) Any person violating this Proclamation will be subject to the criminal penalties provided by Public Law No. 503, 77th Congress, approved March 21, 1942, entitled: "An Act to Provide a Penalty for Violation of Restrictions or Orders with Respect to Persons Entering, Remaining in, Leaving or Committing any Act in Military Areas or Zones," and any alien Japanese will be subject to immediate apprehension and internment.

J. L. DEWITT,
Lieutenant General, U. S. Army, Commanding.

Confirmed:

J. A. ULIO,
Major General,
The Adjutant General.

TITLE 13—BUSINESS CREDIT

Chapter I—Reconstruction Finance Corporation

AMENDMENT TO THE CHARTER OF U. S. COMMERCIAL COMPANY

Reconstruction Finance Corporation hereby certifies that, pursuant to Paragraph TENTH of the Charter of U. S. Commercial Company and upon request of the Secretary of Commerce with the approval of the President of the United States, the Charter of U. S. Commercial Company[1] was, on August 6, 1942, amended:

1. By changing Paragraph THIRD of said Charter to read as follows:

THIRD, The objects, purposes and powers of the Company shall be:

[1] 7 F.R. 2426.

(a) To produce, acquire, carry, sell, or otherwise deal in strategic and critical materials as defined by the President;

(b) To purchase and lease land; purchase, lease, build, and expand plants, and purchase and produce equipment, facilities, machinery, materials, and supplies for the manufacture of strategic and critical materials, arms, ammunition, and implements of war, any other articles, equipment, facilities, and supplies necessary to the national defense, and such other articles, equipment, supplies, and materials as may be required in the manufacture or use of any of the foregoing or otherwise necessary in connection therewith;

(c) To lease, sell, or otherwise dispose of such land, plants, facilities, and machinery to others to engage in such manufacture;

(d) To engage in such manufacture itself, if the President finds that it is necessary for a Government agency to engage in such manufacture;

(e) To produce, lease, purchase, or otherwise acquire railroad equipment (including rolling stock), and commercial aircraft, and parts, equipment, facilities, and supplies necessary in connection with such railroad equipment and aircraft, and to lease, sell, or otherwise dispose of the same;

(f) To purchase, lease, build, expand, or otherwise acquire facilities for the training of aviators and to operate or lease, sell, or otherwise dispose of such facilities to others to engage in such training;

(g) To take such other action as the President and the Secretary of Commerce may deem necessary to expedite the national defense program;

(h) To do and perform all acts and things whatsoever which are necessary, suitable, convenient or proper in connection with or incidental to the foregoing objects, purposes, and powers, including, but without limitation, the power to borrow and hypothecate, to adopt and use a corporate seal, to make contracts, to acquire, hold and dispose of real and personal property and to sue and be sued in any court of competent jurisdiction.

RECONSTRUCTION FINANCE CORPORATION,
By CHARLES B. HENDERSON,
Chairman.

Attest:

A. T. HOBSON,
Acting Secretary.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[1942 Revision, Effective Sept. 1, 1942]

PART 20—PILOT CERTIFICATES

Sec.
20.0 Classification of pilot certificates.
20.00 Special pilot ratings.
20.1 Pilot certificate requirements.
20.10 Student pilot certificate.
20.11 (Unassigned).
20.12 Private pilot certificate.
20.13 (Unassigned).
20.14 Commercial pilot certificate.
20.15 Student glider pilot certificate.
20.16 Private glider pilot certificate.
20.17 Commercial glider pilot certificate.
20.2 (Unassigned).
20.3 Pilot certificates.
20.30 Application.
20.31 Duration.
20.32 Expired certificates: special issuance.
20.33 Display.
20.34 Non-transferability.
20.35 Revocation.
20.36 Surrender.
20.37 (Unassigned).
20.38 Qualified foreign pilots.
20.4 Special rating.
20.40 Provision for issuance.
20.41 Application.
20.42 (Unassigned).
20.43 Flight instructor rating requirements.
20.44 Instrument rating requirements.
20.5 Pilot aircraft rating.
20.50 Aircraft type rating.
20.51 Airplane class and horsepower rating.
20.52 Aircraft rating competence.
20.6 Examinations and tests.
20.60 General.
20.61 Aircraft used in tests.
20.62 Inspection.
20.63 Standard of performance.
20.64 Time and place.
20.65 Reexaminations.
20.7 Pilot regulations.
20.70 Airman Rating Record requirements.
20.71 Flight area limitations.
20.72 Flight limitations.
20.73 Periodic physical examination.
20.74 Pilot experience report.
20.75 Operation during physical deficiency.
20.76 Log-books.
20.8 Flight instruction.
20.80 Rating required.
20.81 Dual control.
20.82 Time limitations.
20.83 Instrument instruction.

AUTHORITY: §§ 20.0 to 20.8, inclusive, issued under secs. 205 (a), 601 (a), 602, 52 Stat. 984, 1007, 1008; 49 U.S.C. 425 (a), 551 (a), 552.

§ 20.0 *Classification of pilot certificates.* (a) Aircraft pilot certificates, other than glider or lighter-than-air, are classified in the following ascending grades:

(1) Student pilot certificate.
(2) Private pilot certificate.
(3) Commercial pilot certificate.
(4) Airline transport pilot certificate (provided for in all respects in Part 21).

(b) Glider pilot certificates are classified in the following ascending grades:

(1) Students glider pilot certificate.
(2) Private glider pilot certificate.
(3) Commercial glider pilot certificate.

(c) Lighter-than-air pilot certificates are provided for in all respects in Part 22.

§ 20.00 *Special pilot ratings.* Special pilot ratings are as follows:

(a) Flight instructor rating.
(b) Instrument rating.

§ 20.1 *Pilot certificate requirements.*

§ 20.10 *Student pilot certificate.* To be eligible for a student pilot certificate, an applicant shall comply with the following requirements.

§ 20.100 *Age.* Applicant shall be at least 16 years of age. If applicant be less than 21 years of age at the time of making application, he shall submit with his application the written consent of either parent, or legal or natural guardian to the issuance of the pilot certificate sought.

§ 20.101 *Character.* Applicant shall be of good moral character.

§ 20.102 *Citizenship.* Applicant shall be:

(a) A citizen of and of unquestionable loyalty to the United States, or

(b) A person who is in sympathy with the objectives of the United States and who is a trustworthy citizen of a friendly foreign government not under the domination of or associated with any government with which the United States is at war.

§ 20.103 *Education.* If an applicant is unable to read, speak, and understand the English language, appropriate operation limitations may be entered upon his student pilot certificate.

§ 20.104 *Physical condition.* Applicant shall meet the physical standards of the Third Class prescribed in Part 29.

§ 20.105 *Aeronautical knowledge.* No requirement is prescribed but, prior to his first solo flight, applicant shall demonstrate thorough familiarity with the provisions of Part 60 dealing with contact flight by satisfactorily accomplishing a written examination on such provisions, and such fact shall be certified to by his instructor.

§ 20.106 *Aeronautical experience.* No requirement.

§ 20.107 *Aeronautical skill.* No requirement is prescribed.

§ 20.11 (Unassigned).

§ 20.12 *Private pilot certificate.* To be eligible for a private pilot certificate an applicant shall comply with the following requirements.

§ 20.120 *Age.* Same as in § 20.100, except that applicant shall be at least 18 years of age.

§ 20.121 *Character.* Same as in § 20.101.

§ 20.122 *Citizenship.* Same as in § 20.102.

§20.123 *Education.* Applicant shall be able to read, speak, and understand the English language. A citizen of Puerto Rico may not be compelled to meet these requirements but in any such case appropriate operation limitations may be entered upon his Airman Rating Record.

§ 20.124 *Physical condition.* Applicant shall meet the physical standards of the Third Class prescribed in Part 29.

§ 20.125 *Aeronautical knowledge.* Applicant shall be familiar with and accomplish satisfactorily a written examination covering so much of the provisions of Parts 01, 20, and 60 as are pertinent to his certificate, prevailing weather conditions in the United States as encountered in flying, and the forecasting thereof, the analyzing of weather maps and sequence reports as furnished by the United States Weather Bureau, practical air navigation problems and the use of maps, navigation by terrain (pilot-

age) and by dead reckoning, including the use of instruments and other aids to navigation in visual contact flying, and the general servicing and operation of aircraft.

§ 20.126 *Aeronautical experience.* Applicant shall have logged at least 35 hours of solo flight time: *Provided,* That an applicant seeking a rating limited to two-control nonspinnable airplanes with nose wheel type landing gear shall have logged at least 25 hours of solo flight time. As part of the foregoing applicant shall have logged at least 5 hours within the 60 days immediately preceding the date of filing the application, and at least 5 hours of cross-country flying of which at least 3 hours shall be solo, which shall include at least one flight over a course of not less than 50 miles with at least two full-stop landings at different points along the course. Such experience shall be certified to by some person, other than the applicant, having direct knowledge thereof. A graduate of the private pilot course of a certificated flying school will be deemed to have met the above requirements upon presentation of his certificate of graduation within 30 days thereof.

NOTE: The approved private pilot flight course is specified in the pertinent provision of Part 50.

§ 20.127 *Aeronautical skill.* Applicant shall satisfactorily demonstrate his ability to pilot aircraft in solo flight and, in addition to normal take-offs, turns, and landings, to perform satisfactorily the following maneuvers:

(a) A series of three landings from an altitude not to exceed 1,000 feet, with engine throttled and a 180-degree turn, the aircraft touching the ground in normal landing attitude beyond and within 300 feet of a line or point designated by the examining inspector for the Administrator.

(b) A spiral in each direction of not less than three full turns, in a banked attitude of not less than 60 degrees, with engine throttled.

(c) The following three maneuvers: (1) three shallow figure eights either "on pylon" or "around pylon"; (2) three steep figure eights either "on pylon" or "around pylon", and (3) one 720-degree power turn in each direction in a banked attitude of at least 60 degrees. During each of these maneuvers the total variation in altitude shall not exceed 200 feet.

(d) A right-hand and a left-hand spin, each of at least one full turn.

NOTE.—At his discretion, the examining inspector may ride with the applicant during these maneuvers or may permit a certificated instructor to do so.

(e) Coordination exercises, straight climbs, climbing turns, slips and emergency maneuvers such as simulated forced landings, recovery from stalls entered from both level and steeply banked attitudes, and such other maneuvers as the examining inspector for the Administrator may deem necessary and appropriate to demonstrate the competency of the applicant for the certificate or rating sought.

(f) Under ordinary circumstances, none of the maneuvers provided for in § 20.127 shall be disregarded, but any such maneuver may be modified or eliminated by the examining inspector for the Administrator if such action is appropriate to the special characteristics of the aircraft used in the test. In any such case the applicant shall be limited to the particular makes and models, or general types, of aircraft specified in his Airman Rating Record.

§ 20.128 (Unassigned).

§ 20.129 *Military competence.* An applicant who is or, was within the 60 days preceding application, a member of the regular Army, Navy, Marine Corps, or Coast Guard, or a reserve member of any such service on active duty for a period of at least 1 year, will be deemed to have met the requirements of § 20.125 through § 20.127 if he submits to an inspector of the Administrator a certificate from the appropriate officer in charge of flying in his service, stating that the applicant is or, was within the 60 days preceding application, on flying status as an aircraft pilot and competent to pilot aircraft of a stated type and, in the case of an airplane, airplane class and horsepower.

§ 20.13 (Unassigned).

§ 20.14 *Commercial pilot certificate.* To be eligible for a commercial pilot certificate, an applicant shall comply with the following requirements:

§ 20.140 *Age.* Same as in § 20.120.

§ 20.141 *Character.* Same as in § 20.101.

§ 20.142 *Citizenship.* Applicant shall be:

(a) A citizen of and of unquestionable loyalty to the United States, or

(b) A person who is in sympathy with the objectives of the United States and who is a trustworthy citizen of a friendly foreign government not under the domination of or associated with any government with which the United States is at war and which government grants reciprocal commercial pilot privileges to citizens of the United States on equal terms and conditions with citizens of such foreign government.

§ 20.143 *Education.* Applicant shall be able to read, speak, write, and understand the English language.

§ 20.144 *Physical condition.* Applicant shall meet the physical standards of the Second Class prescribed in Part 29.

§ 20.145 *Aeronautical knowledge.* Same as in § 20.125 except that the examinations will be more searching and in greater detail. In addition, applicant shall satisfactorily accomplish a written examination on the theory and the practice of flight and the maintenance of aircraft, and on the maintenance and proper use af aircraft power units in common use.

§ 20.146 *Aeronautical experience.* Applicant shall have logged at least 200 hours of solo flight time, of which at least 5 hours shall have been logged within the 60 days immediately preceding the date of filing the application. As part of the foregoing, applicant shall have logged at least 10 hours of solo cross-country flying, which shall include at least one flight over a course of not less than 100 miles with at least three full-stop landings at different points on such course. Such experience shall be certified to by some person, other than the applicant, having direct knowledge of the same: *Provided,* That a graduate of a commercial pilot course of a certificated flying school shall be deemed to have met the requirements of this section upon presentation of his certificate of graduation within 30 days thereof.

NOTE: The approved commercial pilot flight course is specified in the pertinent provision of Part 50.

§ 20.147 *Aeronautical skill.* Same as in § 20.127 except as follows:

(a) In the maneuvers required by § 20.127 (a), the aircraft shall touch the ground within 200 feet beyond the line or point designated.

(b) In each of the maneuvers required by § 20.127 (c) the total variation in altitude shall not exceed 100 feet.

(c) In the spins required by § 20.127 (d) the applicant shall perform a two-turn spin in each direction with an error of not more than plus or minus 10 degrees.

§ 20.148 (Unassigned).

§ 20.149 *Military competence.* An applicant who, within 60 days preceding application, has been an active member of the regular Army, Navy, Marine Corps, or Coast Guard of the United States, or a reserve member of such service, on active duty for a period of not less than 1 year, or a citizen of the United States who, within 60 days preceding application, has been an active member for a period of not less than 1 year of, and has been honorably discharged from, the armed service of any government allied with the United States during the present war emergency, will be deemed to have met the requirements of § 20.145 through § 20.147 if he submits to an inspector of the Administrator a certificate from the appropriate officer in charge of flying in his service that he was on a flying status as an aircraft pilot at the time of his separation from the service, and was at that time competent to pilot aircraft of a stated type and, in the case of an airplane, airplane class and horsepower: *Provided,* That an applicant who is an American citizen and who has been honorably discharged from the armed forces of a foreign government allied with the United States shall satisfactorily accomplish a written examination on the provisions of the Civil Air Regulations applicable to his grade of certificate.

§ 20.15 *Student glider pilot certificate.* To be eligible for a student glider pilot certificate, an applicant shall comply with the following requirements.

§ 20.150 *Age.* Applicant shall be at least 14 years of age. If applicant be less than 21 years of age at the time of making application, he shall submit with his application the written consent of either parent, or legal or natural guardian, to the issuance of the glider pilot certificate sought.

§ 20.151 *Character.* Applicant shall be of good moral character.

§ 20.152 *Citizenship.* Same as § 20.102.

§ 20.153 *Education.* If an applicant is unable to read, speak, and understand the English language, appropriate operation limitations may be entered upon his Airman Rating Record.

§ 20.154 *Physical condition.* Applicant shall have no physical defect which renders him incompetent to pilot a glider and shall so certify to the best of his knowledge and belief.

§ 20.155 *Aeronautical knowledge.* No requirements.

§ 20.156 *Aeronautical experience.* No requirements.

§ 20.157 *Aeronautical skill.* No requirements.

§ 20.16 *Private glider pilot certificate.* To be eligible for a private glider pilot certificate an applicant shall comply with the following requirements.

§ 20.160 *Age.* Same as in § 20.150.

§ 20.161 *Character.* Same as in § 20.151.

§ 20.162 *Citizenship.* Same as in § 20.102.

§ 20.163 *Education.* Applicant shall be able to read, speak, and understand the English language. A citizen of Puerto Rico may not be compelled to meet these requirements, but in any such case appropriate operation limitations may be entered upon his Airman Rating Record.

§ 20.164 *Physical condition.* Same as in § 20.154.

§ 20.165 *Aeronautical knowledge.* Applicant shall be familiar with and accomplish satisfactorily a written examination on the provisions of Part 60 dealing with contact flight.

§ 20.166 *Aeronautical experience.* Applicant shall have completed at least 100 gliding flights, 25 of which shall have each included a 360° turn, and at least 5 of such 25 flights shall have been made within the 60 days preceding the date of filing the application.

§ 20.167 *Aeronautical skill.* Applicant shall demonstrate his ability to pilot a glider by satisfactorily making at least the following: One flight with a 180° turn and a downwind landing, one flight with a 360° turn to the right and a landing to within 200 feet of a designated mark, and one flight with a 360° turn to the left and a similar landing.

§ 20.17 *Commercial glider pilot certificate.* To be eligible for a commercial glider pilot certificate, an applicant shall comply with the following requirements:

§ 20.170 *Age.* Same as § 20.150, except that applicant shall be at least 18 years of age.

§ 20.171 *Character.* Same as in § 20.151.

§ 20.172 *Citizenship.* Same as in § 20.142.

§ 20.173 *Education.* Same as in § 20.143.

§ 20.174 *Physical condition.* Same as in § 20.154.

§ 20.175 *Aeronautical knowledge.* Applicant shall be familiar with and accomplish satisfactorily a written examination on so much of the provisions of Parts 01, 20, and 60, as are pertinent to his certificate.

§ 20.176 *Aeronautical experience.* Applicant shall have completed at least 250 gliding flights or 200 gliding flights and 5 hours of soaring. At least 100 of such gliding flights shall each have included a 360° turn, and at least 5 of such 100 flights shall have been made within the 60 days preceding the date of filing the applicaton. Applicant shall also have had at least 1 hour of instruction in recovery from stalls and spins in an airplane of not more than 1,500 pounds standard weight by a certificated instructor, evidenced by the signed entry of such instructor in the log-book of the applicant. Any person who is the holder of at least a currently effective private pilot certificate and who shall have completed not less than 100 gliding flights or logged not less than 5 hours of gliding or soaring solo flight time, shall be deemed to have met the requirements of this section.

§ 20.177 *Aeronautical skill.* Applicant shall demonstrate his ability to pilot a glider by satisfactorily making at least the following: One flight with a 180° turn and a downward landing, one flight with a 360° turn to the right and a landing to a point not more than 100 feet beyond a designated line, one flight with a 360° turn to the left and a similar landing and two flights including right and left turns in each flight.

§ 20.178 *Military competence.* An applicant who has successfully completed a Glider Pilot Course, satisfactory to the Administrator, conducted under the supervision of the Army, Navy, Marine Corps, or Coast Guard, upon presentation of satisfactory evidence of completion of such course within 60 days from the date thereof, will be deemed to have met the requirements of §§ 20.175, 20.176, and 20.177.

§20.2 (Unassigned.)

§ 20.3 *Pilot certificates.*

§ 20.30 *Application.* Application for a pilot certificate shall be made upon the applicable form prescribed and furnished by the Administrator. If an applicant is applying as a graduate of a course of flight instruction approved by the Administrator of Civil Aeronautics, such application shall be accompanied by a recommendation from the applicant's instructor made upon a form prescribed and furnished by the Administrator.

§ 20.31 *Duration.* A pilot certificate shall be of 60 days' duration and, unless the holder thereof is otherwise notified by the Administrator within such period, it shall continue in effect thereafter until otherwise specified by the Board unless suspended or revoked, or until the holder thereof has applied for and has been issued a new certificate of a different grade to pilot the same type of aircraft.

§ 20.310 *Existing certificates.* A pilot certificate currently effective on April 1, 1942, shall continue in effect for a period of 60 days subsequent to the date of its issuance and, unless the holder thereof is otherwise notified by the Administrator within such period, shall continue in effect indefinitely thereafter, unless suspended or revoked, or until the holder thereof has applied for and has been issued a new certificate of a different grade to pilot the same type of aircraft: *Provided,* That no limited commercial certificate shall remain effective after May 1, 1942: *Provided, further,* That a pilot certificate under suspension on April 1, 1942, shall, after reinstatement, continue in effect in accordance with the provisions of this section applicable to currently effective pilot certificates.

§ 20.32 *Expired certificates: special issuance.* The holder of any pilot certificate which has expired subsequent to April 1, 1941, upon application to any inspector made within one year of its expiration, may obtain a permanent certificate of the same or equivalent grade to pilot aircraft of the same type and with the same special ratings theretofore held by such person immediately prior to its expiration by passing a flight test appropriate to his grade of certificate. Such person shall be issued an aircraft rating based on the aircraft in which he passed such flight test.

§ 20.33 *Display.* A pilot certificate shall be kept in the personal possession of the pilot at all times when piloting aircraft, and shall be presented for inspection upon request of any passenger, of any authorized officer or employee of the Administrator or Board and of any State or municipal official charged with the duty of enforcing local laws or regulations involving Federal compliance.

§ 20.34 *Non-transferability.* A pilot certificate is not transferable.

§ 20.35 *Revocation.* No person whose pilot certificate has been revoked shall apply for or be issued a pilot certificate of any grade or rating for a period of one year after the revocation, except as the order of revocation may otherwise provide.

§ 20.36 *Surrender.* A holder of a pilot certificate shall, upon request, sur-

render such certificate to any officer or employee of the Administrator if it has been suspended or revoked.

§ 20.37 (Unassigned.)

§ 20.38 *Qualified foreign pilots.* (a) An applicant for a private pilot certificate or an instrument rating, upon a satisfactory showing to the Administrator that he is a member of a military or naval service of a foreign country on flying status, or is a holder of a pilot certificate of competency issued by a foreign country, the privileges of which are not less than those of a private pilot, may be deemed by the Administrator to have met the requirements prescribed in this part for a private pilot certificate. A person who holds a private pilot certificate issued under this section, and a valid instrument rating issued by the Army, Navy, Marine Corps, or Coast Guard may be deemed by the Administrator to have met the requirements prescribed in this part for an instrument rating.

(b) The provisions of this part shall not apply to certificates issued pursuant to this section nor to the holders of such certificates.

(c) Any person issued a private pilot certificate under the provisions of this section, before being eligible to pilot civil aircraft of the United States, shall offer proof satisfactory to the Administrator, or his duly authorized representative, that he is the duly authorized representative of a foreign person or nation contemplating the purchase of aircraft manufactured in the United States, or that he is the duly authorized representative of the competent aeronautical authorities of the foreign nation in which such aircraft will be registered; and such private pilot shall not pilot any civil aircraft of the United States except aircraft which a foreign person or nation contemplates purchasing, and then only in accordance with such terms and conditions as the Administrator may prescribe: *Provided*, That if such certificate authorizes instrument flight, such terms and conditions shall include a requirement that the holder be familiar with the let-down-through procedures for all airports into which he proposes to operate under instrument flight conditions.

§ 20.4 *Special rating.*

§ 20.40 *Provision for issuance.* Upon application made on the appropriate form prescribed and furnished by the Administrator, a special rating will be entered on the Airman Rating Record of a pilot who, after inspection and examination, is bound by the Administrator to meet the requirements prescribed for such rating in §§ 20.43 and 20.44.

§ 20.41 *Application.* Same as in § 20.30 applied to a special rating.

§ 20.42 (Unassigned.)

§ 20.43 *Flight instructor rating requirements.* To be eligible for an instructor rating, an applicant shall comply with the following requirements:

§ 20.430 *Age.* Same as in § 20.120.

§ 20.431 *Aeronautical knowledge.* Applicant shall have practical and theoretical knowledge of flight instruction and shall accomplish a satisfactory written and practical examination thereon.

§ 20.432 *Aeronautical experience.* Applicant shall be possessed of a valid commercial or private pilot certificate: *Provided*, That in the latter case, he meets the requirements of § 20.146.

§ 20.433 *Aeronautical skill.* Applicant shall satisfactorily accomplish a practical flight test as to his ability to perform with precision and teach properly such fundamental flight maneuvers as are, in the opinion of the Administrator, deemed necessary and appropriate for safe and sound instruction in the safe piloting of aircraft.

§ 20.44 *Instrument rating requirements.* To be eligible for an instrument rating, an applicant shall comply with the following requirements.

§ 20.440 *Aeronautical knowledge.* Applicant shall be familiar with the use of such instruments and other navigational aids, both in aircraft and on the ground, as are deemed by the Administrator to be necessary for the navigation of aircraft by instruments, and with meteorology as applied to weather analysis and forecasting, and the applicant shall satisfactorily accomplish a written examination thereon.

§ 20.441 *Aeronautical experience.* Applicant shall be possessed of a valid private or commercial pilot certificate, and shall have logged at least 200 hours of solo flight time as prescribed in § 20.146, including at least 20 hours of instrument instruction and practice under actual or simulated flight conditions approved by the Administrator: *Provided*, That not less than 10 hours of such 20-hour requirement shall be in actual flight.

§ 20.442 *Aeronautical skill.* Applicant shall satisfactorily accomplish, solely by instruments, a flight test with respect to the following:

(a) Straight level flight for a given period of time.

(b) Moderately banked 180° and 360° turns in both directions.

(c) Minimum glides and maximum climbs, and approaches to stalled attitudes of flight.

(d) Climbing turns.

(e) Stalls, skids, slips and spirals, and banks in excess of 45°, and recovery from the same.

(f) Such other maneuvers as the examining inspector of the Administrator deems necessary.

(g) A practical demonstration, while in flight or under simulated conditions, of estimating arrival time, taking into account speed, wind, and drift.

§ 20.443 *Radio skill.* Applicant shall satisfactorily accomplish, solely by instruments, flight test with respect to the following:

(a) Tuning radio.

(b) Orientation.

(c) Following radio range.

(d) Locating cone of silence.

(e) Letting-down-through on the range by the approved instrument approach procedure for the particular airport used in connection with the test.

(f) Such other maneuvers as the examining inspector of the Administrator deems necessary.

§ 20.444 *Military instrument competence.* An applicant who holds a valid instrument rating issued by the Army, Navy, Marine Corps, or Coast Guard and who holds a commercial pilot certificate may be issued an instrument rating valid only for piloting air carrier aircraft as a second pilot.

§ 20.5 *Pilot aircraft rating.*

§ 20.50 *Aircraft type rating.* For purposes of specifying the type of aircraft which the applicant is deemed competent to pilot and for convenience in examining and rating the applicant with respect thereto, aircraft are typed as follows:

(a) Airplane;

(b) Autogiro;

(c) Glider;

(d) Lighter-than-air aircraft.

§ 20.51 *Airplane class and horsepower rating.*

§ 20.510 *Airplane class rating.* For purposes of specifying the class of airplane which the applicant is deemed competent to pilot and for convenience in examining and rating the applicant with respect thereto, airplanes are classed as follows:

(a) Single-engine, land;

(b) Single-engine, sea;

(c) Multi-engine, land;

(d) Multi-engine, sea;

(e) Unconventional.

§ 20.511 *Horsepower rating.* For purposes of specifying the horsepower of airplanes which the applicant is deemed competent to pilot and for convenience in examining and rating the applicant with respect thereto, pilots are rated as follows:

(a) A certificated pilot shall be rated to fly airplanes of 80 or less horsepower if competence has been demonstrated in airplanes certificated for a maximum-except-take-off of 80 or less horsepower.

(b) Except where paragraph (a) hereof is applicable, a certificated pilot shall be rated to fly airplanes of a range of horsepower extending from 50 percent less to 50 percent greater than the total maximum-except-take-off horsepower for which the airplanes in which competency was demonstrated were certificated.

(c) A certificated pilot eligible for 2 or more horsepower range ratings shall be rated for one continuous range extending from the lowest to the highest horsepower for which he has qualified.

§ 20.512 *Multiple airplane class and horsepower ratings.* The horsepower rating shall apply to all airplane class ratings without the necessity of a separate flight test in each combination of such ratings. An applicant who has demonstrated competence in both single and multi-engine airplanes and in both land and sea airplanes may be rated for all airplane classes* except unconventional.

*NOTE: For example, a pilot may be rated under § 20.510 for single-engine land airplanes and under § 20.511 (a) and (b) for 180 or less horsepower by reason of flight tests in land planes of 50 hp and 120 hp. If he subsequently passes a rating flight test in a multi-engine seaplane of 450 hp, he will be rated under § 20.510 *for single or multi-engine* land or sea airplanes, and therefore, will be eligible to fly single or multi-engine *land or sea* airplanes of 675 or less horsepower.

§ 20.52 *Aircraft rating competence.* The aircraft which the applicant is deemed competent to pilot will be prescribed on his Airman Rating Record* or certificate by type and, in the case of an airplane, by airplane class and horsepower and, in the case of unconventional airplanes such description as is appropriate to define clearly the competence of the applicant. Competence to pilot aircraft in solo flight shall be demonstrated in aircraft of the type and, in the case of an airplane, the airplane class and horsepower range for which rating is sought. A pilot other than a student pilot, limited by his certificate or Airman Rating Record to two-control non-spinnable airplanes with nose wheel type landing gear shall have logged a minimum of 35 hours of solo flight time of which at least 10 hours shall have been in three-control airplanes of traditional type and he shall demonstrate his ability to pilot competently such airplanes before such limitation may be removed.

*NOTE: Under § 20.70 no certificated pilot, except a student pilot, may pilot aircraft unless an Airman Rating Record is attached to his certificate. The Airman Rating Record is a sheet which will be attached to all pilot certificates, except student certificates, when they are issued and will contain such items as type, class and horsepower ratings, special ratings, and flight area limitations.

§ 20.520 *Flight area rating.* When limited, the geographical area in which the applicant is deemed competent to pilot the aircraft will be entered upon his Airman Rating Record (see § 20.71).

§ 20.521 *Special rating.* When issued to an applicant, as provided for in §§ 20.43 and 20.44, any special rating will be entered upon his Airman Rating Record.

§ 20.522 *Application to amend.* When any change in an Airman Rating Record is desired, the applicant shall file a written request therefor with the Administrator upon a form prescribed and furnished by the Administrator.

§ 20.6 *Examinations and tests.*

§ 20.60 *General.* The examinations and tests prescribed in the foregoing regulations (both for pilot certificates and for the ratings issued with respect thereto) will be conducted by an authorized officer or employee of the Administrator or by a properly qualified person designated for the purpose by the Administrator.

§ 20.600 *Physical examinations.* The appropriate physical examination prescribed for the original issuance of a pilot certificate shall be accomplished before any practical or theoretical test or other examination will be given, and shall be completed within the 12-month period immediately preceding the giving of such tests or examinations.

§ 20.61 *Aircraft used in tests.* The applicant shall furnish a certified aircraft for any flight test involved. Each such aircraft, used in any test for a pilot certificate above the grade of student pilot, shall be equipped with dual controls and shall accommodate the applicant, the inspector, and parachutes for both. Aircraft having only one elevator and aileron control for two teats, or any arrangement whereby all flight and engine controls cannot be handled in a normal or conventional manner from either seat are not considered as having dual controls for the purpose of flight tests for pilot certificate or ratings. Each such aircraft shall have adequate vision for the pilot and check pilot.

§ 20.62 *Inspection.* The applicant for a pilot certificate or rating shall offer full cooperation with respect to any inspection or examination which may be made of such applicant upon proper request by any authorized representative of the Administrator prior or subsequent to the issuance of a pilot certificate or rating.

§ 20.63 *Standard of performance.* Every practical and theoretical examination and test shall be accomplished to the satisfaction of the Administrator and the passing grade in the subject of examination and test shall be at least 70 percent. Each flight maneuver will be graded separately. Other examinations will each be graded as a whole.

§ 20.64 *Time and place.* All examinations and tests will be held at such times and places as the Administrator or his representative may designate.

§ 20.65 *Reexamination.*

§20.650 *Pilot certificates.* The following rules will govern application for reexamination for pilot certificates:

(a) An applicant for a private or commercial pilot certificate who has failed to accomplish successfully any prescribed theoretical examination may apply for reexamination at any time after the expiration of 30 days from the date of such failure or after he has received not less than 5 hours instruction on each subject of the examination failed from a certificated ground instructor rated for such subject and presents a statement from such instructor showing the amount of instruction given and stating that he deems the applicant qualified to pass the required examination in such subject.

(b) An applicant for a private or commercial pilot certificate who has failed to accomplish successfully any prescribed practical examination or test may apply for reexamination only after he has logged at least 6 additional hours of flight time, including at least 3 hours of dual instruction time with a certificated instructor and his instructor shall have certified in the applicant's log-book that he deems such applicant qualified for the certificate sought. Upon meeting the requirements set forth in this paragraph (b), an applicant for reexamination shall be deemed to have met the 5 hours solo flight time requirements set forth in §§ 20.126 and 20.146.

(c) An applicant for a private glider or commercial glider pilot certificate who has failed to accomplish successfully any prescribed theoretical examination may apply for reexamination at any time after the expiration of 30 days from the date of such failure or after he has received not less than 5 hours instruction on each subject of the examination failed from a certificated ground instructor rated for such subject and presents a statement from such instructor showing the amount of instruction given and stating that he deems the applicant qualified to pass the required examination in such subject.

(d) An applicant for a private glider or commercial glider pilot certificate who has failed to accomplish successfully any prescribed practical examination or test may apply for reexamination only after he has made at least 20 additional gliding flights.

§ 20.651 *Special ratings.* The following rules shall govern application for reexamination for special ratings:

(a) An applicant who has failed any prescribed theoretical examination may apply for reexamination at any time after the expiration of thirty days from the date of such failure, or, after he has received not less than five hours instruction on each subject of the examination failed from whichever one of the following persons is appropriate:

(1) A certificated flight instructor.

(2) A certificated ground instructor, rated for the subject.

(3) A person qualified to instruct in the theory of instrument flight. Applicant shall verify such instruction by presenting a statement from the instructor showing the amount of instruction given and stating that he deems the applicant qualified to pass the required examination in such subject.

(b) An applicant who has failed the flight test for a special rating may apply for reexamination thereon only after he has logged at least six additional hours of flight instruction and his instructor shall have certified in the applicant's log-book that he deems such applicant qualified to pass the required flight test; such instruction shall be given if for a flight instructor rating by a certificated flight instructor and if for an instrument rating by a pilot holding the appropriate aircraft rating and an instrument rating.

§ 20.7 *Pilot regulations.*

§ 20.70 *Airman Rating Record requirements.* No certificated pilot, except a student pilot, shall operate any aircraft unless there is attached to his pilot cer-

tificate the appropriate Airman Rating Record, prescribed and issued by the Administrator, nor shall any certificated pilot, including a student pilot, operate any aircraft otherwise than in accordance with the rating limitations prescribed by the Administrator and set forth in his pilot certificate of Airman Rating Record: *Provided*, That

(a) the holder of a valid commercial pilot certificate may pilot airplanes as a second pilot without an airplane class and horsepower rating for the particular airplane operated;

(b) the holder of a valid private or commercial pilot certificate may pilot airplanes of a class or within a horsepower range other than that specified in his Airman Rating Record, but shall not carry any person other than a certificated instructor rated for the airplane operated or any member of the crew thereof.

NOTE: This section does not permit a person who by reason of § 29.2 or § 20.127 (f) has been limited to the operation of a particular make or model of aircraft or a general type of aircraft to operate other makes or models or other general types.

(c) The holder of a valid private or commercial pilot certificate limited by his Airman Rating Record to the operation of aircraft incapable of spinning may pilot spinnable aircraft in accordance with paragraph (b) of this section only after receiving dual instruction in spins.

(d) The holder of a valid private or commercial pilot certificate limited by his Airman Rating Record to the operation of two-control non-spinnable airplanes with nose wheel type landing gear may pilot three-control airplanes of any class or horsepower in accordance with paragraph (b) of this section only after receiving 4 hours of dual instruction in three-control airplanes.

§ 20.71 *Flight area limitations.* (a) No student pilot shall make a solo flight outside of an area, in the vicinity of the operating base of his instructor, prescribed in writing by the person directly in charge of the landing area on which the instructor's operating base is located and approved by the local inpector of the Administrator, unless such student pilot has been certified for cross-country solo flights.

(b) No student pilot shall be certified for cross-country solo flight until after he shall have logged 8 hours solo flight time and his instructor shall have certified on his student pilot certificate, in the space provided therefor, that he deems the student competent to make such flight. No student pilot certified for cross-country solo flights shall make a solo flight outside of the area, within a 150-mile radius of the operating base of his instructor, prescribed in writing by the person directly in charge of the landing area on which the instructor's operating base is located and approved by the local inspector of the Administrator: *Provided*, That a certificated flying school may prescribe in writing an area within a 250-mile radius of its operating base and, upon approval of said area by the local inspector of the Administrator, a student pilot enrolled in the flight curriculum of said school and certified for cross-country solo flights may fly solo within such area at the direction of said flying school.

(c) No person shall operate an aircraft in solo flight outside the flight areas specified in his pilot certificate or Airman Rating Record.

(d) Flight area designations submitted to the local inspector under paragraphs (a) and (b) hereof shall be deemed approved by him unless the person submitting the designations is otherwise notified by the inspector within 15 days from the date of submission.

§ 20.72 *Flight limitations.*

§ 20.720 *Student.* A student pilot shall not operate aircraft for hire or carry anyone other than a certificated instructor. A student pilot who has not flown an aircraft within 90 days shall not operate aircraft in solo flight until he has passed a satisfactory flight check given by a certificated instructor and that fact has been endorsed on his student pilot certificate.

§ 20.7200 *Requirement for first solo*—(a) *Three-control airplanes of traditional type.* No first solo flight shall be made by a student pilot in a three-control airplane of traditional type until he shall have had a minimum of 8 hours of dual instruction in such aircraft, including recovery from spins and stalls.

(b) *Non-spinnable three-control airplanes.* No first solo flight shall be made by a student pilot in a non-spinnable three-control airplane until he shall have had a minimum of 8 hours of dual instruction in three-control airplanes. Instruction in spins is not required.

(c) *Two-control non-spinnable airplanes with nose wheel type landing gear.* No first solo flight shall be made by a student pilot in a two-control non-spinnable airplane with nose wheel type landing gear until he shall have had a minimum of 5 hours of dual instruction in such airplanes.

In addition to meeting the requirements contained in paragraphs (a), (b) or (c) above a student pilot shall not make a first solo flight unless his instructor deems him competent to make such flight and so certifies on the student pilot certificate in the space provided therefor.

§ 20.7201 *Solo flight restrictions after first solo.* Upon completion of a student pilot's first solo flight his instructor shall make a notation to that effect on the student pilot certificate together with a statement of the date, the type, and in the case of an airplane, the airplane class and horsepower range of the aircraft so flown. If such solo flight is made either in a two-control non-spinnable airplane with nose well type landing gear or in a three-control airplane determined to be characteristically incapable of spinning, the instructor shall also make an appropriate notation to that effect. Thereafter—

(a) If such first solo flight was made in a three-control airplane of traditional type the student shall not solo aircraft of a different type, class or horsepower range until such time as his instructor shall deem him competent to fly such other aircraft solo, and shall have made a notation to that effect on his certificate, together with the date, type, and in the case of an airplane, the class and horsepower range.

(b) If such first solo flight was made in a three-control airplane determined to be characteristically incapable of spinning, such pilot shall be subject to the limitations of paragraph (a) above, and in addition he shall not solo an airplane characteristically capable of spinning until after he shall have received dual instruction in spins, and a notation to that effect has been made on his Airman Rating Record.

(c) If such first solo flight was made in a two-control non-spinnable airplane with nose wheel type landing gear such pilot shall be subject to the limitations of paragraphs (a) and (b) above, and in addition, prior to flying solo a three-control airplane, shall have received a minimum of 4 hours of dual instruction in such airplanes.

§ 20.721 *Private pilot.* A person possessed of a valid private pilot certificate shall not pilot for hire any aircraft carrying any person or property; nor pilot any aircraft in furtherance of a business except as an incident to his personal transportation: *Provided*, That this section shall not prevent such pilot from receiving remuneration by direction of the Government of the United States, or of any State or political subdivision thereof, for participation in official missions of the Civil Air Patrol or of any other recognized semi-military organization, while a member of such organization.

§ 20.722 *Commercial pilot.* A person possessed of a valid commercial pilot certificate shall not pilot any aircraft carrying any person or property in scheduled air transportation service unless also possessed of a valid instrument rating.

§ 20.723 *Glider pilot.* No person shall pilot a glider for hire unless possessed of a valid commercial glider pilot certificate.

§ 20.724 *Dual control airplanes.* Airplanes equipped with fully or partially functioning dual controls shall not be operated with both control seats occupied unless one of such control seats is occupied (a) by a person possessed of at least a valid commercial pilot certificate, or (b) by a person possessed of at least a valid private pilot certificate and a valid instructor rating, or (c) by a person possessed of at least a valid private pilot certificate and whose Airman Rating Record has been endorsed by a duly authorized representative of the Administrator to the effect that such person has logged at least 200 hours of solo flight time and is competent to exercise the privilege granted by this section: *Provided*, That two persons may occupy such control seats if each such person is possessed of at least a valid private pilot certificate: *Provided further*, That where more than one passenger is carried for hire neither control seat shall be occupied by any person other than a properly certificated commercial pilot.

§ 20.725 *Simulated instrument flight.* No person shall operate an aircraft under simulated instrument flight conditions unless:

(a) Fully functioning dual controls are installed in the aircraft;

(b) A properly certificated pilot occupies the other control seat as safety pilot; and

(c) Such safety pilot at all times has adequate vision from the aircraft: *Provided*, That if the vision of the safety pilot forward or to either side of the aircraft is obstructed, a competent observer must occupy such a position in the aircraft that his field of vision adequately supplements that of the safety pilot.

(d) Notwithstanding provisions of paragraphs (a), (b), and (c) of this section, a member of the Armed Forces of the United States may operate single-place aircraft in simulated instrument flight: *Provided*, such flights shall be made only during the hours of daylight, in accordance with contact flight rules. *And provided further*, each such aircraft is accompanied by and under the continuous control by radio of a competent observer in an escort aircraft.

§ 20.726 *Permission to use aircraft.* Neither the owner nor anyone having custody of an aircraft shall permit any person to operate such aircraft unless the owner or the one having custody of the aircraft has ascertained that such person is the holder of an appropriate currently effective pilot certificate by actual examination of the certificate and by requiring such person to identify himself as the person referred to in the certificate.

§ 20.727 *Recent experience requirements.*

§ 20.7270 *Solo flight.* A certificated pilot who within the preceding 6 calendar months has not made and logged at least 5 take-offs and 5 landings to a full stop in an aircraft of the type and class proposed to be flown shall pass a flight check in such aircraft before otherwise piloting civil aircraft of that type and class. Such check flight shall be given by a certificated pilot of private grade or higher qualified according to § 20.7271 in an aircraft of the same type and class as that of the aircraft proposed to be flown.

§ 20.7271 *Passenger flight.* A certificated pilot shall not pilot any civil aircraft carrying any other person (other than a certificated pilot of at least private grade or higher, rated for the aircraft operated and possessed of the recent experience required by this section or any member of the crew thereof) unless, within the preceding 3 calendar months, he shall have made and logged at least 5 take-offs and 5 landings to a full stop in an aircraft of the same type and class as that of the aircraft in which any such person is carried: *Provided*, That a pilot while flying in schedule air transportation shall be governed as to recent experience for passenger flight by the provisions of Part 61.

§ 20.7272 *Instructional flight.* No flight instructor shall give flying instruction in civil aircraft to any other person unless within the preceding 12 calendar months he shall either

(a) While possessed of a valid instructor's rating have given at least 10 hours of flight instruction in aircraft for which he held at the time of giving such instruction a valid aircraft rating, or

(b) Have passed such practical flight test as the Administrator deems necessary and appropriate to demonstrate continued proficiency for giving flight instruction.

§ 20.7273 *Night flight.* No person shall take off or land a civil aircraft carrying passengers during the period from one hour after sunset to one hour before sunrise, unless he has made and logged at least 5 take-offs and 5 landings to a full stop during such period within the preceding 3 calendar months.

§ 20.7274 *Instrument flight.* A certificated pilot who within the preceding 6 calendar months has not flown and logged at least 2 hours of flight time solely by reference to instruments under either actual or properly simulated instrument flight conditions, shall not pilot an aircraft under such conditions until he has flown and logged at least 2 hours of such flight time accompanied by a certificated pilot of at least private grade holding an appropriate type, class, and horsepower rating for the aircraft, and authorized to operate aircraft under instrument conditions.

§ 20.73 *Periodic physical examination.* (a) A certificated pilot shall not pilot an aircraft in flight unless within the preceding 12 calendar months he has met the physical requirements for original issuance of his certificate by passing an examination, given by an authorized medical examiner of the Administrator.

(b) In lieu of the physical examination conducted by an authorized medical examiner of the Administrator, a certificate from the appropriate officer in charge of flying in the Army, Navy, Marine Corps, or Coast Guard certifying that the applicant is on pilot status solo in such service will be accepted as evidence of the physical fitness required for the issuance of any medical certificate provided for in this Part: *Provided*, That the physical qualifications required for such pilot status are not less than those required by these regulations for the grade of pilot certificate applied for.

§ 20.730 *Medical certificate.* A medical certificate issued by an authorized medical examiner of the Administrator or other evidence satisfactory to the Administrator that the pilot has met the appropriate physical requirements prescribed in this Part shall be carried by such pilot while piloting aircraft.

§ 20.731 *Correcting lenses.* A certificated pilot who, at his most recent periodic physical examination, met the physical qualifications for original issuance of his grade of certificate in accordance with § 20.73 only by the use of correcting lenses shall not pilot aircraft in flight without wearing such correcting lenses, and a statement to that effect shall be endorsed by the medical examiner on his medical certificate.

§ 20.74 *Pilot experience report.* At the time of each physical examination the pilot shall furnish to the medical examiner to be forwarded by him to the Administrator a report setting forth the amount and type of his aeronautical experience and such other pertinent data as the Administrator may require, since his last preceding medical examination.

§ 20.75 *Operation during physical deficiency.* A certificated pilot shall not operate any aircraft during the period of any known physical deficiency which would render him during that period unable to meet the physical requirements with which he complied in order to secure his certificate: *Provided, however*, That the holder of at least a private pilot certificate may operate an aircraft otherwise than for hire during the period of a temporary physical deficiency if the aircraft is equipped with fully functioning dual controls and the other control seat is occupied by another pilot who holds at least a private pilot certificate.

§ 20.76 *Log-books.* The following rules shall govern pilot log-books.

§ 20.760 *General.* Every certificated pilot and every person receiving flying instruction shall keep an accurate record of his flying time in a log-book in which the entries with respect to solo flying time have been certified to by him and the entries with respect to dual instruction have been certified to by his certificated instructor. Log-books shall be bound records and the entries shall be accurate, legible, in ink or indelible pencil, and so arranged as to facilitate easy reference thereto.

§ 20.761 *Contents.* The log-book shall contain the date of flight, the make and model of aircraft flown, its type and, in the case of an airplane, its airplane class and horsepower, the aircraft identification mark, a statement of solo, dual instruction, instrument and night flying time, the duration of the flight, the points between which such flight was made, and, in addition, when any flight results in serious damage to the aircraft, a notation to this effect. Flying instruction time shall be logged in the same manner and, in addition, the instructor shall make complete entries in the log-book of his student showing the nature of maneuver in which instruction was given and the time spent thereon. The instructor shall attest each such entry with his initials, pilot certificate number and pertinent rating. A log-book shall be presented for inspection, upon request and reasonable notice, to any authorized representative of the Administrator or Board or State or municipal officer enforcing local regulations or laws involving Federal compliance.

§ 20.762 *Logging of pilot flight time*—(a) *Student pilot.* The holder of a student pilot certificate may log as solo flight time only that time during which he is the sole occupant of an aircraft in flight.

(b) *Pilots of private grade or higher.* The holder of a pilot certificate, other than a student pilot certificate, may log as solo flight time that portion of any flight during which he is the sole manipulator of the controls: *Provided,* That he may log as solo flight time only 50 percent of any flight time during which a certificated instructor or a certificated airline transport pilot is in the aircraft serving as an instructor for the purpose of reviewing or increasing such pilot's skill: *And provided further,* That the holder of a commercial pilot certificate while serving in scheduled air transportation shall log his flight time as provided in Part 61.

(c) *Flight instructor.* A certificated instructor may log as solo flight time all that flight time during which he is serving as an instructor for the purpose of reviewing or increasing another pilot's skill.

§ 20.8 *Flight instruction.* The following rules shall govern the giving of flight instruction:

§ 20.80 *Rating required.* No person shall give flying instruction to any other person unless possessed of at least a valid commercial pilot certificate and a valid flight instructor rating, or, in case of instruction of glider students, unless possessed of a valid commercial glider pilot certificate: *Provided, however,* That the holder of a valid private pilot certificate and a valid instructor rating may give flying instruction not for hire. *Provided further,* That nothing herein contained shall be construed to limit the instruction by one airline transport pilot of other pilots in air transportation service as provided in Part 21 of the Civil Air Regulations.

§ 20.81 *Dual control.* No flight instruction shall be given unless the aircraft in which the instruction is given is equipped with fully functioning dual controls, as set forth in § 20.61, except in aircraft manufactured prior to January 1, 1939.

§ 20.82 *Time limitations.* No flight instructor shall give more than 36 hours of dual flying instruction or check time in any 7-day period.

§ 20.83 *Instrument instruction.* Instrument instruction in flight shall not be deemed flying instruction within the meaning of § 20.8, but no person shall give instrument instruction in flight unless possessed of a valid instrument rating.

By the Civil Aeronautics Board.

DARWIN CHARLES BROWN,
Secretary.

[F. R. Doc. 42-8289; Filed, August 25, 1942; 9:52 a. m.]

[Regulations, Serial No. 238]

NORTHWEST AIRLINES

AUTHORIZATION TO OPERATE A CERTAIN AIRPLANE WITHOUT TYPE CERTIFICATED RADIO EQUIPMENT

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 19th day of August 1942.

It appearing that:

1. Northwest Airlines, Inc., is conducting an all cargo daylight contact operation between Minneapolis-St. Paul and Duluth, Minnesota;

2. The Stinson airplane used in this operation presently requires a major overhaul;

3. The plane available to conduct the operation during the interim is not equipped with the required radio facilities and such equipment is unavailable at the present time;

The Board finds that:

Its action is desirable in the public interest;

Now, therefore, The Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601, and 604, makes and promulgates the following Special Regulation:

Notwithstanding the provisions of § 40.335 of the Civil Air Regulations requiring an airplane engaged in scheduled air carrier operations to be equipped with a type certificated two-way radio telephone system, Northwest Airlines, may, for a period not exceeding 60 days from and after August 19, 1942, operate Stinson aircraft NC 17129 in daylight contact flight carrying mail and goods only in scheduled operations between the terminal points of Minneapolis-St. Paul and Duluth, Minnesota: *Provided,* That such aircraft is equipped with an RCA AVR–7C receiver, and RCA AVT–7B transmitter, and a crystal controlled communication receiver satisfactory to the Administration.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 4632]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

J. FRIEDSON SHOE COMPANY

§ 3.6 (l) *Advertising falsely or misleadingly—Indorsements, approvals and testimonials:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (cc) *Advertising falsely or misleadingly—Source or origin—Doctor's design or supervision of manufacture or preparation:* § 3.18 *Claiming indorsements or testimonials falsely:* § 3.66 (c) *Misbranding or mislabeling—Indorsements, approvals or awards:* § 3.66 (h) *Misbranding or mislabeling—Qualities or properties:* § 3.66 (k) *Misbranding or mislabeling—Source or origin—Doctor's design or supervision:* § 3.96 (a) *Using misleading name—Goods—Qualities or properties:* § 3.96 (a) *Using misleading name—Goods—Source or origin—Doctor's design or supervision.* In connection with offer, etc., in commerce, of shoes, (1) using the word "Doctor," or the abbreviation "Dr.," or any colorable simulation thereof, to designate, describe, or refer to shoes not designed or approved by a doctor; or otherwise representing, directly or by implication in any manner, that shoes not designed or approved by a doctor have been so designed or approved or have special features which are the result of medical advice; and (2) using the word "Health," or any other word or words of similar import or meaning, to designate, describe, or refer to shoes which have no special scientific or othopedic features; or otherwise representing, directly or by implication, that shoes of customary and usual construction have special health or corrective features; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, J. Freidson Shoe Company, Docket 4632, August 18, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner, and briefs in support of and in opposition to the complaint; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That J. Freidson Shoe Company, a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of shoes in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the word "Doctor," or the abbreviation "Dr.," or any colorable simulation thereof, to designate, describe, or refer to shoes not designed or approved by a doctor; or otherwise representing, directly or by implication in any manner, that shoes not designed or approved by a doctor have been so designed or approved or have special features which are the result of medical advice;

2. Using the word "Health," or any other word or words of similar import or meaning, to designate, describe, or refer to shoes which have no special scientific or othopedic features; or otherwise representing, directly or by implication, that shoes of customary and usual construction have special health or corrective features.

It is further ordered, That respondent shall, within sixty (60) days after the service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

[F. R. Doc. 42-8301; Filed, August 25, 1942; 11:40 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division

PART 621—MINIMUM WAGE RATE IN THE GLOVES AND MITTENS INDUSTRY

Wage Order in the matter of the recommendation of Industry Committee No. 40 for a minimum wage rate in the Gloves and Mittens Industry.

Whereas by Administrative Orders Nos. 137 and 140, dated January 6 and January 20, 1942, respectively, the Administrator, acting pursuant to section 5 of the Fair Labor Standards Act of 1938, appointed Industry Committee No. 40 for the Gloves and Mittens Industry, and directed the Committee to recommend minimum wage rates for the Gloves and Mittens Industry in accordance with section 8 of the Act; and

Whereas the Committee included six disinterested persons representing the public, a like number of persons representing employers in the Gloves and Mittens Industry, and a like number representing employees in the industry, and each group was appointed with due regard to the geographical regions in which the Gloves and Mittens Industry is carried on; and

Whereas Industry Committee No. 40 on January 28, 1942, after investigation of conditions in the industry, filed with the Administrator a report containing its recommendation for a minimum wage rate of 40 cents an hour in the Gloves and Mittens Industry; and

Whereas after notice published in the FEDERAL REGISTER on February 10, 1942, Major Robert N. Campbell, the Presiding Officer designated by the Administrator, held a public hearing on March 2, 1942, at Washington, D. C., upon the Committee's recommendation and upon the question of what, if any, prohibition, restriction or regulation of home work is necessary to carry out the purposes of the wage order for the Gloves and Mittens Industry, to prevent the circumvention or evasion thereof and to safeguard the minimum wage rate established therein, in the event an order is issued approving the recommendation of the Committee, at which hearing all interested persons were given an opportunity to be heard; and

Whereas the complete record of the proceeding before the Presiding Officer was transmitted to the Administrator; and

Whereas all persons who appeared at the hearing before the Presiding Officer were given leave to file briefs on or before April 16, 1942; and

Whereas oral argument was held on April 20, 1942 before the Administrator; and

Whereas the Administrator, upon reviewing all the evidence adduced in this proceeding and giving consideration to the provisions of the Act with special reference to sections 5 and 8, has concluded that the Industry Committee's recommendation for a minimum wage rate for the Gloves and Mittens Industry, as defined in Administrative Order No. 137, is made in accordance with law, is supported by the evidence adduced at the hearing, and taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of section 8 of the Act and that it is necessary to include terms and conditions in the wage order for this industry with respect to industrial home work to carry out the purpose of such order, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage rate established therein; and

Whereas the Administrator has set forth his decision in an opinion entitled "Findings and Opinion of the Administrator in the Matter of the Recommendation of Industry Committee No. 40 for a Minimum Wage in the Gloves and Mittens Industry and Industrial Home work in the Gloves and Mittens Industry," dated this day, a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York;

Now, therefore, it is ordered, That:

Sec.

621.1 Approval of recommendation of Industry Committee.
621.2 Wage rate.
621.3 Restriction of home work.
621.4 Posting of notices.
621.5 Definition of the Gloves and Mittens Industry.
621.6 Scope of the definition.
621.7 Effective date.

AUTHORITY: §§ 621.1 to 621.7, inclusive, issued under section 8, 52 Stat. 1064, 29 U.S.C., sup. IV, sec. 208.

§ 621.1 *Approval of recommendation of Industry Committee.* The Committee's recommendation is hereby approved.

§ 621.2 *Wage rate.* Wages at a rate of not less than 40 cents per hour shall be paid under section 6 of the Act by every employer to each of his employees in the Gloves and Mittens Industry who is engaged in commerce or in the production of goods for commerce.

§ 621.3 *Restriction of home work.* No work in the Gloves and Mittens Industry, as defined herein, shall be done in or about a home, apartment, tenement, or room in a residential establishment after September 21, 1942, except by such persons as have obtained special home work certificates issued pursuant to applicable regulations of the Wage and Hour Division, authorizing industrial home work by any worker who was engaged in industrial home work in the Gloves and Mittens Industry prior to April 1, 1941, or is at any time engaged in such industrial home work under the supervision of a State Vocational Rehabilitation Agency or of a Sheltered Workshop as defined in § 525.1, Part 525, Chapter V, Title 29, Code of Federal Regulations, and who is unable to adjust to factory work because of age or physical or mental disability or is unable to leave home because his presence is required to care for an invalid in the home.

§ 621.4 *Posting of notices.* Every employer employing any employees engaged in commerce or in the production of goods for commerce in the Gloves and Mittens Industry shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor.

§ 621.5 *Definition of the Gloves and Mittens Industry.* The Gloves and Mittens Industry, to which this order shall apply, is hereby defined as follows:

The production of gloves and mittens from any material or combination of materials, except athletic gloves and mittens: *Provided, however*, That the definition shall not include any product the manufacture of which is covered by an order of the Administrator defining an industry, and approving the recommendation of an industry committee or appointing an industry committee for such industry, issued prior to the signing of Administrative Order No. 137 appointing Industry Committee No. 40 for the Gloves and Mittens Industry, except the products included in the wage orders issued for the "Work Gloves and Mittens" and the "Gloves and Mittens Other Than Work Gloves and Mittens" Divisions of the Apparel Industry.

§ 621.6 *Scope of the definition.* The definition of the Gloves and Mittens Industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however*, That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided, further*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

§ 621.7 *Effective date.* This wage order shall become effective September 21, 1942.

Signed at New York, New York, this 22d day of August 1942.

L. METCALFE WALLING,
Administrator.

[F. R. Doc. 42-8286; Filed, August 25, 1942; 9:48 a. m.]

PART 621—REGULATIONS APPLICABLE TO THE EMPLOYMENT OF HOME WORKERS IN THE GLOVES AND MITTENS INDUSTRY

The following regulations, §§ 621.100–112 applicable to the employment of industrial home workers in the Gloves and Mittens Industry are hereby issued pursuant to sections 8 (f) and 11 (c) of the Fair Labor Standards Act of 1938, and § 621.3 of the Regulations of the Wage and Hour Division. These regulations shall become effective September 21, 1942, and shall be in force and effect until repealed or modified by regulations hereafter made and published

Signed at New York, New York, this 22d day of August 1942.

L. METCALFE WALLING,
Administrator.

Whereas section 8 (f) of the Fair Labor Standards Act of 1938 provides as follows:

Orders issued under this section shall • • • contain such terms and conditions as the Administrator finds necessary to carry out the purposes of such orders, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage rates established therein. • • •

Whereas § 621.3 of the wage order for the Gloves and Mittens Industry issued pursuant to section 8 (f) of the Act provides as follows:

No work in the Gloves and Mittens Industry, as defined herein, shall be done in or about a home, apartment, tenement, or room in a residential establishment after September 21, 1942, except by such persons as have obtained special home work certificates issued pursuant to applicable regulations of the Wage and Hour Division, authorizing industrial home work by any worker who was engaged in industrial home work in the Gloves and Mittens Industry prior to April 1, 1941, or is at any time engaged in such industrial home work under the supervision of a State Vocational Rehabilitation Agency or of a Sheltered Workshop as defined in section 525.1, Part 525, Chapter V, Title 29, Code of Federal Regulations, and who is unable to adjust to factory work because of age or physical or mental disability or is unable to leave home because his presence is required to care for an invalid in the home.

Whereas section 11 (c) of the Act provides as follows:

Every employer subject to any provision of this Act or of any order issued under this Act shall make, keep, and preserve such records of the persons employed by him and of the wages, hours, and other conditions and practices of employment maintained by him, and shall preserve such records for such periods of time, and shall make such reports therefrom to the Administrator as he shall prescribe by regulation or order as necessary or appropriate for the enforcement of the provisions of this Act or the regulations or orders thereunder.

Now, therefore, the following regulations are hereby issued. These regulations shall become effective September 21, 1942, and shall be in force and effect until repealed or modified by regulations hereafter made and published.

Sec.

621.101 Definitions.
621.102 Applications on official forms.
621.103 Terms and conditions for the issuance of certificates.
621.104 Investigation may be ordered to determine whether the facts justify the issuance of a certificate.
621.105 Termination of certificates.
621.106 Revocation and cancellation.
621.107 Preservation of certificate.
621.108 Records and reports.
621.109 Wage rates.
621.110 Delegation of authority to grant, deny or cancel a certificate.
621.111 Petition for review.
621.112 Petition for amendment of regulations.

§ 621.101 *Definitions.* As used in these regulations, the term "industrial home work" means the production by any person in or about a home, apartment, or tenement, or room in a residential establishment, for an employer, of goods from material furnished directly by or indirectly for such employer.

The term "Gloves and Mittens Industry" as used herein means:

The production of gloves and mittens from any material or combination of materials, except athletic gloves and mittens: *Provided, however*, That the definition shall not include any product the manufacture of which is covered by an order of the Administrator defining an industry, and approving the recommendation of an industry committee or appointing an industry committee for such industry, issued prior to the signing of Administrative Order No. 137 appointing Industry Committee No. 40 for the Gloves and Mittens Industry, except the products included in the wage orders issued for the "Work Gloves and Mittens" and the "Gloves and Mittens Other Than Work Gloves and Mittens" Divisions of the Apparel Industry.

§ 621.102 *Applications on official forms.* Certificates authorizing the employment of industrial home workers in the Gloves and Mittens Industry may be issued upon the following terms and conditions upon application therefor on forms provided by the Wage and Hour Division. Such forms shall be signed by both the home worker and the employer.

§ 621.103 *Terms and conditions for the issuance of certificates.* If the application is in proper form and sets forth facts showing that the worker:

(a) (1) Was engaged in industrial home work in the Gloves and Mittens Industry prior to April 1, 1941.

(2) Is or will be engaged in such industrial home work under the supervision of a State Vocational Rehabilitation Agency or of a Sheltered Workshop as defined in § 525.1, Part 525, Chapter V, Title 29, Code of Federal Regulations.

(b) (1) Is unable to adjust to factory work because of age or physical or mental disability.

(2) Is unable to leave home because the worker's presence is required to care for an invalid in the home.

a certificate may be issued authorizing the applicant employer to employ the worker in industrial home work in the Gloves and Mittens Industry.

No home worker shall perform industrial home work for more than one employer in the Gloves and Mittens Industry, but home work employment in another industry shall not be a bar to the issuance of a certificate for the Gloves and Mittens Industry.

§ 621.104 *Investigation may be ordered to determine whether the facts justify the issuance of a certificate.* An investigation may be ordered in any case to obtain additional data or facts. A medical examination of the worker or invalid may be ordered or a certification of facts concerning eligibility for the certificate by designated officers of the State or Federal Government may be required.

§ 621.105 *Termination of certificates.* Certificates shall be valid under the terms set forth in the certificate for a period of not more than 12 months from the date of issuance or such shorter period as may be fixed in the certificate. Application for renewal of any certificate shall be filed in the same manner as an original application under these regulations.

§ 621.106 *Revocation and cancellation.* Any certificate may be revoked for cause at any time. Violation of any provision of the Fair Labor Standards Act shall be sufficient grounds for revocation of all certificates issued to an employer, in which event no certificates shall be issued to the offending employer for a period of one year. In any proceeding for the revocation or cancellation of a certificate, interested parties shall be provided an opportunity to be heard.

§ 621.107 *Preservation of certificate.* A copy of the certificate shall be sent to the home worker, who shall keep such certificate on the premises on which the work is performed.

A copy of the certificate shall be sent to the employer, who shall keep this copy on file in the same place at which the worker's employment records are maintained.

§ 621.108 *Records and reports.* The issuance of a certificate shall not relieve the employer of the duty of maintaining the records required by regulations, Part 516, and failure to keep such records shall be sufficient cause for the cancellation of certificates issued to such an employer.

Each employer of industrial home workers in the Gloves and Mittens Industry shall submit to the regional office of the Wage and Hour Division for the region in which his place of business is located on February 1 and August 1 of each year, the home work handbooks of each employee employed by him during the preceding six-month period in industrial home work in the Gloves and Mittens Industry. This report shall also include a list of the names, addresses, and certificate numbers of home workers for whom home work certificates have been obtained pursuant to these regulations but who were not employed in industrial home work in the Gloves and Mittens Industry during such period.

§ 621.109 *Wage rates.* Wages at a rate of not less than 40 cents per hour shall be paid by every employer to each of his home work employees except as subminimum employment of specific handicapped workers has been provided for by special certificates issued by the Wage and Hour Division pursuant to regulations, Part 524. All hours worked in excess of 40 in any workweek shall be compensated for at one and one-half times the regular rate of pay.

§ 621.110 *Delegation of authority to grant, deny or cancel a certificate.* The Administrator may from time to time designate and appoint members of his staff or State agencies as his authorized representatives with full power and authority to grant, deny, or cancel home work certificates.

§ 621.111 *Petition for review.* Any person aggrieved by the action of an authorized representative of the Administrator in granting or denying a certificate may, within 15 days thereafter or within such additional time as the Administrator for cause shown may allow, file with the Administrator a petition for review of the action of such representative praying for such relief as is desired. Such petition for review, if duly filed, will be acted upon by the Administrator or an authorized representative of the Administrator who took no part in the proceeding being reviewed. All interested parties will be afforded an opportunity to present their views in support of or in opposition to the matters prayed for in the petition.

§ 621.112 *Petition for amendment of regulations.* Any person wishing a revision of any of the terms of the foregoing Regulations may submit in writing to the Administrator a petition setting forth the changes desired and reasons for proposing them. If upon inspection of the petition the Administrator believes that reasonable cause for amendment of the rules and regulations is set forth, the Administrator will either schedule a hearing with due notice to interested persons or will make other provisions to afford interested persons opportunity to present their views in support of or in opposition to the proposed changes. The foregoing sections are issued pursuant to § 621.3 of the Regulations of the Wage and Hour Division and sections 8 (f) and 11 (c) of the Fair Labor Standards Act of 1938.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1552]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith, the shipping point appearing in the aforesaid Supplement R shall be effective for Mine Index No. 2527 instead of the shipping point heretofore assigned to this mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 14, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 1

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 321, Minimum Price Schedule for District No. 1 and supplements thereto.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board 7 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 7.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 11 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 11.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 11; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 331.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 13, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 331, Minimum Price Schedule for District No. 11 and supplements thereto.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 10.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[Docket No. A-1156]

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

DISTRICT BOARD NO. 4

Order concerning exceptions to the proposed findings of fact, proposed conclusions of law, and recommendation of the Examiner, and granting certain relief in the matter of the petition of District Board No. 4 for the revision of the effective minimum prices for certain coals in Size Groups 3, 4, and 5 produced at mines in Subdistricts 1 to 4, inclusive, of District No. 4, for railroad fuel use.

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division by District Board 4, requesting amendment of the District 4 price schedule to permit the shipment of additional sizes of modified double-screened (egg) coal from mines in Subdistricts 1 to 4 of District 4 for railroad fuel use at the established mine run price; and, more particularly, the deletion, in § 324.11 (a) in the Schedule of Effective Minimum Prices for District No. 4 for All Shipments Except Truck, of the footnote reading as follows:

4" x 1¼" Egg coal which as shipped shall contain not less than 35 percent of screenings not exceeding 1¼", may be applied at the Mine Run price applicable to all mines.

and the insertion, in lieu thereof, in § 324.11 (a) and § 324.11 (b) in the said schedule, of a footnote reading substantially as follows:

Double-screened coal shipped from Subdistricts 1, 2, 3, and 4, where the bottom size is either ⅜", ¾", 1¼", 1½", or 2", may be applied at the mine run price applicable to all mines in said subdistricts, provided that said double-screened coals shall be modified so as to contain not less than the following percentages of screenings of the bottom size, to-wit: ⅜"—20%; ¾"—28%; 1¼"—35%; 1½"—40%; 2"—50%.

Petitions of intervention having been filed by District Boards 1, 2, 3, 6, and 7, and an answer to the petition having been filed by the Bituminous Coal Consumers' Counsel in opposition to the requested relief;

A hearing having been held in this matter on January 20, 1942, pursuant to an order of the Acting Director, and after due notice, before Edward J. Hayes, a duly designated Examiner of the Division, at Washington, D. C., in which hearing all interested persons were afforded an opportunity to participate fully and at which hearing District Boards 1, 2, 3, 4, 6, and 7 appeared:

The petitioner having filed a brief in support of the petition on February 5, 1942;

The Examiner having filed his Report in this matter on May 12, 1942, in which he recommended amendment of the District 4 rail schedule by deleting the footnote applicable to 4" x 1¼" coal from § 324.11 (a) and by setting forth in said section the following footnote:

Egg coal produced in Subdistricts 1 to 4, inclusive, and having a bottom size of ⅜", ¾", 1¼", 1½", or 2" which as shipped contains, respectively, screenings in amounts not less than 20% of not exceeding ⅜", 28% of not exceeding ¾", 35% of not exceeding 1¼", 40% of not exceeding 1½", and 50% of not exceeding 2", may be applied at the minimum mine run price applicable to all mines in those subdistricts, except that modified egg coal with a bottom size of ⅜" shall be sold at 5 cents per ton above the applicable minimum mine run price. The privileges of substitution under § 318.11 (a) in the Marketing Rules and Regulations shall be inapplicable to sales of straight egg coal or modified egg coal produced at mines of operators in Subdistricts 1 to 4 who sell coal for railroad fuel use;

The petitioner having filed exceptions thereto and a supporting brief on May 29, 1942;

The undersigned having considered this matter and having made and entered his Findings of Fact, Conclusions of Law and Opinion, which is filed herewith;

Now, therefore, it is ordered, That the exceptions of the petitioner, District Board 4, be, and they hereby are, severally sustained in the respects indicated in the findings of fact filed herewith, and that in all other respects they be, and hereby are overruled;

It is further ordered, That the proposed findings of fact and conclusions of law of the Examiner, with the modifications indicated in the findings of fact filed herewith, be, and they hereby are, approved and adopted as the findings of fact and conclusions of law of the undersigned;

It is further ordered, That § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) and § 324.11 (*Special prices*—(b) *Prices for all-rail shipment of lake cargo railroad fuel*) in the Schedule of Effective Minimum Prices for District No. 4 for All Shipments Except Truck be, and they hereby are, amended, effective fifteen (15) days from the date of this order, as follows:

By deleting therefrom the footnote in § 324.11 (a) which reads as follows:

4" x 1¼" Egg coal which as shipped shall contain not less than 35% of screenings not exceeding 1¼", may be applied at the Mine Run price applicable to all mines.

By setting forth in § 324.11 (a) and § 324.11 (b) the following footnote, to wit:

Egg coal produced in Subdistricts 1 to 4, inclusive, and having a bottom size of ⅜", ¾", 1¼", 1½", or 2" which as shipped contains, respectively, screenings in amounts not less than 28% of not exceeding ⅜", 28% of not exceeding ¾", 35% of not exceeding 1¼", 40% of not exceeding 1½", and 50% of not exceeding 2", may be applied at the minimum mine run price applicable to all mines in those subdistricts. The privilege of substitution under § 318.11 (a) in the Marketing Rules and Regulations shall be inapplicable to sales for railroad fuel use of modified egg coal produced in Subdistricts 1 to 4.

It is further ordered, That the relief prayed for in the petition be, and it hereby is, granted to the extent heretofore set out and in all other respects is denied.

Dated: August 21, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[F. R. Doc. 42-8294; Filed, August 25, 1942; 11:25 a. m.]

[Docket No. A-1451 Part II]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

DISTRICT BOARD NO. 8

Findings of fact, conclusions of law, memorandum opinion and order in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of the No. 15 Mine of the West Virginia Coal and Coke Corporation.

This proceeding was instituted upon a petition filed with the Bituminous Coal Division (the "Division") on May 12, 1942, by District Board No. 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act"). Petitioner requested the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 8 for which classifications and effective minimum prices previously had not been established.

The petition contains, among other proposals, a request for a price classification of "E" for coals in Size Groups 15, 16 and 17, to be produced from the No. 15 Mine, of the West Virginia Coal and Coke Corporation, Stirrat, West Virginia (Mine Index No. 5556) for all shipments except truck, and minimum prices of 215 cents in Size Group 3 and 205 cents in Size Group 6 for truck shipments.

The West Virginia Coal and Coke Corporation, on May 27, 1942, pursuant to section 4 II (d) of the Act, filed a petition of intervention in the proceedings, protesting the "E" classification, and praying that the coals in question be given a "G" classification.[1] Under date of July 6, 1942, the intervening petition was amended and, as amended, prayed:

I. That a special exception be granted to petitioner for permission to sell not to exceed 50,000 tons of the mine run coal to be produced from its No. 15 Mine at a price of not less than $1.95 per net ton

[1] The original petition was assigned Docket No. A-1451. By appropriate order dated June 10, 1942, 7 F.R. 4726, that portion of the docket relating to the No. 15 Mine of the West Virginia Coal and Coke Corporation was severed from the original docket and given the above indicated designation of No. A-1451 Part II. By way of temporary relief, the order directed that the classification and minimum prices proposed for coals of this mine by District Board No. 8 in the original petition be effective pending final disposition of the petition of intervention. The order also directed that a hearing be held to determine the proper permanent classifications and minimum prices for the coals of the mine. As it related to other mines, the relief requested in the original petition of District Board No. 8 was disposed of by separate order, dated June 10, 1942.

f. o. b. mines' *Provided*, That this coal shall come entirely from prospective main entries which will be driven for prospecting purposes, *And provided*, That this entire tonnage shall be ear-marked exclusively for and shipped exclusively to the Cincinnati Gas and Electric Company, Cincinnati, Ohio, for pulverization by them and for use in their steam generating furnaces and boilers at their two operations in Cincinnati, Ohio.

II. That classification "H" be granted to intervener for Size Groups 18–21, inclusive, to all markets including the Great Lakes for its No. 15 Mine, this classification being the same as now exists for its No. 4 Mine which is adjacent to its No. 15 Mine.

III. That intervener's exception to the temporary classification "E" in Size Group 16 be withdrawn.

The present order relates only to the intervening petition, as amended.

As a basis for the relief asked, intervening petitioner alleges:

I. That the coal to be produced is to come from main entries to be driven in some old workings, for the purpose of prospecting the remainder of intervener's coal reserve in the area of the No. 15 Mine.

II. That it being neither practicable, nor possible under present war conditions to equip a tipple at No. 15 Mine with either a crusher or other device for the preparation or sizing of coal, the coal is to be mined as it comes from the seam, run of mine, without cleaning, screening or care in the conservation of the size consist of the coal.

III. In view of the chemical and physical characteristics of the coal, and the manner in which it is to be produced, it will be competing directly with nut and slack coal, and must be sold at competitive prices with nut and slack in order to be acceptable to the market.

A hearing in this matter was held on July 7, 1942, before E. J. Hayes, a duly designated Examiner of the Division, in Room 806, Walker Building, Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were entered by intervener and by the Bituminous Coal Producers Board for District No. 8. No other code members appeared.

At the conclusion of the hearing, the preparation and filing of the Examiner's report having been waived, the record was thereupon submitted to the undersigned.

No evidence having been introduced at the hearing tending to show that the classifications and minimum prices proposed for the coals of the No. 15 Mine (other than the price relating to the 50,000 tons hereinafter to be considered) by District Board No. 8, in its original petition, and intervener in its amended petition of intervention, should not be permanently established. Accordingly, I conclude that said classifications and minimum prices should be permanently established.

With respect to the 50,000 tons, for which intervener asks an exception to the established minimum price, it appeared from the evidence that intervener is desirous of prospecting certain of its old workings, known as the No. 15 Mine, located at Stirrat, West Virginia. This is prompted by the fact that 40% of intervener's coal reserve in the Logan (W. Va.) field area lies beyond the already developed portion of this mine. If the prospecting results justify the investment, intervener contemplates an improvement program calling for the erection between 1944 and 1946 of a large cleaning plant and central tipple at the mine.

In view of the difficulty of obtaining such equipment under present war conditions, as well as the marketing history of the coal,[3] intervener contemplates driving certain entries, for prospecting purposes only, without installing cleaning, picking, screening, or sizing facilities at this time. From these entries it plans to mine 50,000 tons of run of mine coal and to sell the coal, as it comes from the seam, to the Cincinnati Gas and Electric Company, Cincinnati, Ohio, at the special price of $1.95 per net ton, f.o.b. mine.

Analyses of run of mine samples, recently taken from representative headings of the mine, disclose that the uncleaned and unpicked coals are inferior in quality to the cleaned and picked run of mine and nut and slack coals '—previously produced from the same mine,[4] as well as the coals of adjacent mines and other competitive run of mine coals bearing "E" classifications.

The record shows that, as yet, no contract, with respect to the 50,000 tons of coal in question, has actually been entered into between petitioner and the Cincinnati Gas and Electric Company.[5] It fails to set forth any facts which would impel the Division, in granting relief to petitioner, to restrict petitioner in its sale of the 50,000 tons of coal to the one potential consumer. Although the record indicates that petitioner attempted to find other outlets for the coal, it fails to disclose that at $1.95 per ton, or between this price and the present effective minimum price of $2.05, it would be unable to dispose of the coal to consumers other than the Cincinnati Gas and Electric Company.

Since, according to the record, the 50,000 tons of coal to be produced will, in all probability, be inferior in quality to other run of mine coals produced in the vicinity of the mine; since there is no affirmative showing that sale of this coal will be unjust, or inequitable, as between producers in the district; and since, by permitting further development of the national coal resources, which are at present being heavily taxed, the interests of the consuming public would appear to be served, I conclude that petitioner should be granted the relief requested: *Provided, however*, That petitioner be permitted to sell the coal without any limitation as to any purchaser or purchasers thereof; *And provided further*, That this coal shall come entirely from prospective main entries to be driven for prospecting purposes, and shall receive no special preparation, cleaning, or handpicking, but will be loaded for market in its natural state as mined: *Provided further*, That the Division shall be furnished with analysis reports of all analyses of this coal made by petitioner, or any other party within a reasonable time after such analyses are made: *Provided, further*, That this exception is limited to a period of eighteen months from the effective date of this order.

It is, therefore, ordered, That § 328.11 (*Alphabetical list of code members*) and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedules of Effective Minimum Prices for District 8 for All Shipments Except Truck and for Truck Shipments be, and hereby are, amended as follows:

1. By making permanent, effective forthwith, the temporary relief establishing price classification "E" in Size Groups 15, 16, and 17 for the coals of the No. 15 Mine (Mine Index No. 5556) of the West Virginia Coal and Coke Corporation for all shipments except truck § 328.11, and minimum prices of 215 cents in Size Group 3 and 205 cents in Size Group 6 for the coals of this mine for truck shipments § 328.34.

2. By the establishment, effective forthwith, of classification "H" in Size Groups 18 to 21, inclusive, for the coals of the aforesaid mine for all Shipments Except Truck § 328.11.

It is further ordered, That the West Virginia Coal and Coke Company be and it hereby is permitted to sell 50,000 tons of run of mine coal to be produced from its No. 15 Mine at a price of not less than $1.95 per net ton f. o. b. mines: *Provided*, That this coal comes entirely from the prospective main entries to be driven for prospecting purposes, and is given no special preparation, cleaning or hand picking, but is loaded for market in its natural state as mined: *Provided, further*, That the Division shall be furnished with analysis reports of all analyses of this coal made by petitioner, or any other party within a reasonable time after such analyses are made: *Provided, further*, That this permission is limited to a period of eighteen months from the date of this order.

Dated: August 22, 1942.

[SEAL] DAN H. WHEELER, *Acting Director.*

[Docket No. A–1414]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

DISTRICT BOARD NO. 10

Order granting relief in the matter of the petition of District Board No. 10 for the establishment of a price exception for railroad fuel of Mine Index No. 58.

A petition having been filed April 16, 1942 with the Bituminous Coal Division by District Board No. 10, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting that temporary and permanent relief be granted by the establishment of a price exception to the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck, to permit the Glenridge Mine (Mine Index No. 58) of the Marion County Coal Corporation, Incorporated, to substitute at its option, 6" x 3" egg coal for 6" x 1¼" egg coal on orders for locomotive fuel received from Chicago, Burlington and Quincy Railroad;

A hearing in this matter having been held on June 10, 1942, and July 14, 1942, before duly designated Examiners of the Division at a hearing room thereof in Washington, D. C., in which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard; the petitioner having appeared;

The preparation and filing of a report by the Examiner having been waived and the matter having been submitted to the undersigned;

The undersigned having made Findings of Fact, Conclusions of Law, and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That § 330.8 (*Price instructions and exceptions*—(b) *Price exceptions*) in the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck be and it hereby is amended to include the following price exception:

On orders for railroad locomotive fuel for Mine Index No. 58 by the Chicago, Burlington and Quincy Railroad specifying 6" x 1¼" egg coal, the code member may, at its option, apply 6" x 3" egg coal.

It is further ordered, That the prayer for relief contained in the petition filed herein be granted to the extent set forth above, and in all other respects denied.

Dated: August 22, 1942.

[SEAL] DAN H. WHEELER, *Acting Director.*

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices

PART 133—REGULATIONS OF THE GOVERNOR OF HAWAII

REGULATIONS RELATING TO SAFE DEPOSIT BOXES

AUGUST 13, 1942.

These regulations are issued under the authority vested in the Governor of Hawaii pursuant to Executive Order No. 8389, as amended; section 5 (b) of the Trading with the enemy Act, as amended by Title III of the First War Powers Act, 1941; General Orders No. 118, Office of the Military Governor, 25 June 1942; Regulations Relating to Currency, issued June 25, 1942, as amended;[1] General Orders No. 123, Office of the Military Governor, 3 July 1942; Regulations Relating to Securities, issued July 3, 1942, as amended;[2] and pursuant to all other authority vested in the undersigned Governor of Hawaii:

§ 133.3 *Regulations of August 13, 1942, relating to safe deposit boxes.* (a) (1) On or before October 1, 1942, every safe deposit box in the Territory of Hawaii shall be opened by the lessee of such box (or by such other person as may have access thereto) in the presence of such person as may be officially designated or, at the option of the lessee, in the presence of an authorized representative of the lessor of such box, and such designated person or authorized representative shall satisfy himself that such safe deposit box contains no securities held in violation of the Regulations Relating to Securities, as amended, and no United States currency held in violation of the Regulations Relating to Currency, as amended. Any such securities or currency found to be in any safe deposit box in violation of the Regulations Relating to Securities, as amended, or the Regulations Relating to Currency, as amended, shall be promptly disposed of in accordance with the terms of such regulations.

(2) On or before October 15, 1942, every lessor of safe deposit boxes within the Territory of Hawaii shall file a report on Form TFR–H27 with the Office of the Governor of Hawaii, setting forth the names and addresses of the lessees of all safe deposit boxes which have not been opened in accordance with these regulations; the names and addresses of any persons other than the lessees known to have access to such boxes; and the reasons, if known, why such boxes were not opened as required by these regulations. Appropriate action may thereafter be taken to enforce compliance with these regulations.

(3) After the opening of any safe deposit box in accordance with the terms of paragraph (a) (1) hereof, or, in any event, after October 1, 1942, lessors of safe deposit boxes in the Territory of Hawaii shall satisfy themselves, whenever access is had to such boxes, that no securities or United States currency is deposited therein in violation of the Regulations Relating to Securities, as amended, or the Regulations Relating to Currency, as amended.

(b) (1) Exception to any of the provisions of these regulations may be made by means of licenses, rulings, or otherwise, when it is considered that such exception is in accord with the purpose of these regulations or is otherwise necessary or desirable. Application for any such license may be filed with the Office of the Governor of Hawaii on Form TFR–H28, and the general procedure to be followed in handling applications for licenses will be that employed in the administration of Executive Order No. 8389, as amended. Unless the contrary is expressly provided, no license shall be deemed to authorize any transaction prohibited by reason of the provisions of any law, proclamation, order, or regulation other than these regulations. The decision with respect to the granting, denial, or other disposition of any application for a license shall be final.

(2) Rulings, instructions, interpretations, or licenses may, from time to time, be made or issued to carry out the purposes of these regulations, and reports may be required in addition to those specifically called for herein with respect to any property or transactions affected hereby.

(3) These regulations shall not be deemed to authorize any transaction prohibited by or pursuant to Executive Order No. 8389, as amended, except such transactions are are necessarily incidental to the performance of acts specifically required by these regulations.

(4) These regulations and any rulings, licenses, instructions, or forms issued hereunder may be amended, modified, or revoked at any time.

(c) Attention is directed to the penalties prescribed in General Orders No. 118, Office of the Military Governor, 25 June 1942; Regulations Relating to Currency issued June 25, 1942, as amended; General Orders No. 123, Office of the Military Governor, 3 July 1942; Regulations Relating to Securities, issued July 3, 1942, as amended; and to those contained in section 5 (b) of the Trading with the enemy Act, as amended.

J. B. POINDEXTER, *Governor of Hawaii.*

[F. R. Doc. 42–8264; Filed, August 24, 1942; 2:53 p. m.]

[1] The $1.95 price is 10¢ per ton less than the "E" classification price which would otherwise cover the sale of the coal.

[2] Operation of this mine was discontinued in 1935 when the Wabash Railroad, only customer of intervener for this coal, became dissatisfied and canceled its order. Analyses of the coal, made at that time, showed it to be relatively high in ash and sulphur content and to have a relatively low fusion temperature of ash. It contained a considerable amount of calcium and bone and its appearance was such that its marketability was confined to railroad fuel.

[3] 2" nut and slack coal comparable in quality with the No. 15 Mine bears a present minimum price of $1.65 per net ton f.o.b. mine.

[4] Under the previous operations the coal was hand cleaned at the face and picked and again manually cleaned on the tipple.

[5] It was established that the Cincinnati Gas and Electric Company has been a customer of intervener for more than 20 years, and that the 50,000 tons, if purchased by them, would constitute less than 5% of their annual coal purchases, and less than 10% of the amount of coal that company purchases each year from the intervener. Further, that amount of coal constitutes only approximately 10% of the increase in the past 2 years in the Cincinnati Company's consumption of coal, which from all indications, will be further augmented.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S–80]

SCULLY STEEL PRODUCTS CO.

Scully Steel Products Company, a corporation, of Chicago, Illinois, is engaged in the business of maintaining and operating warehouses in different locations throughout the United States, including warehouses in the City of Chicago, Illinois, and the City of St. Paul, Minnesota. The Company violated Supplementary Order M–21–b by making deliveries of 3,565 pounds of stainless steel in greater than 50 pound lots in fulfillment of unrated orders during the period September 11 to December 19, 1941, inclusive, and by making deliveries of 38,202 pounds of carbon plate and alloy steel during the period February 1 through April 15, 1942 in fulfillment of unrated orders which were not for necessary repairs and maintenance purposes. The Company also violated Supplementary Order M–21–d by making deliveries of 1,056 pounds of stainless steel during the period from January 7 to February 18, 1942, inclusive, in fulfillment of orders rated lower than A–10, and in delivering through Carnegie-Illinois Steel Corporation, an affiliated Company, between January 8 and January 13, 1942, 10,502 pounds of stainless steel to Just Manufacturing Company of Chicago, Illinois on an unrated order.

These violations of Supplementary Orders M–21–b and M–21–d, dealing with steel warehouses and corrosion- and heat-resistant chrome steel respectively, have impeded and hampered the war effort of the United States by diverting stainless steel, carbon plate and alloy steel to uses unauthorized by the War Production Board. In view of the foregoing facts, *it is hereby ordered:*

§ 1010.80 *Suspension Order S–80.* (a) Scully Steel Products Company, its successors and assigns, shall not accept delivery of any stainless steel into its warehouses at Chicago, Illinois and St. Paul, Minnesota, except as specifically authorized by the Director General for Operations.

(b) Nothing contained in this order shall be deemed to relieve Scully Steel Products Company from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or of the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on August 27, 1942, and shall expire on October 27, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August, 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8259; Filed, August 24, 1942; 2:11 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–85]

MANNING MANUFACTURING CO.

Manning Manufacturing Company owns and operates five service stations in or near Rutland, Vermont, and is its own supplier of gasoline. One of the Company's service stations located on South Main Street, Rutland, Vermont, was established subsequent to April 1, 1942.

In computing its monthly quota under Limitation Order L–70,[1] the Company, because of an honest misinterpretation, treated the five stations as a unit instead of computing a separate quota for each station as provided in the order. However, in computing the combined monthly quota for all stations, the company arbitrarily and unjustifiably treated the fact that it had five service stations instead of four as permitting a 25% addition to what it considered its allowable supply of gasoline.

The company made certain other unjustifiable errors in calculating its monthly quota, all of which resulted in its making and accepting over-deliveries of motor fuel at three of its five stations during April, 1942, and at two of its five stations during May, 1942, as well as substantial over-deliveries to the five stations as a unit. The making and acceptance of these over-deliveries constituted a wilful violation of Limitation Order L–70 which has hampered and impeded the war effort of the United States. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.85 *Suspension Order S–85.* (a) Manning Manufacturing Company, its successors and assigns, shall not accept delivery of, deliver or sell any motor fuel at the service station owned and operated by it located on South Main Street, Rutland, Vermont.

(b) This order shall take effect August 27th, 1942, and shall expire November 15, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8260; Filed, August 24, 1942; 2:11 p. m.]

[1] 7 F.R. 2103, 2722, 3549, 3550, 4171, 5552, 6419.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–86]

BLUE HILLS AVENUE SERVICE STATIONS, INC.

Blue Hills Avenue Service Stations, Inc. of Hartford, Connecticut, operates a filling station in Hartford. The company's regular supplier advised it as to its proper quotas of gasoline for the months of May and June 1942, under Limitation Order L–70,[1] and delivered the amount of such quotas to the company. Although the company had been advised as to its proper quota by its regular supplier and had accepted delivery thereof, the company, nevertheless, accepted further deliveries of gasoline from another supplier. By accepting these deliveries, the company obtained more than 1,000 gallons of gasoline in excess of its quota for May 1942, and more than 3,000 gallons of gasoline in excess of its quota for June 1942. This constituted a wilful violation of Limitation Order L–70 which has hampered and impeded the war effort of the United States. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.86 *Suspension Order S–86.* (a) Blue Hills Avenue Service Stations, Inc., its successors and assigns, shall not accept delivery from any source of any motor fuel as the same is defined in Limitation Order L–70.

(b) No person shall deliver any motor fuel as the same is defined in Limitation Order L–70 to Blue Hills Avenue Service Stations, Inc., its successors and assigns.

(c) This order shall take effect August 26, 1942, and shall expire on December 26, 1942, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[F. R. Doc. 42–8261; Filed, August 24, 1942; 2:11 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–87]

HERBERT C. HUBER

Herbert C. Huber of Dayton, Ohio, is engaged in the real estate and contracting business in the city of Dayton, Ohio and vicinity. His activities include the development of residential districts and the contracting and sale of houses which he erects through subcontractors.

Subsequent to April 9, 1942, Herbert C. Huber began construction (as defined in Conservation Order L–41)[1] of three houses upon lots 3612, 3613 and 3614 located in the residential district known as "Far Hills Forest Plat" which he was developing in the city of Dayton. The estimated cost of construction of each of these houses was far in excess of $500. Construction of these three houses, known and described by Herbert C. Huber respectively as jobs 15, 16 and 24, was begun without regard for the prohibitions imposed upon the beginning of new construction by Conservation Order L–41.[1]

These violations of Conservation Order L–41 have impeded and hampered the war effort of the United States by diverting scarce material to uses prohibited by the War Production Board. In view of the foregoing, *It is hereby ordered that:*

§ 1010.87 *Suspension Order S–87.* (a) For a period of four months from the effective date of this order deliveries of material to Herbert C. Huber, his successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries by means of Preference Rating Orders, General Preference Orders, or any other orders or regulations of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) For a period of four months from the effective date of this order, no allocation shall be made to Herbert C. Huber, his successors and assigns, of any material the supply or distribution of which is governed by any order of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) For a period of four months from the effective date of this order, no defense housing project or other construction with which Herbert C. Huber is directly or indirectly connected or upon which he is employed shall be accorded priorities assistance.

(d) Neither Herbert C. Huber nor any other person shall order, purchase, accept delivery of, withdraw from inventory, or in any other manner secure or use material or construction plant in order to continue construction of the houses located on Lots 3612, 3613 and 3614, Far Hills Forest Plat, known as Jobs 15, 16 and 24. No application for authorization to continue construction on the aforesaid properties filed by Herbert C. Huber or any other person shall be granted by the War Production Board.

(e) Nothing contained in this order shall be deemed to relieve Herbert C. Huber from any restriction, prohibition or provision contained in any other order or regulation of the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(f) This order shall take effect on August 26, 1942, and shall continue in effect until revoked. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 24th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

[Supplementary Order M–15–b, as amended August 25, 1942]

Supplementary Order No. M–15–b (including all prior amendments thereto) is hereby revised to read as follows:

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of rubber and balata for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 940.3 *General Limitation Order M–15–b*—(a) *Definitions.* For the purposes of this order:

(1) "Crude rubber" means all forms and types of crude rubber (including crepe rubber for soles or any other purpose) but does not mean or include balata, gutta-percha, gutta siak, gutta jelutong, pontianac, reclaimed rubber, scrap rubber or latex.

(2) "Latex" means the rubber solids contained in liquid latex in crude form, and in compounded liquid latex (but not the rubber solids in shoe adhesives and container sealing compounds).

(3) "Scrap rubber product" means any finished rubber product or part thereof, made in whole or in part from crude rubber, latex, synthetic rubber, scrap rubber or reclaimed rubber, which through wear, deterioration or obsolescence has served its primary purpose in its present state, but does not mean or include a repairable tire, treadable tire or any other manufactured product which is still usable for the primary purpose for which it was designed.
